☞ The serial "No Mercy," by the author of Guy Livingstone, now publishing in the spicy New York Weekly Magazine, is meeting with great favor. For sale by all newsdealers at 10 cents a number, or furnished at $4 per year.

— It is quite possible to have a brown study in a green room.

— Herrick Allen's Gold Medal Saleratus is clarified and concentrated in such a manner as to render its use much more economical than any other. For culinary purposes it cannot be equalled in the world. A lady who has tested its merits, refuses to try any other. It is much better than soda, and is perfectly healthy. Try it. Grocers and Druggists sell it. Depot 112 Liberty St., N. Y. 69

☞ A London item of March 21 says: The ex-rebel cruiser Shenandoah was sold here at auction to-day for £15,750.

A Paris telegram of the 20th reports on good authority that Head Centre Stephens had just arrived in Paris, having been in Scotland.

☞ Senator Wright of New Jersey, who has been sick, and is not yet very well, has gone to Washington, to vote against the Civil Rights Bill, and thus sustain the President's policy.

Business Notices.

MRS. HALL Restorers stain the skin; but PERTACHINE is every way cleanly—Verdict from all.

A VERY LARGE STOCK OF BOOTS, Shoes, and fashionable styles of Slippers, can at all times be had at T. E. MOSELEY & CO., Summer street, Boston. 3t

JUST THE WEATHER FOR YOUNG DUCKS, but very bad for consumptives and people predisposed to pulmonary weaknesses. To all such the spring season is very trying, and great care should be taken to keep the body dry and warm, and all irritation of the throat and bronchial tubes allayed at once. The soothing properties of Coe's Cough Balsam render it the consumptive's best friend, while all recent cases very readily yield to its curative power. It is pleasant, safe, sure and cheap. m2-eodawlw

Holloway's Pills and Ointment.—Facts for the Million—By a recent enactment of the French government, these medicines are admitted free of duty into all ports of France. They are extensively employed in all the public and military hospitals throughout the Empire. The Emperor has signified his appreciation of their virtues in an autograph letter to Dr. Holloway. During the late campaign in Italy, large quantities were used for the wounded at Brescia and Montechiaro. Sold by all Druggists.

MARRIAGES.

TICKETS 35 CENTS—to be had at the usual places, and at the Door.

Concert to commence at 7½ o'clock. No postponement on account of weather. mh31

Cleanse the Blood.

With corrupt, disordered or vitiated Blood, you are sick all over. It may burst out in Pimples, or Sores, or in some active disease, or it may merely keep you listless depressed and good for nothing. But you cannot have good health while your blood is impure. AYER'S SARSAPARILLA purges out these impurities and stimulates the organs of life into vigorous action, restoring the health and expelling disease. Because it rapidly cures a variety of complaints which are caused by impurity of the blood, such as Scrofula, or King's Evil, Tumors, Ulcers, Sores, Eruptions, Pimples, Blotches, Boils, St. Anthony's Fire, Rose or Erysipelas, Tetter or Salt Rheum, Scald Head, Ring Worm, Cancer or Cancerous Tumors, Sore Eyes, Female Diseases, such as Retention, Irregularity, Suppression, Whites, Sterility, also Syphilis or Venereal Disease, Liver Complaints, and Heart Diseases—AYER'S SARSAPARILLA, and see for yourself the surprising activity with which it cleanses the blood and cures these disorders.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but no active properties whatever, and the fierce, bitter disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself has become synonymous with imposition and cheat. Still we call this compound "Sarsaparilla," and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it.—We think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. We can only assure the sick, that we offer them the best alterative which we know how to produce, and we have reason to believe it is by far the most effectual purifier of the blood yet discovered by any body.

AYER'S CHERRY PECTORAL is so universally known to surpass every other remedy for the cure of Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the relief of Consumptive Patients in advanced stages of the disease, that it is useless here to recount the evidence of its virtues. The world knows them.

Prepared by DR. J. C. AYER & CO., Lowell, Mass., and sold by all Druggists and Dealers in Medicine everywhere. mh9—2awaw2m

Complimentary.

The following complimentary acknowledgement from the Secretary of the Treasury was received by J. LOEWENTHAL:

TREASURY DEPARTMENT,
Washington, D. C., Nov. 28, 1865.

Sir:—This Department desires to express its acknowledgements to you for your agency in the prevention of a great fraud upon the Treasury. But for your prompt exposure to the Second Comptroller of the proposals made you by RABE and his associates, a vast sum might have been lost to the Government, or to individuals having claims on the Government; and the obligations due in the case to your intelligence and integrity are recognized and appreciated.

I am, very respectfully,
Your obedient servant,
H. McCULLOCH,
Secretary of the Treasury.

The subscriber gives notice that he is the duly **Authorized Agent** for Messrs. LOEWENTHAL & CO. and my business remains the procuring of **Bounties** or **Pensions** left with me, will be forwarded to them at Washington, to be laid before the proper Department.

BENJ. M. PARKER,
U. S. Claim Agent.
Office at Mechanics' Reading Room.

Portsmouth, March 26, 1866.

Soldiers!

Congress is about to pass a law granting you ADDITIONAL BOUNTY! Those of you, therefore, who have not received Bounty, and those who have received but $100 or less, will find it to their advantage to bring their papers, that they may be immediately sent to LOEWENTHAL & CO., to be prepared for presentation before the proper officers at Washington.

Three Months', Six Months', Nine Months' Men, and all others, come, and your cases will be attended to by

BENJ. M. PARKER,
U. S. CLAIM AGENT,
Office at Mechanics' Reading Room.

Special Notices.

IMPORTANCE OF HAVING DAVIS' PAIN KILLER ALWAYS ON HAND.

Wonderful Cure of the Rev. D. L. Brayton, Missionary in India, who was stung by a Scorpion.

Extract from his letter, published in the Baptist Missionary Magazine:

"For the first time since I have been in India, I have been stung by a scorpion. I went out this morning to my exercises, as usual, at early dawn, and having occasion to use an old box, on taking off the cover I put my hand on a scorpion, which immediately revenged the insult by thrusting its sting into the palm of my hand. The instantaneous and severe pain which darted through the system is quite incredible; what an awfully virulent poison their sting must contain! I FLEW TO MY BOTTLE OF DAVIS' PAIN KILLER, and found it to be true to its name; after a moment's relief, I saturated a small piece of sponge, bound it on my hand and went about my exercises, feeling no more particular inconvenience.

Perry's Moth and Freckle Lotion.

☞ Chloasma, or Mothpatch, (also called Liver-spot,) and Freckles, or Ephelides, are often very annoying, particularly to ladies of light complexion, for the discolored spots show more plainly on the face of a blonde than on a brunette; but they greatly mar the beauty of either and any preparation that will effectually remove them, *without injuring the texture or color of the skin,* is certainly a desideratum. DR. B. C. PERRY, who has made diseases of the skin a specialty, has discovered a remedy for these discolorations, which is at once prompt, infallible and safe.

Prepared by B. C. PERRY, Dermatologist, No. 49 Bond street, New York, and for sale by all druggists; price $1 per bottle. 4t1jan

PERRY'S MOTH & FRECKLE LOTION.

MAGGIEL'S

Spring and Summer Remedies.

"Great oaks from little acorns grow." The worst diseases known to the human race, spring from causes so small as to almost defy detection. The volumes of scientific lore that fill the tables and shelves of the medical fraternity only go to prove and elaborate these facts. Then guard yourselves while you may. The smallest pimple on the skin is a tell tale and indicator of disease. It may fade and die away from the surface of the body, but it will reach the vitals, perhaps, at last, and death be the result and final close. MAGGIEL'S BILIOUS, DYSPEPTIC and DIARRHŒA PILLS cure where all others fail. While for Burns, Scalds, Chilblains, Cuts, and all abrasions of the skin, MAGGIEL'S SALVE is infallible. Sold by M. MAGGIEL, 68 Fulton street, New York, FRAZTON and THACHER in this city, and all Druggists, at 25 cents per box. decsodawly

Local.

REAL ESTATE IN PORTSMOUTH—*Conveyances for March.*—Sam'l Rand to Wm. Holmes for $200. 5 acres land, called the old orchard.

Geo. W. Duran to Syrena Gould for $1. Land and buildings bounded south by Islington St.

City of Portsmouth to Chas. Main for $25. 3-4 acre of land bounded east by Lafayette Road.

George Mathes to Jeremiah M. Mathes for $200. Land and buildings on Pleasant street.

Ann H. Cushing to Justin Dimick for $4100. Land and buildings bounded west by Market St.

Elias Perkins to John C. Marden for $100. One acre land in Cedar Swamp.

Henry Libbey to Albion P. Stevens for $6400. Land and buildings bounded north by Islington St.

Sam'l E Coues to Albert R. Hatch et. als. for $10,000. Land bounded south by Congress St.

Sam'l Rand to Elias Perkins for $400. 18 acres meadow and woodland, bounded northeasterly by Langdon meadows.

POLICE COURT, April 2.—John Lewis, a boy of about fourteen years of age, was brought up on complaint of one Jervis, a painter, who asserted that the boy had committed an assault upon him, in Cunningham's saloon, on Water street. The Judge ended the farce by discharging the boy,—but we think the other party should be obliged to pay something for preferring so ridiculous a charge.

SUDDEN DEATH.—A young woman, 18 years of age, died very suddenly, Monday morning, in an epileptic fit, at the house of Mrs. Perkins on Fleet street. She had been at work there about a week, and gave her name as Agnes King, from Portland; said her father was an Englishman and owned three tenements there. The Marshal telegraphed to Portland, but could get no tidings of any such person as she represented, and her remains were properly taken in charge by the city authorities.

SINGULAR CONDUCT.—A very respectably dressed young white man from Boston, was on Monday arrested by Marshal Kent and Officer Johnson on suspicion. He arrived here in the Concord train, and soon after blacked his face and appeared in the streets. His conduct is yet unexplained—but the Marshall thinks he has "Lady on the brain."

JUVENILE SINGING SCHOOL.—It will be seen by his advertisement that Mr. Joy commences a new term of his singing school next week. His past success warrants him in expecting a full attendance. He has taught seven successive terms, averaging 100 scholars each term, which is conclusive evidence that his efforts are appreciated. As this is the only juvenile class in Portsmouth, we take pleasure in commending it to the notice of parents.

☞ See Auctioneer Morse's advertisement of Sheriff's Sale of Furniture, &c., this morning, in Water street.

NAVAL.—Commander Alexander Murray has been ordered to the Augusta.

GOLD, Monday, 128 1-4.—Mostly sold to pay duties to U. S. Custom House.

NEW HAMPSHIRE ITEMS.

—— Shoe business in Farmington is said to be "pretty good for the times."

—— Rev. C. E. Haskell, who has resigned the pastorate of the Freewill Baptist Church in this city, has received $51 from other pastors here, as a token of their esteem.

☞ From Washington it appears that the Senate Finance Committee have agreed to report the Loan Bill as it passed the House, without amendment.

A member of the late rebel Congress from Florida has just left, having ineffectually sought a pardon from the President.

Notice.

All persons are hereby forbidden trusting any one on my account, as I shall pay no debts contracted without my written order after this date.

HOWARD M. MESSER.

Portsmouth April 2.

GRASS SEEDS! FARMING TOOLS!

Poudrette!

URIAH BLAISDELL

Informs his Customers, and the Farming Community generally, that he is ready to serve them with a large stock of

Herdsgrass, Redtop and Clover Seeds,

of the very best quality, just received from the North, and that he intends no one shall undersell him in this line.

PLOWS, CULTIVATORS, &c.

He has also received his Spring supply of Agricultural Tools, embracing a large assortment of the "DOE," "HUSSEY" and other PLOWS, together with CULTIVATORS and FARM and GARDEN TOOLS generally. ☞ **Repair Pieces** direct from the Manufacturers, for the Doe and Hussey and all the best Plows in use, *and warranted to fit the Genuine Plows.*

POUDRETTE.

400 barrels of this SUPERIOR FERTILIZER, just received per schooner Duroo from one of the best manufacturies in the country, are in store ready for delivery.

All the above articles, together with a full stock of

STOVES,

(including the new "KEARSARGE," which, like its namesake upon the water, is not to be beaten,)

Tin Ware and House Furnishing Goods generally,

are offered at the LOWEST PRICES.

Thanking his friends and the public for the very liberal patronage received during the seventeen years he has done business in Portsmouth, a continuance of their favors is respectfully solicited, with the assurance that in the future as in the past he will endeavor to serve them faithfully and satisfactorily. Please give him a call, at the Old Stand, m24-1mdaw

ABSTRACT OF THE

21st ANNUAL STATEMENT

—OF THE—

Mutual Benefit Life Insurance Co.,

January 1st, 1866.

Balance per statement Jan. 1, 1865..$6,774,867.00

Am't premiums rec'd in 1865	$3,079,087.21
" interest rec'd and accrued	679,278.30
Total income in 1865	3,708,365.51
Total disbursements, including claims by death and dividends to policy-holders	1,432,503.51
Net increase in 1865	2,274,672.00
Total Assets Jan. 1, 1866	9,049,539.00
Whole amt. of claims by death, paid to Jan. 1, 1866	$4,256,579.89
Whole am't. of dividends paid to Jan. 1, 1866	$2,744,216.21
Total No. Policies Jan. 1, 1866	21,921
Am't Insured during the year 1865	$21,627,484.00

The Directors have, from the *Surplus on hand,* dec ared a Dividend of **50 per cent.,** and have also ordered the payment of the Eighteenth Dividend (50 per cent.) to the Members, when their annual premiums become due, during the year 1866.

EDW. A. STRONG, Secy. LEWIS C. GROVER, Pres.

WARREN SPARROW,
State Agent for Maine and New Hampshire.

HENRY A. YEATON,

feb18 Agent for Portsmouth and Vicinity.

WHICH IS THE

Leading Life Insurance Comp'y

IN THE UNITED STATES?

Which is the Safest and the Cheapest?

The following figures are from the later Reports of the New York Insurance Commissioner, showing the "amount of business" of the

MUTUAL BENEFIT

LIFE INSURANCE COMPANY,

to be the *largest,* the "expenses of management" the *smallest,* the "ratio of losses to premiums," or the *security* furnished to its members, the *largest* of any like institution in the country.

Premiums received in 1864	$2,089,072
" " " 1865	3,029,087
Ratio of expenses to premiums rec'd in '64	15.36
" " " " " " '65	12.16
Ratio of assets to liabilities, Jan. 1, 1865	151.85

The inevitable conclusion from these official facts, is that the

MUTUAL BENEFIT LIFE Insurance Company

IS THE BEST AND THE CHEAPEST.

Because its NET ASSETS are proportionably LARGER than those of any other Life Insurance Company in the United States.

Because its "Managing Expenses" are LESS, and it has a LARGER SURPLUS to divide among its members than any Company in the United States.

QUERY. Will some one inform the public of that mysterious process by which a Company with a surplus proportionably *much less,* and expenses *very much* larger than another, can yet divide more to its members, and insure them at *less cost?* How is it done? Where does the money come from?

Every intelligent man will see at once that it *cannot be done.* Yet we have Agents among us that make this their boast.

Any one disposed on intending to insure can be furnished with the requisite information by applying to

HENRY A. YEATON, Agent.

Portsmouth, March 27, 1866.—3mdaw

Important.

DR. STEVENS, No 5 Daniel Street, would give notice that he has REDUCED the price of Permanent Sets of ARTIFICIAL TEETH on the Vulcanite Base, to that charged for them before the war.

He would also give notice that he is doing a new style of work for Under Sets of Teeth, called the COMBINATION BASE (Gold and Vulcanite) which produces by far the finest work offered to the public. The price is something in advance of that charged for the Vulcanite alone, but the strength, durability, ease of bearing, and beauty of finish obtained by it, more than double the value of the Teeth. mch14

GEORGE F. WEED,

S-u-r-g-e-o-n D-e-n-t-i-s-t,

FIRST ASSISTANT in the Office of DR. STEVENS, No. 5 DANIEL STREET.

DR. WEED can be found at his place of business at all hours of the day and night, for the performance of any of the operations that come within the call of his profession.

Dr. A. P. STEVENS, No. 5 Daniel St., makes the saving of ULCERATED and painful front teeth, a speciality in his business. He also successfully restores to their natural shape broken or badly decayed teeth, by building out corners and sides with PORCELAIN. (In many cases teeth so restored are as strong as any of their brother members, and in all cases are rendered eminently useful for a long series of years.) DISEASED TEETH, in all stages, treated, and in a very large majority of cases entire success attained.

Charges for such operations necessarily high, but nothing in comparison to the value of the Teeth. mch14

FLOWER AND VEGETABLE SEEDS.

Vick's Illustrated

Catalogue of Seeds and Floral Guide

FOR THE SPRING OF 1866,

is now published. It contains full descriptions of the choicest floral treasures of the world, and the best vegetables, with plain directions for culture. Illustrated with A COLORED BOUQUETS AND FIFTY WOOD ENGRAVINGS of the newest and best flowers, and containing about 70 pages.

☞ Sent to all who apply enclosing Ten Cents, which is not half the cost.

☞ *Flowers* from seeds sold by me, obtained the first prizes at the principal State Fairs and hundreds of County Fairs, the past summer.

Assessors' Notice.

The inhabitants of the City of Portsmouth are hereby required to exhibit to the Assessors of said city a just and true account of their Polls and Estates, rateable by law, on or before the fourth day of April next. And all persons who do not comply with the above requirements in handing in an inventory of their rateable estate, and making oath to the same, may not expect any abatement.

The Assessors, or any Justice of the Peace, or the City Clerk, are proper persons to administer the oath; and each individual making his inventory, shall have an endorsement on the same, certifying that it has been duly sworn, and the same to be handed to one of the Assessors, or left with their Secretary at the City Clerk's office, on or before the said fourth day of April next.

GAS.

AN INDIGNANT REMONSTRANCE FROM AN OVER-CHARGED VICTIM.

Oh, makers of gas, reflect,
What rates you on us levy;
It surely cannot be correct,
Our "light" should come so "heavy."

Blame not my verses if they halt,
Or rhyme not quite correctly;
You ought to know how oft a fault
Will happen to the "metre."

By law just ten per cent. your gains,
You find it better answers
At twice that sum to fill your *mains*;
You look to the main chance, sirs.

By artful tricks you dodge the Act
Which *should* be our reliever;
Your gas tricks engage me, in fact
I'm in a *gas-trick* lever.

Give us cheap gas! you'll find it pays
As well (I'm certain quite of it);
Gas is no trifle now-a-days,
Although we all make light of it.

ELOPEMENT FROM A CONVENT.—Quite a sensation occurred at Derby Line last week Tuesday. A couple of juvenile French Canadians came over the border to commit matrimony. An enterprising bailiff followed after them hard, and overtook them near Newport, turned them back to Derby Line, where young Thibaldeau was advised that he was not obliged to obey the behests of a Canadian officer. A minister was thereupon called in and the young fugitives were speedily married. About 12 o'clock, after the "happy pair" had "retired," their sleep was rudely disturbed by the arrival of three of the lady's brothers, who caused them to arise. Upon learning the fact of the marriage, however, they advised their new brother-in-law to return home with them and be legally married by the rites of their church. It seems that the young lady had been clandestinely smuggled out of the convent at Three Rivers before taking the veil. This attempt of a Canadian bailiff to exercise authority in Vermont, and the violation of the laws of Vermont by the minister, in marrying minors without the consent of their parents, are commented on by the Stanstead Journal.

A POPULAR DELUSION.—It is an error to suppose that a man belongs to himself. No man does. He belongs to his wife, or his children, or his relations, or his creditors, or to society in some form or other. It is for their especial good and behalf that he lives and works; and they kindly allow him to retain a percentage of his gains to administer to his own pleasures or wants. He has his body, and that is all; and even for that he is answerable to society. In short, society is the master, and man the servant; and it is entirely as society proves a good or a bad master, whether the man turns out a good or bad servant.

—Theodore Hook once said to a man at whose table a publisher got very drunk: "Why, you appear to have emptied your wine cellar into your bookseller."

Important to the Deaf.
DR. DOW continues to be consulted at his office, No. 7 and 8 Bulfinch Street, Boston, TON, on all diseases of a PRIVATE OR DELICATE NATURE. By a long course of study and practical experience of twenty-five years, Dr. D. has now the gratification of presenting the unfortunate with remedies that have never, since he first introduced them, failed to cure the most alarming cases of GONORRHŒA AND SYPHILIS.

SEMINAL WEAKNESS.—Dr. Dow devotes a great part of his time to the treatment of those cases caused by a secret and solitary habit, which ruins the body and mind, and unfitting the unfortunate individual for business or society. Persons who wish to remain under Dr. Dow's treatment a few days or weeks, will be furnished with pleasant rooms, and charges for board, medicine and Medicines sent to all parts of the country, with full directions for use, on receiving descriptions of your cases. Dr. Dow has also for sale the French Capottes, warranted the best preventive. Order by mail. Three or $1 and a red stamp.

Highly Important to Females

IN DEBIL ITY, OR HEALTH.

Dr. DOW, Physician and Surgeon, No. 7 Endicott Street, Boston, is consulted daily for all diseases incident to the female system. Dr. Dow has no doubt had greater experience in the cure of diseases of women than any other physician in Boston. Boarding and accommodations for patients who may wish to stay in Boston a few days under his treatment. Dr. Dow, since 1845, having confined his whole attention to an office practice for the cure of Private Diseases and Female Complaints, acknowledges no superior in the United States.

N. B.—All letters must contain one dollar, or they will not be answered. Office hours from 8 A. M. to 9 P. M.

CERTAIN CURE.
In all cases, or No Charges Made.
Among the physicians in Boston, none stands higher in the profession than the celebrated DR. DOW, No. 7 Endicott street. Those who need the service of an experienced physician and surgeon should give him a call.

P. S.—Dr. Dow imports and has for sale a new article, called the FRENCH SECRET. Order by mail. Two for $1 and a red stamp.
Boston, April 7, 1865. eod&wl

SUFFERERS
From Dyspepsia
READ! REFLECT!! ACT!!!
TARRANT & CO

Gentlemen, I am a resident of Curacoa, and have often been disposed to write to you concerning the real value of your SELTZER APERIENT as a remedy for indigestion and dyspepsia. I desire to express to you my sincere gratitude for the great benefit the SELTZER has done my wife.

I for first or five years my wife has been sadly afflicted with Dyspepsia, and after being under the tre tment of several Doctors for two or three years, she was finally induced to try the advice of a learned Physician, Doctor Cabiala, of Venezuela, who immediately treated her with your EFFERVESCENT SELTZER APERIENT. She began to improve at once and is now PERFECTLY WELL.

I feel it to be my duty for the good of humanity to make this statement, feeling that a medicine so valuable should be widely known.

Trusting that you will give this publication, and repeating my earnest gratitude and thanks,

I am very respectfully yours,
S. D. C. HENRIQUER,
Merchant, Curacoa, S. A.

New York, June 28th, 1865.

WE ASK
The suffering millions in our land to give this remedy a fair trial, convinced that by its timely use many may be relieved, many cured of

Dyspepsia, Heartburn, Sour Stomach, Sick Headache, Dizziness, Indigestion, Piles, Costiveness, Bilious Attacks, Liver Complaints, Rheumatic Affections, &c.

Read the Pamphlet of Testimonials with each bottle, and do not use the medicine against the advice of your Physician.

MANUFACTURED ONLY BY
TARRANT & CO.,

DUTCHESS NURSERIES
POUGHKEEPSIE, NEW YORK,
FERRIS & CAYWOOD, Proprietors.

We call the attention of our customers and the public to our stock of GRAPE VINES, which is larger than ever before. Having had over twenty years experience in the business of Vineyards and the propagation of Vines, and our present stock having been grown on the same ground, we feel confident that our stock will be found to be as good as any others that are offered for sale.

Our stock of MONTGOMERY VINES is very large. This variety not being generally known, we will give a few descriptions: white, green, red and blue. The White Chasselas, an unparalleled grower and bearer, clusters often weighing two pounds, with a mild subacid flavor. It is closely with the hardy grapes, but we protect it in winter as we do all other varieties in this part of the State.

Our stock of the various kinds of EVERGREEN and DECIDUOUS TREES is very large, and is offered at moderate prices; and at very low rates for the same, we will be ready to set out and improving their places, cemeteries, or public grounds, and to nurserymen. We challenge competition.

Grape Vines.

"DELAWARE"—Grown in open border. No. 1, one year old, 30 cents each, $25 per 100; No. 2, ditto, 25 cents each, $20 per 100; No. 3, ditto, 20 cents each, $15 per 100. These are the finest vines in pots 25c each, $15 and $20 per 100.

"MONTGOMERY"—No. 1, one year old in border, very strong plants, many equal to two years' growth, $35 per 100; No. 2, one year old, good plants, 75c each, $65 per 100.

"REBECCA"—No. 1, one year old in pots, 30c each, $25 per hundred; No. 2, ditto, 25c each, $20 per hundred.

"ALLEN'S HYBRID"—3 years old, $1 50 each; 1 year old, 50c to 75c each, $10 per hundred.

"CUYAHOGA"—No. 1, two years, 75c each, $20 per hundred; No. 2, ditto, 50c each, $15 per hundred.

"CREVELLING"—No. 1, in open borders, 50c each, $40 per hundred; No. 2, ditto, 40c each, $30 per hundred; No. 3, ditto, 30c each, $20 per hundred.

"ROGERS' HYBRID"—Nos. 3, 9, 15, 33—(Ce and 75c each; two years old, $1 to $1 50 each.

"UNION VILLAGE"—No. 1, in open border, 50c each, $35 per hundred; No. 2, in pots (strong) 40c each, $30 per hundred.

"IONA and ADIRONDAC"—One year old, from pots, No. 1, $1 to $1 50 each; No. 2, 75c to 90c each; No. 3, 50c each. me029

Lodi Manufacturing Company's
POUDRETTE.
AGENT FOR NEW HAMPSHIRE,
J. F. SHORES, Jr.,
No. 38 Market Street (Up Stairs.)

The advantages of Poudrette as a manure may be stated as follows:

First, its ECONOMY. The cost of the manure compared with its effects is less than that of *any other fertilizer* in market. It can be bought and applied for the same money which it would cost only to apply farm-yard manure. It is portable, containing great strength in a small compass, and needs *no extra care in its application*; the closer its contact with the seed the better and quicker it works. $8 50 per ton at our retail price (two barrels) will manure an acre of corn in the hill, and from one-quarter to one-third to the product, and will mature the crop from two to three weeks earlier. *No worms* will stay in the hill where the Poudrette is placed. *No seeds of weeds* will germinate, and crows are very shy of plucking it out of the hill. On Corn, Potatoes and Garden Vegetables it has no equal. While the leaf and growth of the tobacco plant is large, it has not the coarseness of fibre which is produced by Peruvian Guano, and it has taken the lead for the crop in Connecticut, and has begun to be appreciated in Maryland.

It is famous for producing larger and finer potatoes than anything else, and the stories told about Poudrette, their enormous growth, are almost beyond credence. Flowers and plants are much improved by an application of Poudrette.

Another great consideration is the season of the year when the corn is planted, it is a time when every spring crop must be put in, and the corn not only planted, but up and grown sufficiently for the last hoeing and planting to precede the commencement of grain and hay harvest.—The celerity and dispatch with which a large crop of corn can be put in and pushed, the rapid growth and consequently the early opportunity of working among it—the small chance for weeds, owing to the shortest interval, and the fact that the *Poudrette, unlike other manures, contains no seed that can germinate*, and consequently less trouble required to keep it—are all important advantages. The corn will ripen two weeks earlier, and the yield will be much heavier.

The same remarks apply to Sorghum and Broom corn.

For grass, where it is about to be laid down to lawn, or one year old, there is a top dressing of Poudrette will be found invaluable.

We have remark in this place, that Poudrette is not the same quack nostrum warranted to cure all kinds of diseases, and be used without direction, and a remarkable quantity will produce a reasonable effect.

Poudrette will answer not better than other manures on wet soils, indurated soils, or in seasons of drought. In other words, Poudrette is an invaluable substitute for farm yard manure, and can be used with great profit and advantage upon most spring crops, but it will neither work miracles, nor turn a dull pale pig into a fat one, nor cause rain to fall in time of drought.

Price per Barrel $2 25—delivered at any part of the city, or at any depot or wharf.

Important Notice:—When Poudrette is spoken of, we mean "LODI POUDRETTE," which has now stood the test of twenty-six years' trial; and when buying, *be sure and get that kind!*

A descriptive pamphlet may be had on application. mh19

ISRAEL MARDEN & CO.,
No. 30 Congress St., Portsmouth, N. H.,
—DEALERS IN—
S. Vance's Submerged Well PUMP.

This unsurpassable invention, now being first introduced, will, it is believed, supercede all other Well Pumps now in use.

ITS ADVANTAGES.

FIRST, SIMPLICITY.—This Pump is composed of but three parts, and is so simple in its construction that any one can put it together.

SECOND, DURABILITY.—Its peculiar construction and the fact that it is always submerged combine to make it the most durable of all Pumps yet invented.

THIRD, NEVER FREEZES.—The valves are so constructed that, when not in motion, they allow all the water above to pass down into the well, and thus prevent freezing.

FOURTH, POWER.—For the amount of power applied, this Pump excels anything known. It throws one third part more water than ordinary pumps, and works so easily that even a child can pump without fatigue. It is in this way the general labor-saving pump now offered to the public.

FIFTH, IT IS INVALUABLE.—For a well pump it is invaluable, as all the iron which is submerged consists of but three small pieces, and these galvanized. It can in no way corrode, consequently it brings up pure water at every stroke.

SIXTH, CHEAPNESS.—This Pump is so made that it costs but a trifle, and is warranted to keep in good repair. No repairs at all are needed. It is very light, and thus the cost of transportation is very small.

☞ Manufactured by S. VANCE & CO., No. 31 Liberty Street, Newburyport and for sale in Portsmouth by the Sole Agents for N. H.,

ISRAEL MARDEN & CO.,
No. 30 Congress Street.

☞ We are permitted to refer to Mr. MONROE HOLMES and to Mr. FRANK W. MILLER of the Daily Chronicle, who have these new Pumps in use on their premises,—for testimony to their excellence.

Portsmouth, Oct. 16th, 1865.

CHEROKEE PILLS,
Or Female Regulator,

Cure *Suppressed, Excessive and Painful Menstruation, Green Sickness, Nervous and Spinal Affections, Pains in the Back, Sick-Headache, Giddiness*, and all diseases that spring from irregularity, by removing the cause and all the effects that arise from it. They are perfectly safe in all cases, *except when forbidden by directions*, and are easy to administer, as they are nicely *sugar coated*. They should be in the hands of every Female, Wife, and Mother in the land.

Ladies can address us in perfect confidence, and state their complaints in full, as we treat all Female Complaints, and prepare Medicines suitable for all diseases to which females are subject. Thirty-two page pamphlet, in a sealed envelope, free.

The Cherokee Pills are sold by all druggists at $1 per box, or six boxes for $5; or they are sent by mail, free of postage, in an ordinary letter, free from observation, by addressing the sole proprietor,

Dr. W. R. McEWIN, 37 Walker St., N. Y.

N. B.—Cherokee Pills No. 2 are prepared for *special cases*, when nothing else will do; they are sent by mail, free of postage, on receipt of $5, the price of each box.

Dr. WRIGHT'S
REJUVENATING ELIXIR,
Or, Essence of Life,

Cures *General Debility, Weakness, Hysterics in Females, Palpitation of the Heart and all Nervous Disorders*. It restores new life and vigor to the aged, causing the hot blood of youth to course through the veins. It

"As the Phœnix rises from the ashes it is raising the Organs of Generative life"—as day time removing impotency and like a magic wand causing the Reproductive Organs to spring and full vigor, thus proving a *complete cure*. Perfect *"Elixir of Love,"* removing *Sterility* and disease in both sexes. To the young, middle-aged, and aged, there is no greater boon than this "Elixir of Life." It gives a new lease of life, coming as it does, delighted to have renewed strength and vigor, and the entire system to thrill with joy and pleasure.

Price, one bottle $2; three bottles $5; sent by express to any address.

Our medicines are sold and recommended by all respectable druggists in every part of the civilized globe; some unprincipled dealers, however, try to deceive their customers by selling cheap and worthless compounds to make money. Be not deceived—ask for these medicines and take no others. If the druggist does not keep them, write to us, and we will send them by express, carefully packed, free from observation. We will be pleased to receive letters with full statements in regard to any disease with which bodies or minds are afflicted. Address all letters for medicines, pamphlets, or advice, to the sole proprietor,

Dr. W. R. MEEWIN, 37 Walker St., N. Y.

THE EDUCATION OF GIRLS. — After much opposition, the Cambridge examinations for girls in England have become regularly established, apparently with the best results. The last report of the Syndicate of Cambridge University on the local examinations held throught the country during the past winter, shows that the girls have not only shown themselves superior in the points in which it was certain that they would do better than the boys, but that in mathematics also they have gained great credit. The general style of their papers was decidedly better than what the boys produced, and their answers were more to the point, with fewer attempts at fine writing than their male competitors indulge in. Ten girls out of twelve passed a creditable examination in Latin, being especially distinguished for accuracy and good taste in translation. A hundred and twenty-six girls were examined, and the examiners gave reports which seem to answer some of the chief objections against the examination for girls, stating that no undue excitement was noticeable, nor any signs of weariness toward the end of the week. On the contrary, all was very methodical and orderly, and the girls did their work in a most business like way, without flagging.

☞ There are, says Jeremy Taylor, some men who talk like angels, and pray with fervor, and meditate within deep recesses, and speak to God with loving affection and words of union, and adhere to him in silent devotion, and when they go abroad are passionate as ever, peevish as a frightened fly, vexing themselves with their reflections; they are cruel in their bargains, unmerciful to their tenants, and proud as a barbarian prince. They are, for all their fine words, impatient of reproof, scornful of their neighbors, lovers of money, supreme in their own thoughts, and submit to none. All their spiritual fancy is an illusion. They are still under the power of their passions, and their sin rules them imperiously, and carries them away infallibly.

THE LIGHT OF THE WORLD.
DR. MAGGIEL'S
PILLS AND SALVE

These Life-giving remedies are now, for the first time, given publicly to the world. For over a quarter of a century of private practice the ingredients in these

Life-giving Pills!
Have been used with the greatest success. Their mission is not only to prevent disease, but to cure. They search out the various maladies by which the patient is suffering, and revivigorate the failing system. To the aged and infirm a few doses of these valuable PILLS will prove to be

A Very Fountain of Youth,
For in every case they add new life and vitality, and restore the waning energies to their pristine state. To the young and middle aged, they will prove most invaluable, as a ready, specific, and sterling medicine. Here is a dream realized, that Ponce-de-Leon sought for three hundred years ago, and never found. He looked for a fountain that would restore the old to youth and make youth ever

AN ETERNAL SPRING!
It was left for this day and hour to realize the dream, and show, in one glorious fact, the magic that made it fair.

These Famous Remedies
Cannot stay the flight of years, but they can force back and hold aloof, diseases that might triumph over the aged and the young. Let none hesitate then, but seize the favorable opportunity that offers. When taken as prescribed—

FOR BILIOUS DISORDERS
Nothing can be more productive of cure than these Pills. Their almost magic influence is felt at once; and the usual concomitants of this most distressing disease are removed. These remedies are made from the purest

VEGETABLE COMPOUNDS.
They will not harm the most delicate female, and can be given with good effect in prescribed doses to the youngest babe.

For Cutaneous Disorders
And all eruptions of the skin, the SALVE is most invaluable. It does not heal externally alone, but penetrates with the most searching effects to the very root of the evil.

DR. MAGGIEL'S PILLS

THE WORKING FARMER, Vol. 18, 1866, a Monthly, of 24 quarto pages, an earnest advocate of agricultural improvement, is offered at the low price of ONE DOLLAR a year, in advance. It will contain many interesting items, given by no other journal of its class, including Washington's Letters on Agriculture, with one in *facsimile* of his handwriting; "Farm Manure, and Accounts and Ploughing," by S. Edwards Todd, author of "The Young Farmer's Manual;" a finely illustrated article on the Yak, by F. P. Quinn, Supt of the celebrated farm of the late Prof. Mapes; an original and ingenious article on Flower Gardening, by Ignud A. Pilat and I. Payne Lowe. As, however, actual examination is the only test on which judicious readers will rely, we will forward specimen copies on the receipt of postage. Address W. L. ALLISON & CO., 124 and 126 Nassau Street, New York.

WANTED TO GIVE a $56 WHEELER & WILSON MACHINE, which sews all kinds of fabrics, for procuring SIXTY paying subscribers to HALL'S JOURNAL OF HEALTH, for 1866. $1.50 a year. No. 2 West Forty-third St., New York, near Fifth Avenue. Specimen numbers, 10 cents.

Patent Offices.
INVENTORS who wish to take out Letters Patent are advised to consult with Messrs. MUNN & CO., editors of the Scientific American, who have prosecuted claims before the Patent Office for nearly Twenty Years. Their American and European Patent Agency is the most extensive in the world. A pamphlet containing full instructions to inventors, is sent gratis. Address MUNN & CO., No. 37 Park Row, New York.

J. O. JOYCE'S DOUBLE ACTION FORCE PUMP, for Wells, Cisterns, Railroad Stations, Factories and Vessels; has no equal for power, ease of workmanship and durability, has a powerful air chamber, will throw water SIXTY FEET, AFTER RAISING it out of a *sixty foot well*, and NEVER CAN FREEZE. It is the most successful deep well pump on this continent, *only* one that *will* do what it is advertised to do, and is fast growing into public favor. See well to your interests by investigating the merits of this pump, or you may have to say, as others have, "had I known of this Pump before I bought mine, I should certainly have had it." Call and see it, or send for Circular containing all particulars. No 30 Exchange st., corner of Dock Square, Boston, Mass. HENRY D. RICE, Wholesale and Retail Agent for New England. Agents wanted.

HULL & FISHER, *Proprietors.*

That Noble Animal, The Horse.
Will be better every way if fed occasionally a spoonful of
ALDEN'S CONDITION POWDERS.
They will cure most of the diseases to which horses and cattle are liable, increase the appetite and spirits, and, with respectable grooming, give a bright, lossy appearance to the hair. They are the result of actual and long continued experiment, are prepared with the utmost care, from the very best material, and guaranteed vastly superior to anything known. Many Vermont gentlemen, owners of fine horses, buy them by the dozen, and give them freely, as a consequence, their horses are always in good condition and spirits, and remarkable for their smooth, shining coats For sale by merchants everywhere. **L. L. Dutcher & Son,** St Albans, Vt., proprietors; Demas Barnes & Co., New York, John F. Henry & Co., Waterbury, Vt., Wholesale Agents.

MAKE YOUR OWN SOAP WITH B. T. BABBITT'S CONCENTRATED POTASH, or READY SOAP MAKER. Double the strength of common Potash, and superior to any saponifier or lye in the market. Put up in cans of one, two, three, six, and twelve pounds, with directions in English and German, for making Hard and Soft Soap. One pound will make fifteen gallons of Soft Soap No lime is required. Consumers will find this the cheapest Potash in the market. B. T. BABBITT, 58, 60, 62, 64, 66, 70, 72 and 74 Washington street, N. Y.

NEW ADVERTISEMENTS.

☞ A PHYSIOLOGICAL VIEW OF MARRIAGE, containing nearly 300 pages, and 130 fine PLATE ENGRAVINGS of the Anatomy of the Human Organs in a state of Health and Disease, with a treatise on Early Errors, its Deplorable Consequences upon the Mind and Body, with the Author's Plan of Treatment—the only rational and successful mode of cure, as shown by the report of cases treated. A truthful advisor to the married, and those contemplating marriage, who entertain doubts of their physical condition. Sent free of postage to any address, on receipt of 25 cents in stamps or postal currency, by addressing Dr. LA CROIX. No. 31 Maiden Lane, Albany, N. Y. The author may be consulted upon any of the diseases upon which his book treats. Medicines sent to any part of the world.

50 CENT SAMPLE sent free, with terms for any one to clear $75 a day in 8 hours' time. Address LA MONTE, REYMOND & CO., 29 Broadway, New York.

VINELAND
FARM AND FRUIT LANDS,
In a mild and healthful climate. Thirty miles south of Philadelphia by Railroad, in New Jersey, on the same line of latitude as Baltimore, Md.
The soil is rich and *productive*, varying from a clay to a sandy loam, suitable for Wheat, Grass & Corn, Tobacco, Fruit and Vegetables. This is a *great fruit country*. Five hundred Vineyards and Orchards have been planted out by experienced fruit-growers. Grapes, Peaches, Pears, &c., produce immense profits. Vineland is already one of the most beautiful places in the United States. The entire territory, consisting of fifty square miles of land, is laid out upon a general system of improvements. The land is only sold to actual settlers with provision for their adornment. The place, on account of its great beauty, as well as other advantages, has become *the resort of people of taste*. It has increased five thousand people within the past three years. Churches, Stores, Schools, Academies, Societies of Art and Learning, and other elements of refinement and culture have been introduced. Hundreds of people are constantly settling Hundreds of new houses are being constructed. Price of farm land, twenty acre lots and upward, $25 per acre. Five and ten acre and Village lots for sale.
Grains and Vegetables ripen earlier in this district than in any other locality north of Norfolk, Va. Improved places for sale.
Opening for all kinds of business. Lumber Yards, Manufactories, Foundries, Stores and the like; and Steam Power, with room, can be rented.
For persons who dread mild winters, a healthful climate, and a good soil, in a country beautifully improved, abounding in fruits, and possessing all other social privileges, in the heart of civilization, it is worthy of a visit.
Letters answered, and the Vineland Rural, a paper giving full information, and containing Reports of Solon Robinson, sent to applicants.
Address CHAS. K. LANDIS, Vineland P. O., Landis Township, New Jersey.
From Report of Solon Robinson, Agricultural Editor of The Tribune: *It is one of the most extensive fertile tracts, in an almost level position and suitable condition for pleasant farming that we know of this side of the Western Prairies.* n1—dawtm

Morning Chronicle.

Portsmouth, N. H.

WEDNESDAY, APRIL 4, 1866.

IN CONNECTICUT, Gen. Hawley, Union Republican, has been elected Governor, by something less than 1000 votes over English, who was run by the Democratic party, as a "Supporter of the President's policy," while Hawley was opposed to the Vetoes and the humbug policy generally. The legislature is also reported to be largely Republican, in spite of defections and extra efforts which were designed to create a Copperhead and Rebel victory, and in spite of the sinister course of the President.

CONNECTICUT ELECTION AND THE PRESIDENT'S POLICY.—President Johnson was asked if the defeat of Mr. English of Connecticut would have any effect on his political course. He replied that he was not conversant with the political status of Conneticut, nor had he expressed as his opinion that Mr. English would be elected Governor, although from the information he received he regarded him as a sound Union man; but that he saw no reason why the result of the Connecticut election should change his views on the policy marked out by Mr. Lincoln, which he had endeavored to carry out and to which he should adhere. *Washington Dispatch just before election.*

True to this stubborn, unreasoning, and undemocratic programme, the President and Mr. Seward issued their mandate of peace, on the day of Connecticut election. But Mrs. Partington's broom can hardly sweep back the Atlantean tide of freedom:—and the President's obstinacy, in a false course, reminds us of the divine maxim,—He that being often reproved, hardeneth his neck, shall be suddenly destroyed, and that without remedy.

FROM WASHINGTON, on Monday night, April 2, "Perley" telegraphs to the Boston Journal as follows:

The long talk of peace proclamation has at last been issued, and President Johnson has officially declared—what every loyal man at the North must *know to be false*—that the States recently in rebellion are fully reconstructed, and are entitled to a restoration of their former relations to the Union.

This attempted *coup d' etat* cannot create any sensation except that of deep regret, mingled with a determination on the part of those who have conquered in the recent struggle, not to be made the subjects of the conquered.

There are startling rumors in circulation here this evening, and some of the Democrats asserts that the States thus declared purged of rebellion must and shall be represented in Congress; but there cannot be any foundation in fact for this bluster and brag, nor will the people permit Congress to be interfered with in the plain discharge of its duties.

It is not improbable, however, that Executive patronage may be brought to bear at the present crisis. Every vote on the Civil Rights bill is in demand, and the appointment of a Collector of the port of New York acceptable to Gov. Morgan could but exert an influence on that Senator's vote. The New Jersey Republicans have been told that they cannot elect a Senator in Stockton's place, in consequence of arrangements made here;—[let every freeman think of this—especially those who prate of State Rights, when Senators are to be made by *executive bribery* in Washington!]—and there are indications that Executive influence is to be exerted in other quarters, and in other ways, to consolidate the friends of the President, who declares that he intends to fight his battles in the Union lines, and means to carry the majority of the Union party with him.

The Republican Congressmen are firm in their faith, and they confidently hope to carry the Civil Rights bill by the requisite two-thirds vote in the Senate.

By *order* of President Johnson, the *Departments* have been ordered to discontinue sending any official advertisements for publication to Mr. J. W. Forney's Chronicle. The official advertising is given to the National Republican, the National Intelligencer, and the Constitutional Age.

☞ Mexican news from Imperial sources are not very flattering to the Empire. One of Max's generals marched across the country without loss:—but practically these marches had done no good, the Liberals returning them in force as soon as the Imperial columns had passed, and so obstructing the roads as to render transit into the interior impossible. They had made their reappearance near Matamoras. The Matamoras merchants had given up all hope of reopening trade with the interior.

The Cordova rebel colony has proven a failure, and the exiles are abandoning Cordova for want of Imperial protection from the Mexican guerrillas. General discontent prevailed among the colonists.

GOLD, Tuesday, 127.

☞ The Senate of New Jersey refused, 10 to 9, to go into Convention on Tuesday. Scoville, the stumbling block, stands in the way,—and in a speech said he could not surrender his position without *dishonor*, and would adhere to it to the end. His honor must be a precious article in his own eyes, and in the estimation of traitors; but he deserves the execration of honest and loyal men.

— A Washington dispatch says the House Committee on Foreign Relations are nearly unanimous against the proposition to endorse the Mexican Bonds.

NINETY-SIX YEARS AGO.—The Washington correspondent of the New Hampshire Statesman has been reading an old volume of the "New Hampshire Gazette and Historical Chonicle," published in Portsmouth, in 1770, by Robert and Daniel Fowle, from which he makes the following interesting summary.

In No. 690, published Jan. 2, 1779, William Parker, under the caption of "Peruke Maker and Hair Cutter," advertises that he "makes and sells all sorts of wigs, and cuts and dresses hair for gentlemen and ladies in the newest and neatest fashion," "opposite Squire Holland's, in Londonderry, where he has just opened a shop." Also John Miller, offers a reward of two dollars for the detection of the thieves who "stole a new scarlet quilted petticoat, a new riding hood, a striped Holland gown, from the house of Capt. James Miller, about Dec. 14, 1769." There is no evidence that John ever again saw the lost "fixings."

Feb. 16: "To be sold, cheap for cash or lumber: A likely, active negro boy, 19 years of age. Sold for no fault, but for want of employment. Inquire of the. Printers." March 2.—An editorial in this number, in large typo, with "great satisfaction," announces "that Dartmouth College is established in this Province, for the education of Indian Youth, and for the instruction of all others in the Arts and Sciences," with "very ample Incomes:" that "we hear the edifice will be built by next summer, and that by the ensuing autumn will be ready to receive students." From "good authority it is assured that the College will be established in Landaff, Bath or Haverhill." In the same paper it is stated that "upward of 300 mistresses of families," in Boston, "have come into an agreement lately to abstain from the use of tea." March 16.—This number contains a full account of the Boston Massacre. The paper is very heavily draped in mourning, with representations of the coffins of the victims, and the solemnities of the funeral.

April 20, 1770: Samuel Chandler was sentenced by the Superior Court "to be publicly whipped three different times, in all thirty lashes," for store-breaking and stealing, and "to pay treble damages;" and in the same paper is the notice that "a young fellow was set in the stocks" for "getting drunk and disturbing the people" at the church whereof Mr. Drown is pastor.

John Sullivan, of Durham, advertises "a negro man and girl, for sale cheap, for cash or short credit; and says they are sold for "no fault, but for want of work." Portsmouth, July 18; "Last Tuesday his Excellency the Governor set out for his country seat on Winnepiseokee Pond, and we hear his lady will set out next week for the same place, to reside there during the summer." It is well known that Governor Wentworth had caused a good road to be built from Portsmouth to his country seat in Wolfborough.

Aug. 3: "We hear from Somersworth that Thomas Wallingford, Esq., of that town, at a town meeting lately held there to devise measures for the payment of the duty on a bell recently imported for their meeting-house," came forward and "paid twenty-three pounds, lawful money, generously and freely," that being the amount of the duty. Oct. 5: "On this day George Whitefield died while on a visit to this country, in Newburyport." The paper was draped in mourning, very heavy black lines enclosing his extended obituary, and the paper says that in Portsmouth "all the bells tolled three different times throughout the day;" mourning his departure. He had preached and labored in that city.

March 5, 1771; This being the first return of the Boston Massacre, an article in the paper on the subject recalled the fact that it was also the day of the "Gunpowder Plot," which had always been publicly remembered, and the Massacre was declared more worthy of solemn notice. The paper through all these years shows the Revolution advancing with steady and firm tread. April 29: An afflicted man, who subscribes himself "Benjamin (his X mark) Wells," advertises that "the wicked wife of me, the subscriber, of Lee, spends most of her time running from house to house, chatting about those things of neither advantage nor profit, running me in debt," and forbids her being harbored or trusted on his account.

June 28: "We hear that three negro men in Exeter, convicted of stealing a pigg in the night time and eating him, received deservedly 15 stripes, each on their naked backs, well laid on; an example worthy of imitation." A supplementary sheet was issued with this number, containing the "list of the Prizes in the Newmarket and Stratham lottery." Nov. 15: This number contains a long "Poem on the rise and progress of Moor's Charity School, now incorporated with Dartmouth College, by a student in the College, and formerly in the Charity School." Also an advertisement calling for "volunteers," to serve "at his Majesty's Castle of William and Mary, in the Province of New Hampshire." The inducements offered are "a complete suit of regimentals" on enlisting, "three dollars a month, and five shillings lawful money a week, for billeting."

NEW HAMPSHIRE ITEMS.

— Dr. Robert Lane, of Sutton, will probably be the oldest member of the next House of Representatives. He is eighty years of age.

— Elder John Harriman, a preacher of the Christian Denomination, is in declining health at his home in Newton. He was a native of Plaistow, and is about 80 years of age.

DEDICATION. — The Congregational Church in Kensington was dedicated on March 28th, 1866. The services were, Invocation, Rev. Elias Chapman, South Newmarket; Reading the Scriptures, Rev. Joseph Garland, of Hampton; Prayer, Rev. J. O. Barrows, North Hampton; Sermon, Rev. Erasmus D. Eldridge, Kensington; Prayer of dedication, Rev. Alvan Tobey, Durham; Address to the Church, Rev. George M. Adams, Portsmouth; Benediction, Rev. J. Cummings, Newburyport.

EIGHT HOUR SYSTEM.—In the House of Representatives of Pennsylvania on Thursday, an act was passed declaring eight hours to be a day's labor in all cotton, woolen, silk, paper, bagging, flax and other factories and workshops, including miners and lumbermen, and excluding farm and team laborers.

☞ Cincinnati city election, on Monday, went for the Union by 3000 majority. 12 Union men, 5 Democrats, and 1 Independent are chosen to the Council.

— Glory enough for one day, said the preacher's wife, after having done her first washing with a piece of the J. Monroe Taylor Gold Medal Soap. It is labor-saving as well as temper-saving, and such nice white clothes I never had before, for such soap never was produced, and I hope the whole parish will use it, for I am sure it will do a great deal in preparing their minds and temper for the Sabbath day. Go, one and all, and try it. 67

Business Notices.

Common Colds are every day contracted, still American Life Drops make them disappear.

IF YOU DESIRE TO WEAR
the prettiest and most comfortable fitting boot or slipper, go to I. E. MOSELEY & CO.'S, Summer street, Boston. 37

JUST THE WEATHER FOR YOUNG DUCKS, but very bad for consumptives and people predisposed to pulmonary weaknesses. To all such the spring season is very trying, and great care should be taken to keep the body dry and warm, and all irritation of the throat and bronchial tubes allayed at once. The soothing properties of Coe's Cough Balsam render it the consumptive's best friend, while all recent cases very speedily yield to its curative powers. It is pleasant, safe, sure and cheap. a2-eodawlw

Holloway's Pills and Ointment.—Facts for the Million.—By a recent enactment of the French government, these medicines are admitted free of duty into all ports of France. They are extensively employed in all the public and military hospitals throughout the Empire. The Emperor has signified his appreciation of their virtues in an autograph letter to Dr. Holloway. During the late campaign in Italy, large quantities were used for the wounded at Brescia and Montechiaro. Sold by all Druggists.

Complimentary.

The following complimentary acknowledgement from the Secretary of the Treasury was received by J. LOEWENTHAL:

TREASURY DEPARTMENT,
Washington, D. C., Nov. 23, 1865.

Sir:—This Department desires to express its acknowledgements to you for your agency in the prevention of a great fraud upon the Treasury. But for your prompt exposure to the Second Comptroller of the proposals made you by RABE and his associates, a vast sum might have been lost to the Government, or to individuals having claims on the Government; and the obligations due in the case to your intelligence and integrity are recognized and appreciated.

I am, very respectfully,
Your obedient servant,
H. McCULLOCH,
Secretary of the Treasury.

The subscriber gives notice that he is the duly **Authorized Agent** for Messrs. LOEWENTHAL & CO., and that business relating to the procuring of **Bounties** or **Pensions** left with me, will be forwarded to them at Washington, to be laid before the proper Department.
BENJ. M. PARKER,
U. S. Claim Agent.
Office at Mechanics' Reading Room.
Portsmouth, March 26, 1866.

Soldiers!

Congress is about to pass a law granting you ADDITIONAL BOUNTY! Those of you, therefore, who have not received Bounty, and those who have received but $100 or less, will find it to their advantage to bring in their papers, that they may be immediately sent to LOEWENTHAL & CO., to be by them presented before the proper officers at Washington.

Three Months', Six Months', Nine Months' Men, and all others, come, and your cases will be attended to by
BENJ. M. PARKER,
U. S. CLAIM AGENT,

Special Notices.

IMPORTANCE OF HAVING DAVIS' PAIN KILLER ALWAYS ON HAND.

Wonderful Cure of the Rev. D. L. Brayton, Missionary in India, who was stung by a Scorpion.

Extract from his letter, published in the Baptist Missionary Magazine:

"For the first time since I have been in India, I have been stung by a scorpion. I went out this morning to my exercises, as usual, at early dawn, and having occasion to use an old box, on taking it the cover I put my hand on a scorpion, which immediately resented the insult by thrusting its sting into the palm of my hand. The instantaneous and severe pain which darted through the system is quite incredible; what an awfully virulent poison their sting must contain! I FLEW TO MY BOTTLE OF DAVIS' PAIN KILLER, and found it to live up to its name: after a moment's relief, I saturated a small piece of sponge, bound it on my hand, and went about my exercises, feeling no more particular inconvenience.

Perry's Moth and Freckle Lotion.

☞ Chloasma, or Mothpatch, (also called Liver-spot,) and Lentigo, or freckles, are often very annoying, particularly to ladies of light complexion, for the discolored spots show more plainly on the face of a blonde than on a brunette; but they greatly mar the beauty of either and any preparation that will effectually remove them, without injuring the delicate *color of the skin*, is certainly a desideratum. DR. B. C. PERRY, who has made diseases of the skin a specialty, has discovered a remedy for these discolorations, which is at once prompt, infallible and harmless.
Prepared by B. C. PERRY, Dermatologist, No. 49 Bond Street, New York, and for sale by all druggists throughout the country.
PERRY'S MOTH & FRECKLE LOTION.
Sold by all Druggists in Portsmouth and elsewhere. lysnd&w—oct19

ROOT! ROOT! ROOT!

READ! READ! READ!

Lyon's Periodical Drops!

THE GREAT FEMALE REMEDY FOR IRREGULARITIES.

These Drops are a scientifically compounded fluid preparation, and better than any Pills, Powders or Nostrums. Being liquid, their action is direct and positive, rendering them a reliable, speedy and certain specific for the cure of all obstructions and suppressions of nature. Their popularity is indicated by the fact that over 100,000 bottles are annually sold and consumed by the ladies of the United States, every one of whom speak in the strongest terms of praise of their great merits. They are rapidly taking the place of every other Female Remedy, and are considered by all who know of their virtues, as the surest, safest and most infallible preparation in the world for the cure of all female complaints, the removal of all obstructions of nature, and the promotion of health, regularity and strength. Explicit directions stating when they may be used, and explaining when and why they should not, nor could not be used without producing effects contrary to nature's chosen laws, will be found carefully folded around each bottle, with the written signature of JOHN L. LYON, without which none are genuine. **Price $1.00.**
Prepared by Dr. JOHN L. LYON, 195 Chapel street, New Haven, Conn, who can be consulted either personally, or by mail, (enclosing stamp,) concerning all private diseases and female weaknesses. **Price $1.50 per bottle.**
Sold by Druggists everywhere.

A new stock of GOLD PAPERS on hand. Also few imported FRENCH PAPERS, of rich designs. A liberal discount to persons purchasing paper for a whole house.
m31 6w J. H. HEAD, 14 Pleasant St.

NEW FLOUR STORE.

Prime Family Flour, Cheap!

The undersigned would inform the citizens of Portsmouth and vicinity, that he has opened (**No. 76 Market Street**, next above Deer street)—a Store for the sale of the best quality of FLOUR, fresh ground from prime Iowa White Winter Wheat, at the Mills of Messrs Mitchell & Fernald, Iowa; and would invite the attention of those who wish to try an article they can depend on being satisfactory in every respect—at price considerably less than some of the fancy brands are sold.
WM. D. FERNALD.
Portsmouth, Jan. 8, 1866.

Ground Rock Salt.

The subscribers having resumed the manufacture of GROUND ROCK SALT, can now furnish Grocers and other Dealers an superior article for Table or Dairy use, in 5, 10 or 20 pound bags, at Boston prices. WENDELL & MOSES.

Refers by permission to Mr. A. PEARSON.
Portsmouth March 1 1866.

Special Notices.

Rebel Colors Destroyed!

When nature or time has planted on the human head such colors as rebel against every idea of comeliness, replace them with those glorious and exquisite black and brown tinges everywhere deemed the

STANDARDS OF BEAUTY,

which are produced in five minutes without injuring the fibres or staining the scalp, by

CRISTADORO'S HAIR DYE

Manufactured by J. CRISTADORO, No. 6 Astor House, New York. Sold by Druggists. Applied by all Hair Dressers. M28dawlm

BRANDRETH'S PILLS. COSTIVENESS, DIARRHŒA.—They are taken up by the absorbents, and carried into the circulation, through which medium they are conveyed to every part of the body.

If the pain affects the joints, a single dose produces remarkable benefit. And the same rule applies to costiveness, diarrhea and dysentery; though with the last named they may be required night and morning for some days before decided relief is obtained. In affections of the lungs, throat, head and pleurisy, the relief is certain; the excretory organs throw off with ease the phlegm, and the breathing becomes freer. Spasmodic asthma is often cured by a single dose. mch28dawlm

A Cough, Cold, or Sore Throat

REQUIRES IMMEDIATE ATTENTION AND SHOULD BE CHECKED. IF ALLOWED TO CONTINUE,

Irritation of the Lungs, a Permanent Throat Affection, or an Incurable Lung Disease,

IS OFTEN THE RESULT.

BROWN'S BRONCHIAL TROCHES

HAVING A DIRECT INFLUENCE TO THE PARTS GIVE IMMEDIATE RELIEF.

For Bronchitis, Asthma, Catarrh, Consumptive and Throat Diseases,

TROCHES ARE USED WITH ALWAYS GOOD SUCCESS.

SINGERS AND PUBLIC SPEAKERS

will find *Troches* useful in clearing the voice when taken before Singing or Speaking, and relieving the throat after an unusual exertion of the vocal organs. The *Troches* are recommended and prescribed by Physicians, and have had testimonials from eminent men throughout the country. Being an article of true merit, and having *proved* their efficacy by a test of many years, each year finds them in new localities in various parts of the world, and the *Troches* are universally pronounced better than other articles.

OBTAIN only "BROWN'S BRONCHIAL TROCHES" and do not take any of the *Worthless Imitations* that may be offered.

Sold everywhere in the United States, and in Foreign Countries, at 35 cts. per box. sudawów

CLOCK'S Excelsior Hair Restorer

Is warranted to restore GRAY HAIR in all cases to its original color, whether black or brown.

It will not stain the skin or the finest linen.

It will instantly arrest the hair from falling off; causes hair to grow on BALD HEADS when fallen off by disease; and is a complete dressing for the hair, keeping it in perfect and glossy and perfumed longer than any other preparation in the market.

This article is warranted to do as represented, or the money will be refunded. It is positively the greatest discovery in hair preparations of the age.

For sale in Portsmouth by J. H. THACHER, Apothecary, opposite the Post Office, and at No. 12 Market Square.

Also by WILLIAM R. PRESTON, Apothecary, 2 Congress Block.

FRANK B. CLOCK, Druggist and Chemist, Proprietor, Manchester, N. H. j4

Coal Ashes

And other Door Yard gatherings, where easily accessible, will be removed promptly and neatly, on application to JOHN R. OXFORD.

Also small lots of MANURE, where Cows and Pigs are kept, will be purchased. mch21

Local.

FAST DAY SERVICES.—A United Service and Assembly of the Christian, Unitarian and Universalist Societies, will be held in the Universalist Church, at the usual hour on Fast Day morning: the Services to be conducted by the several pastors.—Rev. T. H. Miller is to deliver the Sermon; in which will be repeated an earnest plea for Freedom, on the ground of Right, uttered more than twenty years ago, with the hope and *expectation* that liberty would be proclaimed to all the bondmen in the land, during the lifetime of the speaker and hearer. This, having been realized, will justify another look forward.

☞ The Programme for the Fast Night Concert by the Philharmonic Society, embraces a fine selection of choruses and glees, with quartets, songs and light pieces, to make up an agreeable variety. The entertainment will no doubt be superior to any yet given by this Society—especially in the most interesting and important part, the choruses, of which several of the most celebrated, never before sung here, will be introduced. The solos will also be well sustained, as will be seen by the bills.

PORTSMOUTH HOSIERY.—This line of goods has long been acknowledged to be second to none in the market, and the demand for it is such that Messrs. Jarvis Brothers, having recently purchased the mill erected by Mr. John Swindells, are about to double their facilities for production, which will give them a consumption of about 600 pounds of wool per week. The Messrs. Jarvis have long been at the head of the Hosiery business here, and their goods like themselves, rate A No. 1.

A little girl, six and a half years old, daughter of Mr. John Meserve, formerly of this city, a child of rare beauty and promise, was killed in Charlestown, Mass., on Monday morning, by being run over by a job wagon, while on her way to school.—The driver called to her as she was crossing the street, but did not slacken his speed; the child stood still in fright and was knocked down and run over by the team. The careless driver then reined up, backing his wagon over the prostrate child.—She lived over an hour after the occurrence, and her body (which was brought to this city on Tuesday for interment) exhibits no bruise, the injuries being internal.

POLICE COURT, April 3d.—John Collins was fined $6.86 for being drunk, and paid the fine.

David G. Dow of Seabrook, for the same offence, was fined $6.86, and not having the money, went to the House of Correction.

Abram Goodell of Wells, for being a *little* drunk, was fined ten cents and costs, $3.86. This was Abram's first offence, and he was a *little* green as well as tight,—but he paid up.

THE IMITATOR.—The father of the young man who blacked himself, came from Boston Tuesday, and took him home. The people are wealthy and respectable. His conduct is unexplained. He appears somewhat insane.

☞ We understand that Battery Sullivan, on Seavey's Island, is to be dismantled at once. This was one of our harbor defences, called into existence by the late rebellion.

JUVENILE SINGING SCHOOL.—It will be seen by his advertisement that Mr. Joy commences a new term of his singing school Saturday. His past success warrants him in expecting a full attendance. He has taught seven successive terms, averaging 100 scholars each term, which is conclusive evidence that his efforts are appreciated. This is the only juvenile class in Portsmouth, and we take pleasure in commending it to the notice of parents.

☞ Squib says, 'tis getting pretty dry *on the square.* It is to be surmised that he alludes to the fact that there's nothing new concerning the new Masonic Hall.

☞ Rehearsal of Philharmonic Society at Mercantile Hall this (Wednesday) evening at half-past 7.

☞ A justly indignant subscriber asserts that if a certain somebody doesn't desist from his execrable practice of stealing said subscriber's morning paper, "he'll treat the miscreant to a morning (mourning) repast of *law* or *leather*, or both!" So take heed to your ways, ye sly news stealers!

☞ A revolt in the Republic of St. Domingo has been suppressed.

☞ The Herald of Health, for April, contains a variety of choice matter.

GREEN, the Malden murderer, is to be hanged; as the Supreme Court of Massachusetts, have denied the application for a writ of error.

☞ Geo. F. Edwards has been appointed U. S. Senator from Vermont, and was to leave for Washington on Tuesday. Senators Doolittle, Riddle and Poland have returned from Vermont to Washington.

ABSTRACT OF THE

21st ANNUAL STATEMENT

—OF THE—

Mutual Benefit Life Insurance Co.,

January 1st, 1866.

Balance per statement Jan. 1, 1865...	$6,774,867.60
Am't premiums rec'd in 1865...	$3,029,087.21
" interest rec'd and accrued...	679,278.30
Total income in 1865...	3,708,365.51
Total disbursements, including claims by death and dividends to policy-holders...	1,433,653.51
Net increase in 1865...	2,274,672.00
Total Assets Jan. 1, 1866...	9,049,539.60
Whole am't of claims by death, paid to Jan. 1, 1866...	$4,256,579.89
Whole am't of dividends paid to Jan. 1, 1866...	$2,744,216.21
Total No. Policies Jan. 1, 1866...	21,921
Am't insured during the year 1865...	$21,037,484.00

The Directors have, from the *Surplus on hand*, declared a Dividend of **50 per cent.**, and have also ordered the payment of the Eighteenth Dividend (50 per cent.) to the Members, when their annual premiums become due, during the year 1866.

EDW. A. STRONG, Secy. LEWIS C. GROVER, Pres.

WARREN SPARROW,

State Agent for Maine and New Hampshire.

HENRY A. YEATON,

feb18 Agent for Portsmouth and Vicinity.

WHICH IS THE

Leading Life Insurance Comp'y

IN THE UNITED STATES?

Which is the Safest and the Cheapest?

The following figures are from the later Reports of the New York Insurance Commissioner, showing the "amount of business" of the

MUTUAL BENEFIT

LIFE INSURANCE COMPANY,

to be the *largest*, the "expenses of management" the *smallest*, the "ratio of Assets to Liabilities," or the *security* furnished to its members, the *largest* of any life institution in the country.

Premiums received in 1864...	$2,689,072
" " " 1865...	3,029,087
Ratio of expenses to premiums rec'd in '64..	12.96
" " " " " '65..	12.16
Ratio of assets to liabilities, Jan. 1, 1865...	131.55

The inevitable conclusion from these official facts, is that the

MUTUAL BENEFIT LIFE Insurance Company

IS THE BEST AND THE CHEAPEST.

Because its NET ASSETS are proportionably LARGER than those of any other Life Insurance Company in the United States.

Because its "Managing Expenses" are LESS, and it has a LARGER SURPLUS to divide among its members than any Company in the United States.

QUERY. Will some one inform the public of that mysterious process by which a Company with a surplus proportionably *much less*, and expenses *very much larger* than another, can yet divide *more* to its members, and insure them at *less cost?* How is it done? Where does the money come from?

Every intelligent man will see at once that it *cannot be done.* Yet we have Agents among us that make this their boast.

Any one disposed to insure, intending to insure can be furnished with the requisite information by applying to

HENRY A. YEATON, Agent.

Portsmouth, March 27, 1866.—3mdaw

Important.

DR. STEVENS, No 9 Daniel Street, would give notice that he has REDUCED the price of Permanent Sets of ARTIFICIAL TEETH on the Vulcanite Base, to that charged for them before the war.

He would also give notice that he is doing a new style of work for Under Sets of Teeth, called the COMBINATION BASE (Gold and Vulcanite) which produces by far the finest work offered to the public. The price is something in advance of that charged for the Vulcanite alone, but the strength, durability, ease of bearing, and beauty of finish obtained by it, more than double the value of the Teeth. mh12

GEORGE F. WEED,

S-u-r-g-e-o-n D-e-n-t-i-s-t,

FIRST ASSISTANT in the Office of DR. STEVENS, No. 5 DANIEL STREET.

DR. WEED can be found at his place of business at all hours of the day and night, for the performance of any of the operations that come within the call of his profession.

Dr. A. P. STEVENS, No. 5 Daniel St., makes the saving of ULCERATED and painful front teeth, a specialty in his business. He also successfully restores to their natural shape broken or badly decayed teeth, by building out corners and sides with PURE GOLD. (In many cases teeth so restored are as strong as any of their brother members, and in all cases are rendered eminently useful for a long series of years.) DISEASED FEETH, in all stages, treated, and in a very large majority of cases entire success attained.

Charges for each operation necessarily high, but nothing in comparison to the value of the Teeth. mch14

FLOWER AND VEGETABLE SEEDS.

Vick's Illustrated

Catalogue of Seeds and Floral Guide

FOR THE SPRING OF 1866,

is now published. It contains full descriptions of the choicest floral treasures of the world, and the best vegetables, with plain directions for culture. Illustrated with a COLORED BOUQUETTE AND FIFTY WOOD ENGRAVINGS of the newest and best flowers, and containing about 70 pages.

☞ Sent to all who apply enclosing Ten Cents, which is not half the cost.

☞ Flowers from seeds sold by me, obtained the first prizes at the principal State Fairs and hundreds of County Fairs, the past summer.

The store is well finished and convenient, and well situated for a good run of custom. The lot has a front of 31 feet 8 inches, running back to the river at an equal width.

Terms at Sale.

m31 M. T. BETTON & CO., Auct'rs.

Valuable Real Estate

AT AUCTION.

(By virtue of a license from the Hon. Judge of Probate for the County of Rockingham.)

On TUESDAY, April 17, at 12 o'clk M.,

on the premises.

The Real Estate of the late CHARLES W. WALKER, of Portsmouth, deceased. Said property will be sold in three separate lots or parcels, viz:

The First Lot to consist of the well known MARKET STREET HOUSE, situated on the corner of Market and Green streets, with land connected therewith, bounded 69½ feet more or less on Market street, 103 feet more or less on Green street, 106 feet more or less by *Lot No. 2*, 107 feet more or less by land formerly of James Pickering, land of James Junkins and others; the lot containing 8629 feet, more or less.

The Second Lot consists of land on Green street bounded 38 feet more or less on Green street, 110 feet more or less by land of Estate of George Chesley, 35 feet more or less by land formerly of James Pickering and others, and 106 feet more or less by lot No. 1; the whole lot containing 3926 feet, more or less.

The Third Lot to consist of the Stable lot, so called, on Green street, with the stable and Office building thereon. The lot is bounded southerly about 35 feet on said Green street, easterly about 72 feet on land of E. S. Wendell, northerly about 50 feet on Railroad land, and westerly by Railroad land and adjoining cemetery; containing about 2710 feet. The Stable is 38 by 36 feet, and the Office building 10 by 16 feet.

The above offers a rare chance for capitalists or others. The property is prominently situated on one of the main avenues of the city. The MARKET STREET HOUSE is large and well calculated, conveniently situated for a Hotel or large Boarding House, and has been occupied as such for many years. It contains 19 rooms and attic, and also a Store. The Stable has been used, and is a good location for a Livery Stable.

If desirable, a portion of the purchase money can remain on a mortgage of the premises.

For further particulars inquire of J. M. EDMONDS, Portsmouth; C. W. STINSON, Kittery, Me., Guardian of the minor heirs, or of the subscriber. JOSEPH P. MORSE.

Assessors' Notice.

The inhabitants of the City of Portsmouth are hereby required to exhibit to the Assessors of said city a just and true account of their Polls and Estates, rateable by law, on or before the fourth day of April next. And all persons who do not comply with the above requirements in handing in an inventory of their rateable estate, and making oath to the same, may not expect any abatement.

The Assessors, or any Justice of the Peace, or the City Clerk, are proper persons to administer the oath; and each individual making his inventory, shall have an endorsement on the same, certifying that it has been duly sworn, and the same to be handed to one of the Assessors, or left with their Secretary at the City Clerk's office, on or before the said fourth day of April next.

Morning Chronicle.

MISSIONARY GROUND.—In a rather (?) benighted section of England, there lies a small and remote hamlet to which religious instruction had rarely penetrated. At length a neighboring missionary girded on his armor, and prepared to do battle with the monster ignorance. One of his first visits was to a poor woman who was confined to her bed by a painful disorder. Receiving in his character of consoler her sad complaints, he remarked tenderly, "I see, my good woman, you are in great pain, and I will try to do something to ease you; but when all is done for you that human means can do, you must remember how much greater were the sufferings of our blessed Lord."

"And who may be he?" asked the crone. Greatly shocked, her visitor told her the story of our Lord's life and crucifixion. "And how long ago was that?" queried the poor wretch. Once again the question was answered, followed quickly by another: "and where did ye say this happened, sir?" Being satisfied on this point also, the old heathen exclaimed energetically—"Well, well, it was a long time ago, and a great way off, and we'll hope it was na true!"

A SUDDEN CURE.—A professed thief named Dugald M'Caul, in the Highlands of Scotland, went out on an excursion one night accompanied by a young man who was learning the same trade. The latter was to take a sheep, while M'Caul was stealing kale, and both were to meet in a neighboring churchyard, where they would not be likely to be molested, as the place was said to be haunted. M'Caul arrived first and sat upon one of the gravestones waiting for his companion. In a neighboring farm-house a crippled tailor happened to be at work, and the conversation having turned upon the churchyard being haunted, he taunted some young men present with cowardice, saying that he would readily go if he were not lame. Upon this a young man offered to carry him there upon his back, which the tailor agreed to, and they were soon at the place. M'Caul heard them, and supposing his companion had arrived with the sheep, inquired, "Is he fat?" "Fat or lean, there he is for ye," replied the terrified young man, throwing down the tailor and running away at full speed. Upon his return at the farm-house, to the astonishment of all, he found the tailor close at his heels—his fright had given him the use of his legs, and his lameness was permanently cured.

— Are you wedded to your own opinions? Then never court inquiry.

DR. LAROOKAH'S SARSAPARILLA COMPOUND THE GREAT BLOOD PURIFIER

Dr. Larookah's SARSAPARILLA COMPOUND,

For the speedy and permanent cure of

Liver Complaint, Scrofula, or King's Evil, Dyspepsia, Dropsy, Neuralgia, Epilepsy, Erysipelas, St. Anthony's Fire, Pimples, Pustules, Blotches, Boils, Tumors, Salt Rheum, Ulcers and Sores, Rheumatism, Pain in the Stomach, Side and Bowels, General Debility, Uterine Ulceration, Syphilis and Mercurial Disease, and all complaints arising from or resulting in **Impure Blood.**

DR. E. R. KNIGHTS, . . . Chemist, MELROSE, MASS.

Sold by GEO. HILL, Portsmouth, and by druggists and merchants throughout the country.

DR. KNIGHT'S HAIR DRESSING

DR. KNIGHTS' HAIR DRESSING

A VEGETABLE PREPARATION

For beautifying and promoting the luxuriant growth of the hair.

It prevents the hair from falling off or turning gray.

It removes dandruff, cleanses the scalp, cures nervous headache, and all those distressing affections produced by the use of oily or alcoholic Hair Dressings.

Its invigorating properties insure luxuriant locks, inclined to curl, and by its persistent use the hair is restored to bald heads when such a result is possible.

It is splendidly perfumed, will not stain or soil the skin or any article of apparel, and is universally approved—preferred by ladies and children.

BUY NOW AND TRY THEM.

Price 75 cents per Bottle.

Prepared by

DR. E. R. KNIGHTS, ... CHEMIST, MELROSE, MASS.

Sold by

GEO. HILL, and by druggists and merchants throughout the country.

HIGHLY IMPORTANT TO UNFORTUNATE FEMALES!

DR. BRISCOE'S FEMALE DROPS are unsurpassed by the sound efficacy in removing all complaints, of whatever nature, incident to females. He continues, with his usual success, to medically and surgically remove Obstructions, Engorgements, Leucorrhœa, Whites, General Debility, &c., and Suppressions of all kinds; also all complaints of the Lungs, Liver, Kidneys, Spleen, Bladder, &c.

His medicines will be sent to any part of the country by express or mail; addressed by a competent matron stating particulars, will receive prompt attention.

Office, No. 42 Endicott street.

Persons at a distance can consult Dr. Briscoe, by letter, describing the case, and have the medicines securely put up, and forwarded to any part of the United States, with full directions for use.

Rooms arranged with separate apartments, so that patients see none but the Doctor himself.

Address Dr. Briscoe, No. 42 Endicott St., Boston, Mass., stating symptoms. All communications are confidential.

Patients furnished with rooms and board if desired, and secrecy observed in every case.

Office hours from 9 A. M. to 8 P. M.

Boston, July 16, 1866. 1Ysly

DR. M. BRISCOE still continues his successful treatment of all Private Diseases and also Female Complaints, at his old established office, No. 23 Endicott street.

N. B.—The sick and afflicted will do well to give him a call. A short consultation will cost you nothing, but a word of friendly advice may save you years of suffering.

P. S.—Ladies who wish to stay in the city under my care a few days, can be furnished with good nurses. Charges moderate.

SAVE YOUR FUEL!

SUFFERERS

From Dyspepsia

READ! REFLECT!! ACT!!!

TARRANT & CO

Gentlemen, I am a resident of Curacoa, and have often been disposed to write to you concerning the real value of your SELTZER APERIENT as a remedy for indigestion and dyspepsia. I desire to express to you my sincere gratitude for the great benefit the SELTZER has done my wife.

For four or five years my wife has been sadly afflicted with Dyspepsia, and after being under the treatment of several Doctors for two or three years, she was finally induced to seek the advice of a learned Physician, Doctor Cabbalis, of Venezuela, who immediately treated her with your EFFERVESCENT SELTZER APERIENT. She began to improve at once and is now PERFECTLY WELL.

I feel it to be my duty for the good of humanity to make this statement, feeling that a medicine so valuable should be widely known.

Trusting that you will give this publicity, and repeating my earnest gratitude and thanks,

I am very respectfully yours,

S. D. C. MENRIQUER,
Merchant, Curacoa, S. A,

New York, June 28th, 1866.

WE ASK

The suffering millions in our land to give this remedy a trial, convinced that by its timely use many may be relieved, many cured of

Dyspepsia, Heartburn, Sour Stomach, Sick Headache, Flatulence, Indigestion, Piles, Costiveness, Bilious Attacks, Liver Complaints, Rheumatic Affections, &c.

Read the Pamphlet of Testimonials with each bottle, and do not use the medicine against the advice of your Physician.

MANUFACTURED ONLY BY

TARRANT & CO.,

278 Greenwich Street, New York.

☞ FOR SALE BY ALL DRUGGISTS. aplsbly

DUTCHESS NURSERIES

POUGHKEEPSIE, NEW YORK,

FERRIS & CAYWOOD, Proprietors.

We call the attention of our customers and the public to our stock of GRAPE VINES, which is larger than ever before. Having had over twenty years' experience in the management of Vineyards and the propagation of Vines, and our present stock having been grown from bearing wood only, with constant care during the season, we think they will compare favorably with any others that are offered for sale.

Our stock of MONTGOMERY VINES is very large. This variety is not being generally known, we will give a brief description: White, a seedling of the White Chasselas, an unparalled grower and bearer, clusters often weighing two pounds, with a mild subacid flavor. It is classed with the hardy grapes, but we protect it in winter as we do all other varieties in this part of the State.

Our stock of the various kinds of EVERGREEN and DECIDUOUS TREES is very large, and is offered at moderate price; and at very low rates by the quantity, to those who are laying out and improving their places, cemeteries, or public grounds, and to nurserymen. We challenge competition.

Grape Vines.

"DELAWARE"—Grown in open border. No. 1, one year old, 40 cents each, $35 per 100; No. 2, 25 cents each, $20 per 100; No. 3, ditto, 20c each, $10 per hundred; well grown vines in pots 25c each, $15 and $20 per 100.

"MOSELLE"—No. 1, one year old in border, very strong plants, many equal to two years' growth, 81 each, $80 per 100; No. 2, one year old, good plants, 75c each, $60 per 100.

"CATAWBA"—No. 1, one year old in pots, 30c each, $25 per hundred; No. 2, ditto, 25c each, $20 per hundred.

"ALLEN'S HYBRID"—3 years old, $1 50 each; 1 year old, 50c to 75c each, $40 per hundred.

"CUYAHOGA"—No. 1, two years, 25c each, $20 per hundred; No. 2, ditto, 20c each, $15 per hundred.

"CRESCELLING"—No. 1, in open borders, 50c each, $40 per hundred; No 2, ditto, 40c each, $30 per hundred; No. 3, ditto, 30c each, $20 per hundred.

"ROGERS' HYBRID"—Nos. 3, 9, 15, 33—50c and 75c each; two years old, $1 and $1 50 each.

"UNION VILLAGE"—No 1, in open border, 50c each, $35 per hundred; No. 2, in pots (strong) 40c each, $30 per hundred.

"IONA and ADIRONDAC"—One year old, from eyes, No. 1, $1 to $1 50 each; No 2, 75c to 90c each; No 3, 50c each. mch30

The most delicate head-dress or bonnet can be worn without fear of soiling. The most delightful fragrance to the hair is imparted. If you wish to restore your hair, as in youth, and retain it through life, without delay purchase a bottle of Mrs. S. A. Allen's World's Hair Restorer and Dressing.

Sold by Druggists throughout the World.

PRINCIPAL SALES OFFICE,

198 & 200 Greenwich St., New York.

Lodi Manufacturing Company's

POUDRETTE.

AGENT FOR NEW HAMPSHIRE,

J. F. SHORES, Jr.,

No. 38 Market Street (Up Stairs.)

The advantages of Poudrette as a manure may be stated as follows:

First, its ECONOMY. The *cost* of the manure compared with its *effects* is less than that of any *other fertilizer* in market. It can be bought and applied for the same money which it would cost only to apply farm-yard manure. It is portable, contains great strength in a small compass, and needs *no extra care on its application*; the closer its contact with the seed the better and quicker it works. $4 50 worth at our retail price (or two barrels) will manure an acre of corn in the hill, add from one-quarter to one-third to the product, and will *mature* the crop from two to three weeks earlier. *No worms* will stay in the hill where the Poudrette is placed. *No seeds of weeds will germinate*, and crows are very shy of plucking it out of the hill. On Corn, Potatoes and Garden Vegetables it has no equal. While the leaf and growth of the Tobacco plant is large, it has not the coarseness of fibre which is produced by Peruvian Guano, and it has taken the lead for this crop in Connecticut, and has begun to be appreciated in Maryland.

It is famous for producing larger and finer potatoes than anything else, and the stories told about Onions, their *large* growth, &c., are almost beyond belief. Flower and plants are much improved by an application of Poudrette.

Another great consideration is the season of the year when the crop is planted. It is a time when every spring crop must be put in, and the corn not only planted, but up and grown sufficiently for the hoe before Poudrette can be used, the commencement of grain and hay harvest.—The celerity and dispatch with which a large crop of corn is put in and guaranteed the rapid growth and consequently the early opportunity of working among it—the small chance for weeds, owing to the shade it affords, and the fact that the *Poudrette, unlike other manures, contains no seed that can germinate*, and consequently less trouble required to clean it—are all important advantages. The corn will ripen two weeks earlier, and the yield will be much heavier.

The same remarks apply to Sorghum and Broom Corn.

For grass, where it is about to be laid down to lawn, or for several years, a top dressing of Poudrette will be found invaluable.

We wish to remark in this place, that Poudrette is not like some quack medicines warranted to cure all kinds of diseases. It must be used with discretion, and a reasonable quantity will produce a reasonable effect.

Poudrette will answer no better than other manures on wet, sour, undrained land, or in seasons of drought. In other words, Poudrette is an invaluable substitute for barnyard manure, and can be used with great profit and advantage upon most spring crops, but it will neither work miracles, drain the land if it is put upon, nor cause rain to fall in time of drought.

Price per Barrel $2.25—delivered at any part of the city, or at any depot or wharf.

Important Notice!—When Poudrette is spoken of, we mean "LODI POUDRETTE," which has now stood the test of twenty-six years' trial; and when buying, *be sure and get that kind!*

A descriptive pamphlet may be had on application. mh29

ISRAEL MARDEN & CO.,

No. 39 Congress St., Portsmouth, N. H.,

—DEALERS IN—

S. Vance's Submerged Well PUMP,

This unsurpassable invention, now being first introduced, will, it is believed, supercede all other Well Pumps now in use.

ITS ADVANTAGES.

FIRST, SIMPLICITY.—This Pump is composed of but three parts, and is so simple in its construction that any one can easily put it together.

SECOND, DURABILITY.—Its peculiar construction, and the fact that it is always submerged combine to make it the most durable of all Pumps yet invented.

THIRD, NEVER FREEZES.—The valves are so constructed that, when not in motion, they allow all the water above to pass down into the well, and thus prevent freezing.

FOURTH, POWER.—For the amount of power applied, this Pump exceds anything known. It throws one third just as much water than ordinary pumps, and works so easily that even a child can pump without fatigue. It is in this way the greatest labor-saving pump now offered to the public.

FIFTH, IT IS INVALUABLE.—For a well pump it is invaluable, as all the iron which is submerged consists of but three small bolts and tinned or galvanized. It can in no way corrode, consequently it brings up pure water at every stroke.

SIXTH, CHEAPNESS.—This Pump is so made that it costs but a trifle, and is warranted to keep in use for years. No repairs at all are needed. It is very light, and thus the cost of transportation is very small.

☞ Manufactured by S. VANCE & CO., No. 31 Liberty Street, Newburyport, and for sale in Portsmouth by the Sole Agents for N. H.,

ISRAEL MARDEN & CO.,

39 Congress Street.

☞ We are permitted to refer to Mr. MONROE HOLMES and to Mr. FRANK W. MILLER of the Daily Chronicle, who have these new pumps in use on their premises,—for testimony to its excellence.

Portsmouth, Oct. 16th, 1865.

CHEROKEE PILLS,

Or Female Regulator,

Cure *Suppressed, Excessive and Painful Menstruation, Hemorrhage, Nervous and Spinal Affections, Pains in the Back, Sick-Headache, Giddiness*, and all cases that spring from irregularity, by removing the cause and all the effects that arise from it. They are perfectly safe in all cases, *except when forbidden by directions*, and are recommended by thousands as the most nicely *sugar coated*. They should be in the hands of every Maiden, Wife, and Mother in the land.

Ladies can address us in perfect confidence, and state their complaints in full, as we have all Female Complaints, and prepare Medicines suitable for all diseases to which they are subject.—Thirty-two page pamphlet, in a sealed envelope, free.

The Cherokee Pills are sold by all druggists at $1 per box, or six boxes for $5; or they are sent by mail, free of postage, in an ordinary letter, free from observation, by addressing the sole proprietor,

DR. W. R. MEEWIN, 37 Walker St., N. Y.

N. B.—Cherokee Pills No. 2 are prepared for *special cases*, when milder medicines fail; these are sent by mail, free of postage, on receipt of $5, *the price of each box.*

DR. WRIGHT'S

REJUVENATING ELIXIR,

Or, Essence of Life,

Cures *General Debility, Weakness, Hysterics in Females, Palpitation of the Heart and all Nervous Diseases.* It restores new life and vigor to the aged, causing the hot blood of youth to course the entire package, giving the *Organs of Generation, removing Impotency and Sterility*—in a word, *restoring manliness to the system, and full vigor*, thus proving a perfect "*Elixir of Love*," removing *Sterility* and Barrenness in both sexes. To the young, middle-aged, and aged, there is no greater boon than this "Elixir of Life." It gives a new lease of life, causing the weak and debilitated to have manly strength and vigor, and the entire system to thrill with joy and pleasure.

Price, one bottle, $2; three bottles $5; sent by express to any place.

Our medicines are sold and recommended by all respectable druggists in every part of the country, and globe; some unprincipled dealers, however, try to deceive their customers by selling cheap and worthless compounds in order to make money. Be not deceived—ask for these medicines and take no others. If the druggist does not keep them, write to us, and we will send them by express, carefully packed, free from observation. We will be pleased to receive letters with full statements in regard to any disease with which ladies or gentlemen are afflicted, address all letters for medicines, pamphlets, or advice, to the sole proprietor,

Dr. W. R. MEEWIN, 37 Walker St., N. Y.

The Old Established Hospital,

No. 5 Beaver Street, Albany, N. Y.

QUICK CURES AND LOW PRICES.

Over Twenty Thousand Patients Cured Annually!

DR. J. TELLER, Graduate from the celebrated Medical College of Philadelphia, Pa., has devoted his entire attention to this one particular branch of practice, enables him to perform cures such as no other Physician can, and his facilities are such that correspondence with the most eminent Physicians of the Old World, of obtaining the latest as well as the latest remedies for these diseases, offer inducements to the unfortunate of a quick and rapid cure, to be obtained at no other office in America.

In Syphilis, Gonorrhœa, Gleet, Stricture, Enlargement of the Testicles and Spermatic Cords, Bubo, Ulcerated Throat, Sore Nose, Tetter, Skin Diseases, Cutaneous Eruptions, Biles, Ulcers, Abscesses, and all other impurities of the system, are perfectly under the control of the Doctor's Medicines, and have been tested in more than 20,000 cases annually, with immense Success.

YOUNG MEN.

Young Men addicted to secret habits, who have impaired their healths and destroyed the vigor of their minds, thus depriving themselves of the pleasures of life are respectfully invited that in consulting Dr. J. Teller, they will find a friend to console and a Physician who has cured thousands, in almost every part of the United States, who applied to Dr. T. broken down in health, now rejoice in all that makes life desirable and man happy. Young men should remember that the delicacy of this subject will prevent a more minute description of this terrible disease.

DR. TELLER'S GREAT WORK.

A book of 125 pages, overflowing with startling disclosures. Dr. Teller's great work for the Married or those contemplating marriage—200 pages—full of valuable matter—price 25 cts. Sent to all parts, sealed, by mail, post paid. 50,000 copies sold the past year. The single Married and the Married Hesp, Pp. A Lecture on Love, or how to choose a Partner—a complete work on Midwifery. It contains hundreds of secrets, never before published.—Warranted to be worth three times the amount asked for it. 25 cents, in specie or postage stamps inclosed, will secure a copy by return mail. Dr Teller has devoted a lifetime to the cure of those diseases upon which his books treat

TO THE LADIES.

Dr. TELLER still continues the only Agency in America, for the sale of Dr. Vichoi's Italian Female Monthly Pills. The sale of more than 20,000 boxes establishes their reputation as a female remedy, unapproached, and far in advance of every other medicine—for stoppages, irregularities, and other obstructions in females.

CAUTION.—Married ladies in certain delicate situations should avoid their use. For reasons see directions which accompany each package, for the guidance of patients. On the receipt of $1, (the price per box,) these Pills will be sent by mail or express, to any part of the world, secure from curiosity or damage.

Office hours from 8 A. M. to 8 P. M., and on Sundays from 2 to 5 P. M.

N. B.—Persons at a distance can be cured at home by addressing a letter to Dr. J. Teller, enclosing a remittance. Medicines securely packed and forwarded, free of any part of the world. All cases warranted. No charge for advice.—N. B.—No students or boys employed. Notice this, address all letters to

Daily Morning Chronicle

VOL. XXVII. PORTSMOUTH, N. H. THURSDAY, APRIL 5, 1866. No. 81.

The Chronicle.

☞ The witty editor of the Portland Star gives us the following conundrum. He says:—"We borrowed a man's horse on Exchange street to go a little way. The horse is convenient to the grand centre of business, and the man is obliging. His ware is hard, but his heart is tender. When we drew up the noble animal at his door on our return, we noticed that he had something on his mind. The big veins on his forehead had swollen, and there was a liquid sensibility in his eye. "Why," said he, "is that team like the Evening Star?" We blandly told him we didn't see. "Because everybody takes it."

☞ The New Orleans Sun, in an account of a ball given by the milliners and *modistes* of the Third District in that city, states that it was discovered in the midst of one of the liveliest waltzes that the dress of one of the ladies had taken fire. It was extinguished with difficulty. The reporter adds, "some idea of her style of dancing may be gathered when it is further stated that the dress caught from one of the chandeliers overhead. The lesson will doubtless be a useful warning, and teach our young folks to be careful."

— The best sort of woman is one who can turn her hand to anything—trim a boat and a bonnet too.

— The war veterans who received as holiday presents artificial legs and arms, may be said to have been truly remembered.

— The Empire (La.) Parish states that the property in the parish of Plaquemines, belonging to the estate of the late Lucien Bonaparte, sold last week for $30,300.—There are at least fifteen hundred orange trees upon it.

— A man in Globe Village (Southbridge) who left off chewing tobacco several weeks ago, has since gained twelve pounds of flesh. His appetite, meanwhile, has increased to an alarming extent, and it is feared he will be obliged to resume tobacco or starve to death.

— It is said that the late Senator Foote contracted his disease at the memorial exercises in honor of Abraham Lincoln, at the Capitol, when he so overtasked himself, and was so annoyed by the indecent claims of the diplomatic corps for "precedence," that he brought on an attack of the jaundice and went gradually to his grave.

AMERICAN AND FOREIGN PATENTS.
R. H. EDDY,
Solicitor of Patents,
Late Agent of the U. S. Patent Office, Washington, under the Act of 1857,
78 State Street, opposite Kilby Street,
BOSTON.

After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Bonds, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with dispatch. Researches made into American or Foreign works, to determine the validity or utility of patents or inventions—and equal to other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

The Agency is not only the largest in New England, but through it inventors have advantages for securing Patents, or ascertaining the patentability of inventions unsurpassed by, if not immeasurably superior to, that which can be offered them elsewhere. The Testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and thus prove, that at no other office of the kind are the charges for professional service so moderate.

The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.

These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.

All necessity of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS.

"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse."
CHARLES MASON,
Commissioner of Patents.

"I have no hesitation in assuring inventors that they cannot employ a person *more competent and trustworthy*, and more always in putting their applications in form to secure for them an early and favorable consideration at the Patent Office."
EDMUND BURKE,
Late Commissioner of Patents.

Mr. R. H. Eddy has made for me THIRTEEN applications, on all but ONE of which patents have been granted, and that is *now pending*. Such unmistakeable proof of great talent and ability on his part leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges."
JOHN TAGGART.

During eight months, the subscriber, in course of his large practice, made on *twice* rejected applications SIXTEEN APPEALS, EVERY ONE of which was decided in *his favor*, by the Commissioner of Patents.
R. H. EDDY.
Boston, Jan 1, 1866.—8tawly

NEW ADVERTISEMENTS.

VINELAND
FARM AND FRUIT LANDS,
In a mild and healthful climate. Thirty miles south of Philadelphia by Railroad, in New Jersey, on the same line of latitude as Baltimore, Md.
The soil is rich and *productive*, varying from a clay to a sandy loam, suitable for Wheat, Grass, Corn, Tobacco, Fruits and Vegetables. This is a *great fruit country*. Five hundred Vineyards and Orchards have been planted out by experienced fruit-growers. Grapes, Peaches, Pears, &c., produce immense profits. Vineland is already one of the most beautiful and thriving towns in New Jersey. The entire territory, consisting of fifty square miles of land, is laid out upon a general system of improvements. The land is only sold to actual settlers with provision for public adornment. The place, on account of its great beauty, as well as other advantages, has become *the resort of people of taste*. It has increased five thousand people within the past three years. Churches, Stores, Schools, Academies, Societies of Art and Learning, and other elements of refinement and culture have been introduced. Hundreds of people are constantly arriving. Hundreds of new houses are being constructed. Price of Farm land, twenty acre lots and upward, $25 per acre. Five and ten acre and Village lots for sale.
Fruits and Vegetables ripen earlier in this district than in any other locality north of Norfolk, Va. Improved places for sale.
Opening for all kinds of business. Lumber Yards, Manufactories, Foundries, Stores and the like; also a Second Flour Mill would pay handsomely.
For persons who desire mild winters, a healthful climate, and a good soil, in a country beautifully improved, abounding in fruits, and possessing all other social privileges, in the heart of civilization, it is worthy of a visit.
Letters answered, and the Vineland Rural, a paper giving full information, and containing Reports of Solon Robinson, sent to applicants.
Address CHAS. K. LANDIS, Vineland P. O., Landis Township, New Jersey.
From Report of SOLON ROBINSON, Agricultural Editor of The Tribune: *It is one of the most extensive fruit-growing districts, in a climate and condition far pleasant farming that we know of this side of the Western Prairies.* m—dawtoo

Morning Chronicle.

Portsmouth, N. H.

THURSDAY, APRIL 5, 1866.

☞ Full returns from Connecticut give Gen. Hawley 42,131 votes for Governor; English has 41,622; leaving Hawley a majority of only 509, in that large vote. Yet the majority is as gratifying to every man who is loyal to liberty and justice, as a majority of 500 for English would have been to copperheads and rebels, to traitors and the President. A loyal paper says:

We need not here recount the marked peculiarities of the Connecticut contest. It is sufficient to say, that for the first time since 1860 the Republicans in a State campaign have not enjoyed the countenance of the National Administration, and that is to say, have been obliged to bear up against its unfriendliness. The course of the Hartford Postmaster showed that a man was approved at Washington for doing the most damage in his power to the chances of the Republican candidate for Governor. Of course, such a lesson, conveyed in a thousand ways, not only affected the "floating material" to be found in the political waters of every State, but it had a palpable but opposite influence upon the rank and file of the two great parties. It is very doubtful, even, if the President's unfriendliness had assumed the form of avowed hostility, whether the effect could have been worse. It might have called into play a self-reliance and energy among the Republicans that would have more than counterbalanced all disadvantages. At any rate, we have, as the result of the whole thus far, a genuine and sufficient Republican triumph. Revived Copperheadism has done its utmost, and failed. It has played a game that will not even be attempted again. The masses of the Union party stand better than ever before. They have tested their strength under the most discouraging circumstances, and they are ready for whatever the future may bring. They profoundly deprecate Executive defection, and they hope, even against hope, that it may not come, but they do not fear it.

WASHINGTON ITEMS, April 3, by Perley. The debate and the vote in the Senate, this afternoon, on Mr. Sumner's call upon the President for a statement as to officers appointed at the South without taking the oath required by law, shows the determination on the part of Congress to see if the President has strictly executed the laws of the land. Peace resolutions may be issued, and treason may not be regarded as a crime at the White House, but on Capitol Hill there is a determination that the rebel States shall not be re-admitted until they have given proper securities for the future. On the vote on Mr. Sumner's resolution this afternoon twenty-five Senators voted in the affirmative, and the only Senators who opposed the demand for information were Messrs. Buckalew, Cowan, Davis, Guthrie, Hendricks, Johnson, Lane, Nesmith and Saulsbury—eight in all.

The veto of the Civil Rights Bill was again postponed to-day on account of the non-arrival of those Senators who escorted the remains of Mr. Foot to Vermont. If the newly appointed Senator from Vermont is here on Thursday, as is expected, the vote on the veto will stand thirty-two ayes to sixteen nays, which enacts the bill. This calculation has been carefully made, and it gives the President all of the doubtful and hesitating. There is, however, a bare possibility that there may be a compromise, and that the bill may yet be reconstructed and remodeled.

Although large numbers of volunteers, both white and colored, are being mustered out of service, it has been decided to retain twenty-five thousand colored volunteers at least.

Orders have been issued to convert several of the barracks around Washington into small tenements, to be rented to freedmen at nominal rents, under the discretion of the Freedmen's Bureau. The Wisewell Barracks, on Second street, will be thus occupied this week. Only one family is allowed to occupy a room, and no sub-renting is permitted. No persons professing to be husband and wife are permitted to occupy a tenement until they give satisfactory proof of lawful marriage.

GEN. LEE FOR PRESIDENT.—We copy the following "straw" from the Mobile Register:

"A friend drew from his pocket, yesterday, a *carte de visite*, with an ambrotype portrait, and called our attention to the excellent likeness of the noble original. 'That man,' said he, 'will be President of the United States one of these days.' 'That man,' skeptical reader, was Robert E. Lee, of Virginia, the 'Rebel' *descendant* of the 'Rebel' George Washington. Stranger things have happened in this strange and variable world, especially in this mutable America, where the currents of popular opinion run like mill-races, in whatever channels circumstance, fashion and passion excavate for themselves."

[That must have been a very steep descent, if it were any descent at all;—but Lee was no more a descendant of Washington than of Beelzebub.]

—Chicago has at last received its great elescope, the largest ever made in the world. The aperture of the object glass is 18 1-2 inches. The instrument made the journey from Boston in nine days, packed in nineteen boxes.

NEW BOOKS.—From Charles B. Richardson, 540 Broadway, New York, we have an elegant octavo volume of over 500 pages, entitled Women of the South distinguished in Literature. By Mary Forrest. Illustrated with portraits on steel. The portraits are seven in number, and worthy of the work. The Literary Women are numerous, are handsomely noticed, and many of them were beautiful in character Among them is named Mrs. Caroline Gilman, by birth a Bostonian, but living in the South, admired and admirable. The book appears to have been written and ready for the press in 1860, though published in 1866, being postponed by the rebellion and war.

From the same publisher we have a little library of War Literature, from a Southern Slaveholding standpoint; in other words, A Rebellion Record, written by intelligent and arpent rebels. The books are:

Southern History of the War. By E. A. Pollard, editor of the Richmond Examiner. 2 vols. large 8vo., 676 and 644 pages. It contains many portraits of rebel Generals and other magnates: and is valuable, showing, in the words of the last chapter, plainly, "that there was a widely spread rottenness in the affairs of the Confederacy, and that its cause went down in a general demoralization of the army and people." Yet it also shows, in various places, especially in the *Appendix*, the same false pride and foolish vanity that created the rebellion,—this part of the book evidently bearing some of the bitter fruits of the "President's policy."

Southern Generals: their Lives and Campaigns: by Wm. Parker Snow. 8vo., 500 pages. Containing portraits and sketches of eighteen Generals.

Raids and Romance of Morgan and his Men; by Sally Rochester Ford. 12mo., 420 pages, with a portrait of Morgan.

And last but not least, The Life of Stonewall Jackson; by a Virginian. 12mo., 300 pages, with portraits. This is the life of a brave man, worthy of a better cause, and is written by a personal friend and admirer of the hero of the tale.

EQUALIZATION OF SOLDIERS' BOUNTIES. Senator Wilson has reported from the Committee on Military Affairs his bill to provide for the equalization of bounties, with several amendments. Among them are the following:—

Sect. 1. Provides that "home guards" or other troops organized for local service, and now excluded from bounties by ruling of the War Department, shall not participate in the bounties provided for by this act.

Sect. 2. Provides that any soldier discharged from service on account of wounds received in battle, on picket, in skirmish or in line of duty else than actual conflict, shall be entitled to the same bounty as though he had served out his full term of enlistment; and if deceased, his widow or heirs shall be entitled to the same.

Sect. 3. Provides that any soldier who shall sell or barter away his final discharge papers shall receive no benefit whatever from the provisions of this act.

Sect. 5. Provides that no agent, attorney or third party shall be allowed to take part in the collection of claims for said bounty, except as hereinafter provided. Such claims must be presented within twelve months after the passage of this act to the Paymaster General, or claimants will be forever debarred from the benefit of this act.

Sect. 6. Provides that claims of widows and heirs of deceased soldiers shall be examined by the Second Auditor of the Treasury, and if presented by an agent or attorney, he shall make the oath that he has no interest whatever in said bounty beyond the fees for the collection of the same, which are fixed as follows: For the preparing and prosecuting of claims for collection and remittance of all sums not exceeding $100, ten per centum upon the amount collected, and for all sums exceeding $100, the sum of $10. Said fee to include all expenses except the necessary affidavits, which shall be defrayed by the claimants; and any agent or attorney who shall directly or indirectly charge more, shall be deemed guilty of a misdemeanor, and shall, upon conviction, be fined not more than $3000 nor less than $1000, and be forever prohibited from the prosecution of claims against the Government.

These provisions are good, and the bill should pass, as it probably will; and we hope it will not be vetoed,—but we should not be greatly surprised if it were.

THE FEAST OF THE PASSOVER.—This ancient Jewish festival, the feast of unleavened bread, commemorative of the deliverance from Egyptian bondage, began on Friday last, and will continue for eight days. During this festival, the Jews eat no kind of bread but cake of unleavened dough, called "mazzos." These are either round or square, and about a quarter of an inch thick, and are made simply with flour and water, not even salt being used.

THE CHOLERA IN MOBILE.—The Mobile Tribune says a genuine, unmistakable case of cholera has made its appearance in that city.

—All hail! the inventor of the J. Monroe Taylor Gold Medal Soap; it leaves all fabrics which are washed with it in a much better condition than any other soaps, besides making them much whiter and softer, and is a great saving in quantity as well as temper, and a gress promoter of comfort; it makes washing easy compared with any other soap. Try it; all the stores have it. Depot 112 Liberty street, New York. 6s

☞ We learn that H. B. Wilbur, Esq., for seventeen years treasurer of the Boston & Maine R. R., has tendered his resignation to take effect May 1. Mr. Wilbur's retirement would prove a serious loss to the Corporation, which in its frequent change of Presidents, has suffered for want of a continuing policy in regard to its management, and by reason of internal dissensions in its Board of Directors. Mr. Wilbur has been an excellent treasurer, and the Corporation ought not to permit his services to be dispensed with if possible to avoid it.

☞ In Rhode Island, Wednesday, Gen. Burnside was elected Governor by the united Republicans, having nearly all the votes thrown. The democratic party candidate, (we forget his name) got very few votes;—he was nominated by a committee, not by the Convention, which only resolved to to support President Johnson's policy;—and then did so by not voting for Gen. Burnside, who was the officer under whose command Vallandigham was arrested and tried.

ST. LOUIS CITY ELECTION.—Incomplete returns indicate that the Conservatives have carried their general city ticket by 2000 majority, and elected a large majority of both branches of the city council.

STRIKE OF SHIP CARPENTERS.—About two-thirds of the ship carpenters employed in the various yards at Greenpoint, N. Y., are on a strike for the eight-hour system, which is respected by the bosses.

☞ A young lady, Miss Kate Connelly, committed suicide on Sunday night, in Taunton, Mass., by throwing herself into the river. She had been spending the evening with some friends. On her way home, when crossing a bridge, she asked the young man who was accompanying her to walk on, while she re-tied her garter. He did so, heard her say "good bye," and jump into the stream. The young lady had been discharged from the State Lunatic Asylum in Taunton, about two years ago, and was probably suffering from a recurrence of insanity.

☞ The Nashville Press says that a man named Harper, the head of a gang of desperadoes, has notified the Union men of Sumner county, Tenn., that, as the troops are to be withdrawn, they must go with them. He says that the county is not large enough to contain himself and his sympathizers, and also the Union men and agent of the Freedmen's Bureau. Harper warned all the Union men not to remain, on peril of their lives. He openly defies the civil and military authorities.

—Fifteen years since a young man in Cleveland, seduced two girls, under promise of marriage. When the sisters found the injury done them was irreparable, for he could not marry both, they induced the young man to hold an interview with them in an isolated chamber and inflicted on him several wounds with a knife. The injuries were not fatal, but for fifteen years the fellow has been the inmate of a hospital in San Francisco.

—A Tennesseean, formerly a wealthy slave and land owner, now a resident of Arkansas, has notified Gen. Fiske of his intention to build school-houses on his large plantations for the colored people, and requests to be supplied with teachers by the Freedmen's Bureau.

—A Ward thus describes his perils at sea: "Deth stared us into the face. But we had rather the advantage of deth. While Deth stared us into the face, thar was about 70 of us starvin Deth into the face. The prospect wasn't plessin to us. Not much. I don't know how Deth liked it."

☞ Hall's Journal of Health for April contains sensible talk about Farm Houses, Chambers, Ice Houses, &c.

Special Notices.
IMPORTANCE OF HAVING DAVIS' PAIN KILLER ALWAYS ON HAND.
Wonderful Cure of the Rev. D. L. Brayton, Missionary in India, who was stung by a Scorpion.
Extract from his letter, published in the Baptist Missionary Magazine:
"For the first time since I have been in India I have been stung by a scorpion. I went out this morning to my exercises, as usual, at early dawn, and having occasion to use an old box, on taking off the cover I put my hand on a scorpion, which immediately resented the insult by bruising its sting into the palm of my hand. The instantaneous and severe pain which darted through the system is quite incredible; what an awfully virulent poison their sting must contain! I FLEW TO MY BOTTLE OF DAVIS' PAIN KILLER, and found it to be true to its name; after a moment's relief, I saturated a small piece of sponge, bound it on my hand, and went about my exercises, feeling no more particular inconvenience.

Perry's Moth and Freckle Lotion.
☞ Chloasma, or Mothpatch, (also called Liver-spot) and Lentigo, or Freckles, are often very annoying, particularly to ladies of light complexion, for the discolored spots show more plainly on the face of a blonde than of a brunette; but they greatly mar the beauty of either, and any preparation that will effectually remove them, without injuring the delicate color of the skin, is certainly a desideratum. DR. B. C. PERRY, who has made diseases of the skin a specialty, has discovered a remedy for these discolorations, which is at once prompt, infallible and harmless.
Prepared by B. C. PERRY, Dermatologist, No. 49 Bond Street, New York, and for sale by all druggists; price $2 per bottle. 1 all for
PERRY'S MOTH & FRECKLE LOTION.
Sold by all Druggists in Portsmouth and elsewhere. 1yendao—oct19

ROOT! ROOT! ROOT!
READ! READ! READ!
ROOT'S FESTACHINE preserves the life of the Hair, changes it from gray to its original color in three weeks; prevents the hair from falling; is the best article for dressing the hair ever found in market; will surely remove dandruff and cure all diseases of the scalp; is delightfully perfumed, cures baldness, and will not stain the skin. We tell the story quickly, and tell it true, when we say it is a perfect
Restorer and Dressing Combined.
No other preparation for the hair contains Festachine Nut Oil. Sold by all Druggists.

Lyon's Periodical Drops!
THE GREAT FEMALE REMEDY FOR IRREGULARITIES.
These Drops are a scientifically compounded fluid preparation, and better than any Pills, Powders or Nostrums. Being liquid, their action is direct and prompt, rendering them a reliable, speedy and certain specific for the cure of all obstructions and suppressions of nature. Their popularity is indisputable, as in fact from 100,000 bottles are annually sold and consumed by the ladies of the United States, every one of whom speak in the strongest terms of praise of their great merits. They are rapidly taking the place of every other female Remedy, and are considered by all who have used them, to be, as the surest, safest and most infallible preparation in the world, for the cure of all female complaints, for the removal of all obstructions of nature, and the promotion of health, regularity and strength. Explicit directions stating when they may be used, and explaining when and why they should not, nor could not be used without producing effects contrary to nature's chosen laws, will be found carefully folded around each bottle, with the written signature of JOHN L. LYON, without which none are genuine. **Price $1.50.**
Prepared by Dr. JOHN L. LYON, 135 Chapel Street, New Haven, Conn., who can be consulted either personally, or by mail, (enclosing stamp,) concerning all private diseases and female weaknesses. **Price $1.50 per bottle.**
Sold by Druggists everywhere.

which are produced in five minutes without injuring the fibres or staining the scalp, by

CRISTADORO'S HAIR DYE

Manufactured by J. CRISTADORO, No. 6 Astor House, New York. Sold by Druggists. Applied by all Hair Dressers. M28dawlm

BRANDRETH'S PILLS. COSTIVENESS, DIARRHEA.—They are taken up by the absorbents, and carried into the circulation, through which medium they are conveyed to every part of the body.

If the pain affects the joints, a single dose produces remarkable benefit. And the same rule applies to costiveness, diarrhea and dysentery; though with the last named they may be required night and morning for some days before decided relief is obtained. In affections of the lungs, throat, head and pleurisy, the relief is certain; the excretory organs throw off with ease the phlegm, and the breathing becomes freer. Spasmodic asthma is often cured by a single dose. mch28dawlm

A Cough, Cold, or Sore Throat

REQUIRES IMMEDIATE ATTENTION AND SHOULD BE CHECKED. IF ALLOWED TO CONTINUE,

Irritation of the Lungs, a Permanent Throat Affection, or an Incurable Lung Disease,

IS OFTEN THE RESULT.

BROWN'S BRONCHIAL TROCHES

CLOCK'S

Excelsior Hair Restorer

Is warranted to restore GRAY HAIR in all cases to its original color, whether black or brown.

It will not stain the skin or the finest linen.

It will instantly arrest the hair from falling off; cause a hair to grow on BALD HEADS when fallen off by disease; and is a complete dressing for the hair, keeping it moist and glossy and perfumed longer than any other preparation in the market.

This article is warranted to do as represented, or the money will be refunded. It is positively the greatest discovery in hair preparations of the age.

For sale in Portsmouth by J. H. THACHER, Apothecary, opposite the Post Office, and at No. 12 Market Square.

Also by WILLIAM R. PRESTON, Apothecary, 2 Congress Block.

FRANK B. CLOCK, Druggist and Chemist, Proprietor, Manchester, N. H. j4

Coal Ashes.

And other Door Yard gatherings, where easily accessible, will be removed promptly and neatly, on application to JOHN R. OXFORD.

Also small lots of MANURE, where Cows and Pigs are kept, will be purchased. mch21

Local.

☞ Of course we shall issue no Daily Chronicle on Friday.

☞ Mr. James Larrabee, the well known harness maker, has taken into the business with himself, his son, Mr. John T. Larrabee, (who is one of the best workmen on nice harnesses that we ever saw,) and his son-in-law, Mr. Hanscom; and the business will now be done under the firm name of J. Larrabee & Sons. They have removed to the new store on Congress street, opposite the Franklin House; where they have a large stock of fresh and nice goods in their line—and where their facilities for all sorts of work of the harness and carriage-trimming kind, and the manufacture of engine hose, &c., are better than ever. The name of J. Larrabee has always been regarded as a good guarantee for the excellence of the work; and we have no doubt that the addition to the title, will not detract from the deservedly high esteem of the old establishment.

CUSTOM HOUSE.—Aaron Young, Esq., who has for the five years last past occupied the position of Inspector of Customs at this port, has been appointed Weigher, Guager, Measurer and Inspector of Customs. Payne Durkee of Croydon (brother of the "Veteran" Reuel Durkee, Esq., so well known in this State as one of the prominent Republican party managers,) has been appointed Inspector of Customs, in place of C. C. Whittemore, Esq., and entered on his duties Tuesday. Joseph B. Upham, Esq., and Hon. Jonathan Dearborn have also been re-appointed respectively Collector and Naval Officer.

☞ The Philharmonic Society's Concert to-night, at the Temple, will embrace a pleasing variety of fine music; and beyond question, will be one of the best entertainments of the kind ever given by our home talent. There will be no postponement, even if the weather is not favorable. For programme, see bills; and recollect that the entertainment is announced to commence at quarter past 7.

☞ The week promises a feast to lovers of music. Beside the Philharmonic Concert this evening, it will be seen that we are to have two others by the South Reading Quartette Club, a rather celebrated musical organization, assisted by Madame Wiley of California, of whom a correspondent says "This lady's voice is of great compass and flexibility. She speaks directly to the soul, entrancing all her listeners with melody almost divine. She is one of the best vocalists in this or any other State, and sings high E flat with easy and beauty of tone." Some of the other members of the Club are well known to the musical of this city.

OBSTRUCTION ON SIDEWALKS.—A Newburyport correspondent of a Boston daily says:

"Every city is more or less infested with street loafers, who "most do congregate" upon the street corners and in public places, to amuse themselves with slang phrases and insulting remarks upon passers-by, particularly the females. Newburyport, I am sorry to say, is notoriously guilty in this respect, but of late the police have been specially instructed to abate this nuisance, and signs of improvement are manifest. Keep moving, boys."

Portsmouth is not an exception to these practices, but, as in Newburyport, "of late the Police have been specially instructed to abate this nuisance," and signs of improvement are manifest. "Keep moving, boys."

☞ We understand that Mr. Frank W. Ham has retured to his old quarters in Mr. H. S. Bodge's Watch and Jewelry establishment; and that Mr. Bodge is selling off his stock at greatly reduced prices, to make room for new Spring goods. Bodge says he can beat the times on his clocks; and that while he acknowledges that his store is No. 1, yet although located on High street, his prices are lower than the lowest.

☞ The steamer Emerald, which runs between this city and the Navy Yard, has been hauled up for repairs, and the numerous writers attached to the Yard will thereby receive the benefit of a little pedestrian exercise.

SEIZURE OF LIQUOR.—Collector Upham having had his suspicions aroused that liquor was being smuggled from Canada into this State, instructed Inspector Aaron Young to make investigations in the premises,—the consequence of which thus far is that Mr. Young has seized a quantity of liquor at Manchester, supposed to be contraband. The way it is brought from Canada is to pack kegs in barrels of beans.

☞ The U. S. frigate Lancaster, Commodore George F. Pearson, left San Francisco recently for this coast. She was obliged to put back in distress, leaking badly; was docked at Mare Island and pronounced unseaworthy, and it is probable that her officers will be sent home overland or by the way of the Isthmus.

☞ The County Commissioners held a meeting at the City Hall (?) on Wednesday, to hear the question of the new road to Newington argued, and the Commissioners went over the route proposed.

☞ Auctioneer Wendell is to sell, on Friday morning, on the premises, the furnishings and fixings of "the late" oyster saloon in rear of Jefferson Market.

Business Notices.

A general opinion—that though many articles will not prevent the hair falling, PETACHINE always does.

THE LADIES', Gentlemen's, Misses' and Children's Boots and Shoes at T. E. MOSELEY & CO.'S, Summer street, Boston, include their usual assortment of excellent styles for this season's wear. 38

JUST THE WEATHER FOR YOUNG DUCKS, but very bad for consumptives and people predisposed to pulmonary weaknesses. To all such the spring season is very trying, and great care should be taken to keep the body dry and warm, and all irritation of the throat and bronchial tubes allayed at once. The soothing properties of Coe's Cough Balsam render it the consumptive's best friend, while all recent cases very readily yield to its curative power. It is pleasant, safe, sure and cheap. a2-eodawlw

Holloway's Pills and Ointment.—Faster for one Million—By a recent enactment of the French government, these medicines are admitted free of duty into all ports of France. They are extensively employed in the public and military hospitals throughout the Empire. The Emperor has signified his appreciation of their virtues in an autograph letter to Dr. Holloway. During the late campaign in Italy, large quantities were used for the wounded at Brescia and Monteebiaro. Sold by all Druggists.

Cherry Hill Nurseries,
dawtf—mh13 West Chester, Pa.

To the Honorable Judge of Probate for the County of Rockingham:

Respectfully represents SUSAN F. BOWLES, Administratrix of the estate of JAMES W. BOWLES, late of Portsmouth, in said County, deceased; that the personal estate of the said deceased is not sufficient to pay the demands against the same; that the said deceased died seized of the right of redeeming certain mortgaged real estate, situate in said Portsmouth, bounded and described as follows: North by Middle street, East by land of Lewis E. Smith, South by land of seth W. Tripe and William Plaisted, and West by land of Albert Hays.

Wherefore she prays she may be licensed to sell at public auction the right of redeeming said mortgaged estate, subject to any and all rights of Dower and of Homestead in the same. Also that she may have license to sell the reversion in said Dower and Homestead.

Dated the 19th day of March, A. D. 1866.

SUSAN F. BOWLES.

ROCKINGHAM, SS. Probate Court at Portsmouth in said County, March 20th, A. D. 1866.

Upon the foregoing Petition it is *Ordered*, that a hearing be had thereon at a Court of Probate to be holden at Portsmouth in said County, on the second Tuesday of May next, at ten o'clock A. M.; and that the Petitioner notify all persons concerned or interested therein to appear at said Court, and show cause if any they have, why the prayer of said petition should not be granted, by causing said petition and this order to be published three weeks successively in the DAILY MORNING CHRONICLE, a newspaper printed at Portsmouth in said County, the last publication whereof to be at least thirty days prior to said Court.

By order of the Judge.

ABSTRACT OF THE
21st ANNUAL STATEMENT
—OF THE—
Mutual Benefit Life Insurance Co.,
January 1st, 1866.

Balance per statement Jan. 1, 1865..$6,774,867.60
Am't premiums rec'd in 1865....$3,029,057.21
" interest rec'd and accrued.... 679,278.30
Total income in 1865.....3,708,335.51
Total disbursements, including claims by death and dividends to policy-holders.....1,433.603.51
Net increase in 1865.....2,374,672.00
Total Assets Jan. 1, 1866.....9,049,539.60
Whole am't of claims by death, paid to Jan. 1, 1866.....$4,256,579.89
Whole am't of dividends paid to Jan. 1, 1866.....$2,744,216.21
Total No. Policies Jan. 1, 1866.....21,921
Am't insured during the year 1865..$21,027,484.00

The Directors have, from the *Surplus on hand*, declared a Dividend of **50 per cent.**, and have also ordered the payment of the Eighteenth Dividend (50 per cent.) to the Members, when their annual premiums become due, during the year 1866.

HENRY A. YEATON,
feb18 Agent for Portsmouth and Vicinity.

WHICH IS THE
Leading Life Insurance Comp'y
IN THE UNITED STATES?
Which is the Safest and the Cheapest?

The following figures are from the later Reports of the New York Insurance Commissioner, showing the "amount of business" of the

MUTUAL BENEFIT
LIFE INSURANCE COMPANY,

to be the *largest*, the "expenses of management" the *smallest*, the "ratio of Assets to Liabilities," or the *security* furnished to its members, the *largest* of any life institution in the country.

Premiums received in 1864.....$2,089,072
" " " 1865.....3,029,087
Ratio of expenses to premiums rec'd in '64..12.96
" " " " " "'65..11.16
Ratio of assets to liabilities, Jan. 1, 1865....121.85

The inevitable conclusion from these official facts, is that the

MUTUAL BENEFIT LIFE
Insurance Company
IS THE BEST AND THE CHEAPEST.

Because its NET ASSETS are proportionably LARGER than those of any other Life Insurance Company in the United States.

Because its "Managing Expenses" are LESS, and it has a LARGER SURPLUS to divide among its members than any Company in the United States.

QUERY. Will some one inform the public of that mysterious process by which a Company with a surplus proportionably much small, expenses *very much* larger than another, can yet divide *more* to its members, and insure them at *less cost?* How is it done? Where does the money come from?

Every intelligent man will see at once that it *cannot be done.* Let we have Agents among us that make this their boast.

Any one disposed or intending to insure can be furnished with the requisite information by applying to

HENRY A. YEATON, Agent.
Portsmouth, March 27, 1866.—3mdaw

Important.

DR. STEVENS, No 5 Daniel Street, would give notice that he has REDUCED the price of Permanent Sets of ARTIFICIAL TEETH on the Vulcanite Base, to that charged for them before the war.

He would also give notice that he is doing a new style of work for Under Sets of Teeth, called the COMBINATION BASE (Gold and Vulcanite) which produces by far the finest work offered to the public. The price is something in advance of that charged for the Vulcanite alone, but the strength, durability, ease of beating, and beauty of finish obtained by it, more than double the value of the teeth. mh12

GEORGE F. WEED,

S-u-r-g-e-o-n D-e-n-t-i-s-t,

FIRST ASSISTANT in the Office of DR. STEVENS, No. 5 DANIEL STREET.

DR. WEED can be found at his place of business at all hours of the day and night, for the performance of any of the operations that come within the call of his profession.

Dr. A. P. STEVENS, No. 5 Daniel St., makes the saving of ULCERATED and painful front teeth, a specialty in his business. He also succeeds in restoring to their natural shape broken or badly decayed teeth, by building out corners and sides with PURE GOLD. (In many cases teeth so restored are as strong as any of their brother members, and in all cases are rendered eminently useful for a long series of years.) DISEASED TEETH, in all stages, treated, and in a very large majority of cases entire success attained.

Charges for such operations necessarily high, but nothing in comparison to the value of the teeth. mch14

Valuable Real Estate

AT AUCTION.

(By virtue of a License from the Hon. Judge of Probate for the County of Rockingham,)

On TUESDAY, April 17, at 12 o'clk M.,

on the premises.

The Real Estate of the late CHARLES W. WALKER, of Portsmouth, deceased. Said property will be sold in three separate lots or parcels, viz:

The First Lot to consist of the well known MARKET STREET HOUSE, situated on the corner of Market and Green streets, with land connected therewith, bounded 69½ feet more or less on Market street, 108 feet *more or less* on Green street, 106 feet *more or less* by Lot No. 2, 107 feet more or less by land formerly of James Pickering, land of James Junkins and others; the lot containing 8929 feet, more or less.

The Second Lot consists of land on Green street bounded 38 feet more or less on Green street, 110 feet more or less by land of Estate of George Cheeley, 35 feet more or less by land formerly of James Pickering and others, and 106 feet more or less by lot No. 1; the whole lot containing 3926 feet, more or less.

The Third Lot to consist of the Stable lot, so called, on Green street, with the stable and Office building thereon. The lot is bounded southerly about 35 feet on said Green street, easterly about 72 feet on land of E. S. Wendell, northerly about 50 feet on Railroad land, and westerly by Railroad land and adjoining cemetery; containing about 2710 feet. The Stable is 38 by 36 feet, and the office-building 10 by 10 feet.

The above offers a rare chance for capitalists or others. The property is pleasantly situated on one of the main avenues of the city. The "MARKET STREET HOUSE" is large and well calculated, conveniently situated for a Hotel or large Boarding House, and has been occupied as such for many years. It contains 19 rooms and attic, and also a store. The Stable has been used, and is a good location for a Livery Stable.

If desirable, a portion of the purchase money can remain on a mortgage of the premises.

For further particulars inquire of A. M. EDMONDS, Portsmouth; C. W. STINSON, Kittery, Me., Guardian of the minor heirs, or of the subscriber. JOSEPH P. MORSE.

Important to the Afflicted.
DR. DOW continues to be consulted at his office, No. 7 and 9 ENDICOTT STREET, BOSTON, on all diseases of a PRIVATE OR DELICATE NATURE. By a long course of study and practical experience of unlimited extent, Dr. D. has now the gratification of presenting the unfortunate with remedies that have never been the first introduced them, *failed to cure* the most alarming cases of GONORRŒA AND SYPHILIS.
SEMINAL WEAKNESS.—Dr. Dow devotes a great part of his time to the treatment of those cases caused by a secret and solitary habit, which ruins the body and mind, rendering the unfortunate individual for business or society. Patients who wish to remain under Dr. Dow's treatment a few days or weeks, will be furnished with pleasant rooms, and charges for board moderate.—Medicines sent to all parts of the country, with full directions for use, on receiving *description* of your cases. Dr. Dow has also for sale the French Capotes, warranted the best preventive. Order by mail. Three or $1 and a red stamp.
Highly Important to Females
IN DELICATE HEALTH.
Dr. DOW, Physician and Surgeon, No. 7 Endicott Street, Boston, is consulted daily for all diseases incident to the female system. Dr. Dow has no doubt had greater experience in the cure of diseases of women than any other physician in Boston. Boarding accommodations for patients who may wish to stay in Boston a few days under his treatment. Dr. Dow, since 1845, having confined his whole attention to an office practice for the cure of Private Diseases and Female Complaints, acknowledges no superior in the United States.
N. B.—All letters must contain one dollar, or they will not be answered. Office hours from 8 A. M. to 9 P. M.
CERTAIN CURE
in all cases, or No Charges Made.
Among the physicians in Boston, none stands higher in the profession than the celebrated Dr. DOW, No. 7 Endicott street. Those who need the service of an experienced physician and surgeon should give him a call.
P. S.—Dr. Dow imports and has for sale a new article, called the FEMALE SECRET. Order by mail. Two for $1 and a red stamp.
Boston, April 7, 1865. eod&wl

SUFFERERS
From Dyspepsia
READ! REFLECT!! ACT!!!
TARRANT & CO
Gentlemen, I am a resident of Curacoa, and have often been disposed to write to you concerning the real value of your SELTZER APERIENT as a remedy for indigestion and dyspepsia. I desire to express to you my sincere gratitude for the great benefit the SELTZER has done my wife.
For four or five years my wife has been sadly afflicted with dyspepsia, and after being under the treatment of several Doctors for two or three years, she was finally induced to seek the advice of a learned Physician, Doctor Cabinis, of Venezuela, who immediately treated her with your EFFERVESCENT SELTZER APERIENT. She began to improve at once and is now PERFECTLY WELL.
I feel it to be my duty for the good of humanity to make this statement, feeling that a medicine so valuable should be widely known.
Trusting that you will give this publicity, and repeating my earnest gratitude and thanks,
I am very respectfully yours,
S. D. C. HENRIQUEZ,
Merchant, Curacoa, S. A.
New York, June 28th, 1865.
WE ASK
The suffering millions in our land to give this remedy a trial, convinced that by its timely use many may be relieved, many cured of
Dyspepsia, Heartburn, Sour Stomach, Sick Headache, Dizziness, Indigestion, Piles, Costiveness, Bilious Attacks, Liver Complaints, Rheumatic Affections, &c.
Read the Pamphlet of Testimonials with each bottle, and do not use the medicine against the advice of your Physician.
MANUFACTURED ONLY BY
TARRANT & CO.,
278 Greenwich Street, New York.
☞ FOR SALE BY ALL DRUGGISTS.

DUTCHESS NURSERIES
POUGHKEEPSIE, NEW YORK,
FERRIS & CAYWOOD, Proprietors.
We call the attention of our customers and the public to our stock of GRAPE VINES, which is larger than ever before, having had over twenty years' experience in the management of Vineyards and the propagation of Vines, and our present stock having been grown from bearing wood only, with constant care during the season, we think they will compare favorably with any others that are offered for sale.
Our stock of MONTGOMERY VINES is very large, and very fine, having had over twenty years' experience in the management of Vineyards and the propagation of Vines, and our present stock having been grown from bearing wood only, with constant care during the season, we think they will compare favorably with any others that are offered for sale.
We will give a brief description: White, a seedling of the White Chasselas, an unparalled grower and bearer, clusters often weighing two pounds, with a mild subacid flavor. It is classed with the hardy grapes, but we protect it in winter as we do all other varieties in this part of the State.
Our stock of the various kinds of EVERGREEN and DECIDUOUS TREES is very large, and is offered at moderate prices; and at very low rates by the quantity, to those who are laying out and improving their places, cemeteries, or public grounds, and to nurserymen. We challenge competition.
Grape Vines.
"DELAWARE"—Grown in open border. No. 1, one year old, 30 cents each, $25 per 100; No. 2, ditto, 25 cents each, $20 per 100; No. 3, ditto, 20c each, $10 per hundred; well grown vines in pots 25c each, $15 and $20 per 100.
"MONTGOMERY"—No. 1, one year old in border, very strong plants, many equal to two years' growth, $1 each, $80 per 100; No. 2, one year old, good plants, 75c each, $65 per 100.
"REBECCA"—No. 1, one year old in pots, 30c each, $25 per hundred; No. 2, ditto, 25c each, $20 per hundred.
"ALLEN'S HYBRID"—2 years old, $1.50 each; 1 year old, 50c to 75c each, $40 per hundred.
"CUYAHOGA"—No. 1, two years, 25c each, $20 per hundred; No. 2, ditto, 20c each, $15 per hundred.
"CREVELLING"—No. 1, in open borders, 50c each, $40 per hundred; No 2, ditto, 40c each, $30 per hundred; No. 3, ditto, 30c each, $20 per hundred.
"ROGERS' HYBRID"—Nos. 3, 9, 15, 33—50c and 75c each; two years old, $1 to $1.50 each.
"UNION VILLAGE"—No. 1, in open border, 50c each, $35 per hundred; No. 2, in pots (strong) 30c each, $30 per hundred.
"ISONA and ISABINDAC"—One year old, from eyes, No. 1, $1 to $1.50 each; No. 2, 75c to 90c each; No 3, 50c each. mch20

Reputation Established!
Mrs. S. A. Allen is truly a public benefactress, and her wonderful success is unprecedented. Her fame and her discoveries have gone abroad, and to-day she is in her line the largest manufactureuss in the world.
Everybody Interested.
Youth and old age are alikebenefited by the use of Mrs. S. A. Allen's World's Hair Restorer and Hair Dressing. They act directly upon the roots of the hair, causing luxuriant growth and beauty. Your hair, if changed to grey or white by sickness or other causes, will soon be restored to its natural color and beauty. Dandruff eradicated forever. The Hair falling stopped. The most delicate head-dress or bonnet can be worn without fear of soiling. The most delightful fragrance to the hair is imparted. If you wish to restore your hair, as in youth, and retain it through life, without delay purchase a bottle of Mrs. S. A. Allen's World's Hair Restorer and Dressing.
Sold by Druggists throughout the World.
PRINCIPAL SALES OFFICE,
198 & 200 Greenwich St., New-York.

Lodi Manufacturing Company's
POUDRETTE,
AGENT FOR NEW HAMPSHIRE,
J. F. SHORES, Jr.,
No. 38 Market Street (Up Stairs.)
The advantages of Poudrette as a manure may be stated as follows:
First, Its Economy. The *cost* of the manure compared with its *effects* is less than that of *any other fertilizer* in market. It can be bought and applied for the same money with it would cost only to apply farm-yard manure. It is portable, containing great strength in a small compass, and needs no extra care in its application; the mere contact with the seed the better and quicker it works. $4.50 worth at our retail price (or two barrels) will manure an acre of corn in the hill, add from one-quarter to one-third to the crop of oat, and will *mature* the crop from two to three weeks earlier. *No worms* will stay in the hill where the Poudrette is placed. *No weeds of any kind will germinate*, and crows are very shy of plucking it out of the hill. On Corn, Tobacco and Garden Vegetables it has no equal. When the leaf and growth of the Tobacco plant is large, it has not the coarseness of fibre which is produced by Peruvian Guano, and it has taken the lead in this crop in Connecticut, and has begun to be appreciated in Maryland.
It is famous for producing larger and finer potatoes than anything else, and the stories told about Onions, their large growth &c., are almost beyond credence. Flowers and plants are much improved by the application of Poudrette.
Another great consideration is the season of the year when the corn is planted. It is a time when every spring crop must be put in, and if the corn not only planted, but up and grown sufficiently for the last hoeing and planting, before the commencement of grass and hay harvest. The celerity and dispatch with which a large crop of corn is put in and poudretted, the rapid growth and consequently the early opportunity of working among it—the small chance for weeds, owing to the shade it affords, and the fact that the *Poudrette, amidst other manures, releases so seed that can germinate*, and consequently less trouble required to clean it—are all important advantages. The corn will ripen two weeks earlier, and the yield will be much greater.
The same remarks apply to Sorghum and Broom Corn.
For grass, where it is about to be laid down to lawn, or for several years, a top dressing of Poudrette will be found invaluable.
It is from the great strength in the place, that Poudrette is not like some quack medicines warranted to cure all kinds of diseases. It must be used with judgment, and a reasonable quantity will produce a reasonable effect.
Poudrette will answer no better than other manures on wet, sour, undrained land, and in seasons of drought. In other words, Poudrette is an invaluable substitute for barn-yard manure, and can be used with great and lasting effect upon most spring crops, but it will neither work miracles, drain the land it is put upon, nor cause rain to fall in time of drought.
Price per barrel $4.25—delivered at any part of the city, or at any depot or wharf.
Important Notice!—When Poudrette is spoken of, we mean "LODI POUDRETTE," which has now stood the test of twenty-six years' trial; and when buying, *be sure and get that kind!*
A descriptive pamphlet may be had on application. mh19

ISRAEL MARDEN & CO.,
No. 39 Congress St., Portsmouth, N. H.,
—DEALERS IN—
S. Vance's Submerged Well PUMP.
This unsurpassable invention, now being first introduced, will, it is believed, supersede all other Well Pumps now in use.
ITS ADVANTAGES.
FIRST, SIMPLICITY.—This Pump is composed of but three parts, and is as simple in its construction that any one can easily put it together.
SECOND, DURABILITY.—Its peculiar construction, and the fact that it is always submerged combine to make it the most durable of all Pumps yet invented.
THIRD, NEVER FREEZES.—The valves are so constructed that, when not in motion, they sink below all the water above to pass down into the well, and thus prevent freezing.
FOURTH, POWER.—For the amount of power applied, this Pump excels anything else. It throws one-third part more water than ordinary pumps, and works so easily that even a child can pump without fatigue. It is in this way the greatest labor-saving pump now offered to the public.
FIFTH, IT IS INVALUABLE.—For a well pump it is invaluable, as all the iron which is submerged consists of but three small pieces, and these galvanized. It can in no way corrode, consequently it brings up pure water at every stroke.
SIXTH, CHEAPNESS.—This Pump is so made that it costs but a trifle, and is warranted to keep in use for years. No repairs at all are needed. It is very light, and thus the cost of transportation is very small.
☞ Manufactured by S. VANCE & CO., No. 31 Liberty Street, Newburyport, and for sale in Portsmouth by the Sole Agents for N. H.,
ISRAEL MARDEN & CO.,
39 Congress Street.
☞ We are permitted to refer to Mr. MONROE HOLMES and to Mr. FRANK W. MILLER of the Daily Chronicle, who have been using a pump in use on their premises,—for testimony to their excellence.
Portsmouth, Oct. 16th, 1865.

CHEROKEE PILLS,
Or Female Regulator,
Cure *Suppressed, Excessive and Painful Menstruation, Green Sickness, Nervous and Spinal Affections, Pain in the Back, Side, Headache, Giddiness*, and all diseases that spring from irregularity, by removing the cause and giving the effects that arise from it. They are perfectly safe in all cases, *except when forbidden by the directions*, and are easy to administer, as they are nicely *sugar coated*. They should be in the hands of every Maiden, Wife, and Mother in the land.
Ladies can address us in perfect confidence, and state their complaints in full, as we treat all Female Complaints, and prepare Medicines adapted to the case, which they are sent to you. —Thirty-two page pamphlet, in a sealed envelope, free.
The Cherokee Pills are sold by all druggists at $1 per box, or six boxes for $5; or they are sent by mail, free of postage, in an ordinary letter, free from observation, by addressing the sole proprietor,
Dr. W. R. MERWIN, 37 Walker St., N. Y.
N.B.—Cherokee Pills No. 2 are prepared for *special cases*, when milder medicines fail; these are sent by mail, free of postage, on receipt of $5, *the price of each box.*

DR. WRIGHT'S
REJUVENATING ELIXIR,
Or, Essence of Life,
Cures *General Debility, Weakness, Hysterics in Females, Palpitation of the Heart and all Nervous Diseases.* It restores new life and vigor to the aged, causing the hot blood of youth to course the veins, restoring the *Organs of Generation, enlarged with new life—so does this Elixir restore Debility, restoring Manliness to the system and full vigor*, thus proving a *overcome disease.* Sample of "Elixir of Love," removing *Sterility* and Barrenness in both sexes. To the young, middle-aged, and aged, there is no greater boon than this! Elixir of Life. It gives a new lease of life, causing the weak and debilitated to have renewed strength and vigor, and the entire system to thrill with joy and pleasure.
Price, one bottle $3; three bottles $8; sent by express to any address.
Our medicines are sold and recommended by all respectable druggists in every part of the civilized globe; some unprincipled dealers, however, try to deceive their customers by selling cheap and worthless compounds in order to make money. Be not deceived—ask for these medicines and take no others. If the druggist does not keep them, write to us, and we will send them by express, carefully packed, free from observation. We will be pleased to receive letters with full statements in regard to any disease with which ladies or gentlemen are afflicted. Address all letters for medicines, pamphlets, or advice, to the sole proprietor,
Dr. W. R. MERWIN, 37 Walker St., N. Y.

The Old Established Hospital.
No. 5 Beaver Street, Albany, N. Y.
QUICK CURES AND LOW PRICES.
over Twenty Thousand Patients Cured Annually!
DR. J. TELLER continues to be confidentially and successfully consulted on all forms of private diseases, at his old Established Hospital, No. 5 Beaver Street, Albany, N. Y. Twenty years devoted to this one particular branch of practice, enables him to perform cures such as no other Physician can, and his facilities are such (being in correspondence with the most eminent Physicians of the Old World,) of obtaining the safest as well as the latest remedies for these diseases, offer inducements to the unfortunate of a quick and rapid cure, to be obtained at no other office in America.
In Syphilis, Gonorrhœa, Gleet, Stricture, Enlargement of the Testicles and Spermatic Cords, Bubo, Ulcerated Throat, Sore Nose, Venereal Bones, Cutaneous Eruptions, Boils, Ulcers, Abscesses, and all other impurities of the system, are perfectly under the control of the Doctor's Medicines, and have been tested in more than 20,000 cases annually, with immense Success.
YOUNG MEN AND MARRIED MEN.
Young Men addicted to secret habits, who have impaired their healths and destroyed the vigor of their minds, thus depriving themselves of the pleasure of the Married Life, are notified that in consulting Dr. J. Teller, they will find a friend to console and a Physician who has cured thousands, in almost every part of the United States, who applied to Dr. T. broken down in health, now rejoice in all that makes life desirable and happy. The Doctor's long course has shown that the delicacy of this subject will prevent a more minute description of this terrible disease.
Dr. J. TELLER'S MARRIAGE GUIDE,
which they are sent free of charge.
A book for everybody.—Startling disclosures. DR. TELLER'S great work for the Married or those contemplating marriage—200 pages—full of plates—price 25 cts. Sent to all parts of the world, by mail, post paid. 50,000 copies sold the past year. This book is intended and the Married Happy. A lecture on Love; or how to make a Partner—a complete work on Midwifery, it contains hundreds of secrets, never before published.—Warranted to be worth three times the amount asked for it. 25 cents, in specie or postage stamps inclosed, will secure a copy by return mail. Dr. Teller has devoted a lifetime to the cure of those diseases upon which his books treat
TO THE LADIES.
DR. TELLER still remains the only Agency in America, for the sale of Dr. Vichol's Italian Female Monthly Pills. The sale of more than 20,000 boxes establishes their reputation as a female remedy, unapproached, and far in advance of every other medicine—for stoppages, irregularities, and all obstructions in females.
CAUTION.—Married ladies in certain delicate situations should avoid their use. For reasons see directions which accompany each package, for the guidance of patients. On the receipt of $1, (the price per box,) these Pills will be sent by mail or express, to any part of the world, secure from curiosity or damage.
Office hours from 8 A. M. to 8 P. M., and on Sundays from 9 to 6 P. M.
N. B.—Persons at a distance can be cured at home by addressing a letter to Dr. J. Teller, enclosing a remittance. Medicines securely packed from observation, sent to any part of the world. All cases warranted. No charge for advice.—N. B.—No students or boys employed. Notice this address all letters to

The Chronicle.

A RICH VERMONTER.—Mr. Franklin Stearns, the richest man in the Old Dominion, under the new regime, is a Vermonter, who has passed thirty years in Richmond, been twice married, and who is now worth, in real estate and cash, a million and a half of dollars. He was a violent Unionist, suffered in Castle Thunder, and never kept Confederate scrip a week in his pocket; but loaned it for mortgages on all the farm lands around. Every day enriches him, and as the benefits of freedom and peace are fully developed, he will probably be the proprietor, by the enhanced value of his lands, of twelve or fifteen millions. His mother is living—a merry-eyed and handsome lady of seventy—who talks in the shrewdest Vermont idiom, and is a battery in herself, cut from the Green Mountains. Stearns is one of the most exceptional men of wealth we have. His life is without meanness or a lie; he is sagacious, but not educated, and his residence, on the slope of the James river, is singularly simple and beautiful. He owned negroes to the day of emancipation, is a Johnson Republican, and never took the rebel oath.

— There is a trouble in the Protestant Episcopal Church in Paris street, East Boston; one party called in the Police; and the two parties held *ex-parte* meetings, on the evening of Easter Monday. Each party claims to be the Church.

—A Chicago correspondent of the Springfield Republican, speaking of the remains of bodies found in the first named city, says: "It is pleasant to know that bodies are dissected and thrown into the lake from which we draw our water for consumption. It must be pleasant for people who have recently lost friends, to reflect that in drinking their tea they may be imbibing a mild decoction flavored with a tincture of the one lost."

— A wag, speaking of the cruel treatment of a child by its mother, says: "The child should at least have the careful attention of some one, or it will be prematurely added to the kingdom of Heaven, and thus perhaps, permanently separated from his kin-dred."

THE LIGHT OF THE WORLD.
DR. MAGGIEL'S
PILLS AND SALVE
These Life-giving remedies are now, for the first time, given publicly to the world. For over a quarter of a century of private practice the ingredients in these
Life-giving Pills!
Have been used with the greatest success. Their mission is not only to prevent disease, but to cure. They search out the various maladies by which the patient is suffering, and re-invigorate the failing system. To the aged and infirm a few doses of these valuable PILLS will prove to be
A Very Fountain of Youth,
For in every case they add new life and vitality, and restore the waning energies to their pristine state. To the young and middle aged, they will prove most invaluable, as a ready, specific, and sterling medicine. Here is a dream realized, that Ponce-de-Leon sought for three hundred years ago, and never found. He looked for a fountain that would restore the old to youth and make youth ever
AN ETERNAL SPRING!
It was left for this day and hour to realize the dream, and show, in one glorious fact, the magic that made it fair.
These Famous Remedies
Cannot stay the flight of years, but they can force back, and hold aloof, diseases that might triumph over the aged and the young. Let none hesitate then, but seize the favorable opportunity that offers. When taken as prescribed—
FOR BILIOUS DISORDERS
Nothing can be more productive of cure than these Pills. Their almost magic influence is felt at once; and the usual concomitants of this most distressing disease are removed. These remedies are made from the purest
VEGETABLE COMPOUNDS.
They will not harm the most delicate female, and can be given with good effect in prescribed doses to the youngest babe.
For Cutaneous Disorders
And all eruptions of the skin, the SALVE is most invaluable. It does not heal externally alone, but penetrates with the most searching effects to the very root of the evil.
DR. MAGGIEL'S PILLS
Invariably Cure the Following Diseases.
Asthma,
Bowel Complaints,
Coughs,
Colds,
Chest Diseases,
Costiveness,
Dyspepsia,
Diarrhœa,
Dropsy,
Debility,

BULL & FISHER, Proprietors.

That Noble Animal, The Horse,
Will be better every way if fed occasionally a spoonful of
ALDEN'S CONDITION POWDERS.
They will cure most of the diseases to which horses and cattle are liable, increase the appetite and spirits, and, with respectable grooming, give a bright, glossy appearance to the hair. They are the result of actual and long continued experiment, are prepared with the utmost care, from the very best material, and guaranteed vastly superior to anything known. Many Vermont gentlemen, owners of fine horses, buy them by the dozen, and give them freely. As a consequence, their horses are always in good condition and spirits, and remarkable for their smooth, shining coats. For sale by merchants everywhere. **L. L. Dutcher & Son,** St. Albans, Vt., proprietors; Demas, Barnes & Co., New York; John F. Henry & Co., Waterbury, Vt., Wholesale Agents.

MAKE YOUR OWN SOAP with B. T. BABBITT'S PURE CONCENTRATED POTASH, or READY SOAP MAKER. Double the strength of common Potash, and superior to any saponifier or lye in the market. Put up in cans of one, two, three, six, and twelve pounds, with directions in English and German, for making Hard and Soft Soap. One pound will make fifteen gallons of Soft Soap. No time is required. Consumers will find this the cheapest Potash in the market. B. T. BABBITT, 64, 66, 68, 67, 68, 69, 70, 72 and 74 Washington street, N. Y.

NEW ADVERTISEMENTS.

☞ A PHYSIOLOGICAL VIEW OF MARRIAGE, containing nearly 300 pages, and 130 fine PLATE ENGRAVINGS of the Anatomy of the Human Organs in a state of Health and Disease, with a treatise on Early Errors, its Deplorable Consequences upon the Mind and Body, with the Author's Plan of Treatment—the only rational and successful mode of cure, as shown by the report of cases treated. VINELAND
FARM AND FRUIT LANDS,
In a mild and healthful climate. Thirty miles *south* of Philadelphia by Railroad, in New Jersey, on the same line of latitude as Baltimore, Md.
The soil is rich and *productive*, varying from a clay to a sandy loam, suitable for Wheat, Grass Corn, Tobacco, Fruits and Vegetables. This is a *great fruit country*. Five hundred Vineyards and Orchards have been planted out by experienced fruit-growers. Grapes, Peaches, Pears, &c., produce immense profits. Vineland is already one of the most beautiful places in the United States. The entire territory, consisting of fifty square miles of land, is laid out upon a general system of improvements. The land is only sold to actual settlers with provision for public adornment. The place, on account of its great beauty, as well as other advantages, has become *the resort of people of taste*. It has increased five thousand people within the past three years. Churches, Stores, Schools, Academies, Societies of Art and Learning, and other elements of refinement and culture have been introduced. Hundreds of people are constantly settling. Hundreds of new houses are being constructed. Price of Farm land, twenty acre lots and upward, $25 per acre. Five and ten acre and Village lots for sale.
Fruits and Vegetables ripen earlier in this district than in any other locality north of Norfolk, Va. Improved places for sale.
Opening for all kinds of business. Lumber Yards, Manufactories, Mechanics, Doctors, and the like; and Steam Power, with room, can be rented.
For persons who desire mild winters, a healthful climate, and a good soil, in a country beautifully improved, abounding in fruits, and possessing all other social privileges, in the heart of civilization, it is worthy of a visit.
Letters answered, and the Vineland Rural, a paper giving full information, and containing Reports of Solon Robinson, sent to applicants.
Address CHAS. K. LANDIS, Vineland P. O., Landis Township, New Jersey.
From Report of Solon Robinson, Agricultural Editor of The Tribune: *It is one of the most extensive fertile tracts, in an almost level position and suitable condition for pleasant farming that we know of this side of the Western Prairies.* nl—dawtm

Morning Chronicle.

Portsmouth, N. H.

SATURDAY, APRIL 7, 1866.

☞ The N. Y. Herald, in urging the people of Connecticut to vote for English, said:—

"The President's party believes in conducting this Government for the benefit of forty millions of White people, and of all people of other complexions who may seek its protection; the party opposed to him would build up an aristocracy of three million negroes, having peculiar rights and privileges, and superior to White men in every legal respect."

We do not see how the utterance of such deliberate, atrocious, scoundrelly falsehood is to be properly or effectually rebuked otherwise than by the good old Anglo-Saxon salutation, "You lie!" Most certainly, the writer *does* lie, *means* to lie, and purposes to influence votes by lying. Then why should not that be distinctly, unequivocally stated?

What the party he stigmatizes, ask and strive for—as the villian well knows—are *Equal Rights secured by Equal Laws*. Give us a clause in the Federal Constitution substantially like this:

"There shall henceforth be no legal or constitutional distinctions, exclusions, proscriptions or disfranchisements in the United States, or any State or Territory thereof, founded on color"—

and we will unite in abolishing the Freedmen's Bureau, disbanding our remaining Volunteers, and passing a General Amnesty for all acts growing out of the Rebellion. But how can any understanding between the North and the South—any restoration of peace and good will—be attained, while deliberate, willful, conscious liars are permitted thus to deceive and mislead the public?—*Tribune.*

IN THE U. S. SENATE, Wednesday April 4, the Civil Rights bill came up for discussion, and, after a speech of two hours and a half against the Presidents's veto by Senator Trumbull, it was postponed to the next day. Judge Trumbull stated that he had submitted the bill to the President before it was passed by the Senate, and at that time the President expressed no objections to it

IN THE U. S. SENATE, Thursday, no vote was taken on the President's veto of the Civil Rights Bill. Senator Johnson occupied the day in defending the veto.

Mr. Edmunds, the Senator from Vermont, appointed to fill the vacancy occasioned by Mr. Foot's death, was sworn in.

RELEASE OF A NOTORIOUS REBEL.—At Baltimore, April 3, in the case of Bradley T. Johnson, late of the rebel army, and who participated with Police Marshal Kane at the commencement of the war in the effort to repel the National troops, and who was recently held to bail in the U. S. District Court in Baltimore to answer to an indictment for treason, the President has interposed, ordering his bail to be discharged and the abandonment of his case. Bradley Johnson claims exemption under the terms of his parole. And this is the way Andrew Johnson punishes traitors,—by not suffering justice to take its regular course.

☞ A mammoth train of 300 cars, on the Grand Trunk Railway, was on the Canada side of the line on the evening of the 17th ult., the day of the expiration of the Reciprocity Treaty, which cars were to be run into the States before midnight; but the axle of the forward engine breaking, the train was delayed and became dutiable to the snug sum of $15,000, for which it is now held at Island Pond. Rumor says there was sufficient time in which to cross the line, but that the conductor chose to wait for the last moment in order to give eclat to his transit, and by so doing, came to grief.

☞ At the trade sale of books which began in New York Wednesday, prices ruled very low, and the Evening Post says the progress of the bidding showed that the buyers had come to take books only at low rates. Grace Aguilar's Home Influence, the retail price of which is $1.50, brought 65 to 67 1-2 cents; Appleton's Cyclopedia of Biography (price $10) sold for 4.87 1-2; Benton's Abridgement ($5 edition) $1.25; Benton's Thirty Years' View ($5) $1.80 to $190; Buckle's History $2.25, and other works at similar prices.

— There is a mercantile firm in South New Market, N. H., named Freeze & Furnace.—*Ex.*

They can blow hot or cold, to suit their customers.

—The most distressing recent occurrence in Richmond is the publication in one of the papers of the usual marriage notice of two colored persons among the notices of other persons. Another paper goes almost into convulsions over such an evidence of degeneracy, such a horrible case of "miscegenation."

"Faith and shure," said Patrick, meeting an engine, "that's the divil." "Och, no," said Mike, "it's owaly a stameboat hunting for wather."

GOLD, Friday, 127 1-2.

Local.

☞ Madame Wiley's concert, last night, was indeed a splendid entertainment; and had our citizens known what a treat was offered them, the Temple would not have held half the applicants for admission.—Mme. Wiley is herself a magnificent songstress—we have had nobody here equal to her since Sontag; and the other members of the quartet are all fine singers. We have only time to urge all to go and hear them to-night, and we will guarantee you ten times your money's worth.

FAST DAY in Portsmouth was observed by hundreds, and perhaps thousands, as the first good day this Spring to get out of doors, and walk around for comfort and health; by some as a day of dissipation and folly—but of this little was seen in public.

In the Churchgoing arrangements there were some pleasant features. The North Church and the Middle street Baptist united their services, which were held at the North in the morning, when Rev. Mr. Adams preached the sermon; in the afternoon they were held at the Baptist Church, being a meeting for prayer and praise. By this arrangement good congregations were secured at both services; and one House open in the afternoon, which seems desirable.

An agreement somewhat similar was made by the pastors of the Christian, Unitarian and Universalist Churches, by which a good congregation attended one service, in the morning, at the Universalist Church, in which all the pastors united, according to previous notice.

In Boston, the churches were more fully attended than usual on fast day; so say the papers.

☞ In answer to very numerous inquiries, we will state, to save all concerned any further trouble—that the Black Spanish Rooster which was advertised in the Chronicle on Thursday, has been sold—but let us hope his purchaser was *not* "sold." Davis the photographer, we understand has got him,—and perhaps he will take a copy for each of the disappointed applicants, if his purchase proves a "negative;" which however, probably he didn't "take" his royal black highness for. From the number of applicants for him, we should judge that advertising in the Chronicle pays, and also that the ben fever of the black variety runs pretty high in this vicinity.

"IMMENSE" BEEF.—Mr. John Stokell, the Provisioner, will to-day exhibit on Market Square, a very large and handsome yoke of fat cattle, from the farm of Mr. Moses Mann of Greenland. They are from the stock of the Peirce farm, girt about 8 feet, and will probably dress 3000 lbs. or so. Look out for something rich, when Downing cuts out those roasting-pieces. The tip of the rump suits our tooth—and our number is 3 Summer street.

POLICE COURT, April 6th.—Wm. Stanley, a very respectable appearing person, was convicted of drunkenness and fined $6.86.

Frederick Liberty, a soldier at the Fort, do., do.

John Kehoe, Wm. Danielson, Wm. Palmer and Wm. Kehoe were arrested for strolling about the streets at unseasonable hours of the night, and not giving a true account therefor. The Police officers say that there are certain parties who can be found at most any hour of the night, in different portions of the city, evidently for no good purpose, and it is the intention of the officers to enforce the statute in such cases. The above parties were convicted, and as this was the first trial of the kind, they were fined only $1 and costs.

Wm. Atkins, for assaulting two persons, was fined $14.66; and for breaking down a neighbor's door, was bound over to the S. J. Court.

☞ A Lecture will be delivered by the Pastor at the Universalist Church to-morrow (Sunday) evening, at 7 1-2 o'clock. Subject—"The Rich Young Ruler, or The Moral Man of the World."

☞ Mr. Wendell sells a variety of household goods at auction to-day.

Messrs. Betton & Co. offer the store occupied by Randall Brothers at public vendue.

N. H. STATE AGR. SOCIETY.—At a meeting of the officers of the State Agricultural Society at Manchester, March 28, it was voted to hold a State Fair about 20th Sept., provided liberal arrangements can be made with the several railroads in the State. A committee was appointed to ascertain from the cities of Nashua, Manchester and Concord, the best propositions they will make to have the Fair held in one of those cities, and report at an adjourned meeting April 11th.

The officers of the Society are Wm. F. Estes of Dover, President; Aaron Young of Portsmouth, Secretary; Geo. W. Riddle of Bedford, Treasurer; E. W. Harrington of Manchester, Auditor; David Gillis, Natt Head, Edward Gustine, James W. Cogswell and Warren F. Daniell, Directors.

NEW HAMPSHIRE ITEMS.

—— The sons of New Hampshire resident in Boston are talking of a reunion and banquet, similar to the social gatherings some years ago.

—— Capt. Cornelious Healey, of Manchester, who was recently arrested in Ireland, for suspected Fenianism, arrived home Monday. He was in jail three weeks.

—— Hon. Matthew Harvey, Judge of U. S. District Court in N. H., was struck by paralysis on East Day, and on Friday was apparently in a dying condition.

—— Charles W. B. Davis, of Gilford, boasts of the largest calf, at his age, in that section. When two hours old it weighed 197 pounds. It is a bull calf, from a small sized cow—native stock.

—— Mr. Andrew Pinkham, of Alton, 70 years of age, wandered from home March 14th, and on the following Monday, was found in Gilford, about one mile from Lake Village, in the woods, dead.

—— Hon. George G. Fogg, of Concord, has been appointed Agent and Special Attorney for the United States Treasury at New Orleans, and will proceed to the Crescent city to enter on the duties of his office soon.

IN RHODE ISLAND Gen. Burnside was elected Governor with so little opposition the vote was very light. Returns from all the towns in the State except three, show for Burnside (National Union) 7749, and for Lyman Pierce (Democrat) 2450; scattering, 142. The remaining towns will not change the result. The Senate stands 28 Union to 5 Democrats. The Union Assembly ticket in Providence was elected by about 500 majority over the Democrats, bolting Republicans, and scattering.

NEW JERSEY.—At Trenton, N. J., April 3, the Senate met but adjourned. In the House a resolution, indorsing President Johnson purely, and censuring him for his veto of the Civil Rights bill, was debated and passed. The Republicans held a caucus, and nominated A. G. Cattell for Senator.

IN CONNECTICUT the vote of every town in the State, makes the following aggregate: Hawley 43,847; English 43,248; Hawley's majority 599.

☞ In the New York Senate on Wednesday, a resolution expressing disappointment and regret at the veto of the Civil Rights bill was adopted—22 against 9.

INTERESTING TO LADIES AND HOUSEWIVES.—It gratifies us to be able to say that Messrs. Geo. H. Reed & Co., of Boston, in view of the great call of the people, have prepared their justly celebrated Domestic Dyes entirely in liquid form. They recommend themselves to every one for brilliancy of color and simplicity in use, and certainly are satisfactory; in short, they are the best article known, as will be seen by the certificate of our most eminent chemists to be found in each package. Samples actually dyed with each of the colors in Silk and Woolen can be found at the drug stores generally. If you desire good colors, take none but Reed's Liquid Dyes. 1tdaw

— On Friday last four hundred people were assembled on the second floor of a public school at Mukwanago, Wis., to witness an exhibition given by the pupils, when the floor suddenly fell through, precipitating half the audience to the first floor, and again down into the cellar. No lives were lost, though a great number of persons were badly bruised.

TRUTH.—"Truth is mighty and will prevail." So will Herrick Allen's Gold Medal Saleratus over all others, notwithstanding so many in the trade are trying to imitate it and deceive the public with a spurious article.—Our advice is to use no other, try no other, call for no other, and be put off with no other, for we *know* there is no other as good. It takes less in quantity; it is far superior to use with cream tartar; it is free from all deleterious substances; you can obtain much better Biscuits with it than with any other saleratus or with soda. We have tried it, and speak from experience. 70

THE LATEST NOVELTIES IN BOOTS and Shoes, for Ladies, Gentlemen, Misses and Children, may be selected at T. E. MOSELEY & CO'S, Summer street, Boston. Their assortment of French Boots and Shoes is large. 3i

Holloway's Pills and Ointment.—The Elixir of Life. Ponce de Leon and his companions sought in vain for the fabled waters of rejuvenesence, amid the orange groves and flowery meads of Florida. It was left for Holloway to discover the true fountain of youth. Coughs, Asthma, Scrofula, Sore Leg Ulcers, Burns, Scalds, &c., in his admirable remedies of Pills and Ointment, which have been astonishing the world for upwards of fifty years, by their marvellous cures in every type of disease. Sold by all Druggists. apr—1w

JUST THE WEATHER FOR YOUNG DUCKS, but very bad for consumptives and people predisposed to pulmonary weaknesses. To all such the spring season is very trying, and great care should be taken to keep the body dry and warm, and all irritation of the throat and bronchial tubes allayed at once. The soothing properties of Coe's Cough Balsam render it the consumptive's best friend, while all recent cases very readily yield to its curative power. It is pleasant, safe, sure and cheap. a2-eodsawlw

GEO. W. THOMPSON, Portsmouth March 6 HENRY G. THOMPSON.

Special Notices.

IMPORTANCE OF HAVING DAVIS' PAIN KILLER ALWAYS ON HAND.

Wonderful Cure of the Rev. D. L. Brayton, Missionary in India, who was stung by a Scorpion.

Extract from his letter, published in the Baptist Missionary Magazine:

"For the first time since I have been in India, I have been stung by a scorpion. I went out this morning to my exercises, as usual, at early dawn, and having occasion to use an old box, on taking off the cover I put my hand on a scorpion, which immediately resented the insult by thrusting its sting into the palm of my hand. The instantaneous and severe pain which darted through the system is quite incredible; what an awfully virulent poison their sting must contain! I ran to my room for DAVIS' PAIN KILLER, and found it to be true to its name; after a moment's relief, I saturated a small piece of sponge, bound it on my hand, and in a few hours my excess, feeling no more particular inconvenience. apl—dawim

Perry's Moth and Freckle Lotion.

☞ Chloasma, or Mother's Mark, (also called Liver spot,) and Lentigo, or Freckles, are often very annoying, particularly to ladies of light complexion, for the discolored spot show more plainly on the face of a blonde than of a brunette; but they greatly mar the beauty of either and any preparation that will effectually remove them, *without injuring the texture or color of the skin*, is certainly a desideratum. DR. B. C. PERRY, who has made diseases of the skin a specialty, has discovered a remedy for these discolorations, which is at once prompt, infallible and harmless.

Prepared by B. C. PERRY, Dermatologist, No. 19 Bond street, New York, and for sale by all druggists; price $2 per bottle, 1 all for PERRY'S MOTH & FRECKLE LOTION.

Sold by all Druggists in Portsmouth and elsewhere. lyesdao—oct19

ROOT! ROOT! ROOT!

READ! READ! READ!

ROOT'S PESTACHINE preserves the life of the Hair; changes it from gray to its original color in three weeks; prevents the hair from falling; is the best article for growing the hair ever found in market; will surely restore any hair, and cure all diseases of the scalp; is most beautifully perfumed, cures baldness, and will not stain the skin. We tell the story quickly, and tell it true, when we say it is a perfect

Restorer and Dressing Combined.

No other preparation for the hair contains Pestachio Nut Oil. Sold by all Druggists.

MAGGIEL'S

Spring and Summer Remedies.

"Great oaks from little acorns grow." The worst diseases known to the human race spring from causes so small as to almost defy detection. The volumes of scientific lore that fill the tables and shelves of the medical fraternity only go to prove and elaborate these facts. Then guard yourselves while you may. The smallest pimple on the skin is a telltale and indicator of disease. It may fade and die away from the surface of the body, but it will reach the vitals, perhaps, at last, and death be the sudden and final close. MAGGIEL'S BILIOUS, DYSPEPTIC and DIARRHEA PILLS cure where all others fail. While for Burns, Scalds, Chilblains, Cuts, and all abrasions of the skin, MAGGIEL'S SALVE is infallible. Sold by J. MAGGIEL, 43 Fulton street, New York, PRESTON and THACHER in this city, and all Druggists, at 25 cents per box. decicod&wly

Manufactured by J. CRISTADORO, No. 6 Astor House, New York. Sold by Druggists. Applied by all Hair Dressers. M28dawlm

BRANDRETH'S PILLS. COSTIVENESS, DIARRHEA.—They are taken up by the absorbents, and carried into the circulation, through which medium they are conveyed to every part of the body.

If the pain affects the joints, a single dose produces remarkable benefit. And the same rule applies to costiveness, diarrhea and dysentery; though with the last named they may be required night and morning for some days before decided relief is obtained. In affections of the lungs, throat, head and pleurisy, the relief is certain; the excretory organs throw off with ease the phlegm, and the breathing becomes freer. Spasmodic asthma is often cured by a single dose. mch28dawlm

A Cough, Cold, or Sore Throat

REQUIRES IMMEDIATE ATTENTION AND SHOULD BE CHECKED. IF ALLOWED TO CONTINUE,

Irritation of the Lungs, a Permanent Throat Affection, or an incurable Lung Disease,

IS OFTEN THE RESULT.

BROWN'S BRONCHIAL TROCHES

HAVING A DIRECT INFLUENCE TO THE PARTS GIVE IMMEDIATE RELIEF.

For Bronchitis, Asthma, Catarrh, Consumptive and Throat Diseases,

TROCHES ARE USED WITH ALWAYS GOOD SUCCESS.

SINGERS AND PUBLIC SPEAKERS will find *Troches* useful in clearing the voice when taken before Singing or Speaking, and relieving the throat after an unusual exertion of the vocal organs. The *Troches* are recommended and prescribed by Physicians, and have had testimonials from eminent men throughout the country. Being an article of true merit, and having *proved* their efficacy by a test of many years, each year finds them in new localities in various parts of the world, and the *Troches* are universally pronounced better than other articles.

OBTAIN only "BROWN'S BRONCHIAL TROCHES" and do not take any of the *Worthless Imitations* that may be offered. oct24

Local.

THE CONCERT, on Fast Night, was the best yet given by the Philharmonic Society; if, indeed, it did not exceed all previous efforts of our home talent. And we think this new institution, which was organized chiefly for the improvement of music among us, may well be satisfied with the efforts of a first year, the results of which have been the bringing out for members of church choirs, &c., several singers who otherwise might never have been heard of by the public, and the rendering of such sublime choruses as were included in the programme of Thursday night, such as "All we like sleep" and "He watching over Israel," &c.

As to the quality of this Concert, a Boston gentleman, member of the Handel & Haydn Society, and who hears all the best entertainments there, pronounced this "a nice Concert;" and many competent musical judges in this city, who were among the audience, stated that the choruses went steadier and better even than at the first appearance of the Philharmonic. And in fact, all the best critics present, whose opinions were unbiased, pronounced this to be greatly superior to the first Concert—as of course it ought to be, to evince due progress and improvement.

Owing to indisposition, one or two lady members who have been honored with prominent positions by the Society, did not appear on this occasion. But no one capable of appreciating the superiority of a truly grand chorus over the most beautiful solo, could much regret this; and no real friend to any such organization would for a moment be willing that *any* soloists or stars should be esteemed above or preferred before the Society as a whole. We have always regarded this as an outrage, even in paid theatre companies, &c., and we certainly shall never give it any aid or countenance in a private social matter.

The miscellaneous or secular portion of this Concert was fully equal, and we thought superior, to that of the first—though we, and we thought the public also, would like rather more of the light, sprightly pieces; and the sacred solo, in "The marv'lous work," was very finely and artistically given by Mrs. Burtt, who has a voice of great purity, wide range and much power, and executes fluently. Her song was also well sung, but we should have preferred a different selection—something more gay and brilliant for her clear, ringing voice. Miss Hatch and her sister, Mrs. Bennett, gave the "Woodbird's Song" duet most beautifully; Mr. Perry sang nicely, as he always does, two favorite but old songs, "Happy be thy dreams," and "The Sword of Bunker Hill;" and his beautiful, pure tenor voice told with good effect in quartets and chorus, although he has not fully recovered from the effect of his long and severe sickness. Mr. G. M. Goodrich we never heard do better; and the gentlemen's quartets were well received. Mr. Day, as conductor, and Miss Emery, pianist, "acted well *their* parts," as usual—and the noble Hallet, Davis & Co. grand piano was a very material aid to the performances, compared to the old jingling boxes often inflicted on singers and hearers.

In fact, the whole was a success; and of the good audience present, but very few had the ill mannered stupidity to disturb their neighbors and the choir, by rising to go out during the performance of the last chorus, "Victoria!" one of the brightest and prettiest little gems on the programme. They do these things differently in different places—for at the Dover Concert, it was observed that no person rose till the last note had died away,—while here it is the too common practice to start up at the beginning of the last piece, at any and all concerts. To be sure there were very few who thus offended propriety and shew their lack of good breeding on *this* occasion; but the dozen or so who did start, were sufficient to disturb all the rest, and call upon us to thus rebuke this "fashion"—for which certainly there is no excuse when an entertainment closes by 9 o'clock.

This Concert shows that some things can be done as well as others; and that the Portsmouth Philharmonic Society is bound to shine, with a lustre not borrowed from any one or ten stars, but with the aggregate and collective brilliancy and power of most of the best of our home talent. So mote it be.

ABSTRACT OF THE

21st ANNUAL STATEMENT

—OF THE—

Mutual Benefit Life Insurance Co.,

January 1st, 1866.

Balance per statement Jan. 1, 1865	$6,774,867.60
Am't premiums rec'd in 1865	$3,029,087.21
" interest rec'd and accrued	679,278.30
Total income in 1865	3,708,365.51
Total disbursements, including claims by death and dividends to policy-holders	1,433,5[illegible]3.51
Net increase in 1865	2,274,672.00
Total Assets Jan. 1, 1866	9,049,539.60
Whole am't of claims by death, paid to Jan. 1, 1866	$4,256,579.89
Whole am't of dividends paid to Jan. 1, 1866	$2,744,916.21
Total No. Policies Jan. 1, 1866	31,921
Am't insured during the year 1865	$21,957,484.00

The Directors have, from the *Surplus on hand*, declared a Dividend of **50 per cent.**, and have also ordered the payment of the Eighteenth Dividend (10 per cent.) to the Members, when their annual premiums become due, during the year 1866.

Agent for Portsmouth and Vicinity,
feb18

WHICH IS THE

Leading Life Insurance Comp'y

IN THE UNITED STATES!

Which is the Safest and the Cheapest?

The following figures are from the later Reports of the New York Insurance Commissioner, showing the "amount of business" of the

MUTUAL BENEFIT

LIFE INSURANCE COMPANY,

to be the *largest*, the "expenses of management" the *smallest*, the "ratio of Assets to Liabilities," or the *security* furnished to its members, the *largest* of any like institution in the country.

Premiums received in 1864	$2,989,072
" " " " 1865	3,029,087
Ratio of expenses to premiums rec'd in '64	12.96
" " " " " '65	12.16
Ratio of assets to liabilities, Jan. 1, 1865	151.85

The inevitable conclusion from these official facts, is that the

MUTUAL BENEFIT LIFE Insurance Company

IS THE BEST AND THE CHEAPEST.

Because its NET ASSETS are proportionably LARGER than those of any other Life Insurance Company in the United States.

Because its "Managing Expenses" are LESS, and it has a LARGER SURPLUS to divide among its members than any Company in the United States.

QUERY. Will some one inform the public of that mysterious process by which a Company with a surplus proportionably *more less*, and expenses *very much* larger than another, can yet divide *more* to its members, and insure them at *less cost?* How is it done? Where does the money come from?

Every intelligent man will see at once that it *cannot be done.* Yet we have Agents among us that make this their boast.

Any one disposed or intending to insure can be furnished with the requisite information by applying to

HENRY A. YEATON, Agent.
Portsmouth, March 27, 1866.—3mdaw

Important.

DR. STEVENS, No 5 Daniel Street, would give notice that he has REDUCED the price of Permanent Sets of ARTIFICIAL TEETH on the Vulcanite Base, to that charged for them before the war.

He would also give notice that he is doing a new style of work for Under Sets of Teeth, called the COMBINATION BASE (Gold and Vulcanite) which produces by far the finest work offered to the public. The price is something in advance of that charged for the Vulcanite alone, but the strength, durability, ease of bearing, and beauty of finish obtained by it, more than double the value of the Teeth. mh12

GEORGE F. WEED,

S-u-r-g-e-o-n D-e-n-t-i-s-t-,

FIRST ASSISTANT in the Office of DR. STEVENS, No. 5 DANIEL STREET.

DR. WEED can be found at his place of business at all hours of the day and night, for the performance of any of the operations that come within the call of his profession.

Dr. A. P. STEVENS, No. 5 Daniel St., makes the saving of ULCERATED and painful front teeth, a speciality in his business. He also successfully restores to their natural shape broken or badly decayed teeth, by building out corners and sides with PURE GOLD. (In many cases teeth so restored are as strong as any of their brother teeth, and to all cases are rendered eminently useful for a long series of years.) DISEASED TEETH, in all stages, treated, and in a very large majority of cases entire success attained.

Charges for such operations necessarily high, but nothing in comparison to the value of the Teeth. mch14

On SATURDAY, April 7, at 12 o'clock,

On the Premises.

The WOODEN STORE, No. 111 Market street, now occupied by RANDALL BROTHERS, with Dwelling, above, consisting of nine finished rooms. The store is well finished and convenient, and well situated for a good run of custom.

The lot has a front of 26 feet 9 inches, running back to the river at an equal width.

Terms at Sale.

m31 M. T. BETTON & CO., Auct'rs.

Valuable Real Estate

AT AUCTION.

(By virtue of a license from the Hon. Judge of Probate for the County of Rockingham.)

On TUESDAY, April 17, at 12 o'clk M.,

on the premises.

The Real Estate of the late CHARLES W. WALKER, of *Portsmouth*, deceased. Said property will be sold in three separate lots or parcels, viz:

The First Lot to consist of the well known MARKET STREET HOUSE, situated on the corner of Market and Green streets, with land connected therewith, bounded 69½ feet more or less on Market street, 108 feet more or less on Green street, 105 feet more or less by Lot No. 2, 107 feet more or less by land formerly of James Pickering, land of James Junkins and others; the lot containing 8929 feet, more or less.

The Second Lot consists of land on Green street bounded 38 feet more or less on Green street, 110 feet more or less by land of Estate of George Chesley, 35 feet more or less by land formerly of James Pickering and others, and 106 feet more or less by lot No. 1; the whole lot containing 3926 feet, more or less.

The Third Lot to consist of the Stable lot, so called, on Green street, with the stable and Office-building thereon. The lot is bounded southerly about 25 feet on said Green street, easterly about 72 feet on land of E. S. Wendell, northerly about 50 feet on Railroad land, and westerly by Railroad land and adjoining cemetery; containing about 2710 feet. The Stable is 38 by 36 feet, and the Office-building 10 by 10 feet.

The above offers a rare chance for capitalists or others. The property is prominently situated on one of the main avenues of the city. The "MARKET STREET HOUSE" is large and well calculated, conveniently situated for a Hotel or large Boarding House, and has been occupied as such for many years. It contains 19 rooms and attic, and also a Store. The Stable has been used, and is a good location for a Livery Stable.

If desirable, a portion of the purchase money can remain on a mortgage of the premises.

For further particulars inquire of J. M. EDMONDS, *Portsmouth*; C. W. SIMPSON, Kittery, Me., Guardian of the minor heirs, or of the subscriber.

A FARM containing twenty acres of land, in Rye, N. H., situated near Breakfast Hill so called, at the junction of the road leading from Portsmouth to Newburyport and the main road leading from Greenland to all the public houses at Rye Beach. It lies within ¼ of a mile of Greenland Depot on the Eastern R. R., and within three miles of the Ocean House, Rye Beach.

The Farm is divided into three parts; one field containing six acres of excellent Tillage Land, with a large number of Fruit Trees; the HOUSE contains nine rooms, with a fine Cellar,—there is a good Barn, and all necessary Outbuildings, with an excellent Well of Water within thirty feet of the house;—one field contains four acres of good Tillage and Grass Land; also ten acres Wood and Pasture land, adjoining the rear of the house.

The location of this Farm makes it a very desirable summer residence, and it will be sold in parts or whole, to suit purchasers, on application to

BENJ. NORTON, 14 Austin street,
Portsmouth, N. H.

Possession given immediately. s6dawlm

Important to the Afflicted.

DR. DOW continues to be consulted at his office, Nos. 7 and 9 ENDICOTT STREET, BOSTON, on all diseases of a PRIVATE OR DELICATE NATURE. By a long course of study and practical experience of unlimited extent, Dr. D. has enjoyed the gratification of presenting to the unfortunate with remedies that have never, since he first introduced them, failed to cure the most alarming cases of GONORRHŒA AND SYPHILIS.

SEMINAL WEAKNESS.—Dr. Dow devotes a great part of his time to the treatment of those cases caused by a secret and solitary habit, which ruins the body and mind, unfitting the unfortunate individual for business or society. Patients who wish to remain under Dr. Dow's treatment a few days or weeks, will be furnished with pleasant rooms, and charges for board moderate.—Medicines sent all parts of the country, with full directions for use, on receiving descriptions of your cases. Dr. Dow has also for sale the French Cambrics, warranted the best preventive. Order by mail. Three or $1 and a red stamp.

Highly Important to Females

IN DELICATE HEALTH.

Dr. DOW, Physician and Surgeon, No. 7 Endicott Street, Boston, is consulted daily for all diseases incident to the female system. Dr. Dow has no doubt had greater success in the cure of diseases of women than any other physician in Boston. Boarding accommodations for patients who wish to remain under the care of Dr. Dow while under his treatment. Dr. Dow, since 1845, having confined his whole attention to an office practice for the cure of Private Diseases and Female Complaints, acknowledges no superior in the United States.

N. B.—All letters must contain one dollar, or they will not be answered. Office hours from 8 A. M. to 9 P. M.

CERTAIN CURE

in all cases, for No Charges Made.

Among the physicians in Boston, none stands higher in the profession than the celebrated DR. DOW, No. 7 Endicott street. Those who need the service of a skillful physician and surgeon should give him a call.

P. S.—Dr. Dow imports and has for sale a new article, called the FRENCH SECRET. Order by mail. Two for $1 and a red stamp.

Boston, April 7, 1866. sod&wly

NEWSPAPER AND PERIODICAL

Store.

The subscriber begs to inform the Citizens of Portsmouth and Vicinity that he has purchased the Stock of Goods and

Newspaper Business,

At Store No. 29 CONGRESS STREET, heretofore occupied by MR. AVERY, where he will have constantly on hand a complete assortment of all the Newspapers and Periodicals of the day, with a fresh stock of **Fancy Articles, Confectionery, Pastry, Foreign Fruits, &c.**

All Newspapers delivered on or after Jan. 1, 1866, are to be accounted for to the subscriber; those delivered before that date, to the late proprietor.

☞ Orders for CONFECTIONERY, SPONGE, FROSTED and other CAKES will be promptly filled, and fresh supplies of the above will be constantly received from Boston.

E. A. BATCHELDER.

Portsmouth, Jan. 29, 1866.

Morning Chronicle.

FATAL AFFRAY IN TEXAS.—Capt. Nolen, of the 18th New York cavalry, stationed at San Antonio, Texas, was detailed with a file of men, in the early part of March, to arrest a desperate fellow named Porter, in the town of Clinton, for the murder of an old man. Porter and his friends resisted. One of them shot Capt. Nolen through the wrist, and was immediately shot dead by one of the soldiers. Porter then fired at Capt. Nolen, inflicting a wound that was expected to prove fatal. The Captain shot Porter dead, and mortally wounded two others. Twenty-one of Porter's friends were arrested and taken to San Antonio.

BUSINESS IN NEW JERSEY.—The Patterson (*N. J.*) Press says: We learn that some of the cotton mills in this city have stopped, and a general "shut down" is anticipated. The fall in prices makes cruel work for manufacturers and merchants, and operatives have to suffer. The silk mills are either "shut down" or running with reduced force, or on short time, and all are losing money; some of those with large stocks are losing heavily.

COMING NORTH.—The Charleston Courier says a large number of Charleston families will spend the summer months at the North, and are already preparing for the change.

— Chicago has no park, or as the Tribune of that city puts it, there are "Fifteen square miles of land, with no green spot of land—two hundred thousand people without a breathing place."

State of New Hampshire—Rockingham, ss.

By the Hon. Judge of Probate for said County.

To the heirs at law and creditors of the estate of CHARLES HODGDON, late of Portsmouth in said County, deceased, intestate, and all persons interested in said estate, GREETING: YOU are hereby notified that NATHANIEL D. MILLER, Administrator of the estate of said deceased, will present his accounts of administering said estate at a Court of Probate to be holden at Portsmouth in said County, on the second Tuesday of May next, at 10 o'clock A. M., for examination and allowance. YOU are therefore hereby cited to appear at said Court to be heard thereon, and make such objections as you may then have. And notice is hereby required to be given, by causing this citation to be published three weeks successively in the MORNING CHRONICLE, a newspaper printed at said Portsmouth, the last publication whereof to be at least thirty days prior to said Court.

Dated at Portsmouth, March 20, A. D. 1866.

By order of the Judge.

THOMAS LEAVITT, Register of Probate.

DR. LAROOKAH'S SARSAPARILLA COMPOUND THE GREAT BLOOD PURIFIER

Dr. Larookah's SARSAPARILLA COMPOUND,

For the speedy and permanent cure of

Liver Complaint, Scrofula, or King's Evil, Dyspepsia, Dropsy, Neuralgia, Epilepsy, Erysipelas, St. Anthony's Fire, Pimples, Pustules, Blotches, Boils, Tumors, Salt Rheum, Ulcers and Sores, Rheumatism, Pain in the Stomach, Side, and Bowels, General Debility, Uterine Ulceration, Syphilis and Mercurial Disease, and all complaints arising from or resulting in **Impure Blood.**

It is *double the strength* of any other Sarsaparilla Compound in the market, and is indorsed by the medical faculty as the *best and cheapest* BLOOD PURIFIER extant.

Price $1.00 per Bottle.

Prepared by

DR. E. R. KNIGHTS, . . . Chemist, MELROSE, MASS.

Sold by GEO. HILL, Portsmouth, and by druggists and merchants throughout the country.

DR. KNIGHT'S HAIR DRESSING

DR. KNIGHTS' HAIR DRESSING

A VEGETABLE PREPARATION

For beautifying and promoting the luxuriant growth of the hair.

It prevents the hair from falling off or turning gray.

It removes dandruff, cleanses the scalp, cures nervous headache, and all those distressing affections induced by the use of oily or alcoholic Hair Dressings.

Its invigorating properties insure luxuriant locks, inclined to curl, and by its persistent use the hair is restored to bald heads when such a result is possible.

It is splendidly perfumed, will not stain or soil the skin or any article of apparel, and is universally approved—especially by ladies and children.

☞ *BUY NO OTHER!*

Price 75 cents per Bottle.

Prepared by

DR. E. R. KNIGHTS, ... Chemist, MELROSE, MASS.

Sold by

GEO. HILL, and by druggists and merchants throughout the country.

HIGHLY IMPORTANT

—TO—

UNFORTUNATE FEMALES!

DR. BRISCOE'S FEMALE DROPS are unsurpassed by virtue and efficacy in removing all complaints, of whatever nature, incident to females. He continues, with his usual success, to medically and surgically remove Obstructions, Engorgements, Leucorrhœa, Whites, General Debility, &c., and Suppressions of all kinds; also all complaints of the Lungs, Liver, Kidneys, Spleen, Bladder, &c.

His medicines will be sent to any part of the country by express or mail; addressed by communication stating particulars, will receive prompt attention.

Office, No. 22 Endicott street.

Persons at a distance can consult Dr. BRISCOE, by letter, describing the case, and have the medicines securely put up, and forwarded to any part of the United States, with full directions for use.

Office arranged with separate apartments, so that attendants see none but the Doctor himself.

Address Dr. BRISCOE, at No. 22 Endicott St., Boston, Mass., stating symptoms. All communications are confidential.

Patients furnished with rooms and board if desired, and secrecy observed in every case.

Office hours from 9 A. M. to 9 P. M.

Boston, July 16, 1865. TThSly

DR. M. BRISCOE still continues his successful treatment of all Private Diseases and also Female Complaints, at his old established office, No. 22 Endicott street.

N. B.—The sick and afflicted will do well to give him a call. A short consultation will cost you nothing, but a word of *friendly* advice may save you years of suffering.

P. S.—Ladies who wish to stay in the city under my care a few days, can be furnished with kind nurses. Charges moderate.

SAVE YOUR FUEL!

SUFFERERS

From Dyspepsia

READ! REFLECT!! ACT!!!

TARRANT & CO

Gentlemen. I am a resident of Curacoa, and have often been disposed to write to you concerning the real value of your SELTZER APERIENT as a remedy for indigestion and dyspepsia. I desire to express to you my sincere gratitude for the great benefit the SELTZER has done me.

For over five years my wife has been sadly afflicted with Dyspepsia, and after being under the treatment of several Doctors for more or three years, she was finally induced to seek the advice of a learned Physician, Doctor Cabialis, of Venezuela, who immediately treated her with your EFFERVESCENT SELTZER APERIENT. She began to improve at once and is now PERFECTLY WELL.

I feel it to be my duty for the good of humanity to make this statement, feeling that a medicine so valuable should be widely known.

Trusting that you will give this publicity, and repeating my earnest gratitude and thanks,

I am very respectfully yours,

S. D. C. HENRIQUER,
Merchant, Curacoa, S. A.

New York, June 28th, 1865.

WE ASK

The suffering millions in our land to give this remedy a trial, convinced that by its simplicity use many may be relieved, many cured of

Dyspepsia, Heartburn, Sour Stomach, Sick Headache, Dizziness, Inactivity, Costiveness, Bilious Attacks, Liver Complaints, Rheumatic Affections, &c.

Read the Pamphlet of Testimonials with each bottle, and do not use the medicine against the advice of your Physician.

MANUFACTURED ONLY BY

TARRANT & CO.,

278 Greenwich Street, New York.

☞ FOR SALE BY ALL DRUGGISTS.

ap15ly

DUTCHESS NURSERIES

POUGHKEEPSIE, NEW YORK,

FERRIS & CAYWOOD, Proprietors.

We call the attention of our customers and the public to our stock of GRAPE VINES, which is larger than ever before. Having had over twenty years' experience in the management of Vineyards and the propagation of Vines, and our present stock having been grown from bearing wood only, with constant care during the season, we think they will compare favorably with any others that are offered for sale.

Our stock of MONTGOMERY VINES is very large. This variety not being generally known, we will give a brief description: Vigorous, a seedling of the White Chasselas, an unparalled grower and bearer, clusters often weighing two pounds, with a mild subacid flavor. It is cultivated with the hardy grapes, but we protect it in winter as we do all other varieties in this part of the State.

Our stock of the various kinds of EVERGREEN and DECIDUOUS TREES is very large, and is offered at moderate prices; and are very low rates by the quantity, to those who are laying out and improving their places, cemeteries, or public grounds, and to nurserymen. We challenge competition.

Grape Vines.

"DELAWARE"—Grown in open border. No. 1, one year old, 30 cents each, $25 per 100; No. 2, ditto, 25 cents each, $20 per 100; No. 3, ditto, 20c each, $10 per hundred; well grown vines in pots 25c each, $18 and $20 per 100.

"MONTGOMERY"—No. 1, one year old in border, very strong plants, most fine; all to two years' growth, $1 each, $80 per 100; No. 2, one year old, good plants, 75c each, $65 per 100.

"REBECCA"—No. 1, one year old in pots, 30c each, $25 per hundred; No. 2, ditto, 20c each, $20 per hundred.

"ALLEN'S HYBRID"—3 years old, $1 50 each; 1 year old, 50c to 75c each, $40 per hundred.

"CUYAHOGA"—No. 1, two years, 50c each, $20 per hundred; No. 2, ditto, 30c each, $15 per hundred.

"CREVELLING"—No. 1, in open borders, 50c each, $40 per hundred; No. 2, ditto, 40c each, $30 per hundred; No. 3, ditto, 30c each, $20 per hundred.

"ROGERS' HYBRID"—Nos. 3, 9, 15, 33—60c and 75c each; two years old, $1 to $1 50 each.

"UNION VILLAGE"—No. 1, in open border, 50c each, $35 per hundred; No. 2, in pots (strong) 40c each, $30 per hundred.

"IONA and ADIRONDAC"—One year old, from eyes, No. 1, $1 to $1 50 each; No. 2, 75c to 90c each; No. 3, 50c each. mch20

Reputation Established!

Mrs. S. A. Allen is truly a public benefactress, and her wonderful success is unprecedented. Her fame and her discoveries have gone abroad, and to-day she is in her line the largest manufacturess in the world.

Everybody Interested.

Youth and old age are alikebenefited by the use of Mrs. S. A. Allen's World's Hair Restorer and Hair Dressing. They act directly upon the roots of the hair, causing luxuriant growth and beauty. Your hair, if changed to grey or white by sickness or other causes, will soon be restored to its natural color and beauty. Dandruff eradicated forever. The Hair falling stopped. The most delicate head-dress or bonnet can be worn without fear of soiling. The most delightful fragrance to the hair is imparted. If you wish to restore your hair, as in youth, and retain it through life, without delay purchase a bottle of Mrs. S. A. Allen's World's Hair Restorer and Dressing.

Sold by Druggists throughout the World.

PRINCIPAL SALES OFFICE,

198 & 200 Greenwich St., New-York.

Lodi Manufacturing Company's

POUDRETTE.

AGENT FOR NEW HAMPSHIRE,

J. F. SHORES, Jr.,

No. 38 Market Street (Up Stairs.)

The advantages of Poudrette as a manure may be stated as follows:

First, Its ECONOMY. The *cost* of the manure compared with its *efficacy* is less than that of any *other fertilizer* in market. It can be bought and applied for the same money which it would cost only to carry the ordinary barnyard manure. It is portable, contains great strength in a small compass, and needs no *extra care in its application*; the closer its contact with the seed the better and quicker it works. $4.50 worth at our retail price (or two barrels) will manure an acre of corn in the hill, and from one-quarter to one-third to the product, and will *mature* the crop from two to three weeks earlier. *No worms* will stay in the hill where the Poudrette is placed. *No seeds of weeds will germinate*, and it is are very early in hoeing it out of the hill. On Corn, Tobacco and Garden Vegetables it has no equal. While the leaf and growth of the tobacco plant is larger, it has not the coarseness of fibre which is produced by Peruvian Guano, and it has taken the lead for bile crop in Connecticut, and has begun to be appreciated in Maryland.

It is famous for producing larger and finer potatoes than anything else, and the stories told about Onions, their largeforwth, &c., are almost beyond credence. Flowers and plants are much improved by an application of Poudrette.

Another great consideration is the season of the year when the corn is planted. It is a time when every spring crop must be put in, and the corn not only planted, but up and past the danger of the last hoeing and planting, before the commencement of grain and hay harvest. The celerity and dispatch with which a large crop of corn is put in and poudretted, the rapid growth and consequently the early opportunity of working and hoeing it—the small chance for weeds, owing to the shade it affords, and the fact that the *Poudrette, unlike other manures, contains no seed that can germinate*, and consequently less trouble required to clean it—are all important advantages. The corn will ripen two weeks earlier, and the yield will be much heavier.

The same remarks apply to Sorghum and Broom Corn

For grass, where it is about to be laid down to lawn, or for several years, a top dressing of Poudrette will be found invaluable.

We wish to remark in this place, that Poudrette is not like some quack medicines, warranted to cure all kinds of diseases. It must be used with discretion, and a reasonable quantity will produce a reasonable effect.

Poudrette will answer no better than other manures on wet, sour, undrained land, or in seasons of drought. In other words, Poudrette is an invaluable substitute for barn-yard manure, and can be used with great profit and advantage upon most spring crops; but it will neither work miracles, drain the land it is put upon, nor cause rain to fall in time of drought.

Price per Barrel $2.25—delivered at any part of the city, or at any depot or wharf.

Important Notice!—When Poudrette is spoken of, we mean "LODI MANUFACTURING CO," which has now stood the test of twenty-six years' trial; and when buying, *be sure and get that kind!*

A descriptive pamphlet may be had on application. mh29

ISRAEL MARDEN & CO.,

No. 39 Congress St., Portsmouth, N. H.,

—DEALERS IN—

S. Vance's Submerged Well PUMP.

This unsurpassable Invention, now being first introduced, will, it is believed, supercede all old or Well Pumps now in use.

ITS ADVANTAGES.

FIRST, SIMPLICITY.—This Pump is composed of but three parts, and is so simple in its construction that any one can easily put it together.

SECOND, DURABILITY.—Its peculiar construction, and the fact that it is always submerged combine to make it the most durable of all Pumps yet invented.

THIRD, NEVER FREEZES.—The valves are so constructed that, when not in motion, they allow all the water above to pass down into the well, and thus prevent freezing

FOURTH, POWER.—For the amount of power applied, this Pump exceeds anything known. It throws one third part more water than ordinary pumps, and works so easily that even a child can pump without fatigue. It is the most the greatest labor-saving pump now offered to the public.

FIFTH, IT IS INVALUABLE.—For a well pump it is invaluable, as all the iron work in it submerged consists of but three small pieces, and these galvanized. It can be no way corrode, consequently it brings up pure water at every stroke.

SIXTH, CHEAPNESS.—This Pump is so made that it costs but a trifle, and is warranted to keep in use for years. No repairs at all are required. It is very light, and thus the cost of transportation is very small.

☞ Manufactured by S. VANCE & CO., No. 31 Liberty Street, Newburyport, and for sale in Portsmouth by the Sole Agents for N. H.,

ISRAEL MARDEN & CO.,

39 Congress Street.

☞ We are permitted to refer to Mr. MONROE HOLMES and to Mr. FRANK W. MILLER of Daily Chronicle, who have these new pumps in use on their premises,—for testimony to their excellence.

Portsmouth, Oct. 16th, 1865.

CHEROKEE PILLS,

Or Female Regulator.

Cure *Suppressed, Excessive and Painful Menstruation, Green Sickness, Nervous and Spinal Affections, Pains in the Back, Sick-Headache, Giddiness*, and all diseases that spring from irregularity, by removing the cause and all the effects that arise from it. They are perfectly safe in all cases, *except when forbidden by directions*, and are easy to administer, as they are nicely *sugar coated*. They should be in the hands of every female, Wife, and Mother in the land.

Ladies can address us in perfect confidence, and state their complaints in full, as we treat all Female Complaints, and prepare Medicines suitable for all diseases to which they are subject. Thirty-two page pamphlet, in a sealed envelope, free.

The Cherokee Pills are sold by all druggists at $1 per box, or six boxes for $5; or they are sent by mail, free of postage, in an ordinary letter, free from observation, by addressing the sole proprietor,

Dr. W. R. MEERWIN, 37 Walker St., N. Y.

N. B.—Cherokee Pills No. 2 are prepared for *special cases*, when milder medicines fail; these are sent by mail, free of postage, on receipt of $5, *the price of each box.*

DR. WRIGHT'S

REJUVENATING ELIXIR,

Or, Essence of Life,

Cures *General Debility, Weakness, Hysterics in Females, Palpitation of the Hearts and all Nervous Diseases.* It restores new life and vigor to the aged, causing the hot blood of youth to course the veins, restoring the *Organs of Generation* to their vigorous *Virility, restoring Manhood, strengthening the system and full vigor*, thus proving a *perfect "Elixir of Love,"* removing *Sterility* and barrenness in both sexes. To the young, middle-aged, and aged, there is no greater boon than this "Elixir of Life." It gives a new lease of life, causes the weak and debilitated to have renewed strength and vigor, and the entire system to thrill with joy and pleasure.

Price, one bottle $3; three bottles $5; sent by express to any address.

Our medicines are sold and recommended by all respectable druggists in every part of the civilized globe; some unprincipled dealers, however, try to deceive their customers by selling cheap and worthless compounds in order to make money. Do not deceived—ask for these medicines and take no others. If the druggist does not keep them, write to us, and we will send them by express, carefully packed, free from observation. We will be pleased to receive letters with full statements in regard to any disease with which ladies or gentlemen are afflicted. Address all letters for medicines, pamphlets, or advice, to the sole proprietor,

Dr. W. R. MEERWIN, 37 Walker St., N. Y.

Per Space.—$1 for one or three insertions; 25 cts. each insertion after—in either paper. 1 Sqr in *Daily* one month $5, three mos. $8, six mos. $12, one year $20; in *Weekly*, six mos. $3, one year $5.
Yearly Advertisers, in *Daily*, $20 each inch per year, and all excess at *any* time charged at half the above special rates.
Funeral notices, and Advertisements of articles Lost and Found, Wants, &c., one or three insertions, $1. Advertisements kept inside, 25 per ct. extra. Special Notices 50 per ct. extra. Editorial Notices 25 cents per line. Cuts or large type charged double measure and kept on 4th page.

The Chronicle.

☞ The Richmond Examiner—persisting in its protest against the proposed celebration by the Blacks of that city of the first anniversary of the rebellion's overthrow and their emancipation—said:

"The day that the Whites of this city will always hold in solemn memory as the culmination of calamity, must be made a nigers' holiday, or it is oppression, forsooth. It will not be oppression though, if we are triumphed over and insulted on that inauspicious anniversary by our recent slaves—freed, not by us, but by others. Let the negroes be as glad as they can be on that day. We only object to those public demonstrations that the common sense of mankind must condemn under the peculiar circumstances. We do not propose to insult them by our grief on that day; and they may well consent not to affront us by a general joy that can never be more inappropriate in Richmond than on the 3d of April."

—The Examiner is surely mistaken. The Blacks of Richmond would never think of feeling insulted by the lamentations of the rebels over the downfall of Secession and Slavery. Let them sigh and groan to their hearts' content, and the more publicly the better. We guarantee them against any appeal by the Blacks to Gen. Terry to stay the swelling fountain of their tears, or compel them to mourn in secret. We would rather imitate the class leader, who, on a kindred occasion, stimulated the penitence of a lot of ex-reprobates by frequent exhortations of "Groan, sinners, groan!"—*Trib.*

The Freedmen of Richmond, after all the blowing, celebrated their *actual* emancipation and the downfall of slavery there, on the third of April, with a grand procession,—and yet all was good order, though 25,000 free people were out there.

☞ The N. Y. News, with reference to a remark that the way to obtain cheap cotton, &c., lies through treating their producers justly and humanely—says:

"We suppose the Tribune will hardly deny that, in times past, the South produced large amounts of the four great staples named; and if the Tribune's theory be correct, it follows that, during all those years, the negroes must have been treated as 'human beings.' What, then, is the value of all the Tribune's howling about the cruelties practiced on the 'chattels?'"

Answer.—We never said that it was necessary to treat slaves with humanity in order to get work out of them. That is often effected by inhumanity. The vital fact in the case is that these people, formerly slaves are now free, and must be dealt with accordingly. If the Daily News and its confederates could only realize this, it would save a world of trouble.—*Tribune.*

—Some paper having made the statement that butter should not be kept in a room with kerosene oil, as the kerosene would spoil the butter—giving it a peculiar flavor—the Elmira Advertiser remarks that some of the butter now-a-days is enough to spoil kerosene!

200 sides Prime New York SOLE LEATHER
French and American CALF-SKINS,
KIP and COWHIDE, and FINDINGS generally. By HILL & CARR.

AMERICAN AND FOREIGN PATENTS.
R. H. EDDY,
Solicitor of Patents,
Late Agent of the U. S. Patent Office, Washington, under the Act of 1837,
78 State Street, opposite Kilby Street,
BOSTON.
After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Bonds, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with dispatch. Researches made into American or Foreign works, to determine the validity or utility of patents or inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.
The Agency is not only the largest in New England, but through it inventors have advantages for securing Patents, or ascertaining the patentability of inventions unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional service so moderate.
The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.
These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.
All necessity of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.
TESTIMONIALS.
"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse."
CHARLES MASON,
Commissioner of Patents.
"I have no hesitation in assuring inventors that they cannot employ a person *more competent* and *trustworthy*, and more capable of putting their applications in the form to secure for them an early and favorable consideration at the Patent Office."
EDMUND BURKE,
Late Commissioner of Patents.
Mr. R. H. Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and that is *now pending*. Such unmistakable proof of great talent and ability on his part leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges." JOHN TAGGART
During eight months, the subscriber, in course of his large practice, made on *twelve* rejected applications SIXTEEN APPEALS, EVERY ONE of which was decided in *his favor*, by the Commissioner of Patents. **R. H. EDDY.**
Boston, Jan 1, 1866.—3tawly

NEW ADVERTISEMENTS.

THE WORKING FARMER, Vol. 18, 1866, a Monthly, of 64 quarto pages, an earnest advocate of agricultural improvement, is offered at the low price of ONE DOLLAR a year, in advance. It will contain many interesting items, given by no other journal of its class, including Washington's Letters on Agriculture, with one in *facsimile* of his handwriting; "Farm Maps, and Accounts and Ploughing," by S. Edwards Todd, author of "The Young Farmer's Manual;" a finely illustrated treatise on the Pear, by F. R. Quinn, Supt of the celebrated farm of the late Prof. Mapes; an original and ingenious article on Flower Gardening, by Ignaz A. Pilat and I. Payne Lowe. As, however, actual examination is the only test on which judicious readers will rely, we will forward specimen copies on the receipt of postage. Address W. L. ALLISON & CO., 124 and 126 Nassau Street, New York.

WANTED TO GIVE a $56 WHEELER & WILSON MACHINE, which sews all kinds of fabrics, for procuring SIXTY paying subscribers to HALL'S JOURNAL OF HEALTH, for 1866. $1.50 a year. No. 2 W. Forty-third St., New York, near Fifth Avenue. Specimen numbers, 10 cents.

Patent Offices.
INVENTORS who wish to take out Letters Patent are advised to counsel with Messrs MUNN & CO., editors of the Scientific American, who have prosecuted claims before the Patent Office for nearly Twenty Years. Their American and European Patent Agency is the most extensive in the world. A pamphlet containing full instructions to inventors, is sent gratis. Address MUNN & CO., No. 37 Park Row, New York.

J. O. JOYCE'S DOUBLE ACTION FORCE PUMP, for Wells, Cisterns, Railroad Stations, Factories and Vessels; has no equal for power, ease of workmanship and durability, but a powerful air chamber, will throw water SIXTY FEET, AFTER RAISING it out of a *sixty foot well*, and NEVER CAN FREEZE. It is the most successful deep well pump on this continent, *only* one that *will* do what it is advertised to do, and is fast growing into public favor. See well to your interests by investigating the merits of this pump, or you may have to say, as others have, "Had I known of this Pump before I bought mine, I should certainly have had it." Call and see it, or send for Circular containing all particulars. No. 30 Exchange St., corner of Dock Square, Boston, Mass. HENRY D. RICE, Wholesale and Retail Agent for New England. Agents wanted.

THE HOWE

Court Square, Boston. Kept on the European Plan. Board by the day or week.
ROOMS FROM $1.00 to $2.00 PER DAY.
HULL & FISHER, Proprietors.

That Noble Animal, The Horse.
Will be better every way if fed occasionally a spoonful of
ALDEN'S CONDITION POWDERS.
They will cure most of the diseases to which horses and cattle are liable, increase the appetite and spirits, and, with respectable grooming, give a bright, glossy appearance to the hair. They are the result of actual and long continued experiment, are prepared with the utmost care, from the very best material, and guaranteed vastly superior to anything known. Many Vermont gentlemen, owners of fine horses, buy them by the dozen and give them freely. As a consequence, their horses are always in good condition and spirits, and remarkable for their smooth, shining coats. For sale by merchants everywhere. **L. L. Dutcher & Son,** St. Albans, Vt., proprietors; Demas, Barnes & Co., New York, John F. Henry & Co., Waterbury, Vt., Wholesale Agents.

MAKE YOUR OWN SOAP with B. T. BABBITT'S PURE CONCENTRATED POTASH, or READY SOAP MAKER. Double the strength of common Potash, and superior to any saponifier or lye in the market. Put up in cans of one, two, three, six, and twelve pounds, with directions in English and German, for making Hard and Soft Soap. One pound will make fifteen gallons of Soft Soap. No lime is required. Consumers will find this the cheapest Potash in the market. B. T. BABBITT, 64, 65, 66, 67, 68, 69, 70, 72 and 74 Washington street, N. Y.

NEW ADVERTISEMENTS.

☞ A PHYSIOLOGICAL VIEW OF MARRIAGE, containing nearly 300 pages, and 130 fine PLATE ENGRAVINGS of the Anatomy of the Human Organs in a state of Health and Disease, with a treatise on Early Errors; its Deplorable Consequences upon the Mind and Body, with the Author's Plan of Treatment—the only rational and successful mode of cure, as shown by the report of cases treated. A truthful adviser to the married, and those contemplating marriage, who entertain doubts of their physical condition. Sent free of postage to any address, on receipt of 25 cents in stamps or postal currency, by addressing Dr. LA CROIX, No 21 Maiden Lane, Albany, N. Y. The author may be consulted upon any of the diseases upon which his book treats. Medicines sent to any part of the world.

50 CENT SAMPLE sent free, with terms for any one to clear $25 a day in 3 hours' time. Address LA MONTE, REYMOND & CO.,

VINELAND
FARM AND FRUIT LANDS,
In a mild and healthful climate. Thirty miles south of Philadelphia by Railroad, in New Jersey, on the same line of latitude as Baltimore, Md.
The soil is rich and *productive*, varying from a clay to a sandy loam, suitable for Wheat, Grass, Corn, Tobacco, Fruits and Vegetables. This is a *great fruit country.* Five hundred Vineyards and Orchards have been planted out by experienced fruit-growers. Grapes, Peaches, Pears, &c., produce immense profits. Vineland is already one of the most beautiful places in the United States. The entire territory, consisting of fifty square miles of land, is laid out upon a general system of improvements. The land is only sold to actual settlers with provision for public adornment. The place, on account of its great beauty, as well as other advantages, has become *the resort of people of taste.* It has increased five thousand people within the past three years. Churches, Stores, Schools, Academies, Societies of Art and Learning, and other elements of refinement and culture have been introduced. Hundreds of people are constantly settling. Hundreds of new houses are being constructed. Price of Farm land, twenty acre lots and upward, $25 per acre. Five and ten acre and Village lots for sale.
Fruits and Vegetables ripen earlier in this district than in any other locality north of Norfolk, Va. Improved places for sale.
Opening for all kinds of business. Lumber Yards, Manufactories, Foundries, Stores and the like; and Steam Power, with room, can be rented.
For persons who have mild winters, a beautiful climate, and a good soil, in a country beautifully improved, abounding in fruits, and possessing all other social privileges, in the heart of civilization, it is worthy of a visit.
Letters answered, and the Vineland Rural, a paper giving full information, and containing Reports of Solon Robinson, sent to applicants.
Address CHAS. K. LANDIS, Vineland P. O., Landis Township, New Jersey.
From Report of Solon Robinson, Agricultural Editor of The Tribune: *It is one of the most extensive little tracts, on the almost level position and suitable condition for pleasant farming that we know of this side of the Western Prairies.* n1—dawGm

Morning Chronicle.

Portsmouth, N. H.

MONDAY, APRIL 9, 1866.

THE CONGRESS OF THE UNITED STATES, on Friday, showed *due* regard to the Voice of the People and the Divine Laws. The *Senate*, strengthened and instructed by the recent elections in New Hampshire, Connecticut, and Rhode Island, *passed the Civil Rights Bill over the President's Veto*, by the handsome vote of 33 to 15.

Yeas—Messrs. Anthony, Brown, Chandler, Clark, Conness, Craigin, Cresswell, Edmunds, Fessenden, Foster, Grimes, Harris, Henderson, Howard, Howe, Kirkwood, Lane of Indiana, Morgan, Morrill, Nye, Poland, Pomeroy, Ramsey, Sherman, Sprague, Stewart, Sumner, Trumbull, Wade, Willey, Williams, Wilson and Yates—33.

Nays—Messrs. Buckalew, Cowan, Davis, Doolittle, Guthrie, Hendricks, Johnson, Lane of Kansas, McDougall, Nesmith, Norton, Riddle, Saulsbury, Van Winkle, and Wright—15.

Absent—Mr. Dixon. Vacant—One New Jersey chair.

Mr. Dixon was in the city, and was expected to vote,—but learning that Gov. Morgan of N. Y. was going to vote Yea,—having heard from New England,—and not being very well, he staid away from the scene. In the debate before the vote, Lane of Kansas said the Republican party was "crumbling to pieces." But it did not crumble, though a few crumbs dropped off; he among the rest; and they fall under the table, with Saulsbury, Buckalew, Davis & Company.

IN THE HOUSE, Mr. Brooks of New York was declared not entitled to a seat by a vote of 84 to 45, and Mr. Dodge was declared entitled to a seat by a vote of 72 to 52.

The oath was administered to Mr. Dodge and he took his seat.

The motion to reconsider the vote rejecting the Bankrupt bill was fixed for consideration on Monday.

The Civil Rights Bill may also be taken up in House on Monday.

Why might not a new Freedmen's Bureau bill be passed, which should not be liable to the President's objection that it gave *him* too much power?

SYSTEM.—Few people have any accurate idea of the amount of Newspaper Advertising which is annually done in this country. As to the amount which it is advisable for a man to do,—a good enough rule perhaps is, never to pay *less* for advertising than for store rent; though, as advertising, when rightly done, is the most profitable part of any business, as well as the most scientific and difficult, the very few men who are competent to understand it and bold enough to successfully engage in it, can hardly do too much of it. Advertising, legitimate advertising, is to business exactly what acquaintance is to social life—and the bogus or sensation article is parallel to social notoriety, and may or may not be commendable or desirable.

However, we did not start for a homily on the great science of advertising—nor do we consider ourselves competent to discuss it on its broad and full merits. Nor need we say one word to convince any intelligent man of its immense power and importance. It is only and solely those who have not sufficient comprehension to appreciate it, or brains enough to write an advertisement, who in these days question or underrate this lever which moves the business world, *quicker* than any other, at any rate.

But happening in at Mr. S. R. Niles' (Boston) Advertising Agency, a few days ago, we noticed his clerks sending off a single advertisement to four hundred (400) Weekly newspapers in the Western States. And that led us to think of the power and resources of such an establishment as that of Mr. *Niles*—of the hundreds of papers received and examined every day; and the vast amount of clerical labor to perform, which the most complete system alone can keep from chaotic confusion; and of the almost limitless extent of power of speedy business information, which an old, strong and reliable Agency like his possesses—by which, in a single week, every newspaper reader in the whole country can be corresponded with. There used to be nothing like leather, but now-a-days there seems to be nothing like advertising (of all forms of which there is none so speedy and sure as the legitimate newspaper notice,); and mighty is the man who, like C. O. D. Damon, the shoe dealer of Boston, has the rare gift of combining these two great forces. Long live the science of Advertising, and S. R. Niles, as one of its most eloquent prophets.

☞ President Johnson departed from the usual etiquette Friday evening, and attended Gen. Grant's reception with his daughter. Among others who paid their respects to him was Mr. Thad. Stevens, who exchanged a few words with him and then had a chat with his old Congressional friend, Alex. H. Stephens.

The unconditional release of pirate Semmes is severely commented upon in Congressional circles.

Correspondence of the Chronicle.

WASHINGTON, D. C., April 3.

The exciting events transpiring in Congress during the past few weeks have scarcely occasioned more interest here than the election which took place in Connecticut on Monday. This was the all-engrossing topic on the evening of that day, in the hotels and other public resorts here; and along Pennsylvania avenue knots of men were seen gathered in many places, discussing the probable result of the election, and speculating in regard to the meagre returns received by telegraph. The contest appeared to be regarded on all hands as a test of the question whether the President's policy was to be sustained; and the occupant of the White House was as eager to learn the decision as any one at the capital. When it became certain that Gen. Hawley had won the hardly contested fight, there was joy among those who have rejoiced at the Union victories throughout the war, and gloom among those who have heretofore prayed for the defeat of our armies. The Union men here are well satisfied with the result, remembering, as they do, the disastrous election in which the people of Connecticut rejected negro suffrage, and considering the election of last Monday as a virtual reversal of that vote. The only regret expressed is that the line was not clearly drawn throughout the canvass, and the President's policy made a direct issue, in which event it is believed a larger Republican majority would have been obtained.

It is expected that the Senate will act on Wednesday or Thursday on the question of passing the Civil Rights Bill over the President's veto; and therefore the fate of the bill may be decided before you can print this. At present writing, it would be idle to predict what that fate will be. With the absence of Senators Wright or Dixon, the bill will probably be carried. If both are present, it will require the vote of some friend yet unrevealed to override the veto. If the bill gets through the Senate, it will meet with no serious obstacle in the House.

The temper of Congress is remarkably firm, and when the vast influence of Executive patronage is considered, one cannot but wonder that there has been so little yielding to the wishes of the President. Within the past week there has evidently been a disposition, on the part of those Union men who have heretofore sympathized with the newly developed Presidential policy, to recede from their position,—and it will not need many more vetoes to reduce the President's party to the small and powerless Copperhead faction which kept up its vindictive warfare upon the country's cause during the recent rebellion.

The President's proclamation declaring the insurrection at an end, in all the States except Texas, excites but little attention here, except to cause speculation as to whether it may not be the prelude to yet more important executive movements, in pursuance of the President's declared policy. There are some who apprehend that the President may resort to revolutionary measures to enforce his scheme of reconstruction. But while Congress and the people maintain their present attitude, the President will probably hesitate to plunge himself still further in the downward course which he has pursued for the past few months. While the people remain true to the cause of equal rights, the President, though he may retard the adoption of beneficent measures, cannot turn the wheels of progress backward; and the force of popular opinion, gathering impetus by the obstacles interposed against it, will, when the barrier is removed, carry the country onward with accelerated pace in the path toward universal liberty and right.

HENRY.

☞ Senator Scovel, of New Jersey, says in a note to the Philadelphia Telegraph:—"I never received a letter from President Johnson in which he offered me any position under the government if I would defeat the election of a radical from New Jersey."

[Well: what of that? He is evidently under some malign influence, or else is himself the malignant.]

☞ On Thursday, the banking-house of Ward & Brother, of Rochester, N. Y., suspended after a three days' run upon them. They held deposits to the amount of one million.

Beatly Brothers, of New York, tea merchants, have suspended; liabilities $600,000. D. G. Scofield, a member of the Petroleum and Mining Bureau, has also suspended.

☞ The very able political paper published in Boston, called the Right Way, is to be continued as a subscription paper, beginning the new volume with April. It is loyal to liberty, truth and honesty: not bound to any party, but will have influence on all candid readers. Geo. L. Stearns is the conductor, with able help.

— The aggregate vote in the recent Connecticut election—87,372—is about 400 larger than the last Presidential vote, and is, with one exception, the largest ever cast in the State. The Union majority in the Legislature is 47.

NEW HAMPSHIRE ITEMS.

—— Judge Harvey died at Concord, on Saturday morning.

—— Capt. N. H. Randlett, of Lebanon, formerly of the 8th Regiment, but more recently of the Veteran Reserves, has been transferred to the Freedman's Bureau, and has gone South.

—— In Concord, on the night of Connecticut election, the powder was all ready for a salute; tin pans, horns, and other instruments, all ready for a serenade; and the blowers had their mouths ready puckered for a blast when the news should come, that English was elected and the Johnson Seward policy sustained by a copperhead victory. But it did not come, and the people slept on till morning: when they awoke they were positive that Gen. Hawley was elected, as there had been no hullabaloo.

☞ From Isaac Adams, of Sandwich, we have received a nicely executed pamphlet containing his "Exposition of the New Hampshire Act for taxing United States Securities."

☞ From the author, Daniel J. Hunter, New York, we have a copy of a pamphlet of 180 pages, upon Chili, the United States and Spain, furnishing much information regarding the first named country, now brought so prominently into public notice by its war with Spain.

☞ From Adams & Co., publishers, 21 Bromfield street, Boston, we have two little books: "How to play Croquet," containing all the rules of the game, with illustrations and diagrams, and only omitting to state that Messrs. Whipple & Smith of Salem furnish the best sets of Field or Parlor Croquet. Also, "Ginger Snaps," a collection of 2000 jests, by Jo Cose, who seems to be a worthy follower of Joe Miller.

IN THE U. S. SENATE, April 6, Mr. Lane of Ks. offered a joint resolution for the admission of States lately in rebellion to representation in Congress on condition of their repudiating the rebel debt, endorsing the Federal debt, annulling all ordinances of secession, granting the right of suffrage to such colored people as can read, or who own and pay taxes on $250 worth of property.

Mr. Lane spoke of the necessity of immediate action on the subject of reconstruction to save the Republican party from crumbling to pieces. The resolution was ordered to lie on the table for the present.

In the debate on the Veto, Mr. Doolittle wished that the Civil Rights bill could be placed in charge of the Judiciary Committee, to frame one unobjectionable to the members of Congress and the President, as he (Doolittle) was desirous of preserving amicable relations between Congress and the Executive. Although he had received instructions from his Legislature to vote for the bill, he should not do so.

Mr. Davis opposed the bill and defended the veto. He said that if the bill became a law he should feel compelled to regard himself as an enemy of the Government, and work for its overthrow.

[If this is correctly reported, the man should be expelled.]

Mr. Saulsbury said he should consider the passage of the bill as inaugurating revolution, and that it would lead to bloodshed, war and dissension.

[Mr. S., if he were sober, could not tell why a perfectly constitutional act should lead to such disaster:—but, seen through his glass, all good measures are dangerous.]

WASHINGTON ITEMS.—Gen. Grant's reception on Friday night, after the vote on the Civil Rights bill, was brilliant. The crowd was great, as not only the officers of the army and navy, *members of Congress* and government officials were present, but the beauty and fashion of the metropolis. The Lieutenant General is decidedly the most popular man in Washington.

Governor Hamilton is on his way from Texas to announce that the rebels have taken possession of the State:—[as they tried to, of New Hampshire but did not.]

Commissioner Rollins has issued instructions to Assessors of Internal Revenue in assessing invoices not to require of farmers any return of their farm products consumed by themselves and by their families.

THE EPISCOPAL CHURCH AT EAST BOSTON.—The difficulty in the St. John's Episcopal Church at East Boston, came to a head on East Day. On Wednesday the Wardens had the windows of the church all closely boarded up, and notified Captain Adams that they expected that force would be used to break into the church by those who adhere to the Rector, Rev. Mr. McClory, and requested him to have a force ready to protect the building. In this, however, they were mistaken. At the hour for service, Mr. McClory proceeded to the church and found quite a number of his parishioners gathered around it. The doors were locked, and they could not obtain an entrance; and after waiting awhile, they proceeded to Turner's Hall, in Winthrop Block, and held service there. What the result of the contest will be, cannot now be foreseen.—*Boston Journal.*

☞ At Augusta, Maine, Saturday, the Union flag was hoisted on the State House, bells rung, and a salute fired, in honor of the Senate's passing the Civil Rights bill over the Veto. The same was done in many other places.

☞ From our correspondent in New Zealand we have files to Jan. 18. On the East Coast but few natives remain in rebellion, and wherever they show themselves they are followed up. English troops were being hurried homeward. "The Sea of Ice" was being played at Princess Theatre, in Dunedin. A disastrous flood had occurred in Molyneux, but the miners expect to be fully repaid by the gold which will have been washed out. At Port Chalmers the incident of the month was the launching of a steam vessel—the first ever built there. The gold fields were in a prosperous condition. Large subscriptions were being made to the fund for the relief of distressed Jews in Jerusalem.

☞ A monster fish, known as the Nurse or Sleeper, has been carried into Newburyport. It is 18 feet long and 8 in circumference, and measures are being taken to preserve its skin for the Cambridge Museum. When hoisted from the water by its tail the monster disgorged a barrel and a half of small fish. The Herald mentions three other specimens of this species of shark previously known to have been captured on this coast:—one brought to Marblehead in 1818, one to Portland in 1846, and the third to Provincetown in 1848.

— Detroit Post (Gen. Carl Schurz's paper) says that among all its German Republican exchanges, there is not a single supporter of the President's policy.

— Among the great wonders of the world is the J. Monroe Taylor Gold Medal Soap, and a great wonder it is, that any sane person will have any other as long as that is to be had; it makes happy wives, happy daughters, and happy husbands, and washing day more like a gala day than a working day; it is a perfect panacea, and will go farther and do better than any other soap made. Try it. 69

FIELDS OF DOCK.—The root of the *yellow dock*, so troublesome to farmers, is an effectual alterative and a most valuable medicine. In the neighborhood of Lowell, Doct. J. C. Ayer & Co. have planted fields of it, where they raise many tons at a crop. It is grown like the carrot or beet, in drills, and its quality or properties have been much improved by cultivation. It is one of the ingredients in Ayer's Sarsaparilla, and, we are informed, the extraordinary virtues of this preparation are largely due to the extract of this root that it contains. The Sarsaparilla root used by this firm is grown on plantations of their own, in Honduras, to secure an article of superior and wholly reliable quality. One of the reasons for the universally acknowledged superiority of their medicines, may be seen in the watchful care that is used in preparing them.—*Vermont Statesman.*

Business Notices.

From the Chronicle of Saturday.

☞ Madame Wiley's concert, last night was indeed a splendid entertainment; and had our citizens known what a treat was offered them, the Temple would not have held half the applicants for admission—Mme. Wiley is herself a magnificent songstress—we have had nobody here equal to her since Sontag; and the other members of the quartet are all fine singers. We have only time to urge all to go and hear them to-night, and we will guarantee you ten times your money's worth.

All Hair Restorers are said to cure baldness, but none will, save PESTACHINE.—From the People.

AN ENDLESS VARIETY

of Ladies', Misses' and Children's Boots and Shoes, as well as Boots and Shoes for Gentlemen and Boys, are for sale at F. B. MOSELEY & CO.'S, Summer street, Boston. 40

CROUP.—Almost daily we are called upon to chronicle the death of some loved one, by this dread disease, which often takes its victim away from loving parents with only very short notice. Every mother should supply herself with Coe's Cough Balsam, for it is no exaggeration to say it will cure ninety nine cases in one hundred, if taken in season. There are very many mothers who will tell you they owe the life of some dear one to this wonderful medicine. One very desirable quality is that it leaves no bad effect, it being perfectly harmless. In cases of cough, hoarseness or tickling in the throat, it has no equal. sp6eodawlw

Holloway's Pills and Ointment.—The Elixir of Life. Ponce de Leon and his companions sought in vain for the fabled waters of rejuvenescence, amid the orange groves and flowery meads of Florida. It was left for Holloway to discover the true antidote to Coughs, Colds, Asthma, Scrofula, Sore Throat, Ulcers, Burns, Scalds, &c, in his admirable remedies of Pills and Ointment, which have been astonishing the world for upwards of a year by their marvellous cures in every type of disease. Sold by all Druggists. sp7—1w

Portsmouth, March 27, 1866.

Special Notices.

IMPORTANCE OF HAVING DAVIS' PAIN KILLER ALWAYS ON HAND.

Wonderful Cure of the Rev. D. L. Brayton, Missionary in India, who was stung by a Scorpion.

Extract from his letter, published in the Baptist Missionary Magazine:

"For the first time since I have been in India, I have been stung by a scorpion. I went out this morning to my exercises, as usual, at early dawn, and having occasion to use an old box, on taking off the cover I put my hand on a scorpion, which immediately resented the insult by thrusting its sting into the palm of my hand. The instantaneous and severe pain which darted through the system is quite incredible; what an awfully virulent poison their sting must contain! I FLEW TO MY BOTTLE OF DAVIS' PAIN KILLER, and found it to be true to its name; after a moment's relief, I saturated a small piece of sponge, bound it on my hand, and went about my exercises, feeling no more particular inconvenience.

Ferry's Moth and Freckle Lotion.

☞ Chloasma, or Mothpatch, (also called Liver-crypot,) and Lentigo, or Freckles, are often very annoying, particularly to persons of light complexion, for the discolored spots show more plainly on the face of a blonde than of a brunette; but they greatly mar the beauty of either, and any preparation that will effectually remove them, *without injuring the texture or color of the skin*, is certainly a desideratum. DR. H. T. FERRY, who has made diseases of the skin a specialty, has discovered a remedy for these discolorations, which is at once prompt, infallible and harmless.

Prepared by H. C. FERRY, Dermatologist, No. 49 Bond Street, New York, and for sale by all druggists; price $2 per bottle. Call for FERRY'S MOTH & FRECKLE LOTION.

Sold by all Druggists in Portsmouth and elsewhere. lyandao—oct19

ROOT! ROOT! ROOT!

READ! READ! READ!

ROOT'S PESTACHINE preserves the life of the Hair; changes it from gray to its original color in three weeks; prevents the hair from falling; is the best article for a dressing the hair ever found in market; will surely remove dandruff and cure all diseases of the scalp; is most beautifully perfumed, cures baldness, and will not stain the skin. We tell the story quickly, and tell it true, when we say it is a perfect

Restorer and Dressing Combined.

Lyon's Periodical Drops!

THE GREAT FEMALE REMEDY FOR IRREGULARITIES.

These Drops are a scientifically compounded fluid preparation, and better than any Pills, Powders or Nostrums. Being liquid, their action is direct and positive, rendering them a reliable, speedy and certain specific for the cure of all obstructions and suppressions of nature. Their popularity is indicated by the fact that over 100,000 bottles are annually sold and consumed by the ladies of the United States, every one of whom speak in the strongest terms of praise of their great merits. They are rapidly taking the place of all other female Remedy, and are considered by all who know aught of them, as the surest, safest and most infallible preparation in the world, for the cure of all female complaints, the removal of all obstructions of nature, and the promotion of health, regularity and strength. Explicit directions stating when they may be used, and explaining when and why they should not, accompany each bottle, with the written signature of JOHN L. LYON, without which none are genuine. **Price $1.50.**

Prepared by Dr. JOHN L. LYON, 195 Chatham Street, New Haven, Conn., who can be consulted either personally, or by mail, (enclosing stamp,) concerning all private diseases and female weaknesses. **Price $1.50 per bottle.**

Sold by Druggists everywhere.

which are produced in five minutes without injuring the fibres or staining the scalp, by

CRISTADORO'S HAIR DYE

Manufactured by J. CRISTADORO, No. 6 Astor House, New York. Sold by Druggists. Applied by all Hair Dressers. M28dawlm

BRANDRETH'S PILLS. COSTIVENESS, DIARRHEA.—They are taken up by the absorbents, and carried into the circulation, through which medium they are conveyed to every part of the body.

If the pain affects the joints, a single dose produces remarkable benefit. And the same rule applies to costiveness, diarrhœa and dysentery; though with the last named they may be required night and morning for some days before decided relief is obtained. In affections of the lungs, throat, head and pleurisy, the relief is certain; the excretory organs throw off with ease the phlegm, and the breathing becomes freer. Spasmodic asthma is often cured by a single dose. mch23dawlm

A Household Necessity exists for the Use of Durno's Catarrh Snuff,

Which, in the first stages of a cold, acts like magic—Headache, Hoarseness, Diptheria, and Bronchitis, Sore Eyes, Deafness, Bad Taste and Smell, being the result of Catarrh. This snuff removes and prevents all these, and insures a healthy Head. Its effects are pleasant and safe, even for infants who suffer from snuffles.

It has the highest professional testimonials.—Sold by all Druggists, or sent by mail to all parts of U. S., for 30 cts. for one Box, or $1 for four Boxes. Address JAS. DURNO,

P. O. Box 1235, New York.

Wholesale, by D. BARNES & CO., 21 Park Row, New York. spndawlymy28

STENCIL PASTE for marking boxes, barrels, &c., in Black and Fancy Colors.

Call and examine specimens.

☞ We are also Wholesale Agents for the sale of the National Ink Co.'s warranted WRITING INK, a very superior article; does not corrode the pen nor clog.

☞ Also, Agents for the Patent Gong DOOR BELL, one of which may be seen and examined in working order at the above Number.

GEO. W. THOMPSON,

HENRY G. THOMPSON.

Portsmouth March 6

Local.

☞ The attendance on Madame Wiley's Concerts, last week, was not large; but the singing was highly appreciated by the very intelligent audiencer, and rapturously applauded. And on Saturday evening, the President of the Philharmonic Society, being desirous that such superior music should be heard by our musical citizens generally, who would enjoy it so highly; suggested to the audience that some expression of approbation should be put forth by those present, and that the Club be requested to give another entertainment, and the public recommended to attend. Accordingly, the meeting was organized by the election of Rev. Mr. Waterhouse as chairman, who made a few remarks warmly commending the concert, and stated that as furthering the cause of good and true music, he should announce it from his pulpit; and on motion of Frank W. Miller, seconded by Jas. P. Bartlett Esq., it was unanimously and heartily voted that all present endeavor to render the Concert for (this) Monday evening as great a pecuniary success, as it will undoubtedly be musically.

We have only to add, that while it may not be any affair of the public, whether a concert troupe make money or not; still every one who has the interests of the community at heart, will no doubt desire such first class entertainments to visit us—as of course they cannot do unless well sustained.

☞ On Saturday afternoon last a large barn on the North Road, belonging to Mr. Uriah Blaisdell, was destroyed by fire. Marshal Kent and Officer Johnson, being on their return from the Almshouse at the time the alarm was given, were among the very first to reach the spot, and in pursuance of their duties at once traced the cause of the fire to three young boys who had been thoughtlessly playing with matches in the building. The oldest of the boys is but 12 years of age, and the readiness with which he told the truth in regard to the matter, when questioned by the Marshal, goes to show that no malicious intent was present in the minds of any of the boys, as well as to prove that they were entirely ignorant of the consequences of their carelessness. The barn contained about twenty tons of pressed hay, plows, carts and agricultural implements. The loss is estimated at $700, on which is an insurance of $400. Engine No. 6 was promptly on the ground, but it was not thought necessary for the others to proceed to the scene. There were also about twelve tons of hay in the barn belonging to Mr. Jonathan Roberts, which was fully insured, making over thirty tons in all.

POLICE COURT, April 7th.—Willard Tufts, Richard Stevens, John Stevens and Richard Berry, for being intoxicated on the "public highway," were fined $6 86 each, which amount they severally, individually and collectively paid.

John Murphy, for assaulting Jeremiah Murphy, was fined $5 and costs, $6.86.

Catharine Crowley, familiarly known as "Kate Crowley," for being disorderly in a house on Hanover street known as the "House of Blazes," was sent to the House of Correction for twenty days and sentenced to pay costs, $5.74.

Edmund Whalley, for fighting and kicking up a row generally in the "Good Old New England" House on Hanover street, disbursed for the benefit of tax payers and the friends of the new City Hall to the tune of $7.80.

John Forrester, a discharged Marine, being "set up," laid down on Pleasant street. He was removed to one of the rooms in the Station House, where he took about "forty winks" of sleep, at seventeen cents a wink.

☞ Lieut. Sylvanus Nickerson, who has been attached to the Vandalia at this station for some months past, and who has been ordered to report to Admiral Pearson at Panama, for duty on board the Saginaw, left here on Saturday last, to the regret of the numerous friends to whom he has endeared himself during his stay with us.

☞ The resignation of Paymaster Wm. H. Thompson, U. S. N., of this city, has been accepted, to bear date of March 29th.

☞ By the Edinburgh (Scotland) Evening Courant, of March 14, we see that the "Allegbanians" were performing in that city to good acceptance. Danl. G. Waldron, Esq., of this city, is their agent, and fully understands that printer's ink is one of the great requirements for a successful prosecution of such business. The troupe are about coming home.

☞ At New York on Thursday, the police arrested John Rosser, a seaman on board the ship Chas. Sprague, from Newport, Wales, charged by Capt. Pike with attempting to sink his ship by boring holes in her with an inch auger while lying in Newport Roads. Rosser confessed the whole case after being arrested, stating that his reasons for doing it was on account of hard usage by the mates of the ship. He says he only wanted to make her leak so bad that he might get rid of going to sea in her.

IMPORTANT DECISION.—Judge Ballard, of the U. S. Circuit Court in Kentucky, has rendered a decision sustaining the right of the United States officials, indicted by the State Courts for refusing to allow rebels to vote, to transfer their cases to the United States Courts, and thus put a check on the vexatious litigation instigated by secessionists.

FROM HAYTI.—Port au Prince was visited by a destructive fire on the 19th ult. The city was built principally of wooden buildings, one thousand of which were destroyed and seven thousand persons rendered houseless. The fire, from meagre accounts, appears to have been confined to the residences.

GOLD, Saturday, 147 1-4.

— A Philadelphia writer says that Mr. Jay Cook's new house "will contain fifty bed chambers, a chapel, a gymnasium, a library, and all the accessories to the palatial house of a Christian banker."

— Twenty-one gentlemen who had been drivers for the old Eastern Stage Company were present at the funeral in Newburyport, last week, of the late Colonel Coleman, formerly superintendent of that corporation.

— The enormous profits of the National Bank Note Company of New York have come out in a recent law suit. During five months in 1863 it paid dividends from its accumulated surplus earnings amounting to 310 per cent. The $50 shares of the company are now worth $735.

— The new "National Johnson Club," organized at Washington, comprises, with two or three exceptions, avowed Democrats like Bion Bradbury of Maine, Senator Saulsbury of Delaware and Mr. Stockton, the discarded Senator from New Jersey. Montgomery Blair is President.

— Marie Amelie, widow of Louis Philippe, Queen of the French from 1830 to 1848, died on the 24th ult., at Claremont, near London. If she had lived till the 26th of this month, she would have been eighty-three years old. She was born at Caserta, near Naples. She was the daughter of Ferdinand IV, King of the Two Sicilies.

DEATHS.

In this city, April 4, of congestion of the brain, JOSEPH WILLIS GUPPY, aged 1 year 8 months, only child of Geo. W. and Sophie K. Guppy.

ABSTRACT OF THE

21st ANNUAL STATEMENT

—OF THE—

Mutual Benefit Life Insurance Co.,

January 1st, 1866.

Balance per statement Jan. 1, 1865	$6,774,867.60
Am't premiums rec'd in 1865	$3,029,087.21
" interest rec'd and accrued	679,578.30
Total income in 1865	3,708,665.51
Total disbursements, including claims by death and dividends to policy-holders	1,483,505.51
Net increase in 1865	2,274,672.00
Total Assets Jan. 1, 1866	9,049,539.60
Whole am't of claims by death, paid to Jan. 1, 1866	$4,256,579.89
Whole am't of dividends paid to Jan. 1, 1866	$2,744,216.21
Total No. Policies Jan. 1, 1866	31,921
Am't insured during the year 1865	$21,627,484.00

The Directors have, from the *Surplus on hand*, declared a Dividend of **50 per cent.**, and have also ordered the payment of the Eighteenth Dividend (50 per cent.) to the Members, when their annual premiums become due, during the year 1866.

EDW. A. STRONG, Secy. LEWIS C. GROVER, Pres.

WARREN SPARROW,

State Agent for Maine and New Hampshire.

HENRY A. YEATON,

feb18 Agent for Portsmouth and Vicinity.

WHICH IS THE

Leading Life Insurance Comp'y

IN THE UNITED STATES?

Which is the Safest and the Cheapest?

The following figures are from the later Reports of the New York Insurance Commissioner, showing the "amount of business" of the

MUTUAL BENEFIT

LIFE INSURANCE COMPANY,

to be the *largest*, the "expenses of management" the *smallest*, the "ratio of Assets to Liabilities," or the *security* furnished to its members, the *largest* of any like institution in the country.

Premiums received in 1864	$2,039,072
" " " " 1865	3,029,087
Ratio of expenses to premiums rec'd in '64	12.96
" " " " " " '65	12 16
Ratio of assets to liabilities, Jan. 1, 1865	151.85

The inevitable conclusion from these official facts, is that the

MUTUAL BENEFIT LIFE Insurance Company

IS THE BEST AND THE CHEAPEST.

Because its NET ASSETS are proportionably LARGER than those of any other Life Insurance Company in the United States.

Because its "Managing Expenses" are LESS, and it has a LARGER SURPLUS to divide among its members than any Company in the United States.

QUERY. Will some one inform the public of that mysterious process by which a Company with a surplus proportionably *much less*, and expenses *very much larger* than another, can yet divide *more* to its members, and insure them at *less cost?* How is it done? Where does the money come from?

Every intelligent man will see at once that it *cannot be done*. Yet we have Agents among us that make this their boast.

Any one disposed or intending to insure can be furnished with the requisite information by applying to

HENRY A. YEATON, Agent.

Portsmouth, March 27, 1866.—3mdaw

Important.

DR. STEVENS, No 5 Daniel Street, would give notice that he has REDUCED the price of Permanent Sets of ARTIFICIAL TEETH on the Vulcanite Base, to that charged for them before the war.

He would also give notice that he is doing a new style of work for Under Sets of Teeth, called the COMBINATION BASE (Gold and Vulcanite) which produces by far the finest work offered to the public. The price is something in advance of that charged for the Vulcanite alone, but the strength, durability, ease of bearing, and beauty of finish obtained by it, more than double the value of the teeth. mh12

GEORGE F. WEED,

S-u-r-g-e-o-n D-e-n-t-i-s-t,

FIRST ASSISTANT in the Office of Dr. STEVENS, No. 5 DANIEL STREET.

DR. WEED can be found at his place of business at all hours of the day and night, for the performance of any of the operations that come within the call of his profession.

Dr. A. P. STEVENS, No. 5 Daniel St., makes the saving of ULCERATED and painful front teeth, a specialty in his business. He also successfully restores to their natural shape broken or badly decayed teeth, by building out corners and sides with PURE GOLD. (In many cases teeth so restored are as strong as any of their brother members, and in all cases are rendered eminently useful for a long series of years.) DISEASED FEETH, in all stages, treated, and in a very large majority of cases entire success attained.

Charges for such operations necessarily high, but nothing in comparison to the value of the Teeth. mchlt

From the Portsmouth Journal 28th

THE PHILHARMONIC SOCIETY'S CONCERT.—The concert on Thursday evening was well received, as usual. Considering the short period which the Society allowed itself for rehearsal, the choruses were very well performed, and the concert was highly creditable. The solos and quartettes were loudly applauded. The beautiful solo in "The Marvelous Work" was performed by Mrs. T. F. Burtt with admirable effect. Mr. W. N. Ilsley and Mr. Charles D. Perry who have not before taken part in the concerts of the Society, made a very acceptable addition to the entertainment. "Listen, tis the woodbird's song" sung by Mrs. Albertina Bennett and Miss Athena Hatch was finely rendered, and received with great applause. This is probably the last concert of the season unless the Society should accept an invitation to go to Haverhill.

CUSTOM HOUSE.—Payne Durkee, Esq., of Croydon has been appointed Inspector of Customs at this port, and Aaron Young, Esq. has received the additional appointment of Measurer, Weigher and Gauger, thereby becoming the successor of C. C. Whittemore, Esq. This removal was made by request of the veteran wine potter, Buel Durkee, brother of the Postmaster, who has lately been at Washington to manage the affair. Our two Senators favored Buel, against the protest of the Representatives, and after long and persistent efforts the veteran manager triumphed.

Mr. Whittemore, who communicates the above, retires with credit, having filled the office for the last five years to the entire satisfaction of the Government, and all who have had business at the Custom House.

HON. J. W. PATTERSON.

In remarking on the late great political campaign in Connecticut, the New Haven Courier thus compliments our distinguished Representative in Congress:

The State Committee deserve great credit, among other things, for securing so many able and excellent speakers in the campaign. We were especially grateful last Friday evening, as we listened to the Hon. J. W. Patterson, Representative in Congress from New Hampshire. We doubt if so able and eloquent a speech has ever been heard here in a political campaign. It was a speech which enlightened, while it delighted the people, at once solid and brilliant. It was full of sound reasoning and noble sentiment, clothed in the most expressive language, and delivered with a commanding power and grace, and passionate feeling which aroused in his hearers every patriotic and humane impulse, and inspired the whole audience with the speaker's own enthusiastic sympathy with the heroic defenders and friends of the Union, and freedom, and fugitive slaves, and glory of the Republic. Even those who differed with him in politics, were charmed with his eloquence. We congratulate the old Granite State on having such a representative in the councils of the nation. Would to God there were more such thinkers and speakers to represent the patriotic people.

The late important decision of the U. S. Supreme Court, which sustains State prohibitory laws, affects some fifteen hundred liquor cases in Massachusetts, which were in obeyance, waiting this decision. Says the Christian Register—"This decision has given great joy to the friends of temperance, while the lamentations and curses are heard in the dram shops and low dancing halls." The Boston Journal strongly recommends a license law, (to make drinking more respectable, and so lessen the quantity consumed) which must be followed, of course, by the repeal of the present statutes. The State Treasury would be benefitted, and so it would also be by licencing lotteries and gambling houses; but these latter would not be sources of crime to be compared with the former. Carrying into effect the existing laws, would empty shortly the State Prison and houses of correction of half their inmates, relieving the Treasury of a great burden, saving hundreds of broken heads, and promoting the order and harmony of society. But has not a man the right to get drunk, in this land of liberty, he taking the consequences? If the consequences affected the individual alone, there might be force in the argument.

Three of Prof. Agassis's assistants returned from Brazil in the last United States and Brazil Companies' mail steamer Havana. The Boston Journal is informed that Prof. Agassis and the others of the party will not return until late in the season.

Health Regulations.

THE BOARD OF HEALTH of the City of Portsmouth call the attention of the public to the following sections of City Ordinance No. 4, and invite all interested in the preservation of health in the City to aid them in the execution of their duty.

SEC. 2.—All waste water of houses yards, cellars, sinks, pumps, &c. shall be conveyed by their owners or occupiers to the common sewers, or to such places as the Health Officers may direct.

SEC. 3. No person shall be allowed to throw any vegetable or dead animal substance, or any other matter capable of producing infection, into any street, lane, alley or dock, or upon any wharf, but shall carry them or throw them into the river below low-water mark.

SEC. 5. The contents of vaults and privies shall not be permitted to rise within one foot of the surface of the earth. And all owners or occupiers of buildings having such vaults or privies as may require, shall cause them to be emptied within ten days from the promulgation of this ordinance, and in future on or before the first day of May in each year. And any such owner or occupier neglecting so to do, shall forfeit and pay for every such neglect a sum not less than three nor more than twenty dollars, and a like sum for every week's neglect after the time above specified.

SEC. 11. The health officers may give written notice to the owner or occupier of any building, vessel or enclosure, to remove or destroy any nuisance or other thing deemed by them, on examination, to be injurious to the public health, within a certain time limited therein; and in case such owner or occupier—the said notice having been given to him, or left at his usual place of abode—shall neglect to comply therewith, the said health officers may, by direction of the mayor and accompanied by the city marshal, forcibly enter such building, vessel, or enclosure, and cause the said nuisance or other thing aforesaid to be removed or destroyed.

SEC. 14. The owner or occupier of any building, vessel or enclosure shall be liable to pay the expense of the removal or destruction of any such nuisance or other thing, as aforesaid, including fees of the health officers who order or cause the same to be removed; and the same may be recovered by action to be brought in the name of the city.

SEC. 16. And whenever any person or persons shall violate any rule or regulation, or commit any act forbidden in any section of this ordinance, to which no special penalty is annexed, shall forfeit and pay a sum not less than one dollar nor more than twenty dollars, to be recovered by complaint before the police court of this city.

BENJAMIN W. CURTIS,
ROBERT SHILLABER,
BENJAMIN M. PARKER,
Portsmouth, April 7, 1866. Health Officers.

Cleanse the Blood.

With corrupt, disordered or vitiated Blood, you are sick all over. It may burst out in Pimples, or Sores, or in Scrofulous diseases, it may merely keep you listless, depressed and good for nothing. But you cannot have good health while your blood is impure. AYER'S SARSAPARILLA purges out these impurities and stimulates the organs of life into vigorous action, restoring the health and expelling disease. Hence it rapidly cures a variety of complaints which are caused by impurity of the blood, such as Scrofula, or King's Evil, Tumors, Ulcers, Sores, Eruptions, Pimples, Blotches, Boils, St. Anthony's Fire, Rose or Erysipelas, Tetter or Salt Rheum, Scald Head, Ring Worm, Cancer or Cancerous Tumors, Spinal Complaints or Diseases, such as Rheumatism, Irregularity, Suppression, Whites, Sterility, also Syphilis or Venereal Diseases, Liver Complaint, Dyspepsia or Indigestion. Try AYER'S SARSAPARILLA, and see for yourself the surprising activity with which it cleanses the blood and cures these disorders.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself has become synonymous with imposition and cheat. Still we call this compound "Sarsaparilla," and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it.—We think we have good reason for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. We can only assure the sick that we place them the best alterative which we know how to produce, and we have reason to believe it is by far the most effectual purifier of the blood yet discovered by any body.

AYER'S CHERRY PECTORAL is so universally known to surpass every other remedy for the cure of Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the relief of Consumptive Patients in advanced stages of the disease, that it is useless here to recount the evidence of its virtues. The world knows them.

Prepared by DR. J. C. AYER & Co., Lowell, Mass., and sold by all Druggists and Dealers in Medicine everywhere. mh9—2awaw2m

Hedge Plants.

The proprietors offer a heavy stock of HONEY LOCUST for Hedging—two years old, fine, strong, well-branched plants. This species is perfectly hardy, free from insects, of strong and rapid growth, and very defensive.

PRICES—$8 per 1000, or $60 per 10 000. Packing extra. HOOFER & THOMAS,

dawtt—mh13 West Chester, Pa.

Dr. Larookah's SARSAPARILLA COMPOUND,

For the speedy and permanent cure of

Liver Complaint, Scrofula, or King's Evil, Dyspepsia, Dropsy, Neuralgia, Epilepsy, Erysipelas, St. Anthony's Fire, Pimples, Pustules, Blotches, Boils, Tumors, Salt Rheum, Ulcers and Sores, Rheumatism, Pain in the Stomach, Side and Bowels, General Debility, Uterine Ulceration, Syphilis and Mercurial Disease, and all complaints arising from or resulting in **Impure Blood.**

It is *double the strength* of any other Sarsaparilla Compound in the market, and is indorsed by the medical faculty as the *best and cheapest* BLOOD PURIFIER extant.

Price $1.00 per Bottle.

Prepared by
DR. E. R. KNIGHTS, . . . Chemist,
MELROSE, MASS.

Sold by GEO. HILL, Portsmouth, and by druggists and merchants throughout the country.

DR. KNIGHTS' HAIR DRESSING

A VEGETABLE PREPARATION

For beautifying and promoting the luxuriant growth of the hair.

It prevents the hair from falling off or turning gray.

It removes dandruff, cleanses the scalp, cures nervous headache, and all those distressing affections induced by the use of oily or alcoholic Hair Dressings.

Its invigorating properties insure luxuriant locks, inclined to curl, and by its persistent use the hair is restored to bald heads when such a result is possible.

It is splendidly perfumed, will not stain or soil the skin or any article of apparel, and is universally approved—especially by ladies and children.

☞ *BUY NO OTHER!*

Price 75 cents per Bottle.

Prepared by
DR. E. R. KNIGHTS, ... Chemist,
MELROSE, MASS.

Sold by
GEO. HILL, and by druggists and merchants throughout the country.

HIGHLY IMPORTANT
—TO—
UNFORTUNATE FEMALES!

DR. BRISCOE'S FEMALE PILLS are unsurpassed by virtue and efficacy in removing all complaints, of whatever nature, incident to females. He continues, with his usual success, to medically and surgically remove Obstructions, Engorgements, Leucorrhœa, Whites, General Debility, &c., and suppressions of all kinds; also all complaints of the Lungs, Liver, Kidneys, Spleen, Bladder, &c.

His medicines will be sent to any part of the country by express or mail; addressed by a communication stating particulars, will receive prompt attention.

Office, No. 22 Endicott street.

Persons at a distance can consult DR. BRISCOE, by letter, describing the case, and have the medicine securely put up, and forwarded to any part of the United States, with full directions for use. Office arranged with separate apartments, so that patients are not seen but the Doctor himself.

Address DR. BRISCOE, at No. 22 Endicott St., Boston, Mass., stating symptoms. All communications are strictly confidential.

Patients furnished with rooms and board if desired, and secrecy observed in every case.

Office hours from 9 A. M. to 9 P. M.

Boston, July 16, 1865. ThSly

DR. M. BRISCOE still continues his successful treatment of all Private Diseases and also Female Complaints, at his old established office, No 23 Endicott street.

N. B.—The sick and afflicted will do well to give him a call. A short consultation costs nothing, but a word of friendly advice may save you years of suffering.

P. S.—Ladies who wish to stay in the city under my care a few days, can be furnished with kind nurses. Charges moderate.

SUFFERERS

From Dyspepsia

READ! REFLECT!! ACT!!!

TARRANT & CO.

Gentlemen, I am a resident of Curacoa, and have often been disposed to write to you concerning the real value of your SELTZER APERIENT as I am indisposed with Liver and Dyspepsia. I desire to express to you my sincere gratitude for the great benefit the SELTZER has done my wife.

For four or five years my wife has been sadly afflicted with Dyspepsia, and after using her medicine and the treatment of several Doctors for two or three years, she was finally induced to seek the advice of a learned Physician, Doctor Cabialis, of Venezuela, who immediately treated her with your EFFERVESCENT SELTZER APERIENT. She began to improve at once and is now PERFECTLY WELL.

I feel it to be my duty for the good of humanity to make this statement, feeling that a medicine so valuable should be widely known.

Trusting that you will give this publicity, and repeating my earnest gratitude and thanks,

I am very respectfully yours,
S. D. U. HENRIQUER,
Merchant, Curacoa, S. A.

New York, June 28th, 1865.

WE ASK

The suffering millions in our land to give this remedy a trial, convinced that by its timely use many may be relieved, many cured of

Dyspepsia, Heartburn, Sour Stomach, Sick Headache, Dizziness, Costiveness, Piles, Costiveness, Bilious Attacks, Liver Complaints, Rheumatic Affections, &c.

Read the Pamphlet of Testimonials with each bottle, and do not use the medicine against the advice of your Physician.

MANUFACTURED ONLY BY
TARRANT & CO.,
278 Greenwich Street, New York.
☞ FOR SALE BY ALL DRUGGISTS. apl9ly

DUTCHESS NURSERIES

POUGHKEEPSIE, NEW YORK,

FERRIS & CAYWOOD, Proprietors.

We call the attention of our customers and the public to our stock of GRAPE VINES, which is larger than ever before. Having had over twenty years' experience in the management of Vineyards and the propagation of Vines, and our present stock having been grown from bearing wood only, and constant care during the season, we think they will compare favorably with any others that are offered for sale.

Our stock of MONTGOMERY VINES is very large. This variety not being generally known, we will give a brief description: White, a seedling of the White Chasselas, an unparalled grower and bearer, clusters often weighing two pounds, with a mild nutmegl flavor. It is classed with the hardy grapes, but we protect it in winter as we do all other varieties in this part of the State.

Our stock of the various kinds of EVERGREEN and DECIDUOUS TREES is very large, and is offered at moderate price; and at every we strive to the quantity, to those who are laying out and improving their places, cemeteries, or public grounds, and to nurserymen. We challenge competition.

Grape Vines.

"DELAWARE"—Grown in open border. No. 1, one year old, 20 cents each, $25 per 100; No. 2, ditto, 25 cents each, $20 per 100; No. 3, ditto, 200 each, $10 per hundred; well grown vines in pots 25c each, $15 and $20 per 100.

"MONTGOMERY"—No. 1, one year old in border, very strong plants, many equal to two years' growth, 31 each, $30 per 100; No. 2, one year old, good plants, 75c each, $65 per 100.

"REBECCA"—No. 1, one year old in pots, 30c each, $25 per hundred; No. 2, ditto, 20c each, $20 per hundred.

"ALLEN'S HYBRID"—3 years old, $1 50 each; 1 year old, 50c to 75c each, $40 per hundred.

"CUYAHOGA"—No. 1, two years, 25c each, $20 per hundred; No. 2, ditto, 20c each, $15 per hundred.

"CREVELLING"—No. 1, one years in border, 50c each, $40 per hundred; No. 2, ditto, 40c each, $30 per hundred; No. 3, ditto, 30c each, $20 per hundred.

"ROGERS' HYBRID"—Nos. 3, 9, 15, 53—60c each, $35 per hundred; No. 1, in open border, 50c each, $35 per hundred; No. 2, in pots (strong) 40c each, $30 per hundred.

"IONA and ADIRONDAC"—One year old, from vines, No. 1, $1 50 each; No. 3, 75c to 90c each; No 3, 50c each. mch20

Everybody Interested.

Youth and old age are alikebenefited by the use of Mrs. S. A. Allen's World's Hair Restorer and Hair Dressing. They act directly upon the roots of the hair, causing luxuriant growth and beauty. Your hair, if changed to grey or white by sickness or other causes, will soon be restored to its natural color and beauty. Dandruff eradicated forever. The Hair falling stopped. The most delicate head-dress or bonnet can be worn without fear of soiling. The most delightful fragrance to the hair is imparted. If you wish to restore your hair, as in youth, and retain it through life, without delay purchase a bottle of Mrs. S. A. Allen's World's Hair Restorer and Dressing.

Sold by Druggists throughout the World.
PRINCIPAL SALES OFFICE,
198 & 200 Greenwich St., New-York.

Lodi Manufacturing Company's POUDRETTE.

AGENT FOR NEW HAMPSHIRE,
J. F. SHORES, Jr.,
No. 38 Market Street (Up Stairs.)

The advantages of Poudrette as a manure may be stated as follows:

First, its ECONOMY. The cost of the manure compared with its *effects* is less than that of *any other fertilizer* in market. It can be bought and applied for the same money which it would cost only to apply farm-yard manure. It is portable, contains great strength in a small compass, and needs *no extra care in its application*; the closer its contact with the seed the better and quicker it works. $6 50 worth at our retail price (two barrels) will manure an acre of corn in the hill, and from one-quarter to one-third to the product, and will mature the crop from one to two weeks earlier. *No worms* will stay in the hill where the Poudrette is placed. *No seeds of weeds will germinate*, and crops are very slightly affected by the rot of the hill. On Corn, Tobacco and Garden Vegetables it has no equal. While the leaf and growth of the Tobacco plant is large, it has not the coarseness of fibre which is produced by Peruvian Guano, and it has taken the lead for this crop in Connecticut, and has begun to be appreciated in Maryland.

It is famous for producing larger and finer potatoes than anything else, and also for large and about Onions, their large growth, &c., are almost beyond credence. Flowers and plants are much improved by an application of Poudrette.

Another great advantage is in the season of the year when the corn is planted. It is a time when every spring crop must be put in, and the corn not only planted, but up and cultivated sufficiently for the last hoeing and planting, before the commencement of grain and hay harvest.—The celery and dispatch with which large crop of corn is put in and poudretted, the rapid growth and consequently the early opportunity of working among it—the small necessity for weeds, owing to the shade it affords, and the fact that the *Poudrette, unlike other manures, contains no seeds that can germinate*, and consequently less trouble required to clean it—are all important advantages. The corn will ripen two weeks earlier, and the yield will be much heavier.

The same remarks apply to Sorghum and Broom Corn

For grass, where it is about to be laid down to hay, or for every 2 years, a top dressing of Poudrette will be found invaluable.

We wish to remark in this place, that Poudrette is not like some quack medicines warranted to cure all kinds of diseases. It must be used with discretion, and a reasonable quantity will produce a reasonable effect.

Poudrette will answer no better than other manures on wet, sour, undrained land, or in season of drought. In other words, Poudrette is an invaluable substitute for barn-yard manure, and can be used with great profit and advantage upon most spring crops, but it will neither work miracles, drain the land it is put upon, nor cause rain to fall in time of drought.

Price per Barrel $2.25—delivered at any part of the city, or at any depot or wharf.

Important Notice!—When Poudrette is spoken of, we mean "LODI POUDRETTE," which has now stood the test of twenty six years' trial; and when buying, *be sure and get that kind!*

A descriptive pamphlet may be had on application. mh19

ISRAEL MARDEN & CO.,
No. 39 Congress St., Portsmouth, N. H.,
—DEALERS IN—
S. Vance's Submerged Well PUMP.

This unsurpassable invention, now being first introduced, will, it is believed, supercede all other Well Pumps now in use.

ITS ADVANTAGES.

FIRST, SIMPLICITY.—THE Pump is composed of but three parts, and is so simple in its construction that any one can easily put it together.

SECOND, DURABILITY.—Its peculiar construction and the fact that it is always submerged combine to make it the most durable of all Pumps yet invented.

THIRD, NEVER FREEZES.—The valves are so constructed that, when not in motion, they allow the water above to pass down into the well, and thus prevent freezing.

FOURTH, POWER.—For the amount of power applied, this Pump excels anything known. It throws one-third more water than ordinary pumps, and works so easily that even a child can pump without fatigue. It is in this way the greatest labor-saving pump now offered to the public.

FIFTH, IT IS INVALUABLE.—For a well pump it is invaluable, as it will tie from which submerged consists of but three small pieces, and these galvanized. It can in no way corrode, consequently it brings up pure water at every stroke.

SIXTH, CHEAPNESS.—This Pump is so made that it costs but a trifle, and is warranted to keep in good repair. No repairs at all are needed. It is very light, and thus the cost of transportation is very small.

☞ Manufactured by S. VANCE & CO., No. 31 Liberty Street, Newburyport, and for sale in Portsmouth by the Sole Agents for N. H.,

ISRAEL MARDEN & CO.,
39 Congress Street.

☞ We are permitted to refer to Mr. MONROE HOLMES and to Mr. FRANK W. MILLER of the Daily Chronicle, who have these new Pumps in use on their premises,—for testimony to their excellence.

Portsmouth, Oct. 16th, 1865.

CHEROKEE PILLS,

Or Female Regulator,

Cures *Suppressed, Excessive and Painful Menstruation, Green Sickness, Nervous and Spinal Affections, Pains in the Back, Sick-Headache, Giddiness*, and all diseases that spring from irregularity, by removing the cause and all the effects that arise from it. They are perfectly safe in all cases, *except when forbidden by directions*, and are easy to administer, as they are nicely *sugar coated*. They should be in the hands of every Maiden, Wife, and Mother in the land.

Ladies can address us in perfect confidence, and have the Cherokee Pills in full, as we treat all Female Complaints, and prepare Medicines suitable for all diseases to which these are subjects. Thirty-two page pamphlet, in a sealed envelope, free.

The Cherokee Pills are sold by all druggists at $1 per box, or six boxes for $5; they are sent by mail, free of postage, in an ordinary letter, free from observation, by addressing the sole proprietor,

Dr. W. E. MEEWIN, 37 Walker St., N. Y.

N. B.—Cherokee Pills No. 2 are prepared for *special cases*, when other medicines fail; these are sent by mail, free of postage, on receipt of $5, *the price of each box.*

DR. WRIGHT'S

REJUVENATING ELIXIR,

Or, Essence of Life,

Cures *General Debility, Weakness, Hysterics in Females, Palpitation of the Heart and all Nervous Diseases.* It restores new life and vigor to the aged, causing the hot blood of youth to course the veins, restoring the *Organs of Generation, removing Impotency and this Erroneous Debility, removing Mental anxiety and full vigor*, thus proving a *overcome disease.* perfect *"Elixir of Love,"* removing *Sterility* and Barrenness in both sexes. To the young, middle-aged, and aged, there is no greater boon than this "Elixir of Life." It gives a new lease of life, and renders the aged debilitated to have renewed strength and vigor, and the entire system to thrill with joy and pleasure.

Price, one bottle $1; three bottles $5; sent by express to any address.

Our medicines are sold and recommended by all respectable druggists in every part of the habitable globe; some unprincipled dealers, however, try to deceive their customers by selling cheap and worthless compounds to make more money. Be not deceived—ask for these medicines and take no others. If the druggist does not keep them, write to us, and we will send them by express, carefully packed, free from observation. We will be pleased to receive letters with full statements in regard to any disease with which ladies or gentlemen are afflicted. Address all letters for medicines, pamphlets, or advice, to the sole proprietor,

Dr. W. E. MEEWIN, 37 Walker St., N. Y.

The Chronicle.

ANOTHER ALPINE CATASTROPHE.—A letter from Chatesuvioux (Hautes-Alpes) says: "A great misfortune has just occurred here. Two evenings ago a mass of rock, in which three dwellings had been excavated, fell with a great noise, and buried under its ruins three persons, a man named Bourgeois, his wife and a servant, Marie Brisset. The three victims must lie buried several days, as from the mass that has fallen a considerable time will be required to remove the ruins. In falling, the heap of rocks crushed a house, a stable, in which was a cow, and a large barn."

REMARKABLE LONGEVITY OF A PIG.—While men were at work discharging the cargo of the brig M. Shepard, on Wednesday at Boston, they found a live pig in the hold among the cargo, and in such a position that he could not obtain either drink or food. He had been put in the hold seventeen days since to be kept from the cold, and had crawled so far from the hatchway that he could not return. When found he was very thin and weak, but from the manner in which he took his gruel after being found it is thought he will soon recover his flesh.

☞ We perceive from the Boston Recorder, that Rev. J. G. Walton, of the 3d Parish in Portland, read a communication to his people last Sabbath, stating that his views differing from the views of New England Congregationalists, he resigned his position, to take effect on the last Sabbath in April. Mr. W. is the minister whom the Councils refused to install, because he was not *positive* in his belief of endless misery, but thought it possible there might be ultimate salvation even to the uttermost. His people, however, retained him as a stated supply and acting pastor:—a relation which he now resigns as above.

— The New Orleans Bee says that "as to the present disposition of freedmen to live up to their contracts by reasonable good faith and persistency, information from the interior of the State and from some other States is of a highly gratifying nature."

THE LIGHT OF THE WORLD.
DR. MAGGIEL'S
PILLS AND SALVE

These Life-giving remedies are now, for the first time, given publicly to the world. For over a quarter of a century of private practice the ingredients in three

Life-giving Pills!

Have been used with the greatest success. Their mission is not only to prevent disease, but to cure. They search out the various maladies by which the patient is suffering, and re-invigorate the failing system. To the aged and infirm a few dose of these valuable PILLS will prove to be

A Very Fountain of Youth,

For in every case they add new life and vitality, and restore the wasting energies to their pristine state. To the young and middle aged, they will prove most invaluable, as a ready, specific, and soothing medicine. Here is a dream realized, that Ponce-de-Leon sought for three hundred years ago, and never found. He looked for a fountain that would restore the old to youth and make youth ever

AN ETERNAL SPRING!

It was left for this day and hour to realize the dream, and show, in one glorious fact, the magic that made it fair.

These Famous Remedies

Cannot stay the flight of years, but they can force back and hold aloof, diseases that might triumph over the aged and the young. Let none hesitate then, but seize the favorable opportunity that offers. When taken as prescribed—

FOR BILIOUS DISORDERS

Nothing can be more productive of cure than these Pills. Their almost magic influence is felt at once; and the usual concomitants of this most distressing disease are removed. These remedies are made from the favorable compound of

VEGETABLE COMPOUNDS.

They will not harm the most delicate female, and can be given with good effect in prescribed doses to the youngest babe.

For Cutaneous Disorders

And all eruptions of the skin, the SALVE is most invaluable. It does not heal externally alone, but penetrates with the most searching effects to the very root of the evil.

DR. MAGGIEL'S PILLS

Invariably Cure the Following Diseases.

Asthma,
Bowel Complaints,
Coughs,
Colds,
Chest Diseases,
Costiveness,
Dyspepsia,
Diarrhœa,
Dropsy,
Debility,
Fever and Ague,
Female Complaints,
Headache,
Indigestion,
Influenza,
Inflammation,
Inward Weakness
Liver Complaint,
Lowness of Spirits,
Ringworm,
Rheumatism,
Salt Rheum
Scalds
Skin Diseases.

☞ **Notice**—None genuine without the engraved trade mark around each pot or box, signed by DR J MAGGIEL, 43 Fulton st., New York, to counterfeit which is felony.

☞ Sold by all respectable Dealers in Medicine throughout the United States and Canadas at 25 cents per box or pot. decl—eopawly

THE WORKING FARMER, Vol. 18, 1866, a Monthly, of 24 quarto pages, an earnest advocate of agricultural improvement, is offered at the low price of ONE DOLLAR a year, in advance. It will contain many interesting items, given by no other journal of its class, including Washington's Letters on Agriculture, with one in *facsimile* of his handwriting; "Farm Maps, and Accounts and Ploughing," by S. Edwards Todd, author of "The Young Farmer's Manual;" a finely illustrated treatise on the Pear, by P. P. Quinn, Sup't of the celebrated farm of the late Prof. Mapes; an original and ingenious article on Flower Gardening, by Ignaz A. Pilat and I. Payne Lowe. As, however, actual examination is the only test on which judicious readers will rely, we will forward specimen copies on the receipt of postage. Address W. L. ALLISON & Co., 104 and 106 Nassau Street, New York.

WANTED TO GIVE a $56 WHEELER & WILSON MACHINE, which sews all kinds of fabrics, for procuring SIXTY paying subscribers to HALL'S JOURNAL OF HEALTH, for 1866. $1.50 a year. No. 2 West Forty-third St., New York, near Fifth Avenue. Specimen numbers, 10 cents.

Patent Offices.
INVENTORS who wish to take out Letters Patent are advised to counsel with Messrs. MUNN & CO., editors of the Scientific American, who have prosecuted claims before the Patent Office for nearly Twenty Years. Their American and European Patent Agency is the most extensive in the world. A pamphlet containing full instructions to inventors, is sent gratis. Address MUNN & CO., No. 37 Park Row, New York.

J. O. JOYCE'S DOUBLE ACTION FORCE PUMP, for Wells, Cisterns, Railroad Stations, Factories and Vessels; has no equal for power, ease of workmanship and durability, has a powerful air chamber, will throw water SIXTY FEET AFTER RAISING it out of a *sixty foot well*, and NEVER CAN FREEZE. It is the most successful deep well pump on this continent, *only* one that *will* do what it is advertised to do, and is fast growing into public favor. See well to your interests by investigating the merits of this pump, or you may have to say, as others have, "Had I known of this Pump before I bought mine, I should certainly have had it." Call and see it, or send for Circular containing all particulars. No. 30 Exchange St., corner of Dock Square, Boston, Mass. HENRY D. RICE, Wholesale and Retail Agent for New England. Agents wanted.

THE HOWE

HULL & FISHER, Proprietors.

That Noble Animal, The Horse.
Will be better every way if fed occasionally a spoonful of
ALDEN'S CONDITION POWDERS.
They will cure most of the diseases to which horses and cattle are liable, increase the appetite and spirits, and, with respectable grooming, give a bright, glossy appearance to the hair. They are the result of actual and long continued experiment, are prepared with the utmost care, from the very best material, and guaranteed vastly superior to anything known. Many Vermont gentlemen, owners of fine horses, buy them by the dozen, and give them freely. As a consequence, their horses are always in good condition and spirits, and remarkable for their smooth, shining coats. For sale by merchants everywhere. **L. L. Dutcher & Son.** St Albans, Vt., proprietors; Demas, Barnes & Co., New York, John F. Henry & Co., Waterbury, Vt., Wholesale Agents.

MAKE YOUR OWN SOAP WITH B. T. BABBITT'S PURE CONCENTRATED POTASH, or READY SOAP MAKER. Double the strength of common Potash, and superior to any saponifier or lye in the market. Put up in cans of one, two, three, six, and twelve pounds, with directions in English, German, for making Hard and Soft Soap. One pound will make fifteen gallons of Soft Soap. No lime is required. Consumers will find this the cheapest Potash in the market. B. T. BABBITT, 64, 65, 66, 67, 68, 69, 70, 72 and 74 Washington street, N. Y.

VINELAND
FARM AND FRUIT LANDS,
In a mild and healthful climate. Thirty miles *south* of Philadelphia by Railroad, in New Jersey, on the same line of latitude as Baltimore, Md.
The soil is rich and *productive*, varying from a clay to a sandy loam, suitable for Wheat, Grass Corn, Tobacco, Fruits and Vegetables. This is a *great fruit country*. Five hundred Vineyards and Orchards have been planted out by experienced fruit-growers. Grapes, Peaches, Pears, &c., produce immense profits. Vineland is already one of the most beautiful places in the United States. The entire territory, consisting of fifty square miles of land, is laid out upon a general system of improvements. The land is only sold to actual settlers with provision for public adornment. The place, on account of its great beauty, as well as other advantages, has become *the resort of people of taste*. It has increased five thousand people within the past three years. Churches, stores, Schools, Academies, Societies of Art and Learning, and other elements of refinement and culture have been introduced. Hundreds of people are constantly settling. Hundreds of new houses are being constructed. Price of Farm land, twenty acre lots and upward, $25 per acre. Five and ten acre and Village lots for sale.
Fruits and Vegetables ripen earlier in this district than in any other locality north of Norfolk, Va. Improved places for sale.
Opening for all kinds of business. Lumber Yards, Manufactories, Foundries, Stores and the like; and Steam Power, with room, can be rented.
For persons who desire mild winters, a healthful climate, and a good soil, in a country beautifully improved, abounding in fruits, and possessing all other social privileges, in the heart of civilization, it is worthy of a visit.
Letters answered, and the Vineland Rural, a paper giving full information, and containing Reports of solon Robinson, sent to applicants.
Address CHAS. K. LANDIS, Vineland P. O., Landis Township, New Jersey.
From Report of Solon Robinson, Agricultural Editor of The Tribune: *It is one of the most extensive fertile tracts, in an almost level position and suitable condition for pleasant farming that we know of this side of the Western Prairies.* n1—dawóm

Morning Chronicle.

Portsmouth, N. H.

TUESDAY, APRIL 10, 1866.

THE PRICE.—It is intimated that Senator Lane of Kansas, supported the President's veto as the result of an agreement that his brother-in-law, Judge Davies, should receive the appointment of Collector at the port of New York. Senator Morgan's support of the bill is also assumed to to be in consequence of dissatisfaction because of this agreement.—*Traveller.*

The profit and loss account is odd enough, if the President *gained* "Jim Lane" and *lost* Gov. Morgan by the same act. There is a fitness of things, however, in Lane's *going over*: for he, like President Johnson, has formerly suffered much in the country's cause;—but now, like him also, ——.

Another and more reliable story is, that Gov. Morgan was satisfied, on hearing Senator Trumbull's speech,—(in which he spoke of showing the Civil Rights bill to the President and his not objecting to it,)—that he *ought* to vote for the bill as a matter of duty and principle.

WASHINGTON ITEMS.—Five of the Alexandria rioters, tried by court marshal, have been sentenced to periods of from five years to six months imprisonment in the Albany Penitentiary, and are on the way there.

The Washington correspondent of the Boston Journal says, under date of Sunday:

President Johnson does not appear to be moved in any way because Congress is certain to place the Civil Rights bill upon the statute books as part of the laws of the land. He states that he shall not execute the law if he believes it to be unconstitutional, and there are reasons for believing that a test case will soon be made up for decision.

Meanwhile, the President has issued an order directing the employment of honorably discharged soldiers and sailors in the departments, and declaring it "eminently right and proper that the Government of the United States should give earnest and substantial evidence of its just appreciation of the services of the patriotic men who, when the life of the nation was imperiled, entered the army and navy to preserve the integrity of the Union, defend the Government, and perpetuate its free institutions."

OUTLAWRY IN SOUTH CAROLINA.—A Washington dispatch gives a statement of Major Walker of the 5th U. S. cavalry, respecting the political and social condition of South Carolina. The Major says the freedmen everywhere are busily and peaceably at work. The only serious troubles in the State lately have resulted in depredations and outrages of a guerrilla band calling themselves Regulators or reformers. This band is about one thousand strong, led by a notorious ex-rebel officer, whose chief business is to molest the freedmen, but by degrees to plunder blacks and whites indiscriminately. The latter have manifested a willingness to aid in exterminating them. As fast as captured, they will be tried as outlaws, and if convicted, executed.

☞ A statement is made in one of the Southern newspapers that nearly three thousand freedmen have left for New England, where they are receiving thirty dollars per month. The Boston Journal deems it a political item, not based upon truth. Apropos of freedmen. The colored population of Boston from 1860 to 1865 did not increase quite four hundred, and of the twenty-six hundred and twenty-seven colored population, Ward Six, the wealthiest ward in the city as regards personal property, has over 1400.

☞ That cracked concern, John Bell, has made (says the Traveller) a statement which is entitled to more attention than what usually proceeds thence. He says that President Lincoln's emancipation proclamation had a great effect on the minds of the slaves. Until that appeared, the slaves were "loyal," but afterward they became discontented, and seceded from their masters. Thus the President's action is justified, and we see that the proclamation was of the greatest use to our cause. Had it never been issued, we never should have been victorious,—and we never should have deserved victory.

☞ Alex. H. Stephens leaves Washington on Wednesday for Georgia. He has had interviews with most of the public men here, including many of the radical persuasion. He leaves fully satisfied that there is no hope whatever for any Southern Representative in the present Congress. He will not be examined by the Reconstruction Committee.

RUSSIAN EMANCIPATION.—The Russian government is said to be carrying out its policy of emancipation among the Polish peasantry, who if not actually serfs, have yet had few rights to be respected by the aristocratic and revolutionary classes. The government has begun to furnish the peasants title deeds to their allotment of lands, which proceeding will have the effect to make friends at least of this class.

— The Commissioner of Pensions having received large numbers of communications from all parts of the country asking whether pension money can be attached for debt, has issued a decision that such money cannot thus be attached.

Correspondence of the Chronicle.

PORTLAND, ME., April 9th.

Friend Miller:—Although at this season of the year, business is everywhere dull, yet it is unusually so here, partly on account of the cessation of the Reciprocity treaty and the Fenian scare in Canada and the Provinces. We learn from private sources that the Fenian excitement has seriously upset trade; and purchasers there of commodities here are quite limited in their orders. The receipts on the Grand Trunk Road since March 17th have been far below those of the same days and weeks of last year.

In this city quite a number of changes have taken place in wholesale grocery firms on Commercial street, though we hear of but few senior partners who retire from active business. The reason why Portland has not been a powerful competitor with Boston and New York in trade, is—business here is conducted by the merchants of the last generation. Few young men are in extensive business, for the fogies hold on till almost at the verge of the grave. Yet there are some very enterprising young firms in Portland,—and until there are more, business won't improve so largely as it should. So much for our sermon to-day.

We notice that Collector Upham and Naval Officer Dearborn of your city, have been re-appointed to those positions, and it is good news. Also we notice that Aaron Young, Esq., has been appointed Weigher, Gauger, Measurer and Inspector of Customs. Aaron is irrepressible, and whatever his failings, he always seems to have a host of friends; and when the political cards are shuffled, always holds the winning one. Although *young*, may he never grow *old*, except in Uncle Sam's service.

The Fair in aid of the families of deceased soldiers, which is to take place April 23d, and continue a week, will undoubtedly be a successful occasion. Among other curious and valuable things which will be offered, will be a book of autograph letters from all the prominent generals and naval officers during the war, and also several rich and costly paintings—among them, a fine painting of the stallion "Gen. Knox," owned by T. S. Lang, Esq., of Vassalboro', Me.; also a painting—"The Guardsman" by Inman, &c. No portion of the community deserve the sympathy and benefaction of the people more than those for whom this fair is inaugurated, and we would not speak one word against their demands upon us, for their husbands and sons fell in defence of liberty and justice, and we are their rightful almoners. But this fair is somewhat an offset to the Freedmen's Fair, and we are surprised to notice its managers are mostly those who were opposed to the war and who are generally known as Southern sympathisers. We are glad however to notice their latter day repentance, and we hope the fair will realize a handsome sum.

Lake Cottage is open for transient visitors, and in a few weeks will be ready to receive regular boaders.

The Treasurer of the Portland Gas Light Co., offers to furnish gas to the city for street lamps and public buildings at $3.60 per 1000 feet.

The passage of the Civil Rights bill by by the U. S. Senate over the President's veto, has given new inspiration to loyal hearts, and relieved the minds of Union loving, God fearing, justice longing people, from a heavy anxiety. SANCHO.

☞ "Perley," of the Boston Journal, says that in Washington, Gen. Grant, while exercising his fast gray horse on Saturday afternoon, made rather faster time than is permitted by the law against driving in streets, and was ordered to stop by two mounted policemen. The General paid no attention to the summons, so one of the officers put spurs to his horse, and after a race of about three hundred yards, headed the trotter, and told the General that he was under arrest. The General offered to pay the fine, but the officer said that he must go the station house, where alone such payment must be made. This the General refused to do, and off he drove at full speed. President Lincoln's coachman was once stopped for driving on the sidewalk, and told that he must go to the station house and pay his fine. This the coachman refused to do; but when Mr. Lincoln ascertained the state of the case, he made the policeman get into his carriage, drove to the station house, and there paid his fine. Mr. Fox, Assistant Secretary of the Navy, was also fined once for fast driving, and paid up.

CHARITABLE BEQUESTS. — Jonathan Goddard, formerly of Fitzwilliam, N. H., died April 5. By his will he gives $5000 to the Association for the Relief of Aged Indigent Females, $5000 to the Home for Aged Men, $5000 to the Boston Asylum and Farm School for Indigent Boys, and $5000 to the Perkins Institution and Massachusetts Asylum for the Blind. He leaves an estate estimated at $300,000 to $400,000. He leaves no children.

— Steamer England, from Liverpool and Queenstown, arrived at Halifax, Monday, for medical aid. It is said she has the cholera on board, and twelve hundred passengers.

NEW HAMPSHIRE ITEMS.

—— The Peterboro' Transcript understands that Morey, the young man who absconded with $1000 entrusted to him by Milan Harris, Esq., of Harrisville, last January, has returned. He gave himself up to the authorities at Keene, and then sent for Mr. Harris. Upon his agreeing with Mr. Harris to go to work and pay $100 a year until all was paid, he was released from custody. He did not find that thieving *paid.*

—— There are big stories of *great eggs*: but this item is of a small one; being in the country a few days since, an egg not larger than a pigeon's, was taken warm from a hen's nest, probably the last of her March series.

—— Rev. E. Manson, of the F. W. Baptist Church in New Market, has resigned.

—— A Catholic Church is to be built in Exeter.

—— Citizens of New Market are moving to execute the liquor laws.

☞ In Boston, on Saturday, under the direction of the Republican State Committee, the First Light Artillery fired a salute of one hundred guns on the Common, at noon, in honor of the passage by the Senate of the Civil Rights bill. Quite a large crowd were assembled to witness the firing of the salute, and all appeared to appreciate its object. After the adjournment of the House of Representatives, the members gave three hearty and rousing cheers for the action of the Senate, and then the Democratic members cheered for the President. So say the papers: but these poor fellows did not *feel cheerful*: they only made a noise to keep up their spirits, as a timid clown whistles by night when he passes a graveyard.

MARBLEHEAD.—The barn of Mr. Irvin (a colored man) was destroyed by fire on Wednesday evening. There were five cows in the barn at the time, and the fire had made such rapid headway before it was discovered, that they could not be extricated. The cows were valued at about $600 and the whole loss will amount to about $1500, on which there is no insurance. Mr. Irvin is well known in Marblehead, as a smart and industrious man, and this loss falls upon him with much severity. He is willing to pay a reward of $200 for the detection of the party who set the fire.

THE MAPLE SUGAR CROP.—Reports from all parts of Vermont say that the prospect for a large sugar crop were never better than they are this season. The Woodstock Standard says the best quality of syrup is freely offered in that vicinity at $1.25 per gallon, while in other sections it is quoted at a still lower figure, and sugar at corresponding rates.

SENATOR SAULSBURY is a fit leader for the Democratic party at Washington. He attended a meeting of the National Democratic Association on Saturday night, and made one of his characteristic speeches. He was tired, he said, of endeavoring to sustain a man who would not help himself, although threatened with impeachment and deposition. He was a warm personal friend of President Johnson, but he was tired of supporting a man who left the Connecticut State election go against him when he could have prevented it; who gives his offices to men who are personal enemies; who keeps a Cabinet about him, not one of whom is a friend to him, and who has scarcely a member in Congress to support his measures. Let this President stand by the Constitution, and we would go to work to sustain him. He believed to day that revolution is pending, and President Johnson would have better work for Southern men yet than hanging them. He believed to-day that when Jefferson Davis left the Senate, he was a better Union man than Abraham Lincoln. This he would say on the floor in Congress before he got through; this work of Congress amounted to usurpation, and what it passes are not laws.

The *quasi* republicans and the rebel democrats of Washington city, who tried to unite in a Johnson party, have quarreled, and so become, or remained, two parties.

☞ It is now broadly admitted by the London Times that the business of Jamaica was an uncommonly bad one, and that there is no excuse or palliation for the abuse of power that took place. The cruelties perpetrated, says the Times, were frightful and unjustifiable; others thought so from the first, but they were not believed. Eyre may be hanged,—certainly he will be, if justice has not left the world.

☞ In Boston, on Saturday morning "a meeting of Pastors of Evangelical Churches, voted to invite Rev. Mr. Earle, who is laboring with so much success as an Evangelist in Chelsea, to preach in Park street church Tuesday. The meeting is designed especially for professing Christians."

☞ The Washington Weekly Chronicle, published at Washington, D. C., and edited by J. W. Forney, is an able and earnest advocate of National Justice and Civil Rights. It is a large quarto, $3 a year.

☞ Thanks to Hon. E. H. Rollins, M. C., for valuable papers and public documents, from Washington.

MISSING MEN HEARD FROM.—We learn from the Gloucester Advertiser that the two missing men from Pigeon Cove have been heard from. They were picked up by the schooner Navita, from Gloucester for St. John, N. B., at which place they safely arrived on Saturday, 31st ultimo, and immediately forwarded a dispatch announcing their safety.

—English papers state that it has been ascertained that the free use of salt, say at the rate of a pound per day for each animal, is a preventive of the cattle plague. Farmers, make a note of this.

Cleanse the Blood.

With corrupt, disordered or vitiated Blood, you are all over It may burst out in Pimples, or Sores, or in some active disease, or it may merely keep you listless depressed and good for nothing. But you cannot have good health while your blood is impure AYER'S SARSAPARILLA purges out these impurities and stimulates the organs of life into vigorous action, restoring the health and expelling disease Hence it rapidly cures a variety of complaints which are caused by impurity of the blood, such as Scrofula, or King's Evil, Tumors, Ulcers, Sores, Eruptions, Pimples, Blotches, Boils, St. Anthony's Fire, Rose or Erysipelas, Tetter or Salt Rheum, Scald Head, Ring Worm, Cancer or Cancerous Tumors, Sore Eyes, Female Diseases, such as Retention, Irregularity, suppression, Whites, Sterility, also Syphilis or Venereal Diseases, Liver Complaints, and Heart Diseases Try AYER'S SARSAPARILLA, and see for yourself the surprising activity with which it cleanses the blood and cures these disorders.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself has become synonymous with imposition and cheat. Still we call this compound "Sarsaparilla," and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it.—We think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. We can only assure the sick that we offer them the best alterative which we know how to produce, and we have reason to believe it is by far the most effectual purifier of the blood yet discovered by any body.

AYER'S CHERRY PECTORAL is so universally known to surpass every other remedy for the cure of Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the relief of Consumptive Patients in advanced stages of the disease, that it is useless here to recount the evidence of its virtues. The world knows them.

Prepared by DR. J. C. AYER & CO., Lowell, Mass., and sold by all Druggists and Dealers in Medicine everywhere. mh9—2aw6m

Special Notices.

IMPORTANCE OF HAVING DAVIS' PAIN KILLER ALWAYS ON HAND.

Wonderful Cure of the Rev. D. L. Brayton, Missionary in India, who was stung by a Scorpion.

Extract from his letter, published in the Baptist missionary Magazine:

"For the first time since I have been in India, I have been stung by a scorpion. I went out this morning by my exercising usual, at early dawn, and having occasion to use an old box, on taking off the cover I put my hand on a scorpion, which immediately resented the insult by thrusting its sting into the palm of my hand. The instantaneous and severe pain which darted through the system is quite incredible; what an awfully virulent poison their sting must contain! I FLEW TO MY BOTTLE OF DAVIS' PAIN KILLER, and found it be true to its name; after a moment's relief, I saturated a small piece of sponge, bound it on my hand, and went about my exercises, feeling no more particular inconvenience.

Perry's Moth and Freckle Lotion.

☞ Chloasma, or Mothpatch, (also called Liver-spot,) and Lentigo, or Freckles, are often very annoying, particularly to ladies of light complexion, for the discolored spots show more plainly on the face of a brunette than of a brunette; but they greatly mar the beauty of either and any preparation that will effectually remove them, *without injuring the texture or color of the skin*, is certainly a desideratum. Dr. B. C. PERRY, who has made diseases of the skin a specialty, has discovered a remedy for these discolorations, which is at once prompt, infallible and harmless.

Prepared by B. C. PERRY, Dispensatory Chemist, No. 49 Bond Street, New York, and for sale by all druggists; price $2 per bottle. 1 all for

PERRY'S MOTH & FRECKLE LOTION.

Sold by all Druggists in Portsmouth and elsewhere. lysndaw—oct19

ROOT! ROOT! ROOT!

READ! READ! READ!

ROOT'S PESTACHINE preserves the life of the Hair; changes it from gray to its original color in three weeks; prevents the hair from falling; is the best article in existence for making the hair ever found in market; will surely cure dandruff and cure all diseases of the scalp; is most beautifully perfumed, cures baldness, and will not stain the skin. We tell the story quickly, and tell it true, when we say it is a perfect

Restorer and Dressing Combined.

G. C. GOODWIN & CO., Agents, Boston, Mass.

MAGGIEL'S

Spring and Summer Remedies.

"*Great oaks from little acorns grow.*" The worst diseases known to the human race spring from causes so small as to almost defy detection. The volumes of scientific lore that fill the tables and shelves of the medical fraternity only go to prove and elaborate these facts. Then guard yourselves while you may. The smallest pimple on the skin is a tell tale and indicator of disease. It may fade and die away from the surface of the body, but it will reach the vitals, perhaps, at last, and death be the result and final close. MAGGIEL'S BILIOUS, DYSPEPTIC and DIARRHEA PILLS cure where all others fail. While for Burns, Scalds, Chilblains, Cuts, Bruises, and all abrasions of the skin, MAGGIEL'S SALVE is infallible Sold by J. MAGGIEL 45 Fulton street, New York, PRESCOTT and TRACHER in this city, and all Druggists, at 25 cents per box. dec6eod&wly

which are produced in five minutes without injuring the fibres or staining the scalp, by

CRISTADORO'S HAIR DYE

Manufactured by J. CRISTADORO, No. 6 Astor House, New York. Sold by Druggists. Applied by all Hair Dressers. M28dawlm

BRANDRETH'S PILLS. COSTIVENESS, DIARRHEA.—They are taken up by the absorbents, and carried into the circulation, through which medium they are conveyed to every part of the body.

If the pain affects the joints, a single dose produces remarkable benefit. And the same rule applies to costiveness, diarrhea and dysentery; though with the last named they may be required night and morning for some days before decided relief is obtained. In affections of the lungs, throat, head and pleurisy, the relief is certain; the excretory organs throw off with ease the phlegm, and the breathing becomes freer. Spasmodic asthma is often cured by a single dose. moh28dawlm

A Household Necessity exists for the Use of Durno's Catarrh Snuff,

Which, in the first stages of a cold, acts like magic—Headache, Hoarseness, *Diptheria*, and Bronchitis, Sore Eyes, Deafness, Bad Taste and Smell, being the result of Catarrh. This snuff removes and prevents all these, and insures a healthy Head. Its effects are pleasant and safe, even for infants who suffer from snuffles.

It has the highest professional testimonials.—Sold by all Druggists, or sent by mail to all parts of U. S., for 30 cts. for one Box, or $1 for four Boxes. Address JAS. DURNO,

F. O. Box 1235, New York.

Wholesale, by D. BARNES & CO., 21 Park Row, New York. spdawlymy28

STENCIL PASTE for marking boxes, barrels, &c., in Black and Fancy Colors.

Call and examine specimens.

☞ We are also Wholesale Agents for the sale of the National Ink Co.'s warranted WRITING INK, a very superior article; does not corrode the pen nor clog.

☞ Also, Agents for the Patent Gong DOOR BELL, one of which may be seen and examined in working order at the above Number.

GEO W. THOMPSON,

HENRY G. THOMPSON.

Portsmouth March 9

Local.

☞ We understand that the County Commissioners have decided to lay out the new road to Newington, asked for by Mr. Jones and others. The route selected is that beginning opposite the western end of Myrtle street.

☞ It will be seen that the evening trains from this city, east and west, are thirty minutes later than during the winter, with a corresponding change at each end of the route. Cars now leave Portsmouth at half-past 5.

☞ Thousands of applications have been made to Gov. Bullock, of Massachusetts, for passes to witness the execution of Green, the Malden murderer, next Friday, and but very few have been issued. Only one has been granted to this State, and that has been furnished by Gov. Smyth to City Marshal Kent of this city.

POLICE COURT, April 9.—Lyman P. French, a Lieutenant of the Marines, was fined $5 and costs, for fast driving on the public streets, from which sentence he appealed and gave bonds in the sum of $20. [The fact is, that almost everybody who drives at all, except a *very* slow horse,—sometimes goes at a rate of more than five miles an hour. *Vide* distinguished precedents mentioned elsewhere.]

John Ellison, for keeping a noisy and disorderly house, fined $15, and costs $6 86.

John R. Hart and Wm. D. Grant, aged respectively 12 and 13 years, were arrested yesterday afternoon by Marshal Kent and Officer Sides, charged with breaking into the store of John F. Shillaber, on Bow St., last Wednesday night, and stealing therefrom two pistols, some percussion caps, &c. They pleaded guilty, and were bound over to the Court to be held at Exeter to day, in the sum of $200 each. The property was recovered.

RYE ITEMS.

—— Rev. B. Dickson, of the Christian Society in Rye, has resigned his pastorship

—— Rev. Israel T. Otis, Pastor for 19 years of the Congregational Society in Rye, has asked a dismission from his charge; —cause, failure of support.

—— At a recent town meeting in Rye, it was voted not to sell the town farm; and voted to hold town-meetings in the Vestry of the Congregational Meeting House, as usual.

RHODE ISLAND ELECTION.—The total vote in the State for Burnside was 8197; for Pierce, 2916; scattering, 165. Burnside's majority over all is 5216. The total vote cast was 11,178, which is less than half of the full vote of the State.

— Gov. Brownlow says that he goes with Congress and the radicals, even if his decision should put him in opposition to the President.

— Steamer Tonawanda, from Boston for Havana, was wrecked on the coast of Florida March 28th: crew saved, and part of cargo.

— The proposition before the Iowa Legislature to amend the Constitution by erasing the word "white" from the article on suffrage, has passed both houses.

— The Clerks of Courts in Maine are authorized to record the discharge papers of soldiers, in order to preserve to them the legal record thereof.

— The Washington correspondent of the Rochester Democrat states that a reconciliation has taken place between Grant and and Butler, and that the latter's work will not appear.

— The Tribune says Major Tomlins of Vermont, of the U. S. Volunteer service, was killed in a duel recently near Vicksburg, by Col. McIver of the rebel army. It was a political quarrel.

— Mrs. Margaret M'Gicley of Queen's Run, Clinton County, N.Y., died last Tuesday week at the advanced age of 109. She was born in Ireland in 1757, and came to this country some sixty years ago.

— Benjamin H. Wilkins, an Englishman who had commited forgeries to the amount of $25,000 and then fled to this country, was sent back to England for trial by the Australasian, which sailed on Wednesday. He arrived in this country only two days before.

— Some of the newspapers undertake to say that there was never so much crime in Vermont as now, and the officers say that four-fifths of it is to be attributed to liquor. One county has fifteen criminals, who will be sent to State Prison.

— In Massachusetts the war on the liquor traffic is carried on with much spirit. The temperance men are greatly encouraged by the decision of the U. S. Supreme Court, and are bent upon treating King Alcohol as the English Roundheads treated Charles the First,—cut off his head.

— The Charleston Courier reports that three thousand two hundred freedmen have emigrated from North Carolina during the last three months to Massachusetts, Connecticut and the other New England States, on contracts to work at twenty dollars per month, and that more will follow.

GOLD, Monday, 125 5-8.

— An Havana letter says the sugar crop will be a quarter less than was expected.

HELP OR WE PERISH.—This is what neglected teeth would say if they could remonstrate with their owners; and mark this, the teeth cannot perish or become black or yellow if SOZODONT is used daily. 1

— Bread, Biscuit, Cakes and Puddings, going through the process of baking, change all the substance of Herrick Allen's Gold Medal Saleratus into carbonic acid gas, which then passes away, so that there is not a particle of it remaining in the food in which it is used, thereby making it perfectly wholesome and healthy, and peculiarly adapted to weak stomachs and dyspeptic persons. Grocers and Druggists sell it. 71—

ATLANTIC HOUSE,

Wells Beach, Wells, Maine,

O. A. FROST, PROPRIETOR.

The Proprietor having made an addition of about forty rooms, with all the modern improvements in and about this house, which makes it one of the best and most desirable places for those seeking health or pleasure—respectfully announces to the public that this House will be open for visitors on the First of June.

☞ Coaches run in connection at Wells Depot with every train between Boston and Portland. apr10

For Sale.

A FARM containing twenty acres of Land, in Rye, N. H., situated near Breakfast Hill so called, at the junction of the road leading from Portsmouth to Newburyport and the main road leading from Greenland to all the public houses at Rye Beach. It lies within 3 of a mile of Greenland Depot on the Eastern R. R., and within three miles of the Ocean House, Rye Beach.

The Farm is divided into three parts; one field containing six acres of excellent Tillage Land, with a large number of Fruit Trees; the HOUSE contains nine rooms, with a fine Cellar,—there is a good Barn, and all necessary Outbuildings, with an excellent Well of Water within thirty feet of the house;—one field contains four acres of good Tillage and Grass Land; also ten acres Wood and Pasture Land within half a mile of the house.

The location of this Farm makes it a very desirable summer residence, and it will be sold in parts or whole, to suit purchasers, on application to

BENJ. NORTON, 16 Austin street, Portsmouth, N. H.

ABSTRACT OF THE

21st ANNUAL STATEMENT

—OF THE—

Mutual Benefit Life Insurance Co.,

January 1st, 1866.

Balance per statement Jan. 1, 1865..	$6,774,867.60
Am't premiums rec'd in 1865....	3,529,057.21
" interest rec'd and accrued...	679,578.30
Total income in 1865.....	4,208,635.51
Total disbursements, including claims by death and dividends to policy-holders.....	1,433,633.51
Net increase in 1865.....	2,774,672.00
Total Assets Jan. 1, 1866	9,549,539.60
Whole am't of claims by death, paid to Jan. 1, 1866.....	$4,256,579.89
Whole am't of dividends paid to Jan. 1, 1866.....	$2,744,216.21
Total No. Policies Jan. 1, 1866.....	21,921
Am't insured during the year 1865..	$24,627,484.00

The Directors have, from the *Surplus* on hand, declared a Dividend of **50 per cent.**, and have also ordered the payment of the Eighteenth Dividend (50 per cent.) to the Members, when their annual premiums become due, during the year 1866.

EDW. A. STRONG, Secy. LEWIS C. GROVER, Pres.

WARREN SPARROW,

State Agent for Maine and New Hampshire.

HENRY A. YEATON,

feb18 Agent for Portsmouth and Vicinity.

WHICH IS THE

Leading Life Insurance Comp'y

IN THE UNITED STATES?

Which is the Safest and the Cheapest?

The following figures are from the later Reports of the New York Insurance Commissioner, showing the "amount of business" of the

MUTUAL BENEFIT

LIFE INSURANCE COMPANY,

to be the *largest*, the "expenses of management" the *smallest*, the "ratio of Assets to Liabilities," or the *security* furnished to its members, the *largest* of any like institution in the country.

Premiums received in 1864.....	$2,089,072
" " " 1865.....	3,529,057
Ratio of expenses to premiums rec'd in '64..	14.96
" " " " " " '65..	12.10
Ratio of assets to liabilities, Jan. 1, 1865...	151.85

The inevitable conclusion from these official facts, is that the

MUTUAL BENEFIT LIFE

Insurance Company

IS THE BEST AND THE CHEAPEST.

Because its NET ASSETS are proportionably LARGER than those of any other Life Insurance Company in the United States.

Because its "Managing Expenses" are LESS, and it has a LARGER SURPLUS to divide among its members than any Company in the United States.

QUERY. Will some one inform the public of that mysterious process by which a Company with a surplus proportionably *much less*, and expenses *very much* larger than another, can yet divide *more* to its members, and insure them at *less cost?* How is it done? Where does the money come from?

Every intelligent man will see at once that it *cannot be done.* Yet we have Agents among us who make this their boast.

Any one disposed or intending to insure can be furnished with the requisite information by applying to

HENRY A. YEATON, Agent.

Portsmouth, March 27, 1866.—2mdaw

Important.

DR. STEVENS, No 5 Daniel Street, would give notice that he has REDUCED the price of Permanent Sets of ARTIFICIAL TEETH on the Vulcanite Base, to that charged for them before the war.

He would also give notice that he is doing a new style of work for Under Sets of Teeth, called the COMBINATION BASE (Gold and Vulcanite) which produces by far the finest work offered to the public. The price is something in advance of that charged for the Vulcanite alone, but the strength, durability, ease of bearing, and beauty of finish obtained by it, more than double the value of the Teeth. mh12

GEORGE F. WEED,

S-u-r-g-e-o-n D-e-n-t-i-s-t.,

FIRST ASSISTANT in the Office of DR. STEVENS, No. 5 DANIEL STREET.

DR. WEED can be found at his place of business at all hours of the day and night, for the performance of any of the operations that come within the call of his profession.

Dr. A. P. STEVENS, No. 5 Daniel St., makes the saving of ULCERATED and painful front teeth, a specialty in his business. He also successfully restores to their natural shape broken or badly decayed teeth, by building out corners and sides with PURE GOLD. (In many cases teeth so restored are as strong as any of their brother members, and in all cases are rendered eminently useful for a long series of years.) DISEASED TEETH, in all stages, treated, and in a very large majority of cases entire success attained.

Charges for such operations necessarily high, but nothing in comparison to the value of the Teeth. moh14

Valuable Real Estate

AT AUCTION.

(By virtue of a license from the Hon. Judge of Probate for the County of Rockingham.)

On TUESDAY, April 17, at 12 o'clk M.,

on the premises.

The Real Estate of the late CHARLES W. WALKER, of Portsmouth, deceased. Said property will be sold in three separate lots or parcels, viz:

The First Lot to consist of the well known MARKET STREET HOUSE, situated on the corner of Market and Green streets, with land connected therewith, bounded 69½ feet more or less on Market street, 103 feet more or less on Green street, 100 feet more or less by Lot No. 2, 101 feet more or less by land formerly of James Pickering, land of James Junkins and others; the lot containing 3329 feet, more or less.

The Second Lot consists of land on Green street bounded 38 feet more or less on Green street, 110 feet more or less by land of Estate of George Chesley, 35 feet more or less by land formerly of James Pickering and others, and 100 feet more or less by lot No. 1; the whole lot containing 3926 feet, more or less.

The Third Lot to consist of the Stable lot, so called, on Green street, with the stable and Office-building thereon. The lot is bounded southerly about 25 feet on said Green street, easterly about 75 feet on land of E. S. Wendell, northerly about 50 feet on Railroad land, and westerly by Railroad land and adjoining cemetery; containing about 2710 feet. The Stable is 38 by 36 feet, and the Office-building 10 by 16 feet.

The above offers a rare chance for capitalists or others. The property is prominently situated on one of the main avenues of the city. The "MARKET STREET HOUSE" is large and well calculated, conveniently situated for a Hotel or large Boarding House, and has been occupied as such for many years. It contains 19 rooms and attic, and also a Store. The Stable has been used, and is a good location for a Livery Stable.

If desirable, a portion of the purchase money can remain on a mortgage of the premises.

For further particulars inquire of J. M EDMONDS, Portsmouth; C. W. SYMSON, Kittery, Me., Guardian of the minor heirs, or of the subscriber. JOSEPH P. MORSE.

A KINDERGARTEN SCHOOL IN OUR CITY.

It gives us much pleasure to direct the attention of parents in our city, to a school of this kind about to be opened, and to precede it with a short sketch of the plan and objects of such schools.

The term Kindergarten means a garden of children. Froebel was one of the most distinguished Educators of Europe, and in 1837 founded a school called by this name in Thuringia, and at the very suggestion of his plan and model, schools after his idea sprang up in other countries, and especially in Switzerland, were the distinguished Pestalozzi had already brought the educational system to a very high standard. The object of Froebel was to found a system of teaching beginning with very young children, as nearly as might be after the manner that a gardener treats his plants; and as the latter should study carefully the nature of each kind of plants, and every situation, soil, and change of atmosphere best suited to the growth, usefulness and beauty of each variety—so the gardener of the mind should study the nature of each human plant, and while he could not turn a simpleton into a genius any more than one could change a snow-drop into a violet, or a grape vine into a pear tree, he was still responsible for the fullest possible development of every faculty given to a child by its Creator.

The Kindergarten School is designed for children of from two to three years, and older. It begins with the development of the perceptive faculties; it makes music one of its exercises; it regards the body as well as the mind; it turns plays and amusements into a system; it gives children the advantages and pleasures of playmates while others and all are carefully guarded without the sense of government; it teaches the eyes to observe, and the fingers to draw; it turns plays into studies and studies into plays; in one sentence it aims to "amuse without wearying, and educate without vexing."

This school will be taught by Miss Carrie Haley, and after the careful preparation she has made by self-qualification and providing the materials for instruction in the Kindergarten, we most cordially recommend it to the favor and patronage of our citizens. J. D.

COURTESY OF THE EMPEROR OF RUSSIA.

A few months since we noticed the arrival in this country from Russia of some of the family of Col. Julian Allen, and also the fact that a half brother had been banished to Siberia by the Russian government, for political offences. The following correspondence, furnished us by Col. Allen, shows that his place of banishment has been graciously changed to the United States.

Department of State,
Washington, 27th March, 1866.

Colonel Julian Allen, New York.

Colonel:—Referring to your letter of the 30th of November last, requesting the United States to use its good offices with the Russian Government to obtain for the exile Sir Michel Meyendorff permission to join his family in this country, I have in reply to inform you that your application has been granted by the Emperor Alexander, and that Mr. Clay, United States Minister at St. Petersburg, has paid £63 12s 6d in gold to the Russian Government to defray the young man's expenses.

A copy and a translation of Prince Gortchacow's informal letter to Mr. Clay upon the subject of Mr. Meyendorff's transfer is enclosed.

I am, Colonel, your obed't servt.,
(Signed.) Wm. H. Seward.

St. Petersburg, Feb. 24th, 1866.

Dear Sir:—Your letter of the 29th Jan. ult., with the other documents in reference to your half brother Michael Meyendorff, were duly received, and I lost no time in bringing all my influence, in my humble way, to favor your cause. To-day Prince Gortchacow sent for me, and said as a special favor, and as an "exceptional" case, His Imperial Majesty has granted my petition for the sending of your brother to America, which will be at once done in a quiet way.

I have advanced the Russian Government 500 rs. as required, out of my own purse, for the use of your brother, and drawn upon Secretary Seward, in favor Barring Brothers & Co., for the same. Please pay over that amount to the State Department.

Trusting, my dear sir, that your brother may soon be restored in health and safety to his family, who have in your personal devotion to our noble cause in our late war, so many claims upon my sympathies and gratitude.

I am, my dear sir, your friend,
(Signed,) C. M. Clay.

Col. Julian Allen, N. Y., U. S. A.

St. Petersburg, Feb. 1866.

To the Minister:

In reply to the letter which you addressed to me of the 21st of February, it becomes my duty to inform you that the petition which it contained on the subject of Mr Michel Meyendorff having been submitted to His Majesty, the Emperor, my august master has deigned to order, as a mark of exceptional favor, that the Sir Michel Meyendorff may be authorized to join his family in America.

It is a pleasure to me, Mr. Minister, to bring to your notice this gracious decision of His Majesty the Emperor, and I profit by the occasion to offer you the assurance of my most distinguished consideration. (Signed,) Gortchacow.

Health Regulations.

THE BOARD OF HEALTH of the City of Portsmouth call the attention of the public to the following sections of City Ordinance No. 4, and invite all interested in the preservation of health in the City to aid them in the execution of their duty.

Sec. 3.—All waste water of houses, yards, cellars, sinks, pumps, &c. shall be conveyed by their owners or occupiers to the common sewers, or to such places as the Health Officers may direct.

Sec. 4. No person shall be allowed to throw any vegetable or dead animal substance, or any other matter capable of producing infection, into any street, lane, alley or dock, or upon any wharf, but shall bury them or throw them into the river below low-water mark.

Sec. 5. The contents of vaults and privies shall not be permitted to rise within one foot of the surface of the earth. And all owners or occupiers of buildings having such vaults or privies as may require it, shall cause them to be emptied within ten days from the promulgation of this ordinance, and in future on or before the first day of May in each year. And any such owner or occupier neglecting so to do, shall forfeit and pay for every such neglect a sum not less than three nor more than twenty dollars, for the like sum for every week's neglect after the time above specified.

Sec. 11. The health officers may give written notice to the owner or occupier of any building, vessel or enclosure, to remove or destroy any nuisance or other thing deemed by them, on examination, to be injurious to the public health, within a certain time named in such notice, and if such owner or occupier—the said notice having been given to him, or left at his usual place of abode—shall neglect to comply therewith, the said health officers may, by direction of the mayor and accompanied by the city marshal, forcibly enter into the building, vessel, or enclosure, and cause the said nuisance or other thing aforesaid to be removed or destroyed.

Sec. 14. The owner or occupier of any building, vessel or enclosure shall be liable to pay the expense of the removal or destruction of any such nuisance or other thing, as aforesaid, including fees of the health officers who order or cause the same to be removed; and the same may be recovered by action to be brought in the name of the city.

Sec. 16. And whenever any person or persons shall violate any rule or regulation, or commit any act forbidden in any section of this ordinance, to which no special penalty is annexed, shall forfeit and pay a sum not less than one dollar nor more than twenty dollars, to be recovered by complaint before the police court of this city.

BENJAMIN W. CURTIS,
ROBERT SHILLABER,
BENJAMIN M. PARKER,
Portsmouth, April 7, 1866. Health Officers.

E. A. BATCHELDER.
Portsmouth, Jan. 29, 1866.

Important to the Afflicted.
DR. DOW continues to be consulted at his office, Nos. 7 and 9 ENDICOTT STREET, BOSTON, on all DISEASES OF PRIVATE CONSTITUTIONAL NATURE. By a long course of study and practical experience of unlimited extent, Dr. D. has now the gratification of presenting to the unfortunate with remedies that have never, since he first introduced them, failed to cure the most alarming cases of GONORRHŒA AND SYPHILIS.
SEMINAL WEAKNESS.—Dr. Dow devotes a great part of his practice to the treatment of those cases caused by a secret and solitary habit, which ruins the body and mind, unfitting the unfortunate victim of that baneful habit for business or society. Patients who wish to remain under Dr. Dow's treatment a few days or weeks, will be furnished with pleasant rooms, and board with the family at moderate rates, free of charge.
Medicines sent to all parts of the country, with full directions for use, on receiving descriptions of your cases. Dr. Dow's celebrated remedies, for sale the most approved, warranted the best preventive. Order by mail. Three or $1 and a red stamp.
Highly Important to Females
IN DELICATE HEALTH.
Dr. DOW, Physician and Surgeon, No. 7 Endicott Street, Boston, is consulted daily for all diseases incident to the female system. Dr. Dow has no superior in extensive experience in the cure of diseases of women than any other physician in Boston. Boarding accommodations for patients who may wish to stay in Boston a few days under his treatment. Dr. Dow, since 1845, having confined his whole attention to an office practice for the cure of Private Diseases and Female Complaints, acknowledges no superior in the United States.
N. B.—Letters must contain one dollar, or they will not be answered. Office hours from 8 A. M. to 9 P. M.
CERTAIN CURE
in all cases, and No Charges Made.
Among the physicians in Boston, none stands higher in the profession than the celebrated DR. DOW, No. 7 Endicott street. Those who need the service of an experienced physician and surgeon should give him a call.
P. S.—Dr. Dow imports and has for sale a new article, called the FRENCH SECRET. Order by mail. Two for $1 and a red stamp.
Boston, April 7, 1866. godawly

The Old Established Hospital.
No. 5 Beaver Street, Albany, N. Y.
QUICK CURES AND LOW PRICES.
ver Twenty Thousand Patients Cured Annually!
DR. J. TELLER continues to be confidentially and successfully consulted on all diseases of a private nature, at his old Established Hospital, No. 5 Beaver Street, Albany, N. Y. Twenty years devoted to this one particular branch of practice, enables him to perform cures such as no other Physician can, and his facilities are such (being in correspondence with the most eminent Physicians of the World,) of obtaining the safest as well as the latest remedies for these diseases, offer inducements to the unfortunate of a quick, and rapid cure, to be obtained at no other office in America.
In Syphilis, Gonorrhœa, Gleet, Stricture, Enlargement of the Testicle and Spermatic Cords, Bubo, Ulcerated Throat, Sore Nose, Tender Shin Bones, Cutaneous Eruptions, Blies, Ulcers, Abscesses, and all other impurities of the system, he are perfectly under the control of the Doctor's Medicines, and have been tested in more than 20,000 cases annually, with immense success.
YOUNG MEN.
Young Men addicted to secret habits, who have impaired their health and destroyed their vigor of their minds, thus depriving themselves of the pleasure of the Married Life, are notified that in consulting Dr. J. Teller, they will find a friend to console and a Physician who has cured thousands, in almost every part of the United States, who have said that they had broken down the system, and now rejoice in all that makes life desirable and man happy. The reader is of course aware that the delicacy of the subject will prevent a more minute description of this terrible disease.
DR. TELLER'S GREAT WORK,
A book for everybody—Startling disclosures. Dr. Teller's great work for the Married—those contemplating marriage—200 pages—full of plates—price 25 cts. Sent to all parts, under seal, by mail, post paid. 50,000 copies sold the past year. The single Married and the Married Hop, py. A lecture on Love, or how to choose a Partner—a complete work on Mid wifery. It contains hundreds of secrets, never before published.—Warranted to be worth three times the amount issued for it. 25 cents, in specie or postage stamps inclosed, will secure a copy by return mail. Dr Teller has devoted a lifetime to the cure of these diseases upon which his books treat
TO THE LADIES.
Dr. Teller still remains the only Agency in America, for the sale of Dr. Vichot's Hygienic Female Monthly Pills. The sale of more than 20,000 boxes establishes their reputation as a female remedy, unsurpassed, and far in advance of every other medicine—for stoppages, irregularities, and other obstructions in females.
CAUTION.—Married ladies in certain delicate situations should avoid their use. For reasons see directions which accompany each package, for the guidance of patients. On the receipt of $1, (the price per box,) these Pills will be sent, by mail or express, to any part of the world, secure from curiosity or damage.
Office hours from 8 A. M. to 8 P. M., and on Sundays from 2 to 5 P. M.
N. B.—Persons at a distance can be cured at home by addressing a letter to Dr. J. Teller, enclosing a remittance. Medicines securely packed from observation, sent to any part of the world. All cases warranted. No charge for advice.—N. B.—No students or boys employed. Notice this, address all letters to
J. TELLER, M. D.,
jan8 No. 5 Beaver Street Albany, N Y.

SUFFERERS
From Dyspepsia
READ! REFLECT!! ACT!!!
TARRANT & CO
Gentlemen, I am a resident of Curacoa, and have often been disposed to write to you concerning the real value of your SELTZER APERIENT as a remedy for indigestion and dyspepsia. I desire to express to you my sincere gratitude for the great benefit the SELTZER has done my wife.
For four or five years my wife has been sadly afflicted with Dyspepsia, and after being under the treatment of several Doctors for two or three years, she was finally induced to seek the advice of a learned Physician, Doctor Cabialis, of Venezuela, who immediately treated her with your EFFERVESCENT SELTZER APERIENT. She began to improve at once and is now PERFECTLY WELL.
I feel it to be my duty for the good of humanity to make this statement, feeling that a medicine so valuable should be widely known.
Trusting that you will give this publicity, and repeating my grateful gratitude and thanks,
I am very respectfully yours,
S. D. C. HENRIQUES,
Merchant, Curacoa, S. A,
New York, June 28th, 1865.
WE ASK
The suffering millions in our land to give this remedy a trial, convinced that by its timely use many may be relieved, many cured of
Dyspepsia, Heartburn, Sour Stomach, Sick Headache, Dizziness, Indigestion, Piles, Costiveness, Bilious Attacks, Liver Complaints, Rheumatic Affections, &c.
Read the Pamphlet of Testimonials with each bottle, and do not use the medicine against the advice of your physician.
MANUFACTURED ONLY BY
TARRANT & CO.,
278 Greenwich Street, New York.
☞ FOR SALE BY ALL DRUGGISTS.

DUTCHESS NURSERIES
POUGHKEEPSIE, NEW YORK,
FERRIS & CAYWOOD, Proprietors.
We call the attention of our customers and the public to our stock of FRUIT TREES, which is larger than ever before. Having had over twenty years' experience in the management of orchards and the propagation of Vines, and our present stock having been grown from bearing wood only, with continued care during the season, we think they will compare favorably with any others that are offered for sale.
Our stock of MONTGOMERY VINES is very large. This variety not being generally known, we will give a brief description: White, a seedling of the Hill Chasselas, is unparalled grower and bearer, clusters often weighing two pounds, with a mild subacid flavor. It is classed with the hardy grapes, but we protect it in winter as we do all other varieties in this part of the State.
Our stock of the various kinds of EVERGREEN and DECIDUOUS TREES is very large, and is offered at moderate price; and at very low rates by the quantity, to those who are laying out and improving their places, cemeteries, or public grounds, and to nurserymen. We challenge competition.
Grape Vines.
"DELAWARE"—Grown in open border, No. 1, year old, 40c each, $35 per 100; No. 2, ditto, 25 cents each, $20 per 100; No. 3, ditto, 20c each, $10 per hundred; well grown vines in pots 25c each, $15 and $20 per 100.
"MONTGOMERY"—No. 1, one year old in border, very strong plants, many equal to two years' growth, $1 each, $80 per 100; No. 2, one year old, strong plants, 75c each, $55 per 100.

Reputation Established!
Mrs. S. A. Allen is truly a public benefactress, and her wonderful success is unprecedented. Her fame and her discoveries have gone abroad, and to-day she is in her line the largest manufactures in the world.
Everybody Interested.
Youth and old age are alikebenefited by the use of Mrs. S. A. Allen's World's Hair Restorer and Hair Dressing. They act directly upon the roots of the hair, causing luxuriant growth and beauty. Your hair, if changed to grey or white by sickness or other causes, will soon be restored to its natural color and beauty. Dandruff eradicated forever. The Hair falling stopped. The most delicate head-dress or bonnet can be worn without fear of soiling. The most delightful fragrance to the hair is imparted. If you wish to restore your hair, as in youth, and retain it through life, without delay purchase a bottle of Mrs. S. A. Allen's World's Hair Restorer and Dressing.
Sold by Druggists throughout the World.
PRINCIPAL SALES OFFICE,
193 & 200 Greenwich St., New-York.

Lodi Manufacturing Company's
POUDRETTE.
AGENT FOR NEW HAMPSHIRE,
J. F. SHORES, Jr.,
No. 38 Market Street (Up Stairs.)
The advantages of Poudrette as a manure may be stated as follows:
First, its Economy. The cost of the manure compared with its *effects* is less than that of *any other fertilizer* in market. It can be bought and applied for the same money which it would cost only to apply farm-yard manure. It is portable, contains great strength in a small compass, and is *as sure as corn is to its application*; the closer its contact with the seed the better and quicker it works. $4.50 worth at our retail price (or two barrels) will manure an acre of corn in the hill, add from one-quarter to one-third to the product, and will *mature* the crop from two to three weeks earlier. *No worms* will injure the hill where the Poudrette is placed. *No seeds of weeds will germinate*, and crows are very shy of pluckings at corn in the hill. Ans. Tobacco, Vegetable Garden Vegetables it has no equal. While the leaf and growth of the Tobacco plant is large, it has not the consumes of fibre which is produced by Peruvian Guano, and it has taken the lead for this crop in Connecticut, and has begun to be appreciated in Maryland.
It is famous for producing larger and finer potatoes than anything else, and the stories told about Onions, their large growth &c., are almost beyond credence. Flowers and plants are much improved by an application of Poudrette.
Another great consideration is the season of the year when Poudrette is placed. It is a time when every spring crop must be put in, and the corn not only planted, but up and grown sufficiently for the last hoeing and planting before the commencement of grain and hay harvest. The celerity and dispatch with which a large crop of corn is put in and poudretted, the rapid growth and consequently early certainty of working among it—the small chance for weeds, owing to the shade it affords, and the fact that the *Poudrette, unlike other fertilizers, does not seed that can germinate*, and consequently less time required to clean it—are all important advantages. The corn will ripen two weeks earlier, and the yield will be much heavier.
The same remarks apply to Sorghum and Broom Corn.
For grass, where it is about to be laid down to lawn, or for several years, a top dressing of Poudrette will be found very beneficial.
We wish to remark in this place, that Poudrette is not like some quack nuddicines warranted to cure all kinds of diseases, and to be used indiscretion, and a reasonable quantity will produce a reasonable effect.
Poudrette will answer no better than other manures on wet, sour, undrained land, or in seasons of drought. In other words, Poudrette is an invaluable substitute for farm-yard manure, and can be used with great profit and advantage upon most spring crops, but it will neither work miracles, drain the land it is put upon, nor cause rain to fall in time of drought.
Price per Barrel $2.25—delivered at any part of the city, or at any depot or wharf.
Important Notice!—When Poudrette is spoken of, we mean "LODI POUDRETTE," which has now stood the test of twenty-six years' trial; and when buying, *be sure and get that kind!*
A descriptive pamphlet may be had on application.
ISRAEL MARDEN & CO.,
No. 39 Congress St., Portsmouth, N. H.,
—DEALERS IN—
S. Vance's Submerged Well PUMP.
This unsurpassable invention, now being first introduced, will, it is believed, supersede all other Well Pumps now in use.
ITS ADVANTAGES.
First, SIMPLICITY.—This Pump is composed of but three parts, and is so simple in its construction that any one can easily put it together.
Second, DURABILITY.—Its peculiar construction and the best that it is made of, combine to make it the most durable of all Pumps yet invented.
Third, NEVER FREEZES.—The valves are so constructed that, when not in motion, they allow all the water above to pass down into the well, and thus prevent freezing.
Fourth, POWER.—In the amount of power applied, this Pump excels everything known. It throws one-third part more water than ordinary pumps, and works so easily that even a child can pump without fatigue. It is the easy and the greatest labor-saving pump now offered to the public.
Fifth, IT IS INVALUABLE.—For a well pump it is invaluable, as all the iron which is submerged consists of but three small pieces, and these are of Brass. It can be so easily repaired, consequently it brings up pure water at every stroke.
Sixth, CHEAPNESS.—This Pump is so made that it costs but a trifle, and is warranted to last in use for years. No repairs at all are needed. It is very light, and thus the cost of transportation is very small.
☞ Manufactured by S. VANCE & CO., No. 31 Liberty Street, Newburyport, and for sale in Portsmouth by the Sole Agents for N. H.,
ISRAEL MARDEN & CO.,
39 Congress Street.
☞ We are permitted to refer to Mr. MONROE HOLMES and to Mr. FRANK W. MILLE: of the Daily Chronicle, who have these new pumps in use on their premises,—for testimony to their excellence.
Portsmouth, Oct. 19th, 1865.

CHEROKEE CURE,
THE GREAT
INDIAN MEDICINE,
Cures all diseases caused by self-abuse, viz:—*Spermatorrhœa, Seminal Weakness, Night Emissions, Loss of Memory, Universal Lassitude, Pains in the Back, Dimness of Sight, Premature Old Age, Weak Nerves, Difficult Breathing, Pale Countenance, Dyspepsia, Consumption*, and all diseases that follow as a sequence of youthful indiscretions.
The Cherokee Cure will restore health and vigor, stop the emissions, and effect a permanent cure after all other medicines have failed. Thirty-two page pamphlet sent in a sealed envelope, free of charge.
Price $2 per bottle, or three bottles for $5. Sold by all druggists; or will be sent by express to any portion of the world, on receipt of price, by the sole proprietor,
Dr. W. B. MERWIN, 37 Walker St., N. Y.

Cherokee Remedy,
Cures all Urinary Complaints, viz:—*Gravel, Inflammation of the Bladder and Kidneys, Retention of Urine, Strictures of the Urethra, Dropsical Swellings, Brick Dust Deposits*, and all other diseases that require a diuretic, and when used in conjunction with the
CHEROKEE INJECTION,
does not fail to cure *Gonorrhœa, Gleet and all Mucous Discharges* in Male or Female, curing *recent cases in from one to three days*, and is most strongly recommended in those cases of *Fluor Albus or Whites in Females*. The two medicines used in conjunction will not fail to remove the disagreeable complaint, and in those cases where other medicines have been used without success.
Price, Remedy, One Bottle, $2, Three Bottles, $5.
" Injection, " $2, " $5.
The Cherokee "*Cure*," "*Remedy*," and "*Injection*" are to be found in all well regulated drug stores, and are recommended by physicians and druggists all over the world, for their intrinsic worth and merit. Some unprincipled dealers, however, try to induce their customers to buy other cheap and worthless compounds,—in order to make money—in place of these. *Be not deceived*. If the druggists will not buy them for you, write to us, and we will send them to you by express, securely packed and free from observation. We treat all diseases to which the human system is subject, and will be pleased to receive full and explicit statements from those who have failed to receive relief heretofore. Ladies or gentlemen can address us in *perfect confidence*. We desire to send our thirty-two page pamphlet free to every lady and gentleman in the land. Address all letters for pamphlets, medicines, or advice, to the sole proprietor,
Dr. W. B. MERWIN, 37 Walker St., N. Y.

CAMBRIDGE AND HARVARD.

When Cambridge lions, with Tory air,
Thus, in the column of Thompson's hoax declare,
The world will read their answer thus—
"Shall big *U. S.* teach little *England*?"
—*London Star.*

GYPSIES.—There is a band of about one hundred gypsies, located on the dividing line between East Cambridge and Somerville. They came from Canada about six months ago, and obtain their living chiefly by dealing in horse flesh, although some of the women gather considerable money from the credulous by telling fortunes. The band is regularly organized, and governed by a queen, who was appointed some two years since for a term of seven years. She is married and has one child, and lives in great luxury compared with the style of her subordinates. Since their sojourn in Cambridge they have had a beautiful chariot built for her accomodation. The interior is provided with a bed upon which the queen can recline while traveling through the country; and there also apartments provided for her husband and child. This band, having recuperated and reorganized, will return to Canada in about a month.

DEATH OF TWINS.—On Thursday, 5th inst., Benjamin Atwill of Swansey died in that place. His twin brother, Joseph Atwill of Lynn, who was with him at the time of his death, and appeared to be in his usual health, was found dead in his bed Friday morning. There is no assignable cause for this sudden decease of the latter, who so soon followed his twin brother to the spirit world. The brothers were in the prime of life and both highly respected.—*New Bedford Mercury.*

— During the violent hurricane of the 11th ult., on the French coast, two hundred enormous blocks of stone placed in front of the break-water at Cherbourg, to protect it from the action of the sea, were lifted by the waves and thrown over the wall into the harbor. Forty cannon planted on the pier were thrown into the sea. Such a storm has never before been experienced in that place.

— What is the difference between accepted and rejected lovers? The accepted kisses the misses, and the rejected misses the kisses.

— A Southern editor says he never met a Southern man who is not in favor of President Johnson's policy. It would be droll if he had met with a southern rebel who is opposed to it, as it concedes far more than the rebels would have thought of asking a year ago,—and a great deal more than they'll get a year hence.—*Trav.*

—A benevolent lady went to visit a family who were said to be almost starving. She found them half clad, cold, and not a morsel of food in the house. "What do you most need? What would you like to have?" she asked of the mother of the family. The woman thought a moment, her face brightened, and she answered: "Why, I almost did want a head-dress; they're so becomin'!"

AMERICAN AND FOREIGN PATENTS.

R. H. EDDY,
Solicitor of Patents,
Late Agent of the U. S. Patent Office, Washington, under the Act of 1836,
78 Main Street, opposite Kilby Street,
BOSTON.

After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in various foreign countries, France and other foreign countries. Caveats, Specifications, Bonds, Assignments, and all Papers or Drawings for Patents, prepared in the most reliable form, with dispatch. Research made into American or Foreign works, to determine the validity or utility of patents, or inventions—and legal opinions rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting one Dollar. Assignments recorded at Washington.

The Agency is not only the largest in New England, but through it inventors have more advantages for securing Patents, or ascertaining the patentability of inventions unsurpassed by, if not unnecessarily superior to, any which can be offered. Numerous testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant testimonials of the above, and can prove, that no other office of the kind are the charges for professional service so moderate.

The immense practice of the attorney during twenty years, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.

These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.

All necessity of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS.

"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse."
CHARLES MASON,
Commissioner of Patents.

"I have no hesitation in assuring inventors that they can not employ a person *more competent and trustworthy*, and more capable of putting their applications in form to secure them an early and favorable consideration at the Patent Office."
EDMUND BURKE,
Late Commissioner of Patents.

Mr. R. H. Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and that is now pending, such unmistakable proof of great talent and ability on his part leads me to recommend all inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges."
JOHN TAGGART.

During eight months, the subscriber is one case of his large practice, made on *twenty-rejected* applications SIXTEEN APPEALS; EVERY ONE of which was decided in his favor, by the Commissioner of Patents.
R. H. EDDY.
Boston, Jan 1, 1866.—3tawly

NEW ADVERTISEMENTS.

VINELAND
FARM AND FRUIT LANDS.
In a mild and healthful climate. Thirty miles south of Philadelphia by Railroad, in New Jersey, on the same line of railroad to Baltimore, Md.
The soil is rich and productive, varying from a clay to a sandy loam, suitable for Wheat, Grass, Corn, Tobacco, Fruits and Vegetables. This is a *great fruit country.* Five hundred Vineyards and Orchards have been planted out by experienced fruit-growers. Grapes, Peaches, Pears, &c., produce immense profits. Vineland is already one of the most beautiful places in the United States. The entire territory, consisting of fifty square miles of land, is laid out upon a general system of improvements. The land is only sold to actual settlers with provisions for public adornment. The place, on account of its great beauty, as well as other advantages, has become *the resort of people of taste.* It has increased five thousand people within the past three years. Churches, Stores, Schools, Academies, Societies of Art and Learning, and other elements of refinement and culture have been introduced. Hundreds of people are constantly settling. Hundreds of new houses are being constructed. Price of Farm land, twenty acre lots and upward, $25 per acre. Five and ten acre and Village lots for sale.
Vineland is a thoroughfare for people from the interior of Pennsylvania, Ohio, Indiana, Illinois, and other Western States, on their way to Florida, Cuba, and the Southern States, and a very large business is done by them. Vineland is a good place for business of all kinds. Lumber Yards, Manufactories, Foundries, Stores and the like; and Steam Power, with room, can be rented.
For persons who desire mild winters, a healthful climate, and a good home in a country fearfully improved, abounding in fruits, and possessing all other social privileges, in the heart of civilization, this is worthy of a visit.
Letters answered, and the Vineland Rural, a paper giving full information, and containing the prices of lands, sent to any address.
Address CHAS. K. LANDIS, Vineland P. O., Landis Township, New Jersey.
From Report of Governor Johnson, Agricultural Editor of The Tribune: *It is one of the most extensive fruit tracts, in an almost veil position and initiative condition for annual farming that I know of this side of the Western Prairies.* nt—dawôm

Morning Chronicle.

Portsmouth, N. H.

WEDNESDAY, APRIL 10, 1866.

THE CIVIL RIGHTS BILL has become a law, notwithstanding the President's Veto. The bill originally passed by a vote of 111 to 38 in the House of Representatives;—and on Monday, April 9 the question was taken up in this form:

Mr. Wilson of Iowa, Chairman of the Judiciary Committee, moved the previous question on the passage of the bill, "the President's objections to the contrary notwithstanding." The previous question was sustained.

Mr. Eldridge moved a call of the House. The call was ordered, the opposition only voting in the negative.

A motion was made by Mr. Leblond to lay the bill on the table. Rejected—37 against 121.

Messrs. Eldridge and Finck severally made motions to adjourn, which were voted down.

The vote was then taken, and the crowds in the galleries and on the floor listened in almost breathless silence as the names were called. Mr. Bingham did not vote, stating that he was opposed to the bill. Mr. Dodge, who has Brooks' seat, voted Aye; Mr. Raymond voted Nay, and he was the only *one* of the Republican party who did so.

Mr. Whaley of West Virginia (a Union man of the conservative pattern) was the *only one* who changed his vote; having voted for the bill before the veto and against it now.

Phelps of Md., Latham of West Va., and Smith and Rousseau of Ky., (all conservative unionists) voted against.

Our representatives, Marston, Patterson and Rollins, voted Yea.

Speaker Colfax, at the close, had his name called and voted Yea. He then took the tally list from the Clerk and announced in a clear, triumphant tone the result and the effect thereof, as follows:

"On the question: 'Shall this bill pass, notwithstanding the objections of the President?' the ayes are 122 and the nays are 41. Two-thirds of the House having upon this reconsideration agreed to its passage, and it being certified officially that a similar majority of the Senate, in which it originated, also agreed to its passage, I do therefore, by the authority of the Constitution of the United States in their Civil Rights, and furnish the means of their vindication,' has become a law."

Then there arose such a cheer as has not been heard in the Hall of the House since it was occupied by "the boys in blue" in 1861.

Many of the Senators who were on the floor of the House during the passage of the bill carried large boquets of choice exotic flowers. One of these had been presented to every one of the Senators who voted for the Civil Rights Bill—Messrs. Foster and Trumbull receiving floral baskets. Each of these beautiful tributes had attached to it a card, on which was written:

"We exercise the civil right to express our gratitude.—THE COLORED PEOPLE OF WASHINGTON."

The donors were a party of the colored belles of the metropolis, whose gifts were evidently appreciated by the Senatorial recipients—although some of the Democrats expressed indignation.

☞ A letter in the Commonwealth, from Washington Territory, dated Dec. 5th, gives the following chapter of casualties occurring to the family of a daughter of the late Nathaniel Peabody Rogers, of Concord, N. H., Mrs. Victor Smith:

The family of the late Mr. Victor Smith, United States Treasury agent, seem to have the calamities of a lifetime fall upon them in quick succession. When they first came here, they lived on the beach at the entrance of a little valley, and one December night, about two years ago, there came rushing through it a torrent of water, which had burst from some accumulations in the mountains, and swept their house into the bay. Mrs. Smith extricated herself and four children from the ruins, and got to a safe place, while two men, in another part of the building, were drowned. They saved but a few of their household goods from this wreck. In May last, they were shipwrecked on Roncador Reef, losing most of the clothing they had with them. On the 30th July, just two months after the first shipwreck, Mr. Smith was lost in the "Brother Jonathan." Two weeks ago tonight, their new house on the hill, far out of the reach of floods, was burned up, the family just escaping with their lives. Mrs. Smith seized the baby, only twenty-four hours old, and wrapping it in a blanket, walked or stumbled over to the neighboring house, with bare feet and in her nightclothes, the night cold and wet. Strange to say, "mother and child are both doing well." She is a woman of heroic stamp, never hurried or worried, and the fortitude with which she receives her misfortunes, and the skill with which she manages and disciplines her children, are a constant wonder and admiration.

GOLD, Tuesday, 125 7-8.

— Who can say that the J. Monroe Taylor Gold Medal Soap is not a messenger of peace, when they behold the smile of joy with which it is welcomed by every one who uses it, from the printer's devil to the merry house-maid! It is an invaluable companion from the cellar to the roof. We do not hesitate to pronounce it by far the best soap in the world, and worth five times the price asked for it. 70

PRES. JOHNSON, as our readers know, has just issued a short proclamation or circular, recommending the employment of discharged soldiers and sailors in several departments. No one should object. Indeed, such persons have had the preference for a year past, in new appointments. Moreover, in January, 1865, Senator Wilson introduced a joint resolution into Congress for this purpose, which was passed in both Houses, was signed by Pres. Lincoln, and has ever since been acted upon. President Johnson might not know that Congress passed such a resolution; if he did know it, it would have been proper to mention it.

LONDON PAPERS.—It is a remarkable and pleasant fact, that those English papers which favored the cause of the United States during the civil war, now favor Congress and equal laws for all; while those papers that favored the rebels, blockade runners and pirates, in the war, now favor President Johnson and his policy.

The London Times, as might be expected, rejoices in President Johnson's war upon the "radicals." The Telgraph, represented in this country during the war by the notorious Sala, takes the same view, speaking of the President as follows:—

He has made good use of the long Congressional vacation between March and December, which occurs in alternate years. Refusing to call a special or extra session, he had left the radicals, scattered throughout the country, without the means for that effective concert of action, and those opportunities for influencing public opinion which the meeting of Congress affords. Now that the struggle has come, we are able to perceive the motive that actuated, and the design that directed the President's apparently inconsistent course. * * *

He has adroitly managed to affix upon their opposition to the readmission of the conquered States the stigma of faction, so fatal in its effects on the popular mind. When everything had been prepared, the curtain was drawn, and the whole great scheme, displaying in all its parts the consumate skill and pains employed in its preparation, was exhibited with startling effect.

All this is very different from the frankness and disinterestedness claimed for Pres. Johnson by his new friends here, but is the way it impresses a foreign admirer. We need not say how much truth there is in it, but we must not forget this comes from a pro rebel writer, who rejoices in what he deems a successful swindle.

But we turn to the other side—to the English friends of the loyal masses of this country, who had no truer and abler defender abroad than the London Spectator. That journal recently said of the President's course:—

If this attempt to heal over the wounds of the Union hastily, in which Mr. Johnson is going far beyond the advice of his military counselors, in which, indeed, he is neglecting even the moderate cautions of Gen. Grant—is to be prosecuted, it can have but one result—to foster the seeds of a new and not very distant repetition of the rebellion which has recently failed. The abolition of slavery can be of no use in cementing the Union, unless it is to represent something that affects the groundwork of Southern society. If the spirit of respect for freedom and individual rights is to be guarded, and the old slave-owning animus is to be rooted out, then only will there be an end of danger to the Union from this source. But if the old spirit of caste is to revive again in greater strength than before—on account of the new jealousy felt of the rights nominally given to the negro; and if the Southern States are to become the scenes of chronic passions, far less restrained by law than our Jamaica planters, then in another ten years Southern society will be in an attitude at least as hostile to the spirit of the free North as it was six years ago; and if its material resources are once more recruited by peace, we do not see how a new collision, as fierce as the old, is to be averted. If ever that time comes, the North will have to regret, more bitterly than it now does, that it trusted the Union to hands bred up, like Jefferson Davis and Mr. Johnson, in habits of thought incompatible with true freedom.

THE U. S. SENATE, Monday, 9, passed the bill for the codification and revision of the statutes of the United States, which Mr. Sumner introduced into the Senate fifteen years ago and has since persistently urged. It provides for the appointment of three Commissioners to revise and consolidate the statute of the United States, at an annual salary of $5000 each.

The Loan Bill was then taken up. In reporting the Loan Bill Mr. Fessenden said the Committee on Finance concluded it was well enough as it was and proposed no amendments. Mr. Sherman opposed it on the ground that it gave too much power to the Secretary of the Treasury.—Mr. Chandler opposed the bill and moved to amend it so as to restrict the sale of bonds to this country. After a debate this amendment was lost—yeas 6, nays 35. The bill then passed—yeas 32, nays 7. Our Senators Clark and Cragin voted for the bill.—The bill now goes to the President, who will doubtless sign it.

☞ At Hartford, Conn., the city election shows a democratic victory, changing the city administration.

— The New York Commercial Advertiser says it can hardly take up a Southern paper without finding Congress denounced as "a pack of traitors," and as "rebels against the constituted authority."

CHOLERA ON SHIPBOARD.—A Halifax dispatch of April 9, says: Capt. Grave, of steamship England, reports that on Tuesday last a case of cholera occurred on board, since which time 160 more cases had broken out and 50 deaths occurred. The England was ordered off by the Halifax authorities, but owing to the rapid spread of the disease and her engineers being sick, it was found impossible for her to proceed. She now lies below the lighthouse. Part of her passengers will be placed on board a hospital ship, and shanties are being erected on the beach for the sick. There will be no communication with the ship. The authorities are doing all in their power to relieve the unfortunate passengers. There are three doctors on board to look after the sick. She has 1202 passengers and 100 crew. The passengers are principally Germans and Irish. The captain thinks the disease was brought on board by the German passengers.

MARRIAGES.

ap11 Per Order of Chief Marshal

HIGHLY IMPORTANT TO UNFORTUNATE FEMALES!

DR. BRISCOE'S FEMALE DROPS are unsurpassed by virtue and efficacy in removing all complaints, of whatever nature, incident to female. He continues to do with the usual success, medically and surgically remove Obstructions, Engorgements, Leucorrhœa, Whites, General Debility, Hysterics and Irregularities of the sex; all complaints of the Lungs, Liver, Kidneys, Spleen, Bladder, &c.

Drops will be sent to any part of the country by express or mail; addressed by a communication stating particulars, will receive prompt attention.

Office, No. 23 Endicott street.

Persons at a distance can consult DR. BRISCOE, by letter, describing their complaints. Have the medicines securely put up, and forwarded to any part of the United States, with full directions for use. Office arranged with separate apartments, so that patients see none but the Doctor himself.

Address DR. BRISCOE, at No. 23 Endicott St., Boston, Mass., stating symptoms. All communications are confidential.

Patients furnished with rooms and board if desired, and secrecy observed in every case.

Office hours from 9 A. M. to 9 P. M.

Boston, July 16, 1865. ThSly

DR. M. BRISCOE still continues his successful treatment of all Private Diseases and also Female Complaints, at his old established office, No. 23 Endicott street.

N. B.—The sick and afflicted will do well to give him a call. A short consultation will cost you nothing, but a word of friendly advice may save you years of suffering.

P. S.—Ladies who wish to stay in the city under my care a few days, can be furnished with kind nurses. Charges moderate.

MAGGIEL'S
Spring and Summer Remedies.

"Great oaks from little acorns grow." The worst diseases known to the human race spring from causes so small as to almost defy detection. The volume of suffering that fill our hospitals and shelves of the medical fraternity only go to prove and elaborate these facts. Then guard yourselves while you may. The smallest pimple on the skin is a tell tale and indicator of disease. It may fade and die away from the surface of the body, but it will reach the vitals, perhaps, at last, and death be the result and final close. MAGGIEL'S BILIOUS, DYSPEPTIC and DIARRHEA PILLS cure where all others fail. While for Burns, Scalds, Chilblains, Cuts, and all abrasions of the skin, MAGGIEL'S SALVE is infallible. Sold by J. MAGGIEL, 83 Fulton street, New York, PRESTON and THACHER in this city, and all Druggists, at 25 cents per box. decsecds wly

Business Notices.

Many Hair Restorers will not remove dandruff, but PESTACHINE certainly does—Every day talk.

A RICH AND VARIED assortment of Boots and Shoes, for Ladies, Gentlemen, Misses and Children, are for sale by T. B. MOSELEY & CO., SUMMER STREET, Boston. The prices are reasonable. 2

CROUP—Almost daily we are called upon to chronicle the death of some loved one, by this dread disease, which often takes its victim away from loving parents with only very short notice. Every mother should supply herself with Coe's Cough Balsam, for it is no exaggeration to say it will cure ninety-nine cases in one hundred, if taken in season. There are very many mothers who will tell you they owe the life of some dear one to this wonderful medicine. One very desirable quality is that it leaves no bad effect, it being perfectly harmless. In cases of cough, hoarseness or tickling in the throat, it has no equal. apeodawlw

Holloway's Pills and Ointment.—The Elixir of Life. Ponce de Leon and his companions sought in vain for the fabled waters of rejuvenescence, amid the orange groves and flowery meads of Florida. It was left for Holloway to discover the true antidote to Coughs, Colds, Asthma, Bronchitis, Sore Leg Ulcers, Burns, Scalds, &c, in his admirable remedies of Pills and Ointment, which have been astonishing the world for upwards of fifty years, by their marvellous cures in every type of disease. Sold by all Druggists. apl—1w

— The question so many are agitating now "What shall we do with woman," could be answered in a few words. When you determine what wages you will pay for the work done by woman, don't pinch those 'shin plasters' so hard for fear that she will at the close of the year, be plus one dollar and a scanty wardrobe. Perhaps she would like to lay up something for sickness and old age.

Fruit and Ornamental Trees. J. F. SHORES, Jr., No. 28 Market street, will supply at short notice Fruit Trees, Ornamental Trees, Rose Bushes, Grape Vines, Strawberry Plants, Asparagus roots, Shrubbery, Hardy and Green House Plants. all
USE Lodi Co.'s Superior Poudrette.

Flower Seeds. J. F. SHORES, Jr., No. 28 Market street, has just received a very large assortment of FLOWER SEEDS.

In planting Vegetable and Flower Seeds, use the **Lodi Co.'s Celebrated Poudrette**, which I can sell this year at $2 25 per barrrel.

ROOM PAPERS AND BORDERS
—AT—
38 Market Street, (Up Stairs.)

IMPORTANCE OF HAVING DAVIS' PAIN KILLER ALWAYS ON HAND.

Wonderful Cure of the Rev. D. L. Brayton, Missionary in India, who was stung by a Scorpion.

Extract from his letter, published in the Baptist Missionary Magazine:

"For the first time since I have been in India, I have been stung by a scorpion. I went out this morning to my exercises, as usual, at early dawn, and having occasion to use an old box, on taking off the cover I put my hand on a scorpion, which immediately resented the insult by thrusting its sting into the palm of my hand. The instantaneous and severe pain which darted through the system is quite incredible; what an awfully virulent poison their sting must contain! I FLEW TO MY BOTTLE OF DAVIS' PAIN KILLER, and found it to be true to its name; after a moment's relief, I saturated a small piece of sponge, bound it on my hand, and went about my exercises, feeling no more particular inconvenience.

Perry's Moth and Freckle Lotion.

☞ Chloasma, or Mothpatch, (also called Liver-crept,) and Lentigo, or Freckles, are often very annoying, particularly to ladies of delicate complexion, for the discolored spots show more plainly on the face of a blonde than of a brunette; but they greatly mar the beauty of either and any preparation that will effectually remove them, *without injuring the texture or color of the skin*, is certainly a desideratum. Dr. B. C. Perry, who has made diseases of the skin a speciality, has discovered a remedy for these discolorations, which is at once prompt, infallible and harmless.

Prepared by B. C. PERRY, Dermatologist, No. 49 Bond Street, New York, and for sale by all druggists: price $2 per bottle. Call for PERRY'S MOTH & FRECKLE LOTION.

Sold by all Druggists in Portsmouth and elsewhere. lyandag—oct19

ROOT! ROOT! ROOT!
READ! READ! READ!

ROOT'S PESTACHINE preserves the life of the Hair; changes it from gray to its original color in three weeks; prevents the hair from falling; is the best article for dressing the hair ever found in market; will surely remove dandruff and cure all diseases of the scalp; is delightfully perfumed, cures baldness, and will not stain the skin. We tell the story quickly, and tell it true, when we say it is a perfect

Hair Restorer and Dressing Combined.

Lyon's Periodical Drops!
THE GREAT FEMALE REMEDY FOR IRREGULARITIES.

These Drops are a scientifically compounded fluid preparation, and differ materially from Powders or Nostrums. Being liquid, their action is direct and positive, rendering them a reliable, speedy and certain specific for the cure of all obstructions and suppressions of nature. Their popularity is indicated by the fact that over 100,000 bottles are annually sold and consumed by the ladies of the United States, every one of whom speak in the strongest terms of praise of their great merits. They are rapidly taking the place of every other Female Remedy, and are considered by all who know aught of them, as the surest, safest and most infallible preparation in the world, for the cure of all female complaints, the removal of all obstructions of nature, and the promotion of health, regularity and strength. Explicit directions stating when they may be used, and explaining when and why they should not, nor could not be used without producing effects contrary to nature's chosen laws, will be found carefully folded around each bottle, with the written signature of JOHN L. LYON, without which none are genuine. **Price $1.50.**

Prepared by Dr. JOHN L. LYON, 195 Chapel Street, New Haven, Conn., who can be consulted either personally, or by mail, (enclosing stamp,) concerning all private diseases and female weak nesses. **Price $1.50 per bottle.**

Sold by Druggists everywhere.

BRANDRETH'S PILLS. COSTIVENESS, DIARRHEA.—They are taken up by the absorbents, and carried into the circulation, through which medium they are conveyed to every part of the body.

If the pain affects the joints, a single dose produces remarkable benefit. And the same rule applies to costiveness, diarrhea and dysentery; though with the last named they may be required night and morning for some days before decided relief is obtained. In affections of the lungs, throat, head and pleurisy, the relief is certain; the excretory organs throw off with ease the phlegm, and the breathing becomes freer. Spasmodic asthma is often cured by a single dose. mch28dawlm

A Household Necessity exists for the Use of Durno's Catarrh Snuff.

Which, in the first stages of a cold, acts like magic—Headache, Hoarseness, Diptheria, and Bronchitis, Sore Eyes, Deafness, Bad Taste and Smell, being the result of Catarrh. This snuff removes and prevents all these, and insures a healthy Head. Its effects are pleasant and safe, even for infants who suffer from snuffles.

It has the highest professional testimonials.—Sold by all Druggists, or sent by mail to all parts of U. S., for 50 cts. for one Box, or $1 for four Boxes. Address JAS. DURNO,

P. O. Box 1235, New York.

BURLEIGH & ROGERS, Wholesale Druggists, 56 Hanover St., Boston, General Agents. ja1-ly

Copartnership Notice.

The undersigned have formed a copartnership under the firm name of J. LARRABEE & SONS, for the purpose of carrying on the SADDLE AND HARNESS BUSINESS in all its branches, and having taken the new store on Congress Street (opposite the Franklin House,) would invite all in need of their services to give them a call. JAMES LARRABEE,

JOHN I. LARRABEE,

J. W. HANSCOM.

Portsmouth, April 2, 1866.

Stencils! Stencils!

—AT—

THOMPSON BROTHERS,

No. 8 Daniel Street (Up Stairs.)

Having formed a business connection with one of the first houses in Boston, we are now ready to fill all orders for the various kinds of Stenciling—Letter Cutting and Die Sinking, Cancelling Ribbon Presses (with Die), Embossing Seal Presses, Steel stamps for Wood, Iron, &c.; Burning Brands; stencils for marking Boxes, Bales, &c.; Stencil Alphabets, in sets or single letter; Stencils for marking Clothing, in Old English, Writing, Italic and Roman

STENCIL PASTE for marking boxes, barrels, &c., in Black and Fancy Colors.

Call and examine specimens.

☞ We are also Wholesale Agents for the sale of the National Ink Co.'s warranted WRITING INK, a very superior article; does not corrode the pen nor clog.

☞ Also, Agents for the Patent Gong DOOR BELL, one of which may be seen and examined in working order at the above Number.

GEO W THOMPSON,

HENRY G. THOMPSON.

Portsmouth March 9

Local.

☞ Madame Wiley's Concert, Monday evening, was attended by a large and appreciative audience, who greatly enjoyed her splendid singing, and that of the quartet. We have not heard four singers blend so nicely since the days of Pike's Harmonconsand the original Hutchinsons; and we are sure we *never* heard such a body of tone (organ tone, we might call it) from any quartet. Mr. Walton, the tenor, and his wife, contralto, are both much better than average performers, and we are glad they are to be added to our resident musical talent. Mr. Tweed sang a very good and strong bass.

As for Mrs. Wiley herself, (who, as is very evident, is not a chorus or quartet singer, but a soloist, and a most brilliant one too—and who now appeared in quartet almost for the first time,)—we must say we were more delighted with her performances than with any vocalist we ever heard, with the single exception of the seraphic Sontag—and Madame Wiley much resembles her in person and voice. She has a voice of immense, almost boundless power, and of the purest quality; and her manner is very pleasing. She sings as easily as a bird, and her extreme high tones (and nobody can sing higher,) are well described as bugle-like. She also executes splendidly, though on this occasion she was suffering from severe hoarseness and sore throat, from change of climate; and was not adequately supported by piano or parts.

We are pleased to learn that Madame W. is a native of New Hampshire,—she was a Miss Leighton of Landaff; and has lived in California, whence she has recently returned to live in Lynn. We hope to have more of her magnificent singing.

IN BOARD OF ALDERMEN, Friday evening, April 6, a petition of John P. Lyman and others for crosswalk in Market street, near Hanover, was referred to Com. on Streets to report.

Applications of B. H. Grant, S. A. Avery and Geo. S. Leach for licences for billiard tables, "provided that such licences can be had at a reasonable rate," was referred to Ald. Ayers, Hodgdon and Foster to report next week.

Petition of S. Avery and others that the same laws be applied to Billiard Rooms in certain cases as are now applied to Oyster Saloons, was referred to the same Committee.

Petition of Wm. Stearns and others for improvement of the corner of Islington and Cabot streets; the subject of widening Islington and Creek streets near the Railroad crossing; and petition of James N. Tarlton and 72 others for repairs of Market street, were referred to Com. on Streets to report.

A summons from the Commissioners to furnish account of the City of Portsmouth for expenses of the late war, was received.

The City Marshal's report of arrests, fines and costs collected, &c., for the quarter ending March 31, was accepted and ordered to be placed on file.

The Com. on City Lands and Buildings reported that they had let the Fish Market at Liberty Bridge to Christian Johnson for the sum of $20 per annum. The same committee were requested to ascertain the ownership of the land on which said market stands, and to get propositions for sale of the market in case the land does not belong to the city.

The Com. on Bills on 2nd reading reported the bill entitled "An ordinance relating to Hotels, &c.," without amendment. The bill was amended by adding to the 1st section the words "without special permission in writing from the Mayor;" also by striking out 11 and inserting 10 1-2 o'clock. The bill was then read a second time and passed.

Bill of Jefferson T. Lewis for dog killed by a policeman was laid on the table.

☞ The bells in this city were rung on Tuesday, in honor of the passage of the Civil Rights Bill by Congress, notwithstanding the veto. It is worthy of remark that in the popular branch of our natural legislature, only one vote was changed one side to the other, by a labored presidential veto:—and that only *one* professed republican voted to sustain that veto. The President and Fred. Douglas appealed to the people? The Representatives have all heard from home, and many of them have been home. See how they vote! Three quarters of the House (within one) are going for a just and equitable law. It is no mere party victory, but something far better—it is the deliberate sense and act of the Nation, and it will be respected.

☞ Miss Matthews of Kittery, the young lady who cut her throat with a razor several weeks since, we learn died on Thursday of last week. Her terrible wound had nearly healed up, but she could not or would not eat anything to sustain life.

☞ We learn that Hon. Thos. B. Laighton is in a very low state of health, at his residence on Appledore Island, Shoals.

☞ Rev. Wm. G. Nowell, of this city, has received and accepted a call to settle over the Unitarian Society at Ware, Mass.

Acknowledgements.

MADAM WILEY and Troupe hereby tender their most sincere thanks to new found friends in this city, for their generous manifestation of kindly consideration; also, to the music-loving public, for their liberal and appreciative patronage—with the assurance that their sojourn in Portsmouth, and the numberless favors of friends here, will be cherished among the fondest recollections of "departed days."

Cleanse the Blood.

With corrupt, disordered or vitiated Blood, you are sick all over. It may burst out in Pimples, or Sores, or in some active disease, or it may merely keep you listless, depressed and good for nothing. But you cannot have good health while your blood is impure. AYER'S SARSAPARILLA purges out these impurities and stimulates the organs of life into vigorous action, restoring the health and expelling disease. Hence it rapidly cures a variety of complaints which are caused by impurity of the blood, such as Scrofula, or King's Evil, Tumors, Ulcers, Sores, Eruptions, Pimples, Blotches, Boils, St. Anthony's Fire, Rose or Erysipelas, Tetter or Salt Rheum, Scald Head, Ring Worm, Cancer or Cancerous Tumors, Sore Eyes, Female Diseases, such as Retentions, Irregularity, Suppression, Whites, Sterility, also Syphilis or Venereal Disease, Liver Complaints, and Heart Diseases. Try AYER'S SARSAPARILLA, and see for yourself the surprising activity with which it cleanses the blood and cures these disorders.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself has become synonymous with imposition and cheat. Still we call this compound "Sarsaparilla," and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it.—We think we have proved, by long, Sarsaparilla, but virtues which are irresistible by the ordinary run of the diseases it is intended to cure. We can only assure the sick, that we offer them the best alterative which we know how to produce, and we have reason to believe it is by far the most powerful purifier of the blood yet discovered by any body.

AYER'S CHERRY PECTORAL is so universally known to surpass every other preparation for the cure of Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the relief of Consumptive Patients in advanced stages of the disease, that it is useless here to recount the evidence of its virtues. The world knows them.

Prepared by DR. J. C. AYER & Co., Lowell, Mass., and sold by all Druggists and Dealers in Medicine everywhere. mh3—2awsw2m

EDW. A. STRONG, Secy. LEWIS C. GROVER, Pres.

WARREN SPARROW,

State Agent for Maine and New Hampshire.

HENRY A. YEATON,

feb18 Agent for Portsmouth and Vicinity.

WHICH IS THE

Leading Life Insurance Comp'y

IN THE UNITED STATES!

Which is the Safest and the Cheapest?

The following figures are from the latest Report of the New York Insurance Commissioner, showing the "amount of business" of the

MUTUAL BENEFIT

LIFE INSURANCE COMPANY,

to be the *largest*, the "expenses of management" the *smallest*, the "ratio of Assets to Liabilities," or the *security* furnished to its members, the *largest* of any like institution in the country.

Premiums received in 1864.....$2,089,072

" " " " 1865.....3,029,087

Ratio of expenses to premiums rec'd in '64..12.86

" " " " " " '65..12.16

Ratio of assets to liabilities, Jan. 1, 1865....151.86

The inevitable conclusion from these official facts, is that the

MUTUAL BENEFIT LIFE Insurance Company

IS THE BEST AND THE CHEAPEST.

Because its NET ASSETS are proportionably LARGER than those of any other Life Insurance Company in the United States.

Because its "Managing Expenses" are LESS, and it has a LARGER SURPLUS to divide among its members than any Company in the United States.

QUERY. Will some one inform the public of that mysterious process by which a Company with a surplus proportionably *much less*, and expenses *very much larger* than another, can yet divide *more* to its members, and insure them at *less cost?* How is it done? Where does the money come from?

Every intelligent man will see at once that it *cannot be done.* Yet we have Agents among us that make this their boast.

Any one disposed or intending to insure can be furnished with the requisite information by applying to

HENRY A. YEATON, Agent.

Portsmouth, March 27, 1866.—3mdaw

Important.

DR. STEVENS, No 5 Daniel Street, would give notice that he has REDUCED the price of Permanent Sets of ARTIFICIAL TEETH on the Vulcanite Base, to that charged for them before the war.

He would also give notice that he is doing a new style of work for Under Sets of Teeth, called the COMBINATION BASE (Gold and Vulcanite) which produces by far the finest work offered to the public. The price is something in advance of that charged for the Vulcanite alone, but the strength, durability, ease of bearing, and beauty of finish obtained by it, more than double the value of the Teeth. mh12

GEORGE F. WEED,

S-U-R-G-E-O-N D-E-N-T-I-S-T,

FIRST ASSISTANT in the Office of DR. STEVENS, No. 5 DANIEL STREET.

DR. WEED can be found at his place of business at all hours of the day and night, for the performance of any of the operations that come within the call of his profession.

Dr. A. P. STEVENS, No. 5 Daniel St. makes the saving of ULCERATED and painful front teeth, a specialty in his business. He also successfully restores to their natural shape broken or badly decayed teeth, by building out corners and sides with PURE GOLD. (In many cases teeth so restored are as strong as any of their brother members, and in all cases are rendered eminently useful for a long series of years.) DISEASED TEETH, in all stages, treated, and in a very large majority of cases entire success attained.

Charges for such operations necessarily high, but nothing in comparison to the value of the Teeth. mch14

a7 JOSEPH P. MORSE, Auct.

Valuable Real Estate

AT AUCTION.

(By virtue of a license from the Hon. Judge of Probate for the County of Rockingham)

On TUESDAY, April 17, at 12 o'clk M.,

The Real Estate of the late CHARLES W WALKER, of Portsmouth, deceased. *Said* property will be sold in three separate lots or parcels, viz:

The First Lot to consist of the well known MARKET STREET HOUSE, situated on the corner of Market and Green streets, with land connected therewith, bounded 69½ feet more or less on Market street, 108 feet more or less on Green street, 106 feet more or less by Lot No. 3, 107 feet more or *less* by land formerly of James Pickering, land of James Junkins and others; the lot containing 8626 feet, more or less.

The Second Lot consists of land on Green street bounded 38 feet more or less on Green street, 110 feet more or less by land of Estate of George Chesley, 35 feet more or less by land formerly of James Pickering and others, and 106 feet more or less by lot No. 1; the whole lot *containing* 3926 feet, more or less.

The Third Lot to consist of the Stable lot, so called, on Green street, with the stable and Office building thereon. The lot is bounded southerly about 25 feet on said Green street, easterly about 72 feet on land of E. S. Wendell, northerly about 50 feet on Railroad land, and westerly by Railroad land and adjoining cemetery; containing about 2710 feet. The Stable is 38 by 36 feet, and the Office building 10 by 10 feet.

The above offers a rare chance for capitalists or others. The property is prominently situated on one of the main avenues of the city. The "MARKET STREET HOUSE" is large and well calculated, conveniently situated for a Hotel or large Boarding House, and has been occupied as such for many years. It contains 19 rooms and attic, and also a Store. The Stable has been used, and is a good location for a Livery Stable.

If desirable, a portion of the purchase money can remain on a mortgage of the premises.

For further particulars inquire of J. M EDMONDS, Portsmouth; C. W. SYMSON, Kittery, Me., Guardian of the minor heirs, or of the subscriber. JOSEPH P. MORSE.

Morning Chronicle.

AN EARTHQUAKE AT SEA.—The English papers received by the City of Paris contain the following:

Captain Morse, of the ship Syren, Boston, United States, which recently arrived at Birkenhead, states that on the 18th of November, 1865, at 6 o'clock A. M., in latitude 24 S., longitude 178, 30 W., while on his passage from Baker's Island to the port of Liverpool, he experienced what he supposed to be a shock of earthquake. At first was heard a heavy, deep, rumbling sound, accompanied by a vibration of the ship, which increased in violence until the vessel seemed as though driving over a reef. There was a strong breeze, with rather heavy clouds; the sea in the vicinity of the ship appeared as if suddenly fixed, a phenomenon which lasted apparently between three and four minutes. The compass card during the time of the shock was rapidly revolving. The man at the wheel was violently and visibly shaken, and those on deck generally were scarcely able to keep their feet. One man engaged in connecting the hose pipe to a force pump upon the top-gallant forecastle was thrown backward against the bits. The sound at first resembled distant thunder, and increased in intensity, till at its hight it could be only compared to the deafening roar of innumerable pieces of the heaviest artillery.

IMMIGRANTS FROM MADEIRA.—The Department of State has received a dispatch from the United States Consul at Funchal, stating that a vast number of poor, but honest and hard-working laborers of Madeira, who are skilled in the raising of cereals, the vine, sugar cane, &c., and in gardening, are desirous of going to the United States, but have not the means of accomplishing that object. He expresses the belief that if but one-half of their passage money could be advanced to them by parties in this country, on contract, under the act to encourage immigration, to be paid in labor, at least 10,000 of them would be prepared to leave immediately.

— A great gift fair (lottery) is to be held at West Creek, N. J., July 4th, for the purpose of erecting a church edifice.

— The British ship Waverly cleared from Savannah 27th ult., with a cargo of cotton, valued at $358,937 63.

— The Jacksonville (Fla.) Times says that thousands of negro children are now educated in that State by their present employers, who were slaveholders.

— The Faculty of Yale College have decided to establish a "commons" on the College grounds something like the old institution under that name, but rendered more agreeable with some of the modern improvements of boarding-houses. They have secured a dwelling house for this purpose.

— Two of the greatest preachers in England have "taken the pledge,"—namely, Charles Spurgeon and Baptist Noel. In this country, the preacher who is not a teetotaler is a rare specimen of humanity; but in England they still stick to the bottle, parsons and all, though not to the extent that their predecessors stuck to it.

GEO. H. REED & CO.'S
LIQUID DYES
Patented October 17, 1865.
WILL NOT FREEZE.
The constant demand we have had for LIQUID DYES has induced us to put up a complete line of
40 Shades, all Liquids,
which will recommend themselves to every one who has ever used Liquid Dyes, for
Brilliancy of Color,
Simplicity of Use,
Certainty of Satisfaction,
Economy of Time.
Freedom from all Dust or Dirt.
Mordant and Dyes combined in one Preparation.
The only Dyes of the kind ever invented for Silk, Woolen and Feathers that will give a perfect color requiring only 5 to 30 minutes, according to shade.
Full directions for use, and Certificates from eminent Chemists, with each package.
Samples actually dyed with each of the colors on silk and woolen, may be seen, and the Dyes obtained at all stores, for 25 cents.
☞ If you desire to insure SATISFACTORY COLORS, in the shortest time, with the least trouble, inquire for Reed's Liquid Dyes, and take no other, as they are the only Reliable Colors.

HIGHLY IMPORTANT
TO
UNFORTUNATE FEMALES!
DR. BRISCOE'S FEMALE DROPS are unsurpassed by virtue and efficacy in removing all complaints, of whatever nature, incident to females. He continues, with his usual success, to radically and surgically remove Obstructions, Engorgements, Leucorrhœa, Whites, General Debility, &c., and Suppressions of all kinds; also all complaints of the Lungs, Liver, Kidneys, Spleen, Bladder, &c.
His medicines will be sent to any part of the country by express or mail; addressed by a communication stating particulars, will receive prompt attention.
Office, No. 23 Endicott street.
Persons at a distance can consult DR. BRISCOE, by letter, describing the case, and have the medicines securely put up, and forwarded to any part of the United States, with full directions for use. Office arranged with separate apartments, so that clients can come to the Doctor himself.
Address DR. BRISCOE, No. 23 Endicott St., Boston, Mass., stating symptoms. All communications confidential.
Patients furnished with rooms and board if desired, and secrecy observed in every case.
Offices Forenoon, 9 A. M. to 2 P. M.
Boston, July 16, 1865. JThSly
DR. M. BRISCOE still continues his successful treatment of all Private Diseases and also Female Complaints, at his old established office, No. 23 Endicott street.
N. B.—The sick and afflicted will do well to give him a call. A short consultation will cost you nothing, but a word of friendly advice may save you years of suffering.
P. S.—Ladies who wish to stay in the city under my care a few days, can be furnished with kind nurses. Charges moderate.

SUFFERERS
From Dyspepsia
READ! REFLECT!! ACT!!!
FARRANT & CO
Gentlemen, I am a resident of Curacoa, and have often been disposed to write to you concerning the real value of your SELTZER APERIENT as a remedy for indigestion and dyspepsia. I desire to express to you my sincere gratitude for the great benefit the SELTZER has done my wife.
For four or five years my wife has been sadly afflicted with Dyspepsia, and after being under the treatment several Doctors for two or three years, she was finally induced to seek the advice of a learned Physician, Doctor Cabialis, of Venezuela, who immediately prescribed her with your EFFERVESCENT SELTZER APERIENT. She began to improve at once and is now PERFECTLY WELL.
I feel it to be my duty for the good of humanity to make this statement, feeling that a medicine so valuable should be widely known.
I trusting that you will publish this publication, and repeating my earnest gratitude and thanks,
I am very respectfully yours,
S. D. C. HENRIQUEZ,
Merchant, Curacoa, S. A.,
New York, June 28th, 1865.
WE ASK
The suffering millions in our land to give this remedy a trial, convinced that by its timely use many may be relieved, many cured of
Dyspepsia, Heartburn, Sour Stomach, Sick Headache, Dizziness, Indigestion, Piles, Costiveness, Bilious Attacks, Liver Complaints, Rheumatic Affections, &c.
Read the Pamphlet of Testimonials with each bottle, and do not use the worthless imitations, at the advice of your Physician.
MANUFACTURED ONLY BY
FARRANT & CO.,
278 Greenwich Street, New York.
☞ FOR SALE BY ALL DRUGGISTS. splmly

DUTCHESS NURSERIES
POUGHKEEPSIE, NEW YORK,
FERRIS & CAYWOOD, Proprietors.
We call the attention of our customers and the public to our stock of GRAPE VINES, which is larger than ever before. Having had over twenty years' experience in the management of Vineyards and the propagation of Vines, and our present stock having been grown from bearing wood only, with constant care during the season, we think they will compare favorably with any others that are offered for sale.
Our stock of MONTGOMERY VINES is very large. This variety not being generally known, we will give a brief description: White, a seedling of the Hyslop, strong, vigorous grower and bearer, clusters often weighing two pounds, with a mild subacid flavor. It is classed with the hardy grapes, but we expect it in winter as we do all other varieties in this part of the State.
Our stock of the various kinds of EVERGREEN and DECIDUOUS TREES is very large, and is offered at moderate price; and at very low rates by the quantity, to those who are laying out and improving their places, cemeteries, or public grounds, and to nurserymen. We challenge competition.
Grape Vines.
"DELAWARE"—Grown in open border. No. 1, one year old, 50 cents each, $25 per 100; No. 2, ditto, 25 cents each, $20 per 100; No. 3, ditto, 20c each, $15 per hundred; well grown vines in pots 25c each, $15 and $20 per 100.
"MONTGOMERY"—No. 1, one year old in border, very strong plants, many equal to two years' growth, 50 cents each, $30 per 100; No. 2, one year old, good plants, 75c each, $35 per 100.
"REBECCA"—No. 1, one year old in pots, 30c each, $25 per hundred; No. 2, ditto, 25c each, $20 per hundred.
"ALLEN'S HYBRID"—3 years old, $1 50 each; 1 year old, 50c to 75c each, $40 per hundred.
"CUYAHOGA"—No. 1, two years, 75c each, $30 per hundred; No. 2, ditto, 20c each, $15 per hundred.
"CREVELLING"—No. 1, in open borders, 50c each, $40 per hundred; No. 2, ditto, 40c each, $30 per hundred; No. 3, ditto, 30c each, $20 per hundred.
"ROGERS' HYBRID"—Nos. 3, 9, 15, 53—50c and 75c each; two years old, $1 to $1.50 each.
"HYACINTH"—No. 1, in open border, 50c each, $35 per hundred; No. 2, in pots (strong) 40c each, $30 per hundred.
"IONA and ADIRONDAC"—One year old, from pots, No. 1, $1 to $1.50 each; No. 2, 75c to 90c each; No. 3, 50c each. mch20

Reputation Established!
Mrs. S. A. Allen is truly a public benefactress, and her wonderful success is unprecedented. Her fame and her discoveries have gone abroad, and to-day she is in her line the largest manufactoress in the world.
Everybody Interested.
Youth and old age are alike benefited by the use of Mrs. S. A. Allen's World's Hair Restorer and Hair Dressing. They act directly upon the roots of the hair, causing luxuriant growth and beauty. Your hair, if changed to grey or white by sickness or other causes, will soon be restored to its natural color and beauty. Dandruff eradicated forever. The Hair falling stopped. The most delicate head-dress or bonnet can be worn without fear of soiling. The most delightful fragrance to the hair is imparted. If you wish to restore your hair, as in youth, and retain it through life, without delay purchase a bottle of Mrs. S. A. Allen's World's Hair Restorer and Dressing.
Sold by Druggists throughout the World.
PRINCIPAL SALES OFFICE,
198 & 200 Greenwich St., New-York.

Lodi Manufacturing Company's
POUDRETTE.
AGENT FOR NEW HAMPSHIRE,
J. F. SHORES, Jr.,
No. 38 Market Street (Up Stairs.)
The advantages of Poudrette as a manure may be stated as follows:
First, its ECONOMY. The cost of the manure compared with its effects is less than that of any other fertilizer in market. It can be bought and applied for the same money which it will cost only to apply farmyard manure. It is portable, contains great strength in a small compass, and needs no extra care in its application; the closer its contact with the seed the better and quicker it works. $4 50 worth at our retail price (or two barrels) will manure an acre of corn in the hill, and from one-quarter to one-third to the proof cost, and will mature the crop from two to three weeks earlier. No manure will stay in the hill where the Poudrette is placed. No seeds of weeds will germinate, and crows are very shy of plucking it out of the hills. This Compost for all Garden Vegetables it has no equal. While the leaf and growth of the Tobacco plant is large, it has not the coarseness of fibre which is produced by Peruvian Guano, and it has taken the lead for this crop in Connecticut, and has begun to be appreciated in Maryland.
It is famous for producing larger and finer potatoes than anything else, and the stories told about Orchard, their large growth, &c., are almost beyond credence. Fruit trees and plants are much improved by an application of Poudrette.
Another great consideration is the season of the year when the corn is planted. It is at the time when every spring crop must be put in, and the corn not only planted, but up and grown sufficiently for the last hoeing and planting, before the commencement of grain and hay harvest. The celerity and dispatch with which a large drop of corn is put in and poudretted, the rapid growth and consequently the early opportunity of working among it—the small chance for weeds, owing to the shade it affords, and the fact that the Poudrette, unlike other manures, covers the seed that can germinate, and consequently less trouble required to clean it—are all important advantages. The corn will ripen two weeks earlier, and the yield will be much heavier.
The same remarks apply to Sorghum and Broom Corn.
For grass, where it is about to be laid down to lawn, or for several years, a top dressing of Poudrette will be found invaluable.
We wish to remark in this place, that Poudrette is not like some quack nostrums warranted to cure all kinds of diseases. It must be used with discretion, and a reasonable quantity will produce a reasonable effect.
Poudrette will manure no better than other manures on wet, sour, undrained land, or in seasons of drought. In other words, Poudrette is an invaluable substitute for farm yard manure, and can be used with great profit and advantage upon most spring crops, but it will neither work miracles, drain the land nor make it put upon, nor cause rain to fall in time of drought.
Price per Barrel $2.25—delivered at any part of the city, or at any depot or wharf.
Important Notice!—When Poudrette is spoken of, we mean "LODI POUDRETTE," which has now stood the test of twenty six years' trial; and when buying, be sure and get that kind!
A descriptive pamphlet may be had on application.
ISRAEL MARDEN & CO.,
No. 39 Congress St., Portsmouth, N. H.,
—DEALERS IN—
S. Vance's Submerged Well PUMP.
This unsurpassable invention, now being first introduced, will, it is believed, supersede all other Well Pumps now in use.
ITS ADVANTAGES.
FIRST, SIMPLICITY.—This Pump is composed of but three parts, and is so simple in its construction that any one can easily put it together.
SECOND, DURABILITY.—Its peculiar construction and the fact that no leather or rubber combine to make it the most durable of all Pumps yet invented.
THIRD, NEVER FREEZES.—The valves are so constructed that, when not in motion, they allow all the water above to pass down into the well, and thus prevent freezing.
FOURTH, LABOR.—For the amount of power applied, this Pump exceeds anything known. It throws one third just more water than ordinary pumps, and works so easily that even a child can pump without fatigue. It is in this way the greatest labor-saving pump now offered to the public.
FIFTH, IT IS INVALUABLE.—For a well pump it is invaluable, as all the iron which is submerged consists of but three small pieces, and is made galvanized, it can in no way corrode, consequently it brings up pure water at every stroke.
SIXTH, CHEAPNESS.—This Pump is so made that it costs but a trifle, and is warranted to keep in use for years. No repairs at all are needed. It is very light, and thus the cost of transportation is very small.
☞ Manufactured by S. VANCE & CO., No. 31 Liberty Street, Newburyport, and for sale in Portsmouth by the Sole Agents for N. H.,
ISRAEL MARDEN & CO.,
39 Congress Street.
☞ We are permitted to refer to Mr. MONROE HOLMES and to Mr. FRANCIS W. MILLER of the Daily Chronicle, who have these new Pumps in use on their premises,—for testimony to their excellence.
Portsmouth, Oct. 16th, 1865.

CHEROKEE CURE,
THE GREAT
INDIAN MEDICINE,
Cures all diseases caused by self-abuse, viz:—Spermatorrhœa, Seminal Weakness, Night-Emissions, Loss of Memory, Universal Lassitude, Pains in the Back, Dimness of Vision, Premature Old Age, Weak Nerves, Difficult Breathing, Pale Countenance, Insanity, Consumption, and all diseases that follow as a sequence of youthful indiscretion.
The Cherokee Cure will restore health and vigor, stop the emissions, and effect a permanent cure after all other medicines have failed. Thirty-two page pamphlet sent in a sealed envelope, free to any address.
Price $2 per bottle, or three bottles for $5. Sold by all druggists; or will be sent by express to any portion of the world, on receipt of price, by the sole proprietor,
Dr. W. R. MEEWIN, 37 Walker St., N. Y.

Cherokee Remedy,
Cures all Urinary Complaints, viz: Gravel, Inflammation of the Bladder and Kidneys, Retention of Urine, Stricture of the Urethra, Dropsical Swellings, Brick Dust Deposits, and all diseases that require a diuretic, and when used in conjunction with the
CHEROKEE INJECTION,
does not fail to cure Gonorrhœa, Gleet and all Mucous Discharges in Male or Female, curing recent cases in from one to three days, and is especially recommended in those cases of Fluor Albus or Whites in Females. The two medicines used in conjunction will not fail to remove the most inveterate complaint, and in those cases where other medicines have been used without success.
Price, Remedy, One Bottle, $2, Three Bottles, $5. "Injection," $2. "Remedy" and "Injection" are to be found in all well regulated drug stores, and are recommended by physicians and druggists all over the world, for their intrinsic worth and merit. Some unprincipled dealers, however, try to divert the profits arising from this cheap and worthless compounds,—in order to make money—in place of these. Be not deceived. If the druggists will not buy for you, write to us, and we will send them to you by express, securely packed and free from observation. We treat all diseases to which the human system is subject, and will be pleased to receive full and explicit statements from those who have failed to receive relief heretofore. Ladies or gentlemen can address us in perfect confidence. We desire to send our thirty-two page pamphlet free to every lady and gentleman in the land. Address all letters for samples, medicines, or advice, to the sole proprietor,
Dr. W. R. MEEWIN, 37 Walker St., N. Y.

The Chronicle.

A SPECIMEN OF THE RECONSTRUCTED. The Richmond Examiner of a recent date in an article relative to the trial of Jeff Davis, after informing the Committee of Reconstruction that in the State of Virginia "they can easily find twelve times twelve men who will eagerly undergo Mr. Davis' imprisonment and all the peril in which he stands, if thereby liberty may be purchased for him," closes as follows:

"When the man whom we placed at the head of our undertaking shall be tried for his share in that of which we were all partakers—most of us more willing, perhaps, than he—every one will keenly feel that it is only for him that is without offense to cast the first stone. More than that, all will be ready to repel the charge of treason with indignant emotions. Allegiance was due only to the State, and any duty arising from the Union only bound the individual through the State. The State absolved all obligations beyond her at her will, and all who obeyed the State did nothing but what patriotism justified. The people believed this doctrine before the war, and force has not changed their convictions. Courts may instruct, but as juries here have always exercised the right to judge the law, even in a matter of dollars and cents, they will not forego that privilege in a trial that involves the life of their representative man and the common honor of individuals and of States. The committee—the whole world—may rest confident that Virginia gentlemen can under no circumstances consent that Jefferson Davis be made the scapegoat of a whole people. No, *never!*"

BIG MOSQUITOES.—The late Rev. Zeb. Twitchell was the most noted Methodist minister in Vermont, for shrewd and laughable sayings. In the pulpit he maintained a suitable gravity of expression, but out of the pulpit he overflowed with mischief. Occasionally he would introduce something very queer into the sermon for the sake of arousing the flagging attention of his hearers. It was he who originated the story of great mosquitoes.

Seeing some of his audience were getting sleepy, he paused in his discourse and digressed as follows:

"Brethren, you haven't any idea of how the missionaries suffer in the new settlements on account of the mosquitoes. In some of these regions they are enormous. A great many of them will weigh a pound, and they will get on the logs and bark when the missionaries are coming along."

By this time all ears and eyes were opened, and he proceeded with his discourse.

The next day one of his hearers called him to account for telling lies in the pulpit.

There never was a mosquito that weighed a pound.

"But I did not say one would weigh a pound. I said a great many of them would weigh a pound, and I think a million would."

"But you said they would bark at the missionaries."

"Why, no, brother, I said they would get on the logs and bark."

"The Flag of the Free,"
SONG AND CHORUS, composed by J. H. MOREY, and first sung at a Concert for Portsmouth Old Folks Choir,—just published by O. DITSON & Co., and for sale by S. F. COBB and J. H. FOSTER. *Price 30 Cents.*

AMERICAN AND FOREIGN PATENTS.
E. H. EDDY,
Solicitor of Patents,
Late Agent of the U. S. Patent Office, Washington, under the Act of 1857,
78 State Street, opposite Kilby Street,
BOSTON.
After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Bonds, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with dispatch. Researches made into American or Foreign works, to determine the validity or utility of patents or inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.
The Agency is not only the largest in New England, but through it inventors have advantages for securing Patents, or ascertaining the patentability of inventions unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The Testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that in no other business of the kind are the charges for professional service so moderate.
The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.
These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.
All necessity of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.
TESTIMONIALS.
"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse."
CHARLES MASON,
Commissioner of Patents.
"I have no hesitation in assuring inventors that they cannot employ a person *more competent and trustworthy*, and more capable of putting their applications in form to secure for them an early and favorable consideration at the Patent Office."
EDMUND BURKE,
Late Commissioner of Patents
Mr. E. H. Eddy has made for me THIRTEEN applications, on all but ONE of which patents have been granted, and that is *now pending*. Such unmistakable proof of great talent and ability on his part leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges."
JOHN TAGGART
During eight months, the subscriber, in course of his large practice, made on *twice* rejected applications SIXTEEN APPEALS, EVERY ONE of which was decided in *his favor*, by the Commissioner of Patents. **E. H. EDDY.**
Boston, Jan 1, 1866.—3tawly

THE LIGHT OF THE WORLD.
DR. MAGGIEL'S
PILLS AND SALVE
These Life-giving remedies are now for the first time, given publicly to the world. For over a quarter of a century of private practice the ingredients in these
Life-giving Pills!
Have been used with the greatest success. Their mission is not only to prevent disease, but to cure. They search out the various maladies by which the patient is suffering, and re-invigorate the failing system. To the aged and infirm a few doses of these valuable PILLS will prove to be
A Very Fountain of Youth,
For in every case they add new life and vitality, and restore the wanting energies to their pristine state. To the young and middle aged, they will prove most invaluable, as a ready, specific, and sterling medicine. Here is a dream realized, that Ponce-de-Leon sought for three hundred years ago, and never found. He looked for a fountain that would restore the old to youth and make youth ever
AN ETERNAL SPRING!
It was left for this day and hour to realize the dream, and show, in one glorious fact, the magic that man's fancy paints.
These Famous Remedies
Cannot stay the flight of years, but they can force back and hold aloof, diseases that might triumph over the aged and the young. Let none hesitate then, but seize the favorable opportunity that offers. When taken as prescribed—
FOR BILIOUS DISORDERS
Nothing can be more productive of cure than these Pills. Their almost magic influence is felt at once; and the usual concomitants of this most distressing disease are removed. These remedies are made from the purest
VEGETABLE COMPOUNDS.
They will not harm the most delicate female, and can be given with good effect in prescribed doses to the youngest babe.
For Cutaneous Disorders
And all eruptions of the skin, the SALVE is most invaluable. It does not heal externally alone, but penetrates with the most searching effects to the very root of the evil.
DR. MAGGIEL'S PILLS
Invariably Cure the Following Diseases.
Asthma,
Bowel Complaints,
Coughs,
Colds,
Chest Diseases,
Costiveness,
Dyspepsia,
Diarrhœa,
Dropsy,
Debility,
Fever and Ague,
Female Complaints,
Headache,
Indigestion,
Influenza,
Inflammation,
Inward Weakness
Liver Complaint,
Lowness of Spirits,
Ringworm,
Rheumatism,
Salt rheum
Scalds
Skin Diseases.
☞ **Notice.**—None genuine without the engraved trade mark around each pot or box, signed by DR. J. MAGGIEL, 43 Fulton st., New York, to counterfeit which is felony.
☞ Sold by all respectable Dealers in Medicines throughout the United States and Canadas at 25 cents per box or pot. deel—eowly

Important to the Afflicted.
DR. DOW continues to be consulted at his office, Nos. 7 and 9 ENDICOTT STREET, BOSTON, on all diseases of a PRIVATE OR DELICATE NATURE. By a long course of study and practical experience of unlimited extent, Dr. D. has now the gratification of presenting the unfortunate with remedies that have never, they be first introduced them, failed to cure the most alarming cases of GONORRHŒA AND SYPHILIS.
SEMINAL WEAKNESS.—Dr. Dow devotes a great part of his time to the treatment of those cases caused by a secret and solitary habit, which ruins the body and mind, unfitting the unfortunate individual for business or society. Patients who wish to remain under Dr. Dow's treatment a few days or weeks, will be furnished with pleasant rooms, and charges for board moderate.—Medicines sent to all parts of the country, with full directions for use, on receiving descriptions of your cases. Dr. Dow has also for sale the French Capotes, warranted the best preventative. Order by mail. Three or $1 and a red stamp.
Highly Important to Females
IN DELICATE HEALTH.
Dr. DOW, Physician and Surgeon, No. 7 Endicott Street, Boston, is consulted daily for all diseases incident to the female system. Dr. Dow has no doubt had greater experience in the cure of diseases of women than any other physician in Boston. Boarding accommodations for patients who may wish to stay in Boston a few days under treatment. Dr. Dow, since 1835, having confined his whole attention to an office practice for the cure of Private Diseases and Female Complaints, acknowledges no superior in the United States.
N. B.—All letters must contain one dollar, or they will not be answered. Office hours from 8 A. M. to 9 P. M.
CERTAIN CURE
in all cases, or No Charge Made.
Among the physicians in Boston, none stand higher in the profession than the celebrated DR. DOW, No. 7 Endicott street. Those who need the service of an experienced physician and surgeon should give him a call
P. S.—Dr. Dow imports and has for sale a new article, called the FRENCH SECRET. Order by mail. Two for $1 and a red stamp.
Boston, April 7, 1866. eod&wly

$1500 Per Year.

And other Door Yard gatherings, where easily accessible, will be removed promptly and neatly, on application to JOHN R. OXFORD.
Also small lots of MANURE, where Cows and Pigs are kept, will be purchased. mch21

The Old Established Hospital.
No. 5 Beaver Street, Albany, N. Y.
QUICK CURES AND LOW PRICES.
ver Twenty Thousand Patients Cured Annually
DR. J. TELLER continues to be confidentially and successfully consulted on all forms of private diseases, at his old Established Hospital, No. 5 Beaver Street, Albany, N. Y. Twenty years devoted to this one particular branch of practice, enables him to perform cures such as no other Physicians can, and his facilities are unrivaled in correspondence with the most eminent Physicians of the Old World, of obtaining the latest as well as the most potent remedies for these diseases, offer inducements to the unfortunate for a quick and rapid cure, to be obtained at no other office in America.
In Syphilis, Gonorrhœa, Gleet, Stricture, Enlargement of the Testicles and Spermatic Cords, Bubo, Ulcerated Throat, Sore Nose, Tender Shin Bones, Cutaneous Eruptions, Blotches, Ulcers, Abscesses, and all other impurities of the system, are perfectly under the control of the Doctor's Medicines, and have been tested in more than 20,000 cases annually, with immense Success.
YOUNG MEN.
Young Men addicted to secret habits, who have impaired their healths and destroyed the vigor of their minds, thus depriving themselves of the pleasures of married life, are cured without in consulting Dr. J. Teller, they will find a friend in counsel and a Physician who has cured thousands, in almost every part of the United States, who applied too Dr. T. broken down in health, now rejoice in all that makes life desirable and man happy. The reader is of course aware that the delicacy of this subject will prevent a more minute description of this terrible disease.
DR. TELLER'S GREAT WORK.
A book for every body—startling disclosures. Dr. TELLER's great work for the Married or those contemplating marriage—200 pages—full of plates—price 25 cts. Sent to all parts, under seal, by mail, post paid. 50,000 copies sold the past year. The single Married and the Married happy. A lecture on Love, or how to choose a Partner—over sixty pages, this book on Midwifery, contains hundreds of secrets, never before published.—Warranted to be worth three times the amount asked for it. 25 cents, in specie or postage stamps, inclosed, will secure a copy by return mail. Dr TELLER has devoted a lifetime to the cure of those diseases upon which his books treat
FOR THE LADIES.
Dr. TELLER still remains the only Agency in America, for the sale of Dr. Vichon's Italian Female Monthly Pills. The sale of more than 20,000 boxes establishes their reputation as a female remedy, unparalleled, as far as known, of any other medicine—for stoppages, irregularities, and other obstructions in females.
CAUTION.—Married ladies in certain delicate situations should avoid their use. For reasons see directions which accompany each package, for the guidance of patients. On the receipt of $1, (the price per box,) these Pills will be sent, by mail or express, to any part of the world, secure from curiosity or damage.
Office hours from 8 A. M. to 8 P. M., and on Sundays from 2 to 5 P. M.
N. B.—Persons at a distance can be cured at home by addressing a letter to Dr. J. Teller, enclosing a remittance. Medicines securely packed from observation, sent to any part of the world. All cases warranted. No charge for advice.—N. B.—No students or boys employed. Notice this, address all letters to
J. TELLER, M. D.,
jan8 No. 5 Beaver Street Albany, N. Y.

FLOWER AND VEGETABLE SEEDS.
Vick's Illustrated
Catalogue of Seeds and Floral Guide
FOR THE SPRING OF 1866,
is now published. It contains full descriptions of the choicest floral treasures of the world, and the best vegetables, with plain directions for culture. Illustrated with a COLORED BOUQUETTE AND FIFTY WOOD ENGRAVINGS of the newest and best flowers, and containing about 70 pages. ☞ Sent to all who apply enclosing ten Cents, which is not half the cost.
☞ Flowers from seeds sold by me, obtained the first prizes at the principal State Fairs and hundreds of County Fairs, the last summer.
Address JAMES VICK,
March 12.—daw Rochester, N. Y.

VINELAND
FARM AND FRUIT LANDS,
In a mild and healthful climate. Thirty miles *south* of Philadelphia by Railroad, in New Jersey, on the same line of latitude as Baltimore, Md.
The soil is rich and *productive*, varying from a clay to a sandy loam, suitable for Wheat, Rye, Corn, Tobacco, Fruits and Vegetables. This is a *great fruit country.* Five hundred Vineyards and Orchards have been planted out by experienced fruit-growers. Grapes, Peaches, Pears, &c., produce immense profits. Vineland is already one of the most beautiful places in the State of Jersey. The entire territory, consisting of fifty square miles of land, is laid out upon a general system of improvements. The lands are only sold to actual settlers with provision for public adornment. The place, on account of its great beauty, as well as other advantages, has become *the resort par excellence of taste.* It has increased five thousand people within the past three years. Churches, Stores, Schools, Academies, Societies of Art and Learning, and other elements of refinement and culture have been introduced. Hundreds of people are constantly settling. Hundreds of new houses are being constructed. Price of Farm land, twenty acre lots and upward, $25 per acre. Five and ten acre and Village lots for sale.
Fruits and Vegetables ripen earlier in this district than in any other locality north of Norfolk, Va. Improved places for sale.
Opening for all kinds of business. Lumber Yards, Manufactories, Foundries, Stores and the like; and Steam Power, with room, can be rented.
For persons who desire mild winters, a beautiful climate, and a good soil, in a country beautifully improved, abounding in fruits, and possessing all other social privileges, and contributing civilization, it is worthy of a visit.
Letters answered, and the Vineland Rural, a paper giving full information, and containing Reports of Solon Robinson, sent to applicants.
Address CHAS. K. LANDIS, Vineland P. O., Cumberland County, New Jersey.
From Report of Solon Robinson, Agricultural Editor of The Tribune: *It is one of the most extensive Grapery, and is now almost entirely in a profitable condition far pleasant farming that we know of this side of the Western Prairies.* nl—dawe6t

Morning Chronicle.

Portsmouth, N. H.

THURSDAY, APRIL 12, 1866.

THE PRESIDENT'S PEACE PROCLAMATION, as explained by himself, does not seem to be so formidable a document as some papers have considered it. The Washington correspondent of the Boston Advertiser says, under date of April 10:

The President has, in a conversation with Gen. Howard respecting the Freedmen's Bureau, said something of importance by way of interpretation of his recent peace proclamation. He says it has only such scope with reference to the States named therein as his former proclamation had with reference to Tennessee. He regards it as only another step in the policy of reconstruction being pursued by the government. It does *not suspend* the operation of *military law* in any of the States, and the Freedmen's Bureau will continue to exercise its accustomed functions throughout the South. Army officers will remain on duty as its agents, and justice will continue to be administered between the freedmen and the whites by the existing semi-military courts till the States give the former the right to be heard in the civil courts, in the same manner that the latter are. The President referred to the fact that military power was exercised in Tennessee, as well as elsewhere in the South, and spoke particularly of Gen. Fiske's administration of the affairs of the Bureau in that State. He would remain there, and the proclamation would *not curtail his powers*, nor the powers of any other agent of the Bureau. The rebels of Kentucky the President regarded as of a worse spirit than the people of any other State. Gen. Fiske had not been too severe with them, and the freedmen of that State, as well as those of Maryland, would still be protected by the military. The scope of the proclamation with respect to military trials by courts-martial, or commission, does not seem well understood, even by officers high in authority here and elsewhere. The Department Commanders of Georgia and Alabama have telegraphed for information on the subject, and it is understood that the matter was brought before the Cabinet. What action was taken is not known, but there are good reasons for believing that the War Department will soon issue a circular, or general order of instructions.

JEFF. DAVIS' TRIAL.—In the U. S. House of Representatives, April 9. Mr. Boutwell offered a resolution that the Judiciary Committee inquire and report whether there is probable cause to believe that Jefferson Davis, Jacob Thompson, Clement C. Clay, Beverly Tucker, Geo. N. Sanders and Wm. Clary are guilty of inciting, concerting or procuring the atrocious murder of Abraham Lincoln and attempted assassination of William H. Seward; and if so, whether any legislation is necessary to bring them to a speedy and impartial trial. The Committee are also to inquire whether any of such persons are guilty of treason, and if any legislation is necessary to bring them to a speedy and impartial trial in the District where the crime was committed. The Committee at once have power to send for persons and papers. Adopted.

[The above will enable the Committee on the Judiciary to ascertain the real facts about the alleged complicity of Jefferson Davis in the assassination of Abraham Lincoln. The evidence at the War Department has been in readiness for publication for some months.]

Mr. Raymond offered a resolution requesting the President—the latter having by proclamation declared the insurrection in Virginia at an end—to take steps for the speedy trial of Jeff. Davis, who has been duly indicted in said State for treason, unless he shall be, with reasonable dispatch, indicted for said crime and put upon trial in some other district in which he is legally liable for trial.

Mr. Raymond moved the previous question thereon.

Mr. Stevens hoped the motion would be withdrawn and that the resolution be referred to the Judiciary Committee.

Mr. Raymond withdrew the motion and the resolution was so referred.

THE LIQUOR LAW DECISION.—The decision of the Supreme Court on the liquor law cases (says the Boston Journal) is having an excellent effect in stopping the sale of liquor in all parts of the Commonwealth—more so of course in the country than in the large cities. The Newburyport Herald says of that city: "We should think that one-half of the Americans had stopped selling, and the foreign population are more largely supplied from private houses. We know of eight—some of them very largely in the business—who have discontinued within as many days." And we hear of similar results in other places. "Quite a number of places in Boston (adds the Journal) have been closed, and in case the parties who are awaiting sentence before the courts receive severe penalties, many more places will be closed at once. We hope the good work will go on."

☞ In the U. S House of Representatives, Tuesday, the Bankrupt Bill was first reconsidered, and then rejected, 70 to 73. A report from the Sec. of War, relative to Jeff. Davis, gives some reasons why he has not been tried by a Court, for treason,—[but we do not see the reason why he was not tried by a military commission long ago.]

☞ It is proposed in Springfield, Illinois, to have some Memorial Service on the 14th (next Saturday) being the anniversary of President Lincoln's martyrdom. It will not probably be observed elsewhere,—but a religious and prayerful memorial of the event, on the next Sabbath in all the churches, would be appropriate, and might be rendered impressive and useful.

☞ On Monday evening, in New York city, a public meeting was held under the auspices of the Ladies' Methodist Centenary Association. Chief Justice Chase presided, and Bishops Janes and Simpson delivered addresses. The Chief Justice alluded to the passage of the Civil Rights bill, and claimed that the next step should be to give the ballot to the emancipated slaves.

☞ The floods, in some of the rivers of the South West, are bringing down cotton; some say 40,000 bales are moving: possibly something may also bring down the price.

THE CATHOLIC CHURCH IN CHINA.—A Roman Catholic Cathedral is being built in the capital of China, 300 feet long by 150 wide, with a spire that will make it the most conspicuous object in the imperial city. It is not generally known that the Catholic missions, commenced in China about three hundred years ago, have made constant progress in spite of frequent and cruel persecutions, in which there have been hundreds of martyrs. There are now not far from 3,000,000 of Roman Catholics in China.

— Gen. James B. Steedman has offered his resignation, intending to resume business at his old home in Toledo, Ohio.

— Mrs. Partington asked very indignantly, if the bills before Congress are not counterfeit, why there should be so much difficulty in passing them.

— Messrs. Ticknor & Fields and several other city publishers are importing printing paper from England, at a saving of overtwenty-five per cent., it is said.

— A Baltimore paper mentions the gift, by a Richmond lady, to the Southern fair, of a gold portemonnaie, beautifully engraved and worth $1000.

— Prominent citizens of Charleston, S. C., including Governor Orr, propose to organize a common school system for the colored people.

— The black troops now in Kentucky are to be mustered out. If all the blackguards there were mustered out, would Garret Davis go?

— The Cairo (Ill.) Democrat asserts that during the violent storm on Tuesday of last week, a dog belonging to Mr. Norman, near Commerce, Mo., was blown entirely across the Mississippi River.

— The Boston Daily Advertiser concludes an interesting account of a visit to the Boston paper collar manufactories as follows: "These establishments will repay a visit. P. S.—You can't get in."

— W. P. Morgan, the Democratic nominee in Meridan, Ct., for representative, publicly blacked the boots of a negro barber on Thursday, in fulfilment of a wager lost by the election.

— The Government has been satisfied, through inquiries made of chemical experts, that petroleum is explosive, and consequently it comes within the law requiring a special license for its transportation, as in the case of powder, camphene, &c.

— One Louis Holtzman has been arrested in Chicago, and has confessed that he set the fire in the stable on West Lake street in that city, last week, by which Weinuch Boehler and his little daughter were burned to death.

— John H. Reagan, formerly rebel Postmaster General, is busily working a farm in Texas, laboring with his own hands. He writes: "I make fence, grub, and pile and burn brush, plow, &c., and am as thoroughly bronzed as other laborers."

— There are in Paris 11,314 cafes, smoking rooms, breweries and vintners; 27,711 public billiard tables, 3127 private billiard tables. The receipts of the public billiard tables are 277,110f. a day, or 101,145,150f. a year.

— On Tuesday of last week, as the train on the North Missouri Railroad, going north, was approaching Jonesburg, Montgomery county, a passenger placed a horse pistol to his head and blew out his brains. On his person were found a ticket for St. Joseph, in the name of Mr. Andrews of Cincinnati, and $8000 in money.

— A workman employed on the roof of a house in Providence on Saturday afternoon was precipitated to the ground, a distance of thirty feet, by the slipping of a plank, striking on his side. To the astonishment of spectators, he arose, stepped upon a passing horse car and rode off as if nothing had happened.

— The master of the Corporation Schools at Liverpool, England, has just been solemnly denounced by the ex-mayor and another town councillor for allowing one of the boys to sing a comic song in a schoolboy entertainment. The song purported to narrate the adventures of "a nice young man holding with the spoons."

NEW HAMPSHIRE ITEMS.

—— The woolen factory at Moultonville (Ossipee) is going on toward completion.

—— Mr. John Lee of Moultonborough, whose back was broken by the falling of a tree upon him over thirteen months ago, died last Thursday. Unable to move but his arms, the body below the break was without feeling, and decomposing slowly.

—— The snow on the north side of Ossipee Mountain was three feet deep last week; and the inhabitants who reside there were beginning to discuss the subject of sugar-making.

☞ At Columbus, Ohio, April 10, Wm. H. Bolles, Lampden H. Milligan and Stephen Horsey, the na conspirators, convicted by a military commission and sentenced to be hung, and commuted by President Lincoln to imprisonment for life, were released from the Ohio Penitentiary by orders of President Johnson. Milligan is a Democratic candidate in Indiana for United States Senator, and was released on a habeas corpus writ before the order for a discharge arrived.

☞ The London Times of the 30th says there is too much reason to fear that the peace of Europe is about to be broken by one of the least just and least necessary wars of modern times. The Times heartily trusts England may hold aloof.

Half a dozen war vessels were preparing for sea at Plymouth, and it is reported that they were to go to the St. Lawrence.

☞ The Governor and Council of Massachusetts have given another hearing to the case of Green, the Malden murderer, and have decided unanimously that he deserves to be hanged, that he is legally sentenced to death, and therefore that he is to be hanged on Friday, April 13.

— At a late Teachers' Convention in Tennessee, it was stated that there were over eighty thousand adult whites in the State who could neither read nor write.

— The Manhattan Club of New York city propose to give Hon. Jas. Brooks a dinner next Monday; Stockton and Voorhees are to be present.

WING'S FARINA CRACKERS.—Every one has heard of them, the most healthy and delightful nourishment ever made. They are advertised in our paper to-day, and all dealers keep them, or ought to. None are genuine but those having the name A. WING stamped upon them.

☞ Special attention is called to the advertisement of the Howe Sewing Machine, in another column. Of all the manufacturers in this line Mr. Howe has been the most successful, which fact alone speaks volumes for his machine.

— While congratulating those who have the good fortune to be born beautiful, we, on the other hand, pity the household which has not had the good fortune to obtain a paper of Herrick Allen's Gold Medal Saleratus. Go immediately to your Grocer and get a paper, and, our word for it, you will never use any other. It has been analyzed by one of the most distinguished chemists in the country, and pronounced perfectly harmless, and to produce one eighth more Bread or Biscuit from the same barrel of flour than can be procured with any other; besides it only takes about one-half the quantity. Depot 112 Liberty Street, New York. 72

CROUP—Almost daily we are called upon to chronicle the death of some loved one, by this dread disease, which often takes its victim away from loving parents with only very short notice. Every mother should keep by herself with Coe's Cough Balsam, for it is no exaggeration to say it will cure ninety-nine cases in one hundred, if taken in season. There are very many mothers who will tell you they owe the life of some dear one to this wonderful medicine. One very desirable quality is that it leaves no bad effect, it being perfectly harmless. In cases of cough, hoarseness or tickling in the throat, it has no equal. apseodawlw

Holloway's Pills and Ointment.—The Elixir of Life. Fonce de Leon and his companions sought in vain for the fabled water of rejuvenescence, amid the orange groves and flowery meads of Florida. It was left for Holloway to discover the true antidote to Coughs, Colds, Asthma, Scrofula, Sore Leg Ulcers, Burns, Scalds, &c., in his admirable remedies of Pills and Ointment, which have been astonishing the world for upwards of fifty years, by their marvellous cures in every type of disease. Sold by all Druggists. ap7—1w

Important.

DR. STEVENS, No. 5 Daniel Street, would give notice that he has REDUCED the price of Permanent Sets of ARTIFICIAL TEETH on the Vulcanite Base, to that charged for them before the war.

He would also give notice that he is doing a new style of work for Under Sets of Teeth, called the COMBINATION BASE (Gold and Vulcanite) which produces by far the finest work offered to the public. The price is something in advance of that charged for the Vulcanite alone, but the strength, durability, ease of bearing, and beauty of finish obtained by it, more than double the value of the Teeth. mh12

GEORGE F. WEED,

Surgeon Dentist,

FIRST ASSISTANT in the Office of Dr. STEVENS, No. 5 DANIEL STREET

DR. WEED can be found at his place of business at all hours of the day and night, for the performance of any of the operations that come within the call of his profession.

Dr. A. P. STEVENS, No. 5 Daniel St., makes the saving of ULCERATED and painful front teeth, a speciality in his business. He also successfully restores to their natural shape broken or badly decayed teeth, by building out corners and sides with PURE GOLD. (In many cases teeth so restored are as strong as any of their brother members, and in all cases are rendered eminently useful for a long series of years.) DR. EARNEST PERRY, in all stages, treated, and in a very large majority of cases entire success attained.

Charges for such operations necessarily high, but nothing in comparison to the value of the Teeth. mch14

Special Notices.

IMPORTANCE OF HAVING DAVIS' PAIN KILLER ALWAYS ON HAND.

Wonderful Cure of the Rev. D. L. Brayton, Missionary in India, who was stung by a Scorpion.

Extract from his letter, published in the Baptist Missionary Magazine:

"For the first time since I have been in India, I have been stung by a scorpion. I went out this morning to my exercises, as usual, at early dawn, and having occasion to use an old box, on taking off the cover I put my hand on a scorpion, which immediately resented the insult by thrusting its sting into the palm of my hand. The instantaneous and severe pain which darted through the system is quite incredible; what an awfully virulent poison their sting must contain! I FLEW TO MY BOTTLE OF DAVIS' PAIN KILLER, and found it to be true to its name: after a moment's relief, I saturated a small piece of sponge, bound it on my hand, and went about my exercises, feeling no more particular inconvenience. api—dawim

Perry's Moth and Freckle Lotion.

☞ Chloasma, or Mothpatch, (also called Liver-spot,) and Lentigo, or Freckles, are often very annoying, particularly to ladies of light complexion, for the discolored spots show more plainly on the face of a blonde than of a brunette; but they greatly mar the beauty of either and any preparation that will effectually remove them, *without injuring the texture or color of the skin,* is certainly a desideratum. DR. B. C. PERRY, who has made diseases of the skin a specialty, has discovered a remedy for these discolorations, which is at once prompt, infallible and harmless.

Prepared by B. C. PERRY, Dermatologist, No. 49 Bond Street, New York, and for sale by all druggists; price $2 per bottle. all for PERRY'S MOTH & FRECKLE LOTION.

Sold by all Druggists in Portsmouth and elsewhere. lyndao—oct19

ROOT! ROOT! ROOT!

READ! READ! READ!

ROOT'S PESTACHINE preserves the life of the Hair; changes it from gray to its original color in three weeks; prevents the hair from falling; is the best article for reviving the hair ever found in market; will surely remove dandruff and cure all diseases of the scalp; is delightfully perfumed, cures baldness, and will not stain the skin. We tell the story quickly, and tell it true, when we say it is a perfect

Restorer and Dressing Combined.

10,000 Rolls of

ROOM PAPERS AND BORDERS,

In Gold, Gilt, Satin and Plain.

J. W. & A. STAVERS, No. 12 Market street, have just received their spring stock of ROOM PAPERS, WINDOW CURTAINS and BORDERS, direct from New York manufacturers, which were bought at the lowest market price, enabling us to offer better inducements to purchasers. The public are invited to examine our stock before purchasing, as we are confident it will be for their interest, as we have the largest stock of th above goods to be found in the city.

To persons wishing Paper for a whole house, or in large quantities, we will make a liberal discount.

Goods cheerfully shown, and sent to any part of the city free of expense.

J. W. & A. STAVERS,

ap10 No. 12 MARKET STREET.

ROOM PAPERS AND BORDERS

—AT—

38 Market Street, (Up Stairs.)

J. F. SHORES, Jr., would respectfully announce to his friends, customers and the public that he has received his usual supply of ROOM PAPERS and BORDERS, which will be sold at the lowest market prices, viz:

Kitchen Papers at 12½, 18 and 25c per roll.
Chamber Papers at 12½, 25, 40, 42c per roll.
Satin Parlor Papers at 40, 42, 45c per roll.
Gold Parlor Papers at 95c, 1 00, 1.12, 1.25 a roll.
Common Borders at 2 and 3c per yard.
Velvet Borders at 5 and 6c per yard.
Gold Borders at 8, 10 and 12c per yard.

☞ THESE PAPERS are all NEW, of the LATEST styles and patterns, as what was left of my last year's stock went up in smoke and *stones* in ashes, at the Congress Block fire. a11

which are produced in five minutes without injuring the fibres or staining the scalp, by

CRISTADORO'S HAIR DYE

Manufactured by J. CRISTADORO, No. 6 Astor House, New York. Sold by Druggists. Applied by all Hair Dressers. M23dawlm

BRANDRETH'S PILLS. COSTIVENESS, DIARRHEA.—They are taken up by the absorbents, and carried into the circulation, through which medium they are conveyed to every part of the body.

If the pain affects the joints, a single dose produces remarkable benefit. And the same rule applies to costiveness, diarrhea and dysentery; though with the last named they may be required night and morning for some days before decided relief is obtained. In affections of the lungs, throat, head and pleurisy, the relief is certain; the excretory organs throw off with ease the phlegm, and the breathing becomes freer. Spasmodic asthma is often cured by a single dose. mch28dawlm

A Household Necessity exists for the Use of Durno's Catarrh Snuff,

Which, in the first stages of a cold, acts like magic—Headache, Hoarseness, Dizziness, and Bronchitis, Sore Eyes, Deafness, Bad Taste and Smell, being the result of Catarrh. This snuff removes and prevents all these, and insures a healthy Head. Its effects are pleasant and safe, even for infants who suffer from snuffles.

It has the highest professional testimonials.—Sold by all Druggists, or sent by mail to all parts of U. S., for 50 cts. for one Box, or $1 for four Boxes. Address JAS. DURNO,

P. O. Box 1236, New York.

Wholesale, by D. BARNES & CO., 21 Park Row, New York. spndawlymy28

Stencils! Stencils!

—AT—

THOMPSON BROTHERS,

No. 8 Daniel Street (Up Stairs.)

Having formed a business connection with one of the first houses in Boston, we are now ready to fill all orders for the various kinds of Stencilling—Letter Cutting and Die Sinking, Cancelling Ribbon Presses (with Die), Embossing Seal Presses, Steel Stamps for Wood, Iron, &c.; Burning Brands; Stencils for marking Boxes, Bales, &c.; Stencil Alphabets, in sets or single letter; Stencils for marking Clothing, in Old English, Writing, Italic and Roman

STENCIL PASTE for marking boxes, barrels, &c., in Black and Fancy Colors.

Call and examine specimens.

☞ We are also Wholesale Agents for the sale of the National Ink Co.'s warranted WRITING INK, a very superior article; does not corrode the pen nor clog.

☞ Also, Agents for the Patent Gong DOOR BELL, one of which may be seen and examined in working order at the above Number.

GEO. W. THOMPSON,

HENRY G. THOMPSON.

Portsmouth March 9

Local.

☞ Mr. Isaac Hahn, well known as for a dozen years or more engaged in the dry and fancy goods business in this city—and a very civil and polite tradesman we always found him—has just removed to St. Louis, on account of the health of himself and family. We wish him all success. We understand Mr. James H. Dow is to occupy his old stand, No. 13 Market Street.

Mr. Hanson H. Adams, the well known skillful wood-carver, has purchased a lot at Vineland, that modern Eden, out in New Jersey; and contemplates removing thither—where are also one or two other Portsmouth families already, including Mr. Frank Keenan, formerly drummer in the Cornet Band, and a Mr. Davis. We should think friend Adams might carve his way through that soil, and "Frank Mahan" drum up a living, in that much vaunted locality.

THE SUPREME JUDICIAL COURT, commenced its April term at Exeter on Tuesday, Judge Nesmith presiding. There are 327 actions on the civil docket. The Grand Jury seems to have a large amount of business before them. Folsom Dow of Epping, was appointed foreman of Grand Jury. No continued case was tried on Tuesday. The case of Nutter and another, v. F. W. Dearborn, entered Feb. term of 1851, was continued, as by affidavit of the defendant he was unable to appear in court on account of having recently sustained an injury by a sprain—being under medical care at home.

Now on trial, Town of East Kingston vs. Darius Towle. Stickney for plf.; Wood for deft. A case of sheep killing by a dog.

Communication.

Mr. Editor:—In reading your article of yesterday in relation to the ringing of the bells, one would suppose all the church bells were rung, which I think was not the case,—as I understand the ringing of the bell of St. John's Church was vetoed by the Rector. CIVIL RIGHTS.

[We supposed that all were rung.—*Ed.*]

For the Chronicle.

Passing along streets, we notice in almost every store window, and on many of the posts, the notice in regard to the obstructing of sidewalks, issued by our City Marshal. Since Mr. Kent has taken command of affairs, the city seems to have been conducted in a more orderly and quiet manner than ever before; it is now almost impossible for a person to commit any misdemeanor, but "Kent" has his hand upon him; and when he attempts anything, you may rest assured he will do it. In relation to this Ordinance on obstructing sidewalks, I think it is one of the best orders that could have been issued. For the last few years, our streets, door-steps, alleyways, &c., have been thronged with a multitude of loafers, who always obstruct and often insult the passers, and have caused many of our citizens to turn into the street to avoid the offensive and abusive language which they throw out. The arrest of a few of the leading ones, and imposing a heavy fine upon them, I think will rid the city of this great nuisance; after which we shall have a chance to enjoy a pleasure promenade or business walk without fear of being insulted or molested.

And as we are fast approaching the summer months, and the pleasant evenings are near at hand, what better entertainment could our citizens wish for, than to cause a platform to be erected on *the* "Square," and have our Portsmouth Cornet Band pour forth some of its sweet strains of music, one or two evenings in each week. This would be but a trifling expense, and would assist in sustaining this excellent Band among us. They have worked hard, and should be encouraged; they rank high among the Bands, and we should feel proud that Portsmouth has the honor of such. T.

POLICE COURT, April 10.—Chas. Smith and William Clark, arrested for vagrancy, were each fined $6.86, and in default of payment thereof were sent up to contend for the premiums offered by the Agricultural Society, their work to be inspected by Superintendent Philbrick.

☞ A fire occurred at the Spool Factory in Raynes' Yard about half-past 6 on Wednesday evening, but was extinguished with trifling loss.

GOLD, Wednesday, 127.

☞ On Tuesday, at Lawrence, Kansas, 100 guns were fired in honor of the passage of the Civil Rights Bill.

— One of the lawyers who are said to have assisted the President in drawing up his last veto message is Mr. Richardson of Boston, who is in Washington trying to procure the passage of an act making U. S. licenses a protection for rumsellers against State laws.

— In Charleston, S. C., two Episcopal churches were making a united movement for educating the colored children, and have already 600 pupils under their tuition; also arrangements for higher education for the blacks, as soon as they can be prepared for it by this primary movement.

GET THE BEST.

Webster's Unabridged Dictionary.

NEW ILLUSTRATED EDITION.

Thoroughly revised and much enlarged. Over 3,000 Fine Engravings. is a well-nigh indispensable requisite for every intelligent family.

It contains 10,000 WORDS and MEANINGS not found in other dictionaries.

It is now believed to be by far the most complete, useful and satisfactory Dictionary of the language ever published, as it is by far the largest single volume ever issued in any language.

The possession of any other English dictionary, or any previous edition of this, cannot compensate for the want of this very full and complete one. In the recent Revised State it must long remain the BEST ENGLISH DICTIONARY, and once possessed, remain of constant and abiding value.

What book, beside the Bible, so indispensable as a good Dictionary?

In one vol. of 1,840 Royal Quarto Pages. Published by G. & C. MERRIAM, Springfield, Ms.

AMERICAN AND FOREIGN PATENTS

R. H. EDDY,

Solicitor of Patents,

Late Agent of the U. S. Patent Office, Washington, under the Act of 1857,

78 State Street, opposite Kilby Street,

BOSTON.

After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Bonds, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with dispatch. Researches made into American or Foreign works, to determine the validity or utility of patents or inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

The Agency is not only the largest in New England, but through it inventors have advantages for securing Patents, or ascertaining the patentability of inventions unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The Testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional service so moderate.

The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.

These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.

All seeking advice of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS.

"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse."

CHARLES MASON,

Commissioner of Patents.

"I have no hesitation in assuring inventors that they cannot employ a person *more competent* and *trustworthy*, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office."

EDMUND BURKE,

Late Commissioner of Patents

Mr. R. H. Eddy has made for me THIRTEEN applications, on all but ONE of which patents have been granted, and that is *now pending.* Such unmistakable proof of great talent and ability on his part leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges." JOHN TAGGART

During eight months, the subscriber, in course of his large practice, made on twenty rejected applications SIXTEEN APPEALS, EVERY ONE of which was decided *in his favor*, by the Commissioner of Patents. **R. H. EDDY.**

Boston, Jan. 1, 1866.—3tawly

ABSTRACT OF THE

21st ANNUAL STATEMENT

—OF THE—

Mutual Benefit Life Insurance Co.,

January 1st, 1866.

Balance per statement Jan. 1, 1865..	$6,774,867.60
Am't premiums rec'd in 1865....	$3,029,087.61
" interest rec'd and accrued...	679,218.30
Total income in 1865.....	3,708,305.91
Total disbursements, including claims by death and dividends to policy-holders.....	1,433,803.51
Net increase in 1865.....	2,274,672.00
Total Assets Jan. 1, 1866.....	9,049,539.60
Whole am't of claims by death, paid to Jan. 1, 1866.....	$4,256,579.89
Whole am't of dividends paid to Jan. 1, 1866.....	$2,744,216.21
Total No. Policies Jan. 1, 1866.....	21,921
Am't insured during the year 1865..	$24,627,484.00

The Directors have, from the *Surplus on hand*, declared a Dividend of 50 per cent. and have also ordered the payment of the Eighteenth Dividend (50 per cent.) to the Members, when their annual premiums become due, during the year 1866.

WARREN SPARROW,

State Agent for Maine and New Hampshire.

HENRY A. YEATON,

Agent for Portsmouth and Vicinity.

feb18

WHICH IS THE

Leading Life Insurance Comp'y

IN THE UNITED STATES?

Which is the Safest and the Cheapest?

The following figures are from the later Reports of the New York Insurance Commissioner, showing the "amount of business" of the

MUTUAL BENEFIT

LIFE INSURANCE COMPANY,

to be the *largest*, the "expenses of management" the *smallest*, the "ratio of Assets to Liabilities," or the *security* furnished to its members, the *largest* of any life institution in the country.

Premiums received in 1864.....	$2,089,072
" " " " 1865.....	3,029,087
Ratio of expenses to premiums rec'd in '64..	12.96
" " " " " " " '65..	12.16
Ratio of assets to liabilities, Jan. 1, 1865....	161.85

The inevitable conclusion from these official facts, is that the

MUTUAL BENEFIT LIFE

Insurance Company

IS THE BEST AND THE CHEAPEST.

Because its NET ASSETS are proportionably LARGER than those of any other Life Insurance Company in the United States.

Because its "Managing Expenses" are LESS, and it has a LARGER SURPLUS to divide among its members than any Company in the United States.

QUERY. Will some one inform the public of that mysterious process by which a Company with a surplus proportionably *much less*, and expenses *very much larger* than another, can divide *more* to its members, and insure them at *less cost?* How is it done? Where does the money come from?

Every intelligent man will see at once that it *cannot be done.* Yet we have Agents among us that make this their boast.

Any one disposed or intending to insure can be furnished with the requisite information by applying to

HENRY A. YEATON, Agent.

Portsmouth, March 27, 1866.—3mdaw

ap12 Naval Storekeeper.

Valuable Real Estate

AT AUCTION.

(By virtue of a license from the Hon. Judge of Probate for the County of Rockingham.)

On TUESDAY, April 17, at 12 o'clk M.,

on the premises.

The Real Estate of the late CHARLES W WALKER, of Portsmouth, deceased. Said property will be sold in three separate lots or parcels, viz:

The First Lot to consist of the well known MARKET STREET HOUSE, situated on the corner of Market and Green streets, with land connected therewith, bounded 63½ feet more or less on Market street, 102 feet more or less on Green street, 106 feet more or less by Lot No. 2, 101 feet more or less by land formerly of James Pickering, land of James Junkins and others; the lot containing 8929 feet, more or less.

The Second Lot consists of land on Green street bounded 38 feet more or less on Green street, 110 feet more or less by land of Estate of George Chesley, 35 feet more or less by land formerly of James Pickering and others, and 106 feet more or less by lot No. 1; the whole lot containing 3926 feet, more or less.

The Third Lot to consist of the Stable lot, so called, on Green street, with the stable and Office building thereon. The lot is bounded southerly about 38 feet on said Green street, easterly about 72 feet on land of E. N. Webster, northerly about 50 feet on Railroad land, and westerly by Railroad land and adjoining cemetery; containing about 2710 feet. The stable is 28 by 36 feet, and the Office-building 10 by 10 feet.

The above offers a rare chance for capitalists or others. The property is prominently situated on one of the main avenues of the city. The "MARKET STREET HOUSE" is large and well calculated, conveniently situated for a Hotel or large Boarding House, and has been occupied as such for many years. It contains 19 rooms and attic, and also a Store. The Stable has been used, and is a good location for a Livery Stable.

If desirable, a portion of the purchase money can remain on a mortgage of the premises.

For further particulars inquire of J. M. EDMONDS, Portsmouth; C. W. SYMSON, Kittery, Me., Guardian of the minor heirs, or of the subscriber. JOSEPH P. MORSE.

Rockingham Co. Agricultural Society.

List of Premiums for 1866.

The following Premiums are offered and will be awarded by this Society for the encouragement of Agriculture, Horticulture and the Mechanic Arts, at their next Annual Fair, to be held at such time and place as shall be appointed by the Executive Board:

STOCK.

Blood Stock, Devons—For the best Bull, 2 years old and upwards, 5 00; next best do., 3 00; best Bull, one year old and under two, 5 00; next best do., 3 00; best bull calf, 3 00.

Cows and Heifers—For the best cow, four years old and upwards, 5 00; next best do., 3 00; best three-year-old heifer 3 00; next best do., 2 00; best two-year-old heifer 3 00; next best do., 2 00; best yearling heifer 2 00; next best do., 2 00; best heifer calf 2 00.

Durhams, Ayrshires, Alderneys, Natives or Grades, and other recognized breeds of cattle, the same premium as for Devons.

Oxen—For the best pair working oxen, not less than five years two-year-old heifer 3 00; second best 4 00; third best 3 00; fourth best 2 00.

Steers—For the best pair of four-year-old steers 5 00; next best 3 00: best pair three-year-old steers 3 00; next best 2 00; best pair two-year-old steers 3 00; next best 2 00; best pair yearlings 2 00; next best 1 00.

Fat Cattle—For the best pair of fat cattle 10 00; next best 5 00; best fat cow 5 00.

Calves—For the best five heifer calves raised by any one person in the county 10 00; next best five calves 5 00.

Herds—For the best herd of cattle, consisting of ten head, with not less than three cows, 10 00; second best herd 5 00.

After awarding first and second premiums, it is left to the discretion of the judges to award diplomas, medals, or to make honorable mention of such animals as in their opinion are worthy of it.

Stallions—For the best stallion, four years old and upwards, speed, endurance, pedigree, &c., to be regarded, 5 00; second best 3 00; third best, diploma; best three-year-old stallion 5 00; next best 3 00; best two-year-old stallion 5 00; next best 3 00.

Mares and Geldings—For the best mare or gelding, style, speed and endurance to be considered, 5 00; second best 3 00.

Family Horses—For the best family horse 5 00; second best 3 00.

Draught Horses—For the best span draught horses 5 00; second best 3 00; for the best single draught horse 5 00; next best 3 00.

Matched Horses—For the best span matched horses 5 00; second best 3 00.

Mare and Foal—For the best mare and foal, 5 00; second best 3 00; third best, diploma.

Colts—For the best three-year-old colt, gelding or mare, 3 00; second best 2 00; best two-year-old colt, gelding or mare, 3 00; second best 2 00; best yearling colt 3 00; second best 2 00; diplomas or honorable mention at the discretion of the judges.

Sheep—For the best Merino Ram, one year old and upwards, 3 00; second best 2 00; best Merino Ewe 3 00; second best 2 00; best lot Merino Lambs, not less than six in number, 2 00; next best 1 00. Southdowns, Cotswolds, Natives or Grades, same premiums as Merinos.

Swine, Chester Whites—For the best Chester White Boar 3 00; second best 2 00; best Chester White Sow 3 00; second best 2 00. Suffolks, the same premiums as for Chester Whites. For the best Boar, without regard to breed, 3 00; best breeding Sow, with not less than six pigs 3 00; best lot Pigs, from two to four months old, not less than four in number, 3 00.

Poultry—On each of the following varieties first premium is 2 00; second premium, Diploma—the flock to consist of not less than six in number: Bramahs, Black Spanish, Poland, Bantam, Dorking, Bolton Grey, Game, Native, Cochin China, Muscovy Ducks, Native Ducks, Bremen Geese, Native Geese, Bronze Turkeys, Native Turkeys.

Town Teams—For the best town team 10 00; second best 8 00; third best 5 00.

PLOWING MATCH.

At the plowing match the premium will be given to those who perform their work in the best manner, as follows: first premium 10 00; second, 7 00; third, 5 00; fourth, medal; fifth, diploma.

Farms—For the best farm, combining the best management and cultivation, a premium will be awarded of 20 00; second best 10 00. Competitors for the premium are required to pay an entry fee of 5 00.

Orchards—For the best orchard of not less than one hundred trees 10 00; second best 5 00.

Green Manuring—For the best experiment in green manuring, if not less than one acre, by plowing in clover, millet, buckwheat or any other crop (the experiment to commence this spring; the premium to be awarded at the Fair to be held in September, 1867, when the premium crop must be on the ground for the examination of the committee;—a correct account of all the expenses to be kept and shown the judges) 10 00. All competitors for the premium to be members of the Society.

Butter—For the best lot of butter, not less than ten lbs., 3 00; second best lot 2 00; third best 1 00.

Cheese—For the best cheese, not less than 25 lbs., 3 00; second best 2 00; third best 1 00.

Bread—For the best loaf wheaten bread, not less than two lbs., 3 00; second best 1 00; best loaf brown bread 2 00; second best 1 00.

Honey—For the best lot honey in the comb, not less than 15 lbs., 2 00; second best 1 00.

Sugar, Wines, Jellies—For the best lot Maple Sugar, not less than ten lbs., 1 00; best lot Maple Syrup, not less than one gallon, 1 00; best lot Chinese Sugar Cane Syrup, one gallon, 1 00. Wines, Jellies and Preserves, made by any person in the County, will be awarded a special premium of money, diploma, medal or honorable mention, as the judges may decide.

CROPS.

For the best crop of Indian Corn, not less than one acre, 5 00; Wheat, do., 5 00; Rye, do., 5 00; Oats, do., 5 00; Potatoes, do., 5 00; Barley, do., 5 00; Cabbage, not less than one-half acre, 5 00; Onions, not less than one quarter acre, 3 00; Carrots, do., 3 00; Beets, do., 3 00; Ruta Bagas, do., 3 00; second premium, diploma. Those persons wishing to enter crops for a premium are requested to keep an accurate account of the expense attending each crop, and notify the committee of their intention to enter said crop previous to August 1st, that they may see in a growing condition a sample of the crop to be exhibited at the Fair. The premiums to be awarded at the next annual meeting for choice of officers, in November. The entire crop to be weighed or measured under the supervision of the committee or some one appointed by them.

VEGETABLES.

Vegetables, Grains, &c—For the best exhibition of vegetable or other farm produce raised in any one town 5 00; second best 3 00; best exhibition raised by any one person 5 00; second best 3 00; third best 2 00; best bushel winter rye 1 00; best bushel spring rye 1 00; best bushel spring oats 1 00; best bushel spring barley 1 00; best bushel ears Indian corn 1 00; best bushel ears sweet corn 1 00; best peck early peas 1 00; best pole beans 1 00; best bush beans 1 00; best collection of seeds 1 00; best exhibition of potatoes 1 00; best exhibition of squashes 1 00; best bushel onions 1 00; best bushel beets 1 00; best dozen cabbage 1 00; best dozen cauliflowers 1 00; best exhibition melons 1 00; best dozen sweet cucumbers 1 00; best bushel tomatoes 1 00; best bushel parsnips 1 00; second premium, diploma. All the grain, vegetables, seeds, &c., to be of the crop of 1866, and when entered to become the property of the Society.

FRUIT.

For the best exhibition of fruit by any one town 5 00; second best 3 00; best exhibition by any one person 3 00; second best 2 00; best exhibition of Grapes 1 00; Pears 1 00; Apples 1 00; Cranberries 1 00; Peaches 1 00.

Flowers—For the best exhibition of flowers by any one person 3 00; second best 1 00; best Bouquet cut flowers 1 00; best Bouquet of native flowers 1 00; best twelve varieties of Verbenas 2 00; best twelve varieties of Asters 2 00; best twelve varieties of Dahlias 2 00; best Floral design 3 00. Second premium, diploma.

MANUFACTURES.

Carriages—For the best top carriage 3 00; second best, diploma; best road wagon or open buggy 3 00; second best, diploma; best farm wagon 3 00; second best, diploma; best ox cart and wheels 3 00; second best, diploma; best shoes ox cart and wheels 3 00; second best, diploma; best sleigh 3 00; second best, diploma.

Agricultural Implements—Best exhibition of agricultural tools 5 00; best exhibition of plows 3 00; best exhibition of drain tiles 2 00; best ditching machine 2 00; best corn sheller 2 00; best seed sower 2 00. Second premium, diploma.

Wooden Ware—For the best exhibition of tubs and pails 1 00; best butter firkins 1 00; best brooms 1 00; best baskets 1 00; best grain measures 1 00; best pump, diploma.

Iron, Tin and Blacksmith Work—For the best exhibition of iron ware 2 00; best exhibition of tin ware 2 00; best exhibition of blacksmith work 2 00; best cooking stove 2 00. Second premium, diploma. The articles that compete for the first premium to be manufactured in the county.

Harnesses, Boots and Shoes—for the best set double harnesses 2 00; best heavy single harness for carriage 2 00; best light single harness for buggy 2 00; best exhibition of boots and shoes for men's wear 2 00; best exhibition of shoes for ladies's wear 2 00; best single pair calf boots 2 00; best lot sole leather 2 00; best lot upper leather 2 00. Second premium, diploma. The articles all to be manufactured in the county.

Woolen and Cotton Goods—For the best exhibition of woolen goods 2 00; best exhibition of cotton goods 2 00; best exhibition of worsted goods 2 00; best exhibition of woolen and cotton hose 2 00. Second premium, diploma. The goods to be manufactured in the county the present season.

Miscellaneous—Under this head, manufactures, Paintings, Drawings, Plans of Farm Buildings, Hats, Caps, Furniture, Silver Ware, Clothing, Millinery, Dentistry, Soap, or any other article not enumerated above which may be of value to Agriculture or the Mechanic arts, will be awarded medals, diplomas, or noticed as they are deemed worthy by the judges.

LADIES' WORK.

Ladies' Department—The Ladies of the County are specially invited to contribute articles of home manufacture, specimens of needle work, drawings, paintings and flowers. A special committee will be appointed, with authority to award $100 in premiums, medals, &c., in this and the Miscellaneous department.

The several awarding committees, and other necessary arrangements, will be announced some time previous to the Fair.

No highest premium will in any case be awarded unless the article is of superior quality, and no premium will be awarded merely for want of competition.

No article which has been awarded a premium will be afterwards entitled to the same or a lower premium, and in no case will a gratuity be given where a premium is offered.

Where there is no competition, the exhibitor should not expect a premium as the judges may determine, but shall not receive all the premiums offered in that class.

Two days previous notice being given to the Secretary, provision will be made for keeping, the night previous to the Fair, animals which may be driven more than five miles, reckoning from the place of residence of the owner to the place of exhibition. Hay will be provided for the animals during the exhibition. The field will be enclosed by a fence.

The Secretary is authorized to receive proposals for a place to hold the next Annual Fair of the Society. Residents of any town in this county wishing for the same, will notify the Secretary what sum they will raise to aid in defraying the expenses of said exhibition.

EXECUTIVE BOARD,

President—JOHN M. WEARE, Seabrook.
Secretary—George W. Wiggin, Exeter.
Treasurer—John H. Bailey, Portsmouth.
Trustees—Charles H. Healey, Stratham; Chas. H. Hayes, Portsmouth; Geo. O. Hilton, Newmarket; William Hoyt, Danville; Charles D. Towle, Exeter.
Exeter, March 14, 1866.

Hedge Plants.

The proprietors offer a heavy stock of HONEY LOCUST for Hedging—two years old, fine, strong, well-branched plants. This species is perfectly hardy, free from insects, of strong and rapid growth, and very defensive.

PRICES—$8 per 1000, or $60 per 10 000. Packing extra. HOOPES BRO. & THOMAS,
Cherry Hill Nurseries,
dawtf—mh18 West Chester, Pa.

For Sale.

A FARM containing twenty acres of land, in Hampton Falls, N. H., situated near Breakfast Hill so called, at the junction of the road leading from Portsmouth to Newburyport and the main road leading from Greenland to all the public houses at Rye Beach. It lies within ¼ of a mile of Greenland Depot on the Eastern R. R., and within three miles of the Ocean House, at Rye Beach.

The Farm is divided into three parts; one field containing four acres of excellent Tillage Land, with a large number of Fruit Trees; the HOUSE contains nine rooms, with a fine Cellar,—there is a good barn, and all necessary Outbuildings, with an excellent Well of Water within thirty feet of the house;—one field contains four acres of good Tillage and Great Land; also ten acres Wood and Timber land within half a mile of the house.

The location of this Farm makes it a very desirable summer residence, and it will be sold in parts or whole, to suit purchasers. For application to

SUFFERERS

From Dyspepsia

READ! REFLECT!! ACT!!!

TARRANT & CO

Gentlemen. I am a resident of Curacoa, and have often been disposed to write to you concerning the real value of your SELTZER APERIENT as a remedy for indigestion and dyspepsia. I desire to express to you my sincere gratitude for the great benefit the SELTZER has done my wife.

For four or five years my wife has been sadly afflicted with Dyspepsia, and after being under the treatment of several Doctors for two or three years, she was finally induced to seek the advice of a learned Physician, Doctor Cabialis, of Venezuela, who immediately treated her with your EFFERVESCENT SELTZER APERIENT. She began to improve at once and is now PERFECTLY WELL.

I feel it to be my duty for the good of humanity to make this statement, feeling that a medicine so valuable should be widely known.

Trusting that you will give this publicity, and repeating my earnest gratitude and thanks,

I am very respectfully yours,
S. D. C. HENRIQUEZ,
Merchant, Curacoa, S. A,
New York, June 28th, 1865.

WE ASK

The suffering millions in our land to give this remedy a trial, convinced that by its timely use many may be relieved, many cured of

Dyspepsia, Heartburn, Sour Stomach, Sick Headache, Dizziness, Indigestion, Piles, Costiveness, Bilious Attacks, Liver Complaints, Rheumatic Affections, &c.

Read the Pamphlet of Testimonials with each bottle, and do not use the medicine against the advice of your Physician.

DUTCHESS NURSERIES

POUGHKEEPSIE, NEW YORK,

FERRIS & CATWOOD, Proprietors:

We call the attention of our customers and the public to our stock of GRAPE VINES, which is larger than ever before. Having had over twenty years' experience in the management of Vineyards and the propagation of Vines, and our present stock having been grown from bearing wood only, with constant care during the season, we think they will compare favorably with any others that are offered for sale.

Our stock of MONTGOMERY VINES is very large. This variety not long ago only known, we will give a brief description: White, a seedling of the White Chasselas, an unparalled grower and bearer, clusters often weighing two pounds, with a mild subacid flavor. It is classed with the hardy grapes, but we protect it in winter as we do all other varieties in this part of the County.

Our stock of the various kinds of EVERGREEN and DECIDUOUS TREES is very large, and is offered at moderate price; and at very low rates by the quantity, to those who are laying out and improving their places, cemeteries, or public grounds, and to nurserymen. We challenge competition.

Grape Vines.

"DELAWARE"—Grown in open border, No. 1, one year old, 30 cents each, $25 per 100; No. 2, 20 cents each, $20 per 100; No. 3, ditto, 10c each, $10 per hundred; well grown vines in pots 25c each, $15 and $20 per 100.

"MONTGOMERY"—No. 1, one year old in border, very strong plants, many equal to two years' growth, $1 each, $80 per 100; No. 2, one year old, good plants, 75c each, $65 per 100.

"REBECCA"—No. 1, one year old in pots, 20c each, $25 per hundred; No. 2, ditto, 15c each, $20 per hundred.

"ALLEN'S HYBRID"—8 years old, $1 50 each; 1 year old, 50c to 75c each, $50 per hundred.

"CUYAHOGA"—No. 1, two years, 25c each, $20 per hundred; No. 2, ditto, 20c each, $15 per hundred.

"CRESTELLING"—No. 1, in open borders, 50c each, $40 per hundred; No 2, ditto, 40c each, $30 per hundred; No. 3, ditto, 30c each, $20 per hundred.

"ROGERS' HYBRID"—Nos. 3, 9, 15, 33—50c and 75c each; two years old, $1 to $1 50 each.

"UNION VILLAGE"—No 1, in open border, 50c each, $35 per hundred; No. 2, in pots (strong) 20c each, $20 per hundred.

"IONA and ADIRONDAC"—One year old, from eyes, No. 1, $1 to $1 50 each; No. 2, 75c to 90c each; No 3, 50c each. mch20

Reputation Established!

Mrs. S. A. Allen is truly a public benefactress, and her wonderful success is unprecedented. Her fame and her discoveries have gone abroad, and to-day she is in her line the largest manufacturess in the world.

Everybody Interested.

Youth and old age are alike benefited by the use of Mrs. S. A. Allen's World's Hair Restorer and Hair Dressing. They act directly upon the roots of the hair, causing luxuriant growth and beauty. Your hair, if changed to grey or white by sickness or other causes, will soon be restored to its natural color and beauty. Dandruff eradicated forever. The Hair falling stopped. The most delicate head-dress or bonnet can be worn without fear of soiling. The most delightful fragrance to the hair is imparted. If you wish to restore your hair, as in youth, and retain it through life, without delay purchase a bottle of Mrs. S. A. Allen's World's Hair Restorer and Dressing.

Sold by Druggists throughout the World.

PRINCIPAL SALES OFFICE,
198 & 200 Greenwich St., New-York.

Lodi Manufacturing Company's POUDRETTE.

AGENT FOR NEW HAMPSHIRE,

J. F. SHORES, Jr.,

No. 38 Market Street (Up Stairs.)

The advantages of Poudrette as a manure may be stated as follows:

First, its ECONOMY. The cost of the manure compared with its *effects* is less than that of *any other fertilizer* in market. It can be bought and applied for the same money which it would cost daily to apply fresh stable manure. It is portable, contains great strength in a small compass, and needs *no extra care in its application*; the closer its contact with the seed, the better and quicker it works. $4 50 worth at our retail price (or two barrels) will manure an acre of corn in the hill, and from one-quarter to one-third to be applied out, and will *mature* the crop from two to three weeks earlier. *No worms* will stay in the hill where the Poudrette has been placed. *Seeds will germinate*, and crows are very shy of plucking it out of the hill. On Corn, Tobacco and Garden Vegetables it has no equal. While the leaf and growth of the Tobacco plant is merge, it has not the coarseness of fibre which is produced by Peruvian Guano, and it has taken the lead for this crop in Connecticut, and has begun to be appreciated in Maryland.

It is famous for producing larger and finer potatoes than anything else; and the superiority of about Onions, their large growth, &c., are almost beyond credence. Flowers and plants are much improved by an application of Poudrette.

Another great consideration is the season of the year when the corn is planted. It is a time when everything else must be put in, and the corn not only planted, but up and growing sufficiently for the last hoeing and planting, before the commencement of grain and hay harvest. The celerity and dispatch with which a large crop of corn is put in and poudretted, the rapid growth and consequently the early opportunity of working among it—the small chance for weeds, owing to the shade it affords, and the fact that the *Poudrette, unlike other manures, contains no seed that will germinate*, are consequently less trouble required to clean it—are all important advantages. The corn will ripen two weeks earlier, and the yield will be much heavier.

The same remarks apply to Sorghum and Broom Corn

For grass, where it is about to be laid down to lawn, or for several years, a top dressing of Poudrette will be found invaluable.

We wish to remark in addition, that Poudrette is not like some quack medicines warranted to cure all kinds of diseases. It must be used with discretion, and a reasonable quantity will produce a reasonable effect.

Poudrette will answer no better than other manures on wet, sour, undrained land, for reasons of drought. In other words, Poudrette is an invaluable substitute for barn yard manure, and can be used with great profit and advantage upon most spring crops; but it will not work miracles, drain the land it is put upon, nor cause rain to fall in time of drought.

Price per Barrel $2 25—delivered at any part of the city, or at any depot or wharf.

Important Notice!—When Poudrette is spoken of, we mean "LODI POUDRETTE," which has now stood the test of twenty-six years' trial; and when buying, *be sure and get that kind!*

A descriptive pamphlet may be had on application. mh19

ISRAEL MARDEN & CO.,

No. 39 Congress St., Portsmouth, N. H.,

—DEALERS IN—

S. Vance's Submerged Well PUMP.

This unsurpassable invention, now being first introduced, will, it is believed, supersede all other Well Pumps now in use.

ITS ADVANTAGES.

FIRST, SIMPLICITY.—This Pump is composed of but three parts, and is so simple in its construction that any one can easily put it together.

SECOND, DURABILITY.—Its peculiar construction, and the fact that it is always submerged combine to make it the most durable of all Pumps yet invented.

THIRD, NEVER FREEZES.—The valves are so constructed that, when not in motion, they allow all the water above to pass down into the well, and thus prevent freezing.

FOURTH, POWER.—For the amount of power applied, this Pump exceeds anything known. It throws one third part more water than ordinary pumps, and works so easily that even a child can pump without fatigue. It is in this way the greatest labor-saving pump now offered to the public.

FIFTH, IT IS INVALUABLE.—For a well pump it is invaluable, as all the iron work is submerged consists of but three small pieces, and these galvanized. It can in no way corrode, consequently it brings up pure water at every stroke.

SIXTH, CHEAPNESS.—This Pump is so made that it costs but a trifle, and is warranted to keep in use for years. No Well can be dug so deep It is very light, and thus the cost of transportation is very small.

☞ Manufactured by S. VANCE & CO., No. 31 Liberty Street, Newburyport, and for sale in Portsmouth by the Sole Agents for N. H.,

ISRAEL MARDEN & CO.,
39 Congress Street.

☞ We are permitted to refer to Mr. MONROE HOLMES and to Mr. FRANK W. MILLER of the Daily Chronicle, who have these new pumps in use on their premises,—for testimony to their excellence.

Portsmouth, Oct. 15th, 1865.

CHEROKEE CURE,

THE GREAT

INDIAN MEDICINE,

Cures all diseases caused by self-abuse, viz:—*Spermatorrhœa, Seminal Weakness, Night Emissions, Loss of Memory, Universal Lassitude, Pains in the Back, Dimness of Vision, Premature Old Age, Weak Nerves, Difficult Breathing, Pale Countenance, Insanity, Consumption*, and all diseases that follow as a sequence of youthful indiscretions.

The Cherokee Cure will restore health and vigor, stop the emissions, and effect a permanent cure after all other medicines have failed. Thirty-two page pamphlet sent in a sealed envelope, free to any address.

Price $2 per bottle, or three bottles for $5. Sold by all druggists; or will be sent by express to any portion of the world, on receipt of price, by the sole proprietor,

Dr. W. R. MEEWIN, 37 Walker St., N. Y.

Cherokee Remedy,

Cures all Urinary Complaints, viz: *Gravel, Inflammation of the Bladder and Kidneys, Retention of Urine, Strictures of the Urethra, Dropsical Swellings, Brick Dust Deposits*, and all diseases that require diuretic, and when used in conjunction with the

CHEROKEE INJECTION,

does not fail to cure *Gonorrhœa, Gleet and all Mucous Discharges* in Male or Female, curing *recent cases in from one to three days*, and is especially recommended in those cases of *Fluor Albus or Whites in Females*. The two medicines used in conjunction will not fail to remove this disagreeable complaint, and in those cases where other medicines have been used without success.

Price, Remedy, One Bottle, $2, Three Bottles, $5.
Injection, " $2, " $5.

The Cherokee "*Cure*," "*Remedy*," and "*Injection*" are to be found in all well regulated drug stores, and are recommended by physicians and druggists, for the benefit of their invalid friends and merit. Some unprincipled dealers, however, try to deceive their customers, by selling cheap and worthless compounds, which they manufacture and in place of these. *Be not deceived.* If the druggists will not buy them for you, write to us, and we will send them to you by express, securely packed and free from observation. We treat all diseases to which the human system is subject, and will be pleased to receive full and explicit statements from those who have failed to receive relief heretofore. Ladies or gentlemen can address us *in perfect confidence*. We desire to send our thirty-two page pamphlet free to every lady and gentleman in the land. Address all letters for pamphlets, medicines, or advice, to the sole proprietor,

Dr. W. R. MEEWIN, 37 Walker St., N. Y.

The Chronicle.

☞ At a fire department collation in Mobile April 9, the following toasts were drunk:

"The President of the United States.—The fearless patriot, the friend of those who support his policy, the enemy of those who oppose it.

Jefferson Davis—the soldier, statesman, patriot, prisoner; our tongues may be mute, but our hearts are with him."

Comment would spoil these gems.

— Mons. Gustave Dore, the eminent artist, went on top the towers of Notre Dame recently, and throwing himself over the balustrade, suspended himself with one hand to it, kept his body in a straight line, kicked his heels together and then bounded back again behind the balustrade. His friends were breathless while he was giving this evidence of his powers as a gymnast.

— The President has been importuned by parties North and South to release Jeff. Davis on parole. They allege that there is no disposition in Congress to perfect the necessary legislation so as to organize the United States District Court at Richmond in which to try him, and that therefore he is entitled to a parole as much as Stephens and Mallory. An order has been issued to the attending surgeon on Jeff. Davis to make a report as to his physical condition.

To Market Gardeners!
And Others Wishing Early Tomatoes,
We would call your attention to the following varieties, which we can recommend as fresh and genuine in all respects:

Tilden's New Seedling,	25c	per pkts.
Cook Favorite,	15c	" "
Early York,	15c	" "
Bate's Extra Early,	10c	" "
Lester's Perfected,	10c	" "
Mammoth Chihauhau (very large),	25c	" "
Erect French or Tree Tomato,	10c	" "

The above, with ten other varieties, will be found fully described, with directions for their culture, in our "Amateur Cultivator's Guide," a work of 130 pages, illustrated with more than 50 new and beautiful engravings; also a list of more than 2000 varieties of Flower and Garden Seeds, with descriptions and explicit directions for their culture. The "Guide" will be mailed postpaid to all applicants upon the receipt of 25c.

The Old Established Hospital.
No. 5 Beaver Street, Albany, N. Y.
QUICK CURES AND LOW PRICES.
over Twenty Thousand Patients Cured Annually
DR. J. TELLER continues to be confidentially and successfully consulted on all forms of private diseases, at his old Established Hospital, No. 5 Beaver Street, Albany, N. Y. Twenty years devoted to this one particular branch of practice, enables him to perform cures such as no other Physician can, and his facilities are such (being in correspondence with the most eminent Physicians of the Old World,) of obtaining the safest as well as the latest remedies for these diseases, offer inducements to the unfortunate of a quick and rapid cure, to be obtained at no other office in America.
In Syphilis, Gonorrhœa, Gleet, Stricture, Enlargement of the Testicles and Spermatic Cords, Bubo, Ulcerated Throat, Sore Nose, Tender Shin Bones, Cutaneous Eruptions, Biles, Ulcers, Abscesses, and all other impurities of the system, are perfectly under the control of the Doctor's Medicines, and have been tested in more than 20,000 cases annually, with immense Success.
YOUNG MEN.
Young Men addicted to secret habits, who have impaired their healths and destroyed the vigor of their minds, thus depriving themselves of the pleasure of the Married Life, are notified that in consulting Dr. J. Teller, they will find a friend to counsel and a Physician who has cured thousands, in almost every part of the United States, who applied to Dr. J. broken down in health, now rejoice in all that makes life desirable and man happy. The reader is of course aware that the delicacy of this subject will prevent a more minute description of this terrible disease.
DR. TELLER'S GREAT WORK.
A book for everybody.—Startling disclosures. DR TELLER'S great work for the Married or those contemplating marriage—200 pages—full of plates—price 25 cts Sent to all parts, under seal, by mail, post paid. 50,000 copies sold the past year. The single Married and the Married Happy. A lecture on Love, or how to choose a Partner—a complete work on Midwifery. It contains hundreds of secrets, never before published.—Warranted to be worth three times the amount asked for it. 25 cents, in specie or postage stamps, inclosed, will secure a copy by return mail. DR TELLER has devoted a lifetime to the cure of those diseases upon which his books treat
TO THE LADIES.
DR. TELLER still remains the only Agency in America, for the sale of Dr. Vichoi's Italian Female Monthly Pills. The sale of more than 20,000 boxes establishes their reputation as a female remedy, unapproached, and far in advance of every other medicine—for stoppages, irregularities, and other obstructions in females.
CAUTION.—Married ladies in certain delicate situations should avoid their use. For reasons see directions which accompany each package, for the guidance of patients. On the receipt of $1, (the price per box,) these Pills will be sent, by mail or express, to any part of the world, secure from curiosity or damage.
Office hours from 9 A.M. to 8 P.M., and on Sundays from 2 to 5 P.M.
N. B.—Persons at a distance can be cured at home by addressing a letter to Dr. J. Teller, enclosing a remittance. Medicines securely packed from observation, sent to any part of the world. All cases warranted. No charge for advice.—N. B.—No students or boys employed. Notice this, address all letters to

FLOWER AND VEGETABLE SEEDS.
Vick's Illustrated
Catalogue of Seeds and Floral Guide
FOR THE SPRING OF 1866,
is now published. It contains full descriptions of the choicest floral treasures of the world, and the best vegetables, with plain directions for culture. Illustrated with a COLORED BOUQUETTE AND FIFTY WOOD ENGRAVINGS of the newest and best flowers, and containing about 70 pages. ☞ Sent to all who apply enclosing Ten Cents, which is not half the cost
☞ Flowers from seeds sold by me, obtained the first prizes at the principal State Fairs and hundreds of County Fairs, the past summer.
Address JAMES VICK,
March 12.—daw Rochester, N. Y.

VINELAND
FARM AND FRUIT LANDS,
In a mild and healthful climate. Thirty miles south of Philadelphia by Railroad, in New Jersey, on the same line of latitude as Baltimore, Md.
The soil is rich and *productive*, varying from a clay to a sandy loam, suitable for Wheat, Grass Corn, Tobacco, Fruits and Vegetables. This is a *great fruit country.* Five hundred Vineyards and Orchards have been planted out by experienced fruit growers. Grapes, Peaches, Pears, &c., produce immense profits. Vineland is already one of the most beautiful places in the United States. The entire territory, containing 61 fifty square miles of land, is laid out upon a general system of improvements. The land is only sold to actual settlers with provision for public enterprises. The place, on account of its great beauty, as well as other advantages, has become *the resort of people of taste.* It has increased five thousand people within the past three years. Churches, Stores, Schools, Academies, Societies of Art and Learning, and other elements of refinement and culture have been introduced. Hundreds of people are constantly settling Hundreds of new houses are being constructed Price of Farm land, twenty acre lots and upward, $25 per acre. Five and ten acre and Village lots for sale.
Fruits and Vegetables come earlier in this district than in any other locality north of Norfolk, Va. Improved places for sale.
Opening for all kinds of business. Lumber Yards, Manufactories, Foundries, Stores and the like; and Steam Power, with room, can be rented.
For persons who desire mild winters, a healthful climate, and a good soil, in a country well fully improved, abounding in fruits, and possessing all other social privileges, in the heart of civilization, it is worthy of a visit.
Letters answered, and the Vineland Rural, a paper giving full information, and containing Reports of Solons, sent to applicants.
Address CHAS. K. LANDIS, Vineland P. O., Landis Township, New Jersey.
From Report of Solons for season, Agricultural Editor of The Tribune: *It is one of the most extensive fertile tracts, in an almost level position and suitable condition for pleasant farming that we know of this side of the Western Prairies.* nl—daw6m

FRIDAY, APRIL 13, 1866.

DIGGING WELLS.—*How to Determine where Water is.*—At a recent meeting of the American Farmers' Club, New York, a member related his experience in this matter as follows:

"An Irishman in his employment, in order to ascertain where he ought to dig to obtain water soonest, got a stone and buried it over night in the ground, next to the hardpan. In the morning he found it quite moist, but not sufficiently so to suit his fancy. Next night he tried it in another spot, and it was found very wet on the following morning. 'There,' said Patrick, 'you will find water, not many feet down, and plenty of it.' Sure enough, in a few days' digging, Patrick confirmed his prediction, notwithstanding the jeers of the workmen—finding a vein which filled the well to overflowing, and rendered it exceedingly difficult to bail out the water so as to stone it. The philosophy of the operation seems to be that as great evaporation takes place from the surface of the earth during the night, the water rises up from the depths below to supply the loss, and accumulates in the vicinity of the stone, often making quite a puddle."

A correspondent of the Albany "Country Gentleman" newspaper writes:

"Wishing to sink a well on the top of a hill the coming summer,—as I have heard of a peach tree branch having been used to find water, will you, or any of your readers, inform me whether there is any virtue in it, and also the *modus operandi?*"

To which the editor replies:

"There is no virtue whatever in the divining rod, or peach twig, for discovering water. It is opposed to scientific principle, and has been thoroughly tested in practice, and found to contradict itself."

Now we have never had any experience in the peach or hazel twig line, for finding water, or the divining (apple-tree) rod for locating gold mines; but we *have* enjoyed opportunities for observations of a somewhat similar character, which resulted in the very successful locating of Wells—and we shall speak only what we do know, and testify only to the things which we have seen.

Several years ago, when the Rockingham County Agricultural Society held their Fair at our City Farm, Mr. John S. Godfrey of Hampton Falls, who was one of the Trustees, was solicited by Mr. Coffin, the Secretary, who was a neighbor of his, to locate a well for the use of the Fair—and Mr. Coffin then told us of the rare power which Mr. Godfrey possesses, of "finding" water at almost any depth beneath the surface of the earth.

So he stripped off his coat and hat, and walked across the field near the Woodbury mansion, in sight of the Board of Trustees and other gentlemen; and presently gave a start, as if he had received an electric shock, when (as we afterwards learned) he came over a concealed stream of water—then started on a run, and after racing about in all directions, till the sweat rolled from his face, crossing the field once or twice, and pitching almost headlong over a stone wall, and returning, he suddenly fell to the earth as if he had been shot—and after recovering his breath, he told us that the stream he had been following ceased to flow horizontally, and ran down deep into the earth—if we recollect aright—breaking the circuit, as we understood or imagined it.

Then he walked back with us all, who had watched and followed him with the deepest interest and curiosity, and pointed out at least two places where good wells could be easily dug—saying that the one most readily constructed would not yield so large a flow of water—he stated both in barrels per hour. We think both were tested, and found precisely as he had "divined" or guessed, or whatever unbelievers please to call it; and we know that at least one was dug, and furnished a full supply of pure running water for all the uses of the great Fair—and we believe it is there to this day, a witness to these statements.

Well, Mr. Godfrey, who was a quiet farmer, and an intelligent and well-informed man, and no charlatan or pretender—tho' he would sometimes consent to locate a well for a friend, but always refused all offers of engagements to go into this as a business—remained at home and attended to his own affairs, till the breaking out of the war, when he was appointed Quartermaster of the gallant Second N. H. Regt., under Col. Marston, and followed its fortunes until both his commander and himself were promoted—*Lt.* Godfrey finally to be Brigade Quartermaster, we believe; and his wonderful water-power was of great service often, in the locating of camps, as we have heard before, and as Adjt. Plaisted of the 2d *N. H.*, now confirms. Capt. Godfrey was also the first Provost Marshal of this District, and is well known here as an entirely responsible man.

At the close of the war he returned to his home at Hampton Falls, with his wife—for, to our great astonishment, at least, he whom we thought a confirmed old bach, and who, like the glorious old 2d New Hampshire, never surrendered to the rebels, did actually take to himself a wife; and from a very pleasant acquaintance with the lady since, we are sure he has found a well-spring of happiness for his home, in her. And it being the fate if not forte of the writer of this, to build a residence in a locality where the aqueduct does not run, but where several large springs do break out at a wide remove from the house; we invoked the magic aid of our old friend Godfrey, after spending $100 in vain, in trying to dam up the springs so as to "ram" the water up the hill.

This time he had Mrs. G. with him, who was as curious as the rest of us to witness the operation. He did not take off hat or coat, it being cooler weather; nor did he take aught in his hand—though he did start with the hand of his wife clasped in his, but she (being his "affinity," as she said,) was fearful of having it squeezed too hard, or of being hurried or flung about too violently, and so she withdrew and waited with the rest.

Down into the valley or run, he walks, and keeps on in an irregular, zig-zag course, (ever and anon shrugging up his shoulders and twitching his hands and arms, exactly like the effect of a galvanic shock,) until he reaches the springs aforesaid. Then he returns up the hill, in an opposite diagonal course, and gives us, as the result of his meandering scientific researches, the information that there are two streams which flow from out the hill, but both are very far down in the earth; and that their nearest approach to the house is about forty feet off, and to reach water would probably require from twelve to fourteen feet digging. So we stuck a peg there, as at several other points; and in a well sunk eighteen feet, at this exact point, there was five feet of the purest water, in the midst of the drought of last summer—and there it is to-day, to show for itself. There were several friends who laughed at the idea at first, and called us "superstitious," &c.; but they had not much more laughing to do, at any rate, when they saw and tasted the delicious water.

We are making this article much longer than we intended; but several visitors at the spot, who watched the progress of events at the time, have often requested us to publish an account of the affair, and the above text has drawn us out. Suffice it to say, that at an elevation of probably thirty feet above the present well, Capt. Godfrey located another, which is directly in the solid rock; and if any of the doubters wish to lay $1000 that thirty feet of digging, blowing or boring there, will not touch a running stream of water—we know a man who will take them up. Capt. G. further said that there is no other water save those two streams, in that whole great hill; and that it would be useless to put up rods or insure the main buildings from fire by lightning, as the electric fluid never strikes except over running water. [We don't know as we give his idea correctly, as we write entirely from memory of a hurried conversation nearly a year ago.]

And we have not given all the instances of this water finding power, of which we have heard, by a great sight. Conductor Cram, and Mr. Jenkins of Eliot, will tell you what great service it did for them, and how their homes and families are daily blessed by a liberal supply of water, which all hunting failed to find, till Capt. Godfrey came and told them where to dig. All of which is most respectfully submitted to those who cry humbug, unscientific, and the like; but these are the facts, and for our part, we glory in them. F.

THE PASSAGE OF THE CIVIL RIGHTS BILL is said to be only the second instance in the history of our government wherein a bill after being vetoed by the President has become a law. The Washington Chronicle is the authority for the above statement. That paper gives the following list of vetoes issued since the formation of the government:

By George Washington, 2; by James Madison, 6; by James Monroe, 1; by Andrew Jackson, 9; by John Tyler, 4; by James K. Polk, 3; by James Buchanan, 1; by Andrew Johnson, 2.

[We add, that Franklin Fierce, when President, Vetoed the Bill for paying the Old French Claims.]

☞ In the U. S. District Court at Alexandria, on Wednesday, Judge Underwood decided that the President's peace proclamation did not restore *habeas corpus* in Freedmen's Bureau cases,—and that by excepting Texas, he virtually declared that the rebellion still existed. Orders from the War Department instruct the U. S. Commissioners of the Freedmen's Bureau South to inform the people that the proclamation does not release them from military law.

GOLD, Thursday, 127 1-2.

COAL retailed in Boston, Thursday, at $10 per ton.

— The Secretary of the Treasury has received a letter from a professor of Dartmouth College, enclosing twenty dollars, which he states is due the U. S. Treasury from a young friend of his, who defrauded the government to that extent, in settling an army account.

IN THE U. S. SENATE, Wednesday, April 11, Senator Wilson introduced a Joint Resolution, directing the Commissioner of Public Buildings to prevent the sale of liquors in the Capitol.

Senator McDougal of California spoke against the resolution, and declared himself a believer in "wine, whiskey, and war."

Senators Grimes, Hendricks, Clark, Conness and Trumbull advocated the passage of the resolution, and Mr. Conness declared in the course of his remarks that there can be no greater disgrace before God and man than a person sent here to make laws for a nation boasting high civilization appearing in a state of intoxication. This his colleague, McDougal, who is a drinker and had been drinking then, evidently regarded as personal, and he replied:

I do not know but that it would be well for the sober Senator from California to indulge himself somewhat more in generous wine, and I do not know but that it would be of service to the Senator from New Hampshire, (Mr. Clark), and I am sure it would have a kindly influence upon the Senator from Massachusetts, (Mr. Wilson). I think it was well when we had our lunch room in the Senate Chamber—where we quietly sat down and drank at our pleasure.

* * There was a good old time when every gentleman of Massachusetts, or every man who was able to afford it, had on his sideboard a bottle of good apple brandy, and he offered it to his guests the moment he received them. Those were the good old times when gentlemen were abounding in the land. This kind of regulation tends to degrade humanity and to degrade the dignity of the Senate.

Mr. Wilson, after stating some sad facts, said:

I am content for one that we should not have the mighty inspiration of old Bourbon, or gin, or wine, or any of these things that take mortals to the skies. Let us be content to legislate as plain, practical public men, and leave the inspiration to others.

The resolution was adopted by the following vote:

Yeas—Messrs. Anthony, Brown, Chandler, Clark, Conness, Doolittle, Edmunds, Fessenden, Foster, Guthrie, Harris, Hendricks, Johnson, Kirkwood, Lane of Indiana, Morgan, Morrill, Nesmith, Nye, Poland, Pomeroy, Ramsay, Riddle, Sherman, Stewart, Sumner, Trumbull, Van Winkle, Wade, Willey, Williams, Wilson—33.

Nays—Messrs. Davis and McDougall—2.

Absent — Messrs. Buckalew, Cowan, Cragin, Cresswell, Dixon, Henderson, Howard, Howe, Lane of Kansas, Norton, Saulsbury, Sprague, Wright, and Yates—14.

In the U. S. House of Representatives, Wednesday, a resolution was adopted for inquiring into the propriety of placing Wm. Mercer of Ross county, Ohio, who furnished seven sons and one grandson to the army during the rebellion, some of whom were minors, and were killed in the service,—on the list of invalid pensions.

The bill to amend the Agricultural College act was passed—96 to 38.

— It seems that the inventor of the J. Monroe Taylor Gold Medal Soap has put one idea in view, which is to get up the best and most reliable soap in the world. We speak from experience when we say it has no equal, and no well regulated family should be without it, there is no soap to be compared with it. Every husband should make it a point to see that the household is supplied with a box of it without delay. 7t

Business Notices.

WING'S FARINA CRACKERS.—Every one has heard of them, the most healthy and delightful nourishment ever made. They are advertised in our paper to-day, and all dealers keep them, or ought to. None are genuine but those having the name A. WING stamped upon them.

☞ Special attention is called to the advertisement of the Howe Sewing Machine, in another column. Of all the manufacturers in this line Mr. Howe has been the most successful, which fact alone speaks volumes for his machine.

FASHIONABLE AND DUREABLE Styles of Boots, Shoes, Slippers and Gaiters, for Ladies, Gentlemen and Children, made to order and ready for the best stock, and by the best workmen, can be found in great variety at T. E. MOSELEY & CO.'S, SUMMER ST., Boston. 4

Holloway's Pills and Ointment.—The Elixir of Life. Ponce de Leon and his companions sought in vain for the fabled waters of rejuvenescence, amid the orange groves and flowery glades of Florida. It was left for Holloway to discover the true anti-dote to Coughs, Colds, Asthma, Scrofula, Sore Leg Ulcers, Burns, Scalds, &c., in his admirable remedies of Pills and Ointment, which have been astonishing the world for upwards of fifty years, by their marvellous cures in every type of disease. Sold by all Druggists. apl—1w

Important.

DR. STEVENS, No 5 Daniel Street, would give notice that he has REDUCED the price of Permanent Sets of ARTIFICIAL TEETH on the Vulcanite Base, to that charged for them before the war.

He would also give notice that he is doing a new style of work for Under Sets of Teeth, called the COMBINATION BASE (Gold and Vulcanite) which produces by far the finest work offered to the public. The price is something in advance of that charged for the Vulcanite alone, but the strength, durability, ease of bearing, and beauty of finish obtained by it, more than double the value of the Teeth. mh12

GEORGE F. WEED,

S-u-r-g-e-o-n D-e-n-t-i-s-t,

FIRST ASSISTANT in the Office of DR. STEVENS, No. 5 DANIEL STREET

DR. WEED can be found at his place of business at all hours of the day and night, for the performance of any of the operations that come within the call of his profession.

Dr. A. P. STEVENS, No. 5 Daniel St., makes the saving of ULCERATED and painful front teeth, a speciality in his business. He also successfully restores to their natural shape broken or badly decayed teeth, by building out corners and sides with PURE GOLD. (In many cases teeth so restored are as strong as any of their brother members, and in all cases are rendered eminently useful for a long series of years.) DR. RAREY FARM, in all stages, treated, and in a very large majority of cases entire success attained.

Charges for such operations necessarily high, but nothing in comparison to the value of the Teeth. mch14

mh22—1m Boston.

WHICH IS THE

Leading Life Insurance Comp'y

IN THE UNITED STATES?

Which is the Safest and the Cheapest?

The following figures are from the later Reports of the New York Insurance Commissioner, showing the "amount of business" of the

MUTUAL BENEFIT

LIFE INSURANCE COMPANY,

to be the *largest,* the "expenses of management" the *smallest,* the "ratio of Assets to liabilities," or the *security* furnished to its members, the *largest* of any life institution in the country.

Premiums received in 1864.....$2,089,072
" " " 1865.....3,029,087
Ratio of expenses to premiums rec'd in '64..12.98
" " " " " " '65..12.16
Ratio of assets to liabilities, Jan. 1, 1866....161.85

The inevitable conclusion from these official facts, is that the

MUTUAL BENEFIT LIFE

Insurance Company

IS THE BEST AND THE CHEAPEST.

Because its NET ASSETS are proportionably LARGER than those of any other Life Insurance Company in the United States.

Because its "Managing Expenses" are LESS, and it has a LARGER SURPLUS to divide among its members than any Company in the United States.

QUERY. Will some one inform the public of that mysterious process by which a Company with a surplus proportionably *much less,* and expenses *very much* larger than another, can yet divide *more* to its members, and insure them at *less cost?* How is it done? Where does the money come from?

Every intelligent man will see at once that it *cannot be done.* Yet we have Agents among us that make this their boast.

Any one disposed or intending to insure can be furnished with the requisite information by applying to

HENRY A. YEATON, Agent.
Portsmouth, March 27, 1866.—3mdaw

Special Notices.

IMPORTANCE OF HAVING DAVIS' PAIN KILLER ALWAYS ON HAND.

Wonderful Cure of the Rev. D. L. Brayton, Missionary in India, who was stung by a Scorpion.

Extract from his letter, published in the Baptist Missionary Magazine:

"For the first time since I have been in India, I have been stung by a scorpion. I went out this morning to my exercises, as usual, at early dawn, and having occasion to use my cold box, on taking off the cover I put my hand on a scorpion, which immediately resented the insult by thrusting its sting into the palm of my hand. The instantaneous and severe pain which darted through the system is quite incredible; what an awfully virulent poison their sting must contain! I FLEW TO MY BOTTLE OF DAVIS' PAIN KILLER, and found it to be true to its name; after a moment's relief, I saturated a small piece of sponge, bound it on my hand, and went about my exercises, feeling no more particular inconvenience. apl—dawlm

Perry's Moth and Freckle Lotion.

☞ Chloasma, or Mothpatch, (also called Liver-spot,) and Lentigo, or Freckles, are often very annoying, particularly to ladies of light complexion, for the discolored spots show more plainly on the face of a blonde than of a brunette; but they greatly mar the beauty of either and any proposition that will effectually remove them, *without injuring the texture or color of the skin,* is certainly a desideratum. DR. B. C. PERRY, who has made diseases of the skin a speciality, has discovered a remedy for these discolorations, which is at once prompt, infallible and harmless.

Prepared by B. C. PERRY, Dermatologist, No. 49 Bond Street, New York. For sale by all druggists; price $2 per bottle. Call for PERRY'S MOTH & FRECKLE LOTION.

Sold by all Druggists in Portsmouth and elsewhere. lyndnp—oct10

ROOT! ROOT! ROOT!

READ! READ! READ!

ROOT'S PESTACHINE preserves the life of the Hair; changes it from gray to its original color in three weeks; prevents the hair from falling; is the best article for curing the hair ever found in market; will surely remove dandruff and cure all diseases of the scalp; is delightfully perfumed, cures baldness, and will not stain the skin. We tell the story quickly, and tell it true, when we say it is a perfect

Restorer and Dressing Combined.

G. C. GOODWIN & CO., Agents, Boston, Mass.

MAGGIEL'S

Spring and Summer Remedies.

"Great oaks from little acorns grow." The worst diseases known to the human race spring from causes so small as to almost defy detection. The volumes of scientific lore that fill the tables and shelves of the medical fraternity only go to prove and elaborate these facts. Then guard yourselves while you may. The smallest pimple on the skin is a tell tale and indicator of disease. It may fade and die away from the surface of the body, but it will reach the vitals, perhaps, at last, and death be the result and final close. MAGGIEL'S BILIOUS, DYSPEPTIC and DIARRHEA PILLS cure where all others fail. While for Burns, Scalds, Chilblains, Cuts, and all abrasions of the skin, MAGGIEL'S SALVE is infallible. Sold by J. MAGGIEL, 48 Fulton street, New York, PRESTON and TRACHER in this city, and all Druggists, at 25 cents per box. decsecod&wly

Lyon's Periodical Drops!

THE GREAT FEMALE REMEDY FOR IRREGULARITIES.

These Drops are a scientifically compounded fluid preparation, and better than any Pills, Powders or Nostrums. Being liquid, their action is direct and positive, rendering them a reliable, speedy and certain specific for the cure of all obstructions and suppressions of nature. Their popularity is indicated by the fact that over 100,000 bottles are annually sold and consumed by the ladies of the United States, every one of whom speak in the strongest terms of praise of their great merits. They are rapidly taking the place of every other Female remedy, and are considered by all who know aught of them, as the surest, safest and most infallible preparation in the world, for the cure of all female complaints, the removal of all obstructions of nature, and the promotion of health, regularity and strength. Explicit directions stating when they may be used, and explaining when and why they should not, or could not be used without producing effects contrary to nature's chosen laws, will be found carefully folded around each bottle, with the written signature of JOHN L. LYON, without which none are genuine. **Price $1.50.**

Prepared by Dr. JOHN L. LYON, 195 Chapel Street, New Haven, Conn., who can be consulted either personally, or by mail, (enclosing stamp,) concerning all private diseases of the female weak nesses. **Price $1.50 per bottle.**

Sold by Druggists everywhere.

---

BRANDRETH'S PILLS. COSTIVENESS, DIARRHŒA.—They are taken up by the absorbents, and carried into the circulation, through which medium they are conveyed to every part of the body.

If the pain affects the joints, a single dose produces remarkable benefit. And the same rule applies to costiveness, diarrhea and dysentery; though with the last named they may be required night and morning for some days before decided relief is obtained. In affections of the lungs, throat, head and pleurisy, the relief is certain; the excretory organs throw off with ease the phlegm, and the breathing becomes freer. Spasmodic asthma is often cured by a single dose. mch28dawlm

---

A Household Necessity exists for the Use of Durno's Catarrh Snuff,

Which, in the first stages of a cold, acts like magic—Headache, Hoarseness, Diptheria, and Bronchitis, Sore Eyes, Deafness, Bad Taste and Smell, being the result of Catarrh. This snuff removes and prevents all these, and insures a healthy Head. Its effects are pleasant and safe, even for infants who suffer from snuffles.

It has the highest professional testimonials.—Sold by all Druggists, or sent by mail to all parts of U. S., for 50 cts. for one Box, or $1 for four Boxes. Address JAS DURNO,

P. O. Box 1235, New York.

STENCIL PASTE for marking boxes, barrels, &c., in Black and Fancy Colors.

Call and examine specimens.

☞ We are also Wholesale Agents for the sale of the National Ink Co.'s warranted WRITING INK, a very superior article; does not corrode the pen nor clog.

☞ Also, Agents for the Patent Gong DOOR BELL, one of which may be seen and examined in working order at the above Number.

GEO W. THOMPSON,
HENRY G. THOMPSON.

Portsmouth March 9

Local.

☞ Some months since a young man arrested for horse stealing let himself out of the Station House in this city by means of a key. Since that time the young man has been again arrested for the same offence in a remote portion of this county. Thursday we were shown the identical key with which the offender effected his escape, it having been recovered by Marshal Kent and Officer Johnson. [*Query*—How came the prisoner by the key?]

For the Chronicle.

LAUNCHED on Saturday, 7th, from the yard of Messrs. Steverson & Pettigrew, at Kittery, a white oak Schooner of 100 tons old measurment, called the Piscataqua. She is owned by G. T. Vaughan and others of this city, and intended for cod and mackerel fishing, and is to be commanded by Capt. A. P. Norton. This is the first vessel built by the above firm, and for strength, symmetry of model and finish, she is unsurpassed. She is pronounced by judges to be the finest specimen of a schooner that ever floated on the bosom of the river whose name she bears, and the builders have established a reputation which places them at the head of their profession.

☞ In Salem, Mass., Milk is sold at 7 cents per quart: in Portsmouth it is sold at 8 cents. But *most* of our milkmen sell, by the beer quart, while in Massachusetts it *must* be sold by wine measure: so that milk here is really a little cheaper than in Salem

RARE GAME.—Mr. John Lamprey of Hampton brought to this city, on Thursday morning, an otter, four feet six inches in length, which we are told was killed in Windham in our own county.

☞ The alarm of fire on Thursday evening is said to have been caused by the burning of some brush at Freeman's Point.

☞ On Wednesday last Mr. Theodore W. Frost, of Newcastle, fifty-eight years of age, took the first ride in the cars.

☞ The new steamer Contoocook was successfully docked, at our Navy Yard, on Tuesday.

☞ Newcomb and Arlington's Minstrels will favor our citizens with one of their original and well conducted entertainments, at the Temple, next week. If the clerk of the weather will only hold good nature dand smiling, we anticipate they will be well patronized.

☞ Mayor Shaw and family, of Biddeford, leave for Europe in August or September, to be gone a year.

NEW HAMPSHIRE ITEMS.

—— The mills at Manchester, N. H., are running at a loss, the cotton on hand costing more before it was made up than it will bring now after it is manufactured.

—— In the S. J. Court at Concord, William H. Horner, indicted for attempt at rape, was sentenced to the State Prison for ten years; Jas. Reed, for stealing a gold watch, three years in State Prison. After a trial lasting a day and a half, Daniel Hall and Charles Coffran of Epsom were acquitted on a charge of robbing and burglariously entering the house of Mary D. Moore.

—— The Coos Republican says on Thursday, April 5th, a young son of the widow Willard Curtis of Stratford went into his mother's barn yard, where was a cow and a young calf. The cow assailed him furiously, when his mother, Mrs. Curtis, hearing his cries, came to his relief. The enraged animal then attacked her, thrusting one horn into her abdomen and ripping open a fearful wound, following this by trampling upon and goring her victim, till help was procured from the neighbors. Mrs. Curtis died on Friday, and was buried Sunday. She leaves five small children.

LIBRARY FOR ANDOVER.—The Theological Seminary at Andover, Mass., has received, through the agency of Prof. Mead, now in Berlin, the valuable library of the late Prof. Niedner, the eminent successor of Neander in the chair of ecclesiastical history. The library numbers about four thousand volumes and will be a great acquisition not only to Andover, but to the theologians of New England. The cost was twenty five hundred thalers, equivalent to about the same number of dollars at the present value of our currency.—*Trav.*

☞ There is great excitement at St. Andrews, left the Fenians come over the border, from Maine, into New Brunswick.

☞ At New Orleans, President Johnson orders the suspension of Mayor Monroe and Alderman Nixon, until they are pardoned. Acting Mayor Clark continues his duties.

—Some people wonder that under existing circumstances the price of milk in London has not risen. But the rinderpest does not affect the cow with an iron tail.—*Punch.*

GET THE BEST.

Webster's Unabridged Dictionary.

NEW ILLUSTRATED EDITION.

Thoroughly revised and much enlarged. Over 3,000 Fine Engravings. Is a well-nigh indispensable requisite for every intelligent family.

It contains 10,000 WORDS and MEANINGS not found in other dictionaries.

It is now believed to be by far the most complete, useful and satisfactory Dictionary of the language ever published, as it is by far the largest single volume ever issued in any language.

In possession of any other English Dictionary, or any previous edition of this, cannot compensate for the want of this very full and complete one. In its perfected state it must long remain the BEST ENGLISH DICTIONARY, and once possessed, remain of constant and abiding use.

What book, beside the Bible, so indispensable as a good Dictionary!

In one vol. of 1,840 Royal Quarto Pages.

Published by G. & C. MERRIAM, Springfield, Ms.

Morning Chronicle.

☞ The President's attending General Grant's levee, has caused no little comment in Washington. His treatment of all whom he met there was very cordial, and he first extended his hand to Thad. Stevens, who chatted with him for several minutes, and was by the President introduced to Mrs. Grant. This is the first time that a President has attended a levee of any of his subordinates.

Sticklers for etiquette and imaginary devotees of the so-called "Court of Washington," are horrified at the President's presence at Gen. Grant's reception on Friday night. They declare it to be without precedent in the history of the Government and a violation of the plainest rules of "society." They claim the President should answer no invitation and go to see no one, but that every one should come to see him.

DEATH OF A GOOD MAN.—Captain, familiarly known in Pawtucket as "Granilpa" Dexter, died in that place on Sunday evening in the 78th year of his age. He was a native of Grafton, Mass., and, in early life, when he acted as Clerk to Samuel Slater, who originally started cotton manufactures in Rhode Island, Mr. Dexter opened and taught himself the first Sabbath School ever established in the United States—the scholars being the children employed in Slater's mill. Capt. Dexter never tasted a drop of intoxicating liquor in his life, always enjoyed excellent health, was a manufacturer of cotton knitting yarn, always maintained the reputation of an upright, prompt and energetic man in his business; and in his civil and social relations he was generous, benevolent, frank, affable and kind.—*Boston Journal.*

— The death of a Mormon bishop is announced in a Salt Lake paper: "He was thirty-seven years old, and leaves an interesting family of eleven wives and forty-seven small children to mourn his death."

— The Pennsylvania Legislature has passed an act disfranchising all belonging in that State who deserted from the army or navy during the late war; and for the punishment of inspectors who, knowing them to have been deserters, allow their names to go upon the voting lists.

Important to the Afflicted.

DR. DOW continues to be consulted at his office, Nos. 7 and 9 ENDICOTT STREET, BOSTON, on all diseases of a PRIVATE OR DELICATE NATURE. By a long course of study and practical experience of unlimited extent, Dr. D. has now the gratification of presenting the unfortunate with remedies that have never, since he first introduced them, failed to cure the most alarming cases of GONORRHŒA AND SYPHILIS.

SEMINAL WEAKNESS.—Dr. Dow devotes a great part of his time to the treatment of those cases caused by a secret and solitary habit, which ruins the body and mind, unfitting the unfortunate individual for business or society. Patients who wish to remain under Dr. Dow's treatment a few days or weeks, will be furnished with pleasant rooms, and charged for board moderate. Medicines sent to all parts of the country, with full directions for use, on receiving descriptions of your cases. Dr. Dow has also for sale the French Capotes, warranted the best preventive. Order by mail. Three for $1 and a red stamp.

Highly Important to Females

IN DELICATE HEALTH.

Dr. DOW, Physician and Surgeon, No. 7 Endicott Street, Boston, is consulted daily for all diseases incident to the female system. Dr. Dow has no doubt had greater experience in the cure of diseases of women than any other physician in Boston. Boarding accommodations for patients who may wish to remain a few days under his treatment. Dr. Dow, since 1845, having confined his whole attention to an office practice for the cure of Private Diseases and Female Complaints, acknowledges no superior in the United States.

N. B.—All letters must contain one dollar, or they will not be answered. Office hours from 8 A. M. to 9 P. M.

CERTAIN CURE

in all cases, or No Charges Made.

Among the physicians in Boston, none stands higher in the profession than the celebrated DR. DOW, 7 Endicott street. Those who need the service of an experienced physician and surgeon should give him a call.

P. S.—Dr. Dow imports and has for sale a new article, called the FRENCH SECRET. Order by mail. Two for $1 and a red stamp.

Boston, April 7, 1866. eod&wly

HIGHLY IMPORTANT

—TO—

UNFORTUNATE FEMALES!

DR. BRISCOE'S FEMALE PILLS are unsurpassed by virtue and efficacy in removing all complaints, of whatever nature, incident to females. Will invariably effect usual success, to medically and surgically remove Obstructions, Engorgements, Leucorrhœa, Whites, General Debility, &c., and suppress of all kinds; also all complaints of the Lungs, Liver, Kidneys, Spleen, Bladder, &c.

His medicines will be sent to any part of the country by express or mail; addressed to communication stating particulars, will receive prompt attention.

Office, No. 23 Endicott street.

Persons at a distance can consult Dr. BRISCOE, by letter, describing the case, and have the medicines securely put up, and free from exposure, with full directions for use. Office arranged with separate apartments, so that patients see none but the Physician.

Address DR. BRISCOE, at No. 23 Endicott St., Boston, Mass., stating symptoms. All communications are confidential.

Patients furnished with rooms and board if desired, and secrecy observed in every case.

Office hours from 9 A. M. to 9 P. M.

Boston, July 16, 1865. T3m1y

DR. M. BRISCOE still continues his successful treatment of all Private Diseases and also Female Complaints, at his old established office, No. 23 Endicott street.

N. B.—The sick and afflicted will do well to give him a call. A short consultation will cost you nothing, but a word of friendly advice may save you years of suffering.

P. S.—Ladies who wish to stay in the city under my care a few days, can be furnished with kind nurses. Charges moderate.

No. NATT PERKINS & CO.,

TICKETS $1.00.

Persons sending a club of ten and sending $10, will receive eleven tickets.

PLAN OF DRAWING.

Small cards with names of prizes on them will be placed in one box, and small tickets in the other. Two men will be chosen from the audience to shake the box and mix well the tickets, and then, both men being blindfolded, will draw one a ticket and the other a prize, for the owner of that ticket, till all the prizes are drawn. A clerk will keep the record, and the numbers of the tickets that draw prizes will be published in the *Daily Mirror and American* the next day, except those drawing the Miscellaneous Gifts.

Warrantee Deed given of the Real Estate.

The largest prizes will be put in the box in the presence of the audience, and well mixed. All are invited to be present. Tickets to be all sold. All letters promptly answered.

The owners of this Enterprise will not own any ticket, or be interested in the drawing.

AGENTS WANTED immediately throughout the New England States.

Drawing to take place at 10 A. M., at Smyth's Hall, Manchester, N. H.

Tickets sent by mail on receipt of the money. Single Tickets, $1, five or more tickets to be all sold.

NATT PERKINS & CO.,

Manchester, N. H.

To whom all orders must be addressed. They take pleasure in referring to Hon. Frederick Smyth, Governor of New Hampshire, and Cashier of the First National Bank of Manchester, and to the Cashiers of the other Banks in Manchester, for their enterprise, promptness and perfect reliability. mch8f

For Sale.

A FARM containing twenty acres of Land, in Rye, N. H., situated near Breakfast Hill so called, at the junction of the road leading from Portsmouth to New Castle and the main road leading from Greenland to all the public houses at Rye Beach. It lies within ¾ of a mile of Greenland Depot on the Eastern R. R., and within three miles of the Ocean House, Rye Beach.

The Farm is divided into three parts; one field containing six acres of excellent Tillage Land, with a large number of Fruit Trees; the HOUSE contains nine rooms, with a fine Cellar,—there is a good Barn, and all necessary Outbuildings, with an excellent Well of Water within thirty feet of the house;—one field containing four acres of good Tillage and Grass Land, also two acres Wood and Pasture Land within half a mile of the house.

The location of this Farm makes it a very desirable summer residence, and it will be sold in parts or whole, to suit purchasers, on application to

SUFFERERS

From Dyspepsia

READ! REFLECT!! ACT!!!

TARRANT & CO

Gentlemen:

I am a resident of Curacoa, and have often been disposed to write to you concerning the real value of your SELTZER APERIENT. I was greatly tested her with your EFFERVESCENT SELTZER APERIENT. She began to improve at once and is now PERFECTLY WELL.

I feel it to be my duty for the good of humanity to make this statement, feeling that a medicine so valuable should be widely known.

Trusting that you will give this publicity, and repeating my earnest gratitude and thanks,

I am very respectfully yours,

S. D. C. HENRIQUEZ,

Merchant, Curacoa, S. A.

New York, June 28th, 1865.

WE ASK

The suffering millions in our land to give this remedy a trial, convinced that by its timely use many may be relieved, many cured of

Dyspepsia, Heartburn, Sour Stomach, Sick Headache, Dizziness, Indigestion, Piles, Costiveness, Bilious Attacks, Liver Complaint, Rheumatic Affections, &c.

Read the Pamphlet of Testimonials with each bottle, and do not use the medicine against the advice of your Physician.

ap15ly

DUTCHESS NURSERIES

POUGHKEEPSIE, NEW YORK,

FERRIS & CAYWOOD, Proprietors.

We call the attention of our customers and the public to our stock of GRAPE VINES, which is larger than we ever before. Having had over twenty years' experience in the management of Vineyards and the propagation of Vines, and our present stock having been grown from bearing wood only, with constant care during the season, we think they will compare favorably with any others that are offered for sale.

Our stock of MONTGOMERY VINES is very large. This variety not being generally known, we will give a brief description: Wilder, a seedling of the White Chasselas, an unparalled grower and bearer, clusters often weighing two pounds, with a mild subacid flavor. It is classed with the hardy grapes, but we protect it in winter as we do all other varieties in this part of the State.

Our stock of the various kinds of EVERGREEN and DECIDUOUS TREES is very large, and is offered at moderate price; and at very low rates by the quantity, to those who are laying out and improving their places, cemeteries, or public grounds, and to nurserymen. We challenge competition.

Grape Vines.

"DELAWARE"—Grown in open border. No. 1, one year old, 30 cents each, $25 per 100; No. 2, ditto, 25 cents each, $20 per 100; No. 3, ditto, 20c each, $10 per hundred; well grown vines in pots 25c each, $16 and $20 per 100.

"MONTGOMERY"—No. 1, one year old in pots, 50c each; $30 per hundred; No. 2, ditto, 25c each, $20 per hundred.

"ALLEN'S HYBRID"—3 years old, $1 50 each; 1 year old, 50c to 75c each, $40 per hundred.

"CUYAHOGA"—No. 1, two years, 75c each, $20 per hundred; No. 2, ditto, 50c each, $15 per hundred.

"CREVELLING"—No. 1, in open borders, 50c each, $40 per hundred; No. 2, ditto, 40c each, $30 per hundred; No. 3, ditto, 30c each, $20 per hundred.

"ROGERS' HYBRID"—Nos. 3, 9, 15, 33—20c and 75c each, $12 and $15 per 100.

"UNION VILLAGE"—No. 1, in open border, 50c each, $35 per hundred; No. 2, in pots (strong) 40c each, $30 per hundred.

"IONA and ADIRONDAC"—One year old, from eyes, No. 1, $1 to $1 50 each; No. 2, 75c to 90c each; No. 3, 50c each. mch29

Reputation Established!

Mrs. S. A. Allen is truly a public benefactress, and her wonderful success is unprecedented. Her fame and her discoveries have gone abroad, and to-day she is in her line the largest manufacturess in the world.

Everybody Interested.

Youth and old age are alikebenefited by the use of Mrs. S. A. Allen's World's Hair Restorer and Hair Dressing. They act directly upon the roots of the hair, causing luxuriant growth and beauty. Your hair, if changed to grey or white by sickness or other causes, will soon be restored to its natural color and beauty. Dandruff eradicated forever. The Hair falling stopped. The most delicate head-dress or bonnet can be worn without fear of soiling. The most delightful fragrance to the hair is imparted. If you wish to restore your hair, as in youth, and retain it through life, without delay purchase a bottle of Mrs. S. A. Allen's World's Hair Restorer and Dressing.

Sold by Druggists throughout the World.

PRINCIPAL SALES OFFICE,

195 & 200 Greenwich St., New-York.

Lodi Manufacturing Company's

POUDRETTE.

AGENT FOR NEW HAMPSHIRE,

J. F. SHORES, Jr.,

No. 38 Market Street (Up Stairs.)

The advantages of Poudrette as a manure may be stated as follows:

First, Its ECONOMY. The cost of the manure compared with its *effects* is less than that of *any other fertilizer* in market. It can be bought and applied for the same money which it would cost only to apply farm-yard manure. It is portable, contains great strength in a small compass, and needs *no extra care in its application*; the closer its contact with the seed the better and quicker it works. $4.50 worth at our retail price (or two barrels) will manure an acre of corn; the hill, add from one-quarter to one-third to the product, and will mature the crop from two to three weeks earlier. *No worms* will stay in the hill where the Poudrette is placed. *No seeds of weeds will germinate*, and crows are very shy of pulling it out of the hill. On Corn, Tobacco and Garden Vegetables it has no equal. While the leaf and growth of the Tobacco plant is large, it has not the coarseness of fibre which is produced by Peruvian Guano, and it has taken the lead for this crop in Connecticut, and has begun to be appreciated in Maryland.

It is famous for producing larger and finer potatoes than anything else, and the stories told about Sulphur, their kind of growth, &c., are beyond credence. Flowers and plants are much improved by an application of Poudrette.

Another great consideration is the season of the year when the corn is planted. It is a time when every spring crop must be put in, and the corn not only planted, but up and grown sufficiently for the last hoeing and planting, before the commencement of grain and hay harvest.—The celerity and dispatch with which a large crop of corn is put in and poudretted, the rapid growth and consequently the early opportunity of working among it—the small chance for weeds, which are so troublesome all important advantages. The corn will ripen two weeks earlier, and the yield will be much heavier.

The above remarks apply to Sorghum and Broom Corn

For grass, where it is about to be laid down to lay, or for several years, a top dressing of Poudrette will be found invaluable.

We wish to remark in this place, that Poudrette is not like some quack medicines, warranted to cure all kinds of diseases. It must be used with discretion, and a reasonable quantity will produce a reasonable effect.

Poudrette will answer no better than other manures on wet, sour, undrained land, or in seasons of drought. In other words, Poudrette is an invaluable substitute for barn-yard manure, and can be used with great profit and advantage upon most spring crops, but it will neither work miracles, drain the land, nor is it put upon, nor cause ruin to fail in time of drought.

Price per Barrel $2.25—delivered at any part of the city, or at any depot or wharf.

Important Notice!—When Poudrette is spoken of, we mean "LODI POUDRETTE," which has now stood the test of twenty-six years' trial; and when buying, *be sure and get that kind!*

A descriptive pamphlet may be had on application. mh29

ISRAEL MARDEN & CO.,

No. 39 Congress St., Portsmouth, N. H.,

—DEALERS IN—

S. Vance's Submerged Well PUMP,

This unsurpassable invention, now being first introduced, will, it is believed, supersede all other Well Pumps now in use.

ITS ADVANTAGES.

FIRST, SIMPLICITY.—This Pump is composed of but three parts, and is so simple in its construction that any one can easily put it together.

SECOND, DURABILITY.—Its peculiar construction, and the fact that it is always submerged combine to make it the most durable of all Pumps yet invented.

THIRD, NEVER FREEZES.—The valves are so constructed that, when not in motion, they allow all the water above to pass down into the well, and thus prevent freezing.

FOURTH, POWER.—For the amount of power applied, this Pump excels anything known. It throws one third part more water than ordinary pumps, and works so easily that even a child can pump without fatigue. It is in this way the greatest labor-saving pump now offered to the public.

FIFTH, IT IS INVALUABLE.—For a well pump it is invaluable, as all the iron which is submerged consists of but three small pieces, and these galvanized. It can in no way corrode, consequently it brings up pure water at every stroke.

SIXTH, CHEAPNESS.—This Pump is so made that it costs but a trifle, and is warranted to keep in use for years. No repairs at all are needed. It is very light, and thus the cost of transportation is very small.

☞ Manufactured by S. VANCE & CO., No. 31 Liberty Street, Newburyport, and for sale in Portsmouth by the Sole Agents for N. H.,

ISRAEL MARDEN & CO.,

39 Congress Street.

☞ We are permitted to refer to Mr. MONROE HOLMES and to Mr. FRANK W. MILLER of the Daily Chronicle, who have these new pumps in use on their premises,—for testimony to their excellence.

Portsmouth, Oct. 19th, 1865.

CHEROKEE CURE,

THE GREAT

INDIAN MEDICINE,

Cures all diseases caused by self-abuse, viz:—*Spermatorrhœa, Seminal Weakness, Night-Emissions, Loss of Memory, Universal Lassitude, Pains in the Back, Dimness of Vision, Premature Old Age, Weak Nerves, Difficult Breathing, Pale Countenance, Insanity, Consumption*, and all diseases that follow as a sequence of youthful indiscretions.

The Cherokee Cure will restore health and vigor, stop the emissions, and effect a permanent cure after all other medicines have failed. Thirty-two page pamphlet sent in a sealed envelope, free to any address.

Price $2 per bottle, or three bottles for $5. Sold by all druggists; or will be sent by express to any address in the world, on receipt of price, by the sole proprietor,

Dr. W. B. MERWIN, 37 Walker St., N. Y.

Cherokee Remedy,

Cures all Urinary Complaints, viz: *Gravel, Inflammation of the Bladder and Kidneys, Retention of Urine, Strictures of the Urethra, Dropsical Swellings, Brick Dust Deposits*, and all diseases that require a diuretic, and when used in connection with the

CHEROKEE INJECTION,

does not fail to cure *Gonorrhœa, Gleet and all Mucous Discharges* in less than *one week*, curing *recent cases in from one to three days*, and is especially recommended in those cases of *Fluor Albus or Whites in Females*. The two medicines used in conjunction will not fail to remove this disagreeable complaint, and in those cases where other medicines have been used without success.

Price, Remedy, One Bottle, $2, Three Bottles, $5.

" Injection, " " $2, " " $5.

The Cherokee "*Cure*," "*Remedy*," and "*Injection*" are to be found in all well regulated drug stores, and are recommended by physicians and druggists all over the world, for their intrinsic worth and merit. Some unprincipled druggists will try to deceive their customers, by selling cheap and worthless compounds,—in order to make money—in place of these. *Be not deceived.* If the druggists will not buy them for you, write to us, and we will send them to you by express, securely packed and free from observation. We treat all diseases to which the human system is subject, and will be pleased to receive full and explicit statements from those who have failed to receive relief heretofore. Ladies or gentlemen can address us on *perfect confidence*. We desire to send our thirty-two page pamphlet free to every lady and gentleman in the land. Address all letters for pamphlets, medicines, or advice, to the sole proprietor,

Dr. W. B. MERWIN, 37 Walker St., N. Y.

The Chronicle.

PANAMA.—One hundred and fifty negroes attempted a revolution at Panama, March 24th. They were surrounded by troops and shot down like sheep. Twenty-five or thirty were killed and 100 made prisoners. So said a dispatch, Monday;—but next day, we read:

Panama papers give further details of the attempted negro revolution, the mode of suppressing which was not very creditable to the government. It appears that on the night of the 24th ultimo, a party of one hundred and fifty negroes entered the city of Panama for the purpose of seizing the barracks and getting possession of the government. Their leaders were led into a snare by the officers of the troops in the city, who encouraged them in their movements, promising to turn over everthing to them, and supply them with arms on entering the city. The rebel body relying on so this cause in unarmed and marched to barracks which had previously been emptied for their reception. As soon as they were safely in they were surrounded by the troops and shot down like sheep. It is believed that not less than twenty-five or thirty were killed and and a hundred taken prisoners. Great indignation is expressed at the government resorting to such a manœuvre, which it is supposed was done to satisfy the people that it was necessary they should *pay* for the support of a large body of troops, the only means the present party have to keep themselves in power, though the rebels meet with little sympathy, being looked upon as disturbers of the peace.

A MISTAKE CORRECTED.—A Raleigh (N. C.) letter in the Cincinnati Gazette records the following:

"The teacher of one the freedmen's schools was examining the class in geography the other day. Pointing to Africa on the map he said, "what country is that, children?" They responded, "Africa." "That," said the teacher, "is where your ancestors came from—your fathers and mothers." At this remark a bright looking little colored chap jumped up and said: "Oh, no, massa teacher, dat ain't so—my pa is a white man and lives in Raleigh!"

— The Galveston (Texas) Bulletin says: "Free trade and sailors' rights" was once a party slogan of portentous import. "Free labor and everybody's rights', will be found as potent for good. Pay Sambo fair wages, give him good treatment, and then let him work or starve. Cruel as some will call this maxim, we have Apostolic authority for it. "He that will not work, neither should he eat," says St. Paul. But there is no trouble about men working when the proper inducements are held out.

THE LIGHT OF THE WORLD.
DR. MAGGIEL'S
PILLS AND SALVE
These Life-giving remedies are now, for the first time, given publicly to the world. For over a quarter of a century of private practice the ingredients in these
Life-giving Pills!
Have been used with the greatest success. Their mission is not only to prevent disease, but to cure. They search out the vicious maladies by which the patient is suffering, and re-invigorate the failing system. To the aged and infirm a few doses of these valuable PILLS will prove to be
A Very Fountain of Youth,
For in every case they add new life and vitality, and restore the waning energies to their pristine state. To the young and middle aged, they will prove most invaluable, as a ready, specific, and sterling medicine. Here is a dream realized, that Ponce-de-Leon sought for three hundred years ago, and never found. He looked for a fountain that would restore the old to youth and make youth ever
AN ETERNAL SPRING!
It was left for this day and hour to realize the dream, and show, in one glorious fact, the magic that made it fair.
These Famous Remedies
Cannot stay the flight of years, but they can force back, and hold aloof, diseases that might triumph over the aged and the young. Let none hesitate then, but improve the favorable opportunity that offers. When taken as prescribed—
FOR BILIOUS DISORDERS
Nothing can be more productive of cure than these Pills. Their almost magic influence is felt at once; and the usual concomitant of the most distressing diseases are removed. These remedies are made from the purest
VEGETABLE COMPOUNDS.
They will not harm the most delicate female, and can be given with good effect in prescribed doses to the youngest babe.
For Cutaneous Disorders
And all eruptions of the skin, the SALVE is most invaluable. It does not heal externally alone, but penetrates with the most searching effects to the very root of the evil.
DR. MAGGIEL'S PILLS
Invariably Cure the Following Diseases.
Asthma,
Bowel Complaints,

The Old Established Hospital.
No. 5 Beaver Street, Albany, N. Y.
QUICK CURES AND LOW PRICES
over Twenty Thousand Patients Cured Annually
DR. J. TELLER continues to be confidentially and successfully consulted on all forms of private diseases, at the old Established Hospital, No. 5 Beaver Street, Albany, N. Y. Twenty years devoted to this one particular branch of practice, enables him to perform cures such as no other Physician can, and his facilities are such (being in correspondence with the most eminent Physicians of the old World,) of obtaining the safest as well as the latest remedies for private diseases, offer inducements to the unfortunate of a quick and rapid cure, to be obtained at no other office in America.
In Syphilis, Gonorrhœa, Gleet, Stricture, Enlargement of the Testicles and Spermatic Cords, Bubo, Ulcerated Throat, Sore Nose, Pimples, Shin Bones, Cutaneous Eruptions, Biles, Ulcers, Abscesses, and all other impurities of the system, are perfectly under the control of the Doctor's Medicines, and have been tested in more than 20,000 cases annually, with immense Success.
YOUNG MEN,
Young Men addicted to secret habits, who have impaired their healths and destroyed the vigor of their minds, thus depriving themselves of the pleasures of the Marriage Bed, should bear in that in consulting Dr. J. Teller, they will find a friend to counsle and a Physician who has cured thousands, in almost every part of the United States, who applied to Dr. J. broken down in health, now rejoice in all that makes life desirable and man happy. The reader is of course aware that the delicacy of this subject will prevent a more minute description of this terrible disease.
DR. TELLER'S GREAT WORK.
A book for every body.—Startling disclosures. Dr. TELLER's great work for the Married or those contemplating marriage—200 pages—full of plates—price 25 cts. Sent to all parts, under seal, by mail, post paid. 50,000 copies sold the past year. The single Married and the Married Hsp, ly. A lecture on Love, or how to choose a Partner—a complete work on Midwifery. It contains hundreds of secrets, never before published.—Warranted to be worth three times the amount asked for it. 25 cents, in specie or postage stamps inclosed, will secure a copy by return mail. Dr Teller has devoted a lifetime to the cure of those diseases upon which his books treat
TO THE LADIES.
Dr. TELLER still remains the only Agency in America, for the sale of Dr. Vichoi's Italian Female Monthly Pills. The sale of more than 30,000 boxes establishes their reputation as a female remedy, unapproached, and far in advance of every other medicine—for stoppages, irregularities, and other obstructions in females
CAUTION.—Married ladies in certain delicate situations should avoid their use. For reasons see directions which accompany each package, for the guidance of patients. On the receipt of $1, (the price per box,) these Pills will be sent, by mail or express, to any part of the world, secure from curiosity or damage.
Office hours from 8 A. M. to 8 P. M., and on Sundays from 2 to 5 P. M.
N. B.—Persons at a distance can be cured at home by addressing a letter to Dr. J. Teller, enclosing a remittance. Medicines securely packed from observation, sent to any part of the world. All cases warranted. No charge for advice.—N. B.—No students or boys employed. Notice this, address all letters to

FLOWER AND VEGETABLE SEEDS.
Vick's Illustrated
Catalogue of Seeds and Floral Guide
FOR THE SPRING OF 1866,
is now published. It contains full descriptions of the choicest floral treasures of the world, and the best vegetables, with plain directions for culture. Illustrated with a COLORED BOUQUETS AND FIFTY WOOD ENGRAVINGS of the newest and best flowers, and containing about 70 pages. ☞ Sent to all who apply enclosing ten cents, which is not half the cost
☞ Flowers from seeds sold by me, obtained the first prizes at the principal State fairs and hundreds of County Fairs, the past summer.
Address JAMES VICK,
March 12.—daw Rochester, N. Y.

VINELAND
FARM AND FRUIT LANDS.
In a mild and healthful climate. Thirty miles *south* of Philadelphia by Railroad, in New Jersey, on the same line of latitude as Baltimore, Md.
The soil is rich and *productive*, varying from a clay to a sandy loam, suitable for Wheat, Grass Corn, Tobacco, Fruits and Vegetables. This is a *great fruit country.* Five hundred Vineyards and Orchards have been planted out by experienced fruit-growers. Grapes, Peaches, Pears, &c., produce immense profits. Vineland is simply one of the most beautiful places in the United States. The entire territory, consisting of fifty square miles of land, is laid out upon a general system of improvements. The land is only sold to actual settlers with provision for public adornment. The place, on account of its great beauty, as well as other advantages, has become *the resort of people of taste.* It has increased five thousand people within the past three years. Churches, Stores, Schools, Academies, societies of Art and Learning, and other elements of refinement and culture have been introduced. Hundreds of people are constantly settling. Hundreds of new houses are being constructed. Price of Farm land, twenty acre lots and upward, $25 per acre. Five and ten acre and Village lots for sale.
Fruits and Vegetables ripen earlier in this district than in any other locality north of Norfolk, Va. Improved places for sale.
Opening for all kinds of business. Lumber Yards, Manufactories, Foundries, Stores and the like; steam Power with rooms, can be rented.
For persons who desire mild winters, a healthful climate, and a good soil, in a country beautifully interspersed with fruits, and possessing all other social privileges, in the heart of civilization, it is worthy of a visit.
Vineland Reviewed, and the Vineland Rural, a paper giving full information, and containing Reports of solon Robinson, sent to applicants.
Address CHAS. K. LANDIS, Vineland P. O., Landis Township, New Jersey.
From Report of Solon Robinson, Agricultural Editor of the Tribune:—*It is one of the most extensive fertile tracts, in an almost level position and suitable condition for pleasant farming that we know of this side of the Western Prairies.* nl—dawtu

Morning Chronicle.

Portsmouth, N. H.

SATURDAY, APRIL 14, 1866.

☞ A dreadful crime was discovered in the lower section of Philadelphia, Wednesday afternoon. A family of seven persons, consisting of Christopher Deering, his wife, niece, and four children, had been murdered on Deering's farm, at Point House road and James' lane. It is supposed the murders were committed last Friday by a German laborer. The crime was discovered by finding the bodies of Deering and his wife in a barn. One of the victims was an infant ten months old. Plunder seems to have been the sole object. The horses and cattle in the stable were found in a famishing condition. Mayor McMichael has issued a proclamation offering $1000 reward for the arrest of the murderers.

Correspondence of the Chronicle.

MATANZAS, CUBA, April 6th.

Messrs. Editors:—We have just passed the "Holy Week," and the pageants and processions were such as only take place in countries where the Government is Catholic. A detailed description would be too lengthy, but perhaps a passing glance may not be wholly uninteresting.

The out-door exercises commenced on the 29th ult., the evening preceding Good Friday, when a procession left the Cathedral, representing Christ led away to be crucified. These processions are preceded by a negro tinkling a bell, when every voice is hushed and every head uncovered. The principal point of attraction was a wax figure of Christ bearing his cross, who stood on a platform borne on the shoulders of negroes. On Good Friday all work and business was suspended, under penalty of fines or imprisonment. No horses, volantes, or vehicles of any description were permitted to pass. The freight trains on the railroads were obliged to remain wherever they happened to be; and the engineers on the passenger trains could not ring a bell or blow a whistle. This seems odd in a country where the Sabbath is devoted exclusively to pleasure and amusements, and the people indulge to their heart's content in balls, theatres, and such pleasant and moral pastimes as cock and bull fighting. At five o'clock in the afternoon the burial of Christ took place. The waxen body was in a richly ornamented glass casket, borne by a party of sailors from one of the war vessels lying in the harbor. Following the church dignitaries were the crown officers in full uniform. The rear was brought up by the military—horse and foot—preceded by a splendid band of sixty pieces. From sunrise to sunset, the flags in the city and on the shipping were at half mast, and the yards trimmed for mourning. In the evening another procession came out, with the figures of Mary and John searching for the buried peace. These were carried by negroes.

At ten o'clock on Saturday morning, the firing of cannon from the forts and the war vessels in the harbor announced that Judas was hung. This was the signal for a general and promiscuous use of gunpowder in the city—a sort of second-hand Fourth of July.

On Sunday, all the wealth and beauty of the city was on the Plaza de Armas at sunrise. On this occasion the ladies and gentlemen wear a new outfit,—consequently the fashion was there. The ladies of this country, however, never know the use of a bonnet—no head covering being used more than a gauze-like veil, and seldom that—a custom which cannot be too strongly recommended to the ladies in the North during the warm portion of the year. So many elegantly attired people moving beneath the stately palms in the early morning sunshine, and the pure air heavy with the fragrant breath of tropical flowers, formed a scene of luxurious beauty not easily forgotten.

Presently, the three bells on the gorgeous palace chimed six, and the faint tinkling of a bell announced the approach of the most imposing procession of all. The risen Redeemer was borne by a party of sailors, followed by the Holy Sacrament, under a silken canopy, supported by priests with silver rods. As this passed, every Catholic bowed the knee; and the "heretics" could easily be discovered by their remaining standing. Negroes carried the figures of the two Mary's; after which came the military. The Altar at the Cathedral was differently and gorgeously arrayed each day, and guarded by two soldiers. The pious Catholic views all these with deep solemnity and awe; to the careless and indifferent, they are a farce; but to the true and believing Protestant, they are a mockery of things most sacred.

On the 18th ult., at five o'clock in the morning, the boiler on the barge San Lorenzo, about a dozen miles from here, collapsed a flue, killing three men, and severely scalding the engineer, A. J. Faller. Mr. Mr. Faller belongs in Portland, where he has a large circle of friends. Although his burns are serious, he is doing well, and will doubtless recover. U. U.

NOTES OF FORMER DAYS.

Collected and Collated by UNCLE TOBY.

The British Treaty of 1795 disapproved in Portsmouth Town Meeting—Republican Riot and Victory.

The treaty between the United States and Great Britain, had been laid before the Senate, who advised the President to ratify it. While he had it under consideration, a member of the Senate procured it to be published, which caused the President great embarrassment. The country was divided in opinion, as to its operation and effect. The town of Portsmouth met for the purpose of expressing their opinion on the subject, on the 16th of July, 1795; and after voting, "That it was inconsistent with the interest and honor of the United States to adopt" the treaty; they agreed upon the follow address:

"To George Washington, President of the United States of America:

"Sir—Convinced of your inviolable attachment to the interest and happiness of the States over which you preside, and your readiness on all occasions to attend to every just complaint of the people, we, the citizens of Portsmouth, constitutionally assembled in public town-meeting to signify our opinions relative to the treaty between Great Britain and the United States of America, consented to by a majority of the Senate, and recommended for your ratification, having taken the same into our most serious consideration, beg leave to express our most hearty disapprobation thereof for the following general reasons, viz.:

First—Because that part of the treaty of 1783, securing the payment of debts due to British subjects, is rigorously enforced, while an important article in the same treaty, requiring a compensation for negroes and other property, unjustly removed, is placed wholly out of view.

Second—Because the 9th article confers a privilege on British subjects, which though expressed in terms reciprocal, yet from the different circumstances of the two nations, not only wants an equivalent, but is a direct infraction of the rights of individual States.

Third—because the bonds required of commanders of privateers, are wholly inadequate for the purposes for which such provision was made.

Fourth—Because the regulations of trade, commerce, and navigation between the two parties, contained in the 3d, 13th, 15th, and 17th articles, hold out the most decided advantage to British subjects, and must in their operation prove destructive to American commerce and navigation.

Fifth—Because by the 18th article many articles of export are admitted as contraband of war, which by our treaties with France, Holland, and Sweden are declared free; by which means, a disposition to aid the British in the destruction of the navies of those nations is fairly implied.

Sixth—Because all the essential advantages, relating to the United States from a ratification of the treaty, are such as they have right to demand, either by virtue of the treaty of 1783, or from principles of common justice, were there no treaty existing; while many important privileges are allowed the British, without a counterpart.

Thus have we stated a few of the many objections that might be opposed to the treaty. We forbear entering into a more particular detail, as it would probably be but a repetition of those which we presume must flow in to you from every quarter, as the guardian and protector of our rights and liberties, and who alone in the present instances, can avert the many evils that threaten our rain.

We therefore most fervently request that the treaty between Great Britain and the United States, may not receive your ratification, till it undergo such alterations as shall render it conducive to the interest, honor, and lasting peace our country."

They voted, That this town heartily approve of the conduct of Mr. Langdon, and his nine patriotic associates, in opposing the ratification of the treaty between Great Britain and the United States of America. And they voted the thanks of this town to Mr. S. T. Mason, a Senator from Virginia, for his patriotism in publishing the treaty unduly withheld by the Senate from the people.

This treaty caused a great ferment among the inhabitants. Samuel Livermore, the other Senator in Congress from New Hampshire had voted for its ratification. A counter address to the President was drawn up and signed by a large number of individuals. But to prevent its being sent on, two or three hundred of the enraged populace assembled, and armed with clubs paraded the streets, with drums beating, and carrying the effigies of the commissioners who made the treaty, and the Senator who voted for its ratification; insulting many of the signers of the address, broke their windows and fences, injuring their trees, and with threats of personal injury and violence demanded the address of the person who had it in possession. After keeping the town in terror and confusion several hours, they burnt the effigies, and then dispersed. Ten of the principal persons concerned in this riot, were indicted at the next Superior Court.

Mr. Adams, whose statement we copy as above, states the case without using any party names. But it may interest some persons who are not familiar with the history of that day, to know that the above was the first victory in Portsmouth, of what was afterwards known as the Republican party. Those who signed the counter address were chiefly Federalists; and their treatment in this case, by the victorious Republicans, was a specimen of the regard which the perpetrators had for equal rights.

— The President is reported to have stated to some Congressmen Thursday, that he was opposed to the Civil Rights Bill, but it was now a law and it should be executed. Perhaps, he said, it would be found less objectionable than he had thought: or, if his own views were sustained, it would hereafter be amended.

CONGRESS, on Thursday, April 12, was mostly occupied in hearing eulogies on Senator Foot, of Vermont, lately deceased. The House concurred in the joint resolution banishing intoxicating drinks from the Capitol.

The bill appropriating $25,000 for temporary relief to the destitute people in the District of Columbia, to be expended under the direction of the Freedmen's Bureau, was passed.

Mr. Banks, from the Committee on Foreign Affairs, reported back the Senate's bill to authorize the President to transfer a gunboat to the Republic of Liberia, to aid in suppressing the slave trade. Passed.

The indications now are that the Reconstruction Committee will recommend as a "Policy" an amendment to the Constitution, which the Southern States must individually ratify before their Senators or Representatives can be admitted.

☞ A great fire took place on Thursday afternoon, at East Cambridge, Mass., destroying several large buildings of the New England Glass Company. It began by the overflow or bursting of a tank containing 500 gallons kerosene oil, which started an immense flame. Loss $75,000. The tall chimney is not hurt; two furnaces are in good order; the store-houses are safe; the glass workmen are clearing away the rubbish, and glass making will begin again next Monday.

☞ In the Tennessee legislature a quorum has been obtained in the House by the reception of the report of the Committee on Crudentials and the consequent admission of members. The franchise law was passed by an overwhelming majority.

☞ Late News from Mexico, is favorable to the Liberals. A great fire in the City of Mexico, 27th March, destroyed $300,000 worth of property. It began in the gas work.

☞ From L. Scott & Co., New York, we have their reprints of Blackwood's Magazine and the Edinburgh Review.—Any of the Reviews or Blackwood may be had of them for $4 per year, or the five for $15.

☞ Hon. Daniel S. Dickinson, aged 66, died at Elmira, N. Y., Thursday evening. He had been Lieut. Governor of New York, and U. S. Senator; he was one of the acknowledged leaders of the Democratic party, up to the beginning of the rebellion, since when he has been one of the most loyal—and therefore his old associates forsook him; but he remained true till death.

EDWARD W. GREEN, the murderer, who killed Frank Converse in the Malden Bank, Dec. 15, 1863, was hanged at East Cambridge, Friday, April 13, 1866. Rev. J. G. Adams, of Lowell, formerly of Malden, offered prayer at the execution.

— A man was arrested in Philadelphia Friday morning, who confesses the murder of the Deering family,—and exposes and describes an accomplice.

GOLD, Friday, 126 3 8.

THE LADIES' PRONUNCIAMENTO!—While protesting against all the old worthless Dentifrices now in the market, the Ladies, with one consent, have adopted the SOZODONT as the one thing needful to insure the integrity of the teeth and a fragrant breath. 2

— Herrick Allen's Gold Medal Saleratus is far superior to super-carbonate of soda, and may be used in the same manner with cream tartar, and for all other purposes where soda is used. It is perfectly healthy, and requires less in quantity. Try one paper, and you will never have any other. Grocers and Druggists sell it. 73

Business Notices.

In no respect like a Dye is Root's PESTACHINE.

Holloway's Pills.—Impurity of the Blood.—Health consists in the purity of the fluids and solids which compose the human body; if the blood becomes vitiated it infects the whole system by its course through every pipe and tissue. Holloway's Pills not only expel all humors which taint or impoverish this vital element, but purify and invigorate it, and by supplying a gentle and wholesome stimulus to the circulation they strengthen each part, and give ease to the whole frame. Sold by all Druggists. ap14—1w

T. E. MOSELEY & CO.,

SUMMER ST., Boston, offer a large stock of Boots and Shoes, for Ladies, Gentlemen, Misses and Children, at low prices. 5

CROUP—Almost daily we are called upon to chronicle the death of some loved one, by this dread disease, which often takes its victim away from loving parents with only very short notice. Every mother should supply herself with Coe's Cough Balsam, for it is no exaggeration to say, it will cure ninety-nine cases in one hundred, if taken in season. There are very many mothers who will tell you they owe the life of some dear one to this wonderful medicine. One very desirable quality is that it leaves no bad effect, it being perfectly harmless. In cases of cough, hoarseness or tickling in the throat, it has no equal. ap9eodawlw

DEATHS.

In Dover, April 5th, Mr. MOSES F. REED, aged 54.—April 6th, Mrs. ELIZABETH C. BEAN, aged 77.—April 7th, Mr. JOSEPH HARTWELL, aged 68.—April 8th, Mrs. JERUSHA F. THOMPSON, aged 23.—April 10th, Mr. JOHN H. PLACE, aged 29 years 4 months.

MARINE CHRONICLE.

PORT OF PORTSMOUTH.

Arr 12th, sch Express, Dix, Elizabethport.

THE WATER WAR.—On Monday week, Deputy Young of Ossipee, the "News" says, came over to Wolfeborough and served processes on some half dozen persons for alleged trespasses upon the property of the Winnipiseogee Lake Cotton and Woolen Manufacturing Company. On the same day the agent and his aids tightened the dam all up, completely stopping the leaks. During the time this was being done, a wrench was being made to fit the gate at the dam. As soon as completed, Mr. Colby, who runs the grist mill, hoisted the gate, and let on water sufficient to run his mill. The gate has not been closed since. Thus matters stand at present.

BAILEY & GLINES.

Portsmouth, April 11, 1866. 4t

Important.

DR. STEVENS, No 5 Daniel Street, would give notice that he has REDUCED the price of Permanent Sets of ARTIFICIAL TEETH on the Vulcanite Base, to that charged for them before the war.

He would also give notice that he is doing a new style of work for Under Sets of Teeth, called the COMBINATION BASE (Gold and Vulcanite) which produces by far the finest work offered to the public. The price is something in advance of that charged for the Vulcanite alone, but the strength, durability, ease of bearing, and beauty of finish obtained by it, more than double the value of the teeth. mh12

GEORGE F. WEED,

S-u-r-g-e-o-n D-e-n-t-i-s-t,

FIRST ASSISTANT in the Office of Dr. STEVENS, No. 5 DANIEL STREET.

DR. WEED can be found at his place of business at all hours of the day and night, for the performance of any of the operations that come within the call of his profession.

Dr. A. P. STEVENS, No. 5 Daniel St., makes the saving of ULCERATED and painful root teeth, a specialty in his business. He also successfully restores to their natural shape broken or badly decayed teeth, by building out corners and sides with PURE GOLD. (In many cases teeth so restored are as strong as any of their brother members, and in all cases are rendered eminently useful for a long series of years.) DISEASED TEETH, in all stages, treated, and in a very large majority of cases entire success attained.

Charges for such operations necessarily high, but nothing in comparison to the value of the teeth. mch14

(26 City Exchange) No. 10 Devonshire st.,

mh22—1m Boston.

WHICH IS THE

Leading Life Insurance Comp'y

IN THE UNITED STATES?

Which is the Safest and the Cheapest?

The following figures are from the later Reports of the New York Insurance Commissioner, showing the "amount of business" of the

MUTUAL BENEFIT

LIFE INSURANCE COMPANY,

to be the *largest*, the "expenses of management" the *smallest*, the "ratio of Assets to Liabilities," or the *security* furnished to its members, the *largest* of any life institution in the country.

Premiums received in 1864	$2,089,072
" " " " 1865	3,029,087
Ratio of expenses to premiums rec'd in '64	12.96
" " " " " " '65	12.16
Ratio of assets to liabilities, Jan. 1, 1865	151.85

The inevitable conclusion from these official facts, is that the

MUTUAL BENEFIT LIFE

Insurance Company

IS THE BEST AND THE CHEAPEST.

Because its NET ASSETS are proportionably LARGER than those of any other Life Insurance Company in the United States.

Because its "Managing Expenses" are LESS, and it has a LARGER SURPLUS to divide among its members than any Company in the United States.

QUERY. Will some one inform the public of that mysterious process by which a Company with a surplus proportionably *much less*, and expenses *very much* larger than another, can yet divide more to its members, and insure them at *less cost?* How is it done? Where does the money come from?

Every intelligent man will see at once that it *cannot be done.* Yet we have Agents among us that make this their boast.

Any one disposed or intending to insure can be furnished with the requisite information by applying to

HENRY A. YEATON, Agent.

Portsmouth, March 27, 1866.—3mdaw

Special Notices.

IMPORTANCE OF HAVING DAVIS' PAIN KILLER ALWAYS ON HAND.

Wonderful Cure of the Rev. D. L. Brayton, Missionary in India, who was stung by a Scorpion.

Extract from his letter, published in the Baptist Missionary Magazine:

"For the first time since I have been in India, I have been stung by a scorpion. I went out this morning to my exercises, as usual, at early dawn, and having occasion to use an old box, on taking off the cover I put my hand on a scorpion, which immediately resented the insult by thrusting its sting into the palm of my hand. The instantaneous and severe pain which darted through the system is quite incredible; what an awfully virulent poison their sting must contain! I PLACE TO MY BOTTLE OF DAVIS' PAIN KILLER, and found it to be true to its name: after a moment's relief, I saturated a small piece of sponge, bound it on my hand, and went about my exercises, feeling no more particular inconvenience.

Perry's Moth and Freckle Lotion.

☞ Chloasma, or Mothpatch, (also called Liver-spot,) and Lentigo, or Freckles, are often very annoying, particularly to ladies of light complexion, for the discolored spots show more plainly on the face of a blonde than of a brunette; but they greatly mar the beauty of either and any preparation that will effectually remove them, *without injuring the texture or color of the skin*, is certainly a desideratum. Dr. B. C. PERRY, who has made diseases of the skin a specialty, has discovered a remedy for these discolorations, which is at once prompt, infallible and harmless.

Prepared by B. C. PERRY, Dermatologist, No. 49 Bond Street, New York, and for sale by all druggists: price $2 per bottle. Call for PERRY'S MOTH & FRECKLE LOTION.

Sold by all Druggists in Portsmouth and elsewhere. lysndaw—oct19

which are produced in five minutes without injuring the fibres or staining the scalp, by

CRISTADORO'S HAIR DYE

Manufactured by J. CRISTADORO, No. 6 Astor House, New York. Sold by Druggists. Applied by all Hair Dressers. M28dawlm

BRANDRETH'S PILLS. COSTIVENESS, DIARRHEA.—They are taken up by the absorbents, and carried into the circulation, through which medium they are conveyed to every part of the body.

If the pain affects the joints, a single dose produces remarkable benefit. And the same rule applies to costiveness, diarrhea and dysentery; though with the last named they may be required night and morning for some days before decided relief is obtained. In affections of the lungs, throat, head and pleurisy, the relief is certain; the excretory organs throw off with ease the phlegm, and the breathing becomes freer. Spasmodic asthma is often cured by a single dose. mch28dawlm

A Household Necessity exists for the Use of Durno's Catarrh Snuff,

Which, in the first stages of a cold, acts like magic—Headache, Hoarseness, Diptheria, and Bronchitis, Sore Eyes, Deafness, Bad Taste and Smell, being the result of Catarrh. This snuff removes and prevents all these, and insures a healthy Head. Its effects are pleasant and safe, even for infants who suffer from snuffles.

It has the highest professional testimonials.—Sold by all Druggists, or sent by mail to all parts of U. S., for 30 cts. for one Box, or $1 for four Boxes. Address JAS. DURNO,

P. O. Box 1235, New York.

Wholesale, by D. BARNES & CO., 21 Park Row, New York. spndawlymy23

☞ Also, Agents for the Patent Gong DOOR BELL, one of which may be seen and examined in working order at the above Number.

GEO W. THOMPSON,
HENRY G. THOMPSON.

Portsmouth March 9 . . .

Local.

IN BOARD OF ALDERMEN, Thursday evening, April 12, a communication from the Chairman of School Committee of Dist. No. 1, asking for repairs of Hanover Street School House, was referred to Common Council.

A communication from the Chairman of the Board of Health, relative to sources of sickness, &c., was referred to Ald. Wilson, Henderson and Ayers.

The Committee on House of Correction, to whom was referred the subject of repairing the bridewell at the City Farm, recommended the same plan as the former, guarding strictly against the danger of fire from heated tubes. The report was adopted.

The Committee upon the petitions of S. A. Avery, agent; Benj. H. Grant and Geo. S. Leach, for licenses for billiard tables, recommended that the same be granted at fifty dollars, with a proviso inserted in the license that any violation of Ordinance No. 31 (which provides that no intoxicating drinks shall be drank in or about the same, or any minor to be admitted or allowed to play at billiards in such billiard room, without permission in writing of his parent, master or guardian; and that such billiard rooms shall not be kept open between the hours of eleven in the evening and six in the morning.—nor on Saturdays after ten o'clock in the evening;) shall cause said licenses to be forfeited. The report of the Com. was adopted.

The same Committee reported that no action be taken on the petition of S. A. Avery and others, asking that "the same laws may be applied to persons who keep Billiard Rooms that are now applicable to Oyster Saloons, &c." Adopted.

The Committee on Streets, to whom was referred the petition of Wm. Stearns and others to straighten and widen Cabot St., at the corner of Cabot and Islington streets, recommended that the street be straightened and widened as follows: "Beginning on the line of Cabot street, at the southwest corner of land of John W. Moses, and running north to Islington street, to a point three feet east from the corner of Cabot and Islington streets, on land of the said John W. Moses." The Committee also recommended that a round turn be made on the above-named corner, and that Mr. Moses be paid the sum of $100,—as the proposed alteration will take about 165 feet of land now owned by him. Adopted.

An Ordinance amending Ordinance No. 104, which proposes to increase the salary of firemen to $15 each per annum, was read and referred to Com. on Bills on 2d Reading.

An ordinance entitled "an ordinance to amend an ordinance to prevent unlawful an injurious practices in the streets of this city" was read and referred to same Committee. "Keep moving, boys."

Resolutions were adopted requesting the Mayor to direct the Marshal to strictly enforce the Sabbath Ordinance, and notify all vendors of liquors before next Sunday that they will be prosecuted if they violate the same; that the Marshal be requested to require the keepers of all billiard saloons to take out licenses within twenty-four hours from serving this notice, and that failing to take out such license then he shall enforce the ordinance relative thereto; and that the Mayor be requested to notify the Marshal to enforce the present statute law relative to the sale and use of intoxicating liquors, in this city.

☞ There will be services in the Court Street Christian Chapel to-morrow (Sabbath evening) at 7 1-4 o'clock. The pastor will preach to young men; a cordial invitation is extended to all.

☞ Mr. Wendell will sell at auction today, furniture, glass ware, a melodeon, &c.

Auctioneer Morse, at noon, will sell house No. 12 Gates street; to be removed from the premises.

NEW HAMPSHIRE ITEMS.

—— The buildings, fixtures, &c., of the Webster Hospital, at Manchester, have been sold at Auction; and brought about $17,000.

—— John Wallen, son of Capt. R. Wallen, of Hinsdale, died on Tuesday last, from the effects of a fall from a car on the freight train of the Western Railroad, near Springfield.

—— A son of Mr. James Burton of Wilton, while cleaning his gun, was wounded, it is feared fatally, by its accidental discharge, caused by a child running against it. The contents lodged in his side.

—— A five year old boy fell into a well thirty feet deep at Chesterfield, a few days ago. The men were all gone and there were no neighbors within half a mile. His mother let down a rope and drew him almost up, when he fell back to the bottom. She then went down and drew him up, and neither of them are the worse for it.

—— Miss Judith Little, aged 82 years, died at Atkinson, April 6. Her funeral was attended at the Universalist Church, Rev. Mr. Page of the Congregational Church taking part in the services. The address was by Rev. G. W. Skinner. Miss Little was a person of extraordinary memory, vivacity, and christian kindness, known and esteemed by all the people of the place, and a multitude of visitors.

NEW ADVERTISEMENTS.

GET THE BEST.

Webster's Unabridged Dictionary.

NEW ILLUSTRATED EDITION.

Thoroughly revised and much enlarged. Over 3,000 Fine Engravings. In a well-nigh indispensable requisite for every intelligent family.

It contains 10,000 WORDS and MEANINGS not found in other dictionaries.

It is now believed to be by far the most complete, useful and satisfactory Dictionary of the language ever published, as it is by far the largest single volume ever issued in any language.

The possession of any other English Dictionary or any previous edition of this, cannot compensate for the want of this very full and complete one. In its recent perfected state it must long remain the BEST COLLEGE DICTIONARY, and once possessed, remain of constant and abiding value.

What book, beside the Bible, so indispensable as a good Dictionary?

In one vol. of 1,840 Royal Quarto Pages. Published by G. & C. MERRIAM, Springfield, Ms.

Valuable Real Estate

AT AUCTION.

(By virtue of a license from the Hon. Judge of Probate for the County of Rockingham)

On TUESDAY, April 17, at 12 o'clk M.,

on the premises.

The Real Estate of the late CHARLES W WALKER, of Portsmouth, deceased. Said property will be sold in three separate lots or parcels, viz:

The First Lot to consist of the well known MARKET STREET HOUSE, situated on the corner of Market and Green streets, with land connected therewith, bounded 89½ feet more or less on Market street, 103 feet more or less on Green street, 106 feet more or less by Lot No 2, 107 feet more or less by land formerly of James Pickering, land of James Junkins and others; the lot containing 9825 feet, more or less

The Second Lot consists of land on Green street bounded 38 feet more or less on Green street, 110 feet more or less by land of Estate of George Chesley, 35 feet more or less by land formerly of James Pickering and others, and 106 feet more or less by lot No 1; the whole lot containing 3925 feet, more or less.

The Third Lot to consist of the Stable lot, so called, on Green street, with the stable and Office building thereon. The lot is bounded southerly about 25 feet on said Green street, easterly about 72 feet on land of E. S. Wendell, northerly about 50 feet on Railroad land, and westerly by Railroad land and adjoining cemetery; containing about 2710 feet. The Stable is 38 by 86 feet, and the office-building 30 by 40 feet.

The above offers a rare chance for capitalists or others. The property is prominently situated on one of the main avenues of the city. The "Hanover House" is large and well located, conveniently situated for a Hotel or large Boarding House, and has been occupied as such for many years. It contains 19 rooms and ells, and also a Store. The stable has been used, and is a good location for a Livery Stable.

If desired, a portion of the purchase money can remain on a mortgage of the premises.

For further particulars inquire of J. M. EDMONDS, Portsmouth; C. W. SIMPSON, Kittery, Me., Guardian of the minor heirs, or of the subscriber. JOSEPH P. MORSE.

Morning Chronicle.

☞ The New York Sun says—It is a singular circumstance in respect to both the Freedmen's Bureau Bill, and the Civil Rights Bill, that they were calculated to increase the patronage of the President. A public officer who refuses to extend his power because he believes the proffer to be detrimental to the principles of our Government, is a very great rarity; and so long as President Johnson manifests that disposition the people will feel that the Government is not in so much danger as the radicals would have the country believe.

[No man in his senses can believe that our President is afraid of having too much power, whatever he or any body else may *pretend*. His actions show the contrary side, on that point.]

— Natives of Charleston must have rice, which used to be very plentiful there, as it was raised in that vicinity, most abundantly, and of fine quality. Now the people of Charleston are eating inferior rice, imported from India. The change is one effect of their foolish rebellion.

— The pew-holders and members of Dr. Sunderland's church in Washington, have held a meeting, at which, after a full discussion of the action of the pastor and the trustees in giving the use of the church for Fred. Douglass's lecture, a resolution of censure received but fifty-four votes.

— Maj. Gen. Howard is persuading the numerous unemployed freed people in Washington to go South with those willing to engage them. A party of two hundred and fifty leave to-morrow for Mississipi, and a large party will leave for Louisiana in a day or two. The wages paid are fifteen dollars per month to first rate men, and nine dollars to woman, with houses and rations of meat and meal.

— Joseph Segar, Senator elect from Virginia, has addressed a letter to Gen. Howard, showing that the Legislature of that State, at its last session, was fully alive to the great change in the status of the colored race, resulting from emancipation. "Protection to the personal rights of the negro and care for his moral welfare," says Mr. Segar, "run throughout its enactment." Gen. Howard has replied, stating that it is but due to the Legislature of Virginia to publish the letter, as we ought to cherish every right sentiment and welcome the passage of every just law.

SUFFERERS
From Dyspepsia
READ! REFLECT!! ACT!!!
TARRANT & CO
Gentlemen: I am a resident of Curacoa, and have often been disposed to write to you concerning the real value of your SELTZER APERIENT as a remedy for indigestion and dyspepsia. I desire to express to you my sincere gratitude for the great benefit the SELTZER has done my wife.
For four or five years my wife has been sadly afflicted with Dyspepsia, and after being under the treatment of several Doctors for two or three years, she was finally induced to seek the advice of a learned Physician, Doctor Cabialis, of Venezuela, who immediately treated her with your EFFERVESCENT SELTZER APERIENT. She began to improve at once and is now PERFECTLY WELL.
I feel it to be my duty for the good of humanity to make this statement, feeling that a medicine so valuable should be widely known.
Imparting that you will give this publicity, and repeating my earnest gratitude and thanks,
I am very respectfully yours,
S. D. C. HENRIQUEZ,
Merchant, Curacoa, S. A.
New York, June 28th, 1865.
WE ASK
The suffering millions in our land to give this remedy a fair trial, convinced that by this timely use many may be relieved, many cured of
Dyspepsia, Heartburn, Sour Stomach, Sick Headache, Dizziness, Indigestion, Costiveness, Nervous Attacks, Liver Complaints, Rhematic Affections, &c.
Read the Pamphlet of Testimonials with each bottle and do not use the medicine against the advice of your Physician.
MANUFACTURED ONLY BY

DUTCHESS NURSERIES
POUGHKEEPSIE, NEW YORK,
FERRIS & CAYWOOD, Proprietors.
We call the attention of our customers and the public to our stock of GRAPE VINES, which is larger than ever before. Having had over twenty years' experience in the management of Vineyards and the propagation of Vines, and our present stock having been grown from bearing wood only, with constant care during the season, we think they will compare favorably with any others that are offered for sale.
Our stock of MONTGOMERY VINES is very large. This variety not being generally known, we will give a brief description: White, a seedling of the White Chasselas, an unparalled grower and bearer, clusters often weighing two pounds, with a mild nutmeg flavor. It is classed with hardy grapes, but we protect it in winter as we do all other varieties in this part of the State.
Our stock of the various kinds of EVERGREEN and DECIDUOUS TREES is very large, and is offered at moderate price; and at very low rates by the quantity, to those who are laying out and improving their places, cemeteries, or public grounds, and to nurserymen. We challenge competition.
Grape Vines.
"DELAWARE"—Strown in open border. No. 1, one year old, 30 cents each, $25 per 100; No. 2, ditto, 25 cents each, $20 per 100; No. 3, ditto, 20c each, $10 per hundred; well grown vines in pots 25c each, $15 and $20 per 100.
"MONTGOMERY"—No. 1, one year old in border, very strong plants, many equal to two years' growth, 40c each, $30 per 100; No. 2, one year old, good plants, 75c each, $65 per 100.
"REBECCA"—No. 1, one year old in pots, 30c each, $25 per hundred; No. 2, ditto, 25c each, $20 per hundred.
"ALLEN'S HYBRID"—3 years old, $1 50 each; 1 year old, 50c to 75c each, $40 per hundred.
"CUYAHOGA"—No. 1, two years, 25c each, $20 per hundred; No. 2, ditto, 20c each, $15 per hundred.
"CREVELLING"—No. 1, in open borders, 50c each, $40 per hundred; No 2, ditto, 40c each, $30 per hundred; No. 3, ditto, 30c each, $20 per hundred.
"ROGERS' HYBRID"—Nos. 3, 9, 15, 33—60c and 75c each; two years old, $1 to $1.50 each.
"UNION VILLAGE"—No. 1, in open border, 50c each, $35 per hundred; No. 2, in pots (strong) 40c each, $30 per hundred.
"IONA and ADIRONDAC"—One year old, from eyes, No. 1, $1 to $1.50 each; No. 2, 75c to 90c each; No. 3, 50c each. mch20

Reputation Established!
Mrs. S. A. Allen is truly a public benefactress, and her wonderful success is unprecedented. Her fame and her discoveries have gone abroad, and to-day she is in her line the largest manufactress in the world.
Everybody Interested.
Youth and old age are alike benefited by the use of Mrs. S. A. Allen's World's Hair Restorer and Hair Dressing. They act directly upon the roots of the hair, causing luxuriant growth and beauty. Your hair, if changed to grey or white by sickness or other causes, will soon be restored to its natural color and beauty. Dandruff eradicated forever. The Hair falling stopped. The most delicate head-dress or bonnet can be worn without fear of soiling. The most delightful fragrance to the hair is imparted. If you wish to restore your hair, as in youth, and retain it through life, without delay purchase a bottle of Mrs. S. A. Allen's World's Hair Restorer and Dressing.
Sold by Druggists throughout the World.
PRINCIPAL SALES OFFICE,
198 & 200 Greenwich St., New-York.

Lodi Manufacturing Company's
POUDRETTE.
AGENT FOR NEW HAMPSHIRE,
J. F. SHORES, Jr.,
No. 38 Market Street (Up Stairs.)
The advantages of Poudrette as a manure may be stated as follows:
First, its ECONOMY. The *cost* of the manure compared with its *effects* is less than that of any other fertilizer in the market. It can be bought and applied for the same money which it would cost only to apply farm-yard manure. It is portable, containing great strength in a small compass, and needs *no extra care in its application*; the closer its contact with the seed the better and quicker it works. A 200 pound bag of Poudrette (or two barrels) will manure an acre of corn in the hill, add from one-quarter to one-third to the product, and will mature the crop from two to three weeks earlier. *No worms* will stay in the hill where the Poudrette is placed. *No seeds of weeds will germinate*, and crows are very shy of pluckling it out of the hill. As for Garden Vegetables it has no equal. While the leaf and growth of the Tobacco plant is large, it has not the coarseness of fibre which is found in the Peruvian Guano, and it has taken the lead for this crop in Connecticut, and has begun to be appreciated in Maryland.
It is famous for producing larger and finer potatoes than anything else, and the stories told about Onions, their largeness, &c., are almost beyond credence. Flowers and plants are much improved by an application of Poudrette.
Farmers should remember that the season of the year when the corn is planted, it is a time when every spring crop will be forwarded most efficiently for the last hoeing and planting, before the commencement of grass and hay harvest.—The security and dispatch with which a large crop of corn is put in and poudretted, the rapid growth and consequently the early opportunity of working among it—the small chance for weeds, owing to the shade it affords, and the fact that the *Poudrette, unlike other manures, contains no seed that can germinate*, and consequently less trouble required to clean it—are all important advantages. The corn will ripen two weeks earlier, and the yield will be much heavier.
The same remarks apply to Sorghum and Broom Corn
For grass, where it is about to be laid down to lay, or for several years, a top dressing of Poudrette will be found invaluable.
We wish to remark in this place, that Poudrette is not like some quack medicine warranted to cure all kinds of diseases. It must be used with discretion, and a reasonable quantity will produce a reasonable effect.
Poudrette will answer no better than other manures on wet, sour, undrained land, or in seasons of drought. In other words, Poudrette is an invaluable substitute for farm yard manure, and can be used with great profit and advantage upon most spring crops, but it will neither work miracles, drain the land it is put upon, nor cause rain to fall in time of drought.
Price per Barrel $2.25—delivered at any part of the city, or at any depot or wharf.
Important Notice!—When Poudrette is spoken of, we mean "LODI POUDRETTE," which has now stood the test of twenty-six years' trial; and when buying, *be sure and get that brand!*
A descriptive pamphlet may be had on application. mh29

ISRAEL MARDEN & CO.,
No. 39 Congress St., Portsmouth, N. H.,
—DEALERS IN—
S. Vance's Submerged Well PUMP.
This unsurpassable invention, now being first introduced, will, it is believed, supersede all other Well Pumps now in use.
ITS ADVANTAGES.
FIRST, SIMPLICITY.—This Pump is composed of but three parts, and is so simple in its construction that any one can easily put it together.
SECOND, DURABILITY.—Its peculiar construction, and the fact that it is always submerged combine to make it the most durable of all Pumps yet invented.
THIRD, NEVER FREEZES.—The valves are so constructed that, when not in motion, they allow all the water above to pass down into the well, and thus prevent freezing.
FOURTH, POWER.—For the amount of power applied, this Pump excels anything known. It throws one third part more water than ordinary pumps, and works so easily that even a child can pump without fatigue. It is in this way the greatest labor-saving pump now offered to the public.
FIFTH, IT IS INVALUABLE.—For a well pump it is invaluable, as all the iron which is submerged consists of but three small pieces, and these galvanized. It can in no way corrode, consequently it brings up pure water at every stroke.
SIXTH, CHEAPNESS.—This Pump is so made that it costs but a trifle, and is warranted to keep in use for years. No repairs at all are needed. It is very light, and thus the cost of transportation is very small.
☞ Manufactured by S. VANCE & CO., No. 31 Liberty Street, Newburyport, and for sale in Portsmouth by the Sole Agents for N. H.,
ISRAEL MARDEN & CO.,
39 Congress Street.
☞ We are permitted to refer to Mr. MONROE HOLMES and to Mr. FRANK W. MILLER of the Daily Chronicle, who have these new pumps in use on their premises,—for testimony to their excellence.
Portsmouth, Oct. 16th, 1865.

CHEROKEE CURE,
THE GREAT
INDIAN MEDICINE,
Cures all diseases caused by self-abuse, viz:—*Spermatorrhœa, Seminal Weakness, Night-Emissions, Loss of Memory, Universal Lassitude, Pains in the Back, Dimness of Vision, Premature Old Age, Weak Nerves, Difficult Breathing, Pale Countenance, Insanity, Consumption*, and all diseases that follow as a sequence of youthful indiscretion.
The Cherokee Cure will restore health and vigor, stop the emissions, and effect a permanent cure after all other medicines have failed. Pamphlet page pamphlet sent in a sealed envelope, free to any address.
Price $2 per bottle, or three bottles for $5. Sold by all druggists; or will be sent by express to any portion of the world, on receipt of price, by the sole proprietor,
Dr. W. R. MERWIN, 37 Walker St., N. Y.

Cherokee Remedy,
Cures all Urinary Complaints, viz: *Gravel, Inflammation of the Bladder and Kidneys, Retention of Urine, Strictures of the Urethra, Dropsical Swellings, Brick Dust Deposit*, and all diseases that require a diuretic, and when used in conjunction with the
CHEROKEE INJECTION,
does not fail to cure *Gonorrhœa, Gleet and all Mucous Discharges*, in Male or Female, during *a second course in from one to three days*, and is especially recommended in those cases of *Fluor Albus or Whites in Females*. The two medicines used in conjunction will not fail to remove this disagreeable complaint, and in those cases where other medicines have been used without success.
Price, Remedy, One Bottle, $2. Three Bottles, $5.
" Injection, " " $2, " " $5.
The Cherokee "*Cure*," "*Remedy*," and "*Injection*" are to be found in all well regulated drug stores, and are recommended by physicians and druggists all over the world, for their intrinsic worth and merit. Some unprincipled dealers, however, try to deceive their customers, by selling cheap and worthless compounds,—in order to make money—in place of these. *Be not deceived.* If the druggists will not buy them for you, write to us, and we will send them to you by express, securely packed and free from observation. We treat all diseases to which the human system is subject, and will be pleased to receive full and explicit statements from those who have failed to receive relief heretofore. Ladies or gentlemen can address us in *perfect confidence*. We desire to send our thirty-two page pamphlet free to every lady and gentleman in the land. Address all letters for pamphlets, medicines, or advice, to the sole proprietor,
Dr. W. R. MERWIN, 37 Walker St., N. Y.

Daily Morning Chronicle

VOL. XXVII. PORTSMOUTH, N. H. MONDAY, APRIL 16, 1866. No. 89.

The Chronicle.

STARTING NEWSPAPERS.—At a dinner party in New York on Tuesday night, Mr. Greely stated that since the commencement of the Tribune in 1841, something like five hundred daily newspapers have started in the city of New York, of which not more than five survive. The "Tribune" was started on a capital of one thousand dollars, and that, as Mr. Greeley states, borrowed money. To establish the "World," the editor says, and no one will doubt it, cost two hundred thousand dollars.

THE STEAMBOAT-BURNING AT ST. LOUIS.—The underwriters of St. Louis, upon investigation, have arrived at the conclusion that the recent destructive steamboat fires were caused by the careless use of coal oil. It is reported that the cook of the steamer on which the last conflagration broke out, poured oil out of a lamp upon the fire to make it burn, when the oil or gas in the lamp took fire and exploded, spreading the flames all around. The underwriters have given notice that the use of coal oil in any steamboat will vitiate the insurance.

CIVIL RIGHTS AND FREEDMEN'S BUREAU.—Gen. Howard, the head of the Freedmen's Bureau, is reported to be very much pleased with the passage of the Civil Rights bill. He says it comes in greatly to his relief—removing many labors from himself and his assistants, and at the same time securing and simplifying a system where both were so much needed. Until it passed there was considerable confusion between him and the hostile or imperfect State courts of the South; but now that a plan is laid down he can very easily adapt his regulations to it. Gen. H. has also written a letter to the House Committee on Freedmen's affairs, requesting a defunction by law, of his powers and duties,—in short a new and improved Freedmen's Bureau bill. Such an one is in progress of preparation.

☞ General Howard has ordered that Mrs. Maria Syphax, a colored woman, be permitted to enjoy full possession of seventeen acres of the Arlington estate, on which she has resided for the last thirty years. Mrs. Syphax is said to be a half-sister of Mrs. Robert E. Lee, they both being the daughters of G. W. P. Custis.

HIGHLY IMPORTANT
UNFORTUNATE FEMALES!
DR BRISCOE'S FEMALE DROPS are unsurpassed by virulence and efficacy in removing all complaints of whatever nature peculiar to females. He continues, with his usual success, to medically and surgically remove Obstructions, Enlargements, Leucorrhœa, Whites, General Debility, &c., and suppressions of all kinds; also all complaints of the Lungs, Liver, Kidneys, Spleen, Bladder, &c.
His medicines will be sent to any part of the country by express or mail; addressed by a communication stating particulars, will receive prompt attention.
Office, No. 23 Endicott street.
Persons at a distance can consult DR. BRISCOE, by letter, describing the case, and have the medicines securely put up, and forwarded to any part of the United States, with full directions for use. Office arranged with separate apartments, so that patients see none but the Doctor himself.
Address DR. BRISCOE, at No. 23 Endicott St., Boston, Mass.; stating symptoms. All communications are confidential.
Patients furnished with rooms and board if desired, and secrecy observed in every case.
Office hours from 9 A. M. to 9 P. M.
Boston, July 16, 1865. 1Tuhly
DR. M BRISCOE still continues his successful treatment of all Private Diseases and also Female Complaints, at his old established office, No. 23 Endicott street.
N. B.—The sick and afflicted will do well to give him a call. A short consultation will cost you nothing, but a word of friendly advice may save you years of suffering.
P. S.—Ladies who wish to stay in the city under my care a few days, can be furnished with kind nurses. Charges moderate.

WEBSTER'S UNABRIDGED DICTIONARY — NEW ILLUSTRATED EDITION 3000 ENGRAVINGS

GET THE BEST.
Webster's Unabridged Dictionary.
NEW ILLUSTRATED EDITION.
Thoroughly revised and much enlarged. Over **3,000** Fine Engravings. Is a well nigh indispensable requisite for every intelligent family.
It contains 10,000 WORDS and MEANINGS not found in other dictionaries.
It is now believed to be far the most complete, useful and satisfactory Dictionary of the language ever published, as it is by far the largest single volume ever issued in any language.
The possession of an other English Dictionary, or any previous edition of this, cannot compensate for the want of this very full and complete one. In its present perfected state it must long remain the BEST ENGLISH DICTIONARY, and once possessed, remain of constant and abiding value.
What book, beside the Bible, so indispensable as a good Dictionary?
In one vol. of 1,840 Royal Quarto Pages.
Published by G & C. MERRIAM, Springfield, Ms.
SOLD BY ALL BOOKSELLERS.

Morning Chronicle.

Portsmouth, N. H.

MONDAY, APRIL 16, 1866.

☞ The Southern papers contain articles upon the President's proclamation, which abound in mischievous and revolutionary language. The Journal and Messenger of Macon, Ga., declares in very inflammatory terms, its belief that the country is about to be plunged into a wide-spread and desolating civil war.

[This talk is the natural effect of the policy exhibited in the foolish speeches of Feb. 22, at Washington and New York, and echoed in the vetoes;—but the policy must fail which attempts to revive the doctrines of State Supremacy and absolute State Sovereignty. They were the last hopes of the slave power; they made the rebellion, and were crushed with it; they waged the war, and were defeated, by the uprising of the loyal people. And these people are not disposed now to let these old heresies rule again, as a part of our national policy, —no matter who proposes them.]

BROWNLOW AN ADVOCATE FOR STATE RIGHTS.—Secretary Stanton lately wrote to Governor Brownlow, requesting that those rebels under indictment by the Civil Courts of Tennessee should be left to the disposal of the military authorities, as they had been paroled. Governor Brownlow replied, stating among other things, that he had no right to interfere with the State Courts, and for various reasons declined granting the Secretary's request.—*Exchange.*

The above item is a very poor sketch of Brownlow's letter, and the head line conveys a false impression to every reader who considers State Rights to mean State Supremacy. Brownlow does not believe in this; though he doubtless advocates all the Rights or Powers that belong to the several States. The most telling reason he gives for not interfering in the case, is that his predecessor, Andrew Johnson, began the process; therefore he does not intend to stop it.

☞ The Boston Recorder speaks of the murderer Green, as "This most unfortunate man, who has had Rev. Sylvanus Cobb, the novelist, for his last spiritual adviser!" The Recorder seems not to know that Rev. Sylvanus Cobb of Boston, author of a Commentary on the New Testament, and of other religious books, is a different person from Sylvanus Cobb, jr., of Maine, who has been writing novels there twenty years. This ignorance is by no means unpardonable; it is only ludicrous.

WASHINGTON ITEMS.—Reports received at the General Land Office show that over 29,700 acres were entered at the district land office of Brownsville, Missouri, the greater portion for actual homestead settlement, part cash sales amounting to $10,462, and the residue bounty land locations; at the La Crosse office, Wisconsin, 7436 acres, and at Topeka, Kansas, 5000 acres were taken up.

A number of planters and agents are in Washington for the purpose of hiring freedmen to work in Tennessee, Mississippi and other Southern States. Among them one, who wishes to hire 250, up to Saturday had engaged 200. A lady of Tennessee will also engage quite a number. It is estimated that about 450 were hired last week, and have left for their new places.

The Joint Committee on Reconstruction is now hearing such evidence as the Southerners at Washington can muster to refute the testimony already published. This will soon be closed, and the Committee then will prepare its reports on the different States and publish them, accompanied by all of the testimony. The Committee will then present a clearly defined policy as the result of their investigations and of their observations.

CASE UNDER THE CIVIL RIGHTS BILL. A colored man in Indiana brought a suit on the 10th instant, to enforce a contract against a white citizen. The defendant set up a plea that the negro came into the State in violation of the 13th article of the Constitution of Indiana, and is thereby debarred from all right to enforce contracts. The plaintiff demurred to this; that the article in question was in opposition to the letter and spirit of the Constitution of the United States; that it conflicts with the constitutional amendment abolishing slavery; and that it is void under the first section of the Civil Rights bill, which gives to all persons born in the United States full right to make and enforce contracts, any law statute, ordinance, regulation or custom to the contrary notwithstanding. The Court sustained the plaintiff, and an appeal was taken by the defendant to the Circuit Court.

☞ On the 10th of April, the Wisconsin Legislature passed resolutions very severely censuring Senator Doolittle for voting against the Civil Rights bill, and declaring it to be his duty to resign.

— The Augusta (Ga.) Transcript has a furious article comparing the Reconstruction Committee of Congress to the despotism of the Roman Emperors, and the Government officers and press correspondents to the spies and informers employed by the tyrant Gallus.

VERDICT AGAINST A RAILROAD, *for Employing a Drunken Switchman.*—The Boston Journal of Saturday contains this report:

In the Supreme Judicial Court on Friday, Chapman, J., the case of Joel E. Gilman *v.* the Eastern Railroad Corporation—which occupied the attention of the Court three days—was finished. This was an action to recover damages for injuries received through the alleged negligence of defendants. The plaintiff, Mr. Gilman, residing in East Boston, was in the employ of the defendants as a repairer of cars at Chelsea, the defendants having agreed to transport him to and from his home and place of work. While being so carried the train was thrown off the track by the misplacement of a switch, and the plaintiff was injured in consequence. The case was before tried in part, when the above facts appeared, and the case was taken from the jury upon a question of law, on which, after argument, the court held that a railroad corporation is not responsible to a person employed by it to repair its cars for a personal injury arising from the negligence of a switchman in failing properly to adjust a switch upon the track over which he is carried by the corporation, free of charge, between his home and the place of his work, provided the corporation has used due care in the selection of a switchman; but if the switchman was an habitual drunkard, and the fact was known or ought to have been known to the corporation, and the injury resulted from his intoxication, the corporation is responsible.

The only issue just tried by the jury was whether the switch-tender was an habitual drunkard, and known, or should have been known, as such to the defendants. The case was concluded by the jury returning a verdict of $9000 for the plaintiff.

TEXAS.—Governor Hamilton, of Texas, made a speech at Austin recently, in which he opposed some ordinances passed by the Convention as not being Republican—or meeting the necessary demands made. They had passed but one ordinance which accorded fully with the President's policy, and that was declaring the rebel war debt null and void. He appealed from the action of the Convention to the people. The Convention had passed an ordinance exempting all persons who, under the authority of the civil or military power, had inflicted injury upon persons during the war—from being held accountable. Such an ordinance would not and should not shield them. He called upon the loyal people of Texas to work together. He believed provision should be made to admit the negro to vote if he became elevated and came up to a certain standard. The Convention had refused this and refused to give the blacks their quota of the school fund or make any provision for their education. They had however, been taxed to assist whites in sending their children to school. He intended to denounce to the people those who had voted against the interest of the State.

THE U. S. SENATE, Friday, April 16, agreed to the report of the Committee of Conference on the Navy Appropriation bill, which strikes out the item for the purchase of Oakham & Eldridge's wharf, at Charlestown, Mass.

The Senate refused to concur in the amendment of the House to the resolution banishing liquor from the Capitol, which extended the prohibition to all public buildings. It was thought that this might be construed into an attack upon the President.

In the House, the Conference Committee reported the Naval Appropriation bill, which was agreed to.

— The Massachusetts State Constable has notified the keepers of restaurants, oyster saloons, &c., in Boston, that they must stop the selling of ale at their counters.

— *It* seems to be the impression of some parties that the disease on board the steamer England, now at Halifax, was not cholera, but a severe type of ship fever, created by the over-crowding of the vessel, insufficient food and water, and the absence of necessary physical treatment.

— Mary Nepper, of Cleveland, Ohio, in company with several other girls, built a bonfire last Monday, and while holding a kind of fairy dance about the burning pyre, her clothes took fire and she was burned to a crisp. Her mother was also fatally burned in attempting to rescue her.

— The Fall River Monitor says that work on the several mills, which has been partially interrupted for some days, will soon be resumed in full force. The contractors are offering $1.75 per day, and can get all the help they want at that price. The strike was for $2 per day.

— A German woman died in New York on Monday morning of a disease, the symptoms of which indicated cholera. A good deal of excitement ensued on the jury of inquest's finding that the case was one of real Asiatic cholera, but Dr. Harris and other eminent physicians subsequently investigated the case and reported that no indications of cholera were perceptible.

— Several prominent Senators who have had interviews with the President say that the effect of the passage of the Civil Rights bill over the veto has been to modify his antagonism to Congress, and they predict the speedy adoption by Congress of a plan for the restoration of the late insurgent States, which will be satisfactory to the North and meet the President's approval.

NEW HAMPSHIRE ITEMS.

—— Col. F. W. Parker, Teacher of the North Grammar School in Manchester, has been fined for punishing a boy belonging to a middle school in the same building. The case is to be carried to a higher court.

—— Rev. Sylvanus Hayward, of Dunbarton, has been invited to a pastorate in South Berwick, Me. His people, however, offer him $800 instead of $600 to remain with them.

—— Governor Smyth, on Thursday, pardoned Russell T. Varney of Sandwich from the State prison. He had been sentenced two years for stealing a turkey from an open shed. He had been out in the army, and learned to take turkeys without leave.

BUTTER.—The St. Albans (Vt.) Messenger of Tuesday last says: "An unusual activity in the butter market to-day is accounted for by the prevailing prices, sales ranging from 54 to 56 cents. This is the greenback opportunity for our farmers, and the way every available ounce is shoved into market to-day shows that they know it. When prices begin to quiver they must come down by the run; so, stand from under."

CAMPO BELLO.—This locality, which is an island opposite Eastport, is said to be the objective point of the Fenians, but if once possessed by them the Toronto Globe is of the opinion that in a few days the invaders would be ousted, and that the island afords not the slightest advantage as a point of attack on the mainland of New Brunswick.

BOUNTY LANDS OF SOLDIERS.—The Commissioner of the General Land Office has issued an announcement in reply to a large number of communications from soldiers and others who served during the late war, stating that there is no law granting lands or bounty land-warrants to soldiers or sailors engaged in the late war against the rebellion. The Homestead Act, as amended March 21, 1864, grants homesteads of one hundred and sixty acres to soldiers, sailors and citizens who reside thereon for a period of five years, at a cost of $10 and register and receiver's fees.—Soldiers and sailors may file applications for a homestead while still in the military or naval service, and the period thereafter in which they may remain in service will be counted as a portion of the five years' residence required.

A GRAND AND COSTLY HOUSE.—A. T. Stewart, the great dry goods trader of New York, is building for himself a marble palace in that city, which is to cost $1,500,000. The interest on that sum, at the New York rate, is $105,000 a year. Its walls are to be 80 feet high, and roof 19 feet, width 62 feet, and depth 120 feet. The house has three stories besides the basement and roof;—basement 10 feet high; first story, 28 feet; second story, 24 feet; third story, 18; roof, 19.

POVERTY IN ALABAMA.—Judge Wythe, a prominent and highly respected citizen of Gunterville, Alabama, represents the condition of his section as pitiable in the extreme. Three cases of actual starvation have already occurred, and hundreds must perish if relief is not speedily offered. The people ask only for bread. The probate judge of Marshall county, W. T. May, makes a statement even more startling. He asserts that the number of helpless and indigent people in the county is not less than two thousand one hundred and eighty—women, children and infirm men. Not twenty persons in the whole county have the means more than adequate to their wants.

FRESHET IN IOWA.—The breaking up of heavy bodies of snow, and the great rains in Iowa about the 1st instant, were accompanied with serious losses of property and life. Edward McGrath, James Lenett and John Watson, three of the most worthy and respectable citizens of Cedar Township in Mitchell County, were forced down the Cedar river on the swollen current. Two of them perished on the trees and bushes of an island within speaking distance of friends who were unable to come to their rescue, and the lifeless body of the other was found in a tree several feet above the water, where it is supposed he had taken refuge from drowning, only to die from exposure to cold.

☞ It seems from the testimony of parties taken by the New York Board of Health, that the pleuro-pneumonia, which has proved so fatal in New England, and which at the Cape of Good Hope and in some portions of Australia almost exterminated the cattle, exists with great virulence in the "swill milk" stables in New York, and that the proposal to remove the cattle from them to the country would be fatal to the health of the stocks belonging to the farmers. The Legislature will be appealed to for authority to have the "swill cows" killed and their carcases destroyed. Dr. Reney testified that he had detected trichinæ in such cattle of this description as had been fatted for beef.

GOLD, Saturday, 126 1-8.

MEMORIAL TEMPLES.

APRIL 15, 1866.

Most noble martyr of Heaven-titled right!
Thy virtues amplify in hearts that bled,
As, on electric wings, thy awful fate
Sped o'er a country bathed in palmy light
Of peace,—when lo! our joys with thee were dead!
A nation hushed its victory shouts, and shed
Hot tears of grief, which time could scarce abate.
A year hath since elapsed—and in our hearts,
Not yet assuaged, admiring architects
Of just and grateful meed have built to thee
Such beauteous structures as excel the arts,
Without the builders' faults—with no defects;
And now, blest LINCOLN, with true reverence, we
Come to these heart-fanes, all to honor thee!

E. P. N.

— Our better-half says she always welcomes the Gold Medal Soap with the same heartiness with which she would greet an old friend; it is in reality a real gem, an elegant ornament to every household, and every lady of taste and economy will be sure to patronize it; it cleans superior to any other mixture made, besides making clothes so white and nice. Most of the merchants sell it. 74

For sale by A. A. PAYNE.

Cleanse the Blood.

With corrupt, disordered or vitiated Blood, you are sick all over. It may burst out in Pimples, or Sores, or in some active disease, or it may merely keep you languishing, depressed and good for nothing. But you cannot have good health while your blood is impure. AYER'S SARSAPARILLA purges out these impurities and invigorates the organs of life into vigorous action, restoring the health and expelling disease. Hence it rapidly cures a variety of complaints which are caused by impurity of the blood, such as Scrofula, or King's Evil, Tumors, Ulcers, Sores, Eruptions, Pimples, Blotches, Boils, St. Anthony's Fire, Rose or Erysipelas, Tetter or Salt Rheum, Scald Head, Ring Worm, Cancer or Cancerous Tumors, Sore Eyes, Female Diseases, such as Retention, Irregularity, Suppression, Whites, Sterility, also Syphilis or Venereal Diseases, Liver Complaints, and Heart Disease. Try AYER'S SARSAPARILLA, and see for yourself the surprising activity with which it cleanses the blood and cures these disorders.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself has become synonymous with imposition and cheat. Still we call this compound "Sarsaparilla," and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it.—We think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. We can only assure the sick, that we offer them the best alterative which we know how to produce, and we have reason to believe it is by far the most effectual purifier of the blood yet discovered by any body.

AYER'S CHERRY PECTORAL is so universally known to surpass every other remedy for the cure of Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the relief of Consumptive Patients in advanced stages of the disease, that it is useless here to recount the evidence of its virtues. The world knows them.

Prepared by DR. J. C. AYER & CO., Lowell, Mass., and sold by all Druggists and Dealers in Medicine everywhere. mh9—2awaw2m

ABSTRACT OF THE

21st ANNUAL STATEMENT

—OF THE—

Mutual Benefit Life Insurance Co.,

January 1st, 1866.

Balance per statement Jan. 1, 1865..$6,774,867.60
Am't premiums rec'd in 1865....$3,029,067.21
" interest rec'd and accrued.... 679,278.30
Total income in 1865.....3,708,365.51
Total disbursements, including claims by death and dividends to policy-holders.....1,433.6.3.51
Net increase in 1865.....2,274,672.00
Total Assets Jan. 1, 1866.....9,049,539.60
Whole am't of claims by death, paid to Jan. 1, 1866.....$4,256,579.89
Whole am't of dividends paid to Jan. 1, 1866.....$2,741,216.21
Total No. Policies Jan. 1, 1866.....32,921
Am't insured during the year 1865..$21,627,484.00

The Directors have, from the *Surplus on hand*, declared a Dividend of **50 per cent.**, and have also ordered the payment of the Eighteenth Dividend (50 per cent.) to the Members, when their annual premiums become due, during the year 1866.

EDW. A. STRONG, Secy. LEWIS C. GROVER, Pres.

WARREN SPARROW,
State Agent for Maine and New Hampshire.

HENRY A. YEATON,
feb18 Agent for Portsmouth and Vicinity.

WHICH IS THE

Leading Life Insurance Comp'y

IN THE UNITED STATES?

Which is the Safest and the Cheapest?

The following figures are from the later Reports of the New York Insurance Commissioner, showing the "amount of business" of the

MUTUAL BENEFIT

LIFE INSURANCE COMPANY,

to be the *largest*, the "expenses of management" the *smallest*, the "ratio of assets to liabilities," or the *security* furnished to its members, the *largest* of any life institution in the country.

Premiums received in 1864.....$2,089,073
" " " " 1865.....3,029,087
Ratio of expenses to premiums rec'd in '64..12.96
" " " " " '65..12.16
Ratio of assets to liabilities, Jan. 1, 1865..151.85

The inevitable conclusion from these official facts, is that the

MUTUAL BENEFIT LIFE

Insurance Company

IS THE BEST AND THE CHEAPEST.

Because its NET ASSETS are proportionably LARGER than those of any other Life Insurance Company in the United States.

Because its "Managing Expenses" are LESS, and it has a LARGER SURPLUS to divide among its members than any Company in the United States.

QRERY. Will some one inform the public of that mysterious process by which a Company with a surplus proportionably *much less*, and expenses *very much* larger than another, can yet divide *more* to its members, and insure them at *less cost?* How is it done? Where does the money come from?

Every intelligent man will see at once that it *cannot be done.* Yet we have Agents among us that make this their boast.

Any one disposed or intending to insure can be furnished with the requisite information by applying to

HENRY A. YEATON, Agent.

Portsmouth, March 27, 1866.—3mdaw

Special Notices.

IMPORTANCE OF HAVING DAVIS' PAIN KILLER ALWAYS ON HAND.

Wonderful Cure of the Rev. D. L. Brayton, Missionary in India, who was stung by a Scorpion.

Extract from his letter, published in the Baptist Missionary Magazine:

"For the first time since I have been in India, I have been stung by a scorpion. I went out this morning to my exercises, as usual, at early dawn, and having occasion to use an old box, on taking off the cover I put my hand on a scorpion, which immediately resented the insult by thrusting its sting into the palm of my hand. The instantaneous and severe pain which darted through the system is quite incredible; what an awfully virulent poison their sting must contain! I ran to my BOTTLE OF DAVIS' PAIN KILLER, and found it to be true to its name: after a moment's relief, I saturated a small piece of sponge, bound it on my hand, and went about my exercises, feeling no more particular inconvenience.

ap1—dawim

Perry's Moth and Freckle Lotion.

☞ Chloasma, or Mothpatch, (also called Liverspot,) and Lentigo, or Freckles, are often very annoying, particularly to ladies of light complexion, for the discolored spots show more plainly on the face of a blonde than that of a brunette; but they greatly mar the beauty of either and any preparation that will effectually remove them, without injuring the color of the skin, is certainly a desideratum. DR. B. C. PERRY, who has made diseases of the skin a speciality, has discovered a remedy for these discolorations, which is at once prompt, infallible and harmless.

Prepared by B. C. PERRY, Dermatologist, No. 49 Bond Street, New York, and for sale by all druggists; price $2 per bottle. Call for PERRY'S MOTH & FRECKLE LOTION.

Sold by all Druggists in Portsmouth and elsewhere. lyeodag—oct19

ROOT! ROOT! ROOT!

READ! READ! READ!

ROOT'S PESTACHINE preserves the life of the Hair; changes it from gray to its original color in three weeks; prevents the hair from falling; is the best article for dressing the hair ever found in market; will surely remove dandruff and cure all diseases of the scalp; is delightfully perfumed, cures baldness, and will not stain the skin. We tell the story quickly, and tell it true, when we say it is a perfect

Restorer and Dressing Combined.

MAGGIEL'S

Spring and Summer Remedies.

"Great oaks from little acorns grow." The worst diseases known to the human race spring from causes so small as to almost defy detection. The volumes of scientific lore that fill the tables and shelves of the medical fraternity only go to prove and elaborate these facts. Then guard yourselves while you may. The smallest pimple on the skin is a tell tale and indicator of disease. It may fade and die away from the surface of the body, but it will reach the vitals, perhaps, at last, and death be the result and final close. MAGGIEL'S BILIOUS, DYSPEPTIC and DIARRHEA PILLS cure where all others fail. While for Burns, Scalds, Chilblains, Cuts, and all abrasions of the skin, MAGGIEL'S SALVE is infallible. Sold by J. MAGGIEL, 43 Fulton street, New York, PERSON and FLAGGER in this city, and all Druggists, at 25 cents per box. deoteod4w1y

Lyon's Periodical Drops!

THE GREAT FEMALE REMEDY FOR IRREGULARITIES.

These Drops are a scientifically compounded fluid preparation, and better than any Pills, Powders or Nostrums. Being liquid, their action is direct and positive, rendering them a reliable, speedy and certain specific for the cure of all obstructions and suppressions of nature. Their popularity is indicated by the fact that over 100,000 bottles are annually sold and consumed by the ladies of the United States, every one of whom speak in the strongest terms of praise of their great merits. They are rapidly taking the place of every other female Remedy, and are considered by all who know anything of them, as the surest, safest and most infallible preparation in the world, for the cure of all female complaints, the removal of all obstructions of nature, and the promotion of health, regularity and strength. Explicit directions stating when they may be used, and explaining when and why they should not, nor could not be used without producing effects contrary to nature's chosen laws, will be found carefully folded around each bottle, with the written signature of DR. LORIN L. LYON, without which none are genuine. **Price $1.50.**

Prepared by Dr. JOHN L. LYON, 195 Chapel Street, New Haven, Conn., who can be consulted either personally, or by mail, (inclosing stamp,) concerning all private diseases and female weaknesses. **Price $1.50 per bottle.**

Sold by Druggists everywhere.

WINDOW SHADES—a fine assortment may be found at

S. F. COBB'S,

m2 No. 29 MARKET STREET.

Important.

DR. STEVENS, No. 5 Daniel Street, would give notice that he has REDUCED the price of Permanent Sets of ARTIFICIAL TEETH on the Vulcanite Base, to that charged for them before the war.

He would also give notice that he is doing a new style of work for Under Sets of Teeth, called the COMBINATION BASE (Gold and Vulcanite) which produces by far the finest work offered to the public. The price is something in advance of that charged for the Vulcanite alone, but the strength, durability, ease of bearing, and beauty of finish obtained by it, more than double the value of the Teeth. mh12

GEORGE F. WEED,

S-u-r-g-e-o-n D-e-n-t-i-s-t,

FIRST ASSISTANT in the Office of DR. STEVENS, No. 5 DANIEL STREET.

DR. WEED can be found at his place of business at all hours of the day and night, for the performance of any of the operations that come within the call of his profession.

Dr. A. P. STEVENS, No. 5 Daniel St., makes the saving of ULCERATED and painful front teeth, a specialty in his business. He also successfully restores to their natural shape broken or badly decayed teeth, by building out corners and sides with PURE GOLD. (In many cases teeth so restored are as strong as any of their brother members, and in all cases are rendered eminently useful for a long series of years.) DISEASED TEETH, in all stages, treated, and in a very large majority of cases entire success attained.

Charges for such operations necessarily high, but nothing in comparison to the value of the Teeth. mh14

A Household Necessity exists for the Use of Darno's Catarrh Snuff,

Which, in the first stages of a cold, acts like magic—Headache, Hoarseness, Diptheria, and Bronchitis, Sore Eyes, Deafness, Bad Taste and Smell, being the result of Catarrh. This snuff removes and prevents all these, and insures a healthy Head. Its effects are pleasant and safe, even for infants who suffer from snuffles.

It has the highest professional testimonials.—Sold by all Druggists, or sent by mail to all parts of U. S., for 30 cts. for one Box, or $1 for four Boxes. Address JAS. DURNO,

P. O. Box 1235, New York.

Wholesale, by D. BARNES & CO., 21 Park Row, New York. spndawlymy28

BRANDRETH'S PILLS. COSTIVENESS, DIARRHEA.—They are taken up by the absorbents, and carried into the circulation, through which medium they are conveyed to every part of the body.

If the pain affects the joints, a single dose produces remarkable benefit. And the same rule applies to costiveness, diarrhea and dysentery; though with the last named they may be required night and morning for some days before decided relief is obtained. In affections of the lungs, throat, head and pleurisy, the relief is certain; the excretory organs throw off with ease the phlegm, and the breathing becomes freer. Spasmodic asthma is often cured by a single dose. mch28dawlm

A Cough, Cold, or Sore Throat

REQUIRES IMMEDIATE ATTENTION AND SHOULD BE CHECKED. IF ALLOWED TO CONTINUE,

Irritation of the Lungs, a Permanent Throat Affection, or an Incurable Lung Disease,

IS OFTEN THE RESULT.

BROWN'S BRONCHIAL TROCHES

HAVING A DIRECT INFLUENCE TO THE PARTS GIVE IMMEDIATE RELIEF.

For Bronchitis, Asthma, Catarrh, Consumptive and Throat Diseases,

TROCHES ARE USED WITH ALWAYS GOOD SUCCESS.

SINGERS AND PUBLIC SPEAKERS

will find *Troches* useful in clearing the voice when taken before Singing or Speaking, and relieving the throat after an unusual exertion of the vocal organs. The *Troches* are recommended and prescribed by Physicians, and have had testimonials from eminent men throughout the country. Being an article of true merit, and having proved their efficacy by a test of many years, each year finds them in new localities in various parts of the world, and the *Troches* are universally pronounced better than other articles.

OBTAIN only "BROWN'S BRONCHIAL TROCHES" and do not take any of the *Worthless Imitations* that may be offered. oct24

Call and examine specimens.

☞ We are also Wholesale Agents for the sale of the National Ink Co.'s warranted WRITING INK, a very superior article; does not corrode the pen nor clog.

☞ Also, Agents for the Patent Gong DOOR BELL, one of which may be seen and examined in working order at the above Number.

GEO W. THOMPSON,
HENRY G. THOMPSON.

Portsmouth March 9

Local.

☞ Mr. Alden Gove, an elderly man, is reported to have been drowned in the vicinity of Pier wharf, on Saturday night. It is stated that the watchmen in that vicinity heard his outcries, but were unable to discover whence they proceeded. His cap was found on Sunday morning, and search was made for the body, but without success up to the time we write.

COL. PIERCE'S CATTLE.—Some rich developments have been made in this case by Marshal Kent and Officer Johnson, which as yet the Marshal does not wish to make public. As soon as the trial is called at Exeter, we have been promised the full particulars.

☞ We understand that the Grand Jury have found indictments in all the cases from this city coming before them at their sitting in Exeter last week.

☞ It is with pleasure we refer to Mr. Barnabee's announcement of a concert in this city, on Monday evening of next week.

MURDER AT EFFINGHAM.—On Thursday afternoon at Effingham, a young man by the name of Samuel Frost deliberately shot and killed Mr. W. H. Day. Mr. Day, Mr. Flanders and a boy by the name of Taylor were at work for Mrs. Mary Drake. After they had eaten their dinner they went out and sat down by the side of and against the house. While sitting there Frost came along with a gun in his hand, and asked Flanders if he could change a five dollar bill. Flanders said he could not, and asked him what he was going to do with the gun. Frost said: "I am going out to kill a partridge," and then, turning, discharged it, the contents taking effect in the body of Mr. Day. The gun was loaded with two balls, which passed through him.

Flanders sprang forward and wrested the gun from Frost, upon which Frost drew a six shooter revolver and fired twice at Mr. Day. One ball entered a little below the ear, passing through the head. The other entered the neck. Mr. Day lived a short time and spoke several times. Frost went home and made a feint of an attempt upon his own life by discharging the contents of one of the chambers of the revolver into his mouth. It contained, probably, nothing but a little powder and a paper wad. Frost has been arrested and his case will be before the grand jury this week. Mr. Day was about twenty-six years of age and leaves a wife, to whom he had been married but four weeks.—So says a correspondent of the Boston Journal.

☞ The Boston Herald says it is understood that the Grand Jury for Suffolk county found nearly a hundred indictments against proprietors of disreputable houses in that city at their last session.

☞ One hundred and seventy-five negroes voted at the election in Madison, Wisconsin, a few days ago, under the recent decision of the State Supreme Court. Such people have voted in New Hampshire ever since it has been a State.

☞ The Fenian trouble on our North eastern boundary, and the Fishery orders, make work for a British fleet.—Fenians are quite numerous at Eastport; and on Friday they had a quarrel with some British soldiers who came over from St. Stephens to Calais: but nobody was killed.

☞ Antoine Gunter is the name of the murderer of the Deering family in Philadelphia. Mrs Dolan, grandmother of the murdered children, identifies him as a farm hand of Mr. Deering, and some clothes on Gunter, as belonging to Mr. D. Gunter confesses murdering the boy; but says Jacob Yonder killed all the others.

— A man in Hartford has been sentenced to sixty days' imprisonment for "uncommon drunkenness."

— Mrs. Letitia S. Lister of Philadelphia died on Tuesday of last week, from the effects of chloroform administered by a dentist.

— The farmers of North Mississippi are giving serious consideration to the subject of corn planting, fearing that cotton will continue to tumble.

— Nearly all the men belonging to negro regiments, about to be discharged at Mobile, have made contracts to commence labor immediately in the interior of the State.

— Charles Bennett of Brunswick, Me., who was fined $25 for whipping a disobedient pupil, receives the sympathy of his fellow-citizens, and a voluntary contribution is being raised by the parents of the scholars of his school to pay the fine for him.

— A couple of gentlemen living on Bœuf River, in Louisiana, were out hunting hogs, when becoming tired, they dismounted, and hitching their horses, lay down to sleep near an old tree on fire. Eight days after this, a neighbor was hunting in the vicinity, when he found that the tree had fallen across the head of one and across the chest of the other. Both were dead. One of the horses had broken loose, but the other was still standing where he had been tied

☞ The New Orleans Times has a long article upon the great salt deposit at Petit Anse Island, Louisiana, and says:

Perhaps the reflection most calculated to dwell upon the mind of an observer, while wandering among the massive forest trees now shading the superincumbent earth, is the fact that not the slightest indications exist pointing to the untold and glittering wealth, at a distance of less than twenty feet below! And yet, in excavating, the evidence is most abundant and conclusive, that in the unwritten history of the past—many centuries ago—generations of human beings roamed over, and animals of every variety of species, including the now extinct mastodon, lived and died on the then thin crust of earth which covered these vast deposits. Bones, ivory tusks, baskets, household implements, and numerous other memorials, prove beyond all doubt that busy throngs of men and animals were, in those remote ages, attracted to this secluded spot by that, perhaps, greatest necessity of animal life—SALT.

It is not too much to say that no salt formation yet discovered at all approaches this in its perfect purity; in fact, there is scarcely a perceptible, or rather appreciable, trait of impurity to be found in it. One analysis gives the impurity at 82-100 of a one-hundredth part; another, at 1.12 parts of impurity in one hundred parts.

— Maple sugar is turning out well in Vermont.

— The Superior Court of Cincinnati has decided that Indiana divorces, obtained without notice to the defendants, are not valid in the State of Ohio.

— The Springfield Republican tells of a citizen there who beat his brother with a shovel, knocked his wife down and turned his mother out of doors. Unpleasant style of a family man that.

Business Notices.

AMERICAN LIFE DROPS,—and no one coughs!

A FAMILY REMEDY.—"Coe's Cough Balsam." These have become household words with very many families, and the merits of the article justly entitle it to our confidence and patronage. The originator does not claim to be a physician, but has evidently hit upon a prescription that meets the wants of a large class of sufferers. Some are testifying that it has actually cured them of consumption. It is no doubt the consumptive's best friend, while for coughs, hoarseness, and kindred troubles, we think it has no equal. We predict for it a world-wide reputation and extensive sale. m4eodawlw

Holloway's Pills.—Impurity of the Blood.—Health consists in the purity of the fluids and solids which compose the human body; if the blood becomes vitiated it infects the whole system by its course through every dice and tissue. Holloway's Pills not only expel all humors which taint or impoverish this vital element, but purify and invigorate it, and by supplying a gentle and wholesome stimulus to the circulation they strengthen each part, and give tone to the whole frame. Sold by all Druggists. ap14—1w

THE LIGHT OF THE WORLD.

DR. MAGGIEL'S

PILLS AND SALVE

These Life-giving remedies are now, for the first time, given publicly to the world. For over a quarter of a century of private practice the ingredients in these

Life-giving Pills!

Have been used with the greatest success. Their mission is not only to prevent disease, but to cure. They search out the various maladies by which the patient is suffering, and re-invigorate the failing system. To the aged and infirm a few doses of these valuable PILLS will prove to be

A Very Fountain of Youth,

For in every case they add new life and vitality, and restore the waning energies to their pristine state. To the young and middle-aged, they will prove most invaluable, as a ready, specific, and sterling medicine. Here is a dream realized, that Ponce-de-Leon sought for three hundred years ago, and never found. He looked for a fountain that would restore the old to youth and make youth ever

AN ETERNAL SPRING!

It was left for this day and hour to realize the dream, and show, in one glorious fact, the magic that made it fair.

These Famous Remedies

Cannot stay the flight of years, but they can force back and hold aloof, diseases that might triumph over the aged and the young. Let none hesitate then, but seize the favorable opportunity that offers. When taken as prescribed—

FOR BILIOUS DISORDERS

Nothing can be more productive of cure than these Pills. Their almost magic influence is felt at once; and the usual concomitants of this most distressing disease are removed. These remedies are made from the purest

VEGETABLE COMPOUNDS.

They will not harm the most delicate female, and can be given with good effect in prescribed doses to the youngest babe.

For Cutaneous Disorders

And all eruptions of the skin, the SALVE is most invaluable. It does not heal externally alone, but penetrates with the most searching effects to the very root of the evil.

DR. MAGGIEL'S PILLS

Invariably Cure the Following Diseases.

Asthma,
Bowel Complaints,
Coughs,
Colds,

Valuable Real Estate

AT AUCTION.

(By virtue of a license from the Hon. Judge of Probate for the County of Rockingham)

On TUESDAY, April 17, at 12 o'clk M.,

on the premises.

The Real Estate of the late CHARLES W WALKER, of Portsmouth, deceased. Said property will be sold in three separate lots or parcels, viz:

The First Lot to consist of the well known MARKET STREET HOUSE, situated on the corner of Market and Green streets, with land connected therewith, bounded 69½ feet more or less on Market street, 108 feet more or less on Green street, 106 feet more or less by Lot No. 2, 107 feet more or less by land formerly of James Pickering, land of James Junkins and others; the lot containing 8926 feet, more or less.

The Second Lot consists of land on Green street bounded 38 feet more or less on Green street, 110 feet more or less by land of Estate of George Chesley, 35 feet more or less by land formerly of James Pickering and others, and 106 feet more or less by lot No. 1; the whole lot containing 3926 feet, more or less.

The Third Lot to consist of the Stable lot, so called, on Green street, with the stable and Office building thereon. The lot is bounded southerly about 25 feet on said Green street, easterly about 72 feet on land of E. S. Wendell, northerly about 50 feet on Railroad land, and westerly by Railroad land and adjoining cemetery; containing about 2710 feet. The Stable is 38 by 86 feet, and the Office-building 19 by 19 feet.

The above offers a rare chance for capitalists or others. The property is prominently situated on one of the main avenues of the city. The "MARKET STREET HOUSE" is large and well calculated, conveniently situated for a Hotel or large Boarding House, and has been occupied as such for many years. It contains 19 rooms and attic, and also a store. The Stable has been used, and is a good location for a Livery Stable.

If desirable, a portion of the purchase money can remain on a mortgage of the premises.

For further particulars inquire of J. M EDMONDS, Portsmouth; C. W. STIMSON, Kittery, Me., Guardian of the minor heirs, or of the subscriber. *JOSEPH P. MORSE.*

From the Portsmouth Journal

ROCKINGHAM COUNTY AGRICULTURAL SOCIETY.

The Executive Board of this Society publish their Premium List in all the papers of the county, and in connection therewith would like to have a brief, common-sense talk with the people of the county, and more especially with the farmers.

We offer for competition a more complete and extended Premium List than was ever before given by the Society. To be enabled to pay our premiums, give a satisfactory exhibition of stock, manufactures and products of the county, we must have the hearty co-operation of every resident. We wish every one to feel personally responsible for the success of the Fair. Now is the time to make your calculations as to what you will have for the exhibition. Select your acre for corn, barley, &c. A little more attention and a few loads more of manure, and better returns are sure from one than from two ordinary acres. We do not want overgrown animals nor mammoth vegetables only as an exception. What we want are well bred horses, cattle, sheep, swine and merchantable produce, something that can be relied on as easily capable of being produced again next year with still further improvement, together with the necessary information for the benefit of your neighbors and the public generally.

Be sure and procure the best seed in all cases. There is no point wherein so many fail without being aware of the reason why, as in the selection of seed. They either have the seed on hand or buy where it can be obtained the cheapest, with little regard to the quality. Good seed, well planted, is absolutely indispensible to good crops.

Special attention is directed to our very liberal premium for the best calves.

Make it a point in each individual case to secure more of the premiums than any other person in the county. In this way a healthy and commendable competition will be stimulated, which cannot fail to be attended with the best results. Some may argue that the premiums amount to but little, hardly worth an effort to obtain. But it should be considered that the mere premium is but a very small part of the real benefit derived. No man can grow premium crops and animals without improving his farm and increasing his own wealth. It cost no more to raise a good animal than a poor one, and everybody well knows the difference in the marketable value.

We urge our farmers the present year to use a little more fertilizing material. If the compost heap is not sufficiently large, add to it to the utmost extent from every available source. The salable manures advertised in the markets are recommended, and among these the "Flour of Bone" has no superior in the estimation of this Board. We might extend our remarks and suggestions almost indefinitely, but it will not be necessary. Let every one make up his mind to do something, and we will have a good Fair, and all will be well satisfied.

To the mechanics and manufacturers we will say, let us have a good exhibition in your respective departments. It will be the best advertisement that you can have, and will make the Fair attractive and pleasant.

We cannot conclude this plain talk in regard to the Fair without a few words to the *Fair*. Will you not consider yourselves equally responsible with your husbands and brothers in making this an exhibition worthy of our county and state? We offer liberal premiums in your department.—Let every one help to make the exhibition hall as attractive as possible. Bring in your needle work, your paintings, drawings, and all the various articles appropriate for the occasion.

In conclusion we will add that you shall all be informed, from time to time, through the season, of the progress we are making for the largest and best Fair ever held in Rockingham county.

CONGRESS BLOCK.—The workmen have commenced clearing the cellar preparatory to the rebuilding, which will immediately take place. The whole of the front wall will be taken down, as the block will be divided into three stores on the lower floor, with an entrance to the halls on the west end of the front. In the second story will be a hall of 40 by 48 feet, and two anti-rooms on the west end. The Masonic Hall will occupy the third story, and above it, with a French roof, will be another room, also for the use of the Masons. The design, if carried out, will present a handsomer and more convenient building than the old structure.

There is in the rear of the structure a lot belonging to the company sufficiently large to allow the erection of a Public Hall 100 feet square, and be 25 feet distant from the front building. It could be so constructed that it could be entered from the head of the stairs in the same line with the front hall, and on public occasions the connection could be made so immediate as to use both Halls in common.

AGASSIZ.—Advices from Brazil say that Agassiz, the great naturalist, is having a glorious visit among the Amazons. That he is fairly glutted with strange fish, for which he is known to have a passionate fondness. A note from him to Gov. Andrew of Mass., says that the Emperor of Brazil has overwhelmed him with attentions, and placed a steamer at his disposal on the Amazon. At the time of his writing, he had already obtained six hundred new specimens of fish.

☞ APRIL, 1865.—A year ago Monday, April 24, Lee evacuated Petersburg and Richmond, and Wednesday was the anniversary of that memorable event—the holding a levee by Abraham Lincoln in the house of Jeff. Davis at Richmond. On the fifth, the gallant Sheridan struck Lee near Farmville a blow which completed the demoralization of the rebel army; on the seventh Grant notified Lee that escape was impossible; and on the ninth the rebels surrendered; President Lincoln died on the fifteenth; Vice President Andrew Johnson became the seventeenth President of the United States on the same day.

On the twenty-sixth, Johnson surrendered his army to General Sherman, and thus completed the chapter of victories which make April, 1865, a memorable month.

The Mississippi waters are very high, and pouring through extensive crevasses above and below New Orleans. Extensive flooding and damage are feared. The country around New Orleans flooded.

Mrs. Rhodes, of Providence, R. I., ordered her carriage, directed her coachman to drive to Seekonk River, got out there, and while he watched the vehicle, drowned herself.

For Sale.

A FARM containing twenty acres of Land, in Rye, N. H., situated near Breakfast Hill so called, at the junction of the road leading from Portsmouth to Newburyport and the main road leading from Greenland to all the public houses at Rye Beach. It lies within ¾ of a mile of Greenland Depot on the Eastern R. R., and within three miles of the Ocean House, Rye Beach.

The Farm is divided into three parts; one field containing six acres of excellent Tillage Land, with a large number of Fruit Trees; the HOUSE contains nine rooms, with a fine Cellar,—there is a good Barn, and all necessary Outbuildings, with an excellent Well of Water within thirty feet of the house;—one field contains four acres of good Tillage and Grass Land; also ten acres Wood and Pasture Land within half a mile of the house.

The location of this Farm makes it a very desirable summer residence, and it will be sold in parts or whole, to suit purchasers, on application to

BENJ. NORTON, 14 Austin street, Portsmouth, N. H.

SUFFERERS
From Dyspepsia

READ! REFLECT!! ACT!!!

TARRANT & CO

Gentlemen, I am a resident of Curacoa, and have often been disposed to write to you concerning the real value of your SELTZER APERIENT as a remedy for indigestion and dyspepsia. I desire to express to you my sincere gratitude for the great benefit the SELTZER has done my wife.

For four or five years my wife has been sadly afflicted with Dyspepsia, and after being under the treatment of several Doctors for two or three years, she was finally induced to seek the advice of a learned Physician, Doctor Lubin of Venezuela, who immediately treated her with your EFFERVESCENT SELTZER APERIENT. She began to improve at once and is now PERFECTLY WELL.

I feel it to be my duty for the good of humanity to make this statement, feeling that a medicine so valuable should be widely known.

Trusting that you will give this publicity, and repeating my earnest gratitude and thanks,

I am very respectfully yours,
S. D. C. HENRIQUEZ,
Merchant, Curacoa, S. A.

New York, June 28th, 1865.

WE ASK

The suffering millions in our land to give this remedy a trial, convinced that by its timely use many may be relieved, many cured of

Dyspepsia, Heartburn, Sour Stomach, Sick Headache, Dizziness, Indigestion, Piles, Costiveness, Bilious Attacks, Liver Complaints, Rheumatic Affections, &c.

Read the Pamphlet of Testimonials with each bottle, and do not use the medicine against the advice of your Physician.

MANUFACTURED ONLY BY

TARRANT & CO.,
278 Greenwich Street, New York.

☞ FOR SALE BY ALL DRUGGISTS.

ap15ly

DUTCHESS NURSERIES

POUGHKEEPSIE, NEW YORK,

FERRIS & CAYWOOD, Proprietors.

We call the attention of our customers and the public to our stock of GRAPE VINES, which is larger than ever before. Having had over twenty years' experience in the management of Vineyards and the propagation of Vines, and our present stock having been grown from bearing wood only, with constant care during the season, we think they will compare favorably with any others that are offered for sale.

Our stock of MONTGOMERY VINES is very large. This variety not being generally known, we will give a brief description: White, a seedling of the White Chasselas, an unparalled grower and bearer, clusters often weighing two pounds, with a mild aromatic flavor. It is classed with the hardy grapes, but we protect it in winter as we do all other varieties in this part of the State.

Our stock of the various kinds of EVERGREEN and DECIDUOUS TREES is very large, and is offered at moderate prices; and at very low rates by the quantity, to those who are laying out and improving their places, cemeteries, or public grounds, and to nurserymen. We challenge competition.

Grape Vines.

"DELAWARE"—Grown in open border. No. 1, one year old, 50 cents each, $25 per 100; No. 2, ditto, 25 cents each, $20 per 100; No. 3, ditto, 20c each, $10 per hundred; well grown vines in pots 25c each, $15 and $20 per 100.

"MONTGOMERY"—No. 1, one year old in hot house, 50 cents each, many equal to two years' growth, $1 each; $80 per 100; No. 2, one year old, good plants, 75c each, $60 per 100.

"REBECCA"—No. 1, one year old in pots, 30c each, $20 per hundred; No. 2, ditto, 25c each, $20 per hundred.

"ALLEN'S HYBRID"—3 years old, $1.50 each; 1 year old, 50c to 75c each, $40 per hundred.

"CATAWBA"—No. 1, two years, 25c each, $20 per hundred; No. 2, ditto, 20c each, $15 per hundred.

Reputation Established!

Mrs. S. A. Allen is truly a public benefactress, and her wonderful success is unprecedented. Her fame and her discoveries have gone abroad, and to-day she is in her line the largest manufactures in the world.

Everybody Interested.

Youth and old age are alikebenefited by the use of Mrs. S. A. Allen's World's Hair Restorer and Hair Dressing. They act directly upon the roots of the hair, causing luxuriant growth and beauty. Your hair, if changed to grey or white by sickness or other causes, will soon be restored to its natural color and beauty. Dandruff eradicated forever. The Hair falling stopped. The most delicate head-dress or bonnet can be worn without fear of soiling. The most delightful fragrance to the hair is imparted. If you wish to restore your hair, as in youth, and retain it through life, without delay purchase a bottle of Mrs. S. A. Allen's World's Hair Restorer and Dressing.

Sold by Druggists throughout the World.

VINELAND
FARM AND FRUIT LANDS.

In a mild and healthful climate. Thirty miles *south* of Philadelphia by Railroad, in New Jersey, on the same line of latitude as Baltimore, Md.

The soil is rich and *productive*, varying from a clay to a sandy loam, suitable for Wheat, Grass Corn, Tobacco, Fruits and Vegetables. This is a *great fruit country.* Five hundred Vineyards and Orchards have been planted out by experienced fruit-growers. Grapes, Peaches, Pears, &c., produce immense profits. Vineland is already one of the most beautiful places in the United States. The entire territory, consisting of fifty square miles of land, is laid out upon a general system of improvements. The land is only sold to actual settlers with provision for public adornment. Five acres, on account of its great beauty, as well as other advantages, has become *the resort of people of taste.* It has increased five thousand people within the past three years. Churches, stores, Schools, Academies, societies of Art and Learning, and other elements of refinement and culture have been introduced. Hundreds of people are constantly settling. Hundreds of new houses are being constructed. Price of Farm land, twenty acre lots and upward, $25 per acre. Five and ten acre and Village lots for sale.

Fruits and Vegetables ripen earlier in this district than in any other locality north of Norfolk, Va. Improved places for sale.

Opening for all kinds of business. Lumber Yards, Manufactories, Foundries, Stores and the Mills and Steam Power, with room, can be rented. For persons who desire mild winters, a health full climate, and a good soil, in a country beautifully improved, abounding in fruits, and possessing all other social privileges, in the heart of civilization, it is worthy of a visit.

Letters answered, and the Vineland Rural, a paper giving full information, and containing Reports of Solon Robinson, sent to applicants.

Address CHAS. K. landis, Vineland P. O., Landis Township, New Jersey.

Report from Solon Robinson, Agricultural Editor of The Tribune: *It is one of the most extensive fertile tracts, in an almost level position and suitable condition for pleasant farming that we know of this side of the Western Prairie.* n1—dawlm

CHEROKEE CURE,

THE GREAT

INDIAN MEDICINE,

Cures all diseases caused by self-abuse, viz:—*Spermatorrhœa, Seminal - Weakness, Night - Emissions, Loss of Memory, Universal Lassitude, Pains in the Back, Dimness of Vision, Premature Old Age, Weak Nerves, Difficult Breathing, Pale Countenance, Insanity, Consumption*, and all diseases that follow as a sequence of youthful indiscretions.

The Cherokee Cure will restore health and vigor, stop the emissions, and effect a permanent cure after all other medicines have failed. Thirty-two page pamphlet sent in a sealed envelope, free to any address.

Price $2 per bottle, or three bottles for $5. Sold by all druggists; or will be sent by express to any portion of the world, on receipt of price, by the sole proprietor,

Dr. W. R. MERWIN, 37 Walker St., N. Y.

Cherokee Remedy,

Cures all Urinary Complaints, viz: *Gravel, Inflammation of the Bladder and Kidneys, Retention of Urine, Strictures of the Urethra, Deposited Sediments, Brick Dust Deposits*, and all diseases that require a diuretic, and when used in conjunction with the

CHEROKEE INJECTION,

does not fail to cure *Gonorrhœa, Gleet and all Mucous Discharges* in Male or Female, curing *recent cases in from one to three days*, and is especially recommended in those cases of *Fluor Albus or Whites in Females.* The two medicines used in conjunction will not fail to remove this disagreeable complaint, and in those cases where other medicines have been used without success.

Price, Remedy, One Bottle, $2, Three Bottles, $5.
Injection, " $2, " $5.

The Cherokee "*Cure*," "*Remedy*," and "*Injection*" are to be found in all well regulated drug stores, and are recommended by physicians and druggists all over the world, for their intrinsic worth and merit. Some unprincipled dealers, however, try to deceive their customers, by selling cheap and worthless compounds,—in order to make money—in place of these. *Be not deceived.* If the druggists will not buy them for you, write to us, and we will send them to you by express, securely packed and free from observation. We treat all diseases to which the human system is subject, and will be pleased to receive full and explicit statements from those who have failed to receive relief heretofore. Ladies or gentlemen can address us in *perfect confidence.* We desire to send our thirty-two page pamphlet free to *every* lady and gentleman in the land. Address all letters for pamphlets, medicines, or advice, to the sole proprietor,

Dr. W. R. MERWIN, 37 Walker St., N. Y.

VOL. XXVII. PORTSMOUTH, N. H. TUESDAY, APRIL 17, 1866. No. 90.

The Chronicle.

JEFF. DAVIS.—The Boston Journal's Washington correspondent says:

Adjt. Gen. Natt Head, of New Hampshire, returned Thursday from a visit to the battle-fields and other interesting places in Virginia. While at Fortress Monroe, he was on the parade ground when Jeff. Davis came out for his morning walk, accompanied by the officer of the day, and followed by two soldiers with loaded muskets. The arch-rebel appears to be in excellent health—rather stouter than he used to be—having lost none of his haughtiness of manner. The officers who have intercourse with him represent him as being proud of his connection with the rebellion, and as feeling that he was justified by State Rights doctrines in attempting to sever the Union.

[If by "State Rights," he means "State Sovereignty and Supremacy," he is correct. But the event of the war does not justify the *doctrine*: it is suicidal, absurd, monstrous; for it would really make a part greater than the whole.]

HOW TO LIVE.—A wealthy gentleman of Boston several years ago, gave the editor of the Worcester Palladium a short narrative of his own experience. He had an income of $10,000 a year, (a large sum then, but not considered so now,) a house in town, and a country-seat a few miles out. He had several children—a coach, fine horses, and a driver; and took pleasure in riding every day with his children.

One day, when riding, the thought struck him, that each one of his children would expect to have a fine house and coach and horses and driver, as their father had before them, and to live as he lived; and if they did not, they would be unhappy. He did not think that all of them could have things as he had them, or live as he was living; and he rode home; sent his coach and horses to market and sold them; bought a cheap carryall, and became his own driver.

With emphasis he declared that no amount of wealth could induce him to return to his former mode of living; for if any of his children should chance to be poor, as in all probability some of them would be, they should not suffer in the irfeelings by the reflection that their father rode in his coach, while they had to rough it on foot. The example he gave them afforded him a satisfaction greater than his wealth had to bestow.

Lodi Manufacturing Company's POUDRETTE.
AGENT FOR NEW HAMPSHIRE,
J. F. SHORES, Jr.,
No. 38 Market Street (Up Stairs.)
The advantages of Poudrette as a manure may be stated as follows:
First, its ECONOMY. The *cost* of the manure compared with its *effects* is less than that of *any other fertilizer* in market. It can be bought and applied for the same money which it would cost only to apply farm-yard manure. It is portable, contains great strength in a small compass, and needs *no extra care in its application*; the closer its contact with the seed the better and quicker it works. $4.50 worth at our retail price (or two barrels) will manure an acre of corn in the hill, and from one-quarter to one-third to the product, and will *mature* the crop from two to three weeks earlier. *No worms* will stay in the hill where the Poudrette is placed. *No seeds of weeds will germinate*, and crows are very shy of plucking it out of the hill. On Corn, Tobacco and Garden Vegetables it has no equal. While the leaf and growth of the Tobacco plant is large, it has not the coarseness of fibre which is produced by Peruvian Guano, and it has taken the lead for this crop in Connecticut, and has begun to be appreciated in Maryland.
It is famous for producing larger and finer potatoes than anything else, and the stories told about Onions, their large growth, &c., are almost beyond credence. Flowers and plants are much improved by an application of Poudrette.
Another great consideration is the season of the year when the corn is planted. It is a time when every spring crop must be put in, and the corn not only planted, but up and grown sufficiently for the last hoeing and planting, before the commencement of grain and hay harvest—The celerity and dispatch with which a large crop of corn is put in and poudretted, the rapid growth and consequently better opportunity of working among it—the small chance for weeds, owing to the shade it affords, and the fact that the *Poudrette, unlike other manures, contains no seed that can germinate*, and consequently less trouble required to clean it—are all important advantages. The corn will ripen two weeks earlier, and the yield will be much heavier.
The same remarks apply to Sorghum and Broom Corn.
For grass, where it is about to be laid down to lawn, or for several years, a top dressing of Poudrette will be found invaluable.
We wish to remark in this place, that Poudrette is not like some quack medicines, warranted to cure all kinds of diseases. It must be used with discretion, and a reasonable quantity will produce a reasonable effect.
Poudrette will answer no better than other manures on wet, sour, undrained land, or in seasons of drought. In other words, Poudrette is an invaluable substitute for barn-yard manure, and can be used with great profit and advantage upon most spring crops, but it will neither work miracles, drain the land it is put upon, nor cause rain to fall in time of drought.
Price per Barrel $2.25—delivered at any part of the city, or at any depot or wharf.
Important Notice!—When Poudrette is spoken of, we mean "LODI POUDRETTE," which has now stood the test of twenty-six years' trial; and when buying, *be sure and get that kind!*
A descriptive pamphlet may be had on application. mh29.

Morning Chronicle.

Portsmouth, N. H.

TUESDAY, APRIL 17, 1866.

☞ We see by the papers that Northern men who have leased plantations at the South, and other persons wanting laborers there, demand more laborers than they can find,—and that contracts are made almost daily, in Washington, by freedmen, to go South. We remember (says Uncle Toby) how solemnly some of the same papers, and many others, used to tell us, only a few years ago, "if you free 'em, they'll all rush to the North." Some white men were so ignorant as to believe them:—and perhaps to vote in such a way as they thought might prevent emancipation, and so avert the avalanche of dark-skinned workingmen of which they had such a ludicrous fear.—These votes, however, brought on the rebellion, and that in its reaction produced emancipation. But the rush to the North has not come—and those who used that foolish plea ten years ago or more, never mention it now.

☞ Special dispatches from Washington state that the President has ordered Treasury Agent Dexter, convicted by a military commission at Mobile, of fraud on the Government, to be turned over to the civil authorities for trial. He was in confinement in default of $200,000 bail. This is looked upon as a solution of the peace proclamation by the President himself, to the effect that it removes martial law.

It is probable Clement C. Clay will be released on parole in a few days. This course is recommended by Gen. Grant, Senator Wilson and Thad. Stevens.

The latest proposition is to try Jeff. Davis at Nashville, he having been present at the battle of Stone River.

THE PHILADELPHIA MURDER.—The Philadelphia North American says the authorities are of the opinion that Antoine Probst, the man who confesses to having murdered one of the Deering family, and charges another man with killing the rest, is lying about the matter, and believe nothing he says except that he killed the boy. They believe that he committed all the murders himself. Statements that he has made concerning the complicity of another party have proved false. A carpet bag which he said was taken by his confederate was found at a saloon whose keeper identifies him as the man who left it there, and it contained Probst's army discharge papers. He has also been identified by a watchmaker as having offered a gold watch for sale, although he says his accomplice took the watch. He appeared very cool and unconcerned when arrested, and while giving his account of the murders.

GOLD, Monday, 125 3-4.

— The people of New Orleans were luxuriating upon blackberries fresh from the bushes on the 7th inst.

— The Belfast Age says there will be more than the average amount of shipbuilding in that district the coming season.

— P. T. Barnum is putting up his monument in Bridgeport cemetery. It will be 25 feet high, contains 65 tons of granite, and cost $6000.

— Steamboat rivalry on the Willamette River, Oregon, has abolished fares altogether. The strife at last accounts was to see what boat carried the most pretty women.

— The Legislature of Maine have passed a law imposing a fine of ten dollars for killing a mink, sable, otter, fisher or muskrat between June 1st and Oct. 12th.

— The St. Louis (Mo.) Dispatch asserts that pilots on the Missouri river get from sixteen to eighteen hundred dollars a month at present.

— The Newburyport Herald says a noarmed sailor in that town has unsuccessfully written to Welles for a pension. Perhaps he didn't write a good hand.

— The Tennessee House of Representatives has passed a bill to disfranchise those who participated in the rebellion and prohibit them from holding office.

— The widow of Rev. T. Starr King was married in New York last week to Mr. Norris, a rich steamboat man of San Francisco, and an intimate friend of her late husband.

— An interesting and important decision touching the responsibility of common carriers, has just been decided at Milwaukee, in which the American Express Company are made to pay $200 for damages done to a Cremona fiddle, while in transportation, notwithstanding the attempted waiver of responsibility exceeding $50, expressed on the Company's blank receipts.

— Hon. A. Willard, of St. Johnsbury, Vt., has written a letter in which he says that his appointment as one of the Vice Presidents of Montgomery Blair's wing of the Andrew Johnson National Club was without his knowledge or consent. This makes five of the Vice Presidents who have disavowed all connection with this movement.

NEW HAMPSHIRE ITEMS.

—— Among the recent appointments of Hospital Chaplains, is Henry Hill of this State.

—— Hon. John P. Hale, present Minister to Spain, is an applicant for the position of United States District Judge, in New Hampshire, made vacant by the death of Judge Harvey.—*Exchange.*

—— An attempt was made on Saturday night, near midnight, to burn the State Prison at Concord, by setting fire to the Stable. It is supposed to have been set by outside conspirators, to liberate a noted criminal who is a prisoner. Extra precaution is to be observed.

WASHINTON ITEMS.—Mr. Smyth President of the New York Central National Bank, is on the slate as Collector of the port of New York, the vote of Governor Morgan on the Civil Rights bill having decided Mr. Depeu's chances, to the regret of Thurlow Weed, who is at W.

Daniel S. Dickinson sent as his dying request to the President that his son-in-law, S. G. Courtney, be appointed as his successor. The request has been complied with.

Rev. Dr. Sutherland preached a radical political sermon Sunday evening, on the assassination of President Lincoln.

Hon. James W. Patterson of New Hampshire is to be one of the speakers at a demonstration of the Sons of Temperance on Tuesday evening.

Communications to the Assistant Commissioner of the Freedmen's Bureau in Washington, continue to arrive, requesting him to aid in making contracts with freed people who have assembled in Washington and its vicinity to labor on farms and plantations in the South and Southwest. The efforts of the Assistant Commissioner to satisfy these demand for labor have been eminently successful, although the demand is yet largely in excess of supply. Saturday upward of four thousand freed people, living in and near Alexandria, Va., were engaged by contracts, through the instrumentality of the Bureau, to go to distant points.

Gold has been discovered in some ledges of quartz about 12 miles from Washington, and a party of California miners have commenced operations there with the requisite machinery for extracting the precious metal. Land in the vicinity which could not be sold a month ago at $10 an acre is now held at $1000 an acre.

— Dr. Sylvester Wilson of Fletcher, Vt., aged thirty-seven, was found dead in his house on Saturday. His decease was caused by intemperance, to which he was sadly addicted. Professionally he was a very able man.

— The notorious "Bristol Bill" was recently tried and convicted at the Assizes held in Berlin, Canada, and sentenced to five years' imprisonment, for an attempt to rob the Gore Bank, at Galt, in November last.

— Joseph Bridges, the pioneer locomotive engineer of Western Pennsylvania, died in Edensburg, Cambria county, on the 30th ult., aged fifty-five years. Thirty years ago he ran the first locomotive built west of the Alleghanies.

— A gentleman in England having lost his cat, suspected that a lady known to be fond of pussy had taken a fancy to it. A search warrant was procured, and the inspector reported that the lady had 115 cats, 15 dogs, and a fox, all alive on the premises.

— Slavery is rapidly extending in Egypt to meet the demands for increased labor in the cotton fields. The slaves are brought from the upper Nile. The average life of these slaves does not exceed four years, and it is estimated that three persons are killed for every slave taken.

— The colored people of Hampton, Va., and the surrounding country had great rejoicings last Wednesday over the passage of the Civil Rights Bill. Illuminations and torchlights were in full blast, and every possible expression was given to their feelings.

— Houses are so scarce at New Albany, Ind., that a number of people in the lower part of the town are building flat boat houses, intending to move their families into them. Several of these marine dwellings are now in course of construction at the ship yards of that city.

— A church of the Baptist denomination in Chicago has just been dedicated. The cost is $200,000, and it is a magnificent edifice. When the dedication Sabbath dawned, $50,000 were to be secured, or the organ, tower and bell, one or all, were unpaid for. A collection of $53,000 was obtained during the two services of the day —$47,000 in the morning, and $6,000 in the evening.

— A widow lady of Danville, Ky., took an orphan boy to raise, quite small, and when arrived at the age of 18 she married him, she then being in her 50th year. They lived many years together, happy as any couple. Ten years ago they took an orphan girl to raise. This fall the old lady died, being 96 years of age, and in seven weeks after, the old man married the girl they had raised, he being 68 years old, and she 18.

☞ The Montreal Gazette reports the death of Ole Bull, the celebrated violinist, at Quebec, on the 10th inst. He was born at Bergen, Norway, in 1810, and procured his musical education after having studied law. During seven years his receipts for concerts produced a large fortune, and he married at Paris and went home to enjoy his wealth. Subsequently he came to America and gave concerts. He went home in 1845, and lost most of his fortune in speculations for the establishment of national art schools in Norway. His wife's money also went with it. With what money he had remaining, he purchased one hundred and twenty thousand acres of wild land in Pennsylvania, on which he designed to settle a large colony. The project proved a failure, and he once more returned to concert-giving. In 1854, just after the completion of the Academy of Music in New York, he leased the building, undertaking the management of the Italian opera. This was also unsuccessful, and attended with heavy loss. Since then he has given concerts in Europe and this country, generally with success. His age was fifty-six years.

☞ There is a difference of opinion among medical men in reference to the disease prevalent on board the steamship England in Halifax harbor. The city physician there reports the disease as probably a severe form of ship fever, with many of the prominent symptoms of cholera, amounting to a regular plague. Up to Friday evening one hundred and seventy deaths had occurred, including forty who had died on the passage from Liverpool, but the mortality had much decreased, and the physicians report the disease decidedly checked, and confined to the steerage passengers.

☞ Queen Victoria, of England, learning that George Peabody, Esq., was about to leave for America, has written him a letter assuring him how deeply she appreciated the more than princely munificence by which he has sought to relieve the London poor. A Baronetcy has been conferred on him, but he felt debarred from accepting such distinction. The Queen presents him with her miniature as an assurance of her personal feelings.

☞ Among the embellishments of The Lady's Friend for May, are the fine picture, "The Return of Swallows," a showy and tasteful Fashion Plate, comprising costumes for riding and other lively, out-door amusements; the wood-cut "Cloverbobs," illustrating the story "How Dr. Rounder beat his Boys;" and "The Bird-Lover," accompanied by a sketch. Deacon & Peterson, 319 Walnut street, Philadelphia, publishers.

GOOD FOR BARNUM.—Barnum says: "I never patronize a business man that don't advertise, for the reason that I invariably get cheated. The penurious principle that prevents a man from keeping his business before the people, will prevent him from selling cheap." If any man in this country understands human nature, that man is P. T. Barnum.

— A correspondent who has traveled over seven hundred miles in Pennsylvania, Delaware and Maryland, reports that, excepting, perhaps, one field in twenty-five, the wheat is in fine condition.

— The Boudoir, a ladies' newspaper published in New York, tells an interesting story of a fair lady who has operated as a bear in Wall street, speculating only in gold and employing a broker, and who has made a hundred thousand dollars during the last year. She has invested it all in jewelry and plate.

— A few weeks ago, in Helena City, Montana, a man named Daniels was found attached by the neck to a tree. He had been tried and convicted of manslaughter, but pardoned by the acting-Governor, Meagher. The citizens continued to hold their own opinion of his guilt, and expressed it in the violent manner above related.

— At Augusta, Ga., March 22, Judge Davis, of the Freedmen's Court, finding a difficulty in deciding upon a certain case, called in three colored men, made them listen to the argument, and accepted their verdict as his own. This, the Transcript of that city calls "the first colored jury in Georgia."

— A match factory in Western New York is noted for the curious machinery used in the manufacture. 750,000 feet of pine of the best quality are used annually for the matches, and 400,000 feet of basswood for cases. The sulphur used annually for the matches is 400 barrels, and the phosphorus is 9,600 pounds. The machines run night and day and 300 hands are employed at the works.

— Some newspapers are still considered "incendiary documents" in places where they do not meet the approbation of the majority of the people, as witness the following from the Montgomery (Ala.) Mail: "If this were not Sunday morning, and if we were not afraid of being charged with violence, we would say that the only suitable use to which the pictorial newspapers of the Harpers and Leslie could be placed would be to paper the walls of Hell."

SHORTENING RIVER NAVIGATION.—We see it stated that the James River is taking advantage of Gen. Butler's "Dutch Gap Canal," below Richmond, and so enlarging and completing it that small craft pass through it at high stages of water, saving several miles by a cross-cut of less than one; also, that the Mississippi, during the high water now prevailing, is reported to have broken through Terrapin Bend, near Vicksburg, which accomplishment Generals Williams and Grant failed to bring about, thus shortening the river navigation fifteen miles.

— The Richmond Whig says that the case of Parker C. Wescott, charged with swindling the United States Government out of a lot of horses, has been turned over to the civil authorities. The Military Commission have decided that since the peace proclamation of President Johnson he does not come within their jurisdiction.

NEVERMORE can the coarse gritty tooth powders and tooth-destroying chemical fluids find a place on the toilets of sensible people. The fragrant and preservative SOZODONT has superseded them all. 3

— Call for Herrick Allen's Gold Medal Saleratus. Agitate until you get it. If your grocer has not got it, ask him to go to the wholesale Agent, get a box, and try it. It is the best in the world. Do not be put off with any other. Use it instead of soda; it is a great deal better. Try it. Most of the Merchants have it. Their depot is 118 Liberty street, New York. 75

Holloway's Pills.—Impurity of the Blood.—Health consists in the purity of the fluids and solids which compose the human body; if the blood becomes vitiated it infects the whole system by its course through every fibre and tissue. Holloway's Pills not only expel all humors which taint or imporerish this vital element, but purify and invigorate it, and by supplying a gentle and whole-one stimulus to the circulation they strengthen each part, and give tone to the whole frame. Sold by all Druggists. sp14—1w

SUFFERERS

From Dyspepsia

READ! REFLECT!! ACT!!!

FARRANT & CO.

Gentlemen, I am a resident of Curacoa, and have often been disposed to write to you concerning the real value of your SELTZER APERIENT as a remedy for indigestion and dyspepsia. I desire to express to you my sincere gratitude for the great benefit the SELTZER has done my wife.

For four or five years my wife has been sadly afflicted with Dyspepsia, and after being under the treatment of several Doctors for two or three years, she was finally induced to seek the advice of a learned Physician, Doctor Cabinlis, of Venezuela, who immediately treated her with our EFFERVESCENT SELTZER APERIENT. She began to improve at once and is now PERFECTLY WELL.

I feel it to be my duty for the good of humanity to make this statement, feeling that a medicine so valuable should be widely known.

Trusting that you will give this publicity, and repeating my earnest gratitude and thanks,

I am very respectfully yours,
S. D. C. HENRIQUER,
Merchant, Curacoa, S. A.

New York, June 28th, 1865.

WE ASK

The suffering millions in our land to give this remedy a trial, convinced that by its timely use many may be relieved, many cured of

Dyspepsia, Heartburn, Sour Stomach, Sick Headache, Dizziness, Indigestion, Piles, Costiveness, Bilious Attacks, Liver Complaints, Rheumatic Affections, &c.

Read the Pamphlet of Testimonials with each bottle, and do not use the medicine against the advice of your Physician.

MANUFACTURED ONLY BY

Cleanse the Blood.

With corrupt, disordered or vitiated Blood, you are sick all over. It may burst out in Pimples or Sores, or in some active disease, or it may merely keep you listless depressed and good for nothing. But you cannot have good health while your blood is impure. AYER'S SARSAPARILLA purges out these impurities and stimulates the organs of life into vigorous action, restoring the health and expelling disease. Hence it rapidly cures a variety of complaints which are caused by impurity of the blood, such as Scrofula, or King's Evil, Tumors, Ulcers, Sores, Eruptions, Pimples, Blotches, Boils, St. Anthony's Fire, Rose or Erysipelas, Tetter or Salt Rheum, Scald Head, Ring Worm, Cancer or Cancerous Humors, Rose in Eyes, Female Diseases, such as Retention, Irregularity, Suppression, Whites, Sterility, also Syphilis or Venereal Diseases, Liver Complaints, and Heart Diseases. Try AYER'S SARSAPARILLA, and see for yourself the surprising activity with which it cleanses the blood and cures these disorders.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself has become synonymous with imposition and cheat. Still we call this compound "Sarsaparilla," and intend to supply such a remedy as shall prove by name from the load of obloquy which rests upon it.—We think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. We can only assure the sick, that we offer them the best alterative which we know how to produce, and we have reason to believe it is by far the most effectual purifier of the blood yet discovered for any body.

AYER'S CHERRY PECTORAL is so universally known to surpass every other remedy for the relief of Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the relief of Consumptive Patients in advanced stages of the disease, that it is useless here to recount the evidence of its virtues. The world knows them.

Prepared by Dr. J. C. AYER & Co., Lowell, Mass., and sold by all Druggists and Dealers in Medicine everywhere. mh9—2waw2m

ABSTRACT OF THE

21st ANNUAL STATEMENT

—OF THE—

Mutual Benefit Life Insurance Co.,

January 1st, 1866.

Balance per statement Jan. 1, 1865..	$6,774,867.60
Am't premiums rec'd in 1866.....	$3,026,987.91
" interest rec'd and accrued....	679,278.30
Total income in 1865.....	3,708,265.51
Total disbursements, including claims by death and dividends to policy-holders.....	1,433,643.51
Net increase in 1865.....	2,274,672.00
Total Assets Jan. 1, 1866.....	9,049,539.60
Whole am't of claims by death, paid to Jan. 1, 1866.....	$4,256,579.89
Whole am't of dividends paid to " Jan. 1, 1866.....	$2,744,216.21
Total No. Policies Jan. 1, 1866.....	21,921
Am't insured during the year 1865..	$21,627,484.00

The Directors have, from the *Surplus on hand*, declared a Dividend of Six per cent., and have also ordered the payment of the Eighteenth Dividend (50 per cent.) to the Members, when their annual premiums become due, during the year 1866.

EDW. A. STRONG, Secy. LEWIS G. GROVER, Pres.

WARREN STARROW,
State Agent for Maine and New Hampshire.

HENRY A. YEATON,
feb18 Agent for Portsmouth and Vicinity.

WHICH IS THE

Leading Life Insurance Comp'y

IN THE UNITED STATES?

Which is the Safest and the Cheapest?

The following figures are from the later Report of the New York Insurance Commissioner, showing the "amount of business" of the

MUTUAL BENEFIT

LIFE INSURANCE COMPANY,

to be the *largest*, the "expenses of management" the *smallest*, the "ratio of Assets to Liabilities," or the *security* furnished to its members, the *largest* of any life institution in the country.

Premiums received in 1864.....	$2,089,072
" " " " 1865.....	3,029,087
Ratio of expenses to premiums rec'd in '64..	12.96
" " " " " " '65..	12 10
Ratio of assets to liabilities, Jan. 1, 1865...	151.85

The inevitable conclusion from these official facts, is that the

MUTUAL BENEFIT LIFE

Insurance Company

IS THE BEST AND THE CHEAPEST.

Because its NET ASSETS are proportionably LARGER than those of any other Life Insurance Company in the United States.

Because its "Managing Expenses" are LESS, and it has a LARGER SURPLUS to divide among its members than any Company in the United States.

QUERY. Will some one inform the public of that mysterious process by which a Company with a surplus proportionably *much less*, and expenses *very much* larger than another, can yet divide more to its members, and insure them at *less cost?* How is it done? Where does the money come from?

Every intelligent man will see at once that it *cannot be done.* Yet we have Agents among us that make this their boast.

Any one disposed or intending to insure can be furnished with the requisite information by applying to

HENRY A. YEATON, Agent.

Portsmouth, March 27, 1866.—3mdaw

Special Notices.

IMPORTANCE OF HAVING DAVIS' PAIN KILLER ALWAYS ON HAND.

Wonderful Cure of the Rev. D. L. Brayton, Missionary in India, who was stung by a Scorpion.

Extract from his letter, published in the Baptist Missionary Magazine:

"For the first time since I have been in India, I have been stung by a scorpion. I went out this morning to my exercises, as usual, at early dawn, and having occasion to use an old box, on taking off the cover I put my hand on a scorpion, which immediately resented the insult by thrusting its sting into the palm of my hand. The instantaneous and severe pain which darted through the system is quite incredible; what an awfully virulent poison their sting must contain! I FLEW TO MY BOTTLE OF DAVIS' PAIN KILLER, and found it to be true to its name; after a moment's relief, I saturated a small piece of sponge, bound it on my hand, and went about my exercises, feeling no more particular inconvenience.

Perry's Moth and Freckle Lotion.

☞ Chloasma, or Mothpatch, (also called Liver-spot,) and Lentigo, or Freckles, are often very annoying, particularly to ladies of light complexion, for the discoloration shows more plainly on the face of a blonde than of a brunette; but they greatly mar the beauty of either and any preparation that will efficiently remove them, *without injuring the texture or color of the skin*, is certainly a desideratum. DR. B. C. PERRY, who has made diseases of the skin a speciality, has discovered a remedy for these discolorations, which is at once prompt, infallible and harmless.

Prepared by H. C. PERRY, Dermatologist, No. 49 Bond Street, New York, and for sale by all druggists; price $2 per bottle. Call for

PERRY'S MOTH & FRECKLE LOTION.

Sold by all Druggists in Portsmouth and elsewhere. 4yendeo—oct19

Important.

DR. STEVENS, No 5 Daniel Street, would give notice that he has REDUCED the price of Permanent Sets of ARTIFICIAL TEETH on the Vulcanite Base, to that charged for them before the war.

He would also give notice that he is doing a new style of work for Under Sets of Teeth, called the COMBINATION BASE (Gold and Vulcanite) which produces by far the finest work offered to the public. The price is something in advance of that charged for the Vulcanite alone, but the strength, durability, ease of bearing, and beauty of finish obtained by it, more than double the value of the Teeth. mh12

GEORGE F. WEED,

S-u-r-g-e-o-n D-e-n-t-i-s-t,

FIRST ASSISTANT in the Office of Dr. STEVENS, No. 5 DANIEL STREET.

DR. WEED can be found at his place of business at all hours of the day and night, for the performance of any of the operations that come within the call of his profession.

Dr. A. P. STEVENS, No. 5 Daniel St., makes the saving of ULCERATED and painful front teeth, a specialty in his business. He also successfully restores to their natural shape broken or badly decayed teeth, by building out corners and sides with PURE GOLD. (In many cases teeth so restored are as strong as any of their brother members, and in all cases are rendered eminently useful for a long series of years.) DISEASED TEETH, in all stages, treated, and in a very large majority of cases entire success attained.

Charges for such operations necessarily high, but nothing in comparison to the value of the Teeth. mch14

A Household Necessity exists for the Use of Durno's Catarrh Snuff,

Which, in the first stages of a cold, acts like magic—Headache, Hoarseness, Diptheria, and Bronchitis, Sore Eyes, Deafness, Bad Taste and Smell, being the result of Catarrh. This snuff removes and prevents all these, and insures a healthy Head. Its effects are pleasant and safe, even for infants who suffer from snuffles.

It has the highest professional testimonials.—Sold by all Druggists, or sent by mail to all parts of U. S., for 50 cts. for one Box, or $1 for four Boxes. Address JAS. DURNO,
P. O. Box 1235, New York.

Wholesale, by D. BARNES & CO., 21 Park Row, New York. sprdawlymy28

BRANDRETH'S PILLS. COSTIVENESS, DIARRHŒA,—They are taken up by the absorbents, and carried into the circulation, through which medium they are conveyed to every part of the body.

If the pain affects the joints, a single dose produces remarkable benefit. And the same rule applies to costiveness, diarrhea and dysentery; though with the last named they may be required night and morning for some days before decided relief is obtained. In affections of the lungs, throat, head and pleurisy, the relief is certain; the excretory organs throw off with ease the phlegm, and the breathing becomes freer. Spasmodic asthma is often cured by a single dose. mch28dawlm

A Cough, Cold, or Sore Throat

REQUIRES IMMEDIATE ATTENTION AND SHOULD BE CHECKED. IF ALLOWED TO CONTINUE,

Irritation of the Lungs, a Permanent Throat Affection, or an Incurable Lung Disease,

IS OFTEN THE RESULT.

BROWN'S BRONCHIAL TROCHES

HAVING A DIRECT INFLUENCE TO THE PARTS GIVE IMMEDIATE RELIEF.

For Bronchitis, Asthma, Catarrh, Consumptive and Throat Diseases,

TROCHES ARE USED WITH ALWAYS GOOD SUCCESS.

SINGERS AND PUBLIC SPEAKERS

will find *Troches* useful in clearing the voice when taken before Singing or Speaking, and relieving the throat after an unusual exertion of the vocal organs. The *Troches* are recommended and prescribed by Physicians, and have had testimonials from eminent men throughout the country. Being an article of true merit, and having *proved* their efficacy by a test of many years, each year finds them in new localities in various parts of the world, and the *Troches* are universally pronounced better than other articles.

OBTAIN only "BROWN'S BRONCHIAL TROCHES" and do not take any of the *Worthless Imitations* that may be offered. oct24

Sold everywhere in the United States, and in Foreign Countries, at 35 cts. per box. sudawlm

Stencils! Stencils!

—AT—

THOMPSON BROTHERS,

No. 8 Daniel Street (Up Stairs.)

Having formed a business connection with one of the first houses in Boston, we are now ready to fill all orders for the various kinds of Stencilling—Letter Cutting and Die Sinking, Cancelling Ribbon Presses (with Die), Embossing Seal Presses, Steel Stamps for Wood, Iron, &c.; Burning Brands; Stencils for marking Boxes, Bales, &c.; Stencil Alphabets, in sets or single letter; Stencils for marking Clothing, in Old English, Writing, Italic and Roman.

STENCIL PASTE for marking boxes, barrels, &c., in Black and Fancy Colors.

Call and examine specimens.

☞ We are also Wholesale Agents for the sale of the National Ink Co.'s warranted WRITING INK, a very superior article; does not corrode the pen nor clog.

☞ Also, Agents for the Patent Gong DOOR BELL, one of which may be seen and examined in working order at the above Number.

GEO W. THOMPSON,
HENRY G. THOMPSON.

Portsmouth March 9

Local.

☞ The Portsmouth Steam Factory Corporation has just erected a square dust tower, of brick, at the northwestern corner of their mill, the better to cleanse cotton from the admixture of impurities which it contains when brought from the South.

☞ Auctioneer Morse will dispose of the valuable Real Estate on Market and Green streets, belonging to the heirs of Charles W. Walker, at noon to-day. On the first lot stands the Market Street House, roomy and well located for a boarding house, to which use it has been devoted for some years. The proximity of the land to two railroads offers great advantage to capitalists looking for investments. All needed particulars can be found in the advertisement.

☞ A rare chance to purchase crockery, glass ware and groceries is offered by the sale at 72 State street this morning. Maj. Hackett may not exactly personate the fabled "bull in a china shop," but things must fly when he brings his hammer down.

☞ It will be seen by an advertisement in another column that Mr. Goodwin, of the firm of Goodwin, Sweetser & Co., is to leave in a few days for the purpose of visiting the various nurseries in person, and thus securing the choicest shrubs, vines and plants to fill the orders of their patrons.

Communication.

Messrs. Editors:—We are informed, by a member of the Board of Aldermen, that a resolution passed their board on Thursday evening last, by *unanimous* consent, to commemorate (on Saturday the 14th day of April) the affliction brought upon the American people, by the assassination of the lamented Abraham Lincoln, President of the United States. Who then is responsible for refusing to execute an order which would have given general satisfaction to the *loyal* citizens of Portsmouth. INQUIRER.

NAVAL.—Lieut. Com. James S. Thornton has been ordered to duty as General Inspector of Supplies at this Navy Yard.

MARINE CORPS.—Capt. Philip R. Fendall, Jr., reported for duty at headquarters, Washington, D. C., March 16th.

☞ The Resaca, built at this Navy Yard, is on the Marine railway at the Washington Yard, and is now coppered. She will soon be launched. Workmen are now laying a railway from the boiler shop to the shears, for the purpose of conveying the massive machinery to the Resaca.

S. J. COURT, *Exeter.*—The Grand Jury reported 14 indictments, and were discharged on Thursday.

John Cross, entering the dwelling house of James C. Taylor of Derry, and stealing pantaloons and gold pencil case—plea not guilty, verdict guilty—sentenced to two years in the State Prison.

Charles E. Foster,—Larceny of United States Bonds at Portsmouth, Oct. 26. Plea. not guilty.

Edward M. Demick, Augustus B. Caswell and Thomas Smart, assault, and disturbing religious meeting at Raymond. Plea, not guilty.

Alva L. Bruce, two indictments, for larceny of overcoats—Plea, not guilty.

Isaiah H. Cook, stealing three yearling steers, six yearling heifers, and two two-year old steers, property of Joshua W Peirce, of Greenland.

Moses Noble, Receiving property stolen by Richard Townsend.

Richard Townsend, larceny of one fore throat halliard, one fore peak halliard, and two boat falls at Portsmouth, March 9, 1866.

John S. Banks, assault upon Alonzo F. Craig, stealing from person.

Charles N. Clifford, and Patrick Shehan, assault upon John L. Allen, and stealing from person.

John Penman, and James Welch, breaking Bridewell at Portsmouth, Plea nol con. 40 days common jail and costs.

Asa Wentworth, Portsmouth, disorderly house.

John R. Hart, and William D. Grant, entering shop of John F. Shillaber in Portsmouth, and stealing therefrom.

George W. Fitts, Fraudulent mortage, Plea not guilty.

Town of East Kingston v. Darius Towle. Assumpsit to recover amount paid by the town for sheep of John Towle, alleged to have been killed by Defendant's dog. The Jury could not agree, 10 for Plf. 2 for Defendant.—*News Letter.*

— A queer accident occurred at the Reed well, on Cherry Run, one day last week. A team of horses attached to an oil wagon, became frightened at the locomotive of the Reno Railroad, and ran away. The wagon tongue came in contact with an oil tank, broke through it, and about six hundred barrels of oil were thus lost.

— A Honolulu newspaper gives a tantalizing account of the luscious fruits which grow spontaneously in the Sandwich Islands. The most delicious oranges, it says, are a perfect drug in some districts; limes are seen rotting under the trees ankle deep; bananas, mangos, tamarinds and pineapples are abundant, to say nothing of that splendid fruit, the cibirmoya, that makes one's mouth water to think of!

— The editor of an Eastern paper says: "We have adopted the eight-hour system in this office. We commence work at eight in the morning, and end work at eight in the evening."

— A race of sculptors—The Chipaway Indians.

— We admire thunder, but as for lightening, we were never struck by it.

— Quilp thinks that Prof. Agassiz is an honorable man, but admits that he has been engaged in a scaly business in Brazil.

— It is estimated that 18,000 elephants are annually killed to supply Sheffield alone with ivory.

— Maine has still 1800 men in the U. S. service.

— There exists, in Paris, an odd fashion at fancy balls, of testing the shape of the leg, and showing that the handsome calf that struts along is an imitation, which is to thrust a little flag into it with a very sharp point; of course the seat of sensation is not touched.

— A fire took place in Natick, Mass., at 2 o'clock Sunday morning, destroying a livery stable, a horse, two carriages and harnesses, 15 or 20 sleighs, a tenement house, and a rum shop. Fire supposed to be kindled by a lighted cigar dropped among hay in a stable.

— An illiterate old lady residing in the vicinity of Cape Cod, desiring to dispose of her cottage, posted upon it a placard bearing the words, "For Sail." A wag chanced to be passing one day as the dame stood in the door, and thinking to get a laugh upon her, he quizzingly asked "Mrs. B——, when will the house sail?" "As soon as somebody comes along that can raise the wind," was the prompt reply.

Flowers and Trees.

JOSEPH H. FOSTER has received and will continue to keep during the season a good supply of **Roses, Verbenas, Heliotropes, Geraniums,** and other Garden and Bedding Plants from the well known establishment of J. T. Smith in Brentwood. a16

Pear and Apple Trees, Grape Vines, Currant Bushes, &c., of the best varieties, supplied from the same nursery at short notice.

Trees, Plants, Vines, &c.

GOODWIN, SWEETSER & CO would say to the citizens of Portsmouth and vicinity that their order book is rapidly filling up for everything in the line of Trees, Plants, Shrubs, Vines, Bedding Plants, such as Verbenas, Geraniums, Dahlia Roots, Pinks, &c., and would request those intending to procure through them to hand in their orders as soon as possible.

MR. GOODWIN, who has had considerable experience in Vines, Plants and Trees, will leave in the course of a few days for the the Nurseries, to attend in person to the selection, in order to have them true to name, and of good size.

Bring in your orders! ap17

THE LIGHT OF THE WORLD.

DR. MAGGIEL'S

PILLS AND SALVE

These Life-giving remedies are now, for the first time, given publicly to the world. For over a quarter of a century of private practice the ingredients in these

Life-giving Pills!

Have been used with the greatest success. Their mission is not only to prevent disease, but to cure. They search out the various maladies by which the patient is suffering, and re-invigorate the failing system. To the aged and infirm a few doses of these valuable PILLS will prove to be

A Very Fountain of Youth,

For in every case they add new life and vitality, and restore the waning energies to their pristine state. To the young and middle aged, they will prove most invaluable, as a ready, specific, and sterling medicine. Here is a dream realized, that Ponce-de-Leon sought for three hundred years ago, and never found. He looked for a fountain that would restore the old to youth and make youth ever

AN ETERNAL SPRING!

It was left for this day and hour to realize the dream, and show, in one glorious fact, the magic that made it fair.

These Famous Remedies

Cannot stay the flight of years, but they can force back and hold aloof, diseases that might triumph over the aged and the young. Let none hesitate then, but seize the favorable opportunity that offers. When taken as prescribed—

FOR BILIOUS DISORDERS

Nothing can be more productive of cure than these Pills. Their almost magic influence is felt at once; and the usual concomitants of this most distressing disease are removed. These remedies are made from the purest

VEGETABLE COMPOUNDS.

They will not harm the most delicate female, and can be given with good effect in prescribed doses to the youngest babe.

For Cutaneous Disorders

And all eruptions of the skin, the SALVE is most invaluable. In cases that heal externally alone, but penetrates with the most searching effects to the very root of the evil.

DR. MAGGIEL'S PILLS

Invariably Cure the Following Diseases.

Asthma,
Bowel Complaints,
Cough,
Colds,
Chest Diseases,

The entire stock in said Store, consisting of newly selected Crockery, China and Glass Ware, including a good assortment of Plates, Dishes, Cups and Saucers, Tumblers, Lamps, Parian Pitchers and Fancy Ware, Castors and Stone Ware, with an assortment of Groceries. Also, Store Fixtures, Show Cases, &c. Sale positive, the Store being leased to a new occupant. WILLIAM H. HACKETT,
ap14 Auctioneer.

Valuable Real Estate

AT AUCTION.

(By virtue of a license from the Hon. Judge of Probate for the County of Rockingham)

On TUESDAY, April 17, at 12 o'clk M.,

on the premises.

The Real Estate of the late CHARLES W WALKER, of Portsmouth, deceased. Said property will be sold in three separate lots or parcels, viz:

The First Lot to consist of the well known MARKET STREET HOUSE, situated on the corner of Market and Green streets, with land connected therewith, bounded 69½ feet more or less on Market street, 109 feet more or less on Green street, 106 feet more or less by Lot No. 2, 107 feet more or less by land formerly of James Pickering, land of James Junkins and others; the lot containing 8328 feet, more or less.

The Second Lot consists of land on Green street bounded 38 feet more or less on Green street, 110 feet more or less by land of Estate of George Chesley, 85 feet more or less by land formerly of James Pickering and others, and 106 feet more or less by lot No. 1; the whole lot containing 3926 feet, more or less.

The Third Lot to consist of the Stable lot, so called, on Green street, with the stable; and Office building thereon. The lot is bounded southerly about 25 feet on said Green street, easterly about 72 feet on land of E. S. Wendell, northerly about 50 feet on Railroad land, and westerly by Railroad land and adjoining cemetery; contain about 2710 feet. The Stable is 38 by 36 feet, and the Office-building 20 by 10 feet.

The above offers a rare chance for capitalists or others. The property is prominently situated on one of the main avenues of the city. The "MARKET STREET HOUSE" is large and well calculated, conveniently situated for a Hotel or large Boarding House, and has been occupied as such for many years. It contains 13 rooms and attic, and also a Store. The Stable has been used, and is a good location for a Livery Stable.

If desirable, a portion of the purchase money can remain on a mortgage of the premises.

For further particulars inquire of J. M EDMONDS, Portsmouth; C. W. STIMSON, Kittery, Me., Guardian of the minor heirs, or of the subscriber. JOSEPH P. MORSE.
Portsmouth, March 23, 1866. Auctioneer.

Administrator's Sale.

GEO. W. TUCKE

LONG WHARF.

LIME and CEMENT

Newark Cement

—AND—

ROCKLAND LIME.

For sale by G. W. TUCKER,
Long Wharf.

Morning Chronicle.

☞ We see it stated in an exchange that a Paris blacksmith has invented a new system of shoeing horses. "Instead of the shoe being placed on the hoof and burning its own resting-place, the outside of the hoof is cut away round the foot, to about the depth of half an inch; this leaves a ledge, into which the shoe fits, and is then flush with the frog, which just touches the ground, and the whole foot rests on the ground instead of being raised, as of old, by the shoe. The advantages claimed are, that the foot is little pared; that instead of a great heavy shoe, the animal is shod in what are little more than racing plates; that the horse never slips; that the shoe allows the foot to expand naturally, and that it lasts as long, and is as cheap as the old plan."

WAGES AND LABOR.—Any man who thinks he is working too many hours, and can support himself on the production of eight hours per day, has only to make the experiment. Let him begin at eight in the morning and quit at five in the evening. If he shows that he can do as much work in the eight hours as other men do in ten, he is entitled to as much wages; but if he can only do four-fifths as much work, of course he earns but four-fifths as much wages, and what is the use of dodging or denying this fact?

If a man finds that eight hours' production will support him and his family, let him work but eight hours. But we insist that demagogues shall not stuff him with the absurd notion that he can earn 100 per cent. of wages for 80 per cent. of work; or that the employer does not charge for his goods whatever it costs to produce them; or that the workman does not repay on what he buys all that other workmen charge for making those things; or that short work and high wages do not make dear goods, and thereby reduce the purchasing power of money.—*Tribune.*

☞ At Barcetta, a town on the coast of the Adriatic, a short time ago, a party of fanatics, under the lead of a priest named Razziero, made an attack on the Protestant population, thirteen of whom were killed. Several houses were burned by the mob. The ringleader and three or four others had been arrested. By the documents found on some of the parties apprehended, the affair seemed to be designed as an imitation of the famous St. Bartholomew massacre, as no less than two hundred of the citizens of the place—who number about two thousand in all—had been doomed to death, or "sacrifice," as the fanatics called it.

— Press may be taught, but not poetry; and wings can more easily find feet, than feet find wings.

— The Reformed Presbyterian Church holds that the property of any religious society ought, according to Scripture, to be held and managed by its Elders (or Deacons) alone. The laws of New York have not allowed this; but an act has just been passed authorizing it.

— Philip Reeder, a planter of Lauderdale county, Miss., while returning to his home from Ripley, with an ox team, recently, was murdered by two of his negroes. The negroes were arrested, and confessed their guilt, but said they had been employed to commit the foul deed by Mrs. Reeder, who was anxious to get rid of him for some purpose.

CHEROKEE PILLS,

Or Female Regulator,

Cure *Suppressed, Excessive and Painful Menstruation, Green Sickness, Nervous and Spinal Affections, Pains in the Back, Sick-Headache, Giddiness,* and all diseases that spring from irregularity, by removing the cause, and all the effects that arise from it. They are perfectly safe in all cases, except *when forbidden by directions*, and are easy to administer as they are nicely *sugar coated.* They should be in the hands of every Mother, Wife, and Mother in the land.

Ladies can address us in perfect confidence, and state their complaints in full, as we treat all Female complaints, and prepare Medicines suitable for all diseases to which they are subject.—Thirty-two page pamphlet, in a sealed envelope, free.

The Cherokee Pills are sold by all druggists at $1 per box, or six boxes for $5; or they are sent by mail, free of postage, on receipt of letter, free from observation, by addressing the sole proprietor,

DR. W. E. MERWIS, 37 Walker St., N. Y.

N. B.—Cherokee Pills No. 2 are prepared for *special cases*, when milder medicines fail; these are sent by mail, free of postage, on receipt of $5, *the price of each box.*

DR. WRIGHT'S

REJUVENATING ELIXIR,

Or, Essence of Life,

Cures *General Debility, Weakness, Hysterics in Females, Palpitation of the Heart and all Nervous Diseases.* It restores new life and vigor to the aged, causing the hot blood of youth to course the veins, renewing the *Organs of Generation, removing Impotency and Sterility.* Debility, redoring Manhood *cts the system and and full vigor*, thus proving a perfect *"Elixir of Love,"* removing *Sterility* and Barrenness in both sexes. To the young, middle-aged, and aged, there is no greater boon than this "Elixir of Life." It gives a new lease of life, causing the weak and debilitated to have renewed strength, and invigorate the entire system to thrill with joy and pleasure.

"In the Phenix rises from the ashes of its first, enhanced with tenfold vigor, this Elixir renews the system and thus proving a perfect "Elixir of Love,"

Price, one bottle $2; three bottles $5; sent by express to any address.

Our medicines are sold and recommended by all respectable druggists in every part of the civilized globe; some unprincipled druggists, however, try to deceive their customers by selling cheap and worthless compounds in order to make money. Be not deceived—ask for these medicines and take no others. If the druggist does not keep them, write to us, and we will send them by express, carefully packed, free from observation. We will be pleased to receive letters with full statements in regard to any disease with which ladies or gentlemen are afflicted. Address all letters for medicines, pamphlets, or advice, to the sole proprietor,

Dr. W. E. MERWIS, 37 Walker St., N. Y.

A FARM containing twenty acres of Land, in Ilve, N. H., situated near Breakfast Hill so called, at the junction of the road leading from Portsmouth to Newburyport and the main road leading from Green's Land to all the public houses at Ilve Beach. It lies within ¾ of a mile of Greenland Depot on the Eastern R. R., and within three miles of the Ocean House, Rye Beach.

The Farm is divided into three parts; one field containing six acres of excellent Tillage Land, with a large number of Fruit Trees; the HOUSE contains nine rooms, with a fine Cellar,—there is a good Barn, and all necessary Outbuildings, with an excellent Well of Water within thirty feet of the house;—one field contains four acres of good Tillage and Grass Land; also ten acres Wood and Pasture Land within half a mile of the house.

The location of this Farm makes it a very desirable summer residence, and it will be sold in order to close a concern. Inquire of the Subscriber, or by application to

BENJ. NORTON, 14 Austin street,

Portsmouth, March 1, 1866. lf

DUTCHESS NURSERIES

POUGHKEEPSIE, NEW YORK,

FERRIS & CATWOOD, Proprietors.

We call the attention of our customers and the public to our stock of GRAPE VINES, which is larger than ever before. Having had over twenty years' experience in the management of Vineyards and the propagating of Vines, and our present stock having been grown from bearing wood only, with constant care during the same time, we think they will compare favorably with any others that are offered for sale.

Our stock of MONTGOMERY VINES is very large. This variety not being generally known, we will give a brief description: White, a seedling of the White Chasselas, an unparalled growth and bearer, clusters often weighing two pounds, with a mild subacid flavor. It is classed with the hardy grapes, but we protect it in winter as we do all other varieties in this part of the State.

Our stock of the various kinds of EVERGREEN and DECIDUOUS TREES is very large, and is offered at moderate price; and at very low rates by the quantity, to those who are laying out and beautifying their places, cemeteries, or public grounds, and to nurserymen. We challenge competition.

Grape Vines.

"DELAWARE"—Grown in open border. No. 1, one year old, 30 cents per 100; No. 2, ditto, 25 cents each, $20 per 100; No. 3, ditto, 200 each, $10 per hundred; well grown vines in pots 25c each, $18 and $20 per 100.

"MONTGOMERY"—No. 1, one year old in border, very strong plants, many equal to two years' growth, 31 each, $30 per 100; No. 2, one year old, good plants, 25c each, $25 per 100.

"REBECCA"—No. 1, one year old in pots, 30c each, $25 per hundred; No. 2, ditto, 25c each, $20 per hundred.

"ALLEN'S HYBRID"—3 years old, $1 50 each; 1 year old, 50c to 75c each, $40 per hundred.

"CUYAHOGA"—No. 1, two years, 25c each, $20 per hundred; No. 2, ditto, 20c each, $15 per hundred.

"CREVELLING"—No. 1, in open borders, 50c each, $40 per hundred; No 2, ditto, 40c each, $30 per hundred; No. 3, ditto, 30c each, $20 per hundred.

"ROGERS' HYBRID"—Nos. 3, 9, 15, 33—50c and 75c each; two years old, $1 to $1.50 each.

"IONA AND ADIRONDAC"—One year old, from eyes, No. 1, $1 to $1.50 each; No. 2, 75c to 90c each; No 3, 50c each. mch20

VINELAND

FARM AND FRUIT LANDS,

In a mild and healthful climate. Thirty miles south of Philadelphia by Railroad, in New Jersey, in the same line of latitude as Baltimore, Md.

The soil is rich and productive, varying from a clay to a sandy loam, suitable for Wheat, Grass Corn, Tobacco, Fruits and Vegetables. This is a great fruit country. Five hundred Vineyards and Orchards have been planted out by experienced fruit-growers. Grapes, Peaches, Pears, &c., produce immense profits. Vineland is already one of the most beautiful places in the United States. The entire territory, consisting of fifty square miles of land, is laid out upon a general system of improvements. The land is only sold to actual settlers with provision for public advancement. The place, on account of its great beauty, as well as other advantages, has become *the resort of people of taste.* It has increased five thousand people within the past three years. Churches, Stores, Schools, Academies, Societies of Art and Learning, and other elements of refinement and culture have been introduced. Hundreds of people are constantly settling. Hundreds of new houses are being constructed. Price of farm land, twenty acre lots, and upward, $25 per acre. Five and ten acre and Village lots for sale.

Fruits and Vegetables ripen earlier in this district than any other district north of Norfolk, Va. Improved places for sale.

Opening for all kinds of business. Lumber Yard, Manufactories, Foundries, Stores and the like; and Steam Power, with room, can be rented.

For persons who desire mild winters, a health ful climate, and a good home, Vineland is fast fully improved, abounding in fruits, and possessing all other social privileges, in the heart of civilization. It is worthy of a visit.

Letters answered, and the Vineland Rural, a paper giving full information, and containing Reports of Solon Robinson, sent to applicants.

Address CHAS K. LANDIS, Vineland P. O., Landis Township, New Jersey.

From Report of Solon Robinson, Agricultural Editor of The Tribune: *It is one of the most extensive fertile tracts, in one compact form and suitable condition, for pleasant farming that we know of this side of the Western Prairies.* n1—daw6m

The Chronicle.

GAMBLING IN CHICAGO.—Rev. Dr. Ryder has preached a telling sermon on the vice of gambling, which is printed in full in the Chicago Republican. It deals faithfully with the vice, and kindly with the erring. His words are full of warning and counsel. The sermon concludes as follows:

The best preventive against these evils which we deplore is to occupy the mind with the substantial and good things of life. There is no better method of guarding the mind against evil thoughts than to fill it with good ones. Weeds and flowers cannot both grow in precisely the same space of soil, so that the more flowers there are, the less weeds there must be. Keep the mind occupied. Give it proper nutriment.

Parents sometimes help their children choose unsuitable nutriment by not giving them any-thing else. The more attractive the home is, the less the mind will roam abroad in search of something to interest it. I commend this thought especially to those young men who are away not only from the restraints of society, but from the pleasures of society, much of the time. Take care that you do not starve your natures into dissipation. You need to have a double watch. Be certain to interest yourself in something good. You must have an unfruitful nature not to need to hold yourself in check by positive restraining influence. Mark you, I do not say you are to crowd your minds simply for the purpose of keeping them full. There is order even in eating. You spoil the appetite unless you eat according to rule. Highly seasoned dessert coming first injures the appetite for the substantials.

And may that wisdom which we all need in this life be the guide and strength of you all. May that spotless Life which has guided so many weary feet into homes of rest be your Helper, as He surely is your ever-ready Friend. As the wise man fully says: "Ponder the path of thy feet, and let all thy ways be established."

☞ An idea of the magnitude and importance of the rag trade in New York city may be had when it is stated that 10,000 persons are supported by it, and the aggregate value of the business amounts to $4,000,000 annually. The cotton rags are used principally in the manufacture of paper; woolen rags are sold, worked into shoddy, and manufactured into stockings, flannels, carpets and other things. Experience proves it to be a healthful employment, though theory has pronounced it otherwise. No class in the community enjoy better health or live to a greater age.

— The ancient conduits about Jerusalem are of wonderful structure. One, the lower level conduit, formed of stone, follows the contour of the country for twenty-five miles, passing along the bend of a depression in one case of 55 feet depth, and entering the city at an altitude of 2,450 feet. The other, the upper level conduit, is tunnelled through a hill at one part, and the blocks are so keyed together as to form a complete siphon.

Lodi Manufacturing Company's POUDRETTE.
AGENT FOR NEW HAMPSHIRE,
J. F. SHORES, Jr.,
No. 38 Market Street (Up Stairs.)
The advantages of Poudrette as a manure may be stated as follows:
First, Its ECONOMY. The *cost* of the manure compared with its *effects* is less than that of *any other fertilizer* in market It can be bought and applied for the same money which it would cost only to apply farm-yard manure. It is portable, contains great strength in a small compass, and needs *no extra care in its application*; the closer its contact with the seed the better and quicker it works. $4 50 worth at our retail price (or two barrels) will manure an acre of corn in the hill, add from one-quarter to one-third to the product, and will *mature* the crop from two to three weeks earlier. *No worms* will stay in the hill where the Poudrette is placed. *No seeds of weeds will germinate*, and crows are very shy of plucking it out of the hill. On Corn, Tobacco and Garden Vegetables it has no equal. While the leaf and growth of the tobacco plant is large, it has not the consumes of fibre which is produced by Peruvian Guano, and it has taken the lead for this crop in Connecticut, and has begun to be appreciated in Maine.
It is famous for producing larger and finer potatoes than anything else, and the stories told about Onions, their large growth, &c., are almost beyond credence Flowers and plants are much improved by an application of Poudrette.
Another great consideration is the season of the year when the corn is planted. It is a time when every spring crop must be put in, and the farmer can only plant, but go back and grow sufficiently for the last hoeing and planting, before the commencement of grain and hay harvest.—The saving and dispatch with which a large crop of corn is put in and poudretted, the rapid growth and consequently the early opportunity of working among it—the small chance for weeds, owing to the shade it affords, and the fact that the *Poudrette, unlike other manures, contains no seed that can germinate*, and consequently less trouble required to clean it—are all important advantages. The corn will ripen two weeks earlier, and the yield will be much heavier.
The same remarks apply to Sorghum and Broom Corn
For grass, where it is about to be laid down to lawn, or for several years, a top dressing of Poudrette will be found invaluable.
We wish to remark in this place, that Poudrette is not like some quack nostrums, warranted to cure all kinds of diseases. It must be used with discretion, and a reasonable quantity will produce a reasonable effect.
Poudrette will answer no better than other manures on wet, sour, undrained land, or in seasons of drought. In other words, Poudrette is an invaluable substitute for barn yard manure, and can be used with great profit and advantage upon most spring crops, but it will neither work miracles, drain the land it is put upon, nor cause rain to fall in time of drought.
Price per Barrel $2.25—delivered at any part of the city, or at any depot or wharf.
Important Notice!—When Poudrette is spoken of, we mean "LODI PODRETTE," which has now stood the test of twenty six years' trial; and when buying, *be sure and get that kind!*
A descriptive pamphlet may be had on application. mh29

Morning Chronicle.

Portsmouth, N. H.

WEDNESDAY, APRIL 18, 1866.

A DREADFUL EXPLOSION took place at San Francisco, on Monday, April 16, of what was supposed to be Nitro-Glycerine, at quarter-past nine o'clock A. M., near Wells, Fargo & Co's building. The explosion shook the earth like an earthquake for a circle of a quarter of a mile. Samuel Knights, Superintendent of Wells, Fargo & Co's express, died in half an hour of injuries received; and seven other persons named, were also killed. Eight dead bodies were so mutilated that they could not be identified. Nine or ten others were injured but not fatally. Montgomery, Sacremento and California streets are lined with broken glass; scarcely a window for several hundred feet is remaing whole. Wells, Fargo & Co.'s horses, and everything in the vicinity, animate and inanimate, were blown into fragments. The damage will be at least $200,000.

The cause of the explosion is a mystery. The freight agent of the Pacific Mail Company says two boxes, each measuring about four cubit feet, were taken from the steamer's deck to the place where the explosion occurred. One box was consigned to Idaho and the other to Los Angelos. Both were stained with oil; contents not known.—Forty men are engaged in removing the ruins.

FATAL ACCIDENT.—Saturday evening, Mr. Aaron Sargent, with his wife and three children, started from South Royalston for their home in Templeton, and had only gone a few rods when the horse and buggy, with the whole family, were precipitated from the bridge into Miller's River—a distance of some twenty feet. The wife and two of the children were killed. It was an extremely dark night and raining in torrents. The bodies of the children were recovered in a short time, but that of the mother was not found till the next morning. The horse was also killed.

TEXAS.—Recent letters from Texas state that the Convention has provided in the Constitution that no part of the school fund, or of the university fund, shall ever be applied to the education of any but white children; nor shall any tax collected for school purposes be applied to the education of blacks, except such as may be collected from the blacks themselves.

HAYTI.—A large fire occurred at Port au Prince, Hayti, on the 19th March, destroying fifteen squares of that city, most of the public buildings and the State archives. Its origin is attributed to rebel incendiaries, and a general plot is thought to have been planned, as at the same time fires broke out in Jacmel, but were extinguished without doing much damage. Another incendiary attempt was made at Port au Prince on the 22d.

THE STRUGGLE IS NOW.—While we never entertained a doubt of the favorable issue of the war, we have always felt that the hour of our greatest trial would come when the war was over, and the work of reconstruction was begun. The stern duties of the battle-field call into action all the forces, material, mental and moral, of our nature, and the energies of the soul are sustained in the fierce struggle by every variety of motive that can touch or move the heart of man. But when the struggle is over, and when we come to debate; when great principles are to be settled and the future to be provided for; when justice is to be done, and wrongs righted; in a word, when, without passion or prejudice, we sit down calmly to consider our duties to the guilty and to the innocent, to the present and the future; then comes the trial of our inward strength, and the real strain upon our true manhood and moral greatness.—*Rev. Mr. Sawyer.*

HONORARY CHURCH MEMBERS.—"Two-thirds of the members of my church," says a pastor, "are honorary members. They don't come to prayer meetings; they don't attend Sunday school; they don't add to the life of the church; they are the passengers on the gospel ship; they bear no burdens; add no strength; their names are on the books; they are honorary members."

☞ A jury in Boston has given a verdict against the Boston & Maine Railroad for $5000 damages to Mary Roessle, for injury on the Road in 1863.

— The people of Calais discountenances the Fenian movement. It has troubled the place, deranging business and creating bad feelings where none before existed. Nobody there desires a border war.

— There appears to be a good deal of trouble regarding the fractional currency, and opinions differ regarding the faces which should appear as ornamental illustrations. Why not adopt the military basis and have the face of General Grant on the fifty-cent pieces, a Major General's phiz on the twenty-five cent bits, a Brigadier General's on the ten cents, and a Colonel's frontispiece on half-dimes? We should then be able to introduce a new table: two Colonels make one Brigadier, two Brigadiers and one Colonel make one Major General, two Major Generals make one Lieutenant General.

Correspondence of the Chronicle.

NEW ORLEANS, April 4.

Eds. Chronicle:—Our Garden District presented a charmingly animated scene last Sunday afternoon, for it seemed as if the host of beautiful belles for which this section of the city is famed, had donned their most becoming attire, and were enjoying a promenade along its flower-bordered thoroughfare. The evening breeze gently stirred the brightly variegated flowers and blossom-laden orange trees, filling the air with delicious perfume, and soothing the spirits of the promenaders to a perfect quiet, most in consonance with the holy Easter day.

The General Conference of the Methodist Episcopal Church South, composed of delegates from all the annual conferences, the largest perhaps of any religious denomination in the Southern States, is to hold its quadrennial session in this city, commencing to-day, and will probably continue throughout the month. About two hundred delegates are already here, and more are expected. Among them will be some of the most able, learned and eloquent of the clergy and laity of this extensive denomination. There has been no session of this important Council since 1858, that of 1862 having been omitted in consequence of the then unhappy condition of the country. This fact will give peculiar interest to this year's session.

The Protestant Episcopal Church are also to hold a convention on the 16th of next month for the purpose of selecting a bishop, and other matters.

Mr. Levi Pierce, one of the oldest members of the Louisiana bar, and one who had attained high eminence in the practice of his profession, died on the 31st ult. He was a native of Massachusetts, I believe, but he came here from Maryland forty-eight years ago.

Another highly-respected and well known citizen of New Orleans, who has been long connected with the shipping and insurance business of our city, Mr. Samuel Sumner, died in St. Louis a few days ago.

The turfmen are making great preparations for the spring meeting of the New Orleans Jockey Club, the first race of which is to take place to-morrow. There are three or four stables already here, and more are expected, and if the weather should prove propitious there will be quite a merry time. But the clouds, at the present writing, give token of a wet day to-morrow. We have been receiving accounts for some time of very heavy rains, north and west of us, and it may be that our turn is to come.

As predicted in the preceding paragraph, the rains are upon us in good old-fashioned New Orleans style, which upsets the expectations of the racing men. We are already beginning to receive reports of breaks in the levees along the banks of the Mississippi, and if this rain should continue for any length of time, I fear a great part of lower Louisiana will be overflowed. This will be particularly hard upon our planters who are just beginning to set their places in order, to commence work under the new system of free labor.

Business begins to show some signs of the coming summer. All our steamships and steamboats are filled with passengers leaving. Advertisements begin to appear for houses across the lake, at our different watering places, and everything betokens an early hegira from our warm and dusty city, on the part of those who are fortunate enough to possess *quantum suf.* of Uncle Sam's promises to pay. I am afraid my last four years' tour will prevent my indulging in a very extended trip this season.

Yours, H.

— In the month of January, 1866, a remarkable tree was brought to New York from a Western State, which is considered by the best judges to be worth $25,000. No foreign tree was ever brought here of so great value. This was a black walnut tree 70 feet long, measuring board or inch measure 4,500; but when cut into veneers it would be 30 times that, making 135,000 feet, which at 20 cents would be $27,000. The cost of cutting, carting and placing in store for sale, would be about $700.

— Dr. Revillout, in a paper presented last summer to the French Academy of Medicine, asserts that lemon juice is one of the most efficacious medicines which can be applied in diphtheria, and he relates when he was a dresser in the hospital his own life was saved by its timely applications. He got three dozen lemons and gargled his throat with the juice, swallowing a little at the same time, in order to act on the more deep-seated parts. Dr. R. has noted eleven cases of complete success obtained by this method of treatment.

— The carnival in Rome is said to have been more brilliant this year than for several years past. The Corso was crowded with masquers, and the fun was fast and furious. There was a countless number of carrages, with four or two horses, some filled with demons, parrots, sailors, and a variety of other characters. The balconies and the Corso were crowded to suffocation, and the ex-royal family of Naples surpassed all the heroic acts of Gaeta by the vigor and obstinacy with which they fought.

WASHINGTON ITEMS.—Gen. Howard has recommended to the President that, whenever practicable, the duties of Assistant Commissioner of the Freedmen's Bureau be performed by the same officer who acts as Military Commander of the State.

Wm. DeMarcil, a Frenchman, has established a farm school near Washington city, where 200 colored orphan children are to be educated and taught farming.

The Joint Committee on Reconstruction have reported to the House a large amount of testimony, including that of Alex. H. Stephens, Maj. Gen. Sheridan, Provisional Governor Sharkey of Mississippi, Provisional Governor Johnson of Georgia, and other less noted Southerners. It will show that while the Southern leaders adopt the situation, they nevertheless believe that their respective States had a right to secede, and that the citizens of those States were justified in their taking up arms against the Federal Government. Negro suffrage is not of course acceptable to these gentlemen, and yet some of them evidently see that it is inevitable.

In Congress, on Monday, but little business was done. In the Senate, a bitter personal debate took place, between Conness, the "sober Senator" from California, and his colleague McDougall. The House made a little progress on the Army Bill.

The testimony of Mr. Alexander Stephens before the Reconstruction Committee has been read with much interest. He was examined by Gov. Boutwell, and he not only replied with great deliberation, but, when his testimony was sent to him for revision, made many alterations and revisions. Some of these changes—doubtless made after conference with Voorhees, Vallandigham and others, with whom Stephens was daily closeted, are very material.

Judge Holt's testimony before the House Judiciary Committee on the complicity of Jefferson Davis and C. C. Clay with the assassination, supported by a mass of documentary evidence, was of such a nature that the Committee placed an injunction of secrecy on it. It the witnesses are reliable, and the documents are genuine, then Davis and Clay should be hung as having conspired against the life of Lincoln; but if the witnesses were paid detectives, and the documents were also furnished and fabricated by this disreputable class, the testimony is "not worth a row of pins."

Henry C. Stansbury, nominated as Justice of the Supreme Court in place of the late Judge Catron, is a native of New York, who moved to Ohio, where he read law, and has since practiced. He was an old line Whig, and voted for Buchanan, but afterward supported Lincoln and has sustained the war. He was the writer of the last veto message, and is a man of decided legal ability, but his confirmation by the Senate is doubtful. Indeed, it is not impossible that the Senate may pass the House bill reorganizing the Supreme Court, and reducing the number of judges to eight, in which case there will be no vacancy on the bench.

By the decision of the Supreme Court in the Indiana cases, denying the validity of military commissions and setting aside their convictions, a great many men now in State Prison will be released, some on habeas corpus, others by Presidential pardon, to save the trouble of suing out the writ. Among others who will be released in one of these modes is the substitute broker Delany, convicted of alleged frauds at Augusta, Me., now in Concord State Prison, working out a ten years' sentence.

Business Notices.

AMERICAN LIFE DROPS.—The sick man's friend!

GENTLEMEN'S BOOTS AND SHOES of the finest stock and best workmanship, can be had of T. E. MOSELEY & CO., SUMMER ST., Boston. 3

A FAMILY REMEDY.—"Coe's Cough Balsam." These have become household words with very many families, and the merits of the article justly entitle it to our confidence and patronage. The originator does not claim to be a physician, but has evidently hit upon a prescription that meets the wants of a large class of sufferers. Some are testifying that it has actually cured them of consumption. It is no doubt the consumptive's best friend, while for coughs, hoarseness, and kindred troubles, we think it has no equal. We would let it a word for its reputation and extensive sale. ml8eodawlw

Holloway's Pills.—Impurity of the Blood—Health consists in the purity of the fluids and solids which compose the human body; if the blood becomes vitiated it infects the whole system by its course through every fibre and tissue. Holloway's Pills not only expel all humors which taint or impoverish this vital element, but purify and invigorate it, and by supplying a gentle and whole-some stimulus to the circulation they strengthen each part and give tone to the whole frame. Sold by all Druggists. ap14—1w

ABSTRACT OF THE

21st ANNUAL STATEMENT

—OF THE—

Mutual Benefit Life Insurance Co.,

January 1st, 1866.

Balance per statement Jan. 1, 1865	$6,774,867.60
Am't premiums rec'd in 1865	83,029,087.21
" interest rec'd and accrued	679,378.30
Total income in 1865	3,708,865.51
Total disbursements, including claims by death and dividends to policy-holders	1,433,838.51
Net increase in 1865	2,274,672.00
Total Assets Jan. 1, 1866	9,049,539.60
Whole am't of claims by death, paid to Jan. 1, 1866	$4,256,579.89
Whole am't of dividends paid to Jan. 1, 1866	$2,744,216.21
Total No. Policies Jan. 1, 1866	31,921
Am't insured during the year 1865	$24,627,484.00

The Directors have, from the *Surplus on hand*, declared a Dividend of **50 per cent.**, and have also ordered the payment of the Eighth Annual Dividend (50 per cent.) to the Members, when their annual premiums become due, during the year 1866.

WARREN SPARROW,

State Agent for Maine and New Hampshire.

HENRY A. YEATON,

feb18 Agent for Portsmouth and Vicinity.

WHICH IS THE

Leading Life Insurance Comp'y

IN THE UNITED STATES?

Which is the Safest and the Cheapest?

The following figures are from the later Reports of the New York Insurance Commissioner, showing the "amount of business" of the

MUTUAL BENEFIT

LIFE INSURANCE COMPANY,

to be the *largest*, the "expenses of management" the *smallest*, the "ratio of Assets to Liabilities," or the *security* furnished to its members, the *largest* of any like institution in the country:

Premiums received in 1864	$2,689,072
" " " 1865	3,029,087
Ratio of expenses to premiums rec'd in '64	12.96
" " " " " '65	12.16
Ratio of assets to liabilities, Jan. 1, 1865	151.85

The inevitable conclusion from these official facts, is that the

MUTUAL BENEFIT LIFE

Insurance Company

IS THE BEST AND THE CHEAPEST.

Because its NET ASSETS are proportionably LARGER than those of any other Life Insurance Company in the United States.

Because its "Managing Expenses" are LESS, and it has a LARGER SURPLUS to divide among its members than any Company in the United States.

QERRY. Will some one inform the public of that mysterious process by which a Company with a surplus proportionably much less, and expenses very much larger than another, can yet divide *more* to its members, and insure them at *less cost?* How is it done? Where does the money come from?

Every intelligent man will see at once that it *cannot be done.* Yet we have Agents among us that make this their boast.

Any one disposed or intending to insure can be furnished with the requisite information by applying to

HENRY A. YEATON, Agent.

Portsmouth, March 27, 1866.—3mdaw

Special Notices.

IMPORTANCE OF HAVING DAVIS' PAIN KILLER ALWAYS ON HAND.

Wonderful Cure of the Rev. D. L. Brayton, Missionary in India, who was stung by a Scorpion.

Extract from his letter, published in the Baptist Missionary Magazine:

"For the first time since I have been in India, I have been stung by a scorpion. I went out this morning to my exercises, as usual, at early dawn, and having occasion to use an old box, on taking off the cover I put my hand on a scorpion, which immediately resented the insult by thrusting its sting into the palm of my hand. The instantaneous and severe pain which darted through the system is quite incredible; what an awfully virulent poison their sting must contain! I RAN TO MY BOTTLE OF DAVIS' PAIN KILLER, and found it to be true to its name; after a moment's relief, I saturated a small piece of sponge, bound it on my hand, and went about my exercises, feeling no more particular inconvenience.

ap1—dawim

Perry's Moth and Freckle Lotion.

☞ Chloasma, or Mothpatch, (also called Liverspot,) and Lentigo, or Freckles, are often very annoying, particularly to ladies of light complexion, for the discoloration appears more plainly on the face of a blonde than of a brunette; but they greatly mar the beauty of either and any preparation that will effectually remove them, *without injuring the texture or color of the skin*, is certainly a desideratum. DR. B. C. PERRY, who has made diseases of the skin a specialty, has discovered a remedy for these discolorations, which is at once prompt, inallible and harmless.

Prepared by B. C. PERRY, Dermatologist, No. 49 Bond Street, New York; and can be had of all druggists; price $2 per bottle. Call for PERRY'S MOTH & FRECKLE LOTION.

Sold by all Druggists in Portsmouth and elsewhere. lysnday—oct19

ROOT! ROOT! ROOT!

READ! READ! READ!

ROOT'S PESTACHINE preserves the life of the Hair; changes it from gray to its original color in three weeks; prevents the hair from falling; is the best article for making the hair ever found in market; will surely remove dandruff and cure all diseases of the scalp; is exquisitely perfumed, cures baldness, and will not stain the skin. We tell the story quickly, and tell it true, when we say it is a perfect

Restorer and Dressing Combined.

MAGGIEL'S

Spring and Summer Remedies.

"*Great oaks from little acorns grow.*" The worst diseases known to the human race spring from causes so small as to almost defy detection. The volumes of scientific lore that fill the tables and shelves of the medical faculty only go to prove and elaborate these facts. Then guard yourselves while you may. The smallest pimple on the skin is a tell tale and indicator of disease. It may fade and die away from the surface of the body, but it will reach the vitals, perhaps, at last, and death be the result and final close. MAGGIEL'S BILIOUS, DYSPEPTIC AND DIARRHEA PILLS cure where all others fail. While for Burns, Scalds, Chilblains, Cuts, and all abrasions of the skin, MAGGIEL'S SALVE is infallible. Sold by J. MAGGIEL, 43 Fulton street, New York, PRESTON and BRADSHAW in this city, and all Druggists, at 25 cents per box. deeseodwly

Lyon's Periodical Drops!

THE GREAT FEMALE REMEDY FOR PAINFUL IRREGULARITIES.

These Drops are a scientifically compounded fluid preparation, and better than any Pills, Powders or Nostrums. Being liquid, their action is direct and positive, rendering them a safe, reliable, speedy and certain specific for the cure of all obstructions and suppressions of nature. Their popularity is indicated by the fact that over 100,000 bottles are annually sold and consumed by the ladies of the United States, every one of whom speak in the strongest terms of praise of their great merits. They are rapidly taking the place of every other female Remedy, and are considered by all who know anything of them, as the surest, safest and most infallible preparation in the world for the cure of all female complaints, the removal of all obstruction of nature, and the promotion of health, regularity and strength. Explicit directions stating when they may be used, and explaining nature and why they should not, nor could not be used without producing effects contrary to nature's chosen laws, will be found carefully folded around each bottle, with the written signature of JOHN L. LYON, without which none are genuine. **Price $1.50.**

Enquiry by Dr. JOHN L. LYON, 167 Bleecker Street, New Haven, Conn, who can be consulted either personally, or by mail, (enclosing stamp,) concerning all private diseases of female weak nesses. **Price $1.50 per bottle.**

Sold by Druggists everywhere.

LETANG LIME,

Expressly for Whitewashing, for sale by

al7 G. W. TUCKER.

Important.

DR. STEVENS, No 5 Daniel Street, would give notice that he has REDUCED the price of Permanent Sets of ARTIFICIAL TEETH on the Vulcanite Base, to that charged for them before the war.

He would also give notice that he is doing a new style of work for Under Sets of Teeth, called the COMBINATION BASE (Gold and Vulcanite) which produces by far the finest work offered to the public. The price is something in advance of that charged for the Vulcanite Base, but the strength, durability, ease of bearing, and beauty of finish obtained by it, more than double the value of the Teeth. mh12

GEORGE F. WEED,

S-u-r-g-e-o-n D-e-n-t-i-s-t,

FIRST ASSISTANT in the Office of Dr. STEVENS, No 5 Daniel Street.

DR. WEED can be found at his place of business at all hours of the day and night, for the performance of any of the operations that come within the call of his profession.

Dr. A. P. STEVENS, No. 5 Daniel St., makes the saving of UNDERMINED and painful front teeth, a specialty in his business. He also succes-fully restores to their natural shape broken or badly decayed teeth, by building out corners and sides with PURE GOLD. (In many cases teeth so restored are as strong as any of their brother members, and in all cases are rendered eminently useful for a long series of years.) DISEASED TEETH, in all stages, treated, and in a very large majority of cases entire success attained.

Charges for such operations necessarily high, but nothing in comparison to the value of the Teeth. mch14

Special Notices.

Rebel Colors Destroyed!

When nature or time has planted on the human head such colors as rebel against every idea of comeliness, replace them with those glorious and exquisite black and brown tinges everywhere deemed the

Also,

Regenerating Extract of Millefleurs,

for Restoring and Beautifying the Hair.

a18 CHARLES BATCHELOR, New York

A Household Necessity exists for the Use of Durno's Catarrh Snuff.

Which, in the first stages of a cold, acts like magic—Headache, Hoarseness, Diphtheria, and Bronchitis, Sore Eyes, Deafness, Bad Taste and Smell, being the result of Catarrh. This snuff removes and prevents all these, and insures a healthy Head. Its effects are pleasant and safe, even for infants who suffer from snuffles.

It has the highest professional testimonials.—Sold by all Druggists, or sent by mail to all parts of U. S., for 30 cts. for one Box, or $1 for four Boxes. Address JAS. DURNO,

P. O. Box 1235, New York.

Wholesale, by D. BARNES & CO., 21 Park Row, New York. spndawlymy28

BRANDRETH'S PILLS. COSTIVENESS, DIARRHŒA.—They are taken up by the absorbents, and carried into the circulation, through which medium they are conveyed to every part of the body.

If the pain affects the joints, a single dose produces remarkable benefit. And the same rule applies to costiveness, diarrhea and dysentery; though with the last named they may be required night and morning for some days before decided relief is obtained. In affections of the lungs, throat, head and pleurisy, the relief is certain; the excretory organs throw off with ease the phlegm, and the breathing becomes freer. Spasmodic asthma is often cured by a single dose. mch28dawlm

A Cough, Cold, or Sore Throat

REQUIRES IMMEDIATE ATTENTION AND SHOULD BE CHECKED. IF ALLOWED TO CONTINUE,

Irritation of the Lungs, a Permanent Throat Affection, or an Incurable Lung Disease,

IS OFTEN THE RESULT.

BROWN'S BRONCHIAL TROCHES

HAVING A DIRECT INFLUENCE TO THE PARTS GIVE IMMEDIATE RELIEF.

For Bronchitis, Asthma, Catarrh, Consumptive and Throat Diseases.

TROCHES ARE USED WITH ALWAYS GOOD SUCCESS.

SINGERS AND PUBLIC SPEAKERS will find *Troches* useful in clearing the voice when taken before Singing or Speaking, and relieving the throat after an unusual exertion of the vocal organs. The *Troches* are recommended and prescribed by Physicians, and have had testimonials from eminent men throughout the country. Being an article of true merit, and having *proved* their efficacy by a test of many years, each year finds them in new localities in various parts of the world, and the *Troches* are universally pronounced better than other articles.

OBTAIN only "BROWN'S BRONCHIAL TROCHES" and do not take any of the *Worthless Imitations* that may be offered. oct24

Sold everywhere in the United States, and in Foreign Countries, at 35 cts. per box. sndaw6m

Stencils! Stencils!

—AT—

THOMPSON BROTHERS,

No. 8 Daniel Street (Up Stairs.)

Having formed a business connection with one of the first houses in Boston, we are now ready to fill all orders for the various kinds of Stenciling—Letter Cutting and Die Sinking, Cancelling Ribbon Presses (with Die), Embossing Seal Presses, Steel Stamps for Wood, Iron, &c.; Burning Brands; stencils for marking Boxes, Bales, &c.; Stencil Alphabets, in sets or single letter; Stencils for marking Clothing, in Full and Half Sizes, Writing, Italic and Roman

STENCIL PASTE for marking boxes, barrels, &c., in Black and Fancy Colors.

Call and examine specimens.

☞ We are also Wholesale Agents for the sale of the National Ink Co.'s warranted WRITING INK, a very superior article; does not corrode the pen nor clog.

☞ Also, Agents for the Patent Gong DOOR BELL, one of which may be seen and examined in working order at the above Number.

GEO. W. THOMPSON,
HENRY G. THOMPSON.

Portsmouth March 9

Local.

☞ In the Supreme Judicial Court at Exeter, on Monday, the case of Isaiah H. Cook, of this city, charged with stealing cattle from Peirce's Island, was called. The defendant failed to respond, and after considerable argument on both sides his bail of $1000 was declared forfeited. His bondsmen, if we remember rightly, are Samuel Cook and James W. Nutter.

On this matter of forfeiture of bonds the Independent Democrat has an article, some extracts from which may be beneficial in this county. Speaking of a person against whom the Grand Jury had found an indictment, it says:

He gave bonds to appear at the present term of the Court, but he and his bondsmen expect, undoubtedly to escape all responsibility by his leaving the city. We have had too much of this "letting off" in cases like these already, and the "public good" demands that not a cent of the amount given in bonds in cases like Clark's shall be remitted.

* * *

A history of delinquencies in these "bond matters" is demanded by the lovers of good order, and it must speedily be given, and when it is given, there will be censure openly expressed. These cases will be watched with care, and we shall see if "bonds" given when examinations are made against criminals in our Police Courts, or given for future appearances when indictments have been found, mean what they purport to be. The people will hold all their public servants to a strict account in these matters in the future.

On Tuesday, Charles E. Foster, for larceny of U. S. bonds from Robert H. Mathes, was sentenced to five years in the State Prison. The robbery was committed in this city in October last, Mathes and Foster being fellow-boarders at a house in Cabot street. The amount stolen was $900 in government bonds, and $400 in a note against the town of Durham.

POLICE COURT, April 17.—Woodbury Dixon, for drunkenness, was obliged to replenish the city treasury $6.86.

Michael Long, for similar indiscretion, was equally assessed, but failing to pay the cash, will be obliged to assist Mr. Philbrick in the work which Spring has made necessary at the City Farm.

COMMENDABLE PROMPTITUDE.—The barn of Mr. Uriah Blaisdell, burnt on the 7th inst., was insured $200 in the Home Company, New York, and $200 on contents in the Lorillard Company. The losses were adjusted and paid by both Companies on the 11th, just four days after the fire. This speaks well for the promptness and reliability of these Companies and the business character of the Agents. John Sise, Esq., is Agent for the Home Co., and F. W. De Rochemont, Esq., for the Lorillard.

CATS AND LIONS'—The boys of Norfolk were admitted into a circus stopping in that city at the price of one cat a piece. The animals are said to be highly-relished food of the lions. We wish the lions would be brought around this way. The youths of this city would find a good field for "foraging expeditions," the lions would live well, and the inhabitants generally would sleep much better o'nights.

☞ We learn that Mr. G. H. Jenness of Rye has been appointed Agent of the "Continental Life Insurance Co.," of Hartford, Conn., for the towns of Rye, Hampton and North Hampton. The importance of Life Insurance is becoming generally known, and all classes of people are availing themselves of its advantages. Mr. Geo. N. Loomis is the General Agent of the above Company for the States of Maine and New Hampshire. He has been located in this city for several months past—and many citizens of Portsmouth and the adjoining towns have been insured in the "Continental."

☞ We are pleased to hear of a movement on foot to establish a base ball club by the young men of this city. As a sanitary measure these games should be cherished among us, even if there were no other reason. We will venture to say there is no other place the size of Portsmouth in New England where young men have so little out door amusement.

☞ A young lad while passing down State street, about 11 o'clock on Sunday evening, narrowly escaped serious injury at the hands of some person, who jumped from concealment at the bayscales on Mr. Gardner J. Greenleaf's premises and struck at the boy with a knife. The coat, shirt and undershirt of the lad were cut through, and his arm was also scratched.

☞ Newcomb & Arlington's Minstrels—a popular company of 20 artists, are to perform one night only, Thursday April 19.—See advertisement.

☞ Perry Haines, a runaway from the Ipswich County House, was returned to that institution by our police on Tuesday.

☞ Mr. Albert Knight, who for nearly thirty years past has held important trusts in connection with the freight or baggage departments of the Eastern Railroad, died in Salem on Saturday last.

☞ The Maine Democrat says that the store of Enock Cousens, Esq., of Kennebunkport, was broken open on Friday night last, and a large amount of goods stolen, consisting of ready made clothing, cassimeres, doeskins, shawls, boots, &c. Mr. Cousens had just got in his Spring stock, and the thieves carried off a large amount of property.

☞ Hon. Charles A. Shaw, Mayor of Biddeford, has been appointed a Commissioner to the World's Fair to be held at Paris next year.

NEW HAMPSHIRE ITEMS.

—— Rev. A. J. Patterson is to preach at South Hampton, on Sunday, April 29.

—— A Washington item of Monday says Gov. Smyth, who is now there on official business, has paid a visit to the monitors at the Navy Yard, including the Stonewall Jackson. The Governor is accompanied by Adjutant General Head and Senator Cragin.

—— John Conant, Esq., of Jaffrey, offered to pay a tax of $3000 if the town would pay their debt (amounting to $27,769 72) the present year, or a tax of $1000 per year, if they would pay the debt in three years, and $500 the fourth year if living. This induced the town to call a public meeting, when it was voted to accept the three years proposition.

— The Universalists of Portland, Michigan, have a woman for their pastor.

— Pithole now boasts a church bell—the first that ever rung in that borough.

— At Norfolk, Va., April 16, the negroes were out in a large procession, in honor of the passage of the Civil Rights Bill. While the procession was passing through the streets, a difficulty occurred between the negroes and whites, during which one white man was killed, and his brother and step mother mortally wounded. Order was restored by the military.

— A fast-going belt becomes highly electrified by its friction with the air; so much so that a person can light gas by putting one hand on the belt and the other to a gas burner. A belt 15 inches wide and making about 220 revolutions a minute, lately set some cotton on fire in a Lowell mill. A stream of electric sparks was passing from the band to a bolt which was about 14 inches distant, and the cotton was on the bolt.

DEATHS.

In Hampton Falls, April 10th, Mr EDWARD LANG, aged 66

In Epping, March 30, JOSEPH SHEPARD, aged 12, son of Capt Geo. N. Shepard.

In East Kingston, March 8, at the residence of her son, Widow SARAH FELLOWS, aged 85 years 9 months

In Newton, Elder JOHN HARRIMAN, one of the oldest ministers of the Christian denomination.

A RARE CHANCE!

ANY ONE with a small capital wishing to engage in a money making business, would do well to examine the new

KNITTING MACHINE,

now on exhibition at the

FRANKLIN HOUSE.

This machine will knit

100 Pairs of Stockings per day.

Among the special advantages which the Otis Knitting Machine Company claim for this machine over any other power or hand machine for knitting hosiery, are the following:

1st. It is so simple that a child can easily learn to run it, and so constructed that it cannot get out of order.

2d. It will knit four times faster than any other machine, and running with four threads at a time, it is capable of making a great variety of fancy patterns, which cannot be made on any other stocking machine.

3d Stockings for grown people and children can be made on the same machine.

4th. It will knit either cotton, silk or wooden yarns, hard or slack twist, and can be changed from coarse to fine yarns and knit equally well, and can drop no stitches.

5th. It is built from the best material and will last a life time, and need no repairs if properly used.

6th. It uses the celebrated Otis Patent Needle, which is more durable, easier in its operation, and less liable to break or make bad work, than any other needle yet invented for knitting, and not half so expensive as other needles. a18

Lost.

About the first of the month a pair of Gold-Bowed EYE-GLASSES. The finder will be suitably rewarded on leaving the same at the Chronicle Office. ap18—2t

Morning Chronicle.

TIME'S CHANGES.—Thirty-two years ago, in the counting room of a New Bedford merchant, a boy just out of school was writing at a desk. The merchant, formerly a ship master, was there, as were his brother, still a sea-captain, and another captain, the father of the boy. There was also with them at the time another merchant, much the senior of them all, and one of the richest citizen of New Bedford. The daughter of the latter was married to the brother of the merchant first named.

"Mr. P.," said his son-in-law to the rich merchant, who had just built a splendid house, to day one of the finest in this city, "Capt. B (the boy's father) has brought home with him a couple of pictures which I want you to buy for that new house of yours; they are just right for the hall."

"Pictures," nervously replied the rich man; "pictures! what do I want of pictures?"

"They will be fine ornaments for your beautiful hall," was the answer.

"And I will sell them to you for a thousand dollars," said the owner. "You know I am too poor to keep them; and I must sell them to somebody."

"A thousand dollars for two pictures!" exclaimed the astounded millionaire. Why, Capt. D., it wouldn't take long at that rate to spend all the old Phenix made last voyage."

The rich merchant did not buy the pictures. But both of them, valuable portraits of Peter the Great and of Catharine, now hang in the house and hall which the merchant built, and both house and pictures are the property of the poor boy who was writing at the desk.—*New Bedford Mer.*

— Mrs. Partington, wants to know why the Captain of a vessel can't keep a memorandum of the weight of his anchor, instead of weighing it every time they go out of port.

DR. LAROOKAH'S SARSAPARILLA COMPOUND THE GREAT BLOOD PURIFIER

Dr. Larookah's SARSAPARILLA COMPOUND,

Liver Complaint, Scrofula, or King's Evil, Dyspepsia, Dropsy, Neuralgia, Epilepsy, Erysipelas, St. Anthony's Fire, Pimples, Pustules, Blotches, Boils, Tumors, Salt Rheum, Ulcers and Sores, Rheumatism, Pain in the Stomach, Side and Bowels, General Debility, Uterine Ulceration, Syphilis and Mercurial Disease, and all complaints arising from or resulting in **Impure Blood.**

It is *double the strength* of any other Sarsaparilla Compound in the market, and is indorsed by the medical faculty as the *best and cheapest* BLOOD PURIFIER extant.

Price $1.00 per Bottle.

Prepared by

DR. E. R. KNIGHTS, ... Chemist,
MELROSE, MASS.

Sold by GEO. HILL, Portsmouth, and by druggists and merchants throughout the country.

DR. KNIGHT'S HAIR DRESSING

DR. KNIGHTS' HAIR DRESSING

A VEGETABLE PREPARATION

For beautifying and promoting the luxuriant growth of the hair.

It prevents the hair from falling off or turning gray.

It removes dandruff, cleanses the scalp, cures nervous headache, and all those distressing affections induced by the use of oily or alcoholic Hair Dressings.

Its invigorating properties insure luxuriant locks, implanted in curl, and by its use alone the hair is restored to bald heads when such a result is possible.

It is splendidly perfumed, will not stain or soil the skin or any article of apparel, and is universally approved—especially by ladies and children.

☞ *BUY NO OTHER!*

Price 75 cents per Bottle.

Prepared by

DR. E. R. KNIGHTS, ... CHEMIST,
MELROSE, MASS.

Sold by

GEO. HILL, and by druggists and merchants throughout the country.

DUTCHESS NURSERIES

POUGHKEEPSIE, NEW YORK,

FERRIS & CATWOOD, Proprietors.

We call the attention of our customers and the public to our stock of GRAPE VINES, which is larger than ever before. Having had over twenty years' experience in the management of Vineyards and the propagation of Vines, and our present stock having been grown from bearing wood otherwise than cut once during the season, we think they will compare favorably with any others that are offered for sale.

Our stock of MONTGOMERY VINES is very large. This variety not being generally known, we will give a brief description: "White, a seedling of the White Chasselas, an unparalled grower and bearer, clusters often weighing two pounds, with a mild subacid flavor. It is claimed with the hardy grapes, but we project it in winter as we do all other varieties in this part of the State.

Our stock of the various kinds of EVERGREEN and DECIDUOUS TREES is very large, and is offered at moderate price; and at very low rates by the quantity, to those who are laying out and improving their places, cemeteries, or public grounds, and to nurserymen. We challenge competition.

Grape Vines.

"DELAWARE"—Grown in open border. No. 1, one year old, 20 cents each, $25 per 100; No. 2, ditto, 15 cents each, $20 per 100; No. 3, ditto, 10c each, $10 per hundred; well grown vines in pots 25c each, $15 and $20 per 100.

"MONTGOMERY"—No. 1, one year old in border, very strong plants, many equal to two years' growth, $1 each, $80 per 100; No. 2, one year old, good plants, 75c each, $65 per 100.

"REBECCA"—No. 1, one year old in pots, 30c each, $25 per hundred; No. 2, ditto, 25c each, $20 per hundred.

"ALLEN'S HYBRID"—2 years old, $1.50 each; 1 year old, 50c to 75c each, $60 per hundred.

"CYNOGON"—No. 1, two years, 25c each, $20 per hundred; No. 2, ditto, 20c each, $15 per hundred.

"ROGERS' HYBEID"—Nos. 3, 4, 15, 33—60c and 75c each; two years old, $1 to $1.50 each.

"UNION VILLAGE"—No. 1, in open border, 50c each, $35 per hundred; No. 2, in pots (strong) 40c each, $30 per hundred.

"IONA and ADIRONDAC"—One year old, from very vigorous plants, No. 1, $1 to $1.50 each; No. 2, 75c to 90c each; No. 3, 50c each. mch20

NEW ADVERTISEMENTS.

WEBSTER'S UNABRIDGED DICTIONARY — NEW ILLUSTRATED EDITION 3000 ENGRAVINGS

GET THE BEST.

Webster's Unabridged Dictionary.

NEW ILLUSTRATED EDITION.

Thoroughly revised and much enlarged. Over 3,000 Fine Engravings. Is a well-nigh indispensable requisite for every intelligent family.

It contains 10,000 WORDS and MEANINGS not found in other dictionaries.

It is now believed to be by far the most complete, useful and efficient Dictionary of the language ever published, as it is by far the largest single volume ever issued in any language.

The possession of any other English Dictionary, or any previous edition of this, can not compensate for the want of this very full and complete one. In its recent perfected state it must long remain the BEST ENGLISH DICTIONARY, and once possessed, remain of constant and abiding value.

Who would, beside the Bible, so indispensable as a good Dictionary?

In one vol. of 1,840 Royal Quarto Pages.
Published by G. & C. MERRIAM, Springfield, Ms.
SOLD BY ALL BOOKSELLERS.

DO YOU WEAR SPECTACLES? ARE YOU NEAR-SIGHTED? Have you Weak Eyes, or Sore Eyes, or any Disease of the Eye? Write J. Hall & Co., 128 Nassau st., Rooms 204 and 206, N. Y., for their PERFECTED SOLUTION OF THE EYE.—Mailed free to any address.

CHEROKEE PILLS,

Or Female Regulator,

Cure *Suppressed, Excessive and Painful Menstruation, Green Sickness, Nervous and Spinal Affections, Pains in the Back, Sick-Headache, Goldtaxes*, and all diseases that spring from irregularity, by removing the cause and all the effects that arise from it. They are perfectly safe in all cases, *except when forbidden by directions*, and are easy to administer, as they are nicely *sugar coated*. They should be in the hands of every Maiden, Wife, and Mother in the land.

Ladies can address us in perfect confidence, and state their complaints full, as we treat all Female Complaints, and prepare Medicines suitable for all diseases to which they are subject.—Thirty-two page pamphlet, in a sealed envelope, free.

The Cherokee Pills are sold by all druggists at $1 per box, or six boxes for $5; or they are sent by mail, free of postage, in no ordinary letter, free from observation, by addressing the sole proprietor,

Dr. W. R. MERWIN, 37 Walker St., N. Y.

N. B.—Cherokee Pills No. 2 are prepared for *special cases*, when milder medicines fail; these are sent by mail, free of postage, on receipt of $5, *the price of each box.*

DR. WRIGHT'S

REJUVENATING ELIXIR,

Or, Essence of Life,

Cures *General Debility, Weakness, Hysterics in Females, Palpitation of the Heart and all Nervous Diseases.* It restores new life and vigor to the aged, causing the hot blood of youth to course the veins, restoring the *Organs of Generation*, and *full vigor*, thus proving a perfect "*Elixir of Love*," removing *Sterility* and Barrenness in both sexes. To the young, middle-aged, and aged, there is no greater boon than this "Elixir of Life." It gives a new lease of life, causing the weak and debilitated to have renewed strength and vigor, and the entire system to thrill with joy and pleasure.

Price, one bottle $2; three bottles $5; sent by express to any address.

Our medicines are sold and recommended by all respectable druggists in every part of the civilized globe; some unprincipled dealers, however, try to deceive their customers by selling cheap and worthless compounds in order to make money. Be not deceived—ask for those medicines and take no others. If the druggist does not keep them, write to us, and we will send them by express, carefully packed, free from observation. We will be pleased to receive letters with full statements in regard to any disease with which ladies or gentlemen are afflicted. Address all letters for medicines, pamphlets, or advice, to the sole proprietor,

Dr. W. R. MERWIN, 37 Walker St., N. Y.

"As the Phenix rises from the ashes of its young, so does this Elixir refuvenate Debility, restoring Manliness to the system and full vigor, thus proving a perfect "Elixir of Love," removing Sterility and Barrenness in both sexes. To the young, middle-aged, and aged, there is no greater boon than this "Elixir of Life." It gives a new lease of life, causing the weak and debilitated to have renewed strength and vigor, and the entire system to thrill with joy and pleasure.

Reputation Established!

Mrs. S. A. Allen is truly a public benefactress, and her wonderful success is unprecedented. Her fame and her discoveries have gone abroad, and to-day she is in her line the largest manufacturess in the world.

Everybody Interested.

Youth and old age are alike benefited by the use of Mrs. S. A. Allen's World's Hair Restorer and Hair Dressing. They act directly upon the roots of the hair, causing luxuriant growth and beauty. Your hair, if changed to grey or white by sickness or other causes, will soon be restored to its natural color and beauty. Dandruff eradicated forever. The Hair falling stopped. The most delicate head-dress or bonnet can be worn without fear of soiling. The most delightful fragrance to the hair is imparted. If you wish to restore your hair, as in youth, and retain it through life, without delay purchase a bottle of Mrs. S. A. Allen's World's Hair Restorer and Dressing.

Sold by Druggists throughout the World.

VINELAND

FARM AND FRUIT LANDS.

In a mild and healthful climate. Thirty miles *south* of Philadelphia by Railroad, in New Jersey, on the main road to Cape May and Ocean City.

The soil is rich and *productive*, varying from a clay to a sandy loam, suitable for Wheat, Grass Grain, Tobacco, Fruits and Vegetables. This is a *great fruit country*. Five hundred Vineyards and Orchards have been planted out by experienced fruit growers. Grapes, Peaches, Pears, &c., produce immense profits. Vineland is already one of the most beautiful places in the United States. Its entire territory, consisting of fifty square miles of land, is laid out upon a general system of improvements. The land is only sold to actual settlers with provision for public adornment. No place, on account of its great beauty, as well as other advantages, has become *the resort of people of taste*. It has increased five thousand people within the past three years. Churches, Stores, Schools, Academies, Societies of Art and Learning, and other elements of refinement and culture have been introduced. Hundreds of people are constantly settling. Hundreds of new houses are being constructed. Price of Farm land, twenty dollars per acre, with five acres more. Five and ten acre and Village lots for sale.

Fruits and Vegetables ripen earlier in this district than in any other locality north of Norfolk, Va. Improved places for sale.

Opening for all kinds of business. Lumber Yards, Manufactories, Foundries, Stores and the like; and Steam Power, with room, can be rented.

For persons who desire mild winters, a health full climate, and to live in a country where they fully improved, abounding in fruits, and possessing all other social privileges, in the heart of civilization, it is worthy of a visit.

Letters answered, and the Vineland Rural, a paper giving full information, and containing Reports of Solon Robinson, sent to applicants.

Address CHAS. K. LANDIS, Vineland P. O., Landis Township, New Jersey.

From Report of Solon Robinson, Agricultural Editor of The Tribune: *It is one of the most extensive fruitic tracts, in an almost level position and suitable condition for pleasant farming that we know of this side of the Western Prairies.*

CONCILIATON.—The following sketch is by a correspondent of the Cincinnati Commercial, writing from the "Blue Grass Region" of Kentucky:

Let me endeavor to give you a pen-and-ink sketch of a few individual cases, as specimens of classes. A few days since, I met an acquaintance who has been an outspoken secessionist from the inception of the war.

"Don't you think," said he, "that it is unreasonable and outrageous for the infernal Yankees to object to the people of the South electing those who have served them so faithfully in war to represent them in Congress?"

"Why, my dear sir," replied I, "it was but the other day I heard you condemning the North for electing her soldiers to Congress, because you regarded it as insulting to the South to set their conquerors to rule over them."

"Yes, and I say so still. And you hear me swear it—before I will vote for a man that ever wore blue clothes to fight the South, I will ignore the right of suffrage as long as I live. This is the reason I would not vote for McClellan."

"And so," said I, "you propose to reverse the order of nature, and have the conquered make laws for the conquerors, and not the conquerors for the conquered."

He turned upon me with a fierce countenance, and exclaimed:

"Why, I thought you were in favor of conciliation!"

"So I am. But I think there should be a little conciliation on both sides. And not, when two men have been fighting, have the whipped one put his hand behind him when offered that of the other, and cry out, 'Now you have whipped me, you must try to conciliate me, while I am exhausting my vocabulary in abusing and belittling you!'"

"Oh, that's all nonsense!" said my friend. "The South can't be conciliated. That has never been done yet, when one portion of a nation whipped another in civil war."

"Yes, it has. Come, go with me to my room, and let me read you a little history."

We went, and I opened the first volume of Macauley, to the following passages:

"In no country has the enmity of race been carried further than in England. In no country has that enmity been more completely effaced. The stages of the process by which the hostile elements were melted down into one homogeneous mass are not accurately known to us. In the time of Richard I, the ordinary imprecation of a Norman gentleman was, 'May I never become an Englishman!' His ordinary form of indignant denial was, 'Do you take me for an Englishman?' The descendant of such a gentleman a hundred years later was proud of the English name."

"The time will come, my friend," I continued, "when your children will be as proud to belong to the Yankee nation as you were ten or fifteen years ago."

HIGHLY IMPORTANT
TO
UNFORTUNATE FEMALES!
DR BRISCOE'S FEMALE DROPS are unsurpassed by virtue and efficacy in removing all complaints, of whatever nature, incident to females. He continues, with his usual success, to radically and surgically remove Obstructions, Congorgements, Leucorrhœa, Whites, General Debility, &c., and suppression of all kinds; also all complaints of the Lungs, Liver, Kidneys, Spleen, Bladder, &c.
His medicines will be sent to any part of the country by express or mail; addressed by a communication stating particulars, will receive prompt attention.
Office, No. 23 Endicott street.
Persons at a distance can consult Dr. Briscoe, by letter, describing the case, and have the medicines securely put up, and forwarded to any part of the United States, with full directions for use. Rooms arranged with separate apartments, so that patients see none but the Doctor himself.
Address Dr. Briscoe, at No. 23 Endicott St., Boston, Mass., stating symptoms. All communications are confidential.
Patients furnished with rooms and board if desired, and secrecy observed in every case.
Office hours from 9 A. M. to 9 P. M.
Boston, July 16, 1865. ThSly
DR. M. BRISCOE still continues his successful treatment of all Private Diseases and all Female Complaints, at his old established office, No. 23 Endicott street.
N. B.—The sick and afflicted will do well to give him a call. A short consultation will cost you nothing, but a word of friendly advice may save you years of suffering.
P. S.—Ladies who wish to stay in the city under my care a few days, can be furnished with good nurses. Charges moderate.

Important to the Afflicted.
DR. DOW continues to be consulted at his office, No. 7 and 9 ENDICOTT STREET, BOSTON, on all diseases of a PRIVATE OR DELICATE NATURE. By a long course of study and practical experience of unlimited extent, Dr. D. has now the gratification of presenting the unfortunate with remedies that have never, since he first introduced them, failed to cure the most alarming cases of GONORRHŒA AND SYPHILIS.
SEMINAL WEAKNESS.—Dr. Dow devotes a great part of his time to the treatment of those diseases caused by a secret and solitary habit, which ruins the body and mind, unfitting the unfortunate individual for business or society. Patients who wish to remain under Dr. Dow's treatment a few days or weeks, will be furnished with pleasant rooms, and charges for board moderate.—Medicines sent to all parts of the country, with full directions for use, on receiving descriptions of your cases. Dr. Dow has also for sale the French Capotics, warranted the best preventive, under by mail. Three or $1 and a red stamp.
Highly Important to Females
IN DELICATE HEALTH.
Dr. DOW, Physician and Surgeon, No. 7 Endicott Street, Boston, is consulted daily for all diseases incident to the female system. Dr. Dow no doubt had greater experience in the cure of diseases of women than any other physician in Boston. Boarding accommodations for patients who may wish to stay in Boston a few days under his treatment. Dr. Dow, since 1845, has constantly continued his attention to an office practice for the cure of Private Diseases and Female complaints, acknowledges no superior in the United States.
N. B.—All letters must contain one dollar, or they will not be answered. Office hours from 8 A. M. to 9 P. M.
CERTAIN CURE
In all cases, or No Charges Made.
Among the physicians in Boston, none stands higher in the profession than the celebrated DR. DOW, No. 7 Endicott street. Those who need the service of an experienced physician and surgeon should give him a call.
P. S.—Dr. Dow imports and has for sale a new article, called the FRENCH SECRET. Order by mail. Two for $1 and a red stamp.

Morning Chronicle.

Portsmouth, N. H.

THURSDAY, APRIL 19, 1866.

EX-VICE PRESIDENT STEPHENS, of the defunct rebel Confederacy, has given his testimony before the Reconstruction Committee of Congress, and it is published in many papers. Though very long, its substance can be given in a very words, taken from his testimony. He says:

I believed thoroughly in the reserved *sovereignty* of the several States of the Union under the compact of the Union or the Constitution of 1787.

[This was the great falsehood, on which have grown many evils. This was *express ly* given up in the Constitution, as we have quoted it ten times since the war began.]

I opposed secession, therefore, as a question of policy and not one of right on the part of Georgia. When the State seceded, against my judgment and vote, I thought my ultimate allegiance was due to her, and I preferred to cast my fortunes with her and her people rather than to take any other course, even though it might lead to my self sacrifice and her ruin.

They sowed the wind, and reaped the whirlwind.

Q. Have your sentiments undergone any changes since the opening of the rebellion, in reference to the reserved rights of the States under the Constitution of the United States?

A. My convictions on the original abstract question have undergone no change, but I accept the issue of the war and the result as a practical settlement of that question; the sword was appealed to to decide the question, and by the decision of the sword I am willing to abide.

If this means anything, it means that the war has killed the supposed State Sovereignty. And yet, the new "conservative" *policy is tending*, and seems to be *intended*, to revive this old destructive trash.

As to the cause of the rebellion and war, one or two questions and his answers give his opinions.

Q. In what particular did the people believe their constitutional liberties were endangered or assailed from the Union?

A. Mainly, I would say, in their internal social policy, and their apprehension from the general consolidating tendencies of that political party which had recently succeeded in the choice of a President and Vice-President of the United States. * * *

Q. To what feature of their internal social policy did they apprehend danger?

A. Principally the subordination of the African race, as it existed under their laws and institutions.

Yet we were told, repeatedly, by Northern men, that slavery was not the cause of the war,—and that the rebels were not fighting for slavery.

His statements about labor and laborers, in his own State, give the lie direct to the miserable pleas, "they will not work; they cannot take care of themselves."

Q. Are the negroes generally at work?

A. Yes. They are generally at work. There are some idle, but this class constitutes but a small proportion.

Q. What upon the whole is their conduct—proper under the circumstances in which they have been placed, or otherwise?

A. As a whole, much better than the n csthopeful looked for.

Q. As far as you know, what are the eading objects and desires of the negro population at the present time in reference to themselves?

A. It is to be protected in their rights of person and property; to be dealt by fairly and justly.

The old *State Sovereignty* idea is not put out of the old gentleman's head yet, for he says:

I think the people of the State would be unwilling to do more than they have done for restoration. Restricted or limited suffrage would not be so objectionable as general or universal, but it is a matter that belongs to the States to regulate. The question of suffrage, whether universal or restricted, is one of State policy *exclusively*, as they believe. * * * The only view, in their opinion, that could *justify* the *war* which was carried on by the Federal Government against them, was the idea of the indissolubleness of the Union.*** And when the Administration here was successful in maintaining the idea upon which war was proclaimed and waged, and the only view in which they supposed it could be justified at all, and when that was accomplished, I say, the people of Georgia supposed their State was immediately entitled to all their rights under the Constitution.

That is, they have learned nothing, and forgot nothing; and because, as the U. S. Army and Navy, and people, by force and arms, at great cost have put down the rebellion, therefore the rebels ought to rush into Congress, and govern the country by the aid of their northern tools, as they used to do.

The people have not yet agreed to all this programme, nor adopted this *policy*.

U. T.

☞ From Halifax, April 16, a dispatch says: "The city physicians on board the emigrant ship England, after further development of the disease and further consultation, concur in pronouncing it Asiatic cholera. The passengers are detained at the quarantine grounds and other precautionary measures have been adopted to prevent the disease from spreading." Not a single case of sickness has occurred among the cabin passengers of the steamer England—an announcement which will relieve the anxiety of their friends.

NEW HAMPSHIRE ITEMS.

—— A denominational School, of high character, is proposed by the Christian denomination, to be located at Wolfeborough.

—— At the S. J. Court in Concord, last week, Philip F. Emerson gained a verdict of $127 against Wm. B. Durgin. E. claimed that D. agreed to employ him one year from October 1860,—but discharged him at the end of 7 months. The suit was brought for damage by breach of contract.

☞ The mystery about the late murder in Effingham, is explained. A private letter from Effingham to the Boston Journal, states that Frost, the murderer, had been in the habit of abusing his mother, and that Day assisted her last fall to leave him and take up her residence in Ossipee. For this Frost swore vengeance upon him. On the day of the murder, Frost walked up to Day's father's house, in front of which his intended victim was sitting on a log talking to an acquaintance, whom Frost asked to change a five dollar bill. While the change was being counted out, Frost watched his opportunity, and placing the muzzle of the gun he carried within about a foot of Day's person, fired and shot him through the body. The same bullet went through the wall of Day's father's house close to where the murdered man was sitting at the time. Day's companion started up and wrenched the gun from Frost, who drew a pistol and snapped it at the man's head. It was fortunate that it missed fire, as otherwise there would have been a double murder. Frost then ran off. Leaving Day's body where it lay, his companion ran for assistance, and during his brief absence Frost came back and fired two pistol bullets through Day's head. He then started for his home, where he was very soon after arrested and taken to Ossipee Jail. Since his arrest he has eaten nothing, and wishes to die, desiring that the same should be done to him as he did by Day. The murdered man was a quiet, respectable citizen, while Frost has the character of being a reckless fellow.—The event has created much excitement in a quiet neighborhood.

OBITUARY.—The Manchester Mirror says Asa Lane, Esq., died at his residence in Hooksett, Monday afternoon, from injuries received on the 6th inst., while at work upon the new boarding house of the Hooksett Mills. He was at work upon the scantling upon which the attic floor was to be laid, when he observed the rafters, which had been raised for the roof, to be falling upon him. With remarkable presence of mind he laid down and received the blow which would otherwise have precipitated him to the lower floor, a distance of forty or fifty feet. The blow dislocated his hip and doubtless injured him internally. He was removed to his residence, the limb set and everything done which a kind and loving wife and affectionate children could do to administer to his wants and alleviate his sufferings. It was at first thought that he would recover, but a few days ago, fever set in which resulted as above stated.

His age was sixty-one years, eight months and one day, and he has resided in Hooksett twenty-two years. He was the father of five children—four of whom are living—Mrs. Daniel H. Maxfield; John W. Lane, second hand on the Manchester corporation; Thomas W. Lane, clerk in the Mirror office; and Miss Mary A. Lane of Hooksett. He was universally beloved and esteemed by all who knew him, and his death falls with crushing weight upon his widow and children and acquaintances.—He had many good qualities to commend him to the friendship of others, and his death will be deplored by his fellow townsmen as a sad affliction to the community. His manners were social and cheerful and gained him the confidence and good will of all, which he retained to the day of his death.

☞ The President's Peace Proclamation is a riddle, not yet exactly found out. The following official document, however, explains it not to mean so much as it seems. It is dated at the War Department April 9, and directed to Gen. Branning in Georgia.

The Assistant Commissioner of the Bureau of Refugees, Freedmen, &c., for the State of Georgia having inquired whether the President's proclamation removes martial law, and also stated that the Department Commander does not feel authorized to arrest parties who have committed outrages on freed people or Union refugees, the Secretary of War, with the *approval* of *the President*, desires me to inform you that the President's proclamation does *not* remove martial law, or operate in *any way* on the Freedmen's Bureau in the exercise of its legitimate jurisdiction. It is not expedient, however, to resort to military tribunals in any case where justice can be obtained through the medium of civil authority. Signed E. D. TOWNSEND, Assist. Ad. General.

OLE BULL.—The Agent of the Associated Press has received a dispatch from Quebec stating that the report of the death of Ole Bull is untrue, and that he has not been in Canada for some years past. It is very probable that he may arrive in this country soon, as such rumors as that concerning his death are common tricks of agents and hangers-on of showmen and others, in order to procure their principals a cheap notoriety.

APPOINTMENTS of *Methodist Ministers in Dover District.*—Albert C. Manson, Presiding Elder. Dover, Orlando H. Jasper; Great Falls, High Street, Daniel C. Babcock—Main Street, Frank K. Stratton; Rochester, Elijah R. Wilkins; Union Village, J. A. Steele; Newmarket, H. B. Cobb; South Newmarket, Reuben Dearborn; Durham, William Wilmot; Greenland, N. Green; Portsmouth, J. Pike; Rye, to be supplied; Hampton, A. C. Coult; Seabrook, T. L. Flood; Derry, to be supplied by N. G. Cheney; Londonderry, J. Hayes; Kingston and East Kingston, to be supplied by D. W. Downs; Sandown and Danville, W. H. Stuart; Hampstead, to be supplied; Raymond, R. J. Donaldson; Fremont, to be supplied; Epping, C. E. Hall; Candia, S. Green; Auburn, A. Folsom; Chester, to be supplied.

A SWINDLING INCENDIARY.—In Boston, Tuesday morning, at half past 1 o'clock, a fire was found in store No. 50 North Market Street, occupied by Canney & Graves, tobacconists. Soon after the alarm was given one of the proprietors (Canney) was seen coming out of the store, and an officer started to arrest him, when he drew a revolver and attempted to shoot himself.

He fired several shots, one took effect in the side of his head, when he was secured. On being taken to the station house Canney confessed to having set fire to his premises and said that finding he was discovered in the act, he tried to kill himself. He was subsequently taken to the Hospital. His wound is not thought a bad one. A considerable sum of money was found on his person, and the reason he gave for setting fire to the store was that he could not pay his bills and meant to get the insurance! He appeared to be about 35 years of age, was well dressed, and had been drinking, although he was not after his apprehension, what may be called drunk.

Canney's shop was pretty well burned out, but no material damage was done to the building otherwise. Had the fire gained headway, Breck & Son's agricultural implement establishment and the Ploughman office would have furnished fuel for a dangerous fire.

MEXICO.—A Brownsville letter of the 9th says: Cortinas with his forces was about twenty miles from Matamoras, within approach of Mejia and Escobedo, operating with Mejia. Murders and robberies continue unabated in the neigborhood of Matamoras and Brownsville.

TEXAS CONVENTION.—The Texas Convention abolishes slavery, places freedmen on an equality with the whites under the law. It will be submitted to the people on the fourth Monday in June. A resolution indorsing the President's policy was lost in the Convention.

☞ The *old* horse car drivers at New York, who have struck for wages, have also struck at the cars where *new* drivers were employed, throwing bricks and stones. The police, after a fight, arrested four of the rioters, and dispersed the rest.

☞ On Tuesday, the ex rebel Clement Clay was released by order of the President on condition that he report when called for —and the President has also, by advice of the attorney general, released the prisoner held by Judge Underwood's decision. It is added, that wherever the rebellion is declared to have ceased there the writ of habeas corpus is no longer suspended.

—The strike of the laborers on the Fall River mills is at an end, and those of them who can get employment are resuming work at the old prices.

— The Coronor's jury in Philadelphia, after investigating the murder of the Deering family, found a verdict charging Antoine Probst, now under arrest, with the murder of all the eight victims.

— We are glad to see a disposition on the part of the manufacturers in this country to expend in quality, and of consumers to purchase the best in the market, especially in the articles which enter into the food of man.—We are led to the above remarks since having the pleasure of eating some very nice light biscuit, made from Herrick Allen's Gold Medal Saleratus. Our better half pronounces it the best she ever saw or tasted. Most all the grocers and many druggists sell it. 76

Business Notices.

Dandruff, with Root's PESTACHINE is never found.

ATTENTION IS INVITED

to the full and complete assortment of Boots and Shoes for Gentlemen's, Ladies' and Children's wear, at T. E. MOSELEY & CO.'S, SUMMER ST., Boston. 9

Holloway's Pills.—Impurity of the Blood.—Health consists in the purity of the fluids and solids which compose the human body; if the blood becomes vitiated it infects the whole system by its course through every fibre and tissue. Holloway's Pills not only expel all humors which taint or impoverish this vital element, but purify and invigorate it, and by supplying a gentle and wholesome stimulus to the circulation they strengthen each part, and give tone to the whole frame. Sold by all Druggists. ap14—1w

MARRIAGES.

Sch Rockingham, Friable, from Elizabethport, arr at Salem 13th.

Ship Pleiades, Winslow, from Callao, arr at Queenstown 31st alt.

TENNESSEE.—Lieut. Col. Lieb, of the 5th U. S. Cavalry, made an expedition to a parish in West Tennessee and captured the notorious guerrilla Harper, and also Edmund Mayo, the constant companion of Harper, and an accomplice in all his crimes. Harper broke from his captors and escaped, but is believed to be severely wounded. His recapture can be made without difficulty. Mayo was brought to Nashville, and will be held in close confinement for trial before a military commission.

ACCIDENT TO GEN. BURNSIDE.—The Providence Journal reports an accident to Gen. Burnside. He was about getting on a car at the New Haven railroad depot in New York, on Saturday, when a man getting off crowded him back and he was caught between the moving car and an iron post and severely injured. The General, however, proceeded on his journey to Providence, suffering much from the bruises received.

Lodi Manufacturing Company's

POUDRETTE.

AGENT FOR NEW HAMPSHIRE,

J. F. SHORES, Jr.,

No. 38 Market Street (Up Stairs.)

The advantages of Poudrette as a manure may be stated as follows:

First, its ECONOMY. The *cost* of the manure compared with its *effects* is less than that of any *other fertilizer* in market. It can be bought and applied for the same money which it would cost only to apply farm-yard manure. It is portable, contains great strength in a small compass, and needs *no extra care in its application*; the closer and contact with the seed the better and quicker it works. $4.50 worth at our retail price (or two barrels) will manure an acre of corn in the hill, add from one-quarter to one-third to the product, and will *mature* the crop from two to three weeks earlier. *No worms* will stay in the hill where the Poudrette is placed. *No seeds of weeds will germinate*, and crows are very shy of pluckig it out of the hill. On Corn, Tobacco and Garden Vegetables it has no equal. While the leaf and growth of the Tobacco plant is large, it has not the coarseness of those which is produced by Peruvian Guano, and it has taken the lead for this crop in Connecticut, and has begun to be appreciated in Maryland.

It is famous for producing larger and finer potatoes than anything else, and the stories told about Onions, their size and growth, &c., are almost beyond credence Flowers and plants are much improved by an application of Poudrette.

Another great consideration is the season of the year when the corn is planted. It is a time when every spring crop must be put in, and the corn not only planted, but up and grown sufficiently for the last hoeing and planting, before the commencement of grain and hay harvest.—The celerity and dispatch with which a large crop of corn is put in and poudretted, the rapid growth and consequently the early opportunity of working among it—the small chance for weeds, owing to the shade it affords, and the fact that the *Poudrette, unlike other manures, contains no seed that can germinate*, and consequently less trouble required to clean it—are all important advantages. The corn will ripen two weeks earlier, and the yield will be much heavier.

The same remarks apply to Sorghum and Broom Corn

For grass, where it is about to be laid down to lawn, or for several years, a top dressing of Poudrette will be found invaluable.

We wish to remark in this place, that Poudrette is not like some quack medicines, warranted to cure all kinds of diseases. It must be used with discretion, and a reasonable quantity will produce a reasonable effect.

Poudrette will answer no better than other manure on wet, sour, undrained land, or in seasons of drought. In other words, Poudrette is an invaluable substitute for barn-yard manure, and can be used with great profit and advantage upon most spring crops, but it will neither work miracles, drain the land it is put upon, nor cause rain to fall in time of drought.

Price per Barrel $2.25—delivered at any part of the city, or at any depot or wharf.

Important Notice!—When Poudrette is spoken of, we mean "LODI POUDRETTE," which has now stood the test of twenty-six years' trial; and when buying, *be sure and get that kind!*

A descriptive pamphlet may be had on application. mh29

A RARE CHANCE!

ANY ONE with a small capital wishing to engage in a money making business, would do well to examine the new

KNITTING MACHINE,

now on exhibition at the

FRANKLIN HOUSE.

This machine will knit

100 Pairs of Stockings per day.

Among the special advantages which the Otis Knitting Machine Company claim for this machine over any other power or hand machine for knitting hosiery, are the following:

1st. It is so simple that a child can easily learn to run it, and so constructed that it cannot get out of order.

2d. It will knit four times faster than any other machine, and running with four threads at a time, it is capable of making a great variety of fancy patterns, which cannot be made on any other stocking machine.

3d Stockings for grown people and children can be made on the same machine.

4th. It will knit either cotton, silk or woolen yarns, hard or slack twist, and can be changed from coarse to fine yarn, and knit equally well, and each drop no stitches.

5th. It is built from the best material and will last a life time, and need no repairs if properly used.

6th. It uses the celebrated Otis Patent Needle, which is more durable, surer in its operations, and less liable to break or make bad work, than any other needle yet invented for knitting, and not half so expensive as other needles. al8

Address, or call upon, SHAW & CLARK, Biddeford, Maine. d19—1ydaw

WHICH IS THE

Leading Life Insurance Comp'y

IN THE UNITED STATES?

Which is the Safest and the Cheapest?

The following figures are from the later Report of the New York Insurance Commissioner, showing the "amount of business" of the

MUTUAL BENEFIT

LIFE INSURANCE COMPANY,

to be the *largest*, the "expenses of management" the *smallest*, the "ratio of Assets to Liabilities," or the *security* furnished to its members, the *largest* of any life institution in the country:

Premiums received in 1864.....$2,080,072
" " " " 1865.....3,029,087
Ratio of expenses to premiums received in '64...13.36
" " " " " " '65...19.16
Ratio of assets to liabilities, Jan. 1, 1865....151.85

The inevitable conclusion from these official facts, is that the

MUTUAL BENEFIT LIFE

Insurance Company

IS THE BEST AND THE CHEAPEST.

Because its NET ASSETS are proportionably LARGER than those of any other Life Insurance Company in the United States.

Because its "Managing Expenses" are LESS, and it has a LARGER SURPLUS to divide among its members than any Company in the United States.

QUERY. Will some one inform the public of that mysterious process by which a Company with a surplus proportionably *much less*, and expenses *very much* larger than another, can yet "divide more to its members, and insure them at *less cost?* How is it done? Where does the money come from?

Every intelligent man will see at once that it *cannot be done.* Yet we have Agents among us that make this their boast.

Any one disposed, or intending to insure can be furnished with the requisite information by applying to

HENRY A. YEATON, Agent.

Portsmouth, March 27, 1866.—3mdaw

Special Notices.

IMPORTANCE OF HAVING DAVIS' PAIN KILLER ALWAYS ON HAND.

Wonderful Cure of the Rev. D. L. Brayton, Missionary in India, who was stung by a Scorpion.

Extract from his letter, published in the Baptist missionary Magazine:

"For the first time since I have been in India, I have been stung by a scorpion. I went out this morning to my exercises, as usual, at early dawn, and having occasion to use an old box, on taking off the cover I put my hand on a scorpion, which immediately resented the insult by threatening its sting into the palm of my hand. The instantaneous and severe pain which darted through the system is quite incredible; what an awfully virulent poison their sting must contain! I FLEW TO MY BOTTLE OF DAVIS' PAIN KILLER, and found it to be true to its name; after a moment's relief, I saturated a small piece of sponge, bound it on my hand, and went about my exercises, feeling no more particular inconvenience.

Perry's Moth and Freckle Lotion.

☞ Chloasma, or Mothpatch, (also called Liver-spot,) and Lentigo, or Freckles, are often very annoying, particularly to ladies of light complexion, for the discolored spots show more plainly on the face of a blonde than of a brunette; but they greatly mar the beauty of either and any preparation that will effectually remove them, *without injuring the texture or color of the skin*, is certainly a desideratum. DR. B. C. PERRY, who has made diseases of the skin a speciality, has discovered a remedy for these discolorations, which is at once prompt, infallible and harmless.

Prepared by B. C. PERRY, Dermatologist, No. 49 Bond Street, New York, and for sale by all druggists; price $2 per bottle. Call for PERRY'S MOTH & FRECKLE LOTION.

Sold by all Druggists in Portsmouth and elsewhere. lysndae—oct19

ROOT! ROOT! ROOT!

READ! READ! READ!

ROOT'S PESTACHINE preserves the life of the Hair; changes it from gray to its original color in three weeks; prevents the hair from falling; is the best article for dressing the hair ever found in market; will surely remove dandruff and cure all diseases of the scalp; is delightfully perfumed, cures baldness, and will not stain the skin. We tell the story quickly, and tell it true, when we say it is a perfect

Restorer and Dressing Combined.

No other preparation for the hair contains Pestachio Nut Oil. Sold by all Druggists.

New crop MOLASSES just received and for sale by F10 A. A. PAYNE.

Important.

DR. STEVENS, No. 5 Daniel Street, would give notice that he has REDUCED the price of Permanent Sets of ARTIFICIAL TEETH, on the Vulcanite Base, to that charged for them before the war.

He would also give notice that he is doing a new style of work for Under Sets of Teeth, called the COMBINATION BASE (Gold and Vulcanite) which produces by far the best work offered to the public. The price is something in advance of that charged for the Vulcanite alone, but the strength, durability, ease of bearing, and beauty of finish obtained by it, more than double the value of the teeth. mh12

GEORGE F. WEED,

S-u-r-g-e-o-n D-e-n-t-i-s-t,

FIRST ASSISTANT in the Office of Dr. STEVENS, No. 5 DANIEL STREET.

DR. WEED can be found at his place of business at all hours of the day and night, for the accommodation of any of the operations that come within the call of his profession.

Dr. A. P. STEVENS, No. 5 Daniel St., makes the saving of ULCERATED and painful front teeth, a speciality in his business. He also successfully restores their natural shape decayed or badly decayed teeth, by building out corners and sides with PURE GOLD. (In many cases teeth so restored are as strong as any of their brother members, and in all cases are rendered eminently useful for a long series of years.) DISEASED FEETH, in all stages, treated, and in a very large majority of cases entire success attained.

Charges for such operations necessarily high, but nothing in comparison to the value of the teeth. mch14

Special Notices.

Rebel Colors Destroyed!

A Household Necessity exists for the Use of Durno's Catarrh Snuff,

Which, in the first stages of a cold, acts like magic—Headache, Hoarseness, Diptheria, and Bronchitis, Sore Eyes, Deafness, Bad Taste and Smell, being the result of Catarrh. This snuff removes and prevents all these, and insures a healthy Head. Its effects are pleasant and safe, even for infants who suffer from snuffles.

It has the highest professional testimonials.—Sold by all Druggists, or sent by mail to all parts of U. S., for 50 cts. for one Box, or $1 for four Boxes. Address JAS. DURNO,

P. O. Box 1235, New York.

Wholesale, by D. BARNES & CO., 21 Park Row, New York. spndawlymy28

BRANDRETH'S PILLS. COSTIVENESS, DIARRHEA.—They are taken up by the absorbents, and carried into the circulation, through which medium they are conveyed to every part of the body.

If the pain affects the joints, a single dose produces remarkable benefit. And the same rule applies to costiveness, diarrhea and dysentery; though with the last named they may be required night and morning for some days before decided relief is obtained. In affections of the lungs, throat, head and pleurisy, the relief is certain; the excretory organs throw off with ease the phlegm, and the breathing becomes freer. Spasmodic asthma is often cured by a single dose. mch28dawlm

Portsmouth, April 2, 1866.

Stencils! Stencils!

—AT—

THOMPSON BROTHERS,

No. 8 Daniel Street (Up Stairs.)

Having formed a business connection with one of the first houses in Boston, we are now ready to fill all orders for the various kinds of Stencilling—Letter Cutting and Die Sinking, Cancelling Ribbon Presses (with Die, Embossing Seal Presses, Steel Stamps for Wood, Iron, &c.; Burning Brands; Stencils for marking Boxes, Bales, &c.; Stencil Alphabets, in sets or single letter; Stencils for marking Clothing, in Old English, Writing, Italic and Roman.

STENCIL PASTE for marking boxes, barrels, &c., in Black and Fancy Colors.

Call and examine specimens.

☞ We are also Wholesale Agents for the sale of the National Ink Co.'s warranted WRITING INK, a very superior article; does not corrode the pen nor clog.

☞ Also, Agents for the Patent Gong DOOR BELL, one of which may be seen and examined in working order at the above Number.

GEO. W. THOMPSON,
HENRY G. THOMPSON.

Portsmouth March 9

Local.

☞ Major Gen. Geo. G. Meade, attended by Brevet Gen. G. D. Ruggles, A. A. G. of the Department of the East; Brevet Gen. Barstow, A. A. G.; Brevet Lieut. Col. Geo. G. Meade, Jr., and Brevet Major Emory, aides-de-camp; passed through this city by the morning train going east, on Wednesday. He was met at the depot by Hon. Horton D. Walker, Councilor for this district, but the stay of the train afforded but slight opportunity for the interchange of civilities. The General and staff were traveling in a private manner, but an officer on the train having arrested two of the General's orderlies as deserters, the fact of his presence was disclosed to effect their release from custody. Gen. Meade has gone to Eastport, to keep order on the frontier during the Fenian excitement. A company of regular soldiers go with him from Portland, by steamer. Our flying squadron is to rendezvous there at present.

☞ On Tuesday evening two marines were arrested and committed to the Station House, somewhat under the influence of liquor. On Wednesday morning, it appearing they were not deserters, they were released. Not long afterwards the marines were met by an officer, who ordered them on board the boat to go to the barracks. One of them, named Ryan, who had obtained more liquor since leaving the city lodging rooms, refused to obey, and finally laid hands upon the officer. After considerable of a skirmish, Ryan left to avoid arrest, but was outflanked and captured by Officer Pickering. His ugliness had not all abated, and he declined going with Pickering unless he should prove himself the smartest of the two,—but P. *persuaded* him, and he will be likely to meditate over his "spree" for some time ere he has another.

☞ A beautiful bark of about 425 tons was launched from Marcy's shipyard on Tuesday. She is of fine model and built in the best manner of white oak. Owned by Hon. Daniel Marcy and others, she is intended for general freighting, and will be rigged at the yard where built.

☞ Newcomb & Arlington's Minstrels perform this evening. The senior member of the firm is well known here as one of the leading performer in his line, while Arlington, Rainer, and all the old favorites will assist. Their performances for three nights past in Portland have been spoken of with commendation by the press of that city, and full houses have endorsed the verdict.

☞ Messrs. Larrabee & Sons announce in their new advertisement this morning, the opening of a new stock of Harness, Saddlery and Trunk goods—well worthy the attention of buyers. The new firm have a neat little store, and some nice goods; and there is no need of asking for any better harness work than Larrabee turns out.

☞ Still another false alarm of fire was raised on Wednesday evening. We hope the instigators thereof may receive such a punishment as will throw cold water on all such wanton pranks for the future.

☞ Harper's Monthly and Hours at Home Magazines for May are for sale by J. H. Foster.

☞ A very large adjourned meeting of the hotel keepers and liquor dealers of Boston and other towns in Massachusetts was held at the Parker House on Tuesday. Several acts of resolutions were offered, and many speeches made. Mr. O. A. Brewster was called upon to speak and did so. Several resolutions had, he said, been introduced, which were very foolish, and unworthy the character of the body of gentlemen present. That they were offered with good intentions, he had no doubt. He said the differences could be reconciled by simply instructing the committee to take the resolutions, revise them, and at some future meeting report some definite plan of action. * * * Finally, by a vote of the meeting, the plan suggested by Mr. Brewster was adopted generally, the committee of seven was instructed accordingly, and the meeting adjourned subject to their call.

☞ About 4 o'clock Wednesday morning, the steamer City of Norwich, of the New London and New York line, was in collision with the schooner General S. Van Vliet, off Huntington. The schooner struck her amidships, cutting through. The water rising in the steamer, lifted her fires so that they communicated to the wood-work, and the steamer was entirely destroyed. She had about fifty persons on board, about 40 of whom were saved by boats from the steamer Electra, from Providence, and the remainder are supposed to be lost. The schooner was abandoned sinking, and the captain and crew were taken aboard the Electra.

☞ It is said at Washington that Pres. Johnson hopes the Senate will confirm Stansbury as Judge of the U. S. Court, as he could try Jeff. Davis at Nashville for treason. But the Senate, it would seem, would *not* confirm as a Judge the man who wrote the Veto which they have just vetoed!

☞ In the U. S. House of Representatives, Tuesday, the Army Bill was considered. Mr. Chandler moved to amend, by adding a proviso that all acts authorizing the organization of colored troops be repealed, and made a speech in favor of his proposition. Rejected—23 to 85. A motion to strike the Veteran Reserve Corps out of the army bill was lost—yeas 30, nays 84.

GOLD, Wednesday, 126 1-2.

— The spring manufactory of H. M. Wentworth, of Gardiner, uses from a ton to a ton and a half of steel each week.

— A traveller reports that he saw General McClellan at Dresden, a few weeks ago, and it was thought he would "break up his winter quarters and advance in the spring as soon as the roads were dry."

— The political guillotine has been set up in Alleghany county, Pennsylvania, where a postmaster and internal revenue collector have been removed on account of their radical views.

— The New Haven Common Council have been petitioned to abate as a nuisance one of the colored Methodist churches there, on account of unreasonably loud singing and praying.

— The vine disease has sensibly diminished in Portugal, and it is fully expected that there will be a good vintage this year. The farmers use sulphur to the plants in large quantities, and derive great benefit from its application.

Litch's Boston Liniment,

One of the best and speediest *Pain Cures* now in use, cures *Scalds* and *Burns* like magic. Excellent for *Neuralgia, Headache, Toothache, Spinal Affections, St Vitus' Dance, &c.*

THE LIGHT OF THE WORLD.

DR. MAGGIEL'S

PILLS AND SALVE.

These Life-giving remedies are now, for the first time, given publicly to the world. For over a quarter of a century of private practice the ingredients in these

Life-giving Pills!

Have been used with the greatest success. Their mission is not only to prevent disease, but to cure. They search out the various maladies by which the patient is suffering, and re-invigorate the failing system. To the aged and infirm a few doses of these valuable PILLS will prove to be

A Very Fountain of Youth,

For in every case they add new life and vitality, and restore the waning energies to their pristine state. To the young and middle aged, they will prove most invaluable, as a ready, specific, and sterling medicine. Here is a dream realized, that Ponce-de-Leon sought for three hundred years ago, and never found. He looked for a fountain that would restore the old to youth and make youth ever

AN ETERNAL SPRING!

It was left for this day and hour to realize the dream, and show, in one glorious fact, the magic that made it fair.

These Famous Remedies

Cannot stay the flight of years, but they can force back and hold aloof, diseases that might triumph over the aged and the young. Let none hesitate then, but seize the favorable opportunity that offers. When taken as prescribed—

FOR BILIOUS DISORDERS

Nothing can be more productive of cure than these pills; their almost magic influence is felt at once; and the usual concomitants of this most distressing disease are removed. These remedies are made from the purest

VEGETABLE COMPOUNDS.

They will not harm the most delicate female, and can be given with good effect in prescribed doses to the youngest babe.

For Cutaneous Disorders

And all eruptions of the skin, the SALVE is most invaluable. It does not heal externally alone, but penetrates with the most searching effects to the very root of the evil.

DR. MAGGIEL'S PILLS

Invariably Cure the Following Diseases.

Asthma,
Bowel Complaints,
Coughs,
Colds,
Chest Diseases,

NEW FLOUR STORE.

Prime Family Flour, Cheap!

The undersigned would inform the citizens of Portsmouth and vicinity, that he has opened (at **No. 76 Market Street,** next above Deer Street)—a Store for the sale of the best quality of FLOUR, fresh ground from prime Iowa White Winter Wheat, at the Mills of Messrs Mitchell & Fernald, Iowa; and would invite the attention of those who wish to try an article they can depend on being satisfactory in all respects,—at a price considerably less than some of the fancy brands are sold. WM. D. FERNALD.

Portsmouth, Jan. 8, 1866.

Seeds! Seeds!

Morning Chronicle.

THE NEW ENGLAND CHURCH IN NEW YORK.—The New York correspondent of the *Boston Journal* says:—

The new Congregational organization took place Wednesday night, under the name of the New England Church. The body of Christians seceded from the Methodist church by Professor Matterson and by him deserted, refused to follow him back into the old church and maintained an independent position. A strong and healthy addition being been made from the Congregational church, the organization, with a very great place of worship, has been added to the New England element in New York city. By the payment of $12,000 a property worth 40,000 has been secured. Public services in connection with the recognition of this church took place in the Chapel. The sermon was preached by the Rev. Henry Ward Beecher. While he did not claim that New York was destitute of the Gospel, he contended that the New England element was essential to be added to the gifts and labors of other sects. He defended the New England ministry for introducing into the pulpit topics secular and political; contending that the minister was not like a shepherd tooting away on a single pipe, but like a big organ with a thousand pipes and a thousand stops. The new organization starts under very favorable auspices.

— The only pain that we can make light of—a window pane.

— When Voltaire was ordered by the senators of Geneva to quit the dominions of the little republic in twenty-four hours, the incorrigible scoffer at all things venerable and sacred, replied, "Magnificent sirs, it requires only three minutes!"

The Old Established Hospital.
No. 5 Beaver Street, Albany, N. Y.
QUICK CURES AND LOW PRICES.
over Twenty Thousand Patients Cured Annually

DR. J. TELLER continues to be confidentially and successfully consulted on all forms of private diseases, at his old Established Hospital, No. 5 Beaver Street, Albany, N. Y. Twenty years devoted to his one particular branch of practice, enables him to perform cures such as no other Physician can, and his facilities are such (being in correspondence with the most eminent Physicians of the Old World,) of obtaining the safest as well as the latest remedies for these diseases, offer inducements to the unfortunate of a quick and sure cure, to be obtained at no other office in America.

In Syphilis, Gonorrhœa, Gleet, Stricture, Enlargement of the Testicles and Prostatic Cords Bubo, Ulcerated Throat, Sore Nose, Tender Shin Bones, Cutaneous Eruptions, Biles, Ulcers, Abscesses, and all other Diseases of the Urinary Organs are perfectly under the control of the Doctor's Medicines, and have been tested in more than 20,000 cases annually, with immediate Success.

YOUNG MEN.

Young Men addicted to secret habits, who have impaired their health and dropped the vigor of their minds, thus depriving themselves of the pleasure of the Married Life, are notified that in consulting Dr. J. Teller, they will find a friend to counsle and a Physician who has cured thousands, in almost every part of the United States, who applied to Dr. T. broken down in health, nervous in all that makes life desirable and man happy. The reader is of course aware that the delicacy of this subject will prevent a more minute description of this terrible disease.

DR. TELLER'S GREAT WORK.

A book for everybody.—Startling disclosures.—Dr Teller's great work for the Married or those contemplating marriage—200 pages—*full of plates*—price $5 cts. Sent to all parts, under seal, by Mail, free post paid. But 500 copies sold the past year. The single Married and the Married Happy. A lecture on Love, or how to choose a Partner—a complete work on Matrimony, containing hundreds of secrets, never before published.—Warranted to be worth three times the amount asked for it. 25 cents, in specie or postage stamps, inclosed, will secure a copy by return mail. Dr Teller has devoted a lifetime to the care of those diseases upon which his books treat

TO THE LADIES.

Dr. Teller still remains the only Agency in America, for the sale of Dr. Vichois Celebrate Monthly Pills. The sale of more than 20,000 boxes establishes their reputation as a female remedy, unapproached, and far in advance of every other medicine—for stoppages, irregularities, and other obstructions in females.

CAUTION.—Married ladies in certain delicate situations should avoid their use. The reasons see directions which accompany each package, for the guidance of patients. On the receipt of $1, (the price per box,) these Pills will be sent, by mail or express, to any part of the world, secure from curiosity or damage.

Office hours from 8 a. M. to 8 P. M., and on Sundays from 2 to 5 P. M.

N. B.—Persons at a distance can be cured at home by addressing a letter to Dr. J. Teller, enclosing a remittance. Medicines securely packed from observation, sent to any part of the world. All cases warranted. Note and advice—N. B.—No students or boys employed. Notice this, address all letters to

DUTCHESS NURSERIES
POUGHKEEPSIE, NEW YORK,
FERRIS & CATWOOD, Proprietors

We call the attention of our customers and the public to our stock of GRAPE VINES, which is larger than ever before. Having had over twenty years' experience in the management of Vineyards and the propagation of Vines, and our present stock having been grown from bearing wood only, we feel confident cure during the season, we think they will compare favorably with any others that are offered for sale.

Our stock of MONTGOMERY VINES is very large. This variety not being generally known, we will give a brief description, as it is a seedling of the White Chasselas, an unparalled grower and bearer, clusters often weighing two pounds with a mild and delicious flavor. It is as hardy with the hardy grapes, but we protect it in winter as we do all other varieties in this part of the State.

Our stock of the various kinds of EVERGREEN and DECIDUOUS TREES is very large, and is offered at moderate prices; and at very low rates by the quantity, to those who are laying out and improving their places, cemeteries, or public grounds, and to nurserymen. We challenge competition.

Grape Vines.

"DELAWARE"—Grown in open border. No. 1, one year-old, 30 cents each, $25 per 100; No. 2, ditto, 25 cents each, $20 per 100; No. 3, ditto, 20c each, $15 per hundred; well grown vines in pots 25c each, $15 and $20 per 100.

"MONTGOMERY"—No. 1, one year old in border, very strong plants, many equal to two years' growth, $1 each, $80 per 100; No. 2, one year old, good plants, 75c each, $65 per 100.

"CHASSELAS"—No. 1, one year old in pots, 25c each, $25 per hundred; No. 2, ditto, 20c each, $20 per hundred.

"ALLEN'S HYBRID"—2 years old, $1 50 each; 1 year old, 50c to 75c each, $40 per hundred.

"CUYAHOGA"—No. 1, two years, 25c each, $20 per hundred; No. 2, ditto, 20c each, $15 per hundred.

"CREVELLING"—No. 1, in open borders, 50c each, $40 per hundred; No. 2, ditto, 40c each, $30 per hundred; No. 3, ditto, 30c each, $20 per hundred.

"ROGERS' HYBRID"—Nos. 3, 9, 15, 2—50c and 75c each; two year old, $1 to $1 50 each.

"UNION VILLAGE"—No. 1, in open border, 50c each, $35 per hundred; No. 2, in pots (strong) 40c each, $30 per hundred.

"IONA and ADIRONDAC"—One year old, from eyes, No. 1, $1 to $1 50 each; No. 2, 75c to 0e each; No. 3, 50c each.

NEW ADVERTISEMENTS.

WEBSTER'S UNABRIDGED DICTIONARY. NEW ILLUSTRATED EDITION 3000 ENGRAVINGS.

GET THE BEST.

Webster's Unabridged Dictionary.

NEW ILLUSTRATED EDITION.

Thoroughly revised and much enlarged. Over 3,000 Fine Engravings. In a well nigh indispensable requisite for every intelligent family.

It contains 10,000 WORDS and MEANINGS not found in other dictionaries.

It is now believed to be by far the most complete, useful and satisfactory Dictionary of the language ever published, as it is by far the largest single volume ever issued in any language.

The possession of any other English Dictionary, or any previous edition of this, cannot compensate for the want of the very full and complete one. In its recent perfected state it must long remain the BEST ENGLISH DICTIONARY, and as such possessed, remain of constant and abiding value.

What book, beside the Bible, so indispensable as a good Dictionary?

In one vol. Quarto, 1,840 Royal Quarto Pages. Published by G. & C. MERRIAM, Springfield, Ms.

H., situated near Brackbas Hill so called, at the junction of the road leading from Portsmouth to Newburyport and the main road leading from Greenland to all the public houses at Rye Beach. It lies within ¼ of a mile of Greenland Depot on the Eastern R. R., and within three miles of the Ocean House, Rye Beach.

The Farm is divided into three parts; one field containing six acres of excellent Tillage Land, with a large number of Fruit trees; the HOUSE contains nine rooms, with a fine Cellar,—there is a good Barn, and all necessary Outbuildings, with an excellent Well of Water within thirty feet of the house;—one field contains four acres of good Tillage and Grass Land; also ten acres Wood and Pasture Land within half a mile of the house.

The location of this Farm makes it a very desirable summer residence, and it will be sold in parts or whole, to suit purchasers, on application to

CHEROKEE PILLS,

Or Female Regulator,

Cure *Suppressed, Excessive and Painful Menstruation, Green Sickness, Nervous and Spinal Affections, Pains in the Back, Sick-Headache, Giddiness*, and all diseases that spring from irregularity, by removing the cause and all the effects that arise from it. They are perfectly safe in all cases, *except when forbidden by directions*, and are easy to administer, as they are *sugar coated*. They should be in the hands of every Maiden, Wife, and Mother in the land.

Ladies can address us in perfect confidence, and state their complaints in full, as we treat all Female Complaints, and prepare Medicines suitable for all diseases to which they are subject.—Thirty-two page pamphlet, in sealed envelope, free.

The Cherokee Pills are sold by all druggists at $1 per box, or six boxes for $5; or they are sent by mail, free of postage, on receipt of letter, free from observation, by addressing the sole proprietor,

Dr. W. B. MERWIN, 37 Walker St., N. Y.

N. B.—Cherokee Pills No. 2 are prepared for *special cases*, when milder medicines fail; these are sent by mail, free of postage, on receipt of $5, *the price of each box.*

DR. WRIGHT'S
REJUVENATING ELIXIR,
Or, Essence of Life,

Cures *General Debility, Weakness, Nervous Hysterics in Females, Palpitation of the Heart and all Nervous Diseases.* It restores to manhood and vigor to the aged, causing the hot blood of youth to course the veins, restoring the *Organs of Generation, removing Impotency and perfect "Elixir of Love," removing Sterility* and Barrenness in both sexes. To the young, middle-aged, and aged, there is no greater boon than this "Elixir of Life." It gives a new lease of life, causing the weak and debilitated to have renewed strength and vigor, and the entire system to thrill with joy and pleasure.

"As the Phœnix rises from the ashes of its fire, animated with new life"—as does this Elixir rejuvenate Debility, restoring Manliness into the system and and full-stature, thus proving a *overcome disease.*

Price, one bottle $2; three bottles $5; sent by express to any address.

Our medicines are sold and recommended by all respectable druggists in every part of the civilized globe; some unprincipled dealers, however, try to deceive their customers by selling cheap and worthless compounds in order to make money. Be not deceived—ask for these medicines and take no others. If the druggist does not keep them, write to us, and we will send them by express, carefully packed, free from observation. We will be pleased to receive letters with full statements in regard to any disease with which ladies or gentlemen are afflicted. Address all letters for medicines, pamphlets, or advice, to the sole proprietor,

Dr. W. B. MERWIN, 37 Walker St., N. Y

Reputation Established!

Mrs. S. A. Allen is truly a public benefactress, and her wonderful success is unprecedented. Her fame and her discoveries have gone abroad, and to-day she is in her line the largest manufactress in the world.

Everybody Interested.

Youth and old age are alike benefited by the use of Mrs. S. A. Allen's World's Hair Restorer and Hair Dressing. They act directly upon the roots of the hair, causing luxuriant growth and beauty. Your hair, if changed to grey or white by sickness or other causes, will soon be restored to its natural color and beauty. Dandruff eradicated forever. The Hair falling stopped. The most delicate head-dress or bonnet can be worn without fear of soiling. The most delightful fragrance to the hair is imparted. If you wish to restore your hair, as in youth, and retain it through life, without delay purchase a bottle of Mrs. S. A. Allen's World's Hair Restorer and Dressing.

Sold by Druggists throughout the World.

VINELAND
FARM AND FRUIT LANDS.

In a mild and healthful climate. Thirty miles south of Philadelphia by Railroad, in New Jersey, on the same line of railroad with Baltimore and Ohio.

The soil is rich and productive, varying from a clay to a sandy loam, suitable for Wheat, Grass, Corn, Tobacco, Fruits and Vegetables. This is a great fruit country. Five hundred Vineyards and Orchards have been planted out by experienced fruit-growers. Grapes, Peaches, Pears, &c, produce immense profits. Vineland is already one of the most beautiful places in the United States. Our Colony, consisting of fifty square miles of land, is laid out upon a large system of improvements. The land is only sold to actual settlers with provision for public adornment. The place, on account of its great beauty, as well as other advantages, has become *the resort of people of taste.* It has increased five thousand people within the past three years. Churches, Stores, Schools, Academies, Societies of Art and Learning, and other elements of refinement and culture have been introduced. Hundreds of people are constantly settling. Hundreds of new houses are being constructed. Price of Farm land, twenty acres (or less) unimproved, $50 per acre. Five and ten acre and Village lots for sale.

Fruits and Vegetables ripen earlier in this district than in any other locality north of Norfolk, Va. Improved places for sale.

Opening for all kinds of business. Lumber Yard, Manufactories, Foundries, Stores and the like; and Steam Power, with room, can be rented.

For persons who desire mild winters, a health full climate, and a good society, in a country beautifully improved, abounding in the best means of enjoying all other social privileges, in the heart of civilization, it is worthy of a visit.

Letters answered, and to the Vineland Rural, a paper giving full information, and containing Reports of Solon Robinson, sent to applicants.

Address CHAS K. LANDIS, Vineland P. O., Landis Township, New Jersey.

From Report of Solon Robinson, Agricultural Editor of The Tribune: *It is one of the most extensive fruit tracts, in an almost level position and suitable condition for pleasant farming that we know of this side of the Western Prairies.* n1—dawGm

The Chronicle.

CURE FOR CHOLERA.—Rev. Dr. Hamlin, of Constantinople, saved hundreds of lives by the following simple preparation, during the terrible raging of cholera in that city a few years since. In no case did the remedy fail where the disease could be reached in season. It is no less effective in cholera morbus and ordinary diarrhœa:

One part laudanum.
One part camphorated spirit.
Two parts capsicum.
Dose—One teaspoonful in a wine-glass of water. If the case is obstinate repeat the dose in three or four hours.

NORTH CAROLINA.—In the Military Court at Raleigh last week, a motion was made in behalf of Maj. Gee to quash proceedings. The Judge Advocate read an order from the War Department to suspend mustering out officers detailed to set on commissions, which order being dated subsequently to the President's proclamation, was held to be an order to continue the trial.

The Court decreed against the motion, when the accused sued out a writ of habeas corpus before a Judge of the Superior Court of the State, which was served on Gen. Ruger, to have Maj. Gee. The writ was granted, but Gen. Ruger refused. It was argued by the prisoner's counsel that the U. S. was not represented. The decision was reserved until the 28th of April.

NITRO-GLYCERINE—This article, the explosion of a quantity of which in Wells & Fargo's office, San Francisco, last Monday afternoon proved so fatal, is the invention of a Swiss chemist, and is one of the most terrible of all explosives. It has twenty times the force of powder—quantity for quantity; and its dangerous quality is such that in some of the continental nations, so we are informed, it is not allowed to be kept. It was the same kind of article which exploded at a hotel in New York state, some time ago, and proved so very destructive.—*Boston Journal.*

☞ In New York City, the fire insurance companies are said to have raised their rates. A committee is engaged on a new tariff. Better late than never:—but they should never have been put down so low as they have been,—nor should there ever have been such a system of insurance *drumming*, as has been practised too freely.

— The difference between the fair ladies and ladies' fair is—the one steals men's hearts and the other the contents of their pockets.

— To encourage the erection of a proposed woolen manufactory at Presque Isle, Me., it is to be exempt from local taxation for ten years.

— The Piscataquis Observer reports that Mr. L. Waterman, of East Sangerville, Me., has a small flock of sheep, 19 of which have had thirty two lambs—thirty of them are living. These were 13 pair of twins.

AMERICAN AND FOREIGN PATENTS.
R. H. EDDY,
Solicitor of Patents,
Late Agent of the U. S. Patent Office, Washington, under the Act of 1837,
78 State Street, opposite Kilby Street,
BOSTON.
After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Bonds, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with dispatch. Researches made into American or Foreign works, to determine the validity or utility of patents or inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.
The Agency is not only the largest in New England, but through it inventors have advantages for securing Patents, or ascertaining the patentability of inventions unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The Testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber! and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional service so moderate.
The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.
These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.
All necessity of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.
TESTIMONIALS.
"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse."
CHARLES MASON,
Commissioner of Patents.
"I have no hesitation in assuring inventors that they can not employ a person *more competent and trustworthy*, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office."
EDMUND BURKE,
Late Commissioner of Patents
Mr. R. H. Eddy has made for me THIRTEEN applications, on all but ONE of which patents have been granted, and that is *now pending*. Such unmistakeable proof of great talent and ability on his part leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges."
JOHN TAGGART
During eight months, the subscriber, in course of his large practice, made on *twice* rejected applications SIXTEEN APPEALS, EVERY ONE of which was decided in *his favor*, by the Commissioner of Patents.
R. H. EDDY.

Morning Chronicle.

Portsmouth, N. H.

FRIDAY, APRIL 20, 1866.

WHO HAS CHANGED?—The President or the people who elected him? This is a very important question just at this time, when our Senators and Representatives in Congress are publicly taunted with being *disunionists by the chief executive officer* of the nation, who holds his office by the votes of their constituents.

The Baltimore Convention, in 1864, tendered to Andrew Johnson a nomination for the Vice Presidency, believing that he fully sympathized with the loyal North in its efforts to crush treason and make it forever odious. On accepting that nomination, he made a speech, in which he said:

"The question is, whether man is capable of self-government? I hold with Jefferson that government was made for the convenience of man, and not man for the government. The laws and constitutions were designed as instruments to promote his welfare. And hence, from this principle, I conclude that governments can and ought to be *changed and amended* to conform to the wants, the requirements, and *progress* of the people, and the enlightened spirit of the age. Now if any of your secessionists have lost faith in men's capability for self-government, and feel unfit for the exercise of this great right, go straight to rebeldom, take Jeff. Davis, Beauregard, and Bragg for your masters, and put their collars on your necks.

I say that a *traitor* has ceased to be a *citizen*, and in joining the rebellion has become a public enemy. He forfeited his right to *vote* with loyal men when he renounced his citizenship, and sought to destroy our government. We say to the most honest and industrious foreigner who comes from England or Germany to dwell among us, and to add to the wealth of the country, 'Before you can be a citizen, you must stay here for five years.' If we are so *cautious* about foreigners, who voluntarily renounce their homes to live with us, what should we say to the traitor, who, although born and reared among us, has raised a parricidal hand against the government which has always protected him? My judgment is that he should be subjected to a severe ordeal before he is restored to citizenship. A fellow who takes the *oath* merely to save his property, and denies the validity of the oath, is a perjured man and not to be trusted. Before these repenting rebels can be trusted, let them bring forth the fruits of repentance. He who helped to make all these widows and orphans, who draped the streets of Nashville in mourning, should suffer for his great crime.

"Ah! these rebel leaders have a strong personal reason for holding out to save their necks from the halter, and these leaders must feel the power of the government. Treason must be made odious and traitors be impoverished. Their great plantations must be seized and *divided* into small farms, and *sold* to honest, industrious men.

"But in calling a convention to restore the State, *who* shall restore and re-establish it? Shall the man who gave his influence and his means to destroy the government? Is he to participate in the great work of reorganization? Shall he who brought this misery upon the State be permitted to control its destinies? If this be so, then all this precious blood of our brave soldiers and officers so freely poured out, will have been *wantonly spilled*. All the glorious victories won by our noble armies will go for nought, and all the battle-fields that have been sown with dead heroes during the rebellion will have been made memorable in vain. Why all this carnage and devastation? It was that treason might be put down and traitors punished. Therefore I say that traitors should take a back seat in the work of restoration."

Bold and true words these, which met a hearty response from the nation. These were sentiments which loyal men held in common the country through. The Presidential election emphasized that sentiment. But how has the President kept these promises? And we repeat the question WHO has changed?

☞ Gen. Butler addressed the assembled Legislature of Pennsylvania, and the citizens of Harrisburg generally, in the Hall of the House, recently. He took the ground that prompt measures should have been taken at the time of the suppression of the rebellion, such as the trial, and, if convicted, execution of Jefferson Davis and Gen. Lee, with banishment for all who left the halls of Congress and the Union armies for the camp of the rebels.

☞ Godey's Lady's Book for May is equal to any previous number of that work in its literary contents. There is a curious English scene, "The Pet of the Common," for a frontispiece; a wood-cut of "Spring;" and fashions and patterns in abundance.

☞ A dispatch from San Francisco April 18, says three more persons have died from the effects of the late glycerine explosion. A premature explosion of a blast occurred Tuesday near Colfax, California, by which six men lost their lives.

IN THE U. S. SENATE, Wednesday, the nomination of Mr. Courtney, son-in-law to the late Daniel S. Dickinson, as his successor, was confirmed, but no action was taken on the nomination of Collector Smythe or Judge Stansberry.

A DECLINING CLUB.—Ex-Gov. Tod of Ohio is, we believe, the sixth gentleman who has withdrawn his name from the list of Vice Presidents in Montgomery Blair's "Johnson Club."

NEW HAMPSHIRE WAR CLAIMS.—It is a very favorable providence that placed Gov. Smyth in the first office in the State, at the close of the War, to regulate and improve our financial condition. The Washington correspondent of the Boston Journal makes the following correct and complimentary statement of his services there.

Governor Smyth left on Wednesday for Richmond, by invitation of Governor Pierpont of Virginia, having received the cash for the balance due that State by the War Department for war claims, most of which had been previously disallowed—some of them again and again. Governor Smyth has hunted up the authority on which each claim was based, procured the requisite vouchers when possible, and in several cases secured, by personal interviews with those in authority here, exemption from the red-tape routine. The Congressional delegation has rendered the Governor much aid, and New Hampshire has thus been able to have a larger proportion of her war claims paid than any other State.

Governor Smyth found the claims of the towns of New Hampshire against the Government for bounties advanced to soldiers in their assignments by authority of the War Department in a very complicated condition. It was found that a large number of these soldiers had deserted, and consequently their bounties were forfeited, and will be a loss to towns which advanced them. In some cases paymasters had paid assigned bounties to men for the second time in the field; and in other cases, where some of them had died, the Second Auditor had paid their bounties to their heirs.

After stopping these duplicate payments, Gov. Smyth had sets of rolls made out, and after much negotiation Paymaster General Brice has issued an order placing all of the New Hampshire claims in the hands of Lieut. Col. William Jamerson. All remaining balances of the U. S. bounty due to New Hampshire are to be paid to the Treasurer of that State, to be distributed by him to the proper towns.

These payments are to be made under the same rules and regulations as if to the soldier himself, and of course when desertion or any act of his destroys his claim to the whole, or any portion of the bounty, it affects the allottee as much as himself.

PRESIDENT JOHNSON made another of his speeches at Washington on Wednesday evening, to an assembly of soldiers and citizens, after a serenade. The Boston Herald's report says: "Its sentiments were most enthusiastically received." Perley, of the Boston Journal, says "there was but little enthusiasm, and it was evident that the soldiers present were not disposed to indorse the defiant attitude assumed toward Congress. Those who have expected a speedy reconciliation of existing differences between the occupants of the White House and the Capitol are again disappointed."

The Boston Advertiser's correspondent estimates the assembly at 2000; the applause of soldiers for the President's flings at Congress as very faint; and the total amount of enthusiasm not great. He also says that the proposal to serenade the President was almost unanimously voted down at the meeting of the Soldiers and Sailors' Association on Monday night; but it was finally done by a few, with outside aid.

The person who made a complimentary address to the President is said not to be a member of the Association.

The President's reply is one of his most egotistic, passionate and unwise speeches. He says:

What power has your President to be a tyrant? What can he do? What can he originate? Why, they say he exercises the veto power. (Laughter). What is the veto power? (A voice, "To put down the niggers.") Who is your President? (Several voices, "Andy Johnson.")

The President is nothing more than the tribune of the people. His office is tribunal in its character. In olden times, when the tribunes were first elected in the Roman Republic, they stood at the door of the Roman Senate, which was then encroaching on the people's rights, and putting the heel of power on the necks of the people. The people choose a tribune and placed him at the door of the Senate, so that when that body ventured an oppressive act, he was clothed with power to say—"*Veto*"—"I forbid." Your President now is the Tribune of the people. I thank God I am, and I intend to assert the power which the people have placed in me. (Cheers.)

DOES NOT PAY.—The Treasurer of one one of the horse railroads in New York writes to the public press that the corporation with which he is connected has lost nearly $113,000 during the last two years, and that its receipts in that period have been fairly divided with the employes. The stock and bondholders are quite willing to surrender their charter to the city, on being reimbursed for the money they have spent.

INCENDIARISM.—Palmer Loper, Chief Engineer of the Stonington, Conn., Fire Department, has been arrested and put under bonds of $6000 to answer a charge of having incited two colored boys to fire several buildings in order that he should have opportunity to show his smartness in putting the fires out. The charge has been very plainly brought home to him.

CHOLERA ITEMS.—A New York dispatch of Wednesday says:—The British steamship Virginia, from Liverpool 4th inst., has arrived. She has 1043 passengers, and has had 38 deaths on the passage. She is anchored in quarantine. The disease is said to be similar to that with which steamship England is infected. The Virginia will be immediately sent to the lower bay, to the usual quarantine anchorage, which is 20 miles from the city.

In Portland, Wednesday morning, a man died of cholera. He is said to have been one of the five who escaped from the steamer England.

FROM NEW ORLEANS.—General Canby has issued an order explanatory of the President's proclamation. He says it does not suspend martial law. A number of suits are already before the military court.

A mule rinderpest prevails in upper Louisiana and Mississippi. The buffalo gnats are killing off the mules and horses. On one plantation 38 and on another 25, and on others 20, were carried off in a single night.

Reports continue of damage to cotton seed by frost and rain.

MARYLAND.—A great Union meeting was held in Westminster, Carrol county, Maryland, last Saturday, at which stirring speeches were made by Gen. James W. Nye, Senator from Nevada; ex-Governor Francis Thomas, Representative from the Fifth District of Maryland; Col. Samuel McKee, a Representative from Kentucky, and Hon. John L. Thomas, Jr., Representative for the Second District of Maryland. The differences between President Johnson and Congress were discussed and set forth at length, and the course of Congress ably defended.

IN TENNESSEE.—The House of Representatives has passed a franchise bill, by the decided majority of 41 to 15, which prevents any person who participated in the rebellion from hereafter having a share in the management of the State Government. Its passage by the Senate is considered certain, and Union men are greatly rejoiced. The question of dividing the State continues to be agitated in East Tennessee, while the unexpected Union strength developed in the Legislature gives assurance to hope that a movement to this end may succeed.

BEWARE OF TOOTH POISONS vended under the name of Dentifrices. Adopt and adhere to the only preparation that really preserves the teeth and hardens the gums, fragrant SOZODONT. Its effects on decaying teeth are marvelous. 4

—The Directors of the Charleston and Savannah Railroad have held a meeting and declared their corporation insolvent. The total indebtedness of the road is more than $2,200,000, while the value of the whole road, with the depots, rolling stock, &c., is only $1,365,000. Nearly half a million dollars is required to put the road in repair.

— The greatest dirt-extractor on this continent, in our humble judgment, is the J. Monroe Taylor Gold Medal Soap. It leaves everything it comes in contact with in so nice a state, besides it goes so much further than any other soap, and removes the dirt so much quicker, that it is justly called by many who have used it, the King of Soaps; we have never heard a dissenting voice on that subject where it has been tried. All grocers sell it. 67

Business Notices.

☞ American Life Drops.—and Quinsy never thought of.

T. E. MOSELEY & CO., SUMMER ST., Boston, manufacture to order Gaiters of fashionable styles for Ladies, Misses and Children, made from the best materials, and warranted to give perfect satisfaction. 10

A FAMILY REMEDY.—"Coe's Cough Balsam." These have become household words with very many families, and the merits of the article justly entitle it to our confidence and patronage. The originator does not claim to be a physician, but has evidently hit upon a prescription that meets the wants of a large class of sufferers. Some are testifying that it has actually cured them of consumption. It is no doubt the consumptive's best friend, while for coughs, hoarseness, and kindred troubles, we think it has no equal. We predict for it a world-wide reputation and extensive sale. alsodawlw

Holloway's Pills.—Impurity of the Blood.—Health consists in the purity of the fluids and solids which compose the human body; if the blood becomes vitiated it infects the whole system by its course through every fibre and tissue. Holloway's Pills not only expel all humors which taint or impoverish this vital element, but purify and invigorate it, and by supplying a gentle and wholesome stimulus to the circulation they strengthen each part, and give tone to the whole frame. Sold by all Druggists. spl4—1w

Lodi Manufacturing Company's

POUDRETTE.

AGENT FOR NEW HAMPSHIRE,

J. F. SHORES, Jr.,

No. 38 Market Street (Up Stairs.)

The advantages of Poudrette as a manure may be stated as follows:

First, its ECONOMY. The *cost* of the manure compared with its *effects* is less than that of *any other fertilizer* in market. It can be bought and applied for the same money which it would cost only to apply farm-yard manure. It is portable, contains great strength in a small compass, and needs *no extra care in its application*; the closer its contact with the seed the better and quicker it works. $4.50 worth at our retail price (or two barrels) will manure an acre of corn in the hill, add from one-quarter to one-third to the product, and will *mature* the crop from two to three weeks earlier. *No worms* will stay in the hill where the Poudrette is placed. *No seeds of weeds will germinate*, and crows are very shy of plucking it out of the hill. On Corn, Tobacco and Garden Vegetables it has no equal. While the best and growth of the tobacco plant is large, it has not the coarseness of fibre which is produced by Peruvian Guano, and it has taken the lead for this crop in Connecticut, and has begun to be appreciated in Maryland.

It is famous for producing larger and finer potatoes than anything else, and the stories told about Onions, their large growth, &c., are almost beyond credence. Flowers and plants are much improved by an application of Poudrette.

Another great consideration is the season of the year when the corn is planted. It is a time when every spring crop must be put in, and the corn not only planted, but up and grown sufficiently for the last hoeing and planting, before the commencement of grass and hay harvest—The celerity and dispatch with which a large crop of corn is put in and poudretted, the rapid growth and consequently the early opportunity of working among it—the small chance for weeds, owing to the shade it affords, and the fact that the *Poudrette, unlike other manures, contains no seed that can germinate*, and consequently less trouble required to clean it—are all important advantages. The corn will ripen two weeks earlier, and yield will be much greater.

The same remarks apply to Sorghum and Broom Corn

For grass, where it is about to be laid down to lawn, or for several years, a top dressing of Poudrette will be found invaluable.

We wish to remark, in this place, that Poudrette is not like some quack medicines, warranted to cure all kinds of diseases. It must be used with discretion, and a reasonable quantity will produce a reasonable effect.

Poudrette will answer no better than other manures on wet, sour, undrained land, or in seasons of drought. In other words, Poudrette is an invaluable substitute for barn-yard manure, and can be used with great profit and advantage upon most spring crops, but it will neither work miracles, drain the land it is put upon, nor cause rain to fall in time of drought.

Price per Barrel $2.25—delivered at any part of the city, or at any depot or wharf.

Important Notice!—When Poudrette is spoken of, we mean "LODI POUDRETTE," which has now stood the test of twenty-six years' trial; and when buying, *be sure and get that kind!*

A descriptive pamphlet may be had on application. mh29

HENRY C. BARNABEE

Would respectfully announce to the Citizens of Portsmouth and Vicinity,

A CONCERT

AT THE TEMPLE,

On MONDAY EVENING, April 23d.

He will be assisted by

Address, or call upon, SHAW & CLARK, Biddeford, Maine. d19—1ydaw

WHICH IS THE

Leading Life Insurance Comp'y

IN THE UNITED STATES?

Which is the Safest and the Cheapest?

The following figures are from the later Reports of the New York Insurance Commissioner, showing the "amount of business" of the

MUTUAL BENEFIT

LIFE INSURANCE COMPANY,

to be the *largest*, the "expenses of management" the *smallest*, the "ratio of Assets to Liabilities," or the *security* furnished to its members, the *largest* of any like institution in the country.

Premiums received in 1864	$2,089,072
" " " 1865	3,020,087
Ratio of expenses to premiums rec'd in '64	12.96
" " " " " '65	12.16
Ratio of assets to liabilities, Jan. 1, 1865	151.85

The inevitable conclusion from these official facts, is that the

MUTUAL BENEFIT LIFE,

Insurance Company

IS THE BEST AND THE CHEAPEST.

Because its NET ASSETS are proportionably LARGER than those of any other Life Insurance Company in the United States.

Because its "Managing Expenses" are LESS, and it has a LARGER SURPLUS to divide among its members than any Company in the United States.

QUERY. Will some one inform the public of that mysterious process by which a Company with a surplus proportionably *much less*, and expenses very much larger than another, can yet divide *more* to its members, and insure them at *less cost*? How is it done? Where does the money come from?

Every intelligent man will see at once that it *cannot be done*. Yet we have Agents among us that make this their boast.

Any one disposed or intending to insure can be furnished with the requisite information by applying to

HENRY A. YEATON, Agent.

Portsmouth, March 27, 1866.—3mdaw

Special Notices.

IMPORTANCE OF HAVING DAVIS' PAIN KILLER ALWAYS ON HAND.

Wonderful Cure of the Rev. D. L. Brayton, Missionary in India, who was stung by a Scorpion.

Extract from his letter, published in the Baptist Missionary Magazine:

"For the first time since I have been in India, I have been stung by a scorpion. I went out this morning to my exercises, as usual, at early dawn, and having occasion to use an old box, on taking of the cover I put my hand on a scorpion, which immediately resented the insult by thrusting its sting into the palm of my hand. The instantaneous and severe pain which darted through the system is quite incredible; what an awfully virulent poison their sting must contain! I FLEW TO MY BOTTLE OF DAVIS' PAIN KILLER, and found it to be true to its name; after a moment's relief, I saturated a small piece of sponge, bound it on my hand, and went about my exercises, feeling no more particular inconvenience. apl—dawlm

Perry's Moth and Freckle Lotion.

☞ Chloasma, or Mothpatch, (also called Liver-spot,) and Lentigo, or Freckles, are often very annoying, particularly to ladies of light complexion, for the discolored spots show more plainly on the face of a blonde than of a brunette; but they greatly mar the beauty of either and any preparation that will effectually remove them, without injuring the delicate skin of the face, is certainly a desideratum. Dr. B. C. PERRY, who has made diseases of the skin a specialty, has discovered a remedy for those discoloration, which is at once prompt, infallible and harmless.

Prepared by B. C. PERRY, Dermatologist, No. 49 Bond Street, New York, and for sale by all druggists; price $2 per bottle. Call for PERRY'S MOTH & FRECKLE LOTION.

Sold by all Druggists in Portsmouth and elsewhere. 1ysndaw—oct19

ROOT! ROOT! ROOT!

READ! READ! READ!

ROOT'S PESTACHINE preserves the life of the Hair; changes it from gray to its original color in three weeks; prevents the hair from falling; is the best article for dressing the hair ever found in market; will surely remove dandruff and cure all diseases of the scalp; is delightfully perfumed, cures baldness, and will not stain the skin. We tell the story quickly, and tell it true, when we say it is a perfect

Restorer and Dressing Combined.

G. C. GOODWIN & CO., Agents, Boston, Mass.

MAGGIEL'S

Spring and Summer Remedies.

"*Great oaks from little acorns grow.*" The worst diseases known to the human race spring from causes so small as to almost defy detection. The volumes of scientific lore that fill the tables and shelves of the medical fraternity only go to prove and elaborate this fact. We then guard yourselves while you may. The smallest pimple on the skin is a tell tale and indicator of disease. It may lurk and die away from the surface of the body, but it will reach the vitals, perhaps, at last, and death be the result and final close. MAGGIEL'S BILIOUS DYSPEPTIC AND DIARRHŒA PILLS cure where all others fail. While for Burns, Scalds, Chilblains, Cuts, and all abrasions of the skin, MAGGIEL'S SALVE is invaluable. Sold by J. MAGGIEL, 43 Fulton street, New York, PRESTON and THACHER in this city, and all Druggists, at 25 cents per box. decl6eod&wly

Lyon's Periodical Drops!

THE GREAT FEMALE REMEDY FOR IRREGULARITIES.

These Drops are a scientifically compounded fluid preparation, and better than any Pills, Powders or Nostrums. Being liquid, their action is direct and positive, rendering them a reliable, speedy and certain specific for the cure of all obstructions and suppressions of nature. Their popularity is indicated by the fact that over 100,000 bottles are annually sold and consumed by the ladies of the United States, every one of whom speak in the strongest terms of praise of their great merits. They are rapidly taking the place of every other Female Remedy, and are considered by all who know aught of them, as the safest and most infallible preparation in the world, for the cure of all female complaints, the removal of all obstructions of nature, and the permanent restoration of healthy regularity and strength. Explicit directions stating when they may be used, and explaining when and why they should not, accompany each bottle. Do not be without producing effects contrary to nature's chosen laws. will be found carefully folded around each bottle, with the written signature of the Sole Agent, without which none are genuine. **Price $1.50.**

Prepared by Dr. JOHN L. LYON, 195 Chapel Street, New Haven, Ct. Ladies can consult either personally, or by mail, (enclosing stamp,) concerning all private diseases and female weaknesses. **Price $1.50 per bottle.**

Sold by Druggists everywhere.

A Household Necessity exists for the Use of Durno's Catarrh Snuff, Which, in the first stages of a cold, acts like magic—Headache, Hoarseness, Diptheria, and Bronchitis, Sore Eyes, Deafness, Bad Taste and Smell, being the result of Catarrh. This snuff removes and prevents all these, and insures a healthy Head. Its effects are pleasant and safe, even for infants who suffer from snuffles.

It has the highest professional testimonials.—Sold by all Druggists, or sent by mail to all parts of U. S., for 50 cts. for one Box, or $1 for four Boxes. Address JAS. DURNO,
P. O. Box 1235, New York.

Wholesale, by D. BARNES & CO., 21 Park Row, New York. spndAwlymy28

BRANDRETH'S PILLS. COSTIVENESS, DIARRHEA.—They are taken up by the absorbents, and carried into the circulation, through which medium they are conveyed to every part of the body.

If the pain affects the joints, a single dose produces remarkable benefit. And the same rule applies to costiveness, diarrhea and dysentery; though with the last named they may be required night and morning for some days before decided relief is obtained. In affections of the lungs, throat, head and pleurisy, the relief is certain; the excretory organs throw off with ease the phlegm, and the breathing becomes freer. Spasmodic asthma is often cured by a single dose. mch28dawlm

Portsmouth March 0

Local.

☞ On Wednesday George B. French was brought before U. S. Commissioner W. H. Y. Hackett, charged with having a quantity of counterfeit U. S. fractional currency in his possession, with intent to pass the same. The Government not being ready to proceed, the case was continued for further examination to Saturday next; and the respondent was held to bail in the sum of $4000 for his appearance.

B. B—A preliminary meeting of gentlemen of this city for the organization of a Base Ball Club was held at the room over J. H. Bailey & Co.'s store, on Wednesday evening, and the following members were appointed to draft a code of By-Laws, &c., for the government of the Club, viz: Messrs. Palfrey, Rhodes and Shannon. The By-Laws of the Lowell Base Ball Club of Boston were read by the chairman of the meeting, and it is probable that with slight modifications, they will be adopted by the Committee on permanent organization, which is to report at an adjourned meeting this (Friday) evening. Messrs. Dodge, Delaney and Hoyt were appointed a committee to select a field for exercise, it being the intention of the Club to commence regular drill at an early date. We are glad to report so encouraging an opening for this organization, and hope the boys will "keep the ball rolling."

☞ Maj. Hackett will dispose at auction of all the stock of goods in the store No. 19 Bow street, (lately occupied by J. M. Mathes,) at 10 o'clock to-day.

☞ An Ox Jobbing Team, if not a new thing here, is an old usage revived, and will be found convenient. See advertisement.

Communication.

Answer to "Inquirer's" conundrum in Tuesday's Chronicle—"The Board of Aldermen." CY FAX.

—At the recent Methodist Conference in Keene, "the large and able committee on Mr. Hall's trial found him guilty of great financial delinquincies, and expelled him." So says a report in the Manchester Mirror. If this refers, as we suppose, to Rev. Mr. Hall, formerly stationed in Portsmouth, we express our sorrow at the event, however necessary it may have seemed,—and our conviction that he was led into the path of danger and delinquency by his earnest desire to advance the Methodist interest, which he manifested in labor, toil and self-denial.

☞ Mr. Henry A. Smythe, appointed Collector of New York, is well known to business men. He is now the President of the Central National Bank, and was for a long time engaged in the dry goods trade. The Tribune says the selection reflects credit upon the President. The World says he is an avowed and earnest upholder of Pres. Johnson's measures and vetoes. The Herald says he is appointed not for party purposes, but for his supposed business qualifications. The Times says he is a Republican of the deepest hue, and rather gives him the cold shoulder.

FROM THE WEST INDIES.—Late advices from Ponce, Porto Rico, say there is great demand for vessels. About 4000 hhds. of sugar were awaiting shipment. At St. Vincent the inhabitants were alarmed by the recent outbreak in Jamaica and loudly demanded troops from England for the protection of capitalists.

Advices from St. Domingo City, March 20, say the President, in his message to Congress drew attention to the recent visit of Sec. Seward, from which he argued very happy results. As adopting Mr. Seward's advice he was determined to promote the development of the resources of the country to the utmost.

☞ A Fortress Monroe dispatch of April 17, reports the riot at Norfolk on the day of the negro procession, as a *more serious* affair than was at first stated. But on looking over the items, we perceive one peson killed, and one mortally wounded; less than first reported. The latest item goes on to say that "uneasiness is felt in Norfolk, and a general outbreak was deemed not impossible!"—Military aid was sent from Fortress Monroe, which doubtless kept order.

THE GALAXY.—The American News Company, of New York, announce a new fortnightly magazine with this title, at 25 cents a number or $6 per year. The opening illustration by Darly in the issue for May 1 is a beautiful specimen of American art. Advance sheets from foreign authors will be obtained for serials, and the shorter tales will be from the pens of the best American authors. "The Claverings," by Trollope, commences in the first number. For sale by all newsdealers.

GOLD, Thursday, 127.

Special Notice.

DR. COLMAN has removed his Office from No. 8 Chestnut street to his new residence, 84½ STATE STREET, near the Stone Church.

Portsmouth, April 20, 1866.—3m

Lost.

A LAPSTREAK BOAT of eleven feet keel from near Fort Sullivan, painted black outside and pale white within. Whoever gives JOHN CONNER information of her will be suitably rewarded. 8*

Flowers and Trees.

JOSEPH H. FOSTER has received and will continue to keep during the season a good supply of **Roses, Verbenas, Heliotropes, Geraniums,** and other Garden and Bedding Plants from the well known establishment of J. T. Smith in Brentwood. a16

Pear and Apple Trees, Grape Vines, Currant Bushes, &c., of the best varieties, supplied from the same nursery at short notice.

Trees, Plants. Vines, &c.

GOODWIN, SWEETSER & CO. would say to the citizens of Portsmouth and vicinity that their order book is rapidly filling up for everything in the line of Trees, Plants, Shrubs, Vines, Bedding Plants, such as Verbenas, Geraniums, Dahlia Roots, Pinks, &c., and would request those intending to procure through them to hand in their orders as soon as possible.

MR. GOODWIN, who has had considerable experience in Vines, Plants, and Trees, will leave in the course of a few days for the the Nurseries, to attend in person to the selection, in order to have them true to name, and of good size.

Bring in your orders! ap17

—DEALERS IN—

S. Vance's Submerged Well PUMP.

This unsurpassable invention, now being first introduced, will, it is believed, supersede all other Well Pumps now in use.

ITS ADVANTAGES.

FIRST, SIMPLICITY.—This Pump is composed of but three parts, and is so simple in its construction that any one can easily put it together.

SECOND, DURABILITY.—Its peculiar construction, and the fact that it is always submerged combine to make it the most durable of all Pumps yet invented.

THIRD, NEVER FREEZES.—The valves are so constructed that, when not in motion, they allow all the water above to pass down into the well, and thus prevent freezing.

FOURTH, POWER.—For the amount of power applied, this Pump excels anything known. It throws one-third part more water than ordinary pumps, and works so easily that even a child can pump without fatigue. It is in this way the greatest labor-saving pump now offered to the public.

FIFTH, IT IS INVALUABLE.—For a well pump it is invaluable, as all the iron which is submerged consists of but three small pieces, and these galvanized. It can in no way corrode, consequently it brings up pure water at every stroke.

SIXTH, CHEAPNESS.—This Pump is so made that it costs but a trifle, and is warranted to keep in use for years. No repairs at all are needed. It is very light, and thus the cost of transportation is very small.

☞ Manufactured by S. VANCE & CO., No. 31 Liberty Street, Newburyport, and for sale in Portsmouth by the Sole Agents for N. H.,

ISRAEL MARDEN & CO.,
39 Congress Street.

☞ We are permitted to refer to Mr. MONROE HOLMES and to CHARLES K. MILLER of the Daily Chronicle, who have these new Pumps in use on their premises,—for testimony to their excellence.

Portsmouth, Oct. 16th, 1865.

FLOWER AND VEGETABLE SEEDS.

Vick's Illustrated

Catalogue of Seeds and Floral Guide

FOR THE SPRING OF 1866,

is now published. It contains full descriptions of the choicest floral treasures of the world, and the best vegetables, with plain directions for culture. Illustrated with a COLORED BOUQUETTE AND FIFTY WOOD ENGRAVINGS of the newest and best flowers, and containing about 70 pages.

☞ Sent to all who apply enclosing Ten Cents, which is not half the cost.

☞ Flowers from seeds sold by me, obtained the first prizes at the principal State Fairs and hundreds of County Fairs, the past summer.

THE LIGHT OF THE WORLD.

DR. MAGGIEL'S

PILLS AND SALVE.

These Life-giving remedies are now, for the first time, given publicly to the world. For over a quarter of a century of private practice the ingredients in these

Life-giving Pills!

Have been used with the greatest success. Their mission is not only to prevent disease, but to cure. They search out the various maladies by which the patient is suffering, and restore to the failing system. To the aged and infirm a few doses of these valuable PILLS will prove to be

A Very Fountain of Youth,

For in every case they add new life and vitality, and restore the waning energies to their pristine state. To the young and middle-aged, they will prove most invaluable, as a ready, specific, and sterling medicine. Here is a dream realized, that Ponce-de-Leon sought for three hundred years ago, and never found. He looked for a fountain that would restore the old to youth and make youth ever

AN ETERNAL SPRING!

It was left for this day and hour to realize the dream, and show, in one glorious fact, the magic that made it fair.

These Famous Remedies

Cannot stay the flight of years, but they can force back and hold about, discharging its vampire grip over the aged and the young. Let none hesitate then, but seize the favorable opportunity that offers. When taken as prescribed—

FOR BILIOUS DISORDERS

Nothing can be more productive of cure than these PILLS. A improvement in health is felt at once; and the usual concomitants of this most distressing disease are removed. These remedies are made from the purest

VEGETABLE COMPOUNDS.

They will not harm the most delicate female, and can be given with good effect in prescribed doses to the youngest babe.

For Cutaneous Disorders

And all eruptions of the skin, the SALVE is most invaluable. It does not heal externally alone, but penetrates with the most searching effects to the very root of the evil.

DR. MAGGIEL'S PILLS

Invariably Cure the Following Diseases.

Asthma,
Bowel Complaints,
Coughs,
Colds,
Chest Diseases,
Costiveness,
Dyspepsia,
Diarrhœa,
Dropsy,
Debility,

Morning Chronicle.

☞ A stranger with a pair of lungs like a blacksmith's bellows, drove up Main St., Concord, Monday afternoon, with a span of horses. Stopping in front of the Monitor office, he began to attract a crowd by offering to sell a dollar bill for 75 cents, and smaller sums at a like discount. His bills were good and the crowd soon assembled. He sold rings at 25 cents, 50 cents and $1.00, in all cases giving back the money to purchasers with load talk. The next move was to sell small lockets for $5 each, selling fourteen of them. "Gentlemen," then said this most successful of operators, finding the supply of fools exhausted in the locality, "I did not come here to give away, but to *sell*. Go ahead driver." Away went the barouche amid the good-natured cheers of those who were not sold, and the blank dismay of those who were.

We believe that this trick first originated in Paris, where however, articles of real value were sold at quite fair prices, after the crowd was assembled. The success of the scheme shows that out of an assembly of men, a skillful talker, may generally beguile a few to embark in almost any chimerical undertaking, and accounts formany serious delusions than the $5 door of the afternoon.—*Monitor.*

—On Tuesday evening Mr. Wilson of Mendon, Vt., went to his sugar place with the intention of remaining all night. On Wednesday, as he did not answer the break fast bell, search was made for him, and he was found with his head lying in the sap pan (which contained warm water) and life was extinct. He had died in a fit.

DR. LAROOKAH'S SARSAPARILLA COMPOUND THE GREAT BLOOD PURIFIER

Dr. Larookah's SARSAPARILLA COMPOUND,

For the speedy and permanent cure of

Liver Complaint, Scrofula, or King's Evil, Dyspepsia, Dropsy, Neuralgia, Epilepsy, Erysipelas, St. Anthony's Fire, Pimples, Pustules, Blotches, Boils, Tumors, Salt Rheum, Ulcers and Sores, Rheumatism, Pain in the Stomach, Side and Bowels, General Debility, Uterine Ulceration, Syphilis and Mercurial Disease, and all complaints arising from or resulting in **Impure Blood.**

DR. E. R. KNIGHTS, ...Chemist,
MELROSE, MASS.

Sold by GEO. HILL, Portsmouth, and by druggists and merchants throughout the country.

DR. KNIGHT'S HAIR DRESSING

DR. KNIGHTS' HAIR DRESSING

A VEGETABLE PREPARATION

For beautifying and promoting the luxuriant growth of the hair.

It prevents the hair from falling off or turning gray.

It removes dandruff, cleanses the scalp, cures nervous headache, and all those distressing affections induced by the use of oily or alcoholic Hair Dressings.

Its invigorating properties insure luxuriant locks, inclined to curl, and by its persistent use the hair is restored to bald heads when such a result is possible.

It is splendidly perfumed, will not stain or soil the skin or any article of apparel, and is universally approved—especially by ladies and children.

☞ *BUY NO OTHER!*

Price 75 cents per Bottle.

Prepared by
DR. E. R. KNIGHTS, ...CHEMIST,
MELROSE, MASS.

Sold by

GEO. HILL, and by druggists and merchants throughout the country.

DUTCHESS NURSERIES
POUGHKEEPSIE, NEW YORK,
FERRIS & CAYWOOD, Proprietors.

We call the attention of our customers and the public to our stock of GRAPE VINES, which is larger than ever before. Having had over twenty years' experience in the management of Vineyards and the propagation of Vines, and our present stock having been grown from bearing wood cuttings, which insures a vigorous growth, we think they will compare favorably with any others that are offered for sale.

Our stock of MONTGOMERY VINES is very large. This variety not being generally known, we will give a brief description: White, a seedling of the White Chasselas, an unparalled grower and bearer, clusters often weighing two pounds, with a mild subacid flavor. It is cleanly with the hardy grapes, but we protect it in winter as we do all other varieties in this part of the State.

Our stock of the various kinds of EVERGREENS and DECIDUOUS TREES is very large, and is offered at moderate price; and at very low rates by the quantity, to those who are laying out and improving their places, cemeteries, or public grounds, and to nurserymen. We challenge competition.

Grape Vines.

"DELAWARE"—Grown in open border. No. 1, one year old, 20 cents each, $15 per 100; No. 2, ditto, 15 cents each, $10 per 100; No. 3, ditto, 10 each, $10 per hundred; well grown vines in pots 25c each, $15 and $20 per 100.

"MONTGOMERY"—No. 1, one year old in pots, very strong plants, many equal to two years' growth, $1 each, $80 per 100; No. 2, one year old, good plants, 75c each, $65 per 100.

"REBECA"—No. 1, one year old in pots, 30c each, $25 per hundred; No. 2, ditto, 25c each, $20 per hundred.

"ALLEN'S HYBRID"—3 years old, $1.50 each; 1 year old, 50c to 75c each, $40 per hundred.

It contains 10,000 WORDS and MEANINGS not found in other dictionaries.

It is now believed to be by far the most complete, useful and satisfactory Dictionary of the language ever published, as it is by far the largest single volume ever issued in any language.

The possession of any other English Dictionary, or any previous edition of this, cannot compensate for the want of this very full and complete work. Its vastly superior value will soon reimburse the BEST ENGLISH DICTIONARY, and once possessed, remain of constant and abiding value.

What book, beside the Bible, so indispensable as a good Dictionary?

In one vol. of 1,840 Royal Quarto Pages. Published by G. & C. MERRIAM, Springfield, Ms.

A FARM containing twenty acres of Land, in Rye, N. H., situated near Breakfast Hill so called, at the junction of the road leading from Portsmouth to Newbury port and the main road leading from Greenland to call the public house at Rye Beach. It lies within ½ of a mile of Greenland Depot on the Eastern R. R., and within three miles of the Ocean House, Rye Beach.

The Farm is divided into three parts; one field containing six acres of excellent Tillage Land, with a large number of Fruit Trees; the HOUSE contains nine rooms, with a fine Cellar,—there is a good Barn, and all necessary Outbuildings, with an excellent well of Water, twenty thirty feet of the house;—one field contains four acres of good Tillage and Grass Land; also ten acres Wood and Pasture Land within half a mile of the house.

The location of this Farm makes it a very desirable summer residence, and it will be in good order or which to supply boarders, any application to

CHEROKEE PILLS,
Or Female Regulator,

Cure *Suppressed, Excessive and Painful Menstruation, Green Sickness, Nervous and Spinal Affections, Pains in the Back, Sick-Headache, Giddiness*, and all diseases that spring from irregularity, by removing the cause and all the effects that arise from it. They are perfectly safe in all cases, *except when forbidden by directions*, and are easy to administer, as they are nicely *sugar coated.* They should be in the hands of every Maiden, Wife, and Mother in the land.

Ladies can address us in perfect confidence, and state their complaints in full, as we treat all Female Complaints, and prepare Medicines suitable for all diseases to which they are subject.—Thirty-two page pamphlet, in a sealed envelope, free.

The Cherokee Pills are sold by all druggists at $1 per box, or six boxes for $5; or they are sent by mail, free of postage, in an ordinary letter, free from observation, by addressing the sole proprietor,

Dr. W. R. MERWIN, 37 Walker St., N. Y.

N. B.—Cherokee Pills No. 2 are prepared for *special cases*, when milder medicines fail; these are sent by mail, free of postage, on receipt of $5, *the price of each box.*

DR. WRIGHT'S
REJUVENATING ELIXIR,
Or, Essence of Life,

Cures *General Debility, Weakness, Hysterics in Females, Palpitation of the Heart and all Nervous Diseases.* It restores new life and vigor to the aged, causing the hot blood of youth to course the veins, restoring the *Organs of Generation, removing Impotency and Sterility and Barrenness* in both sexes. To the young, middle-aged, and aged, there is no greater boon than this "Elixir of Life." It gives a new lease of life, causing the weak and debilitated to have renewed strength and vigor, and the entire system to thrill with joy and pleasure.

"As the Phenix rises from the ashes of its fire, emanated with new life"—so does this Elixir refuses Debility, restoring Manliness to the system and and full vigor, thus proving a perfect "Elixir of Love," removing Sterility and Barrenness in both sexes. To the young, middle-aged, and aged, there is no greater boon than this "Elixir of Life." It gives a new lease of life, causing the weak and debilitated to have renewed strength and vigor, and the entire system to thrill with joy and pleasure.

Price, one bottle $2; three bottles $5; sent by express to any address.

Our medicines are sold and recommended by all respectable druggists in every part of the civilized globe; some unprincipled dealers, however, try to deceive their customers by selling cheap and worthless compounds in order to make money. Be not deceived—ask for those medicines and take no others. If the druggist does not keep them, write to us, and we will send them by express, carefully packed, free from observation. We will be pleased to receive letters with full statements in regard to any disease with which ladies or gentlemen are afflicted. Address all letters or medicines, pamphlets, or advice, to the sole proprietor,

Dr. W. R. MERWIN, 37 Walker St., N. Y.

Reputation Established!

Mrs. S. A. Allen is truly a public benefactress, and her wonderful success is unprecedented. Her fame and her discoveries have gone abroad, and to-day she is in her line the largest manufacturess in the world.

Everybody Interested.

Youth and old age are alike benefited by the use of Mrs. S. A. Allen's World's Hair Restorer and Hair Dressing. They act directly upon the roots of the hair, causing luxuriant growth and beauty. Your hair, if changed to grey or white by sickness or other causes, will soon be restored to its natural color and beauty. Dandruff eradicated forever. The Hair falling stopped. The most delicate head-dress or bonnet can be worn without fear of soiling. The most delightful fragrance to the hair is imparted. If you wish to restore your hair, as in youth, and retain it through life, without delay purchase a bottle of Mrs. S. A. Allen's World's Hair Restorer and Dressing.

Sold by Druggists throughout the World.

VINELAND
FARM AND FRUIT LANDS.

In a mild and healthful climate. Thirty miles south of Philadelphia by Railroad, in New Jersey, in the same line of latitude as Philadelphia, Md.

The soil is rich and *productive*, varying from a clay to a sandy loam, suitable for Wheat, Grass Corn, Tobacco, Fruits and Vegetables. This is a *great fruit country.* Five hundred Vineyards and Orchards have been planted out by experienced fruit-growers. Grapes, Peaches, Pears, &c., produce immense profits. Vineland is already one of the most beautiful places in the United States. The entire territory, consisting of fifty square miles of land, is laid out upon a general system of improvements. The land is only sold to actual settlers, with a view to the permanent improvement of the place, on account of its great beauty, as well as other advantages, has become *the resort of people of taste.* It has increased five thousand people within the past three years. Churches, Stores, Schools, Academies, Societies of Art and Learning, and other elements of refinement and culture have been introduced. Hundreds of people are constantly settling. Hundreds of new houses are being constructed. Price of Farm land, twenty acre lots and upward, $10 per acre. Five and ten acre and Village lots for sale.

Fruits and Vegetables ripen earlier in this district than in any other locality north of Norfolk, Va. Improved places for sale.

Opening for all kinds of business. Lumber Yards, Manufactories, Foundries, Stores and the like; and Steam Power, with room, can be rented.

For persons who desire mild winters, a healthful climate, and a good soil, to become a home, fully improved, abounding in fruits, and possessing all other social privileges, in the heart of civilization, it is worthy of a visit.

Letters answered, and the Vineland Rural, a paper giving full information, and containing Reports of Solon Robinson, sent to applicants.

Address CHAS. K. LANDIS, Vineland P. O., Landis Township, New Jersey.

From Report of Solon Robinson, Agricultural Editor of The Tribune: *It is one of the most extensive fertile tracts, in an almost level position and suitable condition for pleasant farming that we know of this side of the Western Prairies.* 81—dawlm

Daily Morning Chronicle

VOL. XXVII. PORTSMOUTH, N. H. SATURDAY, APRIL 21, 1866. No. 94.

The Chronicle.

☞ Matthew F. Maury, ex-director of the National Observatory at Washington, ex-rebel, and present colonizer in Mexico, is now in Paris, engaged in petitioning the rebel sympathizers in England and France for the relief of destitute Southerners. He has written a three-column letter, in which he estimates the loss of the South by the war at $7,000,000,000 (seven thousand millions of dollars). In this he includes the value of the slaves, war expenses, destruction of private property and Federal taxation. This is nearly $1000 apiece for every white person at the South. Maury estimates the white population at less than eight millions.

— An East Otisfield man informs the Portland Press that he has an enterprising hen, which has laid an egg measuring 9 1-4 inches the largest way and 6 1-2 inches the other way.

— The Lowell Courier says that all the liquor sellers in that city have closed their bars, and those who are posted say it is almost impossible to get anything in the shape of beer, ale or stronger drinks, for "love or money."

— The De Witt (Iowa) Observer says: "Jesse G. Royalty, who was taken last week to Fort Madison to serve three years for having three living wives, has been discovered to have two more at Springfield, Mo. Thus this youthful Brigham Young has five wives—beside a black woman whom he engaged to marry while they were confined in jail at this place."

Important to the Afflicted.

DR. DOW continues to be consulted at his office, Nos. 7 and 9 ENDICOTT STREET, BOSTON, on all diseases of a PRIVATE OR DELICATE NATURE. By a long course of study and practical experience of unlimited extent, Dr. Dow has now the gratification of presenting the unfortunate with remedies that have never, since he first introduced them, failed to cure the most alarming cases of GONORRHŒA AND SYPHILIS.

SEMINAL WEAKNESS.—Dr. Dow devotes a great part of his time to the treatment of those cases caused by a secret and solitary habit, which ruins the body and mind, unfitting the unfortunate individual for business or society. Patients who wish to remain under Dr. Dow's treatment a few days or weeks, will be furnished with pleasant rooms, and charges for board moderate. Medicines sent to all parts of the country, with full directions for use, on receiving descriptions of your cases. Dr. Dow has also for sale the French Capotes, warranted the best preventive. Order by mail. Three for $1 and a red stamp.

Highly Important to Females
IN DELICATE HEALTH.

Dr. DOW, Physician and Surgeon, No. 7 Endicott Street, Boston, is consulted daily for all diseases incident to the female system. Dr. Dow has no doubt had greater experience in the cure of diseases of women than any other physician in Boston. Boarding accommodations for patients who may wish to stay in Boston a few days under his treatment. Dr. Dow, since 1845, having confined his whole attention to an office practice for the cure of Private Diseases and Female Complaints, acknowledges no superior in the United States.

N. B.—All letters must contain one dollar, or they will not be answered. Office hours from 8 A. M. to 9 P. M.

CERTAIN CURE
in all cases, or No Charges Made.

Among the physicians in Boston, none stands higher in the profession than the celebrated DR. DOW, No. 7 Endicott street. Those who need the service of an experienced physician and surgeon should give him a call.

P. S.—Dr. Dow imports and has for sale a new article, called the FRENCH SECRET. Order by mail. Two for $1 and a red stamp.

Boston, April 7, 1866. eod&wly

AMERICAN AND FOREIGN PATENTS.

R. H. EDDY,
Solicitor of Patents,

Late Agent of the U. S. Patent Office, Washington, under the Act of 1837,

78 State Street, opposite Kilby Street,
BOSTON.

After an extensive practice of upwards of twenty years, continue to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Bonds, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with dispatch. Researches made into American or Foreign works, to determine the validity or utility of patents or inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

The Agency is not only the largest in New England, but through it inventors have advantages for securing Patents, or ascertaining the patentability of inventions, unsurpassed by, if not unexcelled by any other to, any which can be offered them elsewhere. The testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional service more moderate.

The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.

These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.

All necessity of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS.

"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse."
CHARLES MASON,
Commissioner of Patents.

"I have no hesitation in assuring inventors that they cannot secure a patent *more competent and trustworthy*, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office."
EDMUND BURKE,
Late Commissioner of Patents

Mr. R. H. Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and that is *now pending*. Such unmistakable proof of great talent and ability on his part leads me to recommend all inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges."
JOHN TAGGART

During eight months, the subscriber, in course of his large practice, made on *twice* rejected application SIXTEEN APPEALS, EVERY ONE of which was decided in *his favor*, by the Commissioner of Patents. R. H. EDDY.

Morning Chronicle.

Portsmouth, N. H.

SATURDAY, APRIL 21, 1866.

FIFTEEN THOUSAND COLORED PEOPLE in Washington, celebrated on Thursday, the 4th Anniversary of the Abolition of Slavery in the District of Columbia: and, as a coincidence, the 5th Anniversary of the murder of our northern volunteers by the Baltimore mob.

The procession was escorted by the 107th regt. colored infantry, and the 4th U. S. colored infantry: there were 11 bands of music, several lodges of freemasons; and a very large procession, with banners, mottoes and decorations.

They appeared before the White House, and the President made an address: after which many of the colored people shook hands with him.

His speech as we find it in the Boston Herald, is full of repetions. We make two or three extracts:

"*My Colored Friends:*—I have nothing more to say to you on this occasion than to thank you for this compliment you have paid me in presenting yourselves before me on this, your day of celebration. ** And I mean what I say,—and I will remark in this connection that the time will come, and that, too, before a great while, when the colored population of the United States will find out who have selected them as a hobby and a pretence, by which they can be successful in obtaining and maintaining power, and who have been their truest friends and wanted them to participate and enjoy the blessings of freedom. The time will come when it will be made known who contributed as much as any other man, and who, without being considered *egotistical*, I may say contributed more in procuring the great national guarantee of the abolition of slavery in all the States by the ratification of the amendment to the Constitution of the United States. * * * I was not engaged in it as a bobby, nor did I ride the colored man for the sake of gaining power, but for the purpose of establishing the great principle of freedom, and, I thank God, I feel and know it to be so, that my efforts contributed as much, if not more, in accomplishing this great national guarantee than those of any other living man in the United States. It is very easy for colored men to have pretended friends. * * * I repeat, my colored friends here to-day, that the time will come, and that not far distant, when it will be proved who is practically your best friend. My friendship, as far as it has gone, has not been for place or power, for I had these already. * * *

I repeat again, the time will come when you will know who have been your best friends, and who have not been your friends from mercenary considerations. Accept my thanks.

At the close of the services at the White House, the procession re formed and took the line of march along Pennsylvania avenue. When passing the avenue, cheer after cheer rent the air in compliment to their legislative friends. All cheered as they passed Senator Sumner's residence.

The celebration closed with religious services and the delivery of addresses in Franklin Square in the presence of a vast multitude. Senators Trumbull and Wilson, Gen. Howard and others addressed the meeting.

The speakers' stand was decorated with flags, &c. Over the top of this stand was was the inscription:

"Lincoln, the liberator of millions: his great work is done, and he sleeps in peace in the green prairies of the West."

"We are loyal to God and our country."

"This is the Lord's doing, and it is marvelous in our eyes."

"We have received our title to civil rights. Give us the right of suffrage and the work is done."

The assemblage is described by all the writers, as orderly and well behaved.

FEELING IN EAST TENNESSEE.—A letter from a gentleman residing in East Tennessee, who was there through nearly all the war, speaks as follows of the feeling in that section:

"The people in this section are gradually getting their eyes open to the right and don't support Johnson in all his measures; and were he not an East Tennesseean they would have nothing to do with him. In so far as he tries to get Tennessee admitted to Congress they support him, but no further. They do not support his indiscriminate pardoning power, nor do the majority of the Union men favor the immediate admission of the Southern States, as it is well known here, and felt too, that the Southern States are at this time every whit as rebellious and disloyal as when Lee surrendered. Gen. Thomas' testimony before the Reconstruction Committee is indorsed by every right minded man in this section of the country."

☞ The Convention of Conservative Republicans, at Hartford, Conn., on Tuesday, severely criticized the past policy of the Democratic party, and indicated a disposition to remain in the Union ranks.

The Hartford *Press*, the paper of Gov. Hawley, suggests that the Lieut. Governor and Secretary of State should have expressed their dislike of the Republican platform before, rather than after the election.

— The Richmond Times exposes the attempt of one Charles A. Seymour, of Dublin, New Hampshire, to swindle the citizens of Richmond out of money under the representation that grand lottery prizes awaited their pleasure.

NEW HAMPSHIRE ITEMS.

—— Some new mills and manufactories are to be built at Lancaster this season; and old ones improved.

—— Mary Jane Patterson, a daughter of George Patterson, Esq., of Sanbornton, six years of age, has spun nine skeins of machine rolls, and knit a pair of festing during the past winter.

—— An elegant new house at Guildhall, two miles above Lancaster village, was burnt on Monday April 16; set on fire by accident or carelessness of a workmen on the building. It belonged to Dr. Kingsbury, of Philadelphia. Loss $5000.

—— An alarm of fire was raised Wednesday night, in Manchester from the house now used as the Reform School. The fire was under the bed of a boy named Wiggin, who had been "playing sick," and who with another boy, escaped during the alarm — Such a boy should go into the State Prison next time;—and it would not be strange if some such came to the scaffold.

IN THE U. S. SENATE, Thursday, Mr. McDougal made apology for his *intemperate* speech, and begged pardon.

IN THE HOUSE, Mr. Stevens stated that all the Appropriation Bills had been passed, except the Deficiency, the Indian, (kept back to insert expense of a new treaty),—and the Miscellaneous, (always kept back necessarily till near the close of a session.) So the regular business of Congress has been attended to in good season, tho' some grumblers have complained.

— The New York Daily News, the unwavering organ of the rebel element, is urging President Johnson to secure the admission of the Southern delegations in Congress by the exercise of *force*. It says that a day ought to be fixed (by the President, of course,) for these Southern delegates to take their seats. If this process is not quietly assented to, then "let the President send a detachment of Federal troops to preserve order in the capitol"—that is, to compel the reception of the Southern members by force of arms.

The Boston *Post* suggests that the News is sustained by Republicans, as the Democratic Standard was at Concord. Yes, says a bystander, *exactly in the same way*. They found it showing the cloven foot of a corrupt party, so plainly that the crafty hypocrites who led that party were afraid of exposure,—and so in a very limited way they gave it material aid!

THE ENGLISH MASSACRES IN JAMAICA. Letters of great length from the correspondents of the various London papers in Jamaica give a *precis* of the evidence taken before the Commission, and it is plainly evident, from these documents, that the *worst* which has been said of the conduct of the authorities in the recent outbreak, has been far *less severe* than they deserved. The total number of persons put to death, however, falls far short of the enormous numbers which were stated in the first instance. Thus the "eight miles" of dead bodies have dwindled down under the test of a searching cross-examination to eleven or twelve, whose corpses were seen by the road. When military tribunals were formally established, the numbers were *properly* recorded, and from these accounts it appears that by these *courts* 276 persons were sentenced to death and executed, 9 were sentenced to death and pardoned, 41 were flogged, 60 flogged and imprisoned, 4 acquitted and released, and 23 imprisoned, thus making a total of 417.

This total of 417 of course does not include those who were killed, flogged, &c., &c., *before* the military tribunals were formally established.

FIRE AT PORT AU PRINCE.—A letter from Jacmel, Hayti, referring to the fire which consumed 700 houses at Port au Prince March 19th, and the proofs that it was incendiary, says that besides the evidences found in concurrent attempts to fire other parts of the city, and to destroy Jacmel, there exists the following evidence: Six of Salnave's followers, officers in the revolutionary army, were arrested at Cape Haytien, tried and condemned to be shot on the 17th. When news of the sentence reached Port au Prince, threats were made that their death would be avenged. The men were executed in accordance with their sentence, and the apparent consequence was the fire which broke out two days later.

MEXICO.—Dispatches, dated March 23d, received from Mazatlan, state that the French army, 1109 strong, reinforced from Tepic, attacked Generals Corona and Rubi 3 miles from Mazatlan. After a severe battle the French were entirely defeated with the loss of 700 killed and wounded; 350 were scattered, and the remainder returned to Mazatlan. All the streets in Mazatlan are barricaded and there was but little doubt that the Republicans would soon occupy the place.

☞ Gen. Meade and the U. S. troops on our Eastern frontier, will probably preserve order there.—Four Regts. of British troops are stationed along the New Brunswick line.

☞ It is said that the horse car drivers' strike in New York, is ended. The old drivers are at work again.

☞ Proper measures are taken to prevent the cholera spreading from steamer Virginia to New York city or other places near.

THE FREEDMEN.—In a private letter written by one of our Portsmouth young lady teachers at Morehead City, North Carolina, she says, after acknowledging two barrels of clothing which had just arrived, and describing the eagerness and delight of the people to receive the useful and comfortable articles:

"We are very glad that another barrel has started, and hope the things will arrive more promptly than before. The women's and children's clothing will be especially acceptable. The women are unable to do anything to earn money, but they are always willing to work, either at the school or the house, in repayment; so with the boys. I do not think they wish to be dependent, where they can help it.

Is there any *backwardness* about contributing to the relief of the freedmen? If people could only see how joyfully even a little piece of cloth is received, they would not grudge giving of their abundance. I *do* think they are in advance of the Irish poor. I hear them spoken of as thriftless and wasteful; perhaps they might be if they had *plenty*; but we are daily surprised,—and Miss F. says the same—to see how far they can make a little go. We shall try to do the very best we can in the judicious distribution of the articles. Women have come from Carolina City—a distance of four miles—to school, all winter, with only cotton dresses and one cotton skirt. Most of them wear only a soldier's cape over their shoulders. One of them was made glad by receiving that warm, dark shawl in one of the barrels.

We feel, on the whole, much pleased with the improvement our scholars make. It is so gradual that we hardly notice it, unless we exchange classes; then we can plainly see how they have progressed. Yesterday we had our Sunday School under the new system. We had a large attendance, and the children behaved beautifully: there were also a great many grown people. They were all evidently delighted at having so many *white* teachers, and the children were as still as mice.

Last week the weather was so pleasant that, as we were very crowded, we removed our school from the small front room into the rear part, which is immense, but not too large for summer use. But last night ice formed, and to-day it is so cold that we have not attempted to keep school, as it would be useless to think of heating such a room as our present one. This being the first holiday we have had for six weeks, we thought to improve it by making some fancy things for a festival which the colored people are going to have in Beaufort, in order to build a schoolhouse of their own. But we had hardly got seated, when five Carolina City women came, to ask us "just to hear their lessons,"—and we could not refuse them. We find but few moments of leisure or privacy."

A letter by Rev. Benj. W. Pond, which is published in the "National Freedman" Magazine, from Newbern, N. C., March 10, says:

During the past month, the schools at Beaufort and Morehead have been on the increase, and are now very full.

One gratifying feature, and bespeaking a letting up of old prejudices, and a mind opening to liberal views, is the attendance of a number of white pupils at Miss Luckey's school, and the school in which Miss Philbrook teaches. It was certainly a great satisfaction to see certain representatives of the poor white class, the class in whom, as a general thing, the color prejudice is the most tenacious and unreasonable, inasmuch as their color is the only thing they have to put them on a supposed level superior to the blacks, to see these poor destitute people, casting aside their evil humor and willing to come in and sit beside their darker fellows for a common share with them of the learning and education.

The school in Morehead City is in admirable discipline, and is improving fast. I think I have never in any school seen more studiousness than there.

FATAL STEAMBOAT DISASTER.—Steamer Financier, Capt. John Darragh, which left Pittsburg on Thursday afternoon last for New Orleans, with a full complement of passengers and a large freight, was, when twenty miles below Pittsburg, totally destroyed by fire, by which twelve persons lost their lives. It appears on investigation that one of the passengers, a Mrs. Rothschild, contrary to the rules, attempted to light a camphene lamp, which she had taken from her trunk in her state room. An explosion followed which set the vessel on fire, the flames spreading with terrible rapidity, compelling the unfortunate passengers to jump into the water, some to find death by drowning, while others were rescued by a steam tug in the immediate vicinity.

Among the persons drowned was Mrs. Rothschild, the first cause of the disaster, with her husband and two children. The husband and wife were observed to go down together. The wife and child of the captain were also drowned, it being the first time that Mrs. Darragh had ever ventured on a trip with her husband. Capt. Darragh saved his life by swimming to the shore. A man sick with consumption, whose name is unknown, was drowned.

—Louisa Knapp, an Indian girl, committed suicide at Rockland, Wis., on the 10th inst., by taking strychnine. She had been taken by a family named Knapp from a wigwam when only five years old, and brought up as their daughter. She was exceedingly intelligent, but suffered social exclusion on account of the color of her skin. This so preyed upon her sensitive nature that she sought death as an escape from her sufferings.

— The Ocean Steam Cotton Mill, at Newburyport, has declared a semi-annual dividend of 10 per cent.

TEMPERANCE IN NEWBURYPORT—The Newburyport Herald says:—

The temperance revival in this region has the appearance of reality. The very looks of the mourners at the place where drinks have been had, indicate the change in the business. There are many funeral processions that do not show half the solemnity that prevails where a week ago the bars were open and the liquor flowing. Some of them look as though they had lost their last friend, while others, not so far gone, brighten rapidly, their faces now being to those of two weeks ago, only as the moon is to the fiery sun. We are glad to record these results; and if the improvement continues, the liquor law will be the most popular of laws, and the State Constables the most popular officers.

— Nitro Glycerine, in quantity, is stored in New York city. But it should *not* be in any city, for it is worse than gunpowder.

— An injunction has been issued to prevent the police from destroying nitro-glycerine in pursuance of the order of the Board of Supervisors.

MYSTERY.—"Mother," said a little fellow four years old, "if a man is a mister, ain't a woman a mystery?" The greatest mystery in the world to us, is that any one will buy any other Saleratus but Herrick Allen's Gold Medal. It cures dyspepsia, strengthens weak stomachs, saves your teeth from decaying, saves one-half the quantity of shortening, besides it takes so little of the Saleratus to do its work. Try it. Most Merchants sell it. Depot 112 Liberty street, New York. 77

WHICH IS THE

Leading Life Insurance Comp'y

IN THE UNITED STATES?

Which is the Safest and the Cheapest?

The following figures are from the later Reports of the New York Insurance Commissioner, showing the "amount of business" of the

MUTUAL BENEFIT

LIFE INSURANCE COMPANY,

to be the *largest*, the "expenses of management" the *smallest*, the "ratio of Assets to Liabilities," or the *security* furnished to its members, the *largest* of any like institution in the country.

Premiums received in 1864.....$2,089,072
" " " " 1865.....3,020,087
Ratio of expenses to premiums rec'd in '64...12.96
" " " " " '65...12.16
Ratio of assets to liabilities, Jan. 1, 1865....151.85

The inevitable conclusion from these official facts, is that the

MUTUAL BENEFIT LIFE

Insurance Company

IS THE BEST AND THE CHEAPEST.

Because its NET ASSETS are proportionably LARGER than those of any other Life Insurance Company in the United States.

Because its "Managing Expenses" are LESS, and it has a LARGER SURPLUS to divide among its members than any Company in the United States.

QUERY. Will some one inform the public of that mysterious process by which a Company with a surplus proportionably *much less*, and expenses *very much* larger than another, can yet divide *more* to its members, and insure them at *less cost?* How is it done? Where does the money come from?

Every intelligent man will see at once that it *cannot be done*. Yet we have Agents among us that make this their boast.

Any one disposed or intending to insure can be furnished with the requisite information by applying to

HENRY A. YEATON, Agent.
Portsmouth, March 27, 1866.—3mdaw

Special Notices.

IMPORTANCE OF HAVING DAVIS' PAIN KILLER ALWAYS ON HAND.

Wonderful Cure of the Rev. D. L. Brayton, Missionary in India, who was stung by a Scorpion.

Extract from his letter, published in the Baptist missionary Magazine:

"For the first time since I have been in India, I have been stung by a scorpion. I went out this morning to my exercises, as usual, at early dawn, and having occasion to use an old box, on taking off the cover I put my hand on a scorpion, which immediately resented the insult by thrusting its sting into the palm of my hand. The instantaneous and severe pain which darted through the system is quite incredible; what an awfully virulent poison their sting must contain! I FLEW TO MY BOTTLE OF DAVIS' PAIN KILLER, and found it to be true to its name; after a moment's relief, I saturated a small piece of sponge, bound it on my hand, and went about my exercises, feeling no more particular inconvenience.

ap1—ly eow

Perry's Moth and Freckle Lotion.

☞ Chloasma, or Mothpatch, (also called Liver-spot, and Leotige, or Leopard spots) are often very annoying, particularly to ladies of light complexion, for the discolored spots show more plainly on the face of a blonde than of a brunette; but they greatly mar the beauty of either and any preparation that will effectually remove them, *without injuring the texture or color of the skin*, is certainly a desideratum. DR. B. C. PERRY, who has made diseases of the skin a speciality, has discovered a remedy for these discolorations, which is at once prompt, infallible and harmless.

Prepared by B. C. PERRY, Dermatologist, No. 49 Bond Street, New York, and for sale by all druggists; price $2 per bottle. Call for PERRY'S MOTH & FRECKLE LOTION.

Sold by all Druggists in Portsmouth and elsewhere. lysnda—oct19

ROOT! ROOT! ROOT!

READ! READ! READ!

New Molasses.

New crop MOLASSES just received and for sale by F10 A. A. PAYNE.

Important.

DR. STEVENS, No 5 Daniel Street, would give notice that he has reduced the price of Permanent Sets of ARTIFICIAL TEETH on the Vulcanite Base, to that charged for them before the war.

He would also give notice that he is doing a new style of work for Under Sets of Teeth, called the CORRIGATION BASE (Gold and Vulcanite) which produces by far the finest work offered to the public. The price is something in advance of that charged for the Vulcanite alone, but the strength, durability, ease of bearing, and beauty of finish obtained by it, more than double the value of the Teeth. mh12

GEORGE F. WEED,

S-u-r-g-e-o-n D-e-n-t-i-s-t.

FIRST ASSISTANT in the Office of Dr. STEVENS, No. 5 DANIEL STREET.

DR. WEED can be found at his place of business at all hours of the day and night, for the performance of any of the operations that come within the call of his profession.

Dr. A. P. STEVENS, No. 5 Daniel St., makes the saving of NATURAL teeth and painful front teeth, a speciality in his business. He also successfully restores to their natural shape broken or badly decayed teeth, building out corners and sides with PURE GOLD. (In many cases teeth so restored are as strong as any of their brother members, and in all cases are rendered eminently useful for a long series of years.) DISEASED TEETH, in all stages, treated, and in a very large majority of cases entire success attained.

Charges for such operations necessarily high, but nothing in comparison to the value of the Teeth. mh14

Special Notices.

Rebel Colors Destroyed!

When nature or time has planted on the human head such colors as rebel against every idea of comliness, replace them with those glorious and exquisite black and brown tinges everywhere deemed the

STANDARDS OF BEAUTY,

which are produced in five minutes without injuring the fibres or staining the scalp, by

A Household Necessity exists for the Use of Durne's Catarrh Snuff.

Which, in the first stages of a cold, acts like magic—Headache, Hoarseness, Diptheria, and Bronchitis, Sore Eyes, Deafness, Bad Taste and Smell, being the result of Catarrh. This snuff removes and prevents all these, and insures a healthy Head. Its effects are pleasant and safe, even for infants who suffer from snuffles.

It has the highest professional testimonials.—Sold by all Druggists, or sent by mail to all parts of U. S., for 50 cts. for one Box, or $1 for four Boxes. Address

JAS. DURNO,

P. O. Box 1235, New York.

Wholesale, by D. BARNES & CO., 21 Park Row, New York. spndAWlymy28

BRANDRETH'S PILLS. COSTIVENESS, DIARRHEA.—They are taken up by the absorbents, and carried into the circulation, through which medium they are conveyed to every part of the body.

If the pain affects the joints, a single dose produces remarkable benefit. And the same rule applies to costiveness, diarrhea and dysentery; though with the last named they may be required night and morning for some days before decided relief is obtained. In affections of the lungs, throat, head and pleurisy, the relief is certain; the excretory organs throw off with ease the phlegm, and the breathing becomes freer. Spasmodic asthma is often cured by a single dose. mch28dawlm

A Cough, Cold, or Sore Throat

REQUIRES IMMEDIATE ATTENTION AND SHOULD BE CHECKED. IF ALLOWED TO CONTINUE,

Irritation of the Lungs, a Permanent Throat Affection, or an Incurable Lung Disease,

IS OFTEN THE RESULT.

BROWN'S BRONCHIAL TROCHES

HAVING A DIRECT INFLUENCE TO THE PARTS GIVE IMMEDIATE RELIEF.

For Bronchitis, Asthma, Catarrh, Consumptive and Throat Diseases,

TROCHES ARE USED WITH ALWAYS GOOD SUCCESS.

SINGERS AND PUBLIC SPEAKERS

will find *Troches* useful in clearing the voice when taken before Singing or Speaking, and relieving the throat after an unusual exertion of the vocal organs. The *Troches* are recommended and prescribed by Physicians, and have had testimonials from eminent men throughout the country. Being an article of true merit, and having *proved* their efficacy by a test of many years, each year finds them in new localities in various parts of the world, and the *Troches* are universally pronounced better than other articles.

OBTAIN only "BROWN'S BRONCHIAL TROCHES" and do not take any of the *Worthless Imitations* that may be offered.

Sold everywhere in the United States, and in Foreign Countries, at 35 cts. per box. sndaw6m

J. W. HANSCOM.

Portsmouth, April 2, 1866.

Stencils! Stencils!

—AT—

THOMPSON BROTHERS,

No. 8 Daniel Street (Up Stairs.)

Having formed a business connection with one of the first houses in Boston, we are now ready to fill all orders for the various kinds of Stenciling—Letter Cutting and Die Sinking, Cancelling Ribbon Presses (with Die), Embossing Seal Presses, Steel Stamps for Wood, Iron, &c.; Burning Brands; Stencils for marking Boxes, Bales, &c.; Stencil Alphabets, in sets or single letter; Stencils for marking clothing, in Old English, Writing, Italic and Roman.

STENCIL PASTE for marking boxes, barrels, &c., in Black and Fancy Colors.

Call and examine specimens.

☞ We are also Wholesale Agents for the sale of the National Ink Co.'s warranted WRITING INK, a very superior article; does not corrode the pen nor clog.

☞ Also, Agents for the Patent Gong DOOR BELL, one of which may be seen and examined in working order at the above Number.

GEO W. THOMPSON.
HENRY G. THOMPSON.

Portsmouth March 20

Local.

IN BOARD OF ALDERMEN, Thursday, the subject of completing the culvert at the Creek was referred to Ald. Ayers and Wilson with power to complete the same.

Leave was granted under the direction of Com. on Streets, to John H. Ferguson to encumber sidewalk in Vaughan street for repairs.

The use of the Common Council Room was granted to the Odd Fellows on Monday, Tuesday and Friday evenings during the month of May.

The subject of purchasing a gravel lot for Dist. No. 3, was referred to the Mayor with power to act.

Petition of John Chase and others for gas light in Elm St., was referred to the Com. on Gas Lights.

Petition of Chas. H. Mendum and others to have the fence straightened on Middle street between land of Mendum and Downs, was referred to Com. on Streets.

The special Com. to whom was referred a communication from the Chairman of the Board of Health reported that the drain leading from Madison St. should be cleaned out, and the Com. on Streets were given power to act on the recommendation of the Committee.

A message was received from the Common Council, stating that they had non-concurred in the amendments to an ordinance relating to hotels, billiard rooms, saloons, &c.

Voted, that the Board of Aldermen adhere to their amendments to said bill, and ask for a Committee of conference; and Ald. Foster and Hodgdon were appointed as a Committee on behalf of the Aldermen.

A message was received that the Common Council had agreed to Committee of conference and had appointed on their part Messrs. Kimball, Locke and Gardiner.

Leave was granted to John P. Lyman and others for a cross walk in Market St., to be laid under the direction of the street commissioner.

The Com. on School Houses, having reported that the yard and fences of Hanover Street School House are in bad condition—the yard needing to be graded, fences repaired, and trees and shrubs removed, the same committee were authorized to order the necessary improvements.

The Com. on Bills on 2d Reading reported the bill entitled "an ordinance to amend an ordinance to prevent unlawful and injurious practices in the streets of this city," with an amendment, which was adopted and the bill passed. The same Committee reported the bill raising the pay of the Firemen to $15, in a new draft. A motion to indefinitely postpone the bill was lost—yeas 2 nays 4. Adjourned.

IN COMMON COUNCIL the bill which had passed the Board of Aldermen entitled "an ordinance to amend an ordinance to prevent unlawful and injurious practices in the streets of this city," and the Appropriation Bill for the present year, were referred to Com. on Bills on 2d Reading.

☞ The programme for Mr. Barnabee's concert will be found in our advertising columns, and is composed of the choicest selections. Of Mr. Barnabee and Miss Adams we need not speak, as they are appreciated here, and Miss. Cary's reputation as a singer has preceded her. Our advice is, to get your tickets in season, and so avoid delay at the door.

☞ There will be a lecture by the pastor, at the Universalist Church, to-morrow (Sunday) evening, at 7 1-2 o'clock. Subject—"John the Baptist, or the The Reformer." As many persons have expressed regrets that they did not know a collection, in behalf of the City Mission, was to be taken up at the last lecture in this church, the boxes will be passed again, that all who desire to contribute to this noble charity may do so. This lecture will probably be the last of the course this spring.

MISSING.—Mr. Daniel Sherburne left the store of Wm. Downs at a late hour on Saturday evening, 14th inst., and rode as far as the head of Salter street with Mr. Brackett. Leaving Mr. B. at that point, nothing has been seen or heard of him since, and it is feared he must have walked overboard and been drowned, his wooden leg rendering him in a measure helpless in the water. It will be remembered that on the same night Mr. Gove was drowned at Pier Wharf.

☞ According to a correspondent of the Biddeford Union, within five years twenty-one new vessels have been built at this Navy Yaad; seventeen have been launched, including the New Hampshire, ship-of-the-line; and twenty old vessels have been repaired; white the carpenter work on this Yard has been performed for about a dollar less per day than in any other government yard.

☞ Mr. Wendell sells room papers, furniture, &c., this morning, at auction.

At the Navy Yard, steam engines and manure are offered.

Betton & Co. have their regular Saturday sale.

CY FAX don't state Fax (or facts).

INQUIRER.

☞ There was another false alarm of fire, about 8 o'clock last evening.

WEATHER AT THE NORTH WEST.—A letter from Mackinaw, of March 28th, says that the ice is from twenty to twenty-four inches thick there, and firm and solid as it has been at any time during the winter. The mercury stood at five below zero on the morning of March 27th. A correspondent at Saut St. Mary says that with thirteen years' residence he has never experienced so severe a winter as the one just closed.

☞ British steamer European, of the W. I. & Pacific line, has just been blown up at Aspinwall, by *nitro-glycerine*. 46 persons killed, 17 wounded, the freight depot shattered, and other damage done.

— Steamer State of Maine was on the rocks at Eastern Point, Thursday night, making what seemed a small leak—but on starting from New London for New York, the water came in too fast, and her passengers and their baggage were transferred to the steamer Old Colony.

— It is said our Government at Washington forbids the transportation of nitro-glycerine in any passenger ship or steamer after May 1.

— President Roberts of the Fenians says that they have had their last meeting prior to striking a blow against the English power.

— Julia Dean Hayne has been playing in Salt Lake City.

— The Empress Eugenie will be forty years old in May.

GOLD, Friday, 127.

☞ TO THE LADIES. ☜

GEO. H. REED & CO.'S

Liquid Dyes,

Patented October 17, 1865.

WILL NOT FREEZE.

The constant demand we have had for LIQUID DYES has induced us to put up a complete line of

40 Shades, all Liquids,

which will recommend themselves to every one who has ever used Liquid *Dyes, for*

Brilliancy of Color,
Simplicity of Use,
Certainty of Satisfaction,
Economy of Time,
Freedom from all Dust or Dirt.

Mordant and Dyes *combined in one Preparation.*

The only Dyes of the kind ever invented for Silk, Woolen and Feathers that will give a perfect color requiring only 5 to 30 minutes, according to shade.

Full directions for use, and Certificates from eminent Chemists, with each package.

Samples actually dyed with each of the colors on silk and woolen, may be seen and the *Dyes* obtained at all stores, for 25 cents.

☞ If you desire to insure *SATISFACTORY* COLORS, in the shortest time, with the least trouble, inquire for **Reed's Liquid Dyes**, and *take no other, as they are the only Reliable Colors.*

Morning Chronicle.

☞ A St. Louis correspondent of the Boston Herald tells the following story:

A ludicrous and significant incident occurred at one of Mr. Colton's laughing gas exhibitions last week. A young gentleman while under the influence of the intoxicating atmosphere, after having expressed himself on the subjects uppermost in his mind, burst out as follows: "I am a rebel soldier, have been in the rebel army, and fought at Vicksburg and Port Hudson, and would like to do it again; but now Andy Johnson is my man, By ——, he's the man for me." The audience enjoyed the fellow's enthusiasm, but he seemed rather sheepish when his friends told him that he had "let the cat out of the bag."

It is significant indeed: it is a mirror in which every conservative might see a traitor.

—Marie Amelie, ex Queen of the French, was buried beneath the Catholic church of Wybridge, England, on the 3d of April. She was buried in the gown she wore when she left France an exile and in the cap she wore as a widow, in accordance with a solemn request by her, as indicating the two guiding principles of her life—devotion to her husband and love for her adopted country, France.

HALLET, DAVIS & CO.,
No. 272 Washington St., Boston,
—MANUFACTURERS OF—
First Premium Piano-Fortes,
SQUARE, OVERSTRUNG, SEMI-GRAND AND GRAND.

☞ Every Instrument fully Warranted in all particulars, for five years.

Orders per mail or express promptly and carefully attended to; or filled by A. PEARSON, 20 Hanover St., or FRANK W. MILLER, at the Chronicle Office, our Agents in Portsmouth.

HIGHLY IMPORTANT
TO
UNFORTUNATE FEMALES!

DR. BRISCOE'S FEMALE DROPS are unsurpassed by virtue and efficacy in removing all complaints, of whatever nature, incident to female. He continues, with his usual success, to medically and surgically remove Obstructions, Engorgements, Leucorrhœa, Whites, General Debility, &c., and Suppressions of all kinds; also all complaints of the Lungs, Liver, Kidneys, Spleen, Bladder, &c.

His medicines will be sent to any part of the country by express or mail; addressed by a communication stating particulars, will receive prompt attention.

Office, No. 23 Endicott street.

Persons at a distance can consult Dr. BRISCOE, by letter, describing their disease, and have the medicines securely put up, and forwarded to any part of the United States, with full directions for use. Office arranged with separate apartments, so that patients see none but the Doctor himself.

Address DR. BRISCOE, at No. 23 Endicott St., Boston, Mass., stating symptoms. All communications are confidential.

Patients furnished with rooms and board if desired, and secrecy observed in every case.

Office hours from 9 A. M. to 9 P. M.

Boston, July 16, 1865. ThSly

DR. M. BRISCOE still continues his successful treatment of all Private Diseases and also Female Complaints, at his old established office, No. 23 Endicott street.

N. B.—The sick and afflicted will do well to give him a call. A short consultation will cost you nothing, but a word of friendly advice may save you years of suffering.

P. S.—Ladies who wish to stay in the city under my care a few days, can be furnished with kind nurses. Charges moderate.

DUTCHESS NURSERIES
POUGHKEEPSIE, NEW YORK,
FERRIS & CATWOOD, Proprietors.

We call the attention of our customers and the public to our stock of GRAPE VINES, which is larger than ever before. Having had over twenty years' experience in the management of Vineyards and the propagation of Vines, and our present stock having been grown from bearing wood only, with constant care during the seasons, we think they will compare favorably with any others that are offered for sale.

Our stock of MONTGOMERY VINES is very large. This variety not being generally known, we will give a brief description: White, a seedling of the White Chasselas, an unpublished grower and bearer; clusters often weighing two pounds, with a mild subacid flavor. It is classed with the hardy grapes, and is perfect in vigor as we do all other varieties in this part of the State.

Our stock of the various kinds of EVERGREEN and DECIDUOUS TREES is very large, and is offered at moderate price; and at very low rates by the quantity, to those who are laying out and improving their places, cemeteries, or public grounds, and to nurserymen. We challenge competition.

Grape Vines.

"DELAWARE"—Grown in open border. No. 1, one year old, 20 cents each, $25 per 100; No. 2, ditto, 25 cents each, $20 per 100; No. 3, ditto, 20c each, $10 per hundred; well grown vines in pots 25c each, $15 and $20 per 100.

"MONTGOMERY"—No. 1, one year old in border, very strong plants, many equal to two years' growth, 31 each, $20 per 100; No. 2, one year old, good plants, 75c each, $65 per 100.

"REBECCA"—No. 1, one year old in pots, 30c each, $25 per hundred; No. 2, ditto, 20c each, $20 per hundred.

"ALLEN'S HYBRID"—3 years old, $1.50 each; 1 year old, 50c to 75c each, $40 per hundred.

"CUYAHOGA"—No. 1, two years, 75c each, $35 per hundred; No. 2, ditto, 50c each, $15 per hundred.

"CREVELLING"—No. 1, in open borders, 50c each, $40 per hundred; No. 2, ditto, 40c each, $30 per hundred; No. 3, ditto, 30c each, $20 per hundred.

"ROGERS' HYBRID"—Nos. 3, 9, 15, 33—50c and 75c each; two years old, $1 to $1.50 each.

"UNION VILLAGE"—No. 1, in open border, 50c each, $35 per hundred; No. 2, in pots (strong) 40c each, $30 per hundred.

"IONA and ADIRONDAC"—One year old, from eyes, No. 1, $1 to $1.50 each; No. 2, 75c to 90c each; No. 3, 50c each mch20

NEW ADVERTISEMENTS.

GET THE BEST.

Webster's Unabridged Dictionary.

NEW ILLUSTRATED EDITION.

Thoroughly revised and much enlarged. Over 3,000 Fine Engravings. Is a well-nigh indispensable requisite for every intelligent family.

It contains 10,000 WORDS and MEANINGS not found in other dictionaries.

It is now believed to be by far the most complete, useful and satisfactory Dictionary of language ever published, as it is by far the largest single volume ever issued in any language.

The possession of any other English dictionary, or any previous edition of this, cannot compensate for the want of this very full and complete one. In its recent perfected state it must long remain the BEST ENGLISH DEFINING DICTIONARY, and once possessed, remains of constant and abiding value.

What book, beside the Bible, so indispensable as a good Dictionary?

In one vol. of 1,840 Royal Quarto Pages.

Published by G. & C. MERRIAM, Springfield, Ms.

SOLD BY ALL BOOKSELLERS.

CHEROKEE PILLS,
Or Female Regulator,

Cure *Suppressed, Excessive and Painful Menstruation, Green Sickness, Nervous and Spinal Affections, Pains in the Back, Sick-Headache, Giddiness*, and all diseases that spring from irregularity, by removing the cause and all the effects that arise from it. They are perfectly safe in all cases, *except when forbidden by directions*, and are easy to administer, as they are sugar coated. They should be in the hands of every Maiden, Wife, and Mother in the land.

Ladies can address us in perfect confidence, and state their complaints in full, as we treat all Female Complaints, and prepare Medicines suitable for all diseases to which they are subject.—Thirty-two page pamphlet, in a sealed envelope, free.

The Cherokee Pills are sold by all druggists at $1 per box, or six boxes for $5; or they are sent by mail, free of postage, on receipt of money, or letter, from observation, by addressing the sole proprietor,

Dr. W. R. MERWIN, 37 Walker St., N. Y.

N. B.—Cherokee Pills No. 2 are prepared for *special cases*, when milder medicines fail; these are sent by mail, free of postage, on receipt of $5, *the price of each box.*

DR. WRIGHT'S
REJUVENATING ELIXIR,
Or, Essence of Life,

Cures *General Debility, Weakness, Hysteria in Females, Palpitation of the Heart and all Nervous Diseases.* It restores new life and vigor to the aged, causing the hot blood of youth to course the veins, restoring the *Organs of Generation, removing Impotency and new life*—*it does not stimulate. Debility, restoring Manliness are the system and and full vigor*, thus proving a perfect "*Elixir of Love*," removing *Sterility* and Barrenness in both sexes. To the young, middle-aged, and aged, there is greater boon than this "Elixir of Life." It gives a new lease of life, causing the weak and debilitated to have renewed strength and vigor, and the entire system to thrill with joy and pleasure.

Price, one bottle $3; three bottles $5; sent by express to any address.

Our medicines are sold and recommended by all respectable druggists in every part of the civilized globe; some unprincipled dealers, however, try to deceive their customers by selling cheap and worthless compounds in order to make money. Do not deceive—ask for these medicines and take no others. If the druggist does not keep them, write to us, and we will send them by express, carefully packed, free from observation. We will be pleased to receive letters with full statements in regard to any disease with which ladies or gentlemen are afflicted. Address all letters for medicines, pamphlets, or advice, to the sole proprietor,

Dr. W. R. MERWIN, 37 Walker St., N. Y.

Reputation Established!

One of the above large and splendid Steamships will leave Pier No. 42, North River, foot of Canal Street, New York, at 12 o'clock noon, on the 1st, 11th, and 21st of every month, (except when those dates fall on Sunday, and then on the preceding Saturday), for ASPINWALL, connecting with the Panama Railroad with one of the Company's Steamships from Panama for SAN FRANCISCO, touching at at SCAPULCO.

Departures of the first and 21st connect at Panama with Steamers for the SOUTH PACIFIC and CENTRAL AMERICAN PORTS. Those of the 11th touch at SAN BLAZIAN.

A discount of ONE-QUARTER from Steamers' rates allowed to second cabin and steerage passengers with families. Also, an allowance of ONE QUARTER on through rates to clergymen and their families, and school-teachers; soldiers returning home on furlough, HALF FARE.

One Hundred Pounds Baggage allowed each adult. Baggage-masters accompany baggage through, and attend to ladies and children without male protectors. Baggage received on the dock the day before sailing, from steamboats, railroads, and passengers who prefer to send down early.

An experienced surgeon on board. Medicine and attendance free.

For Passage Tickets or further information, apply at the Company's ticket office, on the Wharf, FOOT OF CANAL STREET, NORTH RIVER, NEW YORK.

VINELAND
FARM AND FRUIT LANDS,

In a mild and healthful climate. Thirty miles south of Philadelphia by Railroad; in latitude nearly the same line of latitude as Baltimore, Md.

The soil is rich and *productive*, varying from a clay to a sandy loam, suitable for Wheat, Grass Corn, Tobacco, Fruit and Vegetables. This is a *great fruit country.* Five hundred Vineyards and Orchards have been planted out by experienced fruit-growers. Grapes, Peaches, Pears, &c., produce immense profits. Vineland is already one of the most beautiful places in the United States. The entire territory, consisting of fifty square miles of land, is laid out upon a general system of improvements. The land is only sold to actual settlers with provision for a speedy improvement. The place, on account of its great beauty, as well as other advantages, has become *the resort of people of taste.* It has already attracted people within the past three years. Churches, Stores, Schools, Academies, Societies of Art and Literature, and other elements of refinement and culture have been introduced. Hundreds of people are constantly settling. Hundreds of new houses are being constructed. Price of farm land, twenty acres lots and upward, $25 per acre. Five and ten acre and Village lots for sale.

Fruits and Vegetables ripen earlier in this district than in any other locality north of Norfolk, Va. Improved places for sale.

Opening for all kinds of business. Lumber Manufactories, Foundries, Stores and the like; and Steam Power, with room, can be rented.

For persons who desire mild winters, a healthful climate, and a good soil, in a country almost fully improved, abounding in fruits, and possessing all other social privileges, in the heart of civilization, it is world's Paradise.

Letters answered, and the Vineland Rural, a paper giving full information, and containing Reports of Solon Robinson, sent to applicants.

Address CHAS. K. LANDIS, Vineland P. O., Landis Township, New Jersey.

From Report of Solon Robinson, Agricultural Editor of The Tribune: *It is one of the most extensive fruit tracts, in an almost level position and suitable condition for pleasant farming that we know of this side of the Western Prairies.* n1—daw6m

The Chronicle.

THE JAMAICA ATROCITIES.—The Commission sent to Jamaica by the British Government has brought to light much startling evidence of the fiendish passion with which the English officials in Jamaica hunted the unfortunate blacks during the recent troubles, and also of their inhuman treatment of Mr. Gordon. One Col. Hobbs handed to the Commission the following document from the Deputy Adjutant General, to shew that he was incited to excessive bloodshed by those in authority over him:

"OCTOBER 18, 11 A. M.
